## MINUTES OF THE STUDY SESSION – JUNE 17, 2025

The Board of Education of the Alpine School District met in a study session on Tuesday, June 17, 2025, at 4:00 PM. The study session took place in the boardroom at the Alpine School District office.

Board members present: Board President Julie E. King, Vice Presidents Stacy M. Bateman and Emily B. Peterson, Sarah L. Beeson, Dr. Mark J. Clement, Joylin Lincoln, and Ada S. Wilson.

Also present: Superintendent Dr. Shane J. Farnsworth, Business Administrator Jason Sundberg, and members of the administrative staff. There were 25 others in attendance.

### 1. Annual Health Report and Assurances

Jessica Benson, Content Specialist for Health & PE, presented the annual health report. She shared that a committee comprised of a board member, curriculum director, school nurse, parents, and a teacher met on April 17<sup>th</sup> for the policy assurances meeting. The new secondary items approved were videos regarding healthy boundaries as a part of the Health I and II curriculum. The health science and CTE teacher requirements include USBE and ASD training every three years, and Botvin training and curriculum. All health teachers must be endorsed or on an associate endorsement and all health/health science teachers must use items from the approved materials list.

### 2. FY26 Tentative Budget

Bea Twede, Director of Budgets, reviewed the FY26 Budget Book. She explained that the enrollment projections that are presented in October are the beginning point for the following year's budget. The FY26 Budget Book is available on the business services page of the Alpine District website.

Jason Sundberg, Business Administrator, clarified that as a part of the 2025 Utah State Legislative Session, SB188 includes a provision that Alpine School District will allocate \$60 per student to each of the new divided districts in January 2026 and January 2027 based on the most current October 1st headcount. The projection for the January 2026 allocation is approximately \$5 million. The budgeted allocation is shown throughout the report as part of the District Administration expenses in the General Fund. Jason also discussed the revenue and debt services and the Truth in Taxation option. The business team's recommendation was an increase of four increments which would show as a 7% increase on the Truth in Taxation notice. However, the debt service rate will decrease by three increments and the net to homeowners would be one increment. This would stabilize the tax rate through the split and would setup the new school boards with a revenue source. The county will need to be notified by Monday if the school board chooses to go through Truth in Taxation on August 5<sup>th</sup>.

3. The Middle & High School Boundary Adjustments for the Wild Flower Development in Saratoga Springs

Eric Woodhouse, Executive Director of Operations and Derek Farnes, Director of Operational Analytics, reviewed the two boundary options and the feedback received from patrons. Option A aligns the middle and high school boundaries with the elementary boundary change made last year. Option B keeps the secondary boundaries as they are currently. The recommendation from the operations team is Option A. This option would keep the Black Ridge community together and the future growth of the Wild Flower area would be better accommodated at Sage Canyon Middle and Cedar Valley High because of the schools' lower enrollment. Board President Julie King acknowledged it is a longer distance to Cedar Valley High and bussing will be available. **Julie King made the motion to adopt Option A for the Wild Flower secondary school boundary, Joylin Lincoln seconded it, and the motion passed unanimously.**

4. The Elementary & Secondary School Boundary Adjustments for the Inverness Development in Lehi

The two boundary options for the elementary, middle, and high school students in the Inverness Development were reviewed, along with the feedback from patrons. The public feedback addressed concerns about proximity to schools because Inverness is closer to Lehi. Derek Farnes explained that there are additional plans for homes beyond 2029 and Inverness will be too large to be absorbed into one elementary school. To keep the pure feeders together, the secondary boundary line has also been adjusted. There is a natural break between the development of plots B and D, which is where the boundary line is drawn. The recommendation from the operations team is Option A. **Stacy Bateman made the motion to adopt Option A for the Inverness boundary and it was seconded by Sarah Beeson.** Board Member Bateman acknowledged this is a solution for the next few years and that a larger boundary study needs to be completed for all of Lehi. **The board voted and the motion to adopt Option A passed unanimously.**

The board voted and the motion passed unanimously.**

4. Policy 5250 - Electronic Communication & Devices

**Superintendent Farnsworth recommended approval of Policy 5250. Kraig Brinkerhoff explained that this policy is in response to changes in state law. The state gave a base for what the restrictions can be and the district can add to them if they choose to do so. We adopted what the legislation said and we adjusted it based on grade level. We also made allowances for the individual schools to make changes with input from their SCCs. Any changes made by the schools cannot be looser than the policy. ## Transfer of Educators

### Statement of Policy

The Alpine School District Board of Education recognizes that educators may need to be moved by assignment, or may choose to be moved to other district schools. The Board delegates to the Human Resource Department, school level supervisors, and to each school's administration the responsibility for implementing the procedures of this policy.

### Definitions

- "Transfer" means the assignment of an educator to a different district location. This assignment may be voluntary on the part of the educator or involuntary.
- Layoff of specific program: A reassignment because a program or area is:
  - No longer funded by the state or federal agencies and for which no other source of funding is available.
  - Eliminated because of insufficient student enrollment based on district guidelines of teacher/student ratios and other appropriate statistical information.
  - Consolidated or discontinued.
- Part time assignments: When an employee's assignment is less than the regular full time contract.
- Priority list: A list of teachers in the district or at a school (depending on the change being considered) in which teachers are placed based on endorsement areas, personnel needs, seniority in the district, and the results of the employee's performance evaluation. This list will be used in making placement decisions. The list will be created after accounting for natural attrition (retirement, resignation, one year only contracts) at all schools involved.
- Reduction in force: The districtwide need to reduce the number of employees. (See policy 4135) Reductions at an individual school site or in a program shall not be construed as a reduction in force as those employees with ongoing contracts may be placed within the district (see Reassignment)
- Reassignment: In cases of boundary adjustments, school consolidations, school openings, and/or school closures, the placement of contracted employees within the district.

# Procedures

## 1. INVOLUNTARY TRANSFER OF EDUCATORS

- 1.1. No educator shall be transferred involuntarily without:
  - 1.1.1. Having met with the principal and, upon request, with the Human Resource Department to review the reasons for the transfer and receive the reasons in writing.
  - 1.1.2. The written reasons for the transfer, if applicable, will clearly identify deficiencies, available resources for improvement, and a recommended course of action to improve the educator's performance.
  - 1.1.3. Being given the opportunity for a discussion with the divisional supervisor regarding the transfer.
- 1.2. All involuntary transfers must receive final approval by the Superintendent or designee.
  - 1.2.1. The receiving school principal will be notified of the reasons the educator is being transferred.
  - 1.2.2. If an educator is involuntarily transferred for deficiencies, they will be placed on probationary status for the next school year.
  - 1.2.3. An involuntary transfer may be initiated by the district in response to concerns, controversy, or problems of significance at the school.
    - 1.2.3.1. A principal may not request an involuntary transfer unless the educator has been informed of the concern(s) and provided a written summary.

- 1.2.3.2. A single issue of significance may trigger an involuntary transfer.

## 2. ASSISTED TRANSFER OF EDUCATORS

- 2.1. An educator may complete an application to transfer within the district. The transfer request must be submitted to Human Resources by March 15th. The Human Resources Department shall prepare bulletins of known vacancies, which will occur for the following year. The Human Resources Department will post weekly on the district website the openings and an electronic copy will be sent to the association president's and the association offices upon request. After the bulletin is published, it is the responsibility of the teachers on the transfer list to contact the principal within the advertisement period to inquire about a specific position.
- 2.2. In the event an educator needs to be moved to another school due to an issue with their certification, endorsement, or other similar reason; the educator shall be assisted with the transfer by the Human Resource Department and the divisional supervisor. This teacher will not have a change in status regarding qualification as a career educator. In the event the educator is on provisional status, guidelines associated with moving from provisional to career status will be followed according to policy.
- 2.3. Teachers who have applied for a transfer by March 15 have the responsibility to make personal contact with the principal with the vacancy. Upon request by the teacher, an interview will be granted.
  - 2.3.1. Teachers interested in more than one opening in a school may only receive one interview for all applicable openings within that school.
  - 2.3.2. The Human Resource Office will exercise every available option in attempting to honor the voluntary transfer request.
  - 2.3.3. Teachers who have not made an application to the Human Resources Department for transfer by March 15 may still be considered for transfer up to August 1. However, principals are under no obligation to interview these teachers.
  - 2.3.4. In case of a district reconfiguration, additional consideration will be given to teachers with 20 or more years of contracted Alpine district experience based on their district hire date.

- 2.3.4.1. Educators whose position will be located in the newly created district could be transferred in accordance with the negotiated process of policy 4062.
  - 2.3.4.2. Transfers can only be honored if there are open positions. Teachers need to be placed on the transfer list by March 15
- 2.4. An educator must serve a minimum of two years in the school with an expectation of continued employment to be eligible for transfer to another school. Any exceptions must be approved by the appropriate divisional supervisor.

### 3. PROCEDURE FOR THE REASSIGNMENT OF EDUCATORS

- 3.1. When staffing will change, the association will be notified by the superintendent or designee of the plans and procedures prior to the implementation of those reassignment plans.
- 3.2. In the event that it becomes necessary to eliminate or reduce specific positions as a result of declining enrollments, boundary adjustments, layoff of a specific program, school consolidations, school openings, and/or closures, each contracted individual affected will be reassigned according to the following guidelines after accounting for natural attrition (retirement, resignation, one year only contracts):
  - 3.2.1. The individual will be placed in another position within the school for which they are qualified.
  - 3.2.2. The individual will be placed in another position within the District for which they are qualified.
- 3.3. The reassignment will be in accordance with the individual's order on the priority list and in terms of the provisions of this policy. An educator who does not have the proper certification cannot replace a professional educator who has the proper certification. Educators who do not have the proper certification will not be moved from secondary to elementary positions or from elementary to secondary positions.
- 3.4. The District is responsible for placing educators at schools within the District in comparable positions if possible. If there is no position available, the reduction would constitute a RIF and the RIF [policy \(4135\)](#) would be in effect rather than the transfer procedure.

Educators transferred will be given first option for any opening within their certification area in the school from which they were transferred provided that vacancy occurs prior to August 1st. This option shall be in effect only until August 1st of the year the educator was involuntarily transferred.

3.5. Educators hired between the reorganized school districts within one calendar year of July 1, 2027 (the allocation date for the reconfigured districts) retain their employment status. (UCA [53G-3-308](#))

- 1.4. The insurance coverage ends at the **end of the month in which the time the educator terminates the contract is terminated. The employee will pay their portion of the insurance premium for that month.** In cases where an educator has completed the contract year, the insurance shall remain in effect over the summer months until August 31.
- 1.5. Part-time contract educators may obtain the above cited insurance at a prorated cost.

- 5.1. The Board ~~further permits~~ ~~directs the school to establish~~ ~~more restrictive~~ guidelines to enforce reasonable rules relating to electronic communication ~~and entertainment~~ devices in public schools ~~including discipline and enforcement~~, so long as they are included in the school's handbook and posted on their website with annual communication to students and parents and do not violate UCA [53G-7-227](#). Rules established at each school may include, among other things:

of this policy.
- 5.1.2. For the avoidance of doubt, school-specific rules or guidelines may  
not prohibit a student from using an electronic communication  
device for the purposes listed in Section 2.1, but may establish  
parameters for such approved uses (for example, by establishing  
how electronic communication devices will be allowed in the event  
of a school-wide emergency or determining a process for students  
to access their electronic communication devices to use the SafeUT  
Crisis Line).
- 5.2. The school principal and leadership team are encouraged to involve  
teachers, staff, parents, students, and community members in establishing

## 7. COMMUNICATION WITH STUDENTS

7.1. Because not all students have access to a school-issued electronic device or personal electronic communication device, when a school is using electronic means to send communications to students, the school should also take care to ensure that students have non-electronic notification of and access to:

- 7.1.1. school activities and events, including:
  - 7.1.1.1. schedule changes;
  - 7.1.1.2. extracurricular activities; and
  - 7.1.1.3. sporting events; and
- 7.1.2. emergency response plans.
- 7.2. If the school provides each student with a school-issued electronic device, and the school-issued electronic device is capable of receiving electronic notification of and access to school activities and events as described in Section 5.1, then the school may provide electronic communications. If an emergency, unforeseen circumstance, or other incident arises and an LEA cannot reasonably provide timely non-electronic notification, the school should make its best effort to communicate essential information to all students through any means available.
- 7.3. The school may not require the use of a privately owned electronic device to complete course work. UCA 53G-4-402(22)

school service, program, or activity or cause an undue financial or administrative burden.

8.4. Examples of accommodation(s) requests include, but are not limited to:

- 8.4.1. auxiliary aids for communication, where available, such as; interpreters, readers and note-takers, audio enhancement devices, computer-aided communication devices, telecommunication devices (TDDs) or closed captioning, written materials, additional lighting, preferential seating, and audio recordings.
