**PROPERTY TAX COST OF THE BONDS:** If the Bonds are issued as planned, without regard to the taxes currently levied for outstanding bonds that will reduce over time, an annual property tax to pay debt service on the Bonds will be required over a period of twenty (20) years in the estimated amount of \$887.71 on a \$722,055 residence and in the estimated amount of \$1614.01 on a business property having the same value. If there are other outstanding bonds, an otherwise scheduled tax decrease may not occur if these bonds are issued. The foregoing information is only an estimate and is not a limit on the amount of taxes that the District may be required to levy to pay debt service on the Bonds. The District is obligated to levy taxes to the extent provided by law in order to pay the Bonds.
