

Kyla Topham
Council Department Report
August 2025

URC-

We received 14 bids that can be considered. The group is working on narrowing those down to the top 6 using the criteria in our solicitation documents. The testimony for part 2 of our application has been submitted, and third parties have the opportunity to submit their own testimony before the hearing date in December.

Plaza- I've been working on some interpretive signs with the group. Stay tuned for a ribbon cutting.

Community Development-

We recently received word that our submissions for the old jail and hilltop cemetery have been accepted to the National Register of Historic Places. Our next 2 Cent Event will be at the Plaza.

YAZ-

I've been attending these events this summer, and they have been so much fun! Thanks to Robyn for all of the energy she put into a much appreciated summer program!
