

As you know, we have an extremely high number of volleyball players this year. At yesterday's game we had 32 students on the bus! While this is exciting, it also brings more challenges. To make it work, we've extended practices to 2.5 hours (compared to 1.5 hours last year), and our game time has also increased 33%.

Given the additional workload, I wanted to ask if you would run it by Ronnie or the school board to consider adjusting volleyball pay to reflect 3 teams this year instead of the usual 2.

Please let me know if you have any questions.

The gym is only available until 7:00 each day, we squeeze as much practice time as we can using the resources we have. 36 players and 8 managers is a lot!

I wish I would have addressed this before the season began, my fault. Having cuts on the girls side would have made coaching life much easier!

Here is our current practice schedule. Thank you for your help.

4:45 to 5:00	Girls 1 & Girls 2 do stretching routine
5:00 to 5:15	Girls 1 goes outside to workout with Art Girls 2 practice net drills, rotations, serves
