To Roy Utah Admin <admin@royutah.gov>

Could you please have our comments read out loud at the Roy City Budget Public Hearing on Tuesday August 19, 2025?

To the Roy City Council members:

We would like to thank the Roy City Council members for all the hard work they have been doing over the last year to address the financial challenges that Roy City is currently facing.

We know that there is a big turn-over in the fire and police departments because other cities are able to offer better salaries and Cost of Living compensation. We know that every time we lose an employee it is very expensive to outfit the person hired to take their place. This is concerning. We want to live in a safe place and have good, experienced police officers and fire personnel. So, we feel it is critical that funding be increased to help alleviate this high-turnover problem.

We support the tax increases proposed by the council. We know they are working hard to figure out a way to maintain the services we need as a community as inexpensively as possible.

We also support the council in seeking ways to enlarge revenue needed to run the city and sustain the city services that we need.

Thank you for listening to our input.

Dennis and Robyn Barney
