AGENDA:

1. Meeting with UDOT to discuss corridor traffic study

Travis Hair and Geoffrey Dupaix presented the study. Discussion included the purpose, timeline, and plans to expand the study area. They reviewed the positives of the current access roadways and potential improvements to support proposed and anticipated growth, including employment opportunities. Recommendations were presented for future connections, project priorities, and timelines. The study was noted as a predictive analysis based on projected industrial, commercial, and residential development throughout the county, with emphasis on Grantsville. Tools to support future networks and their integration into the City's transportation plan were discussed. The ultimate goal is to maintain efficient traffic flow countywide. Presenters reviewed desired minimum roadway widths, access management strategies, and the importance of planning connectivity to main thoroughfares. Future traffic signal placements were also discussed, along with rationale for their locations. Next steps for collaboration to adopt the plan were outlined. Signal updates included Hale/Main Street scheduled for this fall and Sheep Lane/112 scheduled for next spring.

Consideration of Resolution 2025-76

Authorization the Surplus of Police K9

“Ludo” from the Grantsville City Police
Department

**GRANTSVILLE CITY
RESOLUTION NO. 2025-76**

**A RESOLUTION AUTHORIZING THE SURPLUS OF POLICE K9 “LUDO” FROM
THE GRANTSVILLE CITY POLICE DEPARTMENT**

Be it resolved by the City Council of Grantsville City, Utah as follows:

WHEREAS, the Grantsville City Police Department has determined that Police K9 “Ludo” is no longer suitable for active duty due to age, health, or other operational considerations; and

WHEREAS, the City Council finds it in the best interest of the City and the Police Department to declare Ludo as surplus property; and

WHEREAS, pursuant to Grantsville City Code and applicable City policy, surplus property may be disposed of when it is no longer required for public use; and

WHEREAS, the City Council desires to ensure that Ludo is retired in a humane and appropriate manner, and that any transfer or adoption complies with applicable City and Police Department procedures.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF GRANTSVILLE CITY, STATE OF UTAH, AS FOLLOWS:

Section 1. Declaration and Disposition: Police K9 “Ludo” is hereby declared surplus property. The City authorizes the Chief of Police, or their designee, to remove Ludo from the City’s inventory and to complete the transfer, adoption, or other disposition as deemed appropriate and in the best interest of the animal and the City.

Section 2. Effective Date: This resolution shall take effect immediately upon its passage and approval as provided by law.

Section 3. Severability clause. If any part or provision of this Resolution is held invalid or unenforceable, such invalidity or unenforceability shall not affect any other portion of this Resolution and all provisions, clauses and words of this Resolution shall be severable.

ADOPTED AND PASSED BY THE CITY COUNCIL OF GRANTSVILLE CITY, THIS 22ND DAY OF OCTOBER, 2025.

Consideration of the Ordinance 2025-37

Approving a Plat Amendment for the
Cherry Wood Subdivision To Realign
Cherry Street

**GRANTSVILLE CITY
ORDINANCE NO. 2025-37**

**AN ORDINANCE OF GRANTSVILLE CITY APPROVING A PLAT AMENDMENT
FOR THE CHERRY WOOD SUBDIVISION TO REALIGN CHERRY STREET**

Be it enacted and ordained by the City Council of Grantsville City, Utah as follows:

WHEREAS, Grantsville City received a request for a plat amendment to the Cherry Wood Subdivision located in the R-1-21 Zone for the purpose of realigning the right-of-way of Cherry Street; and

WHEREAS, the proposed amendment corrects a misalignment in the existing recorded plat and ensures proper right-of-way location consistent with the previously approved West Haven Townhomes Planned Unit Development and the City's adopted roadway standards; and

WHEREAS, the Grantsville City Planning Commission held a duly noticed public hearing on October 2, 2025, to receive public comment on the proposed amendment and, following review, recommended approval to the City Council; and

WHEREAS, the City Council of Grantsville City, having reviewed the Planning Commission's recommendation and all relevant materials, finds that the proposed plat amendment is in the public interest, supports orderly development, and complies with applicable provisions of the Grantsville City Land Use and Management Code.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF GRANTSVILLE CITY, STATE OF UTAH, AS FOLLOWS:

Section 1. Approval: The Cherry Wood Plat Amendment is hereby approved to realign Cherry Street as depicted in the plans attached hereto as Exhibit A and incorporated herein by reference.

Section 2. Effective Date: This Ordinance shall take effect immediately upon its passage and approval as provided by law.

Section 3. Severability clause: If any part or provision of this Ordinance is held invalid or unenforceable, such invalidity or unenforceability shall not affect any other portion of this Ordinance and all provisions, clauses and words of this Ordinance shall be severable.

ADOPTED AND PASSED BY THE CITY COUNCIL OF GRANTSVILLE CITY, THIS [DAY] DAY OF [MONTH], 2025.

Grantsville City Development Review

Submittal # 2 03/10/2025

STAFF REPORT

TO: Planning Commission

FROM: Shelby Moore

PUBLIC HEARING DATE: 10/2/2025

MEETING DATE: 10/2/2025

RE: Consideration of the Cherry Wood Plat Amendment

Applicant's Request

The applicant is requesting approval of a plat amendment for the Cherry Wood Subdivision. The purpose of the amendment is to realign the right-of-way (ROW) to the north in order to correct a misalignment from the previously recorded plat. The existing alignment, if left unchanged, would encroach into the property located immediately to the south.

Background

As part of the Planned Unit Development (PUD) approval for the West Haven Townhomes, a condition was placed requiring the correction and proper alignment of this roadway. The ROW realignment fulfills that requirement and ensures consistency with the approved preliminary plat for the West Haven Townhomes.

The proposed ROW maintains a 66-foot width, consistent with City standards and the City's transportation plan.

Staff Analysis

- **ROW Realignment:** The proposed shift corrects the alignment to the north, avoiding encroachment on adjacent property to the south.
- **Consistency with Approvals:** The realignment is consistent with the conditions of approval tied to the West Haven Townhomes PUD.
- **Retaining Wall Concern:** During preliminary review, staff noted potential impacts to southern properties, specifically the possibility of a retaining wall. This matter has been addressed and is shown on the approved preliminary plat for West Haven Townhomes.
- **ROW Standard:** The 66-foot ROW is preserved, meeting city roadway standards.

Staff Recommendation

Staff recommends the **Planning Commission forward a recommendation of approval** to the City Council for the Cherry Wood Plat Amendment, subject to the following conditions:

1. The final plat shall reflect the corrected ROW alignment as presented.
2. All conditions of the West Haven Townhomes PUD approval, including the requirement for ROW alignment, remain in full effect.
3. Any retaining wall impacts shall be consistent with the details provided on the approved preliminary plat and shall not adversely impact adjacent property owners.

Consideration of Resolution 2025-77
Approving the amendments of the
Consolidated Fee Schedule

**GRANTSVILLE CITY
RESOLUTION NO. 2025-77**

**A RESOLUTION OF GRANTSVILLE CITY APPROVING AN UPDATE TO THE
CONSOLIDATED FEE SCHEDULE**

Be it resolved by the City Council of Grantsville City, Utah as follows:

WHEREAS, the City periodically reviews and updates its fee schedule to ensure that fees are fair, equitable, and reflective of the actual cost of services provided; and

WHEREAS, the City has conducted a review of its inspection and permit fee structures and has identified the need to transition from a flat-rate model to an hourly billing model for commercial and industrial inspections; and

WHEREAS, the proposed update more accurately represents the time and resources required to perform inspections, aligns the City's rates with comparable municipalities, and supports the continued delivery of quality inspection services; and

WHEREAS, the City Council finds it to be in the best interest of Grantsville City to adopt the updated inspection fee schedule as outlined in Exhibit A, attached hereto and incorporated herein by reference.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF GRANTSVILLE CITY, STATE OF UTAH, AS FOLLOWS:

Section 1. Approval: The Grantsville City Council hereby approves and adopts the updated inspection fee schedule attached as Exhibit A – Inspection Fee Proposal 2025.

Section 2. Effective Date: This resolution shall take effect immediately upon its passage and approval as provided by law.

Section 3. Severability clause. If any part or provision of this Resolution is held invalid or unenforceable, such invalidity or unenforceability shall not affect any other portion of this Resolution and all provisions, clauses and words of this Resolution shall be severable.

ADOPTED AND PASSED BY THE CITY COUNCIL OF GRANTSVILLE CITY, THIS 22ND DAY OF OCTOBER, 2025.

EXHIBIT “A”

Commercial/Industrial Building Permit/Plan Check Fee Updates

Commercial/Industrial Building Permit/Plan Check Fee Updates

Why We're Changing

We are proposing to transition to an hourly billing model for commercial and industrial inspections. This change allows us to track the actual hours spent on each project and develop more accurate rates for larger and more complex inspections in the future.

Our previous flat-rate structure often resulted in disproportionately high fees on large projects, even when inspection time did not increase at the same rate as project valuation. Moving to hourly billing ensures fees are fair, transparent, and better aligned with the actual work performed. It also keeps Grantsville competitive with surrounding communities such as Tooele City and Salt Lake City.

As we gather more data under this new approach, our goal is to transition to a tiered rate structure in the future. This would allow us to better align with fee models used by other cities and ensure that both small and large projects are charged equitably based on the level of service required.

Proposed New Rates

Rates were calculated by using the actual wage/benefit amount for employees and adding the overhead rate calculated by the Zions Bank fee study.

- **City Engineer:** \$110 per hour
- **Building Official:** \$95 per hour
- **Inspector I:** \$80 per hour
- **Inspector II:** \$74 per hour

Current Rate Structure (being replaced)

- Building Permit Fee: $0.0068 \times \text{Valuation}$ (\$6.80/\$1,000 in valuation)
- Plan Check: $0.004 \times \text{Valuation}$ (\$4.00/\$1,000 in valuation)

Agenda Item # 7

Concept Plan for Center Street

STAFF REPORT

TO: Planning Commission

FROM: Shelby Moore, Community Development Department

MEETING DATE: 10/2/2025

Discussion – Proposed Rezone and General Plan Amendment for 5 Center Minor Subdivision

Applicant Request

The applicant has requested discussion on a proposed **Rezone** and **General Plan Amendment** for the **5 Center Minor Subdivision** property. The property is currently zoned **RM-15** (Residential Multi-Family).

The applicant is seeking guidance from the Planning Commission (PC) and City Council (CC) on the most appropriate zoning designation for the site to move forward with a formal application.

Surrounding Zoning and Land Uses

- **North/West:** CS (Commercial Services)
- **East:** RM-7 (Residential Multi-Family,)
- **South:** RM-7 and CS
- **Site:** RM-15 (current zoning)

This creates a transition area between commercial and lower-intensity residential uses.

General Plan Designation

According to the City's Future Land Use Map, the site is designated as **Mixed-Use Density**.

- Allows a mixture of commercial/retail and residential uses.
- Density: up to **10 units/acre** by right; up to **15 units/acre** with special design considerations.

It is crucial to maintain the integrity and context of the information shared, as it is meant to assist in the decision-making process without implying any endorsement or directive, but it is essential that it is understood within the appropriate scope.

- **Building Height:** up to 2 stories/35 feet; up to 3 stories may be approved with enhanced buffering, landscaping, and architectural design.
-

Staff Analysis

The subject property lies at the edge of a commercial corridor (CS zoning) with residential neighborhoods located directly east and south. The **Mixed-Use Density** designation in the General Plan encourages a blend of residential and small-scale commercial uses to provide a transition between higher-intensity commercial and traditional neighborhoods.

Key considerations:

1. **Compatibility:** The property is surrounded by CS and RM-7 zones. Extending the CS zoning onto this property creates continuity along the corridor.
 2. **General Plan Alignment:** The **Mixed-Use Density** designation supports commercial and residential uses together, making CS zoning a compatible option.
 3. **Transition Role:** The property can act as a buffer between higher-intensity commercial on Main Street and lower-intensity residential to the east.
 4. **Market Flexibility:** CS zoning provides opportunities for commercial development while still allowing mixed-use concepts if desired.
-

Staff Recommendation

Staff recommends that the Planning Commission and City Council consider **continuing the CS zoning** in this area. This approach:

- Aligns with the **Future Land Use Plan** for Mixed-Use Density.
 - Maintains continuity with existing CS zoning to the west.
 - Provides flexibility for both commercial and residential uses that are appropriately scaled.
 - Serves as a buffer and transition between Main Street commercial uses and adjacent residential neighborhoods.
-

Discussion Purpose

Planning and Zoning
336 W. Main St.
Grantsville, UT 84029
Phone: (435) 884-1674

At this time, staff is requesting input and direction from the Planning Commission and City Council regarding:

- Whether CS zoning should be extended to this property, or
- Whether alternative zoning (e.g., mixed-use specific district or retaining RM-15) would better serve long-term planning goals.

This discussion is not a public hearing or action item but will provide the applicant with a clear recommendation moving forward.

Next Steps

1. **Planning Commission Discussion:** Provide input on preferred zoning and land use direction.
2. **Applicant Revision:** Based on feedback, the applicant may revise the application to propose a formal **Rezone** and **General Plan Amendment**.
3. **Public Hearing:** Once a formal application is submitted, staff will schedule public hearings with the Planning Commission and City Council.
4. **Formal Recommendation/Action:** Planning Commission will make a recommendation, and City Council will take final action on the proposed Rezone and General Plan Amendment.

NOTES:

1. A 10' Public Utility & Drainage Easement is hereby created parallel with all front and rear lot lines in this minor subdivision as noted hereon. A 7.5' Public Utility & Drainage Easement is hereby created parallel with all side lot lines in this minor subdivision, also as noted hereon.

2. Coordinate values shown hereon are based upon Tooele County Dependent Resurvey data.

3. The approval of this minor subdivision was granted upon condition that the owner or owners of each lot in this subdivision will immediately install or pay for the installation of sidewalk, curb, gutter or other required and specified offsite improvements, within ninety days of a written notice from Grantsville City to complete said improvements. The requirement to install or pay for said improvements was an agreement of the original owner of this subdivision and is a covenant running with these lots and subsequent owners of these lots shall also assume the same obligation when they acquire ownership of the same.

4. Each residential parcel is allowed a maximum of two vehicle driveway entrances, with a combined total width of no more than 32 feet, along the addressed street frontage. Primary driveway access for streets classified of a greater function than "Local" or function as limited access streets are granted by permit only. The City may approve an exception to placement of a driveway on the addressed street frontage for a single driveway access (included in the two total accesses) to be placed on an abutting "Local" side street if the parcel is a corner lot. Beyond the approved driveway accesses described, no other driveway access shall be allowed on street frontages or on streets of a functional classification of Collector, Arterial or other limited access streets. Access through neighboring private parcels may be granted by City Conditional Use approval only.
