VIRIDIAN FARM PUBLIC INFRASTRUCTURE DISTRICT NO. 1
2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

Services Provided

On September 20, 2023, the City Council of Salem City, Utah (the City), acting in its capacity as the creating authority for the Viridian Farm Public Infrastructure District No. 1 (the District) and Nos. 2-3 (District Nos. 2-3 and together with the District, the Districts), adopted a resolution creating the Districts. The Office of the Lieutenant Governor of the State of Utah issued a Certificate of Creation for the Districts on October 17, 2023, which was recorded in the real property records of the Utah County Recorder on November 20, 2023.

The District was established simultaneously with District Nos. 2-3 to provide financing for infrastructure improvements to facilitate development within the boundaries of the Districts. The District has the power to issue bonds for the purpose of paying all or part of the costs of acquiring, acquiring an interest in, improving, or extending certain public improvements, facilities, or property.

The District has no employees, and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Interest Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 3.5%.

Bond proceeds

The District issued Series 2024A Limited Tax General Obligation Bonds and Series 2024B Subordinate Limited Tax General Obligation Bonds on September 26, 2024.

Developer Advance

The District is in the development stage. As such, administrative expenditures may be funded by the Developer prior to the date in which revenues become available. Developer advances are recorded as revenue for budget purposes with an obligation for future repayment when the District is financially able to reimburse the Developer from bond proceeds and other legally available revenue.

Expenditures

Administrative Expenditures

Administrative and operations expenditures include the estimated services necessary to maintain the District's administrative viability such as legal, accounting, district management, insurance, and other administrative expenses.

The Senior Bonds bear interest at 5.875% payable semiannually on March 1 and September 1 and are subject to mandatory sinking fund redemption beginning March 1, 2030. The Senior Bonds mature on December 1, 2054.

The Subordinate Bonds bear interest at 8.375% payable annually on March 15 to the extent of available pledged revenues. The Subordinate Bonds are structured as cash flow bonds meaning that there are no scheduled payments of principal prior to the maturity date which is March 15, 2054.
