

MINUTES OF THE TOWN COUNCIL
MEETING
OF THE TOWN OF CLARKSTON

September 2, 2025
7:00 P.M.

Town Council Meeting held at the Clarkston Town Hall, 50 South Main, Clarkston, UT

Attendance: Mayor N. Craig Hidalgo
Councilmembers: McCall Stephensen, Adam Hanover,
Mike Kelly, Jared Petersen

Town Clerk: Kristi Hidalgo

Public Attendance: Jeff Renshaw, Luke Rashall

1. CALL TO ORDER

Mayor Hidalgo called the Clarkston Town Council to order at 7:00 p.m. Councilmember A. Hanover led the Pledge of Allegiance, read a Post Pledge Reflection - See Exhibit A - and offered reverence to begin the meeting.

Mayor Hidalgo addressed the minutes of the Clarkston Town Council Meeting held August 5, 2025. Councilmember A. Hanover motioned for the Clarkston Town Council to approve and adopt the minutes of August 5, 2025. Councilmember M. Kelly seconded the motion. All in favor "Aye". Motion Carried.

2. BUSINESS

Business License Application – Jeff Renshaw - Jeff Renshaw was present at the meeting. Mayor Hidalgo stated that the name of the business is Renshaw's Handyman Service LLC and is located at 30 South 100 East. Mayor Hidalgo explained that Mr. Renshaw would be traveling to homeowner's properties to complete projects for them. Monthly sales would be approximately \$2,000- \$3,000 per month. Mayor Hidalgo Councilmember D. Smith motioned to approve the business license with the above stipulation. Mayor Hidalgo recommended that prior to starting projects he makes sure the property owners have received proper permitting required for the project. Mr. Renshaw agreed. Councilmember A. Hanover motioned to approve the business license. Councilmember M. Stephensen seconded the motion. All in Favor "Aye". Motion carried

Town Clean-up Date/Plan –Mayor Hidalgo informed the Council that a general letter, drafted by Councilmember A. Hanover had been mailed out encouraging all Clarkston citizens to clean up their yards and take pride in their property and in our community. Mayor Hidalgo said that he had also sent out an email to the Bishops of Clarkston 1st and 2nd Wards asking for their assistance in providing people to help citizens that need help cleaning up their yards or hauling items to the dumpsters. The town would cover all clean-up costs incurred. It was determined that the Town Clean-up Day would be

September 24 – 29. There will be two roll-off dumpsters brought in for citizens to utilize in cleaning up their yards and beautifying the town.

SCADA Upgrade Proposal – Mayor Hidalgo presented a SCADA Upgrade Proposal from Rockwell Supply Company. See Exhibit B

Mayor Hidalgo stated that the Clarkston Town SCADA System is extremely antiquated. To be in compliance with water testing and reporting required by the State of Utah Division of Drinking Water the Clarkston Town SCADA system needs to be updated. It will cost approximately \$44,000. Mayor Hidalgo stated that he wanted the Council to be aware of the necessity and the cost of upgrading the SCADA System. It will need to be done within the next couple of years.

Division of Drinking Water and Division of Water Quality Fee Proposals - Mayor Hidalgo informed the Council that two divisions within Utah's Department of Environmental Quality – Drinking Water (DDW) and Water Quality (DWQ)- are proposing new Public Water System Fees that could significantly impact public water systems across the state, especially small and rural systems. They are accepting public input on the proposed fees and Mayor Hidalgo said he had already responded in opposition to the fees. The financial impact of these fees on Clarkston Town would be substantial. The fees would be effective July 1, 2026 with first payments due July 2027.

3. Departments

Mayor Hidalgo – Fire Department – Mayor Hidalgo reported that Kendrick Electric would be installing a Generac backup generator at the fire department and at the Town Hall. In the event of an emergency those two buildings will be completely operational.

Green Waste – Mayor Hidalgo reported that there has been a lot of abuse with the green waste dumpster this year. People are continuously putting items in the green waste dumpster that are not green waste. When this happens, the refuse must be taken to the landfill, and the town is charged the landfill price for tonnage. Mayor Hidalgo said that he had talked to T & S Advanced Waste about the abuse and found out that the owner Tileo Perez has been removing the non-green waste items from the dumpster at no charge to the town. Mayor Hidalgo stated that he doesn't think that it is fair for him to have to do that and if citizens of Clarkston can't abide by the concept of green waste and continue to misuse it the town needs to get rid of it. Mayor Hidalgo proposed that if it doesn't improve the town won't provide Green Waste Services next year.

Councilmember A. Hanover and Councilmember M. Stephensen agreed with Mayor Hidalgo.

Pickleball Grand Opening – The Pickleball and Basketball Court Grand Opening will be held on September 4, 2025 at 7:00 pm. There will be some prize drawings, and light refreshments will be served.

Councilmember M. Stephensen – August Warrant List – Councilmember M. Stephensen presented the Warrant List for August 2025. Councilmember A. Hanover motioned for the Clarkston Town Council to approve the Warrant List as read. Councilmember M. Kelly seconded the motion. All in favor “Aye.” Motion carried.

Youth Council – Councilmember M. Stephensen reported that the youth council would be meeting on September 13, 2025 to plan the Halloween Movie.

Councilmember A. Hanover – Planning Commission – Councilmember A. Hanover stated that the planning commission is just business as usual. They had approved several permits.

Councilmember M. Kelly – Cemetery Department – Councilmember M. Kelly reported that he had been notified that there was Morning Glory growing all over the cemetery. It needs to be mitigated so it doesn’t take over the whole cemetery.

Cache County School District –The School Board Meeting, to go over the plans for the school boundary changes, is going to be on September 18, 2025. The Cache County School Board will allow public comment at the meeting.

Councilmember J. Petersen – Roads Department – Mayor Hidalgo reported that Christensen Construction would be starting the Drainage Project on 300 South next week.

4. RELEVANT BUSINESS

Public Comment

Luke Rashall – Referenced the green waste discussion and stated that if citizens continue to abuse the green waste service he is in favor of doing away with it. Mr. Rashall feels that the \$2.00 monthly Green Waste Fee should go to some other service, if people won’t respect the green waste dumpster, such as saving to build more pickleball courts or trail systems or something like that.

Next Meeting – The next Town Council Meeting will be held on Tuesday September 16, 2025 at 7:00 pm.

5. ADJOURN

There being no further business to come before the Council, Councilmember A. Hanover motioned that the Clarkston Town Council Meeting be adjourned. Councilmember J. Petersen seconded the motion. All members present voted “Aye.” Motion carried. The meeting was adjourned at 7:48 p.m.

Clarkston Town Clerk

Exhibit A

Post-Pledge Reflection

As we stand together having pledged allegiance to our flag and our Republic, it's worth remembering that many of our Founding Fathers spoke of the essential role of faith in the life of our nation.

George Washington, in his Farewell Address, reminded us that, 'Of all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports.'

John Adams echoed this truth when he said, 'Our Constitution was made only for a moral and religious People. It is wholly inadequate to the government of any other.'

James Madison, the "Father of the Constitution" said:

"We have staked the whole of all our political institutions upon the capacity of mankind for self-government, upon the capacity of each and all of us to govern ourselves, to control ourselves, to sustain ourselves according to the Ten Commandments of God."

And even Thomas Jefferson, who so firmly believed in liberty of conscience, acknowledged that our rights come not from government, but from God Himself, declaring in the very words of the Declaration of Independence that we are 'endowed by our Creator with certain unalienable Rights.'

From the beginning, the Founders recognized that freedom requires both responsibility and virtue, and that those virtues are most firmly rooted in faith.

Tonight, as we go about the business of our beautiful town in this great Republic, may we never lose sight of that heritage — and may we carry forward with gratitude for the blessings of liberty and the guiding hand of Providence in the life of this great nation.

CLARKSTON TOWN CORP.
APPLICATION FOR BUSINESS LICENSE

NAME OF BUSINESS Renshaw's Handyman Service LLC
NAME OF APPLICANT Jeff Renshaw
MAILING ADDRESS 30 S 100 E Box 264 Clarkston, Utah 84305-0264

CLARKSTON TOWN COUNCIL APPROVAL

Date 2 Sept. 2025

N. Craig Hidalgo
Mayor

CONDITIONAL USE PERMIT: Yes ☐ No ☐

Conditions:

- 1: Prior to starting work make sure resident have
- 2: Proper permitting.

3: _____

4: _____

5: _____

*See addendum if more than 5 conditions.

10-11-2: CONDITIONAL USE PERMIT:

- A. Required:** An approved conditional use permit shall be required for each conditional use listed in this title. No officer nor employee of the town shall issue a building permit or other permit or license for a conditional use unless a conditional use permit shall have been approved.
- B. Application For Permit:** Application for a conditional use permit shall be made at the office of the town clerk on forms provided for that purpose.
- C. Development Plan:** The applicant for a conditional use permit shall prepare a site plan of the proposed conditional use, drawn to scale, and showing all existing and proposed buildings, fences, landscaping, automobile parking and loading areas, and any other information the planning commission may deem necessary.
- D. Fee For Permit And Costs:** The initial and renewal conditional use permit fee and other costs shall be as set by resolution by the town council.
- E. Hearing:** A hearing need not be held; however, a hearing may be held when the planning commission shall deem a hearing to be necessary to serve the public interest.
- F. Planning Commission Action:** The planning commission may approve, modify and approve, or deny the conditional use application. In approving any conditional use, the planning commission shall impose regulations and conditions as necessary to protect the public welfare within the bounds of this title. In approving a conditional use, the planning commission shall find that:
 - 1. The proposed use is necessary or desirable and will contribute to the general well-being of the community.
 - 2. The use will not be detrimental to the health, safety or general welfare of persons residing or working in the vicinity, or injurious to property or improvements in the vicinity.
 - 3. The proposed use will comply with the regulations of this title.
 - 4. The proposed use is in harmony with the intent of the master plan.
- G. Appeals:** Appeals of any decision of the planning commission shall be made to the town council.
- H. Inspection:** The building inspector shall inspect the conditional use during the course of construction to ensure that it complies with the conditions of the use permit.
- I. Time Limit:** A conditional use permit shall be null and void one year after approval unless substantial work shall have been accomplished toward its completion.
- J. Revocation:** A conditional use permit may be revoked upon failure to comply with the conditions imposed with the original approval of the permit.
- K. Permit Review:** Conditional use permits may be reviewed annually or at other intervals as stipulated by the planning commission.

Name	Customer	Proposal#	Due/Bid Date
Clarkston, UT - SCADA Upgrades	Clarkston Town	20255932	8/27/2025
Scope			

BILL OF MATERIAL

1. Control Panels

1. CTU - Reuse Existing Enclosure - 120V/1PH/20A
 1. Back Panel - 48x36 (Exact Dimensions Unknown)
 2. Main Circuit Breaker - 1P, 20A
 3. 24VDC Power Supply
 4. Battery Backup with Battery(s)
 5. Control Power Circuit Breakers as required
 6. Speed Spectrum Ethernet Radio (Existing to be reused) - Provided by others (Space provided for field installation by others)
 7. Cellular Modem
 1. Modem
 2. Antenna
 3. Cable - 20'
 4. Fittings
 5. Surge/Lightning Arrestor
 8. VPAC 6 without IO (Shipped Loose for Field Installation by others)
 9. Bezel for Inner Door/Door Mounting
10. VPAC Remote IO Base (Mounted to Back Panel)
 1. (1) 16pt Digital Input Module
 2. (1) 8pt Analog Input Module
11. Unmanaged Ethernet Switch - 5port
12. Control Relays As Required
13. Miscellaneous Electrical Supplies - Wire, Terminals, Nameplates, Etc.
2. RTU 1-Chlorine - New Enclosure -120V/1PH/20A
 1. Nema 4/12 Painted Steel Enclosure w/ Back Panel, Inner Door, 3PT Latch
 2. Main Circuit Breaker - 1P, 20A
 3. 24VDC Power Supply - 5A
 4. Surge/Lightning Arrestor
 5. PLC - HE959CPU250
 6. Speed Spectrum Ethernet Radio - Provided by others (Space provided for field installation by others)
 7. Control Relays - 3PDT
 8. Misc. Electrical Supplies - Wire, Terminals, Nameplates, Etc.
 9. UL 508A Listing

2. SCADA/Telemetry

1. iconrol

Primex will provide Web Hosted iControl SCADA programming. iControl can then be accessed thru a web page by personal computer or other smart devices to monitor and control operation.

Web Hosted iControl SCADA System will have the following functionality:

1. Secure, Remote Access from any Internet-enabled PC
1. Use existing desktop, laptop or notebook from office, home or mobile
1. Dynamic Process Graphics
1. Equipment Status (on/off, open/closed, alarm)
2. Statistics and Trend Screens (Levels, Flows, Starts, Run-Times, etc.)
1. Full Control
1. Equipment (H-O-A, Alternation, Open/Close, etc.)
2. Set-Points (Start-Stop, Lead-Lag, Alarm Points, etc.)
1. Alarm Management
1. Enable/Disable Alarm
2. Call Rosters
3. Remote Acknowledgement
4. Full Log / History
1. Data and Reporting
1. Graphical Trending of all Analogs
2. Basic Reports - Starts, Run Times, Flows

iControl Service Fees

iControl subscription fees for monitoring the above systems utilizing cellular communication is **\$60.00 per month**, per site. Invoices are sent quarterly in advance. The monthly subscription fee is based on a 3 year commitment and may not increase more than 3% per year during the 3 year period. iControl can be purchased in advance by multiplying the monthly fee by the number of prepayment months.

3. Services

1. Engineering
2. Drafting
3. Documentation
4. VPAC Programming
5. Warranty
6. Freight (FOB Shipping Point)

NOTE: Customer Supplied Parts – Our scheduling team will issue a zero-cost PO for the parts approximately 14 days prior to the beginning of panel manufacturing. This change will not affect ship date and will help the factory maintain the inventory with customer-supplied parts. Please do not ship customer-supplied parts to the factory until you have received the zero-cost PO from us with shipment instructions.

Items specifically not included in this proposal

1. Pump protection Modules/Relays provided by others
2. Field Installation provided by others
3. Onsite Field Service and Startup Assistance
4. Main Service Equipment provided by others
5. Computer or Smart Device to Interface to iControl
6. Sales or use tax
7. Liquidated Damages of any kind
8. Installation of equipment and job site labor other than as specified
9. Receiving and storage of equipment on the job site
10. Installation materials, brackets, wire, clamps, piping, junction boxes, etc., not specifically described in our material list

11. Performance, payment, or equipment bond of any kind
12. Installation of any instruments
13. Field Terminations
14. Mounting of any control panels or hardware
15. Mounting stands, brackets, channel strut or field assemblies of any kind.
16. Permits or Bonding
17. Fiber optic cable, connectors, patch panels, termination and/or testing
18. Electrical testing services
19. Solenoids and pressure switches are by others
20. Flow meter spare spools and flange gaskets
21. Local control panels, unless specifically listed on this scope of work
22. Field Instrumentation, unless specifically listed on this scope of work
23. SJE's sole obligation shall be the provision of those items specified within the "included" items listed above. The lack of an explicit exclusion does not imply inclusion

All prices quoted are based on current tariff rates and trade policies. Any new, increased, or additional tariffs, duties, taxes, or related governmental charges imposed after the date of this quote shall be the responsibility of the Buyer. Seller reserves the right to adjust pricing accordingly and bill these additional charges as a separate line item. The Buyer acknowledges and agrees to pay such adjustments as part of the total order cost.

Proposal Amount \$ 43,892.00

Freight Terms: FOB Origin, Freight Prepaid

On-Site Installation & Start-Up is \$155.00 Per Hour as Required

Respectfully submitted by,

Jared Rice

jared@rockwell-supply.com

Acceptance of Proposal (Purchase Order or Signature) – The preceding prices, specifications and attached terms and conditions of sale are satisfactory and hereby accepted. You are authorized to proceed.

Date

Standard Terms and Conditions

Controlling Provisions: The terms and conditions and supplemental exhibits contained herein (the "Terms and Conditions") shall supersede any provisions, terms, and conditions contained on any purchase order or other written form any direct buyer ("Buyer") may use or provide (whether received by S J Electro Systems, Inc. or any of its subsidiaries or affiliates (collectively, "SJE") prior or subsequent to the date hereof), and the rights of the parties shall be governed exclusively by the Terms and Conditions as described herein. SJE sells certain services, products, replacement parts and related software (collectively, the "Goods"). The purchase of the Goods is governed by the Terms and Conditions. Any communication by Buyer to SJE to purchase Goods will be treated by SJE as a request to purchase the Goods. The response, however communicated, will be understood by all parties as an agreement by SJE to sell to Buyer the requested Goods pursuant to the Terms and Conditions. SJE specifically opposes any terms or conditions that are in addition to or different from the Terms and Conditions, unless specifically agreed to in each instance in writing by SJE.

Quotations, Acceptance, and Agreements: Any quotation is a good faith estimate. To the extent that SJE has been provided by or on behalf of Buyer any specifications, description of operating conditions or other data and information in connection with the selection or design of the Goods, and the actual operating conditions or other circumstances differ from those provided by Buyer and relied upon by SJE, any warranties or other provisions contained herein which are affected by such conditions shall be null and void.

Acceptance of a quotation, whether by a separate purchase order or by other means, shall constitute an acknowledgement and approval of the quotation as written and an acceptance of the Terms and Conditions. Written quotations which have not been finalized by a binding purchase order shall expire on the date specified in the quotation or, in the absence of such specification, thirty (30) calendar days from the date issued. SJE may revise or withdraw a quotation at any time prior to the finalization of a binding purchase order.

Per company policy, a separate written agreement signed by both parties or a purchase order accepted and acknowledged by SJE is required to form any legally binding agreement.

Intellectual Property: All devices, patents, designs (including drawings, plans and specifications), software existing or to be developed, estimates, prices, notes, memos, summaries, electronic data and other documents or information prepared or disclosed by SJE shall remain the sole intellectual property of SJE. Following acceptance and final payment, SJE shall grant to Buyer a non-transferable, non-exclusive license for use and sale of the Goods.

Credit Approval: The credit terms granted on each order are subject to SJE's continuing approval of Buyer's credit. SJE may withdraw the extension of credit and require modified payment terms if, in SJE's sole judgment, Buyer's credit or financial standing is impaired such that SJE in good faith deems payment insecure.

Prices and Taxes: All prices are FOB shipping point, unless otherwise stated or referenced in attached exhibits. All prices are subject to any commercially reasonable additions that may be necessary to cover any duties, taxes or charges. All prices are in U.S. Dollars. Prices may be subject to change without notice.

Shipping Policy: Shipping and handling charges cover the transportation of the Goods from SJE's warehouse to Buyer, unless otherwise specified. Standard shipping rates are assessed upon placement of order. SJE uses many methods of shipment including UPS shipping services but reserves the right to substitute carriers without notice. UPS next-day air, UPS second-day air, UPS three-day ground, UPS Express and UPS Expedited are services available to Buyer for expediting orders. Expedited orders will be shipped based on the method Buyer selects. These services may not be available for shipment into all countries.

While SJE will use all reasonable commercial efforts to maintain the delivery date(s) acknowledged or quoted by SJE, all shipping dates are approximate and not guaranteed. SJE reserves the right to make partial shipments. SJE, at its option, shall not be bound to tender delivery of any Goods for which Buyer has not provided shipping instructions and other required information. If the shipment of the Goods is postponed or delayed by Buyer for any reason, Buyer agrees to reimburse SJE for any and all storage costs and other additional expenses resulting therefrom. The actual shipping weights may vary.

Title, Risk of Loss, Inspection of Equipment: Title and risk of loss to the Goods shall pass to Buyer upon delivery of the Goods to the respective delivery carrier. Buyer shall immediately inspect the Goods upon receipt and any damage must be noted on the delivery carrier's bill of lading at time of receipt. SJE is not liable for any damages caused by shipping. SJE is not liable for any shortages or nonconformance unless notified by Buyer within two (2) business days of Buyer's receipt of the Goods.

Operations/Maintenance Manuals: Installation, maintenance and operation manuals will be furnished to Buyer in the number of copies specified at the time of quotation or order. Additional copies subject to charges as outlined in attached exhibits.

Installation and Use: Buyer will be solely responsible for the proper application, installation and service of the Goods. Installation instructions are supplied by SJE and must be followed.

Export/Import: Buyer agrees that all applicable import and export control laws, regulations, orders and requirements, including, but not limited to, those of the United States and the European Union, and the jurisdictions in which SJE and Buyer are established or from which Goods may be supplied, will apply to their receipt and use. In no event shall Buyer use, transfer, release, import, or export Goods in violation of such applicable laws, regulations, orders or requirements.

Payment: Buyer shall pay SJE the full purchase price as set forth in the respective order between SJE and Buyer. Unless otherwise agreed to in writing between SJE and Buyer, freight, storage, insurance, taxes, duties, and any governmental charges relating to the Goods shall be paid by Buyer. If SJE is required to pay any such charges, Buyer shall immediately reimburse SJE upon notice from SJE of same. All payments are due within approved credit terms. Buyer may be charged the lower of 1.5% interest per month or the maximum legal rate on all amounts not received by the due date described therein.

Security Interest: SJE shall retain a security interest in the Goods until the full purchase price has been paid. Buyer's failure to pay any amounts due, including interest, shall give SJE the right to possession and removal of the Goods after providing ten (10) days written notice to Buyer. SJE's taking of such possession shall be without prejudice to any other remedies SJE may have.

Changes, Cancellations, Returns: Buyer may request changes or additions to the Goods consistent with SJE's specifications and criteria. In the event such changes or additions are accepted by SJE, SJE shall have the absolute right to revise the prices and dates of delivery, and to add charges for work and materials rendered unnecessary by such changes or additions. All changes, cancellations, or returns must have SJE prior written approval and subject to restocking fees and service charges. Authorized returns must be packaged and shipped prepaid to SJE.

Return Policy: SJE will only accept Goods returned within one (1) year from the date of manufacture, un-used, and current production models. Returned Material Authorization ("RMA") numbers must be assigned to any Goods Buyer wishes to return for credit. To obtain an RMA, Buyer must contact SJE's Service Center at 218-847-1317 or toll free at 888-342-5753. Buyer is responsible for payment of return shipping fees unless such returned Goods result from an SJE order processing error. Upon return, SJE shall reimburse Buyer for the return freight resulting from the return of Goods due to such SJE order processing error. In the event of any return in compliance with this paragraph, SJE will provide Buyer credit for the returned Goods and work to reship correct Goods to Buyer. SJE reserves the right to refuse acceptance of returned Goods after inspection. SJE will not accept returns for Goods that are custom-built for Buyer as such items cannot be resold by SJE; however, custom-built Goods remain subject to applicable warranty provisions in each case.

Notwithstanding the foregoing (and so long as the return is not due to an order processing error of SJE), a restocking fee shall be charged to Buyer for returned Goods as outlined in the attached Exhibits.

Force Majeure: SJE shall not be liable or responsible to Buyer, nor be deemed to have defaulted under or breached any agreement with Buyer, for any failure or delay in fulfilling or performing any term of any agreement with Buyer, when and to the extent such failure or delay is caused by or results (directly or indirectly) from acts beyond SJE's reasonable control, including, without limitation: (a) acts of God; (b) flood, fire, earthquake or explosion; (c) war, invasion, hostilities (whether war is declared or not), terrorist threats or acts, riot or other civil unrest; (d) government order or law; (e) actions, embargoes or blockades in effect on or after the date of any subject agreement between SJE and Buyer; (f) action by any governmental authority; (g) national or regional emergency; (h) strikes, labor stoppages or slowdowns or other industrial services; or (i) any other cause beyond the reasonable control of SJE.

Indemnification and Default: In addition to all other amounts due hereunder, Buyer shall reimburse SJE in full for all collection costs or charges, including reasonable attorney fees, which SJE may incur in the collection of any past due amounts from Buyer, including applicable interest on overdue accounts. If Buyer is in default under this or any other agreement with SJE, SJE may defer performance hereunder until such default is resolved. SJE shall have no obligation to provide factory startup assistance or factory training (when requested) until all invoices (including retentions) for equipment have been paid in full. Furthermore, SJE shall have no liability to Buyer to the extent Buyer damages, or any damages are suffered by, or claims are made against Buyer as a result of Buyer's negligence, willful misconduct, misrepresentation of any Goods, or failure to utilize the Goods properly.

Warranty and Liability: During the warranty period, Buyer's exclusive remedy will be either repair or replacement, at the sole discretion of SJE and subject to the Terms and Conditions of any component which proves to be defective due to defective materials or workmanship of SJE.

SJE DISCLAIMS ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE, AND SJE SHALL NOT, IN ANY MATTER, BE LIABLE FOR ANY SPECIAL, INDIRECT, PUNITIVE, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING LIQUIDATED DAMAGES, OR PENALTIES THAT RESULT FROM A BREACH OF CONTRACT, BREACH OF WARRANTY (EXPRESS OR IMPLIED), STRICT LIABILITY, PRODUCT LIABILITY OR OTHERWISE. IN NO EVENT SHALL SJE'S LIABILITY TO BUYER OR ANY OTHER PARTY EXCEED THE LESSER OF (i) THE COST OF REMEDIATING ANY DEFECT OR DEFICIENCY IN THE PERFORMANCE OF SJE HEREUNDER OR (ii) THE PURCHASE PRICE OF THE GOODS IN RESPECT OF WHICH THE CLAIM IS MADE.

ANY ELECTRICAL WIRING AND SERVICING OF THE GOODS MUST BE PERFORMED BY A LICENSED ELECTRICIAN. WARRANTY CLAIMS FOR GOODS WHICH WERE AT ANY TIME WIRED OR SERVICED BY ANYONE OTHER THAN A LICENSED ELECTRICIAN SHALL NOT BE HONORED IN WHOLE OR PART BY SJE.

Furthermore, this warranty shall not apply to: (a) damage due to any weather-related or other conditions beyond the control of SJE; (b) defects or malfunctions resulting from the Goods not installed, operated, or maintained in accordance with instructions provided, applicable local codes, ordinances, or accepted trade practices; (c) failures resulting from abuse, misuse, accident, or negligence; or (d) Goods repaired and/or modified without prior written authorization from SJE.

Some states do not allow limitations on implied warranty duration, as such, this limitation may not apply to Buyer. Some states do not allow the exclusion or limitation of incidental or consequential damages, as such, these limitations or exclusions may not apply to Buyer. The above-described warranty gives Buyer specific legal rights, and Buyer may also have other rights which vary from state to state.

TO OBTAIN WARRANTY SERVICE: Buyer shall assume all responsibility and expense for removal, reinstallation, and freight associated with any warranty service. Any Goods to be repaired or replaced under this warranty must be returned to SJE, or such place as designated by SJE. Buyer can contact SJE Service Center at 218-847-1317 or toll free at 888-342-5753 for an RMA on any Goods being submitted for a warranty claim.

Applicable Law and Forum: Any disputes between Buyer and SJE shall be venued in Becker County District Court in the State of Minnesota. Buyer agrees to submit to such jurisdiction and agrees that the dispute shall be governed by and construed in accordance with the laws of the State of Minnesota without giving effect to any choice or conflict of law provision or rule.

Exhibit - PRIMEX

PRIMEX is a trademark in the SJE family of products.:

Submittal Drawings: Submittal of drawings for approval, if required, will be made after receipt of complete information from Buyer. The quantity of the submittal drawing sets will be specified in the purchase order or contract documents. Complex submittal packages will be subject to a documentation upgrade fee. Buyer must return to PRIMEX two (2) final approved drawing sets; such return shall constitute notice to PRIMEX of final acceptance of Buyer of such drawing sets and binding indication to PRIMEX to proceed with manufacturing. If Buyer's order is conditioned upon "engineer approval", Buyer must also provide written notification of such approval to PRIMEX with such drawing sets in the form required pursuant to the submittal. If an order is cancelled after a submittal has been provided, the order will be subject to a cancellation fee.

Prices and Taxes: Non-project or replacement parts are shipped pre-paid and added to any service-related invoices. Prices do not include sales, excise, municipal, state, or any other governmental taxes. Buyer shall be responsible for payment of all taxes.

Operations/Maintenance Manuals: Buyer's installation, maintenance and operation manuals will be furnished in the number of copies specified at the time of quotation or order with additional copies at \$300.00 each.

Restocking Fees:

Switches and alarms: 25% of net invoice price.

Engineered Custom Panels: cannot be returned.

PRIMEX reserves the right to adjust restocking fees at any time without notice.

Warranty and Liability: Such warranties typically do not cover force majeure or Acts of God. All warranties shall be immediately voided if any party other than a PRIMEX employee or authorized representative makes any changes, additions, deletions, or adjustments to the Goods, software or computers provided by PRIMEX.

PRIMEX shall not be liable for any damages, charges for labor, or expenses incurred in making repairs or adjustments to the Goods without prior written approval of PRIMEX. PRIMEX shall not be liable for any damages, charges or expenses sustained in the adaptation or use of the engineering data or service by Buyer or any third party. PRIMEX shall not be liable for start-up or any other field work performed by personnel other than an employee or authorized representatives of PRIMEX, unless expressly approved in writing in advance by PRIMEX.

Warranty and Liability: Two-Year Limited Warranty Policy

Effective for the Goods manufactured after June 1, 2019. PRIMEX warrants to Buyer that the Goods shall be free of manufacturing defects for two (2) years from product shipment unless otherwise specified in writing. The two-year warranty does not apply to:

- Motor start kit components. PRIMEX provides a limited warranty on motor start kit components supplied by PRIMEX for one (1) year. PRIMEX makes no warranties of any type with respect to motor start kits supplied by Buyer.
- Pressure transducer products. PRIMEX provides a limited warranty for one (1) year.
- Any software or related services provided in conjunction with the Goods, all of which are subject to the terms and conditions set forth in the applicable end user license agreement.

WATER AND WASTEWATER CONTROL SOLUTIONS

PRIMEX[®]

WATER SYSTEM INTEGRATOR AND CONTROLS PROVIDER

WWW.PRIMEXCONTROLS.COM

YOU'RE FEELING THE PRESSURE.

From water pressure to financial pressure, communities today face a growing number of challenges in providing water and wastewater services, including capital and operating budgets, infrastructure repair, replacement and expansion, staff retention and retirement, and regulatory compliance.

MORE CONTROL. LESS STRESS.

No matter the source of the pressure, PRIMEX® offers a complete range of automation, control and remote access solutions that provide many benefits as communities and operators seek to meet these challenges.

- Reduce Operating Expenses
- Improve System Performance and Integrity
- Extend Equipment Life
- Obtain More Information for Better Decision Making

WE PROVIDE PEACE OF MIND

Choosing the right partner for your automation and control needs will assure that you will get the maximum operational benefits and the most from your investment. Not all controls vendors and system integrators are the same.

When partnering with PRIMEX®, our clients experience the peace of mind that comes with knowing they have chosen to work with the best provider of control solutions in the water and wastewater industry. Our solutions deliver:

Confidence

Our professionally designed solutions utilize the best available products and technologies and are completed on-schedule.

Ease of Use

We provide solutions based on our understanding of clients' needs, which results in intuitive system operation and minimal maintenance.

Long-Term Support

Our services range from start-up through field service and parts, formal maintenance programs and legacy system upgrades. All from a company that has been in the industry for decades.

Return on Investment

We deliver solutions that provide the maximum operational benefits while lowering operating expenses and extending equipment life.

Experience matters. With nearly a century of experience and tens of thousands of simplex and complex monitoring, control and SCADA systems installed, we are a nationally recognized leader in water and wastewater automation.

Our unique position, size and extensive experience allow us to support our customers from project concept to completion. Our field service organization provides ongoing support with on demand and scheduled service/maintenance agreements to maximize your automation investment.

APPLICATIONS

- Collection Systems
 - Sewage and Storm Lift Stations
 - Grinder Stations; CSO
- Wastewater Treatment
- Dewatering
- Water Distribution Systems
 - Pressure Booster Systems
 - Water Wells
 - Tanking Monitoring
 - Hydro-pneumatic Systems
 - Metering Stations
- Water Treatment
- Flood Control
- Irrigation Systems
- Condensate Return

AUTOMATION CAPABILITIES

- Motor Control Centers
- Variable Frequency Drives
- Reduced Voltage Starters
- Service Entrance Rating
- Fail Safe Alarms
- PLC and SCADA Systems
- Dedicated Function Controllers
- Operator Interface Terminals
- Remote Monitoring/Telemetry
- Alarm Notification Systems
- Multiple Pump Control
- User Specified Components
- Instrumentation

THIRD PARTY APPROVALS

- 508A Listing for Industrial Control Panels
- UL 698A Listing for Enclosed Industrial Control Panels with Circuit Extensions to a Hazardous Location
- UL NNNY Listing Class I, Division I and 2 Locations
- cUL Certification

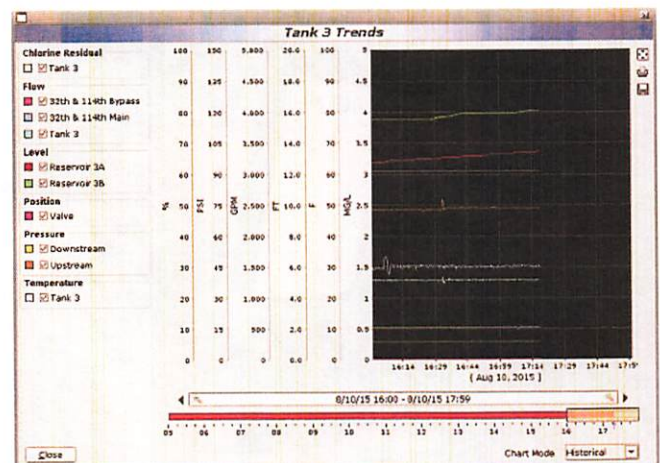

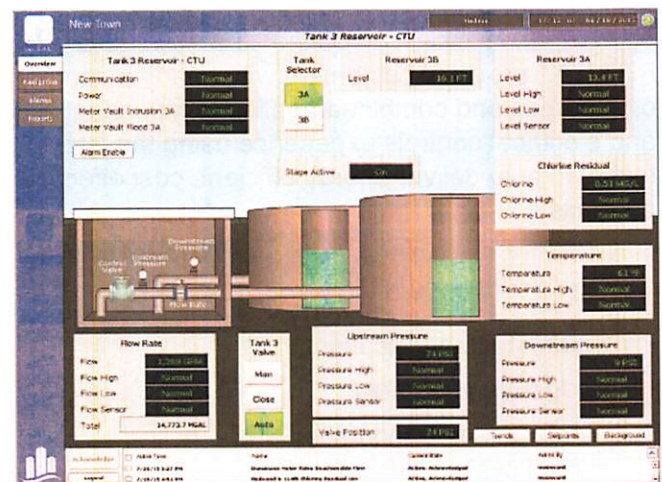

MORE EXPERIENCE. MORE SOLUTIONS.

Our expertise covers every major automation and control technology from every major vendor.

- Programmable Logic Controllers (PLC)
- Motor Control Centers (MCCs)
- Variable Frequency Drives (VFDs)
- Supervisory Control and Data Acquisition (SCADA) and Human Machine Interfaces (HMI)

We also go beyond controls, to provide complete system integration with all related processes, equipment and data, including:

- Instrumentation
- Telemetry, networking and communications
- Database and software integration

ENGINEERING ASSISTANCE

PRIMEX® provides customers with nearly a century of expertise and combined applied engineering and electrical controls experience using the latest technology to deliver energy efficient, cost effective products.

From concept to completion, our engineers provide:

- Suggested specifications
- Budgetary estimates
- Electrical, instrumentation and control system design
- Equipment evaluation

CUSTOM CONTROLS AND SYSTEM INTEGRATION

Total Control - from Concept to Completion

From large complex systems to small, PRIMEX® provides integration for entire processes and plants, and linked distributed systems across hundreds of remote sites. No project is too big or too complex for the PRIMEX team of professional engineers. Our talented and experienced staff provides a number of professional services.

- Accurate and timely quotations
- System design and drafting
- Controls engineering
- Detailed submittals (AutoCAD schematic wiring diagrams, enclosure layout drawings, bill of material, and more)
- Programming of PLCs, HMI, SCADA, etc.
- Panel and system fabrication (UL-listed panel shop)
- Project management
- Telemetry and Communication design
- Network and Data integration
- System testing and commissioning
- Field and maintenance services
- Exceptional technical support and training
- Free on-line engineering specifications
- Warranty as quoted

One of our greatest strengths is our expertise in the municipal water control industry. Our controllers incorporate features that reduce the amount of field experience required for operation and utilize the latest in electronic assembly. You can be sure quality is programmed into every controller.

ABOUT PRIMEX®

PRIMEX® is the largest provider of complete control solutions for water/wastewater applications in North America, offering a broad end-to-end suite of products and services, including standard pump control panels, full-feature, web-hosted iconrol® SCADA solutions and highly complex system integration projects for large municipalities.

With thousands of installations across North America, nearly a century of expertise and hundreds of years of combined engineering and electrical controls experience, PRIMEX provides control solutions for municipal and industrial process water applications using the latest technology to deliver energy efficient and cost effective systems carrying UL 508A, UL 698A, UL NNY and other approvals as specified.

Multiple design and production facilities located across North America ensure PRIMEX customers seamless, high quality water control solutions. PRIMEX employee-owners offer fast turnaround on quotes, submittals and delivery, while maintaining high standards for quality. Investing in research, new product development and testing are core PRIMEX values. PRIMEX is continually designing innovative control solutions to meet the growing demands of the water control industry.

We're proud to be an active supporter of these industry associations:

CLOUD-BASED SCADA SOLUTIONS

AFFORDABLE CONTROL.
ANYTIME. ANYWHERE.

YOU'RE FEELING THE PRESSURE.

From water pressure to financial pressure, communities today face a growing number of challenges in providing water and wastewater services. Automation, control and remote access solutions can provide many benefits as communities and operators seek to meet their challenges.

However, the implementation and operation of higher level control systems can also represent some significant challenges. Not only can they be very expensive, but they are becoming more interdependent with the complex and rapidly evolving worlds of information technology (IT) and telecommunications.

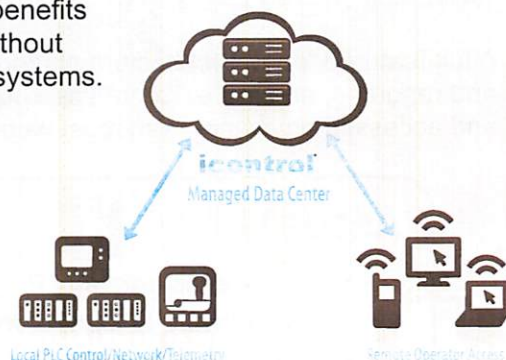

Communities and operators must ask some very important questions when considering investing in these solutions.

- Can we afford it?
- Can we maintain it?
- Will we be getting the most out of our investment?

icontrol® ELIMINATES THE HEADACHES.

icontrol is the ideal solution for operators seeking all the benefits of a Supervisory Control and Data Acquisition (SCADA) without the expense and hassle of owning and maintaining these systems.

Our cloud-based solution provides full SCADA functionality with secure remote access to your existing control infrastructure through our managed data center. There is no SCADA-related hardware, software or licensing to buy, manage or maintain.

MANAGE YOUR OPERATIONS.

LET US MANAGE YOUR SCADA SYSTEM.

icontrol interfaces to your existing local PLC control and telemetry network. Process information is transferred via secure data connection (cellular, broadband, satellite, etc.) to our data center. Each client then has secure access to its individual system from nearly any internet-enabled device (PC, tablet, smart phone, etc.).

WHENEVER AND WHEREVER YOU NEED IT.
