VOA 08.21.2025 Policy Summary Sheet

Amending Electronic Device Policy

SB 178 from the 2025 legislative session prohibits students from using cellphones, smart watches, or emerging technologies at school during classroom hours unless:

- It is to respond to an imminent health or safety threat, to respond to a school-wide emergency, to use the SafeUT Crisis Line, for a student's IEP or Section 504 accommodation Plan, or to address a medical necessity; or
- The school establishes a policy that allows the students to use cellphones, smart watches, or emerging technologies during classroom hours.

The Electronic Device Policy has been revised primarily to address the exceptions noted above. Some of the major changes to the policy include not requiring students to completely turn off their devices and allowing them to keep them in their backpacks (as opposed to just their lockers). This should help ensure that personal devices can be accessed and used by students during some of the extenuating circumstances addressed in SB 178 (e.g., during school-wide emergencies, during imminent health or safety threats, etc.).

Amending Kindergarten Toilet Training Policy

HB 76 from the 2025 legislative session amended the toilet training requirement to apply to all students before enrolling in public school, not just kindergarten students. HB 76 also amended the exemption to this requirement, specifying that there should be an exemption from the requirement for a student who is not able to be toilet trained before enrolling "because of a condition that is subject to federal child find requirements or described in an IEP or Section 504 accommodation plan" (previously the law did not refer to child find requirements).

The Kindergarten Toilet Training Policy has been renamed the "Toilet Training Policy" and has been revised to apply to all students before they enroll. The revisions also contemplate the administration establishing administrative procedures to address steps the school must take in the event a student is not toilet trained. Such steps are no longer required to be in a policy. Updated administrative procedures have been drafted and will be finalized by administration when the state has completed changes to its toilet training rule (R277-631).

Amending Child Abuse and Neglect Reporting Policy

Proposed revisions to the school's Child Abuse and Neglect Reporting Policy have been made to bring the policy into better compliance with the law. Updated code sections have been inserted as well as language requiring that all abuse and neglect reports be documented in writing. Updated language has also been added to the school's Child Abuse and Neglect Reporting administrative procedures, including language with respect to new training requirements in this area required by HB 40 from the 2025 legislative

session (this bill added school personnel training requirements with respect to sexual

extortion).

Child Abuse and Neglect Reporting Policy

Purpose

Voyage Academy (the "School") takes seriously the legal responsibility of its personnel to protect the physical and psychological well-being of its students. School personnel play an important role in the elimination of child abuse and neglect due to the unique position they are in to observe children over extended periods of time on a daily basis.

Policy

School personnel shall report suspected child abuse and neglect in accordance with Utah Code § <u>80-2-602</u>, Utah Code § <u>53E-6-701</u>, and Utah Administrative Code Rule R277-401. The law provides serious penalties for failure to fulfill one's duty to report.

Whenever any School employee, contracted or temporary employee, or volunteer has reason to believe that a child is or has been the subject of abuse or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect, he/she shall immediately report the suspected abuse or neglect to the Division of Child and Family Services or to the nearest peace officer or law enforcement agency.

In addition, whenever any School employee, contracted or temporary employee, or volunteer has reasonable cause to believe that a student may have been physically or sexually abused by a School employee or volunteer, he/she shall immediately report that belief and all other relevant information to the Director. The Director, after having received such a report or otherwise having his/her own reasonable cause to believe that a student may have been physically or sexually abused by a School employee or volunteer, shall immediately report that information to the Utah State Board of Education.

All reports made regarding child abuse or neglect shall be documented in writing.

The Director shall establish administrative procedures and regular training that comply with the provisions of Utah Code § <u>80-2-602</u>, et seq., Utah Code § 53E-6-701, and Utah Administrative Code Rule R277-401 to help the School's personnel understand and fulfill their legal responsibilities concerning child abuse and neglect.

Deleted: Kindergarten Toilet Training Policy

Purpose Deleted: kindergarten The purpose of this policy is to establish the toilet training requirements for students at Voyage Academy (the "School"). **Definitions** "Toilet trained" means that a student can: (a) communicate the need to use the bathroom to an adult; (b) sit down on a toilet; (c) use the toilet without assistance; (d) undress and dress as necessary; and (e) tend to personal hygienic needs after toileting. If an accident occurs, a "toilet trained" child can independently tend to hygienic needs and change clothes. A student is not "toilet trained" if the student does not meet the criteria above or has accidents with sufficient frequency to impact the educational experience of the student or the student's peers, as Deleted: an LEA determined by the School. **Policy General Rule** Deleted: in kindergarten As required by Utah Code § 53G-7-203 and R277-631, the School shall not enroll a student unless the student is toilet trained. Exceptions The School may enroll a student who is not able to be toilet trained because of a suspected disability that: Deleted: , with the following exception: t (a) is subject to federal child find requirements; or **Deleted:** if the student's developmental delay is a result of a condition addressed by (b) is described in an IEP or Section 504 plan. Toilet Training Policy

Administrative Procedures

The Director shall establish administrative procedures regarding steps that School shall take in the event a student is not toilet trained.

Deleted: Enrolled Kindergarten Students Who Lack Toilet Training

In the event a kindergarten student is enrolled in the School and

lacks toilet training, the School shall:¶
(a)-consider whether the student's delay in toileting capability may be a sign of a disability that could impact the student's education, including initial evaluation consistent with the School's child find obligations, if appropriate; and ¶

(b) refer the student and the student's parents to a School social worker or School counselor, if any, and to the School's Director to:¶ (i) provide additional family supports and resources; and

(ii) create an individualized plan to address the student's needs.

Individualized Plan for Kindergarten Students Who Lack Toilet

The individualized plan referenced above may, as appropriate and at the Director's discretion, require an enrolled kindergarten student to either attend less than the student's regular school day or not attend any of the school day until the student is toilet

If the student is permitted to continue attending school as part of the student's individualized plan, the School may allow the student's parent or the parent's adult designee to toilet train the student during the school day. If the student is not permitted to continue attending school as part of the student's individualized plan, the School shall coordinate with the student's parents to reintegrate the student back into school, as appropriate, once the student has become toilet trained. Prior to reintegrating a student back into school under such circumstances, the School may require the student's parent to complete another assurance that the student is toilet trained.

If a parent of an enrolled kindergarten student who is not toilet $% \left(1\right) =\left(1\right) \left(1\right) \left$ trained is unwilling or unable to make or complete an individualized plan within a reasonable amount of time, or if an enrolled student who does not have an IEP or Section 504 plan addressing their developmental delay condition is otherwise unable to become toilet trained within a reasonable amount of time, the School may unenroll the student from the School.

Electronic Device Policy

Electronic devices have become a common means of communication and information access in today's society. However, these devices have the potential of disrupting the orderly operation of the school. Voyage Academy has therefore created this policy to govern the possession and use of electronic devices on school premises during school hours and during fieldwork.

Definition: For purposes of this policy_"Electronic Device" means privately owned wireless and/or portable electronic handheld equipment that includes, but is not limited to, cell phones, smart watches, tablets, virtual reality devices, walkie-talkies, handheld entertainment systems, CD players, compact DVD players, MP3 players, iPods ©, and any other communication technologies that can send/receive phone calls, text messages, or emails, or do any number of the previously mentioned functions. Electronic Device also includes any current or emerging wireless handheld technologies or portable information technology systems that can be used for word processing, wireless Internet access, image capture/recording, sound recording, and information transmitting/receiving/storing.

<u>Possession and Use</u>: Students at Voyage Academy may possess electronic devices at school subject to the following:

- Students may carry and possess electronic devices to and from school.
- Electronic devices must <u>not be used</u>, <u>must</u> be turned off <u>or set to a mode where notifications</u>
 cannot be received, and <u>must be</u> kept in lockers during school hours, with the following exception:
 students may wear a smart watch during school hours, but they may not have their smart watch on
 active mode during school hours. However, smart watches with video recording capabilities may
 not be worn during school hours, <u>must be turned off or set to a mode where notifications cannot be received</u>, and <u>must be kept in lockers during school hours</u>.
- Electronic devices may not be used on the playground during school hours or during fieldwork.
 One exception to this is that students may wear smart watches with no video recording capabilities on the playground during school hours and during fieldwork, but they may not have their smart watches on active mode during these times.
