6. Presentation and Discussion of the intent to increase property taxes:

- Increase of \$2,956,000 in property taxes
- Purpose of the increase:
 - Addition of One New Fire Station in West Haven
 - Replacement of Station 63 to a New Location/Station in Hooper
 - Addition of a Training Tower and Training Facility with supporting offices in Farr West (located behind Station 61)
 - Apparatus and equipment necessary to equip the new fire stations and new training facility. Where appropriate, equipment at Station 63 will be moved to the new location.
- Approximate percentage increase for an average Weber County home value of \$676,000 is 23.58% or \$94.95 per year.
- Approximate percentage increase for an average Weber County business value of \$676,000 is 23.58% or \$172.63 per year.
- If the proposed budget is approved, Weber Fire District would increase its property tax budgeted revenue by 23.58% above last year's property tax budgeted revenue excluding eligible new growth.
- Jim asked if this is related to the TNT and when will the TNT be? 'Andrea answered yes and November 11th.
- Chief Clark explained that this amount was based on the original bid of \$40M for the construction costs. The builder and architects have already made changes to the projects to reduce the costs below \$35M and once they secure the sub-contractors, they feel that the costs will be reduced further. The intent is to only secure needing funding for the project, not the full \$40M.
