Washington County School Board:

Thank you for all your care, concern, assistance and help you provide for each and every student and school here in our district.

Dixie High has an abundance of students this year. I am requesting to make a modification to our existing TSSA plan. I am requesting that we use some of our carry-over money to add additional periods (extra 7th) to some of our teacher's teaching schedule to accommodate our student population.

Thank you!

Sincerely,

Warren Brooks
Dixie High
Principal
