

Mayor Barbara Bruno
Council Department Report
October 2025

LPC Housing Advisory Subgroup

At this time, it looks like the State requirement that detached ADU's be allowed by right will only apply to Moderate Income Housing Plan municipalities (over 5,000 people).

ZNP Visitor Use Management Plan committee

The Washington County Commission passed a resolution against any Visitor Use Management Plan for Zion National Park. A letter was also sent from our Senators and Representatives against the Plan. No plan has been presented, but they would like to see the planning stop.

Corridor Management Plan

Springdale, Rockville, Virgin, Hurricane, and Kane County have passed resolutions approving the updated Corridor Management Plan. Washington County tabled it for the next meeting. The next step is to get sponsors in the Utah House and Senate.

Virgin Town Manager

Virgin has hired a new Town Manager, Mark Meyers. He started on September 22, and there was a "meet and greet" for residents on September 25. He will be attending the ULCT conference in SLC, and he will attend our monthly "Canyon Mayors" lunches. He moved to Virgin from Holland, Michigan.

Utah League of Cities and Towns

I attended the Fall conference in Salt Lake City and learned that I was chosen to be a ULCT board member. This is an honor and will assure that Springdale has more of a "voice" with the State Legislature.
