An elementary school or elementary school teacher may compile and provide to an elementary school student's parent a suggested list of supplies for use during the regular school day so that a parent may furnish, only on a voluntary basis, the listed supplies for student use; and, shall ensure that the list described above includes the following language before identifying the supplies:

Approval and Notice of Student Fees and Waivers

Annual Adoption of Fee Policies and Fee Schedule

The Board of Directors will annually adopt fee policies and a fee schedule, and provide the fee schedule to each student and parent in accordance with Utah Code §53G-7-505.

Adoption and Notification of the Fee Schedule

For the fee schedule, the Board of Directors will take the following actions:

- Before approving the fee schedule, provide at least two opportunities for the public to comment on the proposed fee schedule;
- Encourage public participation in the development of the fee schedule; and,
- Approve the fee schedule in a regularly scheduled public meeting.
- The fee schedule will include the following:
 - A specific amount for each fee on the fee schedule;
 - A clear and easy to understand delineation of each fee and the fee total for each activity, class, or program, if a student is responsible for multiple fees related to one activity, class, or program;
 - The school's waiver policy, including an easily understandable statement informing a parent that a student:
 - May be eligible to have one or more fees waived; and
 - May appeal the school's decision if the school denies a request for a fee waiver; and,
 - A corresponding spending plan for each fee.
 - The school will publish the fee schedule on the school's website; and,
 - Clearly identify in the school's registration materials any fee for each activity, course, or program alongside the description of the activity, course, or program.

Fee Waivers

General Information

In accordance with Utah Code §53G-7-504, the school ensures that a fee waiver or other provisions in lieu of a fee waiver are available to any student whose family is unable to pay a fee. A fee waiver is a full release from the requirement to pay a fee. If a student is eligible for a fee waiver, all fees will be waived, including in those courses, programs, or activities that are optional.

Fees or Fines Not Eligible for Waivers

- Charges for class rings, yearbooks, school pictures, letter jackets, and similar items are not fees and will not be waived.
- If a student loses or damages school property, the costs of replacement or repair are not fees and will not be waived.
- Fee waivers do not apply to concurrent enrollment courses, advanced placement exams, or other portions of fees related specifically to college or post-secondary grades or credit.

Student Eligibility for Fee Waivers

A student is eligible for a fee waiver if:

- The student's family receives TANG, FEP, or SNAP funding;
- The student receives SSI;
- The student qualifies for McKinney-Vento Homeless Assistance Act assistance;
- The student is in foster care through the Division of Family Services;
- The student is in state custody; or,
- The student is eligible based on family/household income (which match those of free lunch eligibility).

Fee Waiver Application Process

The school provides notice of the procedure for obtaining a fee waiver to all parents at registration, upon enrollment, and again in a dedicated email sent to parents at the start of the school year. A student/family wishing to apply for a fee waiver will provide documentation of fee waiver eligibility as part of the application process. Forms for obtaining a fee waiver are available digitally on the USBE and the school's website, and in hard copy at the school's Front Office.

- A student/family will submit the Fee Waiver Application to the Executive Director;
- The Executive Director is the designated officer at the school who receives requests for fee waivers, grants fee waivers, and receives appeals of decisions concerning fee waivers;
- Once the documents have been submitted to the school, the fee requirement will be suspended until a final decision has been reached about the student's eligibility for fee waivers;
- The Executive Director shall manage the process for obtaining a fee waiver or pursuing a provision in lieu of a fee waiver fairly, objectively, without delay, and in a manner that avoids stigma, embarrassment, undue attention, and unreasonable burdens on students and parents;
- The Executive Director will keep confidential all aspects of the fee waiver process including the application for a fee waiver, decisions about a fee waiver, an appeal of a decision, and a decision on appeal;

- All documents provided to the Executive Director to support a request for a fee waiver will either be returned to the requesting family or student or, if a copy of an original, will be destroyed. No supporting documents related to a family's income or status in federal or state programs that qualify students for a fee waiver will be kept at the school after a decision about a fee waiver has been made;
- The Executive Director will document waivers given each fiscal year at the school;
- If the application is denied, the school will send a "Decision and Appeal Form." The form will explain why the application was denied and how to appeal the decision.
- If an appeal for a denial of fee waivers is submitted, all fees will be suspended until the appeal has been decided.

Additional Considerations in the Fee Waiver Process

- The school may grant a fee waiver to a student, on a case-by-case basis, who does not qualify for a fee waiver, but who, because of extenuating circumstances, is not reasonably capable of paying the fee;
- The school may charge a proportional share of a fee or a reduced fee if circumstances change for a student or family so that the fee waiver eligibility no longer exists;
- The school may retroactively waive fees if eligibility can be determined to have existed before the date of the fee waiver application;
- When considering fee waivers, the school will not subject a family to unreasonable demands for requalification of fee waiver status.

Confidentiality

Student information regarding fees, fee waivers, and related is confidential and cannot be disclosed to anyone lacking both a right and need to know the information, regardless of whether a student has paid fees, donations, and contributions or not; or has applied for, received, or been denied waivers.

- The Executive Director will include administrative staff on a need-to-know basis about fee waivers granted so that students are not embarrassed, targeted, or in any other way singled-out in the process of applying for or obtaining a fee waiver, or in appealing a decision about a fee waiver;
- Any staff member who receives information about fee waivers on a need-to-know basis will ensure that this information is kept confidential and that the information is handled in such a way as to ensure that a student is not embarrassed, targeted, or in any other way singled-out in the process of applying for or obtaining a fee waiver, or in appealing a decision about a fee waiver;

- The school may not treat a student receiving a fee waiver or provision in lieu of a fee waiver differently from other students;
- The school will ensure that this process does not produce visible indicators that could lead to the identification of fee waiver applicants;
- Throughout the fee waiver process, the school will comply with the privacy requirements of The Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g (FERPA);
- The school will ensure that a fee waiver or other provision in lieu of a fee payment is available to any student whose parent cannot pay a fee;
- The school will ensure that no student is involved in the collection of fees or assists in the fee waiver approval process.

Alternatives to Fee Waivers

The school may provide a variety of alternatives for a student or family to satisfy a fee requirement, including, but not limited to, allowing a student to provide:

- Tutorial assistance to other students;
- Assistance before or after school to teachers and other school personnel on school-related matters; and,
- General community or home service;
- Similar alternative efforts that support or improve the school community.

Donations

Because school funds are limited, a school may ask for tax-deductible donations of school supplies, equipment, and money. However, these donations are requests and not requirements. With the consent of the donor, the school may give appropriate recognition to any person or organization making a major donation or contribution to the school.

Limitations on Enforcement of Fees

The school and school staff cannot withhold, reduce, or enhance grades or credit, or withhold grades, class schedules, credit, report cards, transcripts, or diplomas to enforce the payment of fees.
