

MIDVALLEY SEWER DISTRICT

NOTICE OF PUBLIC HEARING

Commercial Sewer Billing Methodology Change

Midvalley Sewer District will hold a **public hearing** to receive input and discuss a proposed change in the **billing methodology for commercial sewer customers**.

This proposed change will **not increase the sewer service rate** (\$33.80 per ERU remains unchanged) but will revise how commercial accounts are billed by using **indoor water consumption** to calculate **Equivalent Residential Units (ERUs)**. This methodology is an **industry-standard practice** used by many surrounding cities and sewer districts and is designed to promote fairness and accuracy in billing based on actual usage.

Public Hearing Details:

- **Date:** Wednesday, September 10, 2025
- **Time:** 6:00 PM
- **Location:** Midvalley Sewer District Office
160 East 7800 South
Midvale, Utah 84047

All interested people are invited to attend and provide comments or questions regarding the proposed change. Written comments may also be submitted in advance by email to **FrontOffice@MidvalleySewer.gov** or delivered to the District office.

For more information, please contact the District at **801-255-7321**.
