1. General Plan, Water Element, Quality Open Lands, Livable Neighborhoods

Senior Planner Brandon Rypien presented three chapters: Quality Open Lands, Livable Neighborhoods, and Water Element. Maps and slides were shown based on the vision. Key points included the need to add 60 acres of open space by 2050 to maintain per capita acreage, the importance of infill housing, and the goal to increase owner-occupied housing to 70%. The water element emphasized the need for infrastructure updates and water conservation measures, including hydro zones and gray water use. The Plan focused on key elements of what Ogden provides the community throughout the city and what it needs to provide in the future.

2. Recognition of Rick Safsten

He was presented a planter and a Resolution honoring him for his dedicated service.

As there was no additional business to come before the Commission, **COMMISSIONER ROSS MOVED THE MEETING ADJOURN. MOTION WAS SECONDED BY COMMISSIONER SANDAU, ALL VOTING AYE.**
