WORK SESSION

a. RAP TAX PRIORITY DISCUSSION

The Council reviewed recommendations from the RAP Tax Committee from their presentation at the August 26, 2025 City Council meeting and discussed potential uses of RAP tax funds. Key points included:

- Parking expansion at the Civic Center to alleviate congestion during events.
- Potential development at Meadows Park and Pond Park, including irrigation, pickleball courts, and pump/jump bike tracks.
- Consideration of a dog park, with possible sites at Kestrel or Shoestring.
- Discussion of restroom improvements and year-round access at heavily used parks.
- Debate on prioritizing large projects (such as turf fields and pump tracks) versus smaller visible improvements (benches, shades, doggy stations, and cameras).

The Council expressed the importance of balancing high-visibility projects funded by RAP tax with impact fee funding for larger capital improvements.

A breakdown of potential projects and cost estimates is included as Attachment A.

b. 2026 HERITAGE DAYS WORK SESSION

Recreation Director Brooke Mitchell provided the following information in her staff report:

RECOMMENDATION:

Clinton City Council Work Session Minutes September 9, 2025

1. The council change the name of the Clinton City summer celebration from Heritage Days to Clinton Days to better represent the type of celebration it is and unify the Clinton residents.
2. The council support the city employee's recommendations to change the event schedule for Heritage Days/Clinton Days to help keep our residents, families, police officers, fire department members, city employees, entertainers, vendors and council members safe while at the event.

SUMMARY:

For many years, our city employees have observed a recurring issue during the Heritage Days celebration, particularly around 6:00 p.m. on Saturday evening. Currently, a large influx of teenagers arrives at the park. Unfortunately, a portion of this group does not come to participate in the celebration, but to fight and damage park facilities.

These teenagers mix in with families and community members who are at the park listening to the entertainment, enjoying the activities, visiting the vendors or simply sitting on the grass waiting to enjoy the firework show. Over the years, their actions have escalated and included carrying weapons, vandalizing city property, fighting, assaulting police officers, firefighters, and other employees, as well as launching fireworks into crowds, placing residents, employees and council members at risk.

From both personal interactions and police interviews with these individuals, many of these teenagers attend events across different cities with the sole purpose of fighting. As the summer progresses, the number and intensity of these incidents typically increase. A few years ago, we moved our celebration to the beginning of summer to curb this problem, which helped, but did not fully resolve the problem.

This year, Roy City attempted a different approach by ending its celebration and clearing their park at 6:00 p.m. before the fireworks went off later that evening. While they succeeded in clearing the park, the teenagers relocated to a nearby park and started fighting there. This highlights the challenge we face in maintaining a safe and enjoyable environment for our residents. Closing the park early is not a feasible option for our city because unlike Roy City our celebration is held at the same park where the fireworks are shot off and viewed from. If we were to end the entertainment and vending early the vendors and entertainers would be trying to clean up and leave the park and at the same time residents would be coming to the park to watch the fireworks causing unsafe conditions for our vendors, residents and employees.

To address this ongoing concern, we propose we adjust our summer celebration schedule by separating the fireworks from the rest of the activities and create a seating and standing only area for viewing the fireworks. This shift may help reduce or even eliminate the unsafe conditions we have experienced for years. We have consulted with the city attorney regarding the enforcement of designated seating and standing areas for the fireworks. They confirmed that, if we provide proper notice, we can legally enforce these areas.

Our goal is to ensure that the summer celebration remains a safe and enjoyable celebration for all families and community members. We believe this proposed change is an important step toward curbing or eliminating the safety concerns we have faced in the past.

The Council discussed planning for the 2026 Heritage Days celebration. Topics included event layout, parking, and amenities to accommodate growing attendance. Councilmembers emphasized early coordination with staff and volunteers.

A DRAFT schedule for the 2026 Heritage Days Celebration is included as Attachment B.

c. COMMUNICATIONS DISCUSSION

City Manager Cahoon provided the following information in the staff report for this discussion:

RECOMMENDATION

Begin a discussion on communication expectations and limitations that we possess as a city and start understanding where we would like to see some progress being made in our outreach efforts.

SUMMARY

The City has been working to diversify communication methods to better share information and encourage community engagement. We have experimented with newsletters, email and text alerts, social media platforms, podcasts, and short videos. These efforts demonstrate recognition that residents receive information in many ways and expect timely, transparent updates from their local government.

Despite this progress, the City's overall communication efforts have been haphazard and lack coordination. Currently, communication responsibilities are spread across multiple departments and staff members without centralized oversight or a clear strategy. This "shotgun approach" has produced some successes, but it has also led to inconsistency in tone, branding, frequency, and effectiveness.

- **City Recorder's Office:** Oversees the newsletter, website, and Facebook page, and has responsibility for required noticing. Recently it was discovered that the email and text system had not been fully utilized, which is now being corrected.
- **Recreation Department:** Manages its own social media channels and email system, in addition to supporting the Recorder's office.
- **Police and Fire:** Operate separate Facebook pages focused on department-specific news and alerts.
- **Intern Support:** Helped pilot more modern formats (videos, podcasts) that added value to engagement. However, the intern's time has now ended, and there is no dedicated staff capacity to continue those efforts.
- **Elected Officials:** Both City Council members and the Mayor frequently share updates and information through their individual or official channels. This outreach is valuable and helps build direct connections with residents, but it also does not follow a unified strategy. As a result, messaging may at times be inconsistent with broader city communication or lack coordination with staff-driven efforts.

In addition, not all departments are trained on how to be effective communicators. Staff often do their best within their areas of responsibility, but without clear guidelines, training, or support, messaging can miss the mark or fail to reach the intended audience. This lack of structure also impacts the City Council, who rely on staff-prepared messaging and tools to connect with the community.

KEY ISSUES

- Decentralized communication responsibilities across multiple departments.
- Limited training in effective communication practices.
- Underutilization of existing tools (email, text, website).
- No clear accountability for communication strategy or standards.
- Loss of intern support, which had temporarily boosted outreach capacity.
- Uncoordinated messaging across both staff and elected official channels.

NEXT STEPS / DISCUSSION POINTS

Staff recommends the Council begin discussing how the City can bring more structure, consistency, and intentionality to its communications. Key questions include:

Clinton City Council Work Session Minutes September 9, 2025

- Should the City designate a lead role or centralized responsibility for communication strategy?
- What expectations should be set for departments, staff, and elected officials when it comes to messaging, tone, and branding?
- How can we provide training and tools to ensure staff and Council are prepared to communicate effectively?
- What are our top priorities for communication (timeliness, consistency, transparency, engagement, etc.)?
- How can we make better use of platforms we already pay for (email, text, website) to maximize value?

By establishing clear expectations and building capacity, the City can move away from a piecemeal, shotgun approach toward a unified, strategic communication framework. This will not only help staff and departments but also strengthen the ability of the City Council and Mayor to connect with residents in a coordinated, effective way that builds trust and confidence in local government.

The Council discussed strategies for improving communication with residents, including potential use of digital platforms, public notices, and outreach during community events.

They also discussed the possibility of hiring a part-time communications person.

ADJOURNMENT

Councilmember Searle moved to adjourn. Councilmember Gray seconded the motion. All voted in favor. The meeting was adjourned at approximately 6:30 PM.

CLINTON CITY COUNCIL AGENDA ITEM

SUBJECT: Ordinance 2025-05 FY 2026 Clinton City Fee Schedule Update 09/23/2025	AGENDA ITEM: a
PETITIONER: City Manager Trevor Cahoon	MEETING DATE: Sept. 23, 2025
RECOMMENDATION: That the City Council adopt Ordinance No. 2025-05 adopting the FY 2026 Clinton City Consolidated Fee Schedule Update.	ROLL CALL VOTE
FISCAL IMPACT:	
SUMMARY: Utah Code § 10-3-701 and § 10-3-702 authorize municipalities to establish and regulate fees for services provided to the public. A municipality's fee schedule must be adopted by ordinance to have the full force of law and provide transparency, uniformity, and legal enforceability. Clinton City maintains a Consolidated Fee Schedule to list and codify all service fees and regulatory charges associated with various City functions, including building permits, recreation programs, cemetery services, utility fees, and administrative costs. This schedule is reviewed annually and updated as necessary to reflect cost changes, statutory requirements, or new services. The proposed FY 2025–2026 Consolidated Fee Schedule is attached with the proposed changes highlighted in green. These changes ensure the City's fees remain fair, cost-recoverable, and legally defensible. Adoption of the Consolidated Fee Schedule by ordinance is necessary to: • Comply with state law (Utah Code § 10-3-702; § 63J-1-504); • Ensure fees are transparent, standardized, and accessible to the public; • Provide an enforceable legal basis for charges levied by City departments; • Avoid fragmentation or inconsistency in fee adoption across resolutions or internal policies. The ordinance includes Exhibit A, which comprises the complete and updated Clinton City Consolidated Fee Schedule Update for FY 2025–2026.

Mileage	A mileage charge will be assessed for each plan review inspection and regular inspection based on the distance from Clinton City Public Works to the site of the development or lot. Charge will be based upon the rate found at: http://www.gsa.gov/portal/content/100715
Administrative Charge	A \$10.00 administrative charge will be assessed for each plan review and inspection to cover the cost of office supplies, maintaining additional files and transferring information to the City where the project is located.
^ All fees shall be assessed starting when a permit is issued and continue until a Notice of Termination is filed with the State, approved, and a copy supplied to Clinton City.	
* Plans not complying with requirements established by city staff after a second review are subject to re-assessment of fees.	

Note: Service fees are a user fee designed to cover the cost of services and time provided by the City staff and where applicable the City Engineer reviews. City Engineer fees are tracked and considered to be equal to a minimum of one-half of the service fee. Once the engineer review constitutes greater than one-half of these fees a developer will be required to pay an additional fee equal to one-half of the original service fee. This additional fee will occur every time the engineering review fee exceeds one-half of the original service fees.

ORDINANCE NO. 2025-05

AN ORDINANCE ADOPTING THE CONSOLIDATED FEE SCHEDULE FOR CLINTON CITY AND PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS

WHEREAS, pursuant to Utah Code § 10-3-701 and § 10-3-702, the Clinton City Council is authorized to pass ordinances and establish fees for services and regulatory functions of the city; and

WHEREAS, the City has determined the need to establish and maintain a consolidated fee schedule to ensure transparency and consistency in the assessment and collection of municipal fees; and

WHEREAS, the adoption of a consolidated fee schedule by ordinance is necessary to legally enforce the fees charged by Clinton City for its services;

NOW, THEREFORE, be it ordained by the City Council of Clinton City, Utah:

SECTION 1. Adoption of Consolidated Fee Schedule

The Clinton City **Consolidated Fee Schedule**, attached hereto as *Exhibit A* and incorporated herein by reference, is hereby **adopted**. Said schedule sets forth all service fees, regulatory fees, and charges applicable to municipal services and activities as authorized by law.

SECTION 2. Authority to Update Fees

The City Council retains the authority to amend the Consolidated Fee Schedule by ordinance. Periodic review and updates may be recommended by the City Manager or Department Heads to reflect inflationary changes, cost-of-service updates, or new regulatory requirements.

SECTION 3. Repealer Clause

Any ordinances, resolutions, or parts thereof that conflict with this Ordinance and the attached Consolidated Fee Schedule are hereby **repealed** to the extent of such conflict.

SECTION 4. Severability

If any provision of this Ordinance or the attached Consolidated Fee Schedule is held to be invalid for any reason, such invalidity shall not affect the remaining provisions.

SECTION 5. Effective Date

This Ordinance shall take effect immediately upon publication and posting as required by law.

PASSED AND ADOPTED by the City Council of Clinton City, Utah, this 23rd day of September, 2025.

CLINTON CITY COUNCIL STAFF REPORT

2267 N 1500 W, Clinton, UT 84015

MEETING DATE:	September 23, 2025
AGENDA ITEM: 2	Personnel Policy Updates
PETITIONER(S):	Trevor Cahoon, City Manager
TYPE OF VOTE:	Consensus Vote
SUBJECT:	Update Personnel Policy for Part-time Benefits

RECOMMENDATION

The City Council approve amendments to the Clinton City Personnel Policy and Procedures Manual limiting leave and other benefits for part-time staff.

FISCAL IMPACT

By eliminating leave benefits for part-time staff the City will not be required to contribute to URS for part-time employees.

SUMMARY

Historically the City has provided leave benefits for all part-time employees. If that employee worked more than 20 hours a week then they would qualify for URS benefits. Due to the nature of our part-time staff, our recommendation would be to make the following amendments to our policy manual:

X. COMPENSATION

A. PAY PLAN

The City shall adopt a pay plan for all positions in the City. The pay plan shall include each classification, a minimum and maximum rate of pay and such intermediate rates as are considered necessary and equitable. Flat and hourly rates may be used in place of salary ranges where appropriate and approved by the City Manager.

Cost of living adjustments reflected in a percentage increase to the pay plan base will be considered annually in conjunction with the annual budget process. The percent of increase, if any, will be decided by the City Council.

The pay plan shall consist of salary ranges each having a probationary step and incremental steps with an established differential between each step. Each classification shall have a minimum and maximum salary range.

When an employee has reached the top step of his/her pay plan he/she will be eligible on each anniversary for a 1% per year longevity pay increase, as determined by the annual evaluation and funding availability.

Any employee, at any time of the year, may be eligible for an exemplary service bonus. This bonus may be up to 2% of the employee's annual salary. It may be for any of the following reasons, though not exclusively:

1. Money savings
2. Life saving action.
3. Educational and training accomplishment.
4. Completion of an extra strenuous operation requiring a lot of employees own time.

All exemplary service bonuses must be recommended by the Department Director (and/or the City Manager), and approved by the City Manager. These are one time events and do not impact the employee's normal salary.

The salary range assigned to each classification shall be such as to equitably reflect the differences in the responsibilities and duties between it and other classifications, taking into account salary rates, benefits paid, and other relevant factors.

The City Manager is responsible for maintaining and administrating the pay plan. It is the policy of the City that every department use the pay plan in the same manner. A copy of the pay plan will be maintained in the City Hall as a matter of public record. The rate of pay for temporary employees shall be at least federal minimum wage, and will be set by the Department Director, and approved by the City Manager, to attract qualified personnel. Employee's classified temporary **and/or part-time** shall not be eligible for City sponsored medical, retirement, vacation, sick leave and other benefits provided regular **full-time** employees.

Regular **full-time** employees are hired on an hourly wage rate and receive all applicable benefits. Appointments of regular employees are made, pursuant to the hiring procedures established in Section VII and VIII of these rules, by the Department Director with the advice and consent of the City Manager. Employment is subject to all terms and conditions of these personnel rules and regulations.

XII. HOLIDAYS

- A. All regular full-time **and-part-time** employees shall be entitled to the following holidays with pay: (holiday pay is the regular straight time rate of up to 8 hours for regular full-time employees)

XIII.VACATIONS

The employee's date of hire will be used in calculating vacation accrual. Regular full ~~and part~~-time employees shall accrue vacation hours. Leave without pay and unpaid administrative leave do not count toward accrual. Probationary employees accrue the appropriate vacation leave, but are not entitled to use it until they pass their probationary period and become regular employees. Employee accrual is based on years of employment, position, and is prorated as follows:

<u>YEARS OF EMPLOYMENT</u>	<u>FTE's</u>	<u>PTE's</u>	<u>EXEMPT</u>
1 - 5 years	12 days	Pro-rated	18 days
6 - 10 years	15days	Pro-rated	21 days
11 - 15 years	18 days	Pro-rated	24 days
16 - 21 years	21 days	Pro-rated	27 days
Over 21 years	24 days	Pro-rated	30 days

D. Upon termination/resignation/retirement, an employee shall be paid for ~~all accrued a~~ **maximum of 240 hours** of vacation time. However, no payment for accrued vacation will be made for terminations during an employee's probationary period, except following a promotion when all benefits are retained.

~~E. Vacation time is pro-rated for regular part-time employees based on the number of hours worked in a month as a ratio of the equivalent full-time employee's accrual benefit.~~

~~F~~ E. In special cases, determined by the City Manager, an employee may be allowed to: 1) donate limited accrued vacation leave to another employee, or, 2) sell back to the city ~~a~~ **limited amount 40 hours** of accrued vacation leave which exceeds the maximum accumulation **one time a year**.

A. SICK LEAVE WITH PAY

All regular ~~full-time~~ employees will be entitled to sick leave with pay after the first month of employment. Sick leave shall accrue at the rate of eight (8) hours for each full month of service, ~~with the exception of regular part-time employees who shall accrue sick leave based on the ratio of hours worked in comparison to the full-time equivalent.~~

XV. BENEFITS

B. LIFE INSURANCE

The City provides a group life, accidental death, and dismemberment insurance for all regular ~~full-time~~ employees. The basic insured amount reduces at certain age periods, as provided in the current policy.

C. RETIREMENT

The City provides retirement benefits for its qualified ~~full-time~~ employees through the Public Employees and Public Safety Retirement Systems of the State of Utah and F.I.C.A. (Social Security). The City pays the required contribution for the employee as is outlined in the Public Employees Retirement System (PERS). The contribution to F.I.C.A. is shared between the City and the employee as per federal law.

The City also participates in deferred compensation programs through the State of Utah. All regular employees achieving an average of 20 hours per week are permitted to participate in these programs. For employees hired prior to July 1, 2015, the City contributes an amount historically provided. For employees hired after June 30, 2015, the City will participate in a matching deferred compensation program through the State of Utah in an amount established by action of the City Council. Consult the City Treasurer for details.

There is no mandatory retirement age for City Employees. However, employees should consult PERS' Summary of Member Benefits for further information.

BACKGROUND: The current Clinton City impact fees were adopted in 2019. It is time to update and renew them to ensure compliance with Utah law and to reflect current and projected growth. The impact fee process is governed by Title 11, Chapter 36a of the Utah Code, the “Impact Fees Act.” This law requires that only new growth-related projects are funded through impact fees, while existing residents pay for current deficiencies or replacement of existing infrastructure. Updating impact fees involves three key components: • Master Plans • Master plans are the foundation documents for each utility system. • They identify long-term infrastructure needs, capacity requirements, and projects to serve both existing residents and new growth. • The master plans distinguish between projects needed to address current deficiencies and those															

required to serve new growth.

- J-U-B is in the process up updating the master plans
- **Impact Fee Facility Plans (IFFPs)**
- An IFFP is a formal document required by state law that defines which capital facilities are necessary to serve new development.
- It must show capacity calculations, project timing, and how each project is tied directly to anticipated growth.
- The IFFP ensures the City is legally defensible in charging impact fees, by documenting that projects funded with these fees provide a direct benefit to new development.
- J-U-B will completed the IFFPs with the master plans
- **Impact Fee Analysis (IFA)**
- The IFA takes the IFFP data and calculates the actual dollar amount of the impact fees to be charged.
- It allocates project costs proportionally across new development, based on demand factors such as water usage, trips generated, or population equivalents.
- The IFA also ensures that fees do not exceed the reasonable benefit received by new development, keeping the City in compliance with the Impact Fees Act.

Utility Rate Studies

In addition to impact fees, we received proposals to conduct utility rate studies for water, sewer, and storm water. The process includes:

- **Data Collection:** Reviewing customer billing data, current budgets, existing debt, capital improvement needs, and cash balances.
- **Demand & Expenditure Analysis:** Forecasting customer growth, operating expenses, and future capital costs.
- **Revenue Sufficiency & Rate Design:** Designing rate structures that ensure long-term sustainability, bond coverage, and adequate reserves
- **Modeling Scenarios:** Testing different options (e.g., gradual vs. one-time increases, combinations of rate adjustments and bonding) to give the City flexibility.
- **Deliverables:** A complete written report, user-friendly financial models, comparative rate tables, and presentations to Council.

Consultant Selection for the IFA and Rate Studies

The City received proposals from Zions Public Finance and EFG Consulting. The proposals can be sent if the Council members would like a copy.

The overall cost for each proposal is as follows.

Zions Public Finance: \$79,000 (Itemized IFA and rate study costs are in the Fiscal Impact Section)
EFG Consulting: \$114,750

Zion's completed the IFAs in 2019 and did a great job and are familiar with Clinton City. Staff is recommending that the IFA and rate studies be awarded to Zions Public Finance.

The schedule for the IFFP, IFA, and rate studies depends on when information for the draft general plan is available. The density and growth projections are needed to determine what the future population and number of homes will be in the City so that the appropriate costs can be applied to them. Pending the information from the general plan in December, the water and parks impact fee and rate study will be completed in February 2026, with the Sewer and storm water in June 2026, and transportation in September 2026. We received a grant for the transportation master plan and IFFP that will allow us to start on the transportation master plan in November.

ATTACHMENTS:

RESOLUTION NO. 12-25

A RESOLUTION AWARDING THE IMPACT FEE ANALYSIS AND RATE STUDIES TO ZIONS' PUBLIC FINANCE

WHEREAS, Clinton City (the "City") adopted its current impact fees in 2019 and is required under the Utah Impact Fees Act, Title 11, Chapter 36a, Utah Code Annotated 1953, as amended, to periodically update its impact fees to ensure legal compliance, equity, and reflection of current and projected growth; and

WHEREAS, the City desires to update its master plans, Impact Fee Facility Plans (IFFPs), and Impact Fee Analyses (IFAs) for water, sewer, storm water, parks and trails, transportation, and public safety; and

WHEREAS, the City also seeks to conduct water, sewer, storm water, and transportation utility fee studies to evaluate revenue sufficiency, rate design, and long-term sustainability of its enterprise funds; and

WHEREAS, the City issued a request for proposals and received proposals from Zions Public Finance in the amount of \$79,000 and from EFG Consulting in the amount of \$114,750; and

WHEREAS, Zions Public Finance successfully prepared the City's 2019 IFAs, is familiar with Clinton City's infrastructure systems, and submitted the lowest responsive proposal; and

WHEREAS, staff recommends that the City Council award the IFA and rate studies to Zions Public Finance in the total amount of \$79,000, with costs allocated between applicable impact fee funds and enterprise funds as set forth in the fiscal impact statement;

NOW, THEREFORE, BE IT RESOLVED by the City Council of Clinton City, Utah, as follows:

1. The City Council hereby awards the contract for the preparation of updated Impact Fee Analyses and Utility Rate Studies to Zions Public Finance in the total amount of \$79,000.
2. The Mayor and City Manager are authorized to execute all necessary agreements and documents on behalf of the City.
3. The costs shall be funded as follows:
 - Water Impact Fee Fund: \$8,000
 - Parks and Trails Impact Fee Fund: \$7,000
 - Storm Water Impact Fee Fund: \$8,000
 - Sewer Impact Fee Fund: \$7,000
 - Public Safety Impact Fee Fund: \$12,000

- Water Enterprise Fund: \$6,000
 - Sewer Enterprise Fund: \$6,000
 - Storm Water Enterprise Fund: \$7,000
 - Streets Account (Transportation Utility Fee Study): \$12,000
4. This Resolution shall take effect immediately upon adoption.

PASSED AND APPROVED by the Clinton City Council this 23rd day of September, 2025.

Mayor Brandon Stanger
