Current Updates

- Wildland Update

- It has been an active start to the fire season. We have seen an increase in fire activity across the State and the Wasatch Front
- With dry conditions and hotter-than-normal temperatures expected, we'd like to remind residents to remain vigilant in their efforts to prevent wildfires
- Reminder:
 - Stage 1 Fire Restrictions, remain in place (issued by Forestry, Fire and State Lands)
 - Limited impact within Millcreek borders, but good for residents to be aware of the restrictions should they travel on public lands

Utah Fire Info Website: <https://utah-fire-info-utahdnr.hub.arcgis.com/>

Monroe Canyon Fire: Southern Utah

Current Updates

- 24th Summary:
 - UFA upstaffed brush units at:
 - Station 112 Millcreek
 - Station 123 Herriman
 - Station 109 Kearns
 - Fire Inspectors on patrol across the valley
 - No significant incidents to report

Current Updates

- Low Acuity Unit:

- UFA is launching a pilot program for a Low Acuity Response Unit beginning August 1st
- Staffed by two experienced EMT's
- Responding to BLS non-life threatening incidents along with an Ambulance
- Goals:
 - Improve service efficiency
 - Ensure Heavy apparatus remain available for more critical incidents
- Hours of Operation: Monday - Thursday 0900-1900 hrs
- Unit will be assigned to Fire Station 101 in Millcreek
- Serve Millcreek, Holladay, and NE Taylorsville

Current Updates

- Added Fourth Battalion
 - UFA has increased from three to four battalions.
 - Millcreek resides entirely within Battalion 11(along with Holladay and Emigration)
 - This increase will place an additional BC on duty every day
 - It will decrease BC response times and provide a better span of control for each Chief (i.e. B11 went from 9 to 5 Stations)
- Reorganization of UFA Liaison Program
 - Assistant Chiefs moving out of direct Liaison roll
 - Each A/C now assigned five municipalities
 - Battalion Chiefs now have the chance to act as liaisons with the municipalities they serve.
- New UFA Liaison to Millcreek
 - Battalion Chief Jon Wilde

Willow Glen Fire

Wasatch Front Waste and Recycling District

Report for Millcreek City Council Meeting Monday, July 28, 2025

Our Vision: A sustainable, integrated organization that provides for the welfare of our communities.

Our Mission: Provide sustainable quality integrated waste and recycling collection services for the health and safety of our community...because not everything fits in the can.

Millcreek's Impact & Recycling Stream Quality

Diversion Rate – Keeping Material Out of the Landfill for Reuse

- **YTD Diversion Rate 2025:** 23% (Holding steady from 2024's 23% this time last year)

Millcreek's Contribution to District Services

- Total Customers 15,742
 - Represents 18% of District Customers

2025 YTD 30th Millcreek Tonnages:

- **8,830 Tons of Refuse**
 - 2024 YTD: 9,042 Tons of Refuse
- **1,561 Tons of Recycle**
 - 2024 YTD: 1,643 Tons of Recycle
- **825 Tons of Green Waste**
 - 2024 YTD: 807 Tons of Green Waste
 - 3,227 Green Waste Subscribers (increase of 127 customers from 2024)
- **209 tons of Glass Recycling**
 - 2024 YTD: 204 Tons of Glass Recycling
 - 828 Glass Recycling Subscribers (Decrease of 2 customers from 2024)

Population vs. Sustainability Impact

Millcreek's Clean Recycle Rate

- Contamination in the recycle stream has decreased since 2021
 - YTD Millcreek is the second cleanest recycle stream slightly behind Cottonwood Heights (a difference of 0.28%, a very small gap)
- **Cleaner Streams = Lower Processing Costs**
- Focus on education and addressing contamination at the Curb through driver participation
- Millcreek received **129** reports of contaminated cans (**8%** of district total)

Millcreek's Clean Recycle Rate

What's in the Bin?

Each month, we perform **Sample Sorts** for each municipality – hand-sorting a portion of the recycling load to identify and weigh different materials.

This allows us to estimate the **tonnage of each recycle commodity** by city. Using **EPA data**, we then calculate the **resources saved** through local recycling efforts.

RESOURCES SAVED

Through recycling and green waste efforts, Millcreek residents have helped keep valuable materials out of the landfill – giving them a second life and reducing the need for virgin resources in the production of new products.

YTD 2025 Millcreek Recycle Tonnage: 1,561 Ton

Commodity	Percentage of Load	Weight in Tonnage
OCC (Cardboard)	55.79 %	870.91
Mixed Paper	15.64 %	244.11
HDPE Natural	1.49 %	23.21
HDPE Color	1.12 %	17.51
PET	4.11 %	64.16
Aluminum	3.02 %	47.17
Tin	2.02 %	31.51
Mixed Plastic	3.09 %	48.23
Contamination	13.72 %	214.20

7.8 million
Gallons of Water
Enough water to provide daily usage to **260** people for an entire year.

18,955
Mature Trees
It is estimated that these trees could **2.8 Million** cardboard boxes

6,013
Megawatt- Hours of Electricity
Enough energy to supply **557** homes power for an entire year

3,107
Metric Tons of Greenhouse Gases
Equivalent to the amount produced by **675** individual cars for an entire year.

2,601
Cubic Yards of Landfill Space
Salt Lake Landfill Lifespan Estimate: ~ 50+ Years
Trans Jordan Landfill Lifespan Estimate ~ 8-10 Years

Seasonal Container Reservation Program (SCRP)

The 2025 SCRCP season marks the sixth year of the reservation program. With this model, we service between 9-11% of the homes in our cities and towns.

SCRCP services run mid-April through September:

- We started the season in Murray & Holladay and are moving clockwise throughout the District.
- Millcreek City delivery dates start on Thursday, August 28th and run through Friday, September 26th.

Reservations will open in phases:

- 1-Early-bird - Access for those on last year's cancellation waitlist who didn't receive a container
- 2-Early Access - for individuals who didn't participate in the program at all last year
- 3-General Reservations - for those who received a container last year, if availability remains.

2024 Millcreek SCRCP Stats

Millcreek City received 1,349 out of the 1,941 requested reservations during SCRCP services. We collected and hauled off 1,202 tons of bulky waste.

Succession Planning - Preparing WFWRD for the Next Chapter

The leadership team is preparing for the next chapter and a new General Manager to serve as Pam Roberts' successor.

The team has engaged with our leadership consultant, and we have held three planning workshops.

Our focus:

Mission, vision, services, our fees and strengthening our team with communication, accountability, and consistency.

A leadership retreat with our leadership consultant is next on August 14th.

Thank You!

Public Bodies 101

- How are the Community Councils “public bodies”
 - They are created (acknowledged) by ordinance.
 - The City establishes rules for an election that is outlined in statute.
 - Community Councils are given specific tasks, and are given specific districts to represent.
 - Community Councils provide formal land use recommendations and budget requests.

Open and Public Meeting Implications

- 24 Hour notice is required. Agendas must be posted on Millcreek Website and the Utah Public Notices website.
- Annual schedule must be provided.
- Agendas must be specific.
- Councils can only vote on items that are on the agenda.
- Written minutes must be kept.
- Meetings must be recorded.
- Bylaws must be adopted, and potentially approved by the City Council.

Open and Public Meeting Implications

- Community Council actions and meeting minutes would be subject to GRAMA.
- Ex parte communication prohibited.
- City would be required to add staff/public funds to accommodate Open and Public Meetings for Community Councils.

Open and Public Meeting Implications

- Liability to the Community Council and to the City.
 - Challenges to decisions, challenges to timeliness
- OPMA requirements would erode the independence of the Community Councils.

Salt Lake City Option – Recognized Community Organizations

- Must register with the city and adopt bylaws that have minimum standards.
- City provides notice for:
 - Zoning Code Text amendments
 - Transportation master plans, updates, and capital improvement projects.
 - Conditional Use applications
 - Historic Preservation applications
 - General Plan and Zoning Map Amendments.

Salt Lake City Option – Recognized Community Organizations

- SLC Planning creates online open houses for applications:

Proposed Project Overview

Salt Lake City has received the following applications from John Potter (representing the property owner): a Zoning Map Amendment and a Master Plan Amendment. The purpose of this request is to enable the redevelopment of property at 2111 South 1300 East with a hotel. The subject property sits on the northwestern corner of Sugar House Park and is .83 acres in size.

The proposed Zoning Map amendment would rezone the property from MU-3 to MU-11. Both MU zones are newly created zoning districts that were adopted by the City Council on July 7, 2025. To support the new zone, the applicant has also proposed to amend the land use within the Sugar House Community Master Plan from Mixed Use Low Intensity to Business District Mixed Use – Town Center Scale.

Petition Details

Project Location:
2111 South 1300 East

Application Type:
Master Plan Amendment & Zoning Map Amendment

Petition Number:
PLNPCM2025-00622 & PLNPCM2025-00624

Zoning District:
MU-3 (existing)
MU-11 (proposed)

Council District:
District 7, represented by Sarah Young

Submit a Comment

To submit a comment or question contact the staff planner via email or leave a voicemail. Responses will be provided within one week after the comment period closes.

Comment Period:
July 10 – August 26, 2025

Contact Info:
Amanda Roman, Urban Designer
amanda.roman@slc.gov
(801) 535-7660

Salt Lake City Option – Recognized Community Organizations

- SLC Planning creates online open houses for applications:

Review Project Materials

Vicinity Map

Project Narrative & Site Plan

What is the Role of the Planning Staff in this Process?

Planning Staff processes the application, communicates with the applicant to understand the project, and seeks input from the community.

Next Steps

Notice of this application has been sent to the Chair of the **Sugar House Community Council**, where the property is located, who may choose to schedule the matter at an upcoming meeting. Please contact the chair(s) of these organizations to determine whether a community council will review this petition and when and how that meeting will occur.

Sugar House Community Council: Landon Clark – minnesotaute76@gmail.com

Public Comment Period: July 10 – August 26, 2025

Notice has also been sent to property owners and residents within 300 feet of the project to obtain public input and comments on the proposal. Notified parties are given a 45-day period to respond before a public hearing with the Planning Commission can be scheduled.

During and following this comment period, the Planning Division will evaluate the proposal against the applicable standards, taking into consideration public comments as they relate to the standards, and develop a recommendation for the Planning Commission.

Public Hearings & Final Decisions

The Planning Commission will then hold a public hearing for additional public comments and make the final decision on the matter.

Salt Lake City Option – Recognized Community Organizations

- Less Formality = More Freedom.
 - City Staff may not show up to all meetings (overtime, burnout, etc.)
 - Community Councils could hold elections – or not?
 - Compositions could change and adapt.
 - Other organizations could become RCO's. It may not be limited to four community councils.
 - Community Councils / RCO's would still have an opportunity to make budget requests, following the 10-8-2 study process.

Salt Lake City Option – Recognized Community Organizations

- There are pros and cons to this approach.
 - Community Councils would still have time to present to public bodies, and would still provide a recommendation.
 - This could free up community council time to address other things.
 - Sugar House CC relies heavily on a land use subcommittee, for example.

Next Steps

- Staff has been given direction to consider changes in light of the Ombudsman Opinion.
- We want to include the community councils in these changes.
- Our goal is to ensure that the Community Councils still have an opportunity to make recommendations.
- Adopt Changes by December 2025.
