Dissemination of Information to School Staff

The principal and multidisciplinary team shall determine, based on the level of threat posed by the student, the appropriate school staff who should receive the information about the student. In cases where the information demonstrates possible imminent harm to the student or others, the principal may share information as necessary to ensure the safety of the student, the victim, and the school's general population without first consulting with the multidisciplinary team. In determining what information should be shared and which staff members should receive the information, the principal and multidisciplinary team should share only the information and data needed to ensure the safety of the student, the victim, and the school's general population.

The superintendent, principal, and any other staff member notified by the principal shall not intentionally cause the information to become public knowledge.

Student Reintegration Plan

Unless the offense is a forcible felony, within five school days of receiving a notification from juvenile court or a law enforcement agency that a student of the district has been arrested for, charged with, or adjudicated in juvenile court for a serious offense (as defined by Utah Code § 80-6-103(1)(d)), the school shall develop a reintegration plan for the student with a multidisciplinary team, the student, and the student's parent or guardian. (In the case of a forcible felony, the district may elect not to reintegrate the student. However, if the school decides not to reintegrate the student, the district must provide alternative education options for the student.) The plan must address a behavioral intervention for the student, a short-term mental health or counseling service for the student, an academic intervention for the student, and (if the offense was a violent felony and was directed at a school employee or another student within the school) notification of the reintegration plan to that employee or student and the student's parent. A student may not be reintegrated into school where a student or staff member has a protective order against the student or where a student or staff member is the victim of a sexual crime committed by the student. The school may deny admission to the student until the reintegration plan is completed. The multidisciplinary team involved in developing the reintegration plan will consist of the District, the juvenile court, the

Division of Juvenile Justice Services, a school safety and security specialist, the school safety and security director, and (if applicable) a school resource officer and any other relevant party that should be involved in a reintegration plan. A student resource officer shall be given the opportunity to provide input regarding the safety risks the student may pose upon reintegration. Where a student is on probation, the reintegration plan shall include providing notice to the student resource officer of the school where the student attends of that probation status.
