Regular Meeting

ITEM 1	Addam Brouillette - Preliminary plat approval.
<p>Planning Commission Member Bramwell welcomed all to the meeting. He then turned the time over to City Manager Barton for discussion relative to the True North Development preliminary plat.</p> <p>City Manager Barton presented the plat showing Phase 3, which includes 25 single family homes along either side of the proposed 50 North Street from 600 North, eastward to just beyond its planned intersection with 750 East. He noted there will be 12 homes on the south side of the street and 13 on the north side of the street.</p> <p>He said that staff was initially concerned with what appeared to be the termination of 750 East extending all the way to 300 North Street. However, Mr. Brouillette submitted a new concept plan showing the rationale behind the change in the road plan.</p> <p>Staff agreed with the updated concept plan with the items listed below:</p> <ul style="list-style-type: none">• Elimination of cul-de-sacs, which can be problematic for garbage collection, snowplows and emergency vehicles.	

- The new design maintains the integrity of through passage from Heritage Heights and Foothills Subdivisions northward to 300 North, but the circular section will calm traffic speeds.
- The new concept submitted by the developer shows the remaining undeveloped lands in the subdivision to include 59 lots for single-family homes, eliminating the discussion about multi-family housing in the area, which was a concern for many neighbors who attended the two public hearings dealing with the rezoning of the property.

City Manager Barton then said that staff recommends acceptance of the preliminary plat, with the addition of the updated concept plan to be added to the home and yard development concepts referenced in the Development agreement for future phases.

Planning Commission member Weiss stated that she was in favor of the new concept plan for safety purposes.

Planning Commission member Cox also approved of the new concept plan.

Some discussion ensued.
