

IRON COUNTY RURAL PLANNING ORGANIZATION

ICRTEC CHAIR—MAYOR Geoffrey Chesnut • ICRTAC CHAIR—Rob Dotson • PLANNING MANAGER—Nathan Wiberg

MINUTES

Rural Transportation Advisory Committee (RTAC)

August 05, 2025, 1:30 pm
Brian Head Fire Station (Upstairs)
535 Vasels Rd
Brian Head, Utah 84719

MEMBERS IN ATTENDANCE:

Kent Fugal
Chris Hall
Rob Dotson
Tyler Allred
Reed Erickson
Dan Jessen

MEMBERS EXCUSED:

Todd Robinson
Bret Howser

OTHERS IN ATTENDANCE:

Nate Wiberg
Myron Lee
Karyl Keanaaina
Brett Hamilton

REPRESENTING:

Cedar City
UDOT
Enoch City
Kanarraville
Iron County Planning
Parowan City

REPRESENTING:

Paragonah
Brian Head

REPRESENTING:

Five County AOG
Dixie MPO
UDOT
Iron County

IRON COUNTY RURAL PLANNING ORGANIZATION

ICRTEC CHAIR—MAYOR Geoffrey Chesnut • ICRTAC CHAIR—Rob Dotson • PLANNING MANAGER—Nathan Wiberg

1. Quorum Declaration

The meeting was called to order at 1:30 PM by Chair Rob Dotson. A quorum was confirmed with six voting members present.

2. Approve Minutes – June 03, 2025

- Rob Dotson entertained a motion to approve the June 3, 2025.
- **Motion: Reed Erickson moved to approve the minutes and was seconded by Kent Fugal. The motion was unanimously approved.**

3. RPO Program Review

- Nate Wiberg presented an outline of proposed RPO priorities for the coming year.
- Transportation Expo - It is being worked on.
- Corridor Preservation Policies - Iron County contracted with Kimley-Horn as part of the SS4A planning grant.
- Prepare info on what it takes to become an MPO - Chris Hall and Nate Wiberg had a conversation with the Emerging Area group of UDOT. They put us on the FY 2027 priority. There was a short discussion about transitioning to an MPO.
- There was a short discussion about the RPO information being available on a Google Drive for the members to access all of the information.
- There was discussion about CATS having representation when it becomes an MPO and whether someone should attend the RTAC meetings. Kent Fugal will look into who would make sense to get involved with the RPO. There was a discussion about the Cedar City Active Transportation organization. It might make sense to invite the active transportation committee chair to come to the RTAC meetings but not become a member. There was a discussion about Paiute Tribe involvement with the RPO. Invite the Tribe to attend RTAC meetings. Having the Tribe join as a member needs to come from the COG.
- Is there a way to enhance the Transportation Priority List?
 - Are there items that are duplicated on the list?
 - Create a short form. There was an effort to use the concept report in the past, with little success.
 - Nate will organize the projects by cities and the entities were asked to go through and update their projects. Chris Hall suggested that slowly updating the priority list will help prepare the RPO for a transition to an MPO.
- Prepare the RPO meeting packet one to two weeks prior to the meeting and have it ready on Google Drive.

IRON COUNTY RURAL PLANNING ORGANIZATION

ICRTEC CHAIR—MAYOR Geoffrey Chesnut • ICRTAC CHAIR—Rob Dotson • PLANNING MANAGER—Nathan Wiberg

- There was a discussion about how the RTAC used to take one meeting per year to go through the Transportation Priority List, one project at a time.

4. Household & SE Estimates Meeting Prep Discussion

- Chris Hall is setting up a meeting to review the household and socio economic (SE) data for the traffic demand model. The purpose is to verify the 2023 base year SE data in the Transportation Analysis Zones (TAZ).
- Next Meeting: August 21, 2025 at Festival Hall (Cedar City), in the afternoon.
- The local governments were asked to review maps and confirm or correct data and make sure to bring staff members who are knowledgeable about household data.
- Future meeting: early 2026 to address growth projections.

5. Transportation Expo Discussion

- **Venue:** Festival Hall, Cedar City (18 booths capacity).
- **Confirmed Participants:** Cities, CATS, consultants, school district (pending), UDOT, law enforcement/public safety, Inland Port (pending), Patchwork Parkway, etc.
- Discussion about having project displays for the SS4A, the Interconnectivity study, ect.
- Possible UDOT Projects for Display:
 - I-15 south Cedar interchange and widening
 - I-15 northbound climbing lane (MP 43–56)
 - SR-56 Iron Springs Road high-T intersection (with Iron Springs Road improvements)
- Suggestion for a dedicated booth for the South Interchange project (public feedback needed). Other UDOT projects may be consolidated to a shared booth.
- RPO will have a separate booth to raise awareness of its role and transportation priority list.
- Invitations to the general public, elected officials, and candidates. VIP-style invitations to elected officials (without creating a meeting).
- Flyers, banners, social media, city radio programs, podcasts.
- Special invitations to Transportation Commissioners.
- Consider general comment cards plus project-specific comment cards.
- Sign-in at the front desk with an email column to build an email contact list for future outreach.

6. Transportation Priority List

Specific updates noted:

- Costs may not be accurate on projects & C40.
- Adjustments were made throughout to projects C5, S21, C7, S22, ST16. Additional details for these projects are on the attached Transportation Priority List.

IRON COUNTY RURAL PLANNING ORGANIZATION

ICRTEC CHAIR—MAYOR Geoffrey Chesnut • ICRTAC CHAIR—Rob Dotson • PLANNING MANAGER—Nathan Wiberg

- Nate to circulate simplified concept reports for local entities to update projects.
- Longer-term need to update concept plans and cost estimates.

***Note - The Chair and Vice Chair had to leave. The remaining items were tabled and the meeting was adjourned.**

7. Transportation Projects/Studies/Updates

- Discussion tabled

8. Other Discussion Items

- Discussion tabled

9. Next Meeting

- The next meeting is scheduled for October 7, 2025 in Parowan.

10. Adjourn

- The meeting adjourned at the end of agenda item 6.

Iron County Rural Planning Organization Transportation Priority List
Nov 2024 - Oct 2025 Amended & Approved

Approved 11/6/2024

Proj #	Capacity	Potential Funding Sources				Proposed for funding	Estimated Cost	RPO Phasing	General Phasing	TIF Priority	Notes
Proj #	Project	Jurisdiction	UDOT	Local**	Other	Freight		2,6,7+	10,20,30	TIF Priority	Notes
