## Board Report

### Jacque Wardle

### August 2025

**Tasha/Weight Room**- July was an exciting and successful month for our Kids' Camp! We were fully booked throughout the entire month, with 49 children enrolled in the full-day program and an additional 6 participating in the July half-day option.

A highlight of the month was Shark Week, where campers engaged in a variety of themed activities, including shark crafts, games, and a special visit from *Chomper the Shark*. This was a huge hit with the kids and added a memorable element to the week. We have continued offering our twice-monthly weight room orientations for 14–15-year-olds in July. These sessions are designed to introduce teens to proper equipment use, safety, and fitness fundamentals. This past month, 12 teens completed the orientation, gaining confidence and competence in the weight room environment.

**Amy/Fitness Classes**- Thanks to the kindness and support of our Land Fitness students, we successfully collected 378 pounds of food for our annual food drive. Last year we collected 200 pounds of food. The donations were up by more than 120 pounds from last year! All donations went to the Kearns Food Pantry. Every item donated makes a meaningful difference, and we are truly grateful to everyone who helped make this effort a success.

**Willie/Childcare**- July was a quiet month due to no extra programs for the summer. We will be getting ready for the preschool and the art classes to return. We had a parent donate costumes for the kids to play in, which has been a big hit. All the windows are painted for summer, and it is fun to watch all the patrons walk by gazing at the art.

**Jenn/Events Element Center** – **Element Center** – In July, the Utah Long Course State Championships rented out The Element Center from Wednesday to Saturday for two consecutive weeks. **Pavilion rentals** were fully booked every weekend in July, reflecting strong demand. Additionally, private pool party rentals were held nearly every Tuesday and Thursday throughout the month. **Concessions** – The Concessions team has been excellent this season, with minimal issues overall. They've handled increased daytime activity due to summer camps well, and weekends continue to stay busy. In July, our two candy vending machines generated \$1,795.04 in cash sales and \$1,970.01 in credit card sales. **Events** – Chompers Search – We hid seven mini Chomper sharks throughout our district for patrons to find. Each day, Karissa posted a new clue on our social media page hinting at Chomper's location. Patrons would search for Chomper, and the first person to find him would take a photo and share it on social media. They then turned in the shark at the front desk in exchange for a daily prize. On July 11th, we hosted our second *Movie at the Pool* event, featuring a screening of *Paddington in Peru*. In the south grass area, we set up an inflatable raceway where guests could build and race their own mini boats. The boats were made from pool noodles, foam sheets, and bamboo skewers. Approximately 100 people attended and enjoyed the evening.

**Jacque/Recreation-** We only had one contractor summer camp scheduled this season but ended up supporting Entheos, at the last minute, for a 2-week camp while their place was under construction. Up With Kid's summer camp was the camp that we hosted the last week of July. They had 72 kids enrolled for a week of learning parts for a performance plus lots of snacks, fun, and play. Due to the number of kids that attended, they used the Dance and Aerobics Rooms plus the waiting area in front of the Aerobics room and the concrete just outside in front of the 50-meter pool.

Trustee Howick asks Mr. Schmidt about the Board of Health regulations.

Chair Monson asked about committee reports – There were none.

Manager reports

Chair Monson stated they have written reports, but if any had questions for the managers they could ask them.

Chair Monson asked about the accident report, and if this many is typical in the summer months. Ms. Page state that it is typical.

Wade Wright asked several questions on the ChlorKings. There have been a few issues above and beyond what was anticipated as regular maintenance. Mr. Schmidt also mentioned the cost savings on chemicals. Mr. Schmidt stated we still super chlorinate between major holidays, before and after, and we still super chlorinate for health reasons.

Vice-Chair Howick asked about the Board of Health department inspection, Mr. Schmidt explained the inspection and what was discussed at that time. He also asked about the landscaping.

Chair Monson asked about the construction at the front entrance and if we had any complaints. Any complaints from the neighborhood with the Morning Breeze gate being open.

Trustee Wright asked about the mailer that was sent out the 10% off mailer. Ms. Frehse has been working with patrons to extend the promotion through July.

Mr. Schmidt discussed the Board of Health Regulations and their proposed changes. URPA has a subcommittee of aquatics professionals reviewing the proposed changes. It doesn't look like many things being proposed are going to really affect us.

Mr. Warren, the issue with one of the Chlorking tubing and by making it bigger may allow the fluid to flow better. He also discussed the landscaping project along with some quotes from the design in the packet. We are still waiting for other vendors to get multiple bids.
