Councilmember: Ron Cundick

Councilmember: Danielle Stirling

Councilmember: Michelle Peot

Town Planner: Scott Messel

a. Village Commercial

Town Council spoke about the budget.

Councilmember Stirling asked about the Cemetery and where the money is going for the plots that were sold.

Discussion on getting that information to her for that question.

Councilmember Peot brought up utilizing the RAP tax so that we can use the grant money for a group project for the museum and the cemetery. RAP tax and exploring the program as a potential funding source for memorial historical purposes related to the cemetery, aligning with tourism initiatives. This could involve the museum as a joint project.

Mayor Hoster: Discussion of the road to nowhere, that it needs to be redone because as soon as there are homes up there, people will be driving on it and because no one has driven on it, it needs to be repaired. Mayor Hoster said Councilmember Furley will be looking into the cost and what needs to be done for that to happen.

Discussion on public safety funding the sheriff's office. Explaining the legal justification for the need to give money to the sheriff's office, that Leeds is identified as significantly impacted areas for gang activity. The message was that we need help to keep the towns safe and give what they can to help with the activity. The mayor will reach out to the Deputy to get more details on the activity in the area.

Moving into the expense. Wreaths Across America funding, and the 4th of July event, beautification projects are the CCC camp doors, and other possibilities that are up there. The mayor spoke on the areas of the park that need to be repaired because of safety issues. The mayor asked the council to submit their points and requests to the deputy clerk.

Adjournment: 7:00pm

Approved this 25th Day of June 2025.

Bill Hoster, Mayor
