

Kyla Topham  
Council Department Report  
November 2025

URC- Preparing rebuttal testimony for the Public Service Commission hearing that will take place in December. Working with RMP to evaluate the top six projects. The communications team is working on a new website. Randy is planning a presentation for the council with lots of details.

Community Health Coalition- We are scheduled to meet middle of November.

Community Development- Invasive species removal project is going well. Tree's Ranch is nearly finished and the town side of the project is progressing as expected. There is a new code enforcement system that will help with documentation across departments. This has also updated the front facing way that people can report concerns via the website.
