

A large American flag is positioned on the left side of the image, flying from a flagpole. The flag is set against a clear, bright blue sky. The stars and stripes are clearly visible, with the stars in the upper left corner and the stripes running horizontally across the rest of the flag.

City of
NORTH SALT LAKE

CITY COUNCIL
Work Session

September 16, 2025
6:00 p.m.

PARK STRIPS

WATER EFFICIENT LANDSCAPING-Pt.1

Regulations

Adopted June 2022-Weber Basin Flip the Strip Program Eligibility

Regulates:

- New Construction (Residential and Commercial)
- Property modifications of 5,000 sq. ft. or greater
- Plant Selection
 - Based on soil conditions-group similar water needs plant together
 - >25% cannot be sod
 - Park strips and areas less than 8' wide cannot be sod
 - Minimum plant bed size based on plant type 1-3'
 - Recommended Weber Basin Plant List

WATER EFFICIENT LANDSCAPING-Pt.1

Regulations

Tree Selection:

- Canopy trees for shading and screening tall objects
- Low growing trees under overhead utility lines
- Trees that can have lower branches trimmed
- Columnar trees near buildings
- Street trees selected from Community Forestry Code (Sept. 2019)
 - Tree type by
 - Area (east, west, town center)
 - Park strip width 3-5, 5-8, 8'+
- New trees irrigated by drip irrigation rings

WATER EFFICIENT LANDSCAPING-Pt.1

Regulations

Mulch:

- Angular or crushed rock
- Pea gravel prohibited in park strips
- Rock mulch compaction on +8% slope (bark & lava rock prohibited)
- Final grade below sidewalk

Turf Design:

- Drought tolerant
- Prohibited in areas less than 8' wide
- Prohibited in park strips or parking lot islands
- Prohibited on slopes 25%+
- 1 tree per 1,000 sq. ft. turf
- Limited to 25% of residential lot (6,500 sq. ft. max)
- Limited to 5% of commercial lot (5,000 sq. ft. max)

WATER EFFICIENT LANDSCAPING-Pt.1

Regulations

Park Strip Design:

- Plant height 22" in clear view areas, 36" otherwise
- 33% vegetation at maturity (3 years)
 - Small tree (50 sq. ft.)
 - Medium tree (75 sq. ft.)
 - Large tree (100 sq. ft.)
- No thorns, spines, sharp, etc.
- No gravel within 36" of tree unless irrigated
- Boulders setback from curb 24"
- Paving allowed only for 4' carriageways
- Retaining walls or planters only allowed as per development agreement or adopted standards and specifications

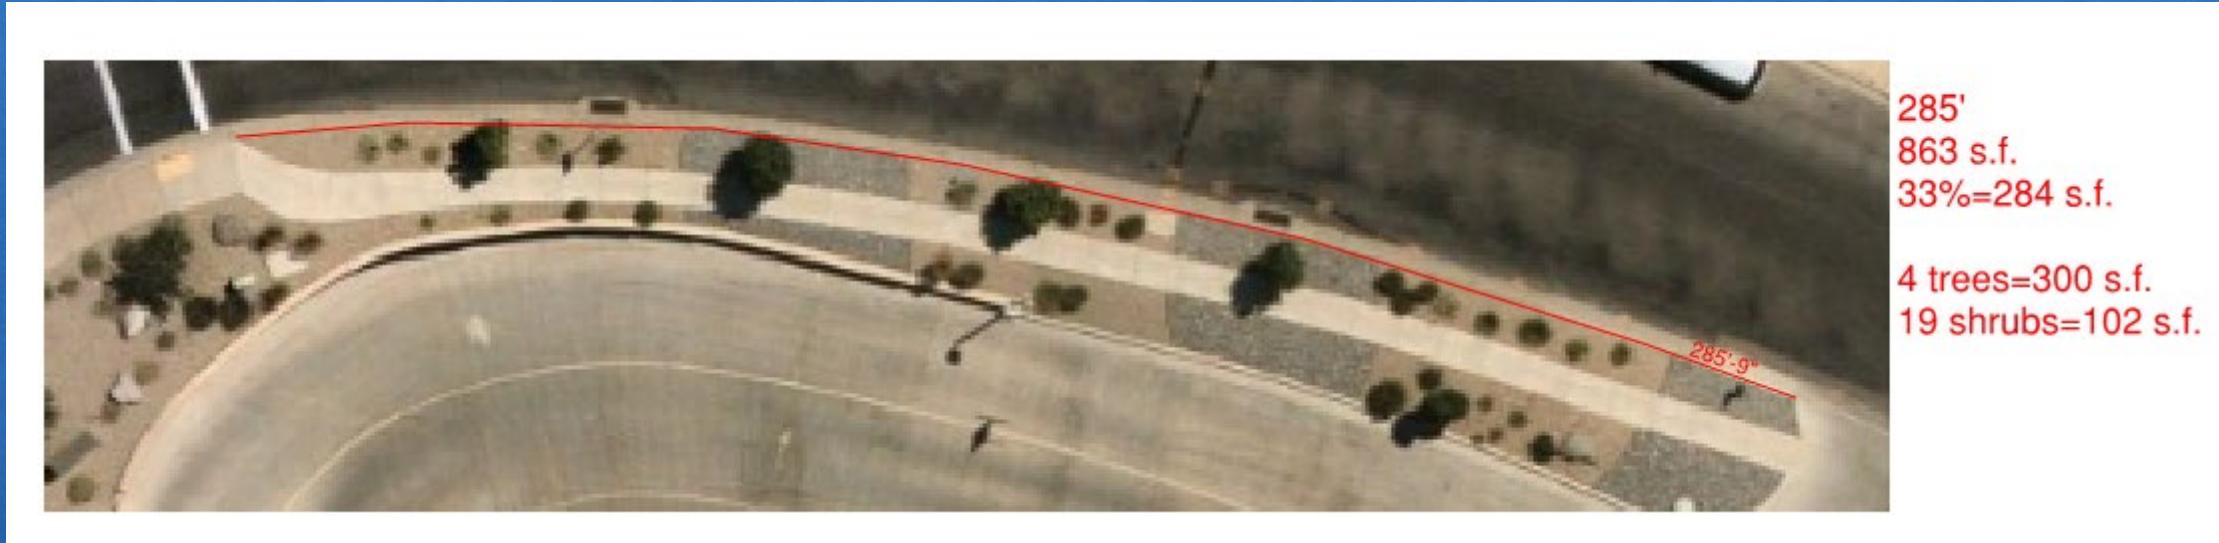

WATER EFFICIENT LANDSCAPING-Pt. 2

City Owned Properties

City Owned or maintained property & park strips adjacent to City owned property

- City Hall
- Foxboro/Cutler Roundabout
- Foxboro/Fox Hollow Roundabout
- Center Street/Valley View
- Lacey Way
- Orchard Dr/Sycamore Lane
- Parkway Drive
- Tunnel Springs

Example of Water Efficient Park Strip Design: Quick Quack on Orchard Drive

City Hall

Area A & B: 1,000 sq. ft.

33% vegetation=330 sq. ft.

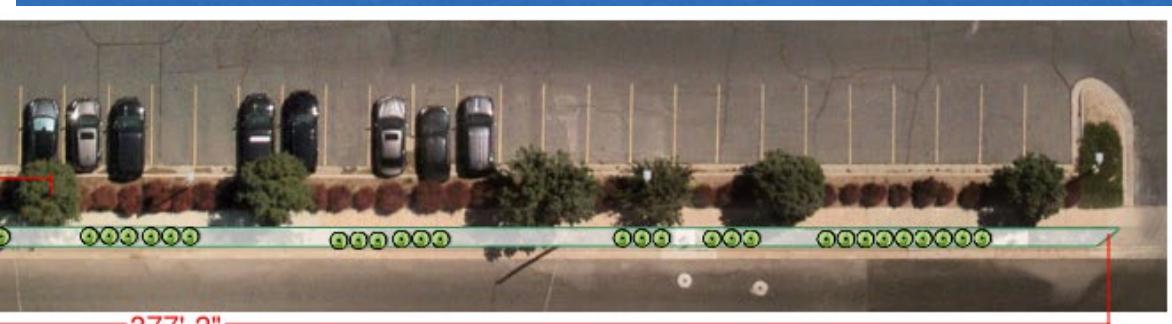

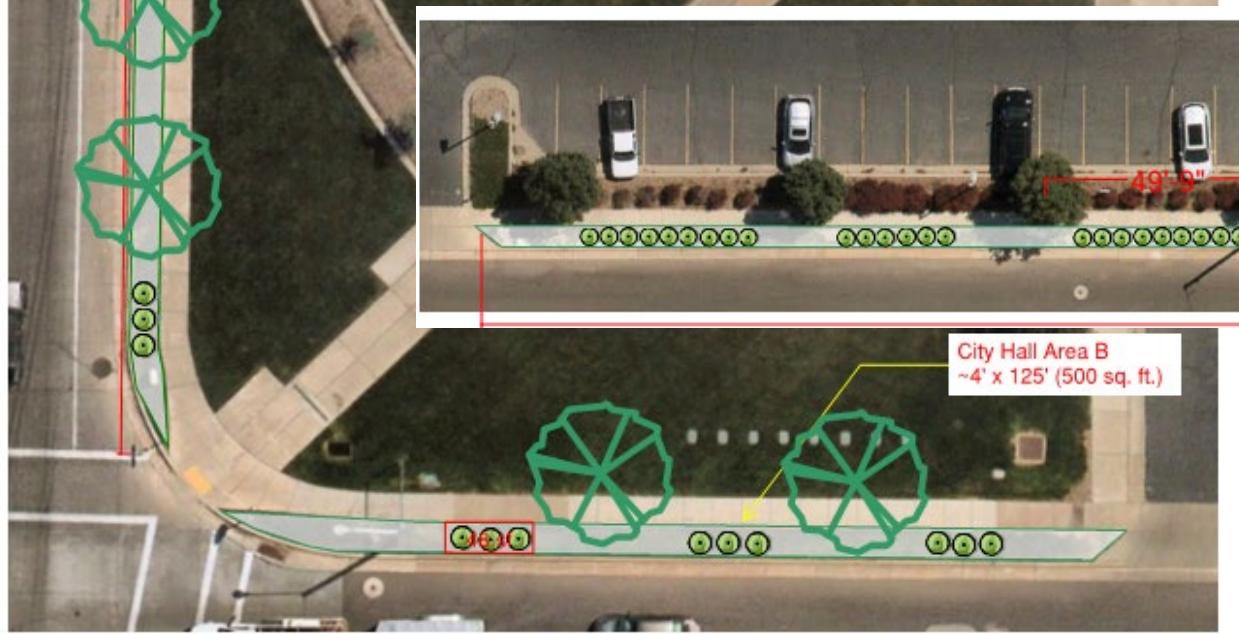

1 sm. tree=50 sq. ft.

3 shrub = 40 sq. ft.

Area C: 1,350 sq. ft.

33% vegetation=445 sq. ft.

1 shrub = 8 sq. ft.

70 Shrubs

5 Trees

40 tons of rocks

Foxboro/Cutler Roundabout

Area : 10,000 sq. ft.

Vegetation=13 existing trees
Rock mulch=176 tons

Foxboro/Fox Hollow Roundabout

Vegetation=existing trees

Roundabout Area: 7,850 sq. ft.

- Rock: 131 tons

Area A: 5,335 sq. ft.

- Rock: 89 tons

Area B: 13,399 sq. ft.

- Rock: 223 tons

Park Strips Area: 4,323 sq. ft.

- Rock: 77 tons

Center St/Valley View

Valley View Park Strips: 1,014 sq. ft.

Rock: 17 tons

Shrubs: 48

Area A: 5,335 sq. ft.

Rock: 89 tons

Existing Trees

New shrubs: 15

Area B: 5,574 sq. ft.

Rock: 93 tons

New Trees: 7

New Shrubs: 12

Lacey Way Park Strip

Area: 1,537 sq. ft.

Existing Street Trees

Rock: 26 tons

Orchard Drive/Sycamore

Area: 1,500 sq. ft.

Rock Mulch and Plant Material only

Shrubs: 11

Rock: 25 tons

Parkway Drive

Area: 400 sq. ft.

Rock Mulch and Plant Material only

Shrubs: 19

Rock: 7 tons

Tunnel Springs Park

Parking Lot: 2,280 sq. ft.

Rock: 38 tons

Trees: Existing

Area A: 8,771 sq. ft.

Rock: 146 tons

Trees: 7

Area B: 6,923 sq. ft.

Rock: 115 tons

New Trees: 7

Area C: 5,874 sq. ft.

Rock: 97 tons

New Trees: 8

ADJOURN

A large American flag is positioned on the left side of the image, flying from a flagpole. The flag is set against a clear, bright blue sky. The stars and stripes are clearly visible, with the stars in the upper left corner and the stripes running horizontally across the rest of the flag.

primary logo

The primary use and preferred application of the City of North Salt Lake logo includes the full text with the logo, and should be used in the majority of cases.

Two approved versions are available: stacked and wide.

Color variations must stay within specified colors in this guide.

Stacked

Wide

secondary logos

Secondary logos for the City of North Salt Lake provide flexibility, allowing the brand to maintain consistency and recognition across various applications, especially when space or context limits the use of the primary logo. Color variations must stay within specified colors in this guide.

Note: All logos shown in this branding guide may be used as black and white versions, or black or white transparent versions. Examples shown below.

wordmark options

Wordmark options may be used for incidentals and other elements of the City of North Salt Lake brand as needed.

Simplified logo variations reinforce brand recognition across different touchpoints including website favicons or product embellishments.

type specifications

The City's primary typeface is Aptos which includes sans serif and serif options. Sans serif should be used for headings and body text. Serif variations are approved for formal/ceremonial applications and select headings.

Where Aptos may be unavailable, use Arial (sans) and Times New Roman (serif) as fallbacks.

Revised Option

Proposed Motion

I move that the City Council authorize City staff to proceed with the proposed Eagleridge Drive Landscaping Improvement project using a design build method which includes the City Council awarding any future bids for project construction.

RESOLUTION 2025-44R

Amending the Adopted Standards
and Specification Manuals

STANDARDS & SPECIFICATIONS MANUALS

- City Council must officially adopt the engineering regulations and standards
- Regulations for construction of public improvements for City projects and work done by others (developers, individual property owners, utility companies, etc.)
- Existing manuals have been adopted for Streets (2022), Water (2020), Storm Water (2020) and Parks (2020)
- Updated manuals are proposed, which require a public hearing and formal adoption by City Council

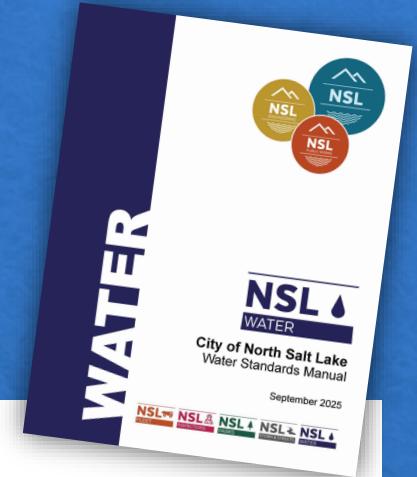

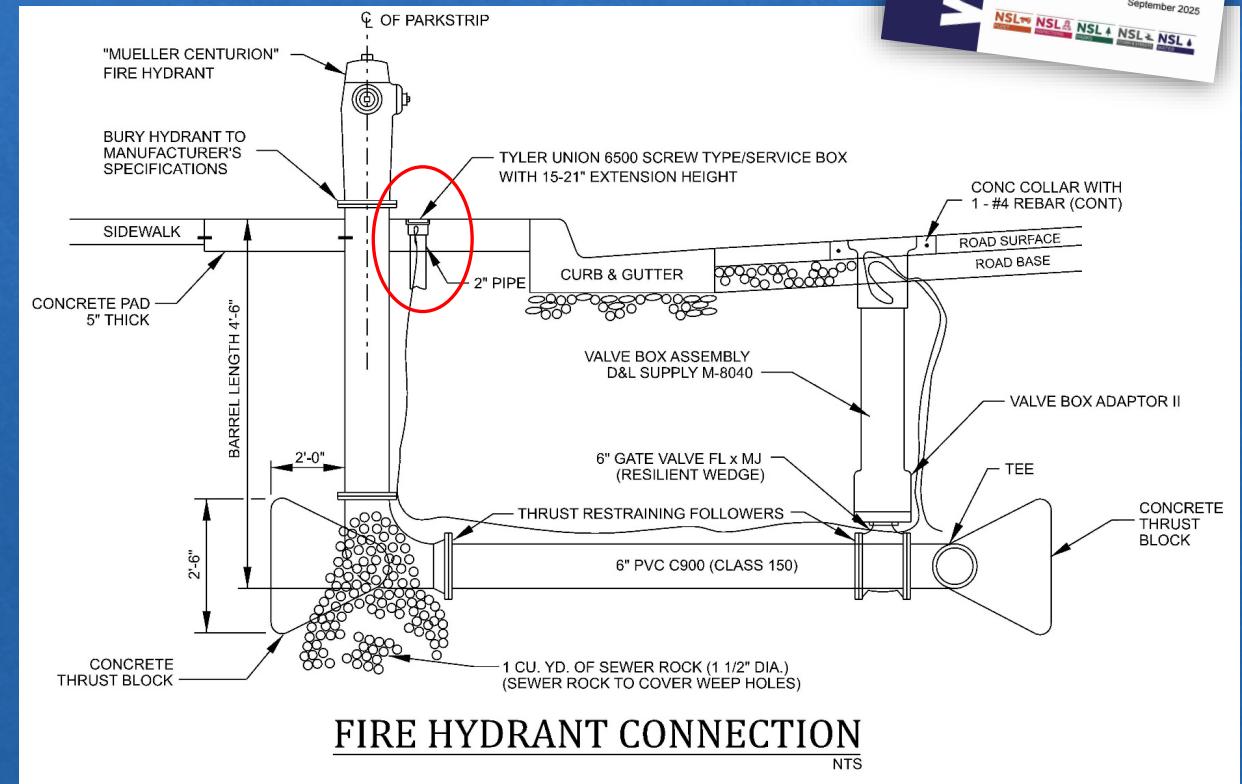

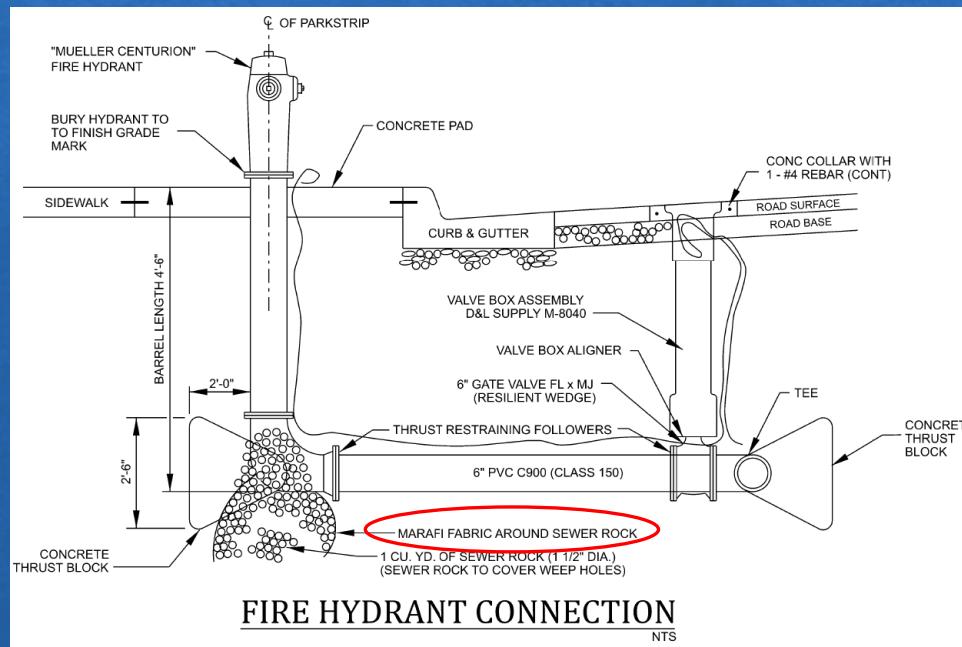

STANDARDS & SPECIFICATIONS MANUALS

- Regulations are based on widely accepted standards
- NSL standards are primarily based on American Public Works Association (APWA), Utah Chapter
- Additional information that has been customized to help clarify City-specific requirements
- Land use approvals must meet the adopted standards (new development, improvements to existing areas, redevelopment, etc.)

STANDARDS & SPECIFICATIONS MANUALS: Updates

- Product updates for manufacturer's model numbers
- Updates for contact information and website links
- Minor changes and improvements in standards

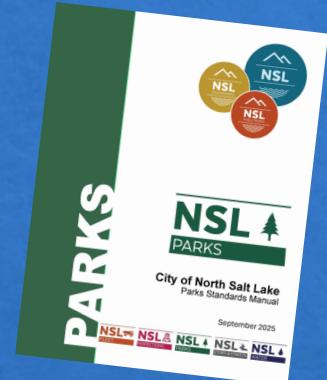

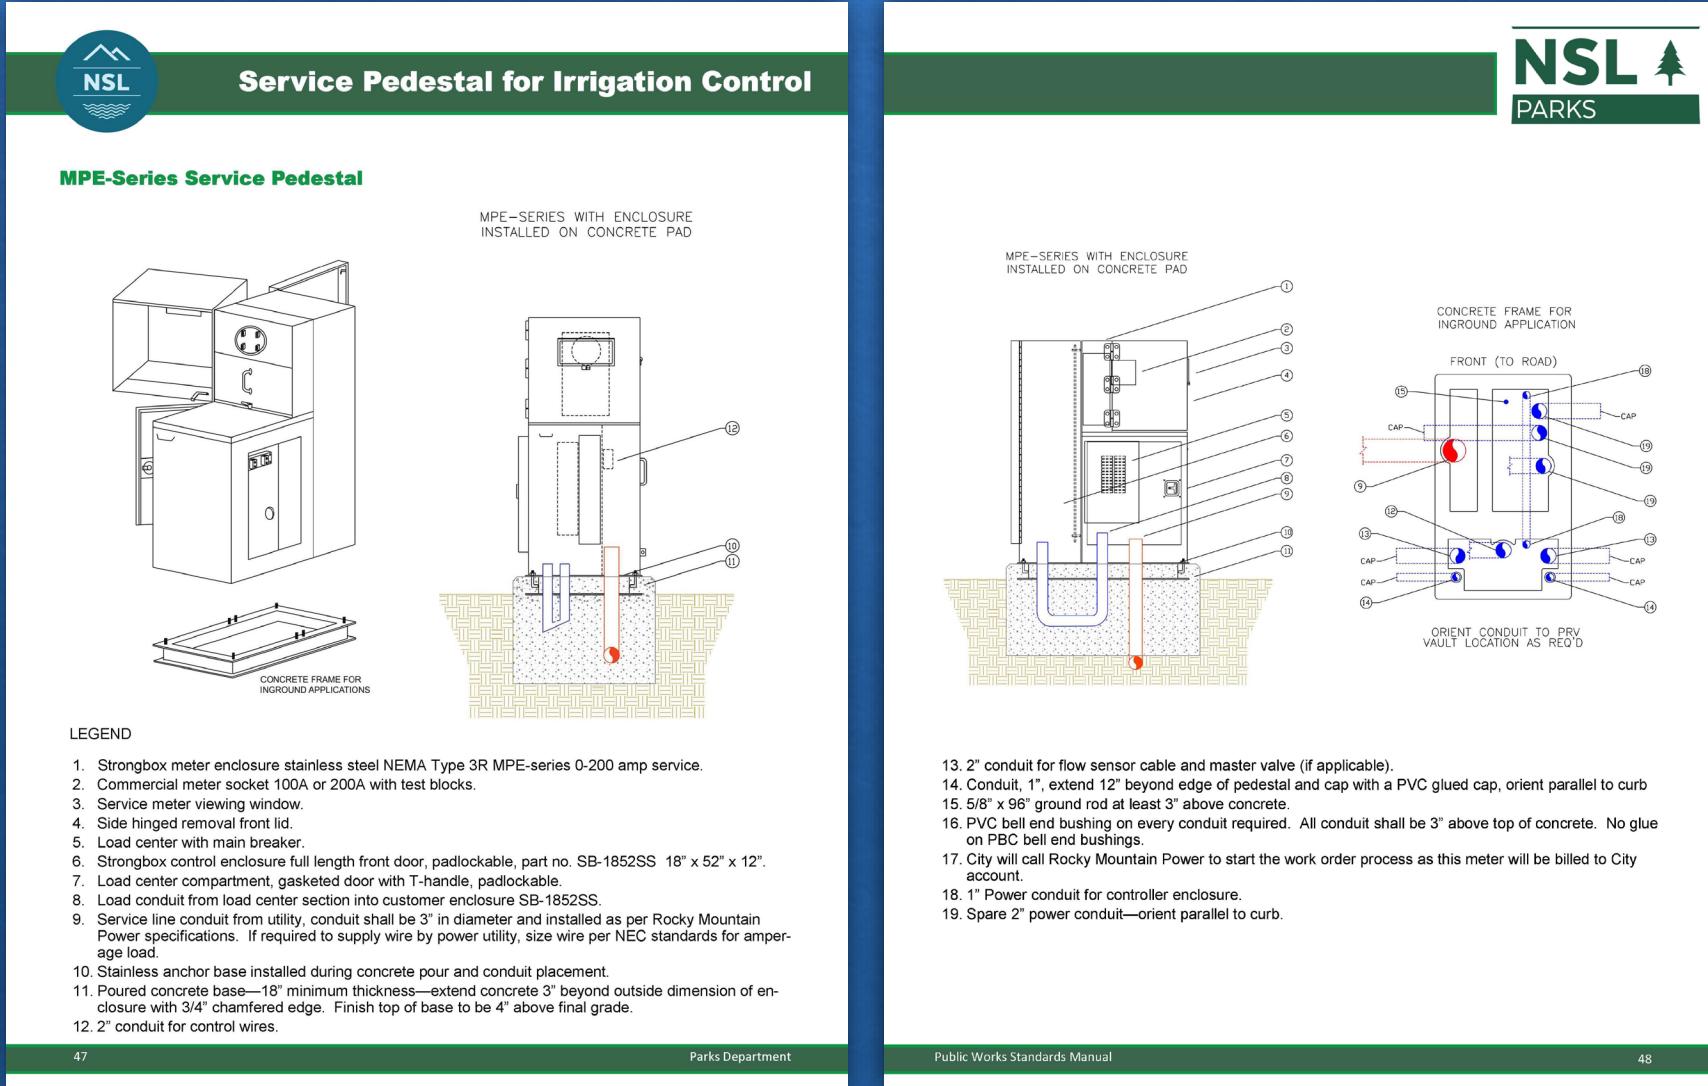

STANDARDS & SPECIFICATIONS MANUALS: Changes

- A. Inclusion of Meter Base and Timer Enclosure (Parks)
- B. Adoption of Whirlygig method for manhole collars (Streets & Storm)
- C. Inclusion of additional details for Street Light Standards (Streets)
- D. Adoption of using Adaptor II for water valve installations (Water)
- E. Water meter numbering for town house meter cans (Water)
- F. Changing secondary water services from double to single (Water)
- G. Addition of Service Pedestal for PRV (Water)
- H. Addition of HDPE pipe specifications and standard details (Water)

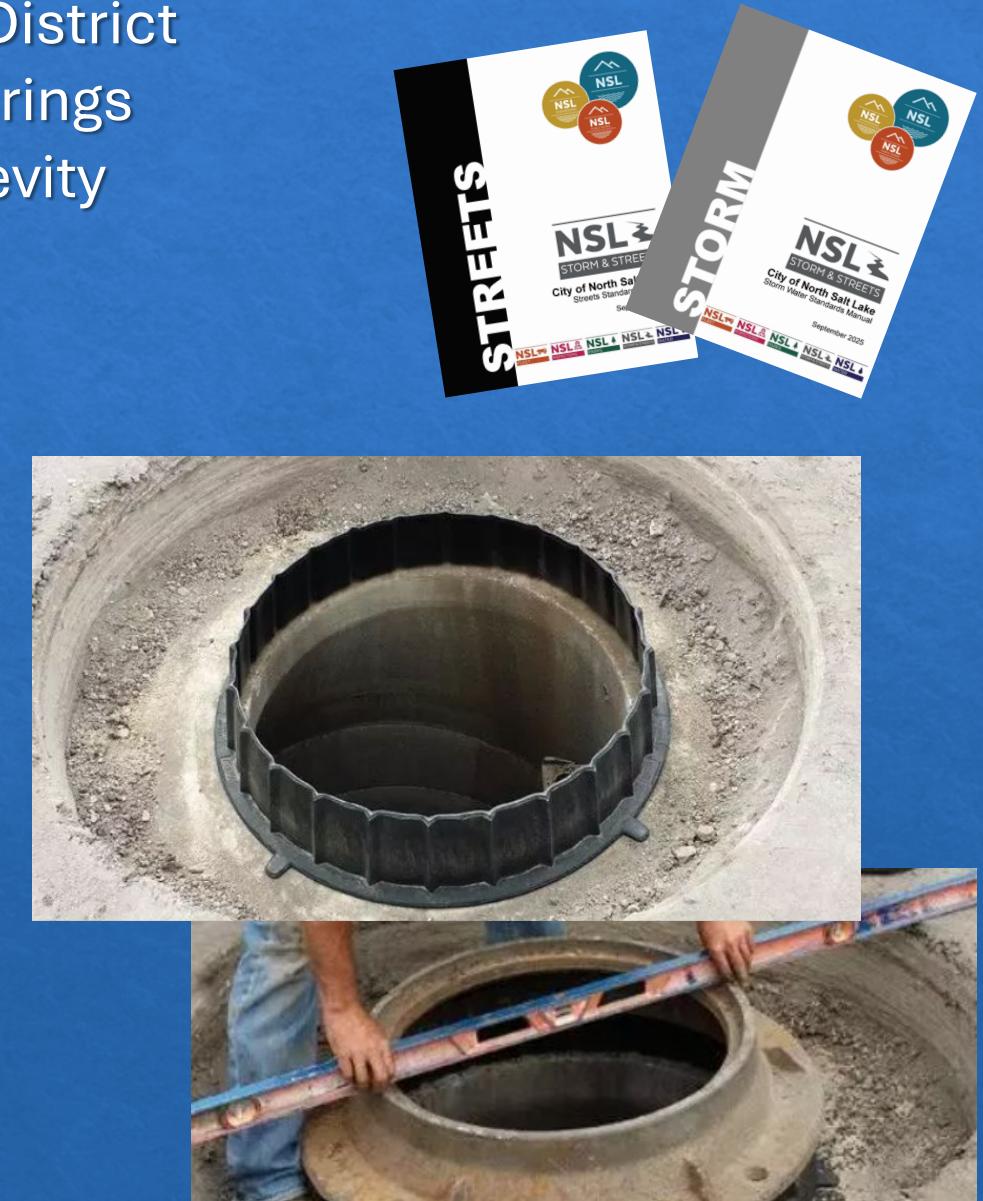

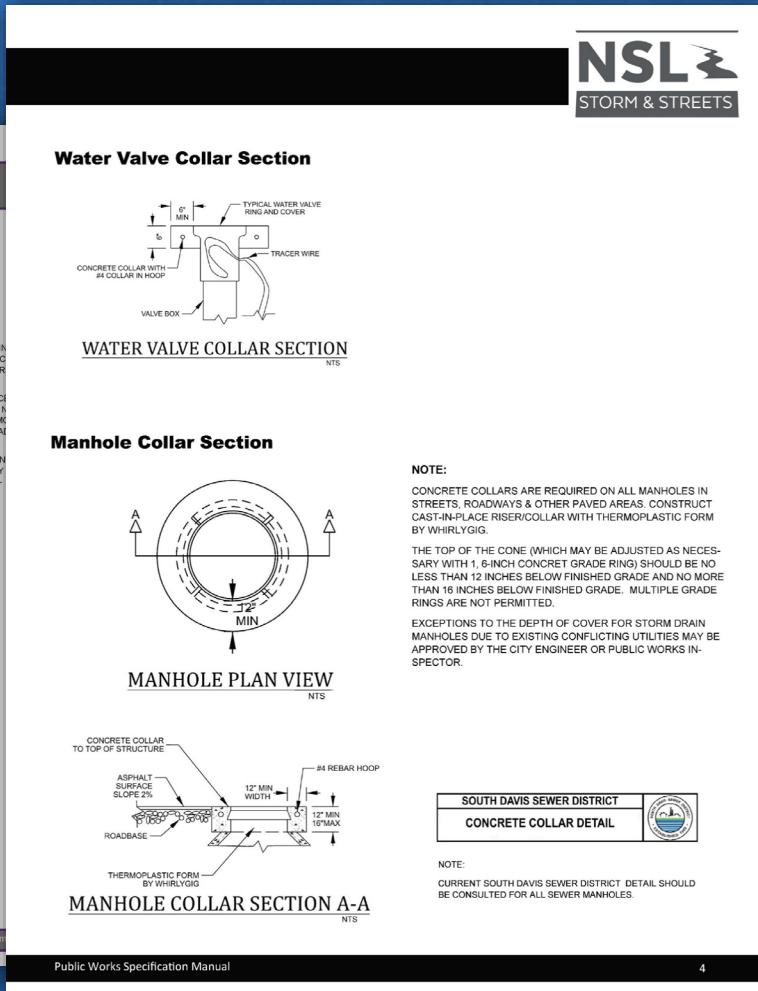

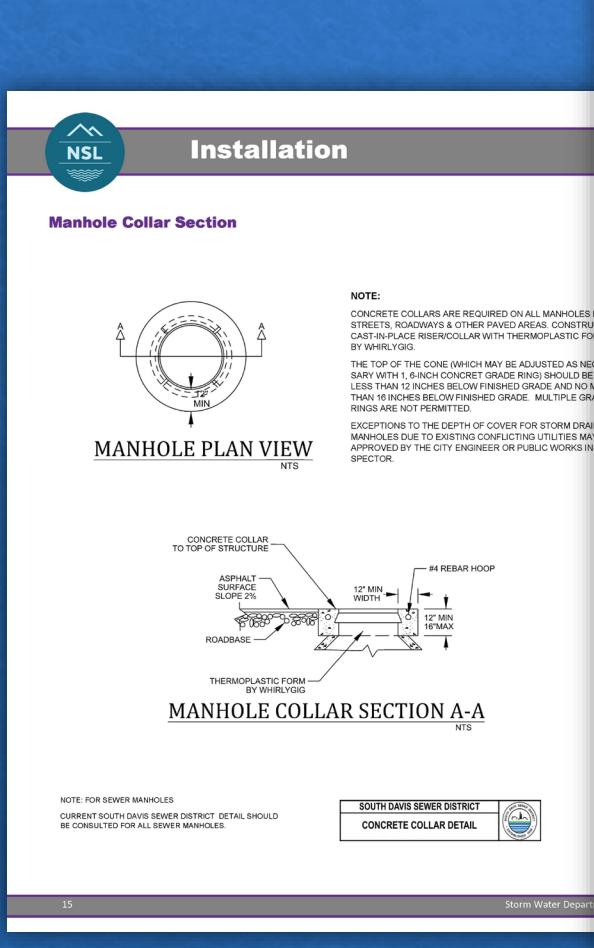

Inclusion of Meter Base and Timer Enclosure (Parks)

- Standard for service pedestal
- Used for power connection and housing for sprinkler systems timers

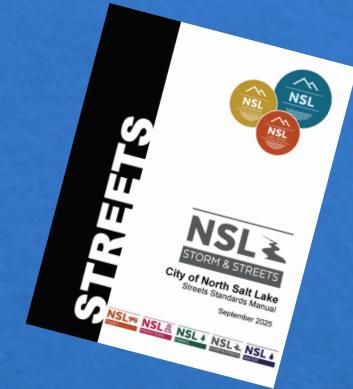

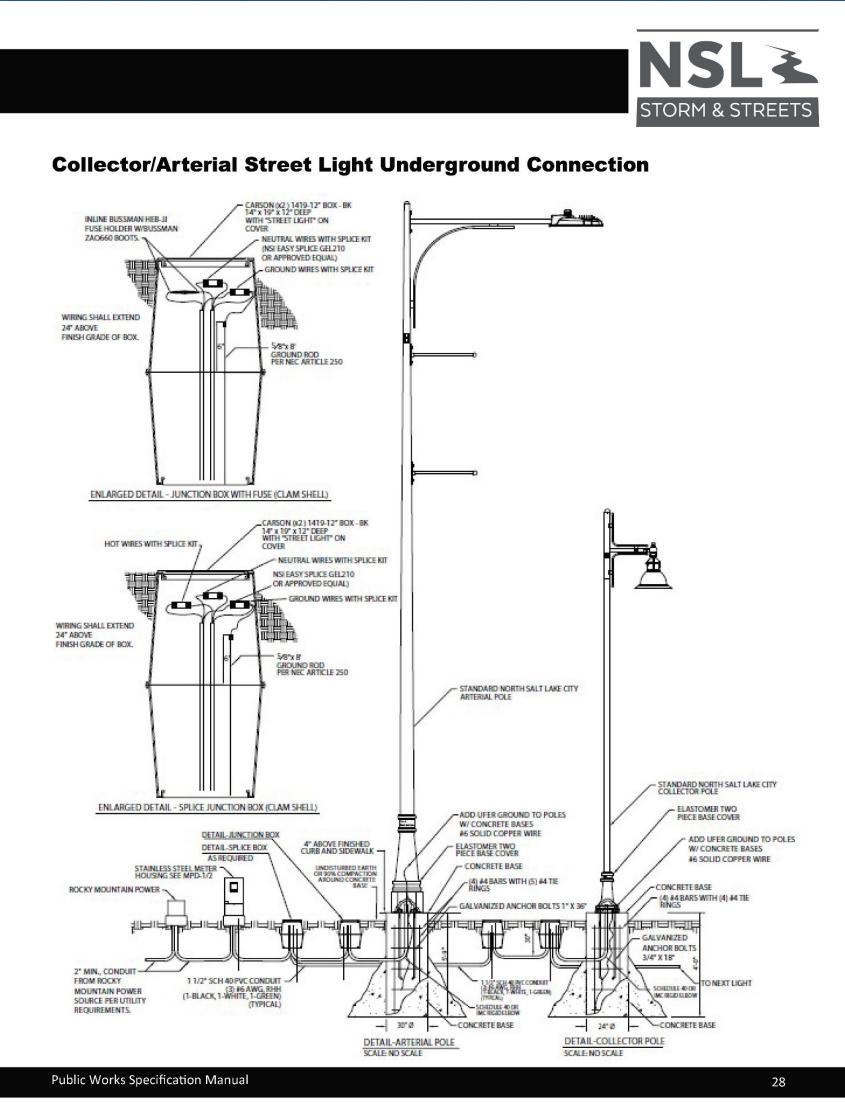

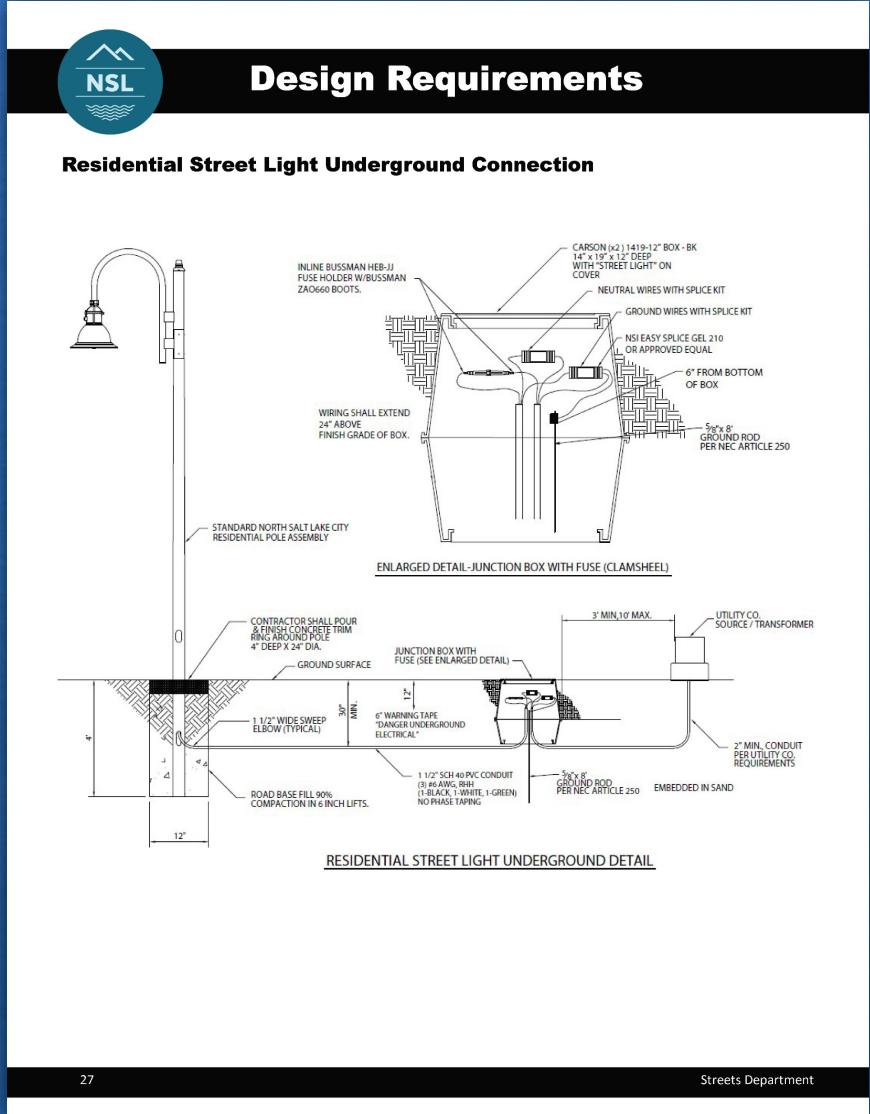

Adoption of Whirlygig for Manhole Collars (Streets & Storm)

- Current standard adopted by South Davis Sewer District
- Thermoplastic form that replaces concrete grade rings
- Demonstrated improvement in function and longevity

Inclusion of additional details for Street Light Stds (Streets)

- Existing standards located in “North Salt Lake Street Light Design Standards”

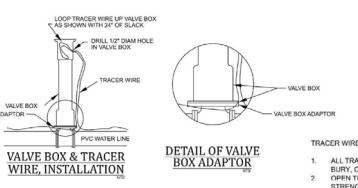

Adoption of using Adaptor II for water valves (Water)

- Inserts on valve before valve box is installed
- Eliminates settling and shifting of valve box, prevents dirt from entering

Installation

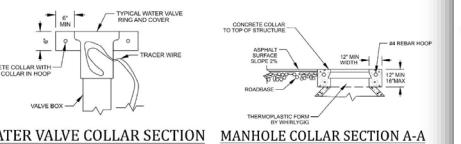

Valve Installation

1. All valves shall be set perpendicular to the road surface.
2. All nuts and bolts shall be given a heavy coat of FM food quality grease.
3. Valves should be wrapped with polyethylene with only the operating nut exposed. The valve should be taped using 2" wide 20 mil tape in a way to not infringe on the operation of the valve.
4. North Salt Lake City may request that a concrete block be placed underneath each valve and wedged tightly to support the weight and prevent slippage.
5. Valve boxes of the sliding adjustable type must be centered over the nut or the valve so that a valve key can access the nut and open and close it smoothly. The contractor is also responsible to make sure all valve boxes are clear of dirt and debris, open and ready for operation.
6. All valves are required to have a concrete collar with minimum 24" diameter collar with 6" deep concrete with #4 bar in hoop (See drawing below).

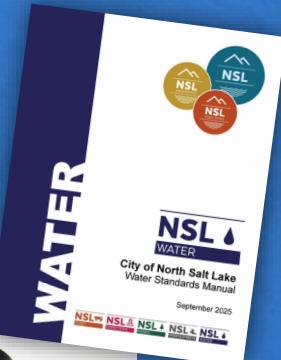

NOTES:
1. VALVE BOX ADAPTOR SHOULD BE PLACED ON THE VALVE BOX AND FLUSH.
2. VALVE BOX ADAPTOR II OR EQUAL.

Collar Installation

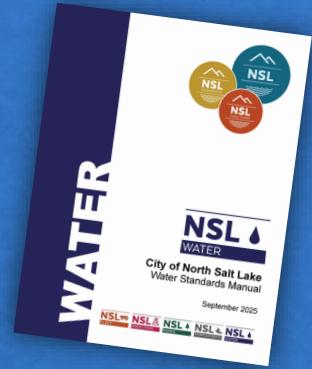

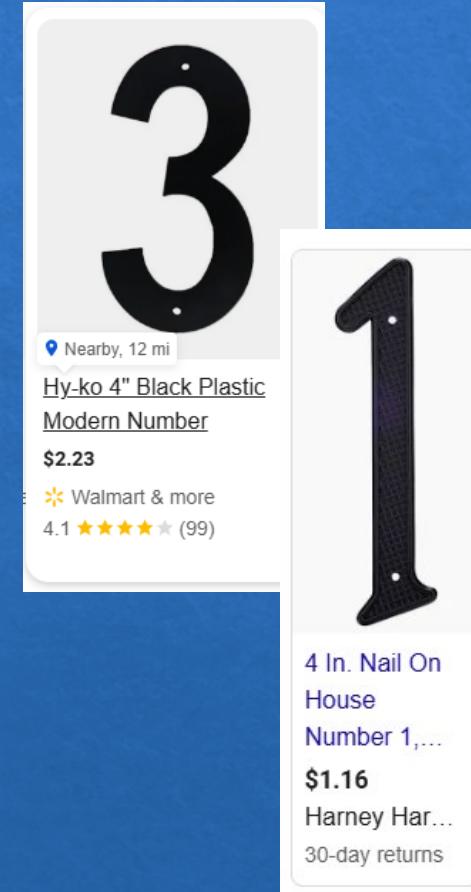

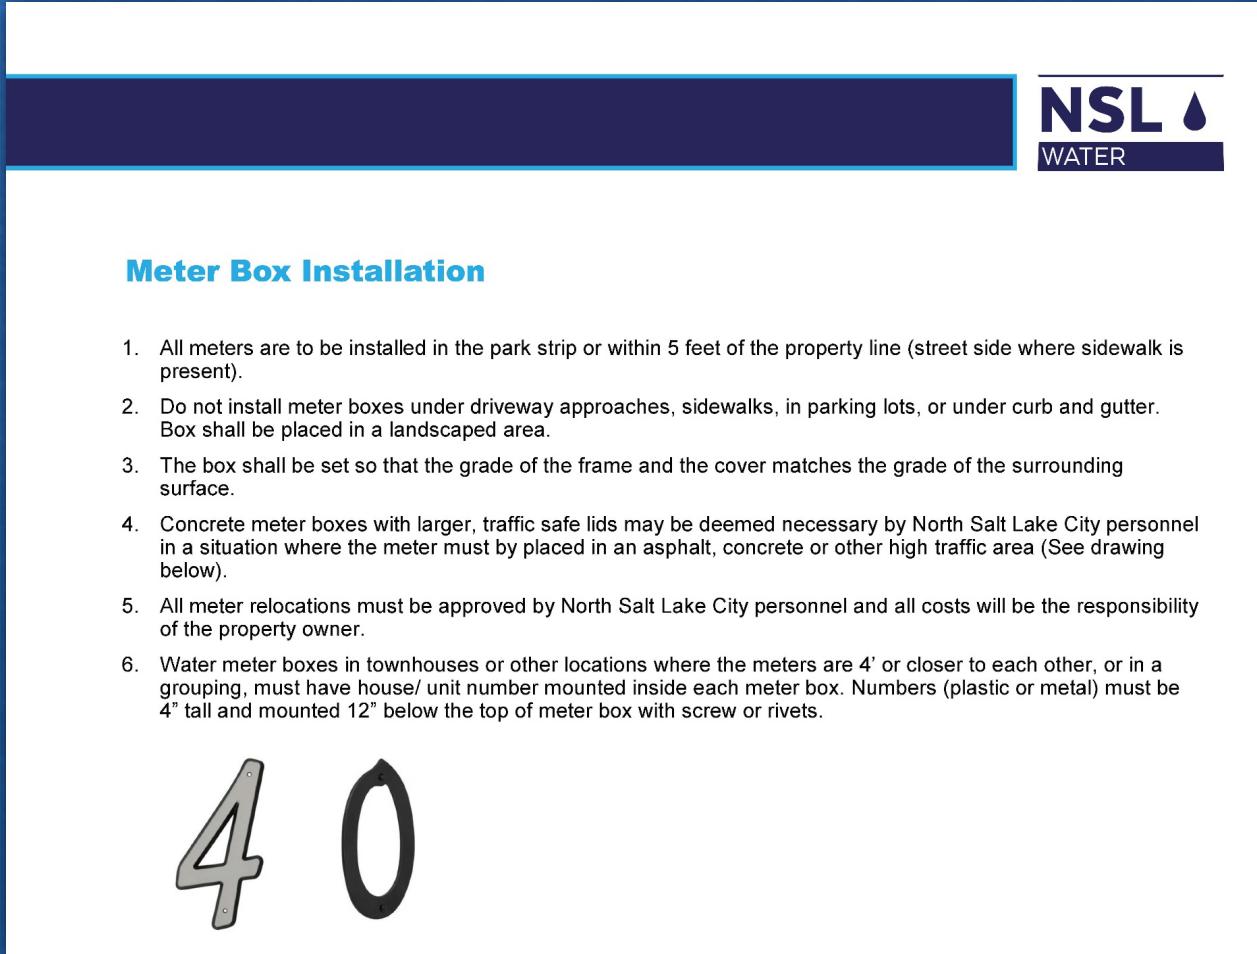

WATER VALVE COLLAR SECTION NTS
MANHOLE COLLAR SECTION A-A NTS

Water Department

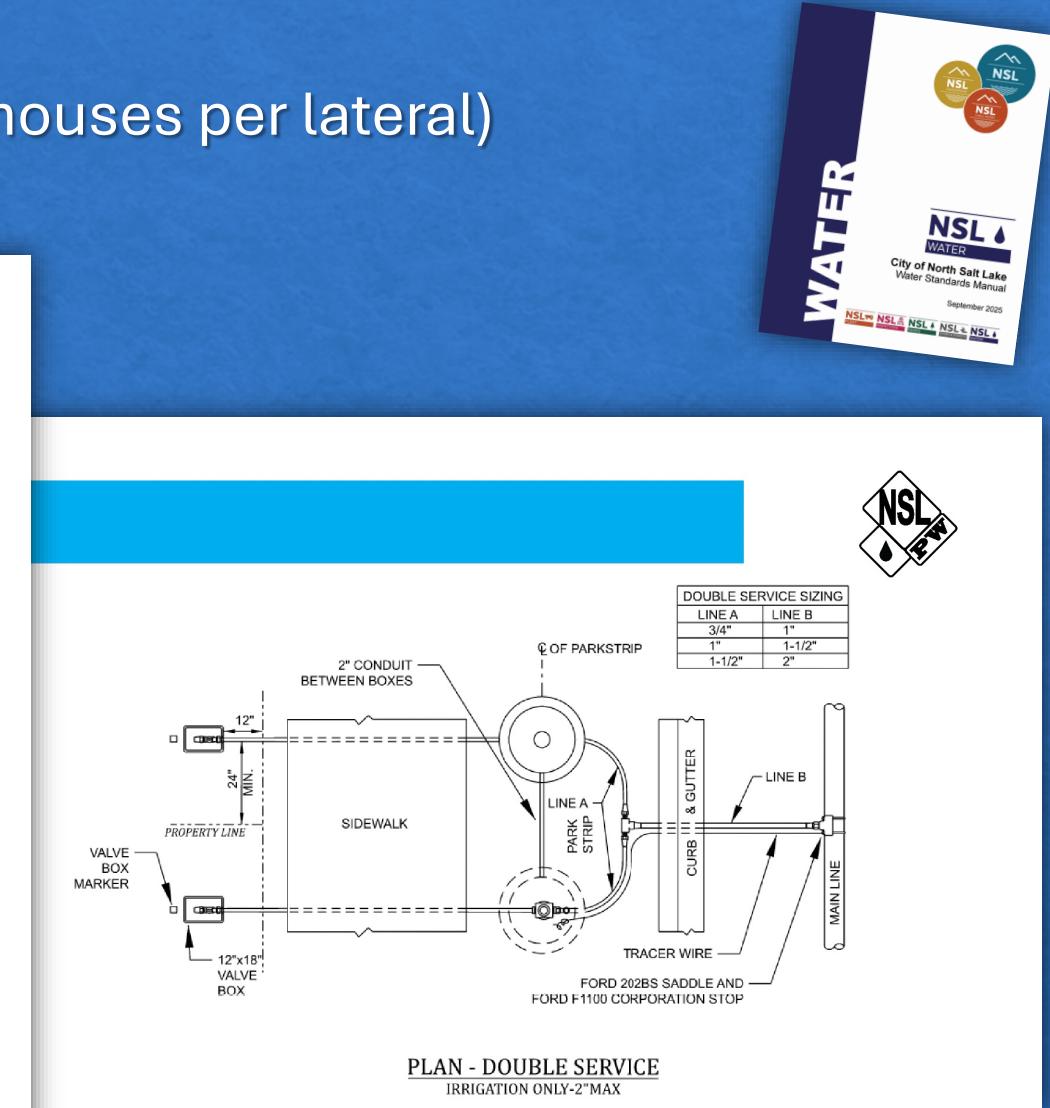

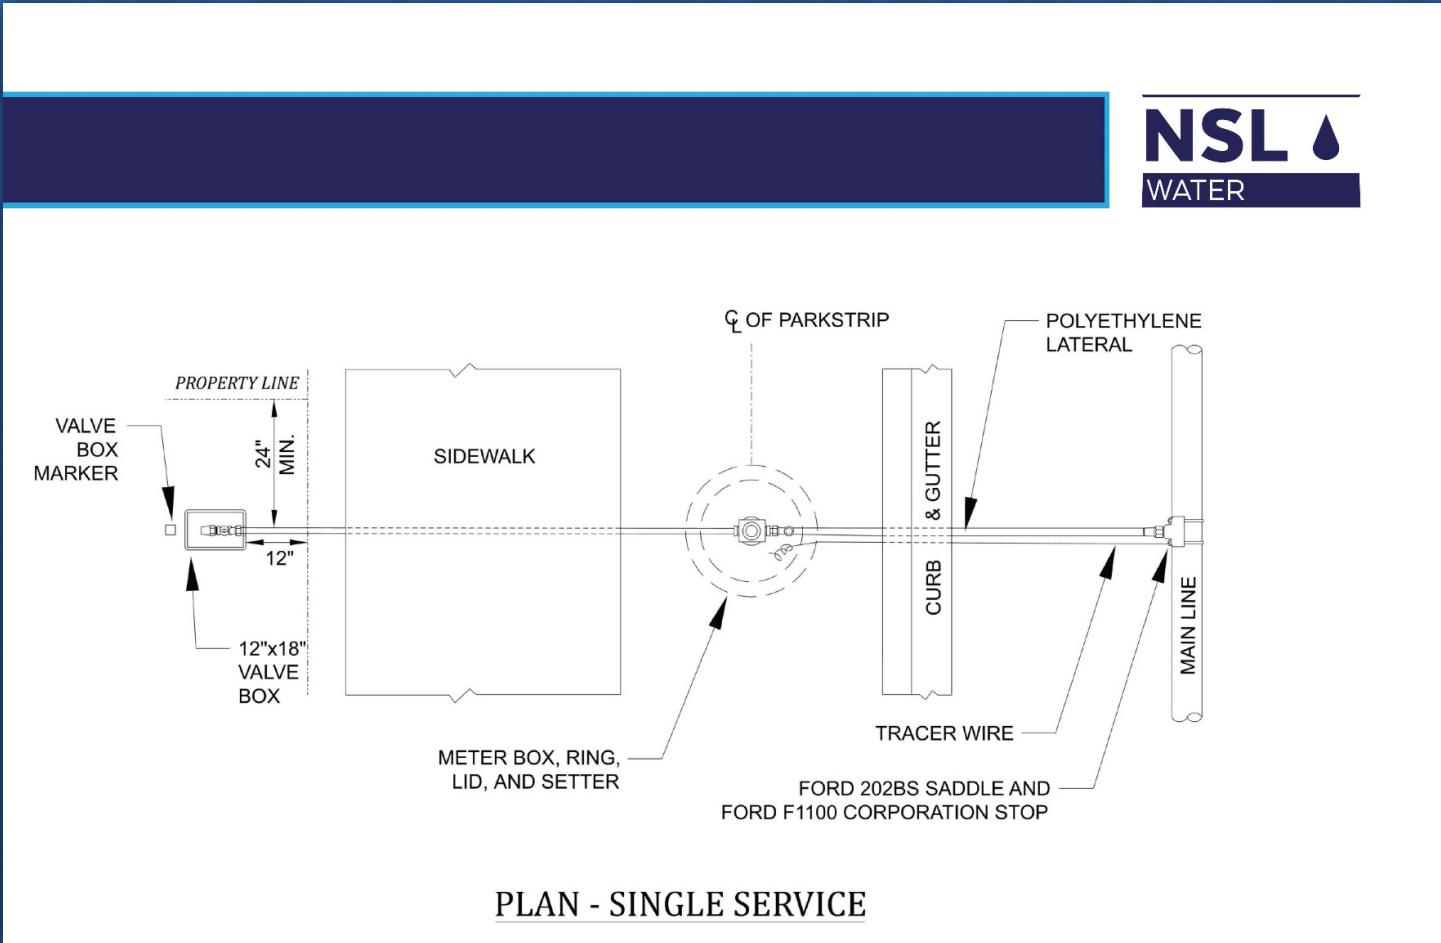

Water meter numbering for town house meter cans (Water)

- Plastic or metal numbers installed to the inside of each meter box
- 4" tall, readily available from local stores or online retailers

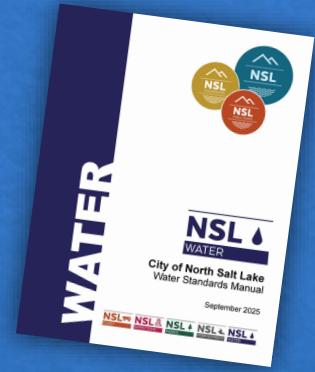

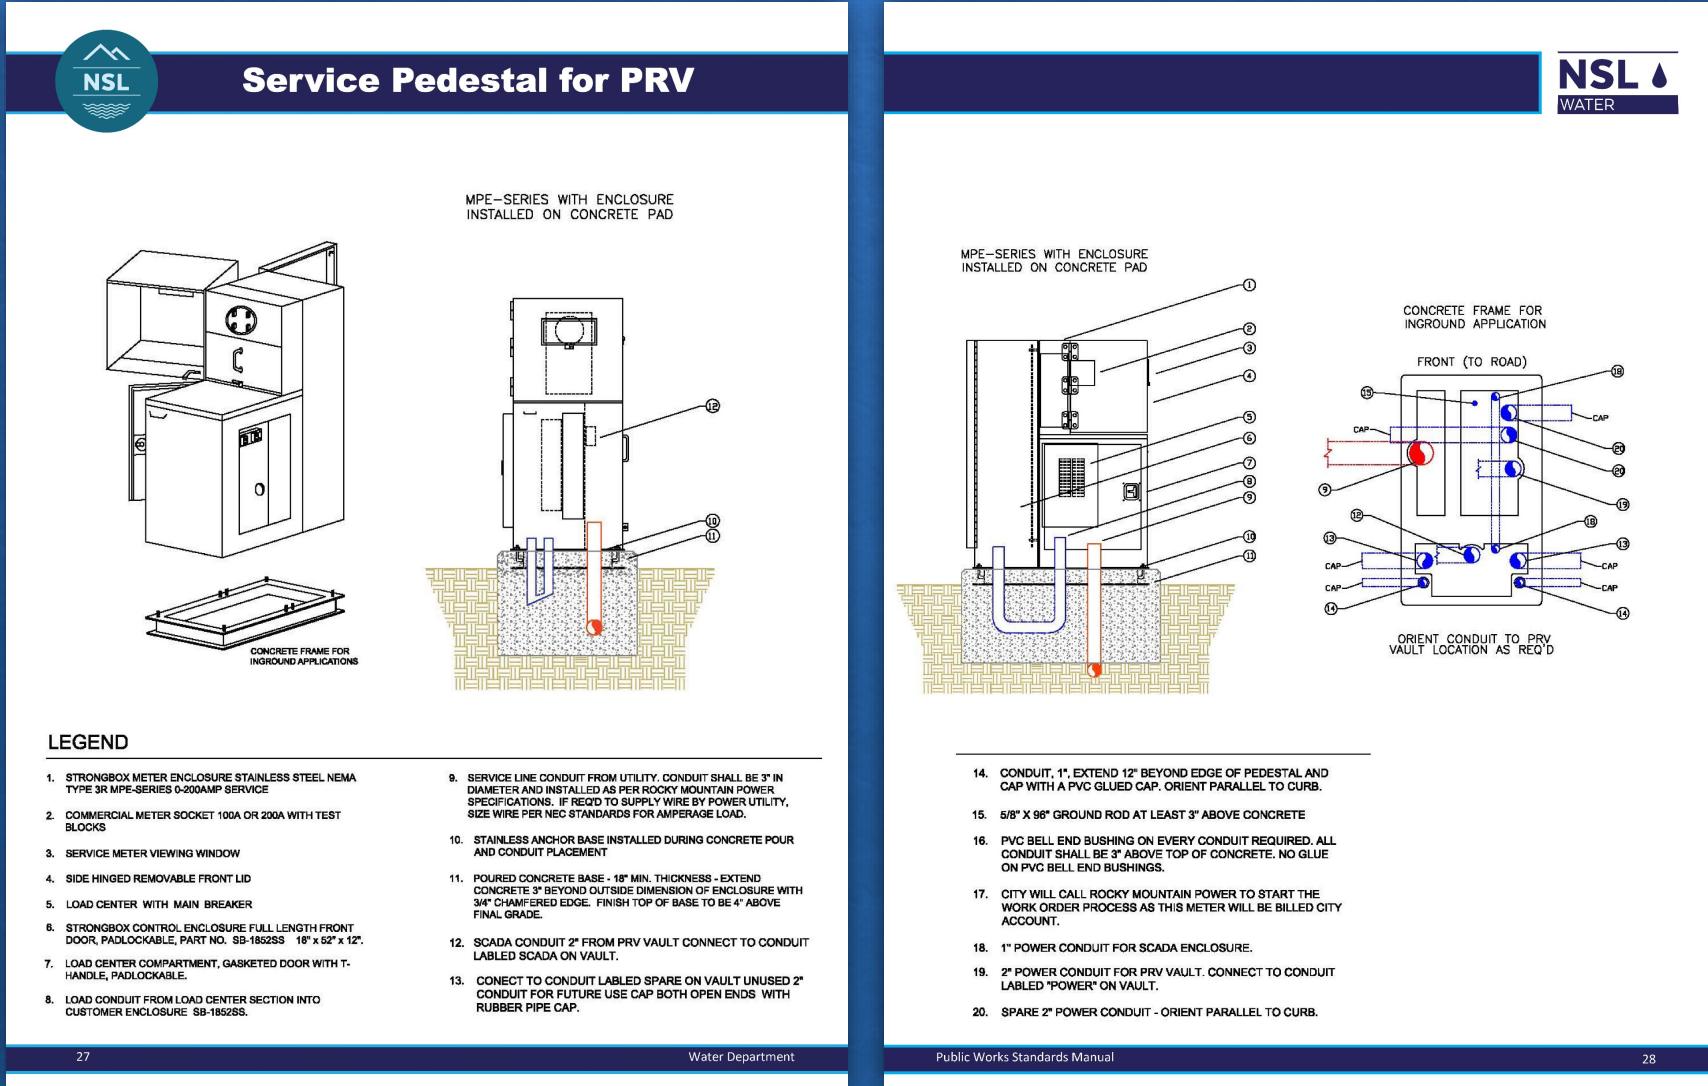

Changing secondary water services from double to single (Water)

- Leaks occurring due to extra fittings needed (two houses per lateral)

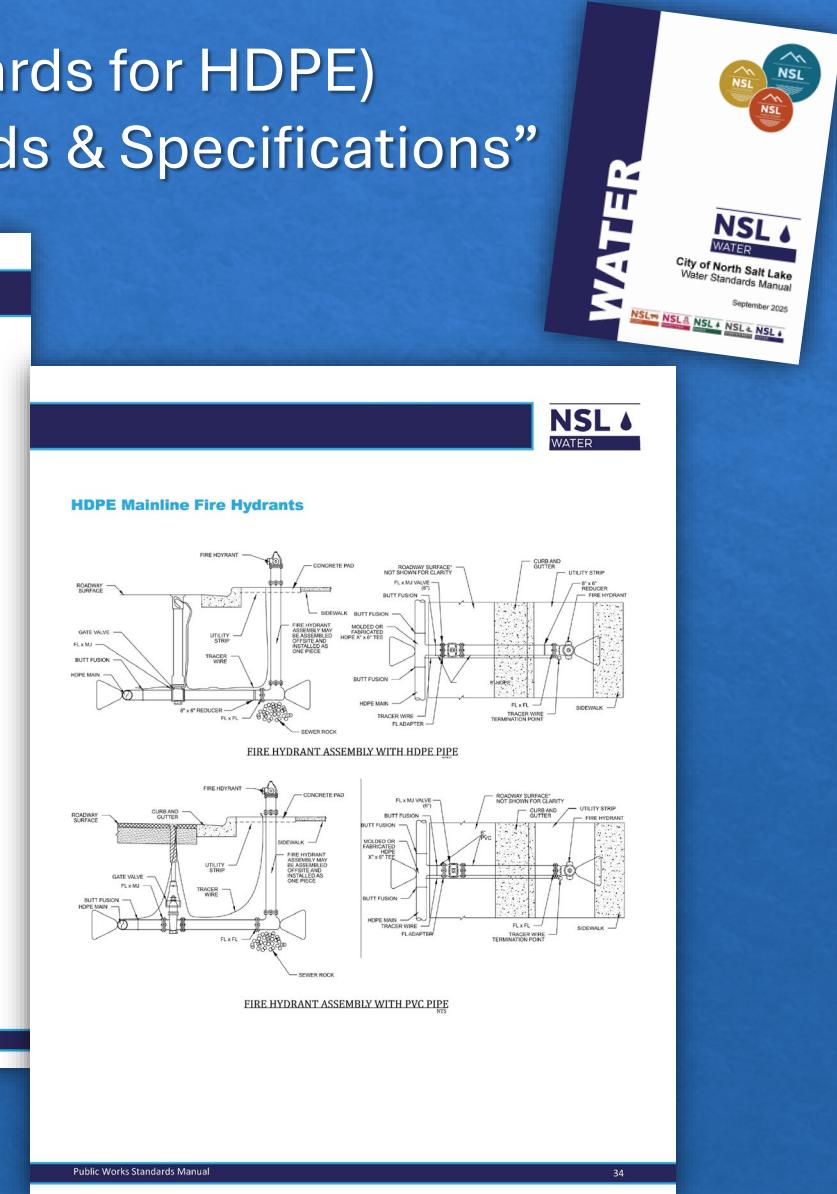

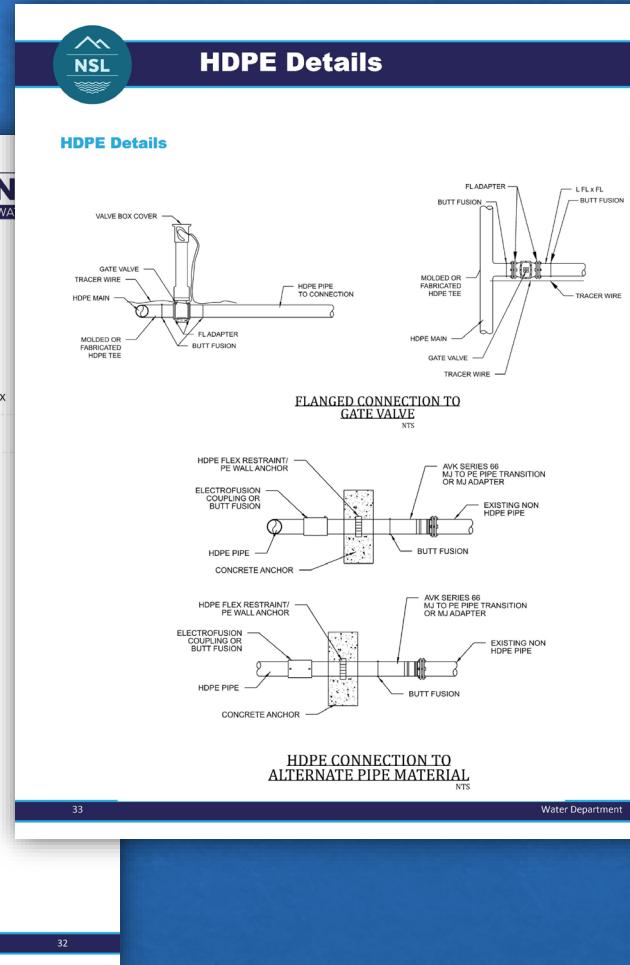

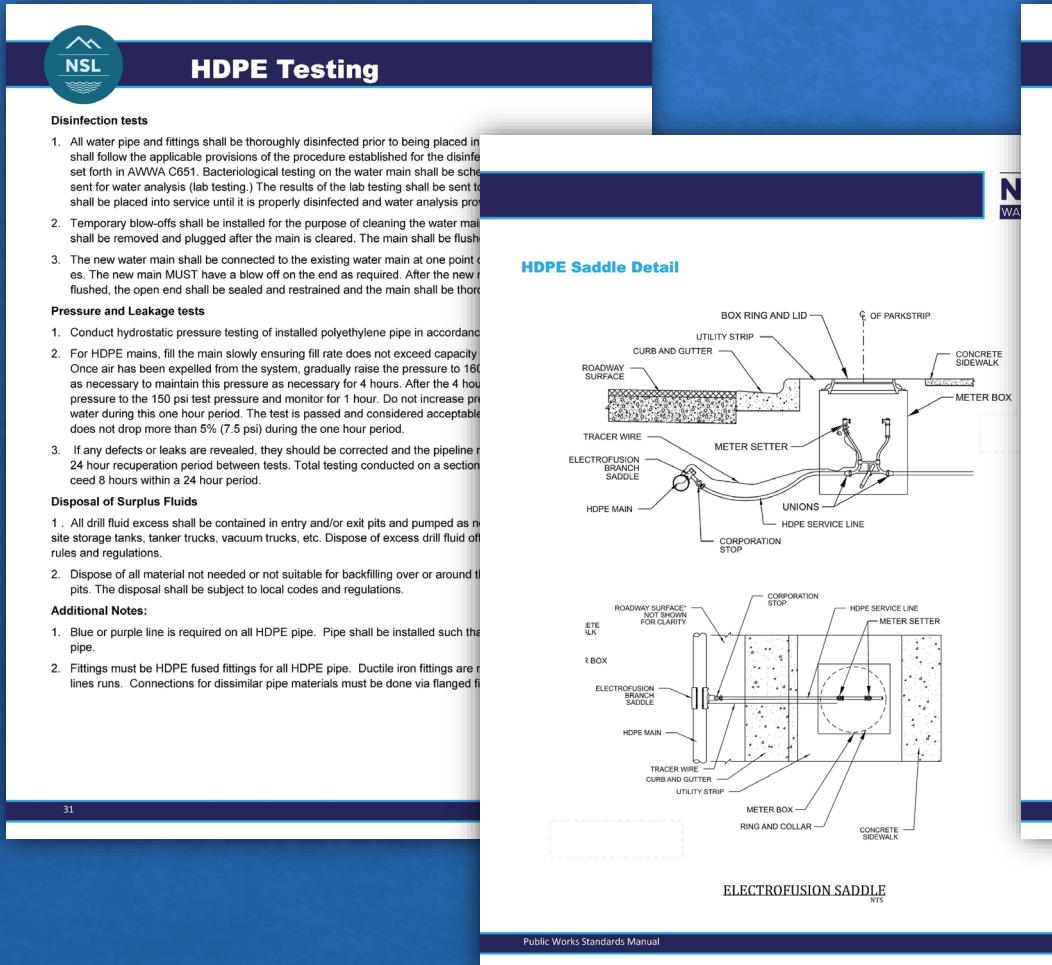

Addition of Service Pedestal for PRV (Water)

- Existing standard, not previously included in manual
- Used for power service and SCADA connections for PRV vaults

Addition of HDPE pipe specifications and standard details (Water)

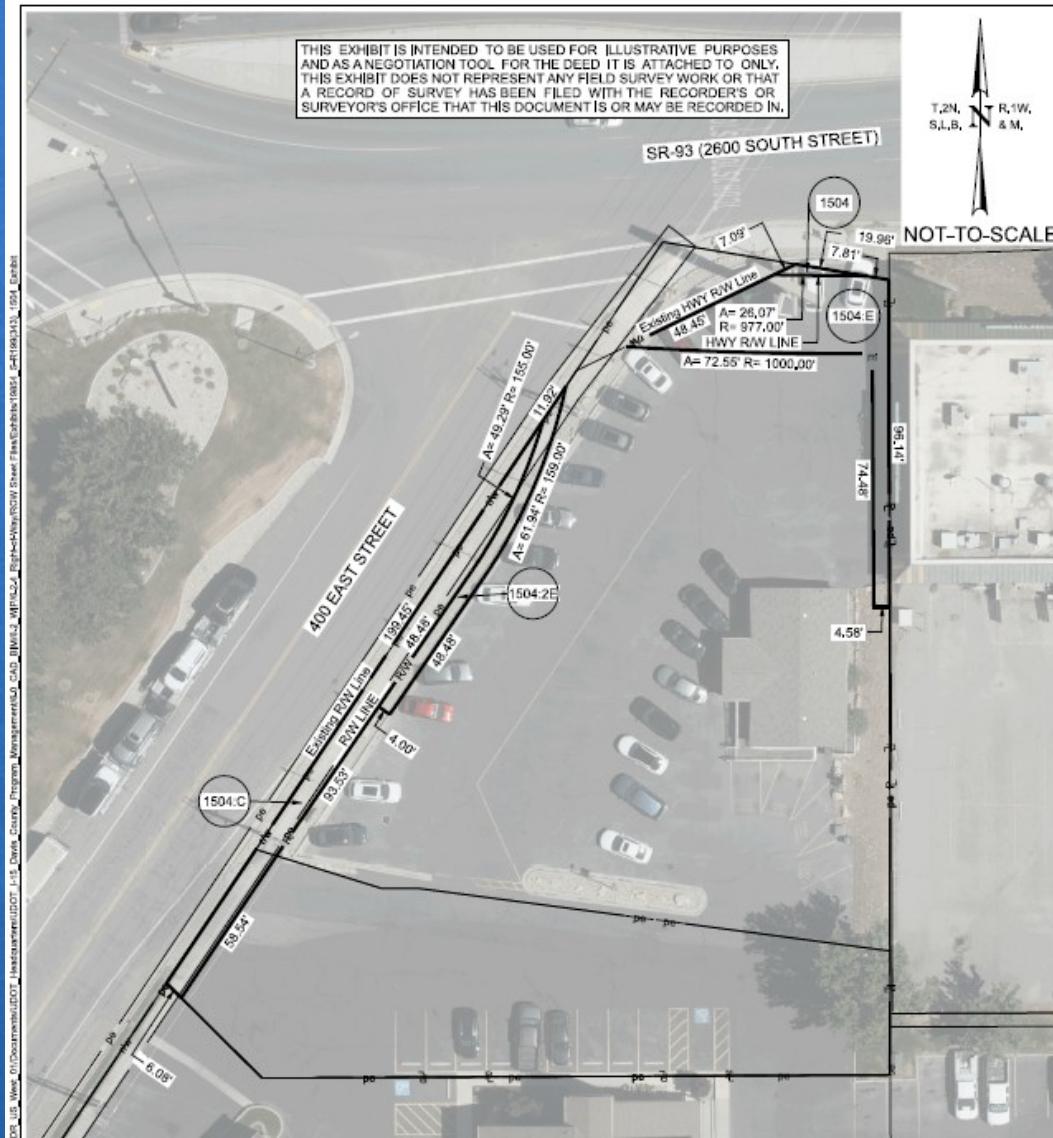

- Not previously included (APWA does not include standards for HDPE)
- Standards used are from “Alliance for PE Pipes Standards & Specifications”

Proposed Motion

I move that the City Council approve Resolution No. 2025-44R, amending the adopted Standards and Specifications Manuals for Public Infrastructure for Streets, Water, Storm Water and Parks.

RESOLUTION 2025-45R:
Accepting the Dedication of Public
Right-Of-Way

	S-R199(343)	PIN	19854	HORROCKS				

Possible Motion

I move the City Council approve Resolution 2025-45R accepting the dedication of a portion of public right-of-way adjacent to 400 East south of 2600 South.

RESOLUTION 2025-46R
Adopting a City Hall Facility Use Policy

Proposed City Hall Use Policy

Permitted

Other Govt agencies during regular business hours for official purposes

Agencies which are City partners supporting City purposes

City citizen committees

Group political events such as meet the candidate nights

Prohibited

Private events, person, family events, commercial purposes or an individual campaign activity

Use by individual political parties

Private organizational uses, whether for profit or non-profit

Overnight use or storage of personal or non-gov property

Proposed Motion

I move that the City Council adopt Resolution 2025-46R: A resolution adopting a City Hall Facility Use Policy.

RESOLUTION 2025-47R

Approving Interlocal Agreement for
use of the America250 Logo and
Branding for City
SemiQuincentennial Activities

Proposed Motion

I move that the City Council adopt Resolution 2025-47R: A resolution approving an interlocal agreement between the City and the Utah Department of Cultural and Community Engagement for the use of the America250 Logo and branding related to the City's Semiquincentennial activities.

RESOLUTION 2025-48R:

Approving a Master Services
Agreement with ETS for IT Services

Possible Motion

I move that the City Council adopt Resolution 2025-48R: A resolution approving a Master Services Agreement with ETS for IT Services.

DONATION REQUEST

Bountiful Davis Arts Center

Proposed Motion

I move that the City Council authorize a donation to the Bountiful Davis Arts Center of \$_____.

APPROVAL OF MINUTES

August 26, 2025

Possible Motion

I move that the City Council approve the minutes of the August 26, 2025 meeting, as written.

APPROVAL OF MINUTES

September 2, 2025

Possible Motion

I move that the City Council approve the minutes of the September 2, 2025 meeting, with proposed amendments.

ACTION ITEMS

CLOSED SESSION

Proposed Motion

I move that the City Council hold a closed session as allowed by State Code 52-4-205 for the purpose of [specify reason(s)]:

- discussing the character professional competence, or physical or mental health of an individual;
- discussing pending or reasonably imminent litigation;
- discussing the purchase, exchange, sale, or lease of real property;
- discussing the deployment of security personnel, devices, or systems.

ADJOURN
