Discussion & Consideration of the Conservation & Landscape Health Rule Letter

(11:45 a.m.)

Clay Crozier with PLPCO wrote the letter in support of the recession of the conservation and landscape health rule. A portion of the letter reads: The Conservation and Landscape Health Rule represents a radical and legally questionable departure from this statutory mandate. By administratively establishing "conservation" as a formal "use" on par with tangible, productive activities, and by creating "conservation leases" that allow for the indefinite idling of vast tracts of land, the rule effectively prioritizes non-use over use. This fundamentally misinterprets FLPMA's intent, which was to balance various productive activities, not to create a novel mechanism for their widespread exclusion. This amounts to an administrative rewriting of federal law, a power reserved for Congress, not a federal agency. This approach threatens to lock up the very resources that sustain our local businesses, support our families, and generate the revenue that funds our schools, roads, and emergency services. The "conservation lease" mechanism is particularly alarming, as it creates a pathway for well-funded special interest groups, potentially with no connection to our community, to effectively control public lands, bypass established public planning processes, and undermine local economies and existing valid rights.

The parties discussed the letter and their support. *Commissioner Killian made a motion to approve the Conservation and Landscape Health Rule letter. Commissioner Chugg seconded the motion. Commissioner Killian voted aye, Commissioner Chugg voted aye, and Commissioner Miles voted aye. The motion passed.*

Discussion & Consideration of the Affiliated Ute Citizens Petition Response Letter

(11:47 a.m.)

The letter to the Department of the Interior, Office of the Assistant Secretary – Indian Affairs, was signed and sent before the meeting. This letter is in response to the petition for federal recognition submitted by the Affiliated Ute Citizens of the State of Utah (AUC). While Duchesne County acknowledges and respects the history of the mixed-blood Ute people, we believe that the request for renewed federal acknowledgement should be denied

for both legal and practical reasons. The parties discussed the letter. *Commissioner Chugg made a motion to ratify the signing of the support letter opposing the Affiliated Ute Citizens Petition Response, with post authorization for the Chair to sign. Commissioner Killian seconded the motion. Commissioner Chugg voted aye, Commissioner Killian voted aye, and Commissioner Miles voted aye. The motion passed.*

Public Hearing: Zoning District Map Amendment Request to Change from A-5 Agriculture to R-1 Residential in the Hanna Area

(2:00 p.m.)

Present –

Commissioner Greg Miles, Commissioner Tracy Killian, Commissioner Jeff Chugg, Deputy Attorney Tyler Allred, Community Development Assistant Director Mike Gottfredson, Duchesne County Resident Dennis Peterson, and Commission Executive Assistant Melissa Hughes is taking the meeting minutes.

Commissioner Chugg made a motion to go into a public hearing for the Zoning District Map Amendment Request to Change from A-5 Agriculture to R-1 Residential in the Hanna Area. Commissioner Killian seconded the motion. Commissioner Chugg voted aye, Commissioner Killian voted aye, and Commissioner Miles voted aye. The motion passed.

Community Development Assistant Director Mike Gottfredson explained that Dennis Peterson owns a 6.27-acre parcel on the North Fork Road, 5.00 miles north of the North Fork Road – Utah Highway 35 intersection, in the Hanna area. Mr. Peterson is requesting this rezone of his property to allow for the subdivision of it into three separate lots and a remainder property. Cabin structures exist with established drinking water sources and permanent access for each of the three proposed lots.

Changing the zoning would be consistent with how the property has been used for the past 45 years, as the property has been interpreted and referenced as three separate lots since inception. However, no division of property has yet to take place. Changing the zone to R-1 Residential would be more consistent with the character, land use, and actual size of the surrounding 20 properties. For example, 15 of the 20 parcels in this neighborhood are under 2½ acres in size, and 13 of these 15 are even less than 1 acre. Only one parcel of the 20 in the neighborhood is consistent with the current A-5 Agriculture zoning district, being the only property assessed as agricultural land. The remaining 19 properties were established and have remained recreational by use for over 70 years. Even with the technical change in how this property will be zoned, no actual change in land use is anticipated to be caused by the rezone.

On September 3, 2025, the Planning Commission held a public hearing to consider this request, reviewed and adopted the findings of fact prepared by the Planning Division, and unanimously recommended the approval of this rezone.

Commissioner Miles asked the property owner, Dennis Peterson, if there was adequate source protection for the well. Dennis Peterson explained how TriCounty Health approved all three septic systems.

Commissioner Killian made a motion to exit the public hearing. Commissioner Chugg seconded the motion. Commissioner Killian voted aye, Commissioner Chugg voted aye, and Commissioner Miles voted aye. The motion passed.
