

Small Expansion Application

Charter School Name: Bear River Charter School

Charter School Director: Peter Ehlen

Does this request meet the definition of a small expansion, as found in R277-550 and R277-552, which is: is for 50-100 students; would not necessitate a significant renovation; and is for no more than one additional grade?

☒ Yes ☐ No

Explanation from the charter school of justified need, as allowed by R277-552-6(4).

We have had significant success with our lower grades. We are planning to focus on our elementary school's success by adding a second class for each grade, but to do that one grade at a time. We anticipate that we would grow our enrollment size by approximately 20-25 per year. We currently only have one class per grade level. We opened a second Kindergarten class this year and had many more students apply. We see demand from the community for more student openings.
