38 4. DISCUSSION AND ADOPTION OF COMMITTEE GOALS AND PROGRAMS
39

40 The Committee discussed and reviewed the following five goals discussed during the previous
41 meeting for the year:

- 42 • Increase active transportation use
- 43 • Improve safety for all users

- 44 • Develop, enhance, and maintain a network that connects destinations, *such as parks and*
- 45 *trailheads*
- 46 • Champion supportive policies
- 47 • Implement programs that support the mission

48

49 Ali Avery led the discussion, suggesting removal of specific examples as in number three “such
50 as parks and trailheads” for broader applicability. Peter Wirthlin proposed adding "active
51 transportation and outdoor recreation" for clarity, while Ted Knowlton emphasized balancing
52 recreational and utility uses. The Committee agreed to remove the specific examples and adjust
53 the fifth goal to "implement supportive programs."

5) **Implement supportive programs**

66 **Committee Members Crowther, Huebner, Oakes, Poulter and Wirthlin.**

67

68 5. ACTION ITEMS

69

70 The Committee reviewed ongoing action items. Ali Avery noted no changes in Forest Service
71 outreach and she continued use of email sign-ups for events. Brent Crowther mentioned seeing
72 many new volunteers from JustServe. Ali Avery suggested contacting courts to enlist those that
73 are required to complete court ordered service.

74

75 Ali Avery mentioned the possibility of donation options (creating a nonprofit organization) in
76 coordination with other communities such as Bountiful and Farmington. Ted Knowlton
77 supported a South Davis Greenway non-profit inclusion if that was an option.

78

79 6. STAFF UPDATES

80

81 Ali Avery reported delays in the Trails Master Plan request for proposals (RFP) but anticipated
82 an October selection, with Brent Crowther, Peter Wirthlin, and Ryan Oakes (alternate)
83 representatives to assist with consultant selection. She also announced Kimley-Horn as the South

84 Davis Greenway consultant and noted ongoing Forest Service outreach challenges. She also
85 mentioned the status of the citywide safe routes to school plan.

86
87 Jon Rueckert reviewed the budget noting operating supplies had about \$1,700 left after the
88 \$846.63 spent year to date. He indicated that most of the expenses were related to advertising
89 with the large signage boards around the City.

90
91 Jon Rueckert indicated that \$1,200 was available for travel, education and training; \$2,500 for
92 operating supplies; and, \$600 for Trails and Active Transportation Committee t-shirts, stickers,
93 and swag. The Committee discussed the cost for sign advertising and perhaps a budget
94 adjustment since that advertisement method had not been considered in the initial budget request.

95
96 Ali Avery suggested only major events be included in the City's sign board advertising around
97 town such as Purge the Spurge and National Trails Day. The Committee was in agreement unless
98 a budget adjustment could be approved, monthly events should not be advertised on signage to
99 save costs. She acknowledged her request to the Communications Manager that the monthly
100 trails events not be included on the signage and instead utilize JustServe to advertise and solicit
101 volunteers to save costs.

102
103 Brent Crowther wondered if the City could purchase additional trash grabbers that could be used
104 on trail cleanup days. Jon Rueckert and TJ Riley agreed that would be a good use of funds and
105 they could be purchased and painted for easy identification as a City tool. The Committee
106 recommended to get fifteen to twenty grabbers.

107 108 7. CITY COUNCIL UPDATES

109
110 Ted Knowlton provided updates on the resuming general plan and a nearing Highway 89
111 Corridor agreement with UDOT, which includes 12 feet for bike space aligning with Utah Trail
112 Network standards, potentially linking to the South Davis Greenway. He also proposed building
113 a list of trail enthusiasts and suggested including it as an agenda item to discuss at the next
114 meeting how to help move that effort forward.

115
116 Ali Avery suggested a QR code on forms or sign in sheets. The Committee briefly brainstormed
117 ideas such as using the newsletter and notify me on the City's website for project alerts, etc.

118 119 8. REVIEW OF PAST AND UPCOMING TRAILS EVENTS

120
121 The Committee reviewed the August 23 event, with Peter Wirthlin reporting 30 volunteers
122 successfully realigned trails and removed vegetation, planning further work. Ryan Oakes noted
123 trash removal on the 9-11 service day on September 6th, and positive trail awareness. The
124 Committee discussed trail use, users, and data that could be useful to aid the goals and programs.

125

126 Ali Avery highlighted upcoming events included the Jordan River Paddle on September 13,
127 Foxboro Wetlands ribbon-cutting on September 11, and a Youth City Council trail cleanup on
128 September 30th, with members encouraged to assist.

129
130 Pedro Huebner mentioned having some concerns with the boardwalks and would like to discuss
131 them in a future meeting if possible. Ali Avery indicated he could also share those concerns with
132 staff.

133
134 Jon Rueckert wondered if Peter Wirthlin could help with the Halloween Fun Run at Tunnel
135 Springs this year. Peter Wirthlin confirmed he could attend and help the Events Committee. He
136 indicated he would reach out to Dallas Golden to confirm and offer assistance.

137

138 9. DISCUSSION AND RECOMMENDATION OF 2026 EVENTS CALENDAR

139

140 The Committee planned the 2026 calendar, setting Purge the Spurge for April 11th, National
141 Trails Day for June 6th, and monthly cleanups from May to October, skipping July. Ali Avery will
142 confirm Golden Spoke and Get to the River dates (September 12), avoiding conflicts like the
143 Kite Festival. Peter Wirthlin suggested a winter snowshoe day. Pedro wondered if Legacy
144 Parkway trail maintenance was a County responsibility.

145

146 10. DISCUSSION ON FUTURE AGENDA(S)

147

148 Ali Avery scheduled the annual report presentation at City Council meeting for January 20, 2026
149 at 7 p.m., with Brent Crowther presenting, requesting members prepare content for the report.

150

151 The Committee agreed to include Trails Master Plan updates, annual report drafting, and grant
152 opportunities on future agendas. Pedro Huebner raised concerns about bike rack availability in
153 public spaces, prompting a discussion on bike valet services for E bikes and Town Center
154 standards, with Peter Wirthlin suggesting bike collective support.

155

156 11. ADJOURN
