

APPENDIX F

Coordinated Entry Process Participation Verification

The GRANTEE certifies that all Deeply Affordable Housing Funded units are required to participate in the local coordinated entry process. This includes coordinating with the Local Homeless Council by attending coordinated entry meetings and prioritizing applications referred through the applicable coordinated entry process.

The Department of Workforce Services, Office of Homeless Services (DWS-OHS) will verify the GRANTEE'S compliance with this requirement as part of project monitoring activities or as deemed applicable. Failure to comply may result in termination of the grant.
