## 10% BUDGET STRESS TEST

Calendar Year 2026 Department Management

Enter in order of preference (first line, first cut)

GL#	Budget Line Item Description	Reduction	What do we stop doing?
510430	Employee Work Anniversary Appreciation	\$ 50.00	We had 81 employees listed. We are at 80 employees
510430	Third Party A/R Collection Service	\$ 2,500.00	As of July 1, we have only spent \$212 on this line item. Budget is currently at \$3,500. This item is hard to estimate, but current trends indicate usage is much lower.
510430	Document Shredding	\$ 115.00	Current monthly bill is \$37/month, Will need \$445 annually, budget is \$560
510430	Board Meeting Refreshments	\$ 180.00	We have reduced the amount of food and the type of refreshments.
510430	Employee Advisory Board	\$ 150.00	This committee hasn't been utilizing this fund.
510430	Community Outreach Committee (formerly called Placemaking committee)	\$ 10,000.00	We added \$10,000 to this budget in 2025 to expense the 75th anniversary activities. current budget is \$1000. Current usage is for \$170 for safety glasses. I would suggest that whatever amount is used here be moved to the safety budget.
510430	Safety Committee	\$ 750.00	License renewals don't occur every year. To date, we have spent \$700 on this with a budget of \$2,500. Also, we now can do CDL's at a much lower cost.
510430	License Renewals	\$ 2,000.00	
510430	GM/Employee Luncheon	\$ 140.00	Reduce the frequency to twice a year.

Goal \$ 10,129.00 Total \$ 15,885.00

**To:** Granger-Hunter Improvement District Board of Trustees

**From:** Austin Ballard, CPA, Controller

**Date:** October 14, 2025

**Subject:** Fraud Risk Assessment

---

## **Background**

The Office of the State Auditor (Office) regularly receives complaints of fraud or abuse by local government officials. The Office is also aware of internal investigations performed by local governments of their own officials and employees. Some of these situations receive significant media coverage, while others are resolved with less publicity. In either case, the level of concern by the public and local and state officials is significant. Many have asked the Office for more direction on how to prevent such occurrences in the future. The Fraud Risk Assessment (FRA) that will be reviewed in this memo is designed to help measure and reduce the risk of undetected fraud, abuse and noncompliance in local governments of all types and sizes. This assessment is a starting point; it is the hope of the Office that local governments will add to and adapt this form to improve how they manage their internal controls and reduce the risk of fraud, waste and abuse.

## **Objective**

The FRA is an entity self-evaluation assessment. It is broken down into nine risk areas, and each risk area is assigned points that are tabulated and compared to a “Risk Level” table. The table is broken down into the following risk level scores:

<b>Very Low</b>	<b>Low</b>	<b>Moderate</b>	<b>High</b>	<b>Very High</b>
>355	316-355	276-315	200-275	<200

Once the entity has assessed itself in the nine areas, the assessment is “Certified” by two individuals. Jason Helm and Austin Ballard have certified the FRA for Granger-Hunter Improvement District (GHID). Once “Certified,” the FRA must be presented and discussed in a board meeting. During the 2025 annual financial audit, GHID’s auditor will request proof that the FRA was “Certified,” and that it was presented and discussed in a board meeting. The assessment must be submitted to the Office within six months after the end of the fiscal year. It is anticipated that this assessment will be “Certified” and

reviewed each year. It is the objective management to achieve a score of 355 or better each year.

## **Results**

Out of a total of 395 points available, GHID scored 375 points.

### *FRA Highlights*

1. The majority of points that can be earned in the assessment is with risk area number one; “Does the entity have adequate basic separation of duties or mitigating controls as outlined in the attached Basic Separation of Duties Questionnaire?” This questionnaire has 12 separation of duties questions that can be answered either Yes, No or Mitigating control. This is an all or nothing question. If any of the questions are answered, No, the entity does not receive any of the 200 points available. GHID answered 11 of the questions with a yes and one question with Mitigating Controls.
  - a. The question with a mitigating control asks whether “those who collect cash or check payments are different from those who can make adjustments on customer accounts.” All billing personnel can take customer payments and make adjustments on customer accounts. This risk is mitigated by the Director of Administrative Services reviewing a report each month that summarizes all adjustments made to accounts. In addition, I will be incorporating random audits to verify this control is happening and will also randomly review the reports.
2. GHID has written policies in place for the following areas: conflict of interest, procurement, ethical behavior, reporting fraud and abuse, travel, credit/purchasing cards, personal use of entity assets, IT and computer security and cash receipting and deposits.
3. GHID has a licensed CPA as part of its management team. In addition, it has a member of its team who has at least a bachelor’s degree in accounting.
4. Every year, GHID requires its employees to review the employee handbook and acknowledge that they have read and understand the contents. Part of that content is GHID’s policy regarding ethical behavior that each employee agrees to abide by.
5. Each board member has completed the State Auditor online training at least once in the last four years.
6. Each year at least one member of the management team receives at least 40 hours of formal training related to accounting, budgeting or other financial areas.
7. GHID does have and promote a fraud hotline. This tool is available for employees to report fraud, waste and abuse on the intranet. Any complaints are forwarded to the Board of Trustees and GHID’s General Manager.
9. In 2025, the Audit Committee met twice, May 6<sup>th</sup> and September 25<sup>th</sup>, 2025.

### *FRA areas for improvement*

8. GHID does not have a formal internal audit function. To be awarded points for this area, a qualified individual would need to be able to check the work of the Controller and Accountant on a regular basis. It was discussed in the September

2025 audit committee meeting that GHID will not pursue this line item at this time. The committee also determined the cost of hiring an external auditor when compared to the benefit the audit would bring, does not adequately justify spending District resources to pursue this FRA line item.

# EXTERNAL AUDITOR APPROVAL

---

**Project Description:** RFP issued to select certified public accounting firm to provide external audit services for the District for year ending financial statements December 31, 2025, with an option to renew on a year-to-year basis up to five (5) years.

**Project Update:** Two RFP submissions were received after a four-week period for CPA firms to submit on the project. Audit committee met on September 25<sup>th</sup>, to review proposals and score the submissions.

Proposer	Score
K&C, CPAs	91.8
Proposer B	84.0

**Audit Committee recommendation:** Motion to approve a contract with K&C, CPAs on a year-to-year basis up to five (5) years for external audit services in the amount of \$14,600 for the annual audit and \$1,250 each year for a single audit if needed.

## **AUDIT COMMITTEE OF THE GRANGER-HUNTER IMPROVEMENT DISTRICT**

**Thursday, September 25<sup>th</sup>, 2025, 1:30 PM  
GHID, Board Room**

### **Agenda**

#### **A. GENERAL**

##### **1. Report those present for the record**

##### **Committee Members:**

- Roger Nordgren, Trustee
- Jason Helm, General Manager
- Austin Ballard, Controller
- Jim Welch (Virtually), Director of Finance West Valley City

#### **B. INDEPENDENT AUDITOR**

##### **1. Review and evaluate independent auditor RFP to select external auditor**

- The District utilized the State of Utah Procurement website (Bonfire) to solicit bids for the District's External Audit Services. Those proposals were due on the website by 4:00pm MDT on Thursday September 11<sup>th</sup>, 2025. The District received two proposals.
- On Monday September 15<sup>th</sup>, Austin Ballard distributed the two proposals to the Audit Committee to begin evaluating the proposals in accordance with the RFP document.
- The committee met on September 25<sup>th</sup>, to review the proposals. Each Audit Committee member reviewed and explained their analysis/scoring of each proposal. A discussion took place between the committee members to validate each of the evaluation criteria within the RFP. Mr. Ballard compiled the four (4) evaluations from each committee member, averaged the scores, and applied the RFP weighted average for each of the sections to each proposal.
- The Audit Committee concluded that K&C, CPAs was the highest scoring firm in this RFP. The committee recommends that the Board of Trustees enter a contract with K&C, CPAs to continue to external auditing service for the District.

#### **C. INTERNAL AUDIT**

##### **1. Review and discuss Fraud Risk Assessment**

- Mr. Ballard reviewed the fraud risk assessment to the committee. The District self-assessed a score of 375 out of 395 points, which is considered very low risk. Mr. Ballard highlighted item 8, "Does the entity have a formal internal audit function?", of which there were no points awarded on the assessment. The Audit Committee had a brief discussion about whether it would be beneficial for the District to engage an external auditing firm to conduct an internal audit. The Committee determined that at this time there is not sufficient cost benefit ratio for the District to higher an external auditor to conduct an internal audit.
- Mr. Ballard also commented about the mitigating control relating to item #1.3. Currently the front-line office staff have both the ability to collect cash/checks from customers and make adjustments to customer accounts. To mitigate potential conflicts of interest with customers and front-line office staff, the Supervisor and Director of Admin Services review a report that lists all adjustments made to accounts monthly.
- The committee also identified that Mr. Ballard could incorporate some random audits to make sure that this review is happening along with reviewing the report sporadically as another way to bolster the mitigating control.

#### **D. REVIEW OF HOTLINE COMPLAINTS**

##### **1. Review hotline complaints for periods May 2025 - September 2025.**

- There were no hotline complaints that the committee needed to review.

#### **E. AUDIT COMMITTEE MEMBERS INPUT, REPORTS, FOLLOW-UP ITEMS OR QUESTIONS**

#### **F. CALENDAR**

## Paperless Initiative Success

Since January 2025, our efforts to encourage customers to go paperless have truly paid off. As of September, we are sending out 1,729 fewer paper statements each month. This translates to a monthly savings of \$1,288 — totaling \$15,457.26 in annual savings! A huge thank you to our office staff for their remarkable work in driving this initiative forward. Their dedication is making a meaningful impact!

## **Water Main Installation Highlights:**

Granger-Hunter crews have completed the installation of approximately 5,400 linear feet of new water main and 122 water service connections as part of the Cherrywood Lane Project. Asphalt replacement activities commenced on October 7<sup>th</sup> as contracted with Ridge Rock Inc.

One remaining segment, Cherry Blossom Circle, is scheduled for completion. The water main work on this segment is anticipated to be finished later this year or early next spring, pending weather conditions and West Valley City requirements.

## 2025 Data:

- Fleet level of service (LOS). The LOS is determined by the number of vehicles/equipment and how long those vehicles/equipment were out of service for repairs at any time during the month.
- Fleet LOS are based on the following categories:
  - Active –were not out of service for repair at all for the month.
  - Stopped < 24 hrs. – were out for repair and back in service on the same day.
  - Stopped > 24 hrs. – were out for repair and not back in service that day but back in service within a week.
  - Stopped > 1 week – were out for repair or unsafe to drive for at least one week before being placed back into service.

## 2025 Data:

- Fuel usage shows the amount of diesel fuel used in gallons, the amount of unleaded gasoline used in gallons, the number of miles driven by all vehicles, and the overall average MPG of all vehicles.
- The Fleet repair allocations are for both vehicles and equipment. The categories demonstrate the different areas for the repair cost of the fleet.
- Fleet repair allocations are based on the following categories:
  - Parts – cost of all parts to make the repair.
  - Tires – cost of tire replacement and repairs.
  - Batteries – cost of battery replacements.
  - Internal Labor – cost for internal labor based on a shop rate of \$95/hr.
  - External Labor – cost of any labor for repairs that isn't performed in-house.

# OPERATIONS UPDATE

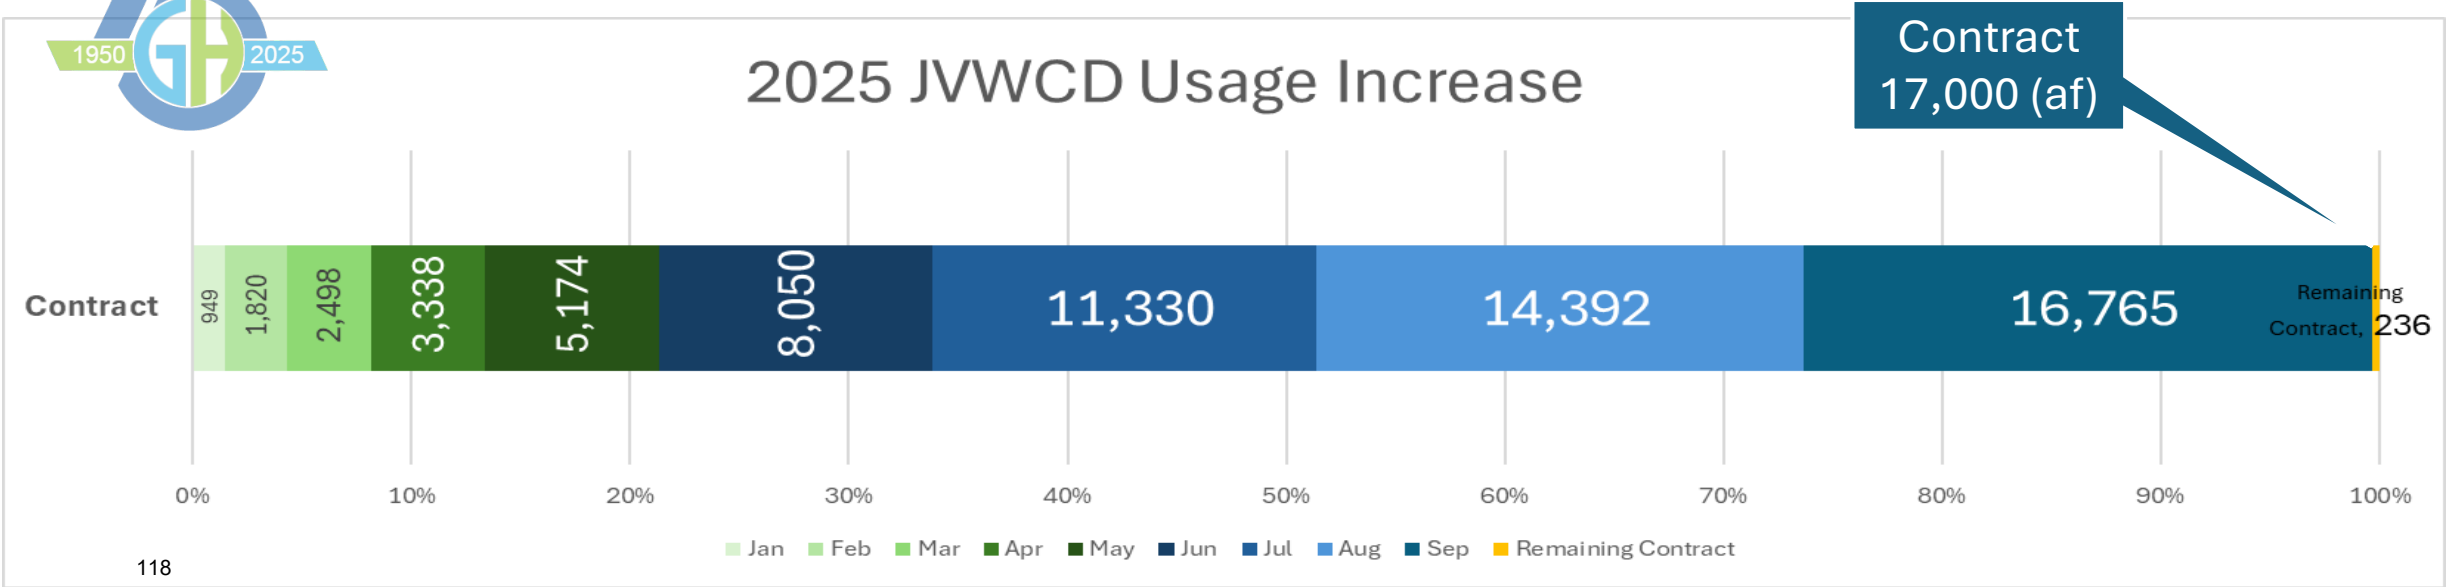

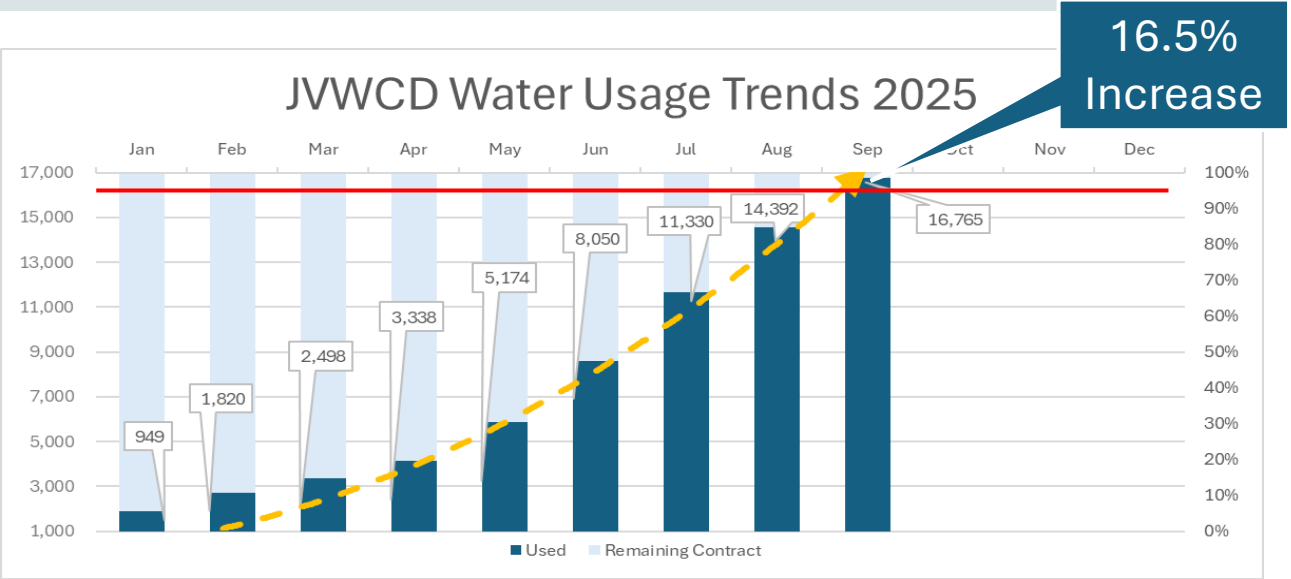

Water demand is slowly decreased in September. We expect a continual decrease throughout the remainder of the year. From August to September, demand decreased by 807 acre-feet—a 22% decrease from the prior month.

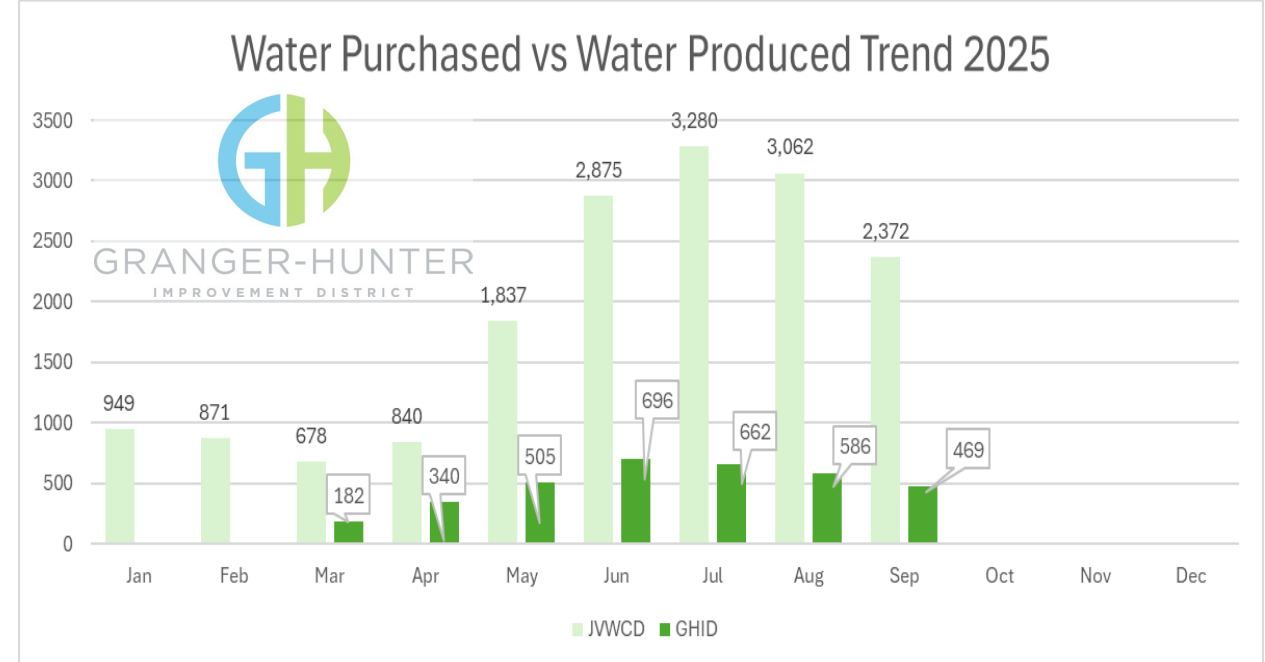

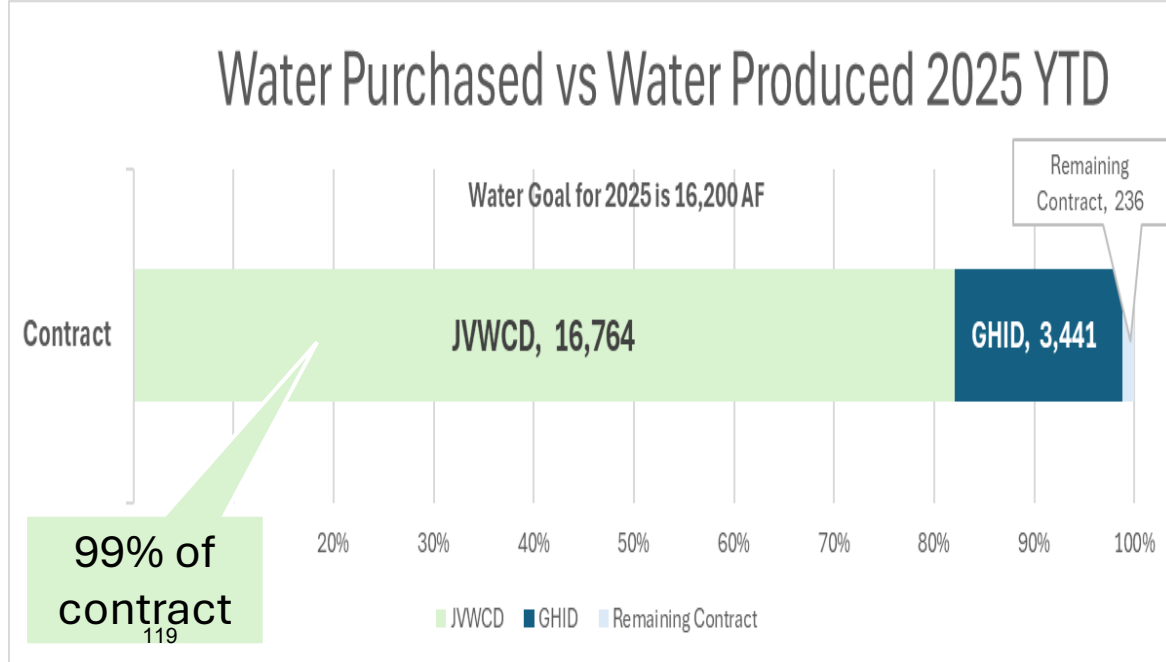

Water demand from JWCD continues to increase in the month of September. We expect a continual increase throughout the remainder of the year. From August to September, demand increased by 2,372 acre-feet—a 16.5% increase from the prior month.

Granger-Hunter Improvement District's primary water source is Jordan Valley Water Conservancy District, which provides approximately 82% of its supply through a 17,000-acre-foot contract. Granger-Hunter Improvement District supplements this by contributing the remaining 18% from its own water sources. The charts below illustrate the contribution of water from JVWCD and GHID. As of September, Granger-Hunter's remaining water contract is 236 acre-feet.

## 23L: Watts Well No. 18 Drilling and Equipping Project

Capital Project:	23L: Watts Well No. 18
Location:	1002 West 2320 South
Project Budget:	\$2,650,000
GHID Project Manager:	Jeremy Gregory
Consultant:	Hansen Allen & Luce
Contractor:	Silver Spur Construction

**Project Description:** A new 18-inch PVC line is needed to transfer water from the new Watts Well No. 18 to the existing Anderson Transmission Line at 1150 West.

**Project Update:** The new 18-inch PVC alignment runs under the UTA TRAX line at the intersection of 2320 S and 1070 W. UTA requires all new utility installations to be bored under the tracks to prevent any disturbance to the tracks and service interruptions.

Prior to Silver Spur starting the tunneling work, potholing was done to verify the location of existing utilities. During this work, a large cluster of electrical and communication lines was found to be in conflict with the proposed pathway

Because of these conflicts it was determined that the only option for crossing UTA TRAX was to lower the alignment from a depth of 8 feet to a new depth of approximately 13 feet .

Installing the line at a deeper depth has created new challenges. The groundwater is about 5 feet below the road surface and the soil in the area is sandy allowing for the water to enter the excavation quickly and collapse the trench walls without proper support.

To handle this, it's been proposed to install additional shoring and a more extensive dewatering setup. The dewatering plan will consist of six dewatering wells that will run continuously to keep the water out and allow work to proceed safely.

**Staff Recommendation: Motion to approve a change order with Silver Spur Construction for the 23L: Watts Well No. 18 Waterline Project in the amount of \$155,980.75.**

## 25T: Redwood Road/1950 West Sewer Project

Capital Project:	Parliament Avenue/1950 W. Sewer Replacement
Location:	3500 S./1950 W./3800 S./Redwood Road
Project Budget:	\$1,850,000
GHID Project Manager:	Jeremy Gregory
Consultant:	Bowen Collins & Associates
Contractor:	Edge Homes/M&T Enterprises

**Project Description:** Edge Homes recently purchased the drive-in movie theater property to build a subdivision. In order to accommodate the sewer flow from this new community, a new sewer line running north along 1950 W will be constructed to provide additional capacity for new growth. The sewer line will be funded by Edge Homes and District impact fees. GHID has requested betterments along 3500 South, 3800 South and Redwood Road to accommodate future growth.

**Project Update:** The 24-inch sewer alignment along 3500 S has proven to be a challenging location to work. The contractor has encountered several unknown utility conflicts causing additional delay and cost to the project. During the contractor's utility investigation phase, it was discovered that the existing 24-inch high pressure gas line was too close to the proposed sewer route. To avoid safety risks and damaging the gas line, Enbridge Gas required the sewer line to be shifted 6 feet to the south.

Because of this change, Edge Homes/M&T Is requesting a change to the betterment price along 3500 South for the 24-inch sewer line.

Because of the new sewer alignment, UDOT imposed additional restrictions based on the new alignment. These additional restrictions included:

- No work during peak hours.
- No barricading the work zone.
- No storing materials in the work zone.
- Work west of Decker Lake Blvd needed to be done on weekends.

Shifting the alignment and adding additional restrictions impacted the contractors work in the following ways:

- The contractor was forced to work nights in order to stay productive, which increased labor rates, required light plants, and increased subcontractor mobilization rates for milling and concrete work.
- Preventing the work zone from being barricaded required trench plates to be used, additional traffic control, additional set up and take down time, and additional time transporting material.
- Weekend only work west of Decker Lake required more expensive backfill to be used and required backup equipment to be rented to eliminate risk.
- This work also increased the amount of striping, labor, equipment, and milling that was originally needed.

# CAPITAL PROJECTS APPROVAL

## Project History

2022 – Project originally bid at \$12.5M, Engineer's estimate \$8.85M - \$1,575/foot

2023 – Silver Spur bids on small portion (1,000 feet) in Redwood Road for \$870,000 (~1,070,000 after asphalt issues) ~\$1,000/foot

2024 – Edge Homes purchases Redwood Drive-In property.

2025 – GHID and Edge Homes enter into a Development, Service, and Cost-Share Agreement to provide sewer service and to increase capacity in the area for \$4.17M. Costs are \$712/foot. (GHID is paying \$2.4M of \$4.2M, ~60%).

2025 – 24" high pressure gas line forces alignment change and UDOT permit modifications, as does storm drain conflict. Cost would increase to ~\$5M (~\$860/foot). (GHID would be ~\$3.3M of \$5M total).

Compared to the original 2022 equivalent bid of approximately \$10 M (taking out a portion of Redwood Road), GHID would pay approximately \$3.5M for the equivalent sewer capacity increase.

With these changes, we still expect to save \$6M compared to the 2022 bid.

**Staff Recommendation: Motion to approve a change order to the Development, Service, and Cost-sharing Agreement with Edge Homes for the 25T: Redwood Road/ 1950 W Sewer Project in the amount of \$664,764.24.**

# CAPITAL PROJECTS APPROVAL

## 4700 S. Zone 5 Pipeline Cost Sharing

Capital Project: N/A  
Location: 4700 South from 6400 West to 6000 West  
Project Budget: \$  
GHID Project Manager: Todd Marti  
Consultant: N/A  
Contractor: Arcadia Builders

**Project Description:** Arcadia SP (the Developer) purchased the land to the north of 4700 South from 6400 West to 6000 West and is adding site utilities. As part of the project, GHID requested Arcadia upsize the planned 8" Zone 5 waterline and install the waterline along the frontage of the future Zone 1 Reservoir site.

**Project Update:** In order to develop the site, Arcadia needs to install water and sewer infrastructure. The Developer is responsible to install all sewer infrastructure, but GHID needs additional capacity in the new waterline. This will increase the size from 8" to 12". We have also requested, as a betterment, to install the new 12" waterline along the frontage of the future Zone 1 Reservoir site, which includes a jack & bore under the railroad spur to Frito Lay.

The following costs are part of the work:

- 1) Upsizing 8" to 12": \$42,542.00
- 2) GHID Frontage 12": \$43,884.00
- 3) GHID 50% Jack & Bore: \$101,400.00

The Developer is working to reduce the price of the jack & bore under the railroad spur, so this represents the highest price. If they are successful in reducing the price, we will amend the agreement to reflect it.

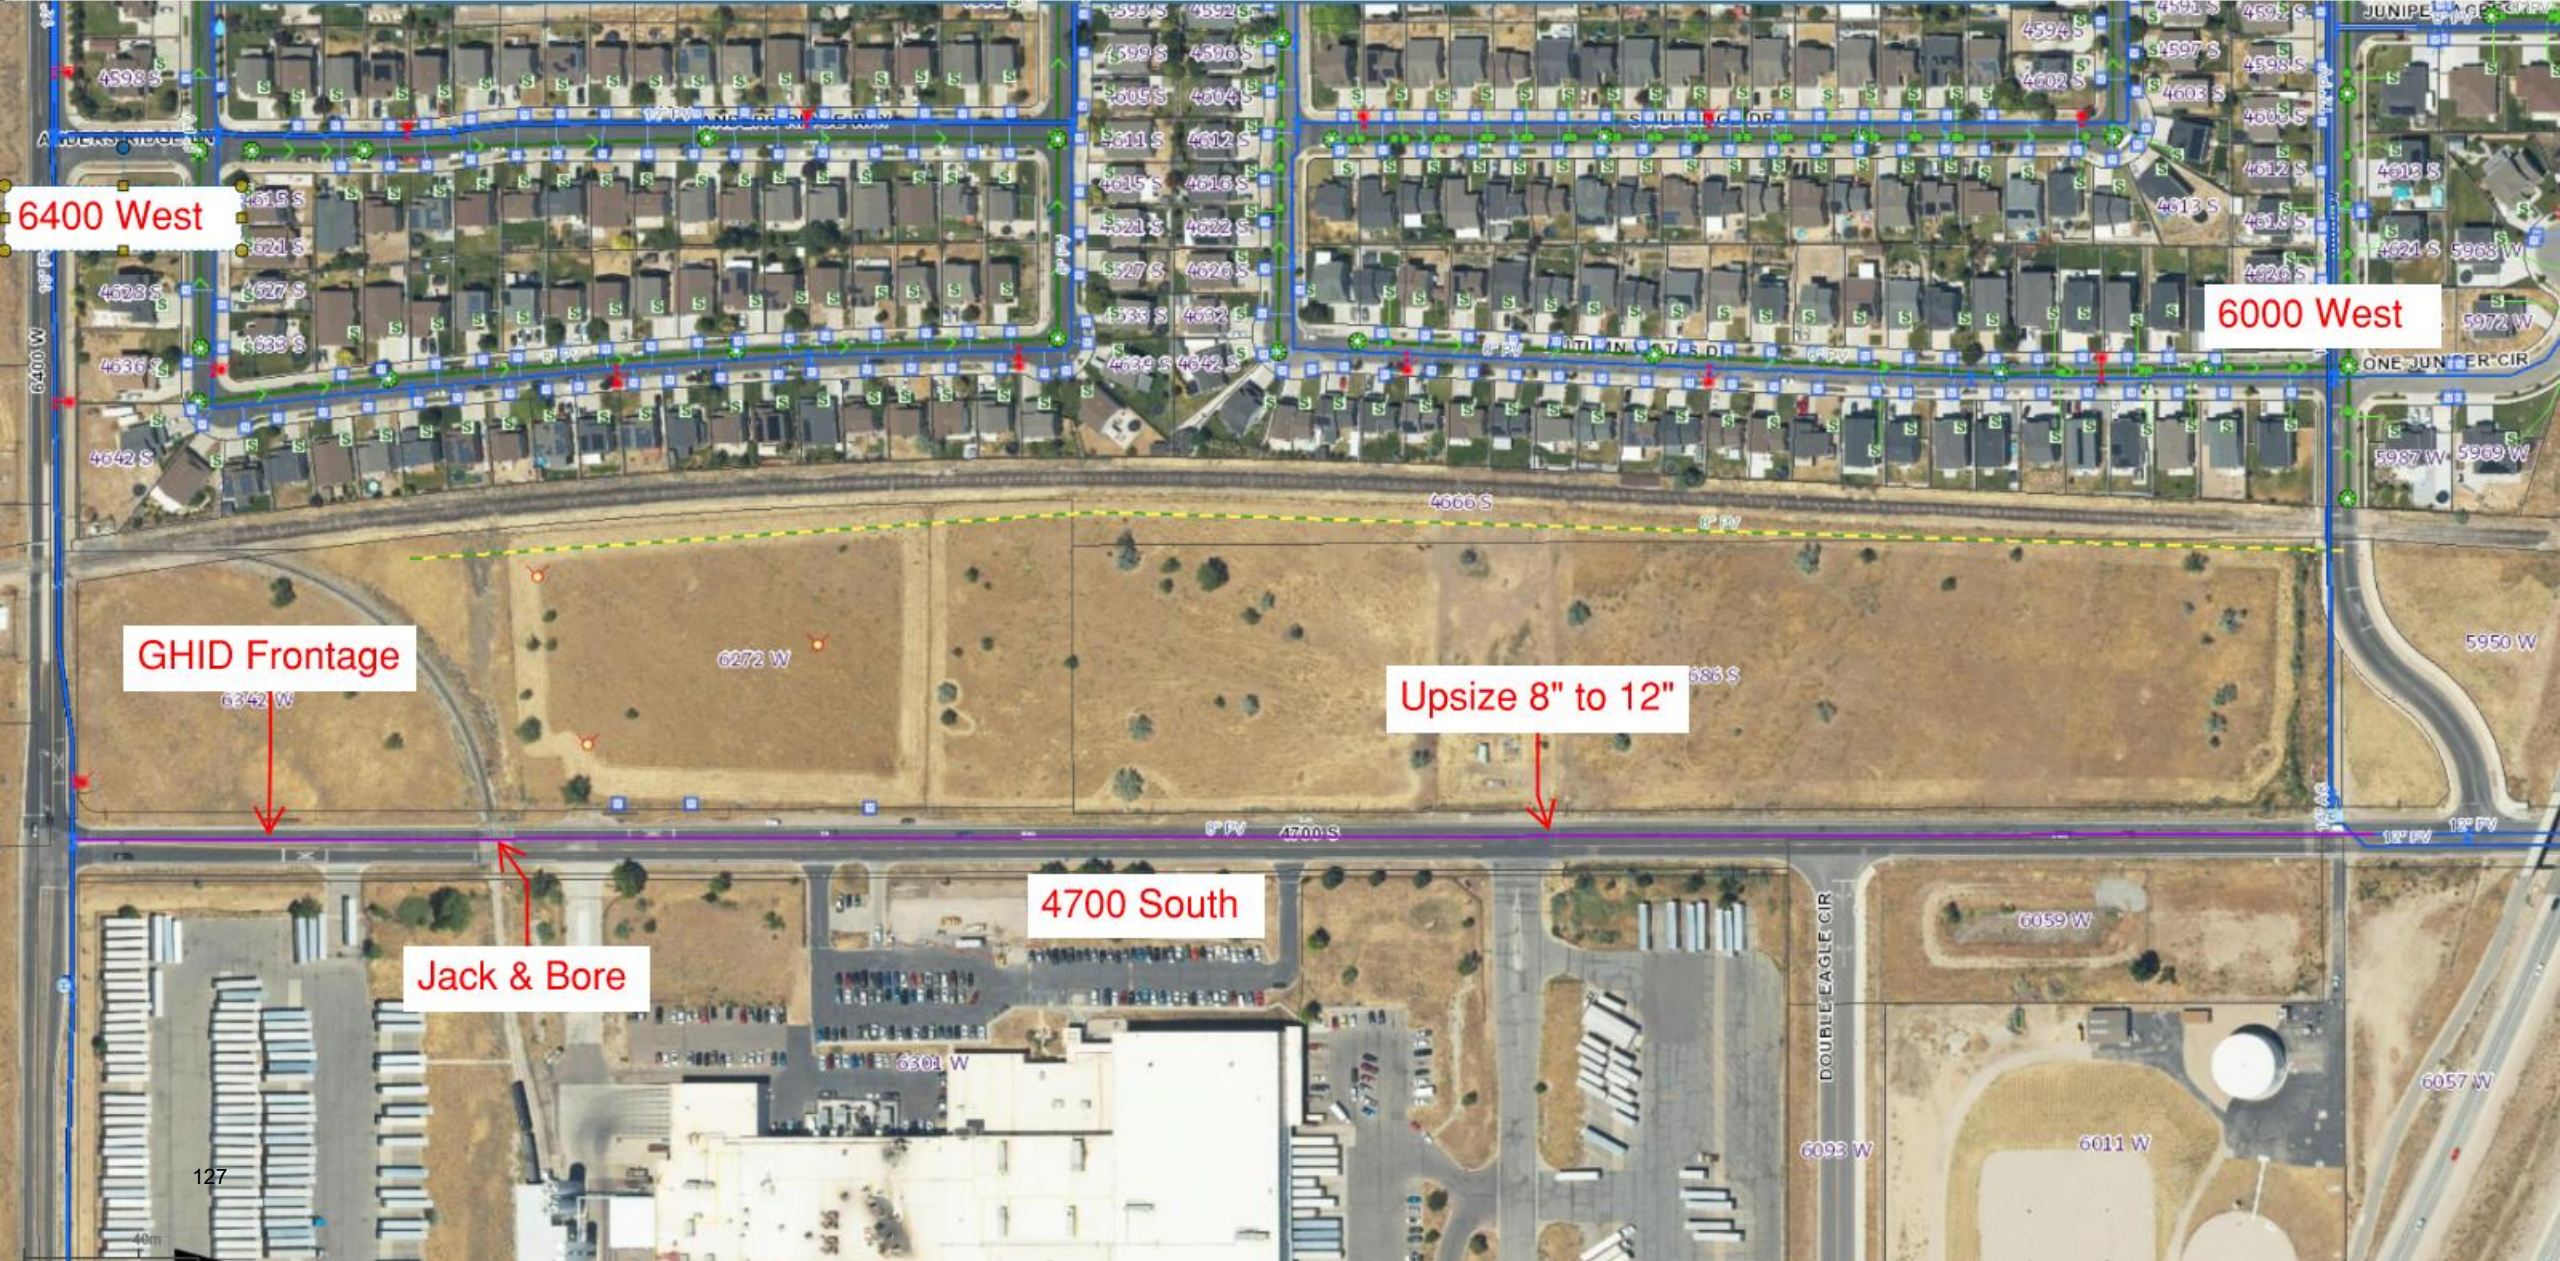

This project was planned as part of the Zone 1 Reservoir property purchase back in 2023. The only cost that has changed is the jack & bore cost.

**Staff Recommendation: Consider approval of a Water System Improvements Cost Contribution Agreement with Arcadia SP, Inc for the Zone 5 Waterline not to exceed \$187,826.00, and authorize the General Manager to revise and execute the agreement, subject to Legal Counsel review.**

## Pleasant Valley Easement

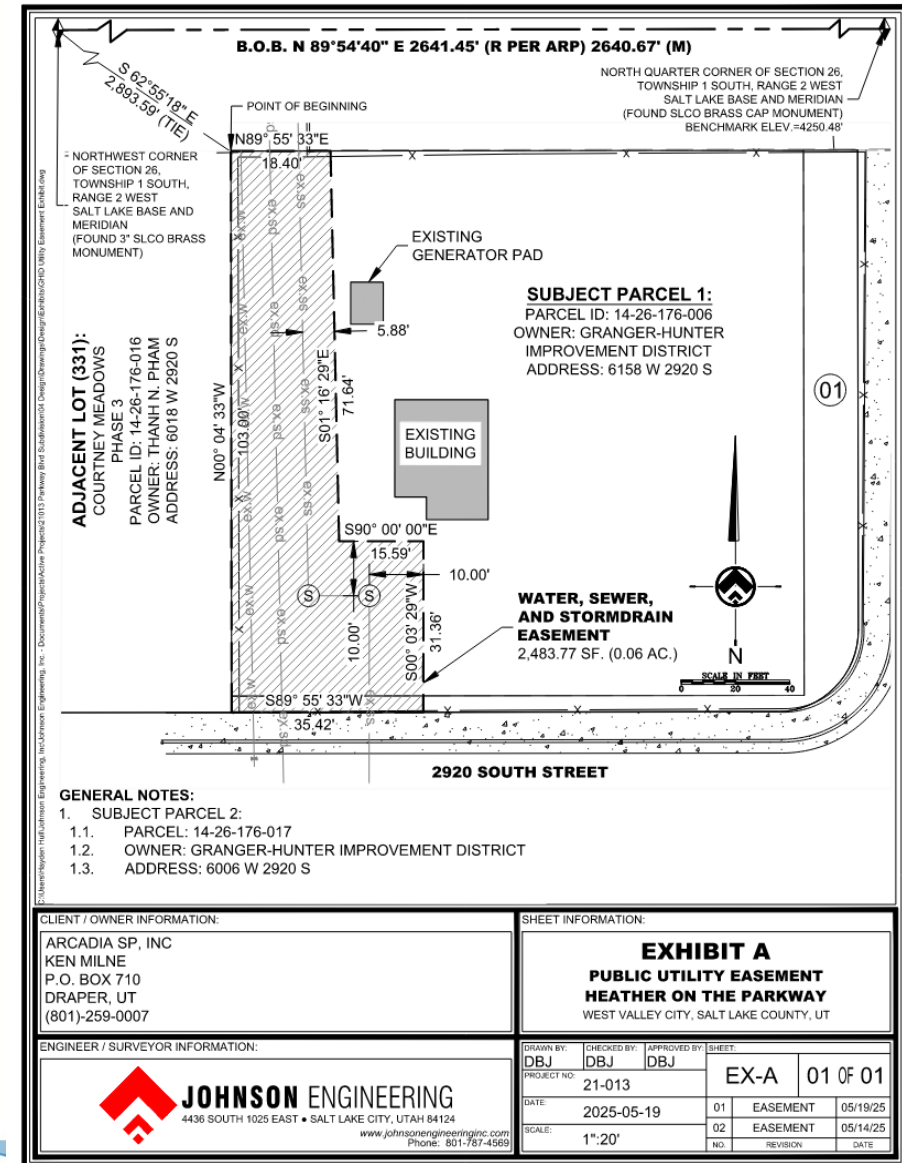

Capital Project: N/A  
 Location: 6158 West 2920 South  
 Project Budget: -  
 GHID Project Manager: Todd Marti  
 Consultant: -  
 Contractor: -

**Project Description:** Arcadia SP has been developing Heater Villas near the existing Pleasant Valley Lift Station at 6158 West 2920 South.

**Project Update:** In order to preserve GHID's future expansion to the north and prevent future utility conflicts, we requested Arcadia install water, wastewater and stormwater facilities to the west of the existing facility instead of north. This would prevent future utility conflicts when the new Pleasant Valley Lift Station is constructed beginning next year.

This cost is for 0.06 acres of a utility easement.

**Staff Recommendation:** Consider approval of a sale of an easement to Arcadia SP, Inc. at the Pleasant Valley Lift Station for \$17,753.42.
