I would like to make a recount of what happened after the last meeting regarding the Vinyard billing. If any part of this needs to be added to or corrected, please let me know.

Diane called me concerned that her numbers were not matching with the numbers presented by Jean to the board. She Did not realize at the time of the vote that the lowest tier for the billing period In question was one cent and not three cents as Presented by Jean. It was Diane's feeling that the Vinyard should be billed based on the rate at the time of the water usage. I personally spoke to Tony and Greg who agreed with this. I spoke to Jean personally, she disagreed.

Devon Snow from Washington County attorneys called me to recap the conversation he just had with Jean whom he said, reached out to her about the meeting minutes. Devon expressed that we could correct the error in the next meeting with a new vote and majority ruled.
