Dear School Board Members,

I would like to adjust my 25-26 TSSA plan to include funds to pay for .07 FTE to make up the difference to pay my special education teacher a total of .2 out of my budget and allow her to stay at my school for .7 total FTE. She is currently contracted to be .5 FTE at South Mesa and .5 FTE at Desert Canyons. This requires a change to my goal to include salary for a teacher. I will be changing her contract to .63 from my basic salary schedule and .07 from TSSA salaries. I would also like to add any other necessary certified staff to my plan.

Thank you for your consideration,

Ginny Nobis  
Principal, South Mesa Elementary
