COMMUNITY COMMENTS

Mindy Quist from Lehi appealed to the Board to break ground on the Cold Springs Ranch lot to build a new elementary school to relieve North Point Elementary School enrollment numbers. She expressed concern that waiting until the new school boards are elected will continue to negatively impact the children and community.

Candace Jones from Lehi appealed to the Board to break ground on the Cold Springs Ranch lot to build a new elementary school to relieve North Point Elementary School enrollment numbers. She also requested the upcoming boundary studies include all school sites in West Lehi advising that too many school sites are struggling with overcrowding.

Katie Schwatz from Pleasant Grove appealed to the Board to review the policy on split classes in the district, specifically, Manilla Elementary School, where her 4th grader goes to school. She advised that the split classes leave room for the children's education to be impacted and they are losing valuable instruction time when they are rotating classrooms/teachers.

Jeanne-Marie Burrows from Lehi appealed to the Board to break ground on the Cold Springs Ranch lot to build a new elementary school to relieve North Point Elementary School enrollment numbers. She also believes that the

boundary study should not be performed prior to the construction of the new school but after the new school is built citing that the boundaries will already be adjusted once the three new school districts are in place.

Julie Myers from Cedar Valley appealed to the Board to wait on closing down Cedar Valley Elementary School and allow the community to build a new school site in Cedar Fort. She believes that moving the children to Mountain Trails Elementary School will cause additional overcrowding and further impact the children's education and this move will not be a positive change for the children of Cedar Valley Elementary School.

Monica Corry from Cedar Valley appealed to the Board not to close Cedar Valley Elementary School citing the positive impact the school and its staff has had on the children of the community. She advised that the school site should be preserved instead of destroyed and the community should be given the chance to build a new school.

Heidi Corry from Cedar Valley, a graduate of Cedar Valley Elementary School, appealed to the Board not to close Cedar Valley Elementary School citing the significance the school and its staff had on her and the other children who attended and currently attend Cedar Valley Elementary School.

Rachel Haws from Cedar Valley appealed to the Board not to close Cedar Valley Elementary School advising her two sons attend this school and the school and staff have had a positive impact on her children and their education. She requested that the school not be closed but built up to accommodate the growing student body.

Alex Carter from Cedar Fort appealed to the Board not to close Cedar Valley Elementary School citing the positive impact the staff had on his son's behavior and education as well as his other children. He suggested the empty lot next to the school could be used to expand the current school site.

Joy Newkik from American Fork appealed to the Board not to close Cedar Valley Elementary School citing her children have attended the school as well as family and friends working for the school. She advises she understands that most of the schools are overcrowded due to the increase in the population, however, Cedar Valley Elementary School is not. She requested that the board give the community time to build a new school before they shut down Cedar Valley Elementary School.

MINUTES

Board President Julie King recommended the approval of the August board meeting minutes. Mark Clement made the motion to approve the August board meeting minutes, and it was seconded by Stacy Bateman. The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Mark Clement, Emily Peterson, Julie King, Stacy Bateman, and Sarah Beeson.

CLAIMS

Interim Superintendent Smith recommended that the Board accept the August claims report. Check numbers 00285793 through 00313733 totaling \$23,447,773.49 and 00006511 through 00006906 totaling \$706,540.12 for a grand total of \$24,215,436.26 were presented for the Board's acceptance. Sarah Beeson made the motion to accept the August claims report, and it was seconded by Ada Wilson. The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Mark Clement, Emily Peterson, Julie King, Stacy Bateman, and Sarah Beeson.

4. LEA Specific Licenses

The LEA license applications were included for the board's review.

Interim Superintendent Smith recommended approval of the routine business. Ada Wilson made the motion to approve the routine business, and it was seconded by Emily Peterson. The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Mark Clement, Emily Peterson, Julie King, Stacy Bateman, and Sarah Beeson.

DISCUSSION/ACTION ITEMS1. Policy 4164 – Military Leave

Executive Director of Legal Services, Kraig Brinkerhoff, presented the recommended change of the policy concerning military leave time being taken consecutively. The new policy will allow for individuals to take fifteen (15) contract days consecutively or broken into separate leaves.

Joylin Lincoln made the motion to approve Policy 4164 with the following change: remove the “fifteen (15) consecutive calendar days or eleven (11) contract days and change to “fifteen (15) contract days” and Sarah Beeson seconded it.

Board member Lincoln commented that she appreciated the opportunity to work with the associations and the district’s military teachers to ensure that we value the service that they provide to our community and that they want to ensure we match what other state agencies are providing. The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Mark Clement, Emily Peterson, Julie King, Stacy Bateman, and Sarah Beeson. The motion passed unanimously.

2. Policy 4414 – Military Leave

Executive Director of Legal Services, Kraig Brinkerhoff, presented the recommended change of the policy concerning military leave time being taken consecutively. The new policy will allow for individuals to take fifteen (15) contract days consecutively or broken into separate leaves.

Ada Wilson made the motion to approve Policy 4414 with the amendments as previously noted, and Joylin Lincoln seconded it. The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Mark Clement, Emily Peterson, Julie King, Stacy Bateman, and Sarah Beeson. The motion passed unanimously.

3. Policy 6048 – Home School

Executive Director of Legal Services, Kraig Brinkerhoff, presented the recommended change of the policy concerning the process of notifying the school district of their intent to homeschool their child with a notarized document. The policy will be changed to match the new state legislation change of not requiring the notice of intent to be notarized as well as the notice only being required once upon notification to the district and is good through the duration of the parent’s intent to home school their child.

Mark Clement made the motion to approve Policy 6048, and Joylin Lincoln seconded it.

Ada Wilson brought attention to the link at the bottom of the page of Policy 6048, where individuals can examine the form that is required and reiterated that it is only required once and is good through the duration of the parent’s intent to home school their child.

The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Mark Clement, Emily Peterson, Julie King, Stacy Bateman, and Sarah Beeson. The motion passed unanimously.

4. Notification for potential Elementary Boundary Adjustment in Lehi

Executive Director of Operations, Eric Woodhouse expressed his gratitude and respect for the individuals who showed up in person to speak out about the boundary adjustments as well as the individuals who submitted comments online. He advised that the Operations Team had the opportunity to visit Cedar Valley Elementary School site to interview the staff and see the community. Mr. Woodhouse explained how boundary adjustments are tricky and unpopular. He advised the difficulty is the district's ability to grow and decline at the same time and the way to manage that is to consistently do boundary studies. He advised that boundary studies take into consideration the construction of new schools but also performing boundary adjustments and even considers school closures. The team works to weigh the growth and decline and determine what is the best course of action for that community. He advised that as we move forward, the public comment from the community is an important part of the process and encouraged the community to speak up at the meetings they are able to. He assured the community that all variables are taken into consideration when boundary studies are performed and data given to the board for a decision. He advised that the team is aware that North Point Elementary School is in need of change and that is why a formal boundary study is being requested today. Mr. Woodhouse advised that the formal boundary adjustment study will be done in Lehi and will be evaluating the following schools: North Point Elementary School, Lehi Elementary School, River Rock Elementary School, and Snow Springs Elementary School. Director of Operational Analytics, Derek Farnes, explained the timeline for the study will start in September with community notification and the final decision being made by the board in November. He noted there will be a Public Hearing on October 14, 2025 to discuss this boundary study and give the public the opportunity to comment.

Julie King requested clarity on the suggestions to take money out of the lease revenue bonds to build a new school at the Cold Springs Ranch lot. She requested he explain the timeline of what that would look like and to verify if this boundary study request would impact the timeline of a build if it was approved. She noted that even if the construction of a new school is approved, doors will not be open until 2027. Mr. Woodhouse verified that the timeline of completion would be 2027; approximately eighteen (18) months. His team has documentation regarding a potential build for the Cold Springs Ranch lot to give to the new boards in case they choose to approve the construction of a new school immediately.

Stacy Bateman moved to initiate the notification process to parents, as required in Utah State Code, that the school board is considering school boundary changes for Lehi Elementary, North Point Elementary, River Rock Elementary, and Snow Springs Elementary, Joylin Lincoln seconded it. Stacy Bateman clarified that the boundary study and schools listed on this request does not have to impact a new build on the Cold Springs lot or mean the potential closure of Lehi Elementary School. The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Mark Clement, Emily Peterson, Julie King, Stacy Bateman, and Sarah Beeson. The motion passed unanimously.

5. Notification for potential Elementary Boundary Adjustment in Saratoga Springs/Eagle Mountain

Executive Director of Operations, Eric Woodhouse advised this request is for Thunder Ridge Elementary school and they are looking for solutions to relieve these schools without the construction of a new school at Mount Saratoga. He advised that the construction of a new school is an expensive endeavor and as discussed in study session earlier, would cost approximately \$4 million. He advised that consistently building new schools is not only expensive, it leaves room for school closures down the road if there is a decline in population. The requested formal boundary adjustment study will be done in Saratoga Springs/Eagle Mountain and will be evaluating the following schools: Black Ridge Elementary School, Thunder Ridge Elementary School, Pony Express Elementary School, Brookhaven Elementary School,

and Silver Lake Elementary School. Director of Operational Analytics, Derek Farnes, advised the timeline for the study will start in September with community notification and the final decision being made by the board in November. He noted there will be a Public Hearing on October 28, 2025 to discuss this boundary study and give the public the opportunity to comment.

Ada Wilson commented that she was under the impression that the funds for payments on the lease revenue bonds would be coming from the West capital funds and when she hears discussions about additional builds, she does not believe that that payment plan can be assured. As a representative from the South, they have significant needs that will need to be dealt with prior to July 2027. So whatever decisions are made, need to be done in an equitable manner and requires more discussion.

Joylin Lincoln moved to initiate the notification process to parents, as required in Utah State Code, that the school board is considering school boundary changes for Black Ridge Elementary, Brookhaven Elementary, Pony Express Elementary, Silver Lake Elementary, and Thunder Ridge Elementary, and Julie King seconded it.

Joylin Lincoln commented that she is excited that the board is continuing to meet students' needs today and in the future.

Julie King requested clarification on Black Ridge Elementary would be part of two boundary studies, the other being the Cedar Valley Elementary School boundary adjustment study. Mr. Woodhouse verified that this is correct and the boundary information will be listed on the Alpine School District website and can reach out to the Communications team directly.

The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Mark Clement, Emily Peterson, Julie King, Stacy Bateman, and Sarah Beeson. The motion passed unanimously.

REPORT

1. Membership Report

Interim Superintendent Smith reviewed the enrollment report that was compiled after September 1, 2025 with the official count coming October 1, 2025.

BOARD MEMBERS' AND SUPERINTENDENT'S REPORTS AND INFORMATION ITEMS
