School LAND Trust Plan Amendment 2025-2026 - Deseret Peak High

The Amendment has been submitted by the School and is waiting LEA review.

Goal #1 close

Goal Statement close

Students will achieve an overall GROWTH SCORE of 55% on the end-of-year proficiency tests, Utah Aspire Plus. As a result, the PROFICIENCY goal on Utah Aspire Plus for ELA is 34%, Math is 25%, and Science is 35%. English Language Learners making adequate progress will be 35%. The graduation rate goal for DPHS in 2026-2027 will be 90%. This upcoming year, due to there being no Seniors, our Junior class will have 80% of the students on track to graduate. ACT scores will have 60% of our students receiving a composite score of 18 or higher. Thirty-five percent of ELL students make adequate progress on the end of the year WIDA test.

Measurements close

Deseret Peak High School is a brand-new high school opening to students August 2025. The population of students will be coming from the two existing neighboring high schools of Tooele High School and Stansbury High School. Because we are a new high school, we will be using data from the two existing schools to identify academic area needs for the 2025-2026 School Trust Land plans. End-of-year proficiency scores are measured using the assessment Utah Aspire Plus. The date for the 2023-2024 we are taking from the neighboring high schools is, ELA: THS 30%, SHS 33% Math: THS 20%, SHS 22% Science: THS 29%, SHS 38 Deseret Peak High Schools goal for these two proficiency scores on Utah Aspire Plus will be to match the district average of ELA 34% and Math 25%, and Science 35% We will work on hitting these goals by focusing on raising our overall growth scores on the Utah Aspire Plus in these subject areas. Our neighboring school's growth score percentages are THS: ELA 49%, Math 42%, Science 50%, and Lowest 25% is 54.1%. SHS: ELA 44%, Math 42%, Science 49%, and Lowest 25% is 56.7% Deseret Peaks High School's goal is to show a 5% growth in the areas of ELA, Math, and Science, and the Lowest 25%. Note: We will want to see the new scores in September 2025 to see what the district average is and then we'll try and hit that average. These scores will give us a better understanding of our students. Deseret Peak High School also needs to ensure that 60% of students pass with an ACT score of 18 or above. The current district average is 57% A 5-year goal the Superintendent at TCSD has for the district is having a 90% graduation rate district-wide. Because we don't have Seniors next school year, we want to have a 80% on-track for graduation rate for our Junior class. The subcategory of major focus for Deseret Peak High School is the English Learner Progress. Eighteen percent of THS and 12.5% of SHS identified multi-lingual learners make adequate progress on their end-of-year language proficiency test scores on WIDA. Our goal is to push this number to 35%.

Action Plan Steps and Expenditures

Salary: $114,000.

· Credit Recovery Aide. At a high rate at both THS and SHS, students aren't passing the required classes to graduate from high school. A credit recovery aide will assist students in making up lost credit to get students on track to graduate. We plan on putting students in this class when we find that they are off-track.

· ML Aide. This specialist will help track students' progress in all classes throughout the school day. They would help teachers with different strategies to meet the learning needs of the Level 1 and 2 students. In the ML classroom, this aide can also help tutor students with English.

· ACT. This employee will cover ACT Classes. For two periods each semester, students will get ACT training. The other time will be used to support the students who need a place

the Prevention, Intervention, and Enrichment time.

PIE time is used for providing tier 2 support after a common formative assessment. These interventions will help students become more efficient in learning the standards.

· PBIS Aide. During passing time and class times, this employee will also monitor halls, lunches, and check-in and outs. This aide will help with recognizing students for showing improvement in growth scores, and improvement in other school-wide goals not included in the Trust Lands Plan.

$36000. With a week and a half left in the 1st term, we have 56% of our Secondary Math 2 students failing class. The majority of this was due to the Unit 1 exam. After seeing this data and talking with a student advisory team, the community council voted to use funds for two math aides to be available for math teachers to use during math instruction and for after-school and lunch time tutoring. The math tutors will be used for all math levels.

Professional Development: $4100

· DP wants to offer an equitable option for honors classes. Pre-AP Language Arts is the only topic that the District and State have approved. This Pre-AP will give the teacher what needs to be taught to reach a higher rigor. This money will be used to train teachers.

Software: $15020

· $8720. Math is looking into getting a grant to purchase supplemental math programs to support their curriculum. If we can't get the grant, we will need support from Trust Land funds. Reading. We currently have a good number of students with low reading comprehension scores. Especially our students on IEP. A supplemental program, like Achieve 3000, can help make up the difference.

$6,300. The DPHS semester goal is to reduce the number of tardies. In essence, get kids in class learning. Now that the first quarter is complete, we are finding a lot of students leaving during class with a hall pass. This reduces the minutes of seat time, which correlates to low scores. The community council would like to use funds for an electronic hall pass, Smart Pass. This will allow us to track, school-wide, students who aren't attending class. If we can get students more time in seats, we can continue to improve our pass rates.

Supplies: $19200

· $5000. ELA teachers need to build their classroom library to assist with their instruction. These books will be used throughout the units.

· $600. Colored Printers for Music and Social Studies. While a colored printer directly benefits Social Studies and Music by enhancing visual aids and creative expression, its impact on Language

Arts and Math proficiency scores are indirect. The connection lies in the motivation, engagement, and cross-curricular reinforcement.

· $900. Science Digital microscopes. LCD digital microscopes enhance students technical skills and understanding of microscopy by providing a user-friendly interface. They allow teachers to guide students effectively in observing target specimens.

· $2700. PBIS Incentives. Positive Behavior Incentives. We will identify students who choose to better themselves through education each month. This rewards those who progress beyond their normal actions in education. We hope to purchase pins. Students can get one a term.

$10,000. The student advisory committee talked to the community council about the need for more engaging science lessons. When asked what would make for more lessons, the students mentioned specifically more engaging labs. The community council listened to this need and asked if the labs were adequately stocked with the proper engagement tools to make labs more engaging. DPHS is a brand-new high school, and so the labs aren't fully stocked to provide adequate labs for student learning. The funds will go towards providing lab equipment to support lessons for students and teachers.

Date	Name	Comment
2025-05-14	Sue Medina	Plan Comment: Per board concerns, please verify that "Honest Game" computer software falls under the criteria for Trustlands. The amount seems like a lot of money for how many students participate in sports. Further information requested.
2025-06-10	Kira Bennett	Plan Comment: Goal 1 Goal Statement: Your goal statement should be a concise articulation of the desired outcome. For Goal 1, once you remove all of the supporting information, your objective is: “students will achieve an average of 55% growth scores on the end-of-year proficiency tests. As a result, the proficiency goal for ELA is 34%, Math is 25%, and Science is 35%. English Language Learners making adequate progress will be 35%." All other details in this section, including the rationale or methodology (the "why" or "how"), must be relocated to the Action Steps.
2025-06-10	Kira Bennett	Plan Comment: Goal 1 Academic Area: Based on your stated goal, the only academic areas you should select are English/Language Arts, Mathematics, and Science. Please deselect all other academic areas. If you intend to include other areas (e.g., College and Career Readiness or Graduation Rate Increase), you must explicitly define an objective for each within your goal statement and clearly provide its corresponding measurement tool.
2025-06-10	Kira Bennett	Plan Comment: Goal 1 Measurements: The current presentation of your measurements is difficult to follow. Please organize this section by creating a distinct header for ELA, Math, and Science. Under each header, clearly state the specific measurement tool you will use (e.g., "RISE test") and then provide the supporting data. Alternatively, you may attach this information in a clean, easy-to-read format in the attachments section and reference this in the measurement section above.
2025-06-10	Kira Bennett	Plan Comment: Goal 1 Action Steps:Once you've made the above edits to your goal statement, academic areas, and measurements, you'll need to review each action step. For every action, you must clearly articulate its direct impact on achieving your stated goals in ELA, Math, and Science. For example, if you plan to purchase colored printers for music and social studies, you need to explain the specific connection as to why the council determined this expenditure would directly improve ELA, Math, or Science outcomes. This level of justification is required for any action step whose connection to the core academic goals is not immediately evident.

2025-06-10	Kira Bennett	Plan Comment: You will also need to complete the Council Membership Form, Principal Assurance, Website Updates, and ensure the Council Signature Form is retained at your school in order to receive funding. Please notify us at schoollandtrust@schools.utah.gov once this is complete.
2025-06-24	Sue Medina	Plan Comment: Goal #1 should state 55% growth, not 5% growth as stated in the previous statement. Please check if the statement needs to be updated.
2025-06-24	Kira Bennett	Plan Comment: Please note: This plan was reviewed by the USBE SCT and returned for edits. The LEA was notified that the USBE does not conduct a second review, so their re-approval would finalize the plan and release funding, and that they hold the responsibility for ensuring the plan's content fully complies with all program law and requirements.

LEA Review Assurance

Approving the Plan is the LEA Reviewer's assurance that the plan is consistent with the law and contains:

- student-centered, measurable, academic goals
- **specific** steps and expenditures to implement the academic goals
- measurements to assess improvement
- evidence-based practices and consistent with the LEA's pedagogy, programs, and curriculum
- no more than $2 per student budgeted for student incentives in an academic school ye

- an appropriate plan for any carry-over greater than 10%

REQUEST FOR PROPOSAL – Weight Room Equipment
Stansbury Jr High School
Tooele County School District

Notice

The Tooele County School District (hereafter referred to as "TCSD" or "the District") is seeking competitive proposals from qualified vendors to provide equipment for a weight room at Stansbury Jr High School.

Background

TCSD has a long history of providing education to residents of Tooele County, for over 100 years. Tooele County is Utah's second-largest County covering 6,941 square miles. TCSD has over 16,000 students attending in person classes at 17 elementary schools, 5 junior high schools, 7 high schools, and 4 specialty schools. There are also over 2,000 employees throughout the district. In addition to school buildings, TCSD also owns and operates an additional Six (6) support buildings housing various other departments/groups.

Purpose

The District intends to award a contract for weight equipment, delivery and set-up with the successful Offeror.

It is anticipated that this RFP may result in a contract award to a single contractor.

This RFP is designed to provide interested Offerors with sufficient basic information to submit proposals meeting minimum requirements but is not intended to limit a proposal's content or exclude any relevant or essential data. Offerors are at liberty and are encouraged to expand upon the specifications to evidence service capability under any agreement.

TCSD will not be liable for any costs proposers may incur in the preparation or presentation of this proposal.

Timelines & Budget

- **RFP Notification Date:** August 19, 2025
- **Q&A Deadline Date:** August 29, 2025 @ 5 pm (MDT)
- **Proposal Due Date:** September 5, 2025 @ 5 pm (MDT)
- **RFP Evaluation:** September 8, 2025 – September 12, 2025
- **Solution Demonstration (if deemed necessary):** Week of September 8, 2025
- **Anticipated Final Notification of Award:** September 16, 2025

Proposal Process

Proposals shall be submitted with the information required in this RFP. **Each section must be labeled, and in the order listed below**. Failure to comply may deem proposals non-responsive. As a minimum, proposals must include the following.

Step 1: Cover Letter
The cover letter must consist of:

1. Identification of Proposer, including name, address and telephone number.
2. Name, title, address and telephone number of a contact person during the period of proposal evaluation.
3. Provide background information about your firm.
    a. History of Firm
    b. Employees assigned to support TCSD
    c. Mission Statement, Goals, and other market differentiators
4. Provide details on how your team will support the District.
5. Provide details on how your team can train and provide information to our employees.

Step 2: Technical Proposal
The Technical Proposal should include the following items:

1. A detailed description of the quality and specification of equipment. Including pictures of the equipment.
2. Itemized warranty for equipment. Please specify how many years and what parts and/or labor is included.
3. Customer service and support offered to the district and the length of service contract.
4. Installation and set-up requirements and timeline.

Step 3: Solution Demonstration
Offerors may be asked to provide a demonstration of the quality and functionality of the equipment. This may include a visual inspection of the equipment, or a demonstration of how the equipment performs. Due to the size and access to equipment, this demonstration may be done virtually.

Step 4: Cost Proposal
Pursuant to Utah Code Annotated (UCA) § 63G-6a-707(7a), the cost proposal will be evaluated independently from the technical proposal; and as such, **must** be submitted separately from the technical proposal. Offerors must not include costs or pricing data in their responses to the Technical Proposal.

Offeror must upload all completed Cost Proposal forms that are attached to this RFP. The cost proposal form is **Attachment B – Cost Proposal Form.** If an Offeror fails to upload the completed cost proposal forms, then its proposal will be considered non-responsive, and the proposal will be rejected.

Failure to submit cost or pricing data separately will result in your proposal being judged as non-responsive and ineligible for a contract award.

Proposal Submission

Proposals must be submitted electronically, through the Bonfire platform - utahbonfirehub.com/projects.
For first time users, after you click the link, on the top righthand side you will see a "Register" button.

To aid in the registration, it is recommended watching this quick 5-minute video on how to register with Bonfire. Feel free to pause it as you go through the steps. If you have any questions or need assistance while using the platform, please consult the online knowledge base, explore the FAQs, or reach out to the Bonfire Support Team at support@gobonfire.com.

If you wish to no longer receive email notifications regarding this U3P-Jaggaer posting please open this posting and change your "Intent to Bid" to "No Bid". Selecting "No Bid" will stop future communications to your email regarding this posting.

Once registered, upload all documents in the Requested Information section of Bonfire. When submitting a proposal electronically through Bonfire, please allow sufficient time to complete the online forms and to upload proposal documents. The RFP will end at the deadline. If an Offeror is in the middle of uploading a proposal when the deadline arrives, the system will stop the upload process and the proposal will not be accepted by Bonfire, and the attempted submission will be considered late and ineligible for consideration.

Proposal Questions

The Question and Answer period closes on the date and time specified in Bonfire. All questions must be submitted through Bonfire during the Question and Answer period. Answers from the School District will be posted on Bonfire. Questions may include notifying the School District of any ambiguity, inconsistency, scope exception, excessively restrictive requirement, or other errors in this RFP. Questions are encouraged.

Questions may be answered individually or may be compiled into one document.

Questions may also be answered via an addendum. An answered question or an addendum may modify the specification or requirements of this RFP. Answered questions and addendums will be posted on Bonfire. Offerors should periodically check U3P for answered questions and addendums before the closing date. It is the responsibility of the Offerors to submit their proposals as required by this RFP, including any requirements contained in an answered question and/or addendum.

Addendum to RFP

If it becomes necessary to revise this RFP in whole or in part, an addendum will be posted on the Bonfire platform to all Offerors of record who received the original RFP.

Evaluation of Proposals

Stage 1: Initial Review

In the initial phase of the evaluation process, the conducting procurement unit will review all proposals timely received. Non-responsive proposals not conforming to RFP requirements will be eliminated from further consideration. Offerors must demonstrate the ability to meet or exceed all requirements.

Stage 2: Technical Proposal Evaluation

Responsive proposals, will then be evaluated by an evaluation committee appointed by the conducting procurement unit against the proposal evaluation criteria noted in this RFP. Proposals will be evaluated against the following evaluation criteria:

1. A detailed description of the quality and specification of equipment. Including pictures of the equipment. See Attachment B (45 points)
2. Warranty for equipment. Please specify how many years and what parts and/or labor is included. (20 points)
3. Customer service and support offered to the district and the length of service contract. (10 points)
4. Installation and set-up requirements and timeline. (5 points)

Offerors that achieve a **minimum score threshold of 50 points out of a possible 80** will proceed to the Stage 3: Solution demonstration (if deemed necessary) and the Final Stage: Cost Proposal Evaluation. Offerors with a score of less than the minimum required technical points will be deemed non-responsive and ineligible for further consideration. The evaluation committee, for this RFP, will tally the final scores for criteria other than cost to arrive at a consensus score by the following method: an average of the individual scores.

Stage 3: Solution Demonstration (if deemed necessary)
The Solution Demonstration with Offerors meeting the technical proposal evaluation minimum point threshold will be presented to the evaluation committee. Offerors will be given 45 minutes maximum to demonstrate their response to the Technical Proposal, and to meet the evaluation committee.

We have listed the anticipated demonstration dates, but will let all Offerors know who qualify of the exact date and time.

Final Stage: Cost Proposal Evaluation
Offerors meeting the technical evaluation minimum point threshold advance to the Final Stage: Cost Proposal Evaluation. There is a total of 20 cost points possible in this stage. Points assigned to each Offeror's cost proposal will be based on the lowest proposal price.

The Offeror with the lowest total cost will receive 20 points respectively, which totals 100% of the total cost points awarded. All other Offerors will receive a portion of the total cost points based on what percentage higher their total cost is than the total lowest cost. The formula to compute the points is: Cost Points x (Lowest Proposed Price/Proposed Price).

During the evaluation process, the evaluation committee may, with appropriate approval, request best and final Offerors as provided for in section 63G-60-707.5 from responsible Offerors who submit responsive proposals that meet minimum qualifications, evaluation criteria, or applicable score thresholds identified in the request for proposals.

Contract Award

The responsive and responsible Offeror with the highest score justified by the procurement code will be awarded a contract.

Right of Rejection

TCSD reserves the right to reject any and all proposals or to wave any non-statutory informality. The District further reserves the right to make the contract award deemed to be in the best interest of the District. The District's decision to accept or reject the contract shall be final.

Firm Proposal

Proposals must be signed by an official of the firm, if the proposer is a company, authorized to bind the company to a contract. Conditions must be firm for a period of one hundred twenty (120) days from the due date of this RFP to allow for evaluation of the proposals.

Pricing Guarantee

Offeror must guarantee its pricing for three years.

If allowable under this RFP, a request for price adjustment must be made at least thirty (30) days prior to the effective date. A request for price adjustment must include sufficient documentation (market analysis) supporting the request. Any price adjustment will not be effective unless approved by Tooele County School District. A price adjustment will be guaranteed for the same length of time as the original price guarantee. The conducting procurement unit will be given the immediate benefit of any decrease in the market, or allowable discount.

Terms and Conditions

Any contract resulting from this RFP will include, but not be limited to the Standard Terms and Conditions. The Standard Terms and Conditions have been attached in the Buyer Attachment section of this RFP.

Exceptions and/or additions to the Standard Terms and Conditions are strongly discouraged. However, Offerors requesting exceptions and/or additions to the Standard Terms and Conditions must be submitted with the proposal. Exceptions and/or additions submitted after the date and time for receipt of proposals will not be considered. Offerors may not submit requests for exceptions and/or additions by reference to a vendor's website or URL. URLs provided with a proposal may result in that proposal being rejected as non-responsive. Offerors may submit questions during the Question and Answer period regarding the Standard Terms and Conditions.

TCSD may refuse to negotiate exceptions and/or additions that are determined to be excessive; that are inconsistent with similar contracts of the procurement unit; to warranties, insurance, or indemnification provisions that are necessary to protect the procurement unit after consultation with the applicable legal counsel; where the solicitation specifically prohibits exceptions and/or additions; or that are not in the best interest of the procurement unit.

For any proposed change(s), Offeror must provide the State of Utah's Standard Terms and Conditions for this solicitation in Microsoft Word format with redline edits. Additional terms or documents must be submitted in separate Microsoft Word documents. Offeror must also provide

the name, contact information, and access to the person(s) that will be directly involved in legal negotiations.

Any mandatory required acceptance of an Offeror's terms and conditions may result in the proposal being determined to be non-responsive.

An award resulting from this RFP is subject to successful contract terms and conditions negotiation (if required). The State may reject a proposal if the Offeror who submitted the proposal fails to sign a contract within 90 days after the contract award.

Protected Information

Pricing may not be classified as confidential or protected and will be considered public information.

Process for Requesting Non-Disclosure: Any Offeror requesting that a record be protected shall include with the bid a Claim of Business Confidentiality. To protect information under a Claim of Business Confidentiality, the Offeror provides a written Claim of Business Confidentiality at the time the information (bid) is provided to the state, and

- Include a concise statement of reasons supporting the claim of business confidentiality (Subsection 63G-2-309(1)).
- Submit an electronic "redacted" (excluding protected information) copy of the proposal. Copy must clearly be marked "Redacted Version."

An entire bid cannot be identified as **"PROTECTED", "CONFIDENTIAL" or "PROPRIETARY"** and shall be considered non-responsive unless the Offeror removes the designation.

Redacted Copy: If an Offeror submits a bid that contains information claimed to be business confidential or protected information, the Offeror MUST submit two separate proposals: one redacted version for public release, with all protected business confidential information either blacked out or removed, clearly marked as "Redacted Version"; and one non-redacted version for evaluation purposes clearly marked as "Protected Business Confidential."

All materials submitted become the property of the State of Utah. Materials may be evaluated by anyone designated by the State as part of the bid evaluation committee. Materials submitted may be returned only at the State's option.

I (we) have read and understand the RFP documents for a Communications Software Platform. Furthermore, we are prepared to comply with all requirements contained therein.

Award Recommendation Statement

GJ26-25 TCSD Online Social Studies Program 8-12

A Request for Proposal (copy attached) for Tooele County School District Online Social Studies Program Grades 8-12 Solution was advertised through Utah Purchasing in the Bonfire portal. Proposals were due 9/12/2025. Six proposals were received. After the initial review of the proposals, four offerors met the minimum requirements.

Six district employees met to review and score the proposals.

Scoring is provided on the attached sheets. Proposals were scored according to technical criteria, solution demonstration and cost requirements included in the attached RFP.

After reviewing and scoring the proposals the committee recommends Tooele County School District award Social Studies School Servies, the winning proposal.

REQUEST FOR PROPOSAL – Online Social Studies Program Grades 8-12
Tooele County School District

Notice

The Tooele County School District (TCSD) is seeking proposals from qualified vendors to provide an online social studies program for students in grades 8-12. The program must align with Utah's social studies standards and provide comprehensive resources to support the required social studies courses.

Background

TCSD has a long history of providing education to residents of Tooele County, for over 100 years. Tooele County is Utah's second-largest County covering 6,941 square miles. TCSD has over 16,000 students attending in person classes at 17 elementary schools, 5 junior high schools, 7 high schools, and 4 specialty schools. There are also over 2,000 employees throughout the district. In addition to school buildings, TCSD also owns and operates an additional Six (6) support buildings housing various other departments/groups.

Purpose

The District intends to award a contract for services upon mutual agreement with the successful Offeror.

It is anticipated that this RFP may result in a contract award to a single contractor.

This RFP is designed to provide interested Offerors with sufficient basic information to submit proposals meeting minimum requirements but is not intended to limit a proposal's content or exclude any relevant or essential data. Offerors are at liberty and are encouraged to expand upon the specifications to evidence service capability under any agreement.

TCSD will not be liable for any costs proposers may incur in the preparation or presentation of this proposal.

Timelines & Budget

- **RFP Notification Date:** August 21, 2025
- **Q&A Deadline Date:** September 5, 2025 @ 5 pm (MDT)
- **Proposal Due Date:** September 12, 2025 @ 5 pm (MDT)
- **Anticipated Demonstration Date:** Week of September 22, 2025
- **Anticipated Final Notification of Award:** October 22, 2025

Scope of Work

Included Courses

- **United States History I:** A study of United States History from the early explorers from Europe up to the Civil War. Specific areas of study will include the discovery of America, our Revolutionary War Period resulting in independence and then a detailed study of the U.S. Constitution and its democratic principles of government. Additional areas of study will include the Westward Expansion, the Civil War, Invention and Discovery. An emphasis will be placed on the geography of the U.S. using map work.
- **Geography:** Geography is the global study of humans in relation to their physical and cultural environment. This course is designed to give students a greater understanding and appreciation of the world's people and their cultures.
- **World History:** World History addresses events and issues in world history from the earliest evidence of human existence to modern times. Whenever possible, students will be expected to make connections between historically significant events and current issues. These connections are intended to add personal relevance and deepen students' understanding of the world today. Topics include, but are not limited to, the Neolithic Revolution, the dawn of civilization, the development of world religions, patterns in world trade, contributions of classical civilizations, the diffusion of technology, colonization and imperialism, global conflict, modern revolutions and independence movements, and current trends in globalization.
- **United States History II:** In U.S. History II students cultivate their understanding of U.S. history from c. 1491 CE to the present through analyzing historical sources and learning to make connections and craft historical arguments as they explore concepts like American and national identity; work, exchange, and technology; geography and the environment; migration and settlement; politics and power; America in the world; American and regional culture; and social structures.
- **United States Government & Citizenship:** United States Government and Citizenship class provides students with a comprehensive understanding of the American political system. Topics include the Constitution, the three branches of government, and civic responsibilities, fostering an appreciation for democratic principles.

Proposal Process

Proposals shall be submitted with the information required in this RFP. **Each section must be labeled, and in the order listed below**. Failure to comply may deem proposals non-responsive. As a minimum, proposals must include the following.

Step 1: Cover Letter

1. Identification of Proposer, including name, address and telephone number.
2. Name, title, address and telephone number of a contact person during the period of proposal evaluation.
3. Experience: Demonstrate experience in developing online educational programs.
4. References: Provide references from previous clients.
5. Technical Expertise: Show technical expertise in platform development and content creation.

Step 2: Minimum Mandatory Requirements
Offerors must demonstrate the ability to meet or exceed the mandatory minimum requirements outlined below by providing a narrative point-by-point response, in the order listed to each requirement.

The following mandatory minimum requirements must be met for a bid to be considered responsive:

1. Accessibility: Ensure the platform is accessible to all students including translation and text-to-speech options.
2. User-Friendly Interface: Contains a user-friendly interface for both students and educators and is accessible on Chromebooks.
3. Assessment Tools: Provide tools for formative and summative assessments where grading can be integrated to Canvas.
4. Student Data Privacy: All digital resources and tools meet all federal and state student data privacy requirements. If awarded a contract, the vendor must abide by the terms of the standard student data privacy agreement that is attached in Appendix C.
5. Integration: Must be able to integrate with Canvas.
6. Rostering: Must roster through Clever.
7. SSO: Single sign-on with Clever or Azure.
8. Comprehensive materials: Must contain ready-made lesson plans that provide primary resources, interactive lessons, inquiry-based learning, writing tasks, and DBQs for a variety of options for teachers to choose from.
9. Alignment: Lessons are directly aligned with Utah state standards and are organized for simple teacher use.

Step 3: Technical Proposal
The Technical Proposal should include the following items:

- Executive Summary: Provide an overview of the proposed program.
- Detailed Plan: Outline the curriculum design, platform features, support and training, and evaluation methods.
- Timeline: Provide a timeline for implementation.

Step 4: Solution Demonstration
Offerors meeting the minimum technical score (defined below), will be invited to meet TCSD's communication platform committee in person to demonstrate how they would assist TCSD in communicating with our stakeholders.

Step 5: Cost Proposal
Pursuant to Utah Code Annotated (UCA) § 63G-6a-707(7a), the cost proposal will be evaluated independently from the technical proposal; and as such, **must** be submitted separately from the technical proposal. Offerors must not include costs or pricing data in their responses to the Technical Proposal.

Offeror must upload all completed Cost Proposal forms that are attached to this RFP. The cost proposal form is **Attachment B – Cost Proposal Form.** If an Offeror fails to upload the completed cost proposal forms, then its proposal will be considered non-responsive, and the proposal will be rejected.

Failure to submit cost or pricing data separately will result in your proposal being judged as non-responsive and ineligible for a contract award.

Proposal Submission

Proposals must be submitted electronically, through the Bonfire platform - utahbonfirehub.com/projects.
For first time users, after you click the link, on the top righthand side you will see a "Register" button.

To aid in the registration, it is recommended watching this quick 5-minute video on how to register with Bonfire. Feel free to pause it as you go through the steps. If you have any questions or need assistance while using the platform, please consult the online knowledge base, explore the FAQs, or reach out to the Bonfire Support Team at support@gobonfire.com.

If you wish to no longer receive email notifications regarding this U3P-Jaggaer posting please open this posting and change your "Intent to Bid" to "No Bid". Selecting "No Bid" will stop future communications to your email regarding this posting.

Once registered, upload all documents in the Requested Information section of Bonfire. When submitting a proposal electronically through Bonfire, please allow sufficient time to complete the online forms and to upload proposal documents. The RFP will end at the deadline. If an Offeror is in the middle of uploading a proposal when the deadline arrives, the system will stop the upload process and the proposal will not be accepted by Bonfire, and the attempted submission will be considered late and ineligible for consideration.

Proposal Questions

The Question and Answer period closes on the date and time specified in Bonfire. All questions must be submitted through Bonfire during the Question and Answer period. Answers from the School District will be posted on Bonfire. Questions may include notifying the School District of any ambiguity, inconsistency, scope exception, excessively restrictive requirement, or other errors in this RFP. Questions are encouraged.

Questions may be answered individually or may be compiled into one document.

Questions may also be answered via an addendum. An answered question or an addendum may modify the specification or requirements of this RFP. Answered questions and addendums will be posted on Bonfire. Offerors should periodically check U3P for answered questions and addendums before the closing date. It is the responsibility of the Offerors to submit their proposals as required by this RFP, including any requirements contained in an answered question and/or addendum.

Addendum to RFP

If it becomes necessary to revise this RFP in whole or in part, an addendum will be posted on the Bonfire platform to all Offerors of record who received the original RFP.

Evaluation of Proposals

Stage 1: Initial Review
In the initial phase of the evaluation process, the conducting procurement unit will review all proposals timely received. Non-responsive proposals not conforming to RFP requirements will be eliminated from further consideration. Offerors must demonstrate the ability to meet or exceed the mandatory minimum requirements.

Stage 2: Technical Proposal Evaluation
Responsive proposals, will then be evaluated by an evaluation committee appointed by the conducting procurement unit against the proposal evaluation criteria noted in this RFP. Proposals will be evaluated against the following evaluation criteria:

1. Alignment with Utah's social studies standards. (5 points)
2. Quality and engagement of content. (20 points)
3. Comprehensiveness of teaching materials. (30 points)
4. Accessibility and user-friendliness of the platform. (5 points)
5. Data privacy capabilities. (5 points)
6. Vendor qualifications and experience. (5 points)
7. Proposed timeline. (5 points)

Offerors that achieve a **minimum score threshold of 50 points out of a possible 75** will proceed to the Stage 3: Solution demonstration and the Final Stage: Cost Proposal Evaluation. Offerors with a score of less than the minimum required technical points will be deemed non-responsive and ineligible for further consideration. The evaluation score sheet has been attached to this RFP. The attached evaluation score sheet states the relative weight that will be given to each evaluation criteria. The evaluation committee, for this RFP, will tally the final scores for criteria other than cost to arrive at a consensus score by the following method: an average of the individual scores.

Stage 3: Solution Demonstration
The Solution Demonstration with Offerors meeting the technical proposal evaluation minimum point threshold will be presented to the evaluation committee. A total of 20 demonstration points are possible. Offerors will be given 45 minutes maximum to demonstrate their response to the Technical Proposal, and to meet the evaluation committee. The committee will evaluate the proposer on how well they would assist TCSD staff in communicating with our stakeholders.

The District plans to hold these demonstrations in person at our District Office located at 92 Lodestone Way, Tooele, UT 84074. We have listed the anticipated date but will let all Offerors know who qualify of the exact date and time. If an in-person demonstration will not work, we will set up technology to present virtually if needed.

Final Stage: Cost Proposal Evaluation
Offerors meeting the technical evaluation minimum point threshold advance to the Final Stage: Cost Proposal Evaluation. There is a total of 25 cost points possible in this stage. Points assigned to each Offeror's cost proposal will be based on the lowest proposal price.

The Offeror with the lowest total cost will receive 25 points respectively, which totals 100% of the total cost points awarded. All other Offerors will receive a portion of the total cost points based on what percentage higher their total cost is than the total lowest cost. The formula to compute the points is: Cost Points x (Lowest Proposed Price/Proposed Price).

During the evaluation process, the evaluation committee may, with appropriate approval, request best and final Offerors as provided for in section 63G-60-707.5 from responsible Offerors who submit responsive proposals that meet minimum qualifications, evaluation criteria, or applicable score thresholds identified in the request for proposals.

Contract Award

The responsive and responsible Offeror with the highest score justified by the procurement code will be awarded a contract.

Right of Rejection

TCSD reserves the right to reject any and all proposals or to wave any non-statutory informality. The District further reserves the right to make the contract award deemed to be in the best interest of the District. The District's decision to accept or reject the contract shall be final.

Firm Proposal

Proposals must be signed by an official of the firm, if the proposer is a company, authorized to bind the company to a contract. Conditions must be firm for a period of one hundred twenty (120) days from the due date of this RFP to allow for evaluation of the proposals.

Pricing Guarantee

Offeror must guarantee its pricing for three years.

If allowable under this RFP, a request for price adjustment must be made at least thirty (30) days prior to the effective date. A request for price adjustment must include sufficient documentation (market analysis) supporting the request. Any price adjustment will not be effective unless approved by Tooele County School District. A price adjustment will be guaranteed for the same length of time as the original price guarantee. The conducting procurement unit will be given the immediate benefit of any decrease in the market, or allowable discount.

Terms and Conditions

Any contract resulting from this RFP will include, but not be limited to the Standard Terms and Conditions. The Standard Terms and Conditions have been attached in the Buyer Attachment section of this RFP.

Exceptions and/or additions to the Standard Terms and Conditions are strongly discouraged. However, Offerors requesting exceptions and/or additions to the Standard Terms and Conditions must be submitted with the proposal. Exceptions and/or additions submitted after the date and time for receipt of proposals will not be considered. Offerors may not submit requests for

exceptions and/or additions by reference to a vendor's website or URL. URLs provided with a proposal may result in that proposal being rejected as non-responsive. Offerors may submit questions during the Question and Answer period regarding the Standard Terms and Conditions.

TCSD may refuse to negotiate exceptions and/or additions that are determined to be excessive; that are inconsistent with similar contracts of the procurement unit; to warranties, insurance, or indemnification provisions that are necessary to protect the procurement unit after consultation with the applicable legal counsel; where the solicitation specifically prohibits exceptions and/or additions; or that are not in the best interest of the procurement unit.

For any proposed change(s), Offeror must provide the State of Utah's Standard Terms and Conditions for this solicitation in Microsoft Word format with redline edits. Additional terms or documents must be submitted in separate Microsoft Word documents. Offeror must also provide the name, contact information, and access to the person(s) that will be directly involved in legal negotiations.

Any mandatory required acceptance of an Offeror's terms and conditions may result in the proposal being determined to be non-responsive.

An award resulting from this RFP is subject to successful contract terms and conditions negotiation (if required). The State may reject a proposal if the Offeror who submitted the proposal fails to sign a contract within 90 days after the contract award.

Protected Information

Pricing may not be classified as confidential or protected and will be considered public information.
Process for Requesting Non-Disclosure: Any Offeror requesting that a record be protected shall include with the bid a Claim of Business Confidentiality. To protect information under a Claim of Business Confidentiality, the Offeror provides a written Claim of Business Confidentiality at the time the information (bid) is provided to the state, and

- Include a concise statement of reasons supporting the claim of business confidentiality (Subsection 63G-2-309(1)).
- Submit an electronic "redacted" (excluding protected information) copy of the proposal. Copy must clearly be marked "Redacted Version."

An entire bid cannot be identified as **"PROTECTED", "CONFIDENTIAL" or "PROPRIETARY"** and shall be considered non-responsive unless the Offeror removes the designation.

Redacted Copy: If an Offeror submits a bid that contains information claimed to be business confidential or protected information, the Offeror MUST submit two separate proposals: one redacted version for public release, with all protected business confidential information either blacked out or removed, clearly marked as "Redacted Version"; and one non-redacted version for evaluation purposes clearly marked as "Protected Business Confidential."

All materials submitted become the property of the State of Utah. Materials may be evaluated by anyone designated by the State as part of the bid evaluation committee. Materials submitted may be returned only at the State's option.

I (we) have read and understand the RFP documents for a Communications Software Platform. Furthermore, we are prepared to comply with all requirements contained therein.

TSSA Application/Budget Form

To be filled out by the Building Principal. Goals that will be addressed using TSSA funds must align with the TCSD District Framework. Application due to area directors by 9/12/25

Principal's Name: Gina Ruiz
School: Anna Smith
Date of Application: Sept. 9, 2025

Anna Smith will use TSSA funds in the following areas:

1. Salaries- I added 10 extra hours per week for a para to give extra literacy support in classrooms each day. The para works with individuals or small groups of students on their reading skills. We also added another 29-hour para to help with struggling students in math, reading, and behavior issues. I anticipate that this will help increase our students' growth

2. Supplies-We will purchase supplies and stipends for our after-school tutoring and programs, as well as our character ed. and attendance incentives. Our home survey indicated that parents and students wanted after school programs available to help enrich and support all students.

Teacher and Student success Act (TSSA) Framework

The Tooele County School District recognizes that the work of the classroom teacher is the most important school-level factor in determining student learning and growth. With that understanding, the Board of Education has determined that funds provided through the Teacher and Student Success Act (TSSA) will be used to enhance teacher salaries, promote teacher development and improvement, as well as provide additional resources to improve student achievement. The school-based application of these funds will be proposed annually for the Board's approval as part of each school's School Improvement Plan. The following framework for the 2023-2024 school year will apply:

1) Salary Enhancement

By statute, 25% of the TSSA funds allocated to the District will be used to enhance teacher compensation on the certified salary schedule.

2) Professional Development

Each school will add three (3) paid professional development days to teachers' work schedules during the calendar year of July 1 to June 30. These days will be optional for teachers and will focus on providing structured professional learning opportunities related to the school's student achievement goals. Teachers will be paid their contracted daily rate for attendance on these days. The calendar, plan, and structure for these days will be determined by the Building Principal with input from his or her Building Leadership Team and Community Council. Funds may also be used for materials and visiting consultants or presenters needed to provide quality professional development.

3) Student tutoring and/or before/after school programs

Funds may also be used to implement or support other academic programs that enhance student learning and align with the School Improvement Plan and District Strategic Plan, such as: before/after school programs, tutoring programs and summer/extended school year programs.

4) Hiring of aides to cover duties

Tow aides at each elementary school may be hired for 25 hours each to reduce the amount of teacher supervisory duties during the school day. Aides may be assigned other tasks during the school day in addition to duties.

5) Hiring of new Instructional Coaches

Area math and/or language arts coaches may be hired in secondary schools. Positions may be shared between several schools. Coaches would be under the direction of the curriculum department.

6) Additional school mental health support (Matching funds for HB School Mental Health Funding Amendments)
Hiring Psychologists, counselors, or social workers at schools.

7) Additional technology as needed
Funds may be used to increase technology access for students to advance goal of Tooele County School District Digital Teaching and Learning initiative.

8) Hiring support for kindergarten
Funds may be used to support kindergarten with the legislative changes to the program.

9) Supplement expenses approved by the School LAND Trust Community Council as part of the annual plan

10) Expenses geared toward improving student outcomes

Date of Application: September 12th, 2025

After School Programs and Clubs - Funds will be used to help promote, support, and supply materials and salary for afterschool programs. These programs currently include Drama Club, drama performances, Builders Club, National Jr. Honors Society, Esports, Art Club, Color Guard, Jazz Band, Cross Country, and Intramurals.

After school tutoring - Funds will be used to pay for teachers to provide after-school tutoring in subjects of Math, Language Arts, and Science.

Duty Free Lunch – This year teachers are to have duty free lunch. Teachers who choose to come out and help with lunch duty will be compensated.

Conversation Cafe - As part of the semester plan, the second staff meeting of the month will be a Conversation Cafe. Staff will be discussing individual students who are struggling academically, behaviorally, and socially. The goal is to create a plan, implement interventions if necessary to help students be successful. Support staff such as the academic, literacy, refocus, and academic success aides will need to attend these meetings as they are part of the team to support the students who are struggling. Attending this monthly meeting may put them over their weekly hours.

Professional Development – GJHS is partnering with the UEPC teacher-leader development program – funds will pay for this partnership and coaching program. Funds will also be used to provide teachers with access and funding to attend conferences and professional development. These funds may also be used for traveling and night stays, with district approval.

Supplies and Materials – Funds will be used to support our Community Council goals of improving reading Lexile scores, and improving Language Arts and Math, end of the year RISE scores. Funds will be used to help pay for Achieve 3000 program (25,000), additional funds will be distributed to provide rewards for book clubs and incentives for Achieve 3000 and Alek completion. Smart Pass Hall pass program ($3000), used by all students to monitor students when not in class.

PBIS/MTSS - Throughout the school year, funds are needed to help buy supplies/awards for our school PBIS Plan. We also have multi-tiered systems of support that require some funds to help pay for interventions and awards for interventions.

Technology/Equipment – At times we need to add new or update broken equipment. This equipment is necessary for continuing the day-to-day dealings of the school. Taking care of the day-to-day needs allows GJHS to more efficiently accomplish goals.

Teachers and admin are focusing on math data and implementing math interventions across all grades. We are closely monitoring the growth of students and providing appropriate supports, especially those in the SPED and MEL populations due to the ATSI status of these groups at Northlake.

Northlake is implementing CHAMPS this year schoolwide. As we implement this we are also finding ways to support teachers, including paraprofessionals to help cover recess duties, lunch duties, and assist with behaviors and PBIS (refocus aide).

Funding Implementation:

1. $114,718.70 will be allocated for 3 aides to cover duties and help teachers in the classrooms, 1 kindergarten aide, 1 MEL aide, 1 math interventionist, and 1 refocus aide.
    a. Recess aides will cover teacher duties, help with teacher prep, and assist with interventions.
    b. Kindergarten aide will provide support in the kindergarten classroom. Other funding provides kindergarten aides for the other kindergarten classrooms.
    c. Math interventionist will provide interventions and support in math instruction.
    d. MEL aide will provide support to MEL students in the classroom and will work with families to improve the educational experience of these students and families. Other funding provides two additional MEL aides.
    e. Refocus aide will support efforts with PBIS and CHAMPS implementation.
2. $2793.00 will be used to pay for after school clubs, such as choir and Science Club.
    a. Programs will be held before/after school. Monies will be used to pay staff stipend.
3. $12,859.00 will be set aside to pay staff for PD and supplies.
    a. PD will be provided to classified staff at BOY. Writing PD will be offered to teachers. Supplies for CHAMPS training will be purchased. Additional training and supplies for training will also be provided with these funds.
4. $6,998.68 will be allocated to support goals in the Trustlands plan for technology, online software, and supplies for tier 1, 2, and 3 instruction.
    a. All of these areas support the goals in the Trustlands plan.

Teacher and Student Success Act (TSSA) Framework

The Tooele County School District recognizes that the work of the classroom teacher is the most important school-level factor in determining student learning and growth. With that understanding, the Board of Education has determined that funds provided through the Teacher Student Success Act (TSSA) will be used to enhance teacher salaries, promote teacher development and improvement, as well as, provide additional resources to improve student achievement. The school-based application of these funds will be proposed annually for the Board's approval as part of each school's School Improvement Plan. The following framework for the 2025-2026 school year will apply:

1) Salary Enhancement
By statute, 25% of the TSSA funds allocated to the District will be used to enhance teacher compensation on the certified salary schedule.

2) Professional Development
Each school will add three (3) paid professional development days to teachers' work schedules during the calendar year of July 1 to June 30. These days will be optional for teachers and will focus on providing structured professional learning opportunities related to the school's student achievement goals. Teachers will be paid their contracted daily rate for attendance on these days. The calendar, plan, and structure for these days will be determined by the Building Principal with input from his or her Building Leadership Team and Community Council. Funds may also be used for materials and visiting consultants or presenters, needed to provide quality professional development.

3) Student tutoring and/or before/after school programs
Funds may also be used to implement or support other academic programs that enhance student learning and align with the School Improvement Plan and District Strategic Plan, such as: before/after school programs, tutoring programs and summer/extended school year programs.

4) Hiring of aides to cover duties
Two aides at each elementary school may be hired for 25 hours each to **reduce** the amount of teacher supervisory duties during the school day. Aides may be assigned other tasks during the school day in addition to duties.

5) Hiring of new Instructional Coaches
Area math and/or language arts coaches may be hired in secondary schools. Positions may be shared between several schools. Coaches would be under the direction of the curriculum department.

6) Additional School Mental Health Support. (Matching funds for HB School Mental Health Funding Amendments)
Hiring Psychologists, counselors, or social workers at schools.

7) Additional Technology as needed
Funds may be used to increase technology access for students to advance goal of Tooele County School District Digital Teaching and Learning initiative.

8) Hiring support for Kindergarten
Funds may be used to support kindergarten with the legislative changes to the program.

9) Supplement expenses approved by the School LAND Trust Community Council as part of the annual plan

10) Expenses geared toward improving student outcomes.

Written Plan of how you will use the funds to meet the framework above

Section 2: Professional Development: Teachers will have the opportunity to increase their skills, strategies and classroom instruction by attending professional development in their content area. $11,031.60

Section 3: Fund our after school clubs and program for students to learn and enjoy activities after school to enhance their knowledge and increase collaboration and social skills.

Section 4: Hiring of aides to support our Math and Literacy and Behavior Intervention program. Our Community Council supports helping our struggling students show growth. We will fund Kindergarten aides, two recess aides, two math aides.

Section 8: Implementing a Kindergarten summer program for incoming low performing students. This program will help identified struggling students learn skills and strategies to increase their Kindergarten readiness.

Sections 3,4, 8: $114,093.42, Benefits $9,563.25.

Section 10: Teachers will purchase classroom material and supplies for hands on learning to deepen student knowledge with real world application. Purchase items to support our school wide PBIS program (Champions in Action and Eagle Eye) to increase positive school behavior. Students earn Eagle Eye tickets and earn rewards from our Trolley cart. Puchase books for staff book study (Lessons from the Mouse) to increase positive public relations with students and stakeholders. $26,900

#4 Hiring of aides to cover duties

Plan: We will employ two recess/lunchroom duty aides to assist in minimizing the amount of duties our teachers participate in. This will provide additional planning and collaboration time for our teachers. The aides will also assist wherever there is a need throughout the school.

Budget amount: $26,000.00 (Approx. 32.50/hr + 8.75% for Social Security)

#5 Hiring of new Instructional Coaches

Plan: Money was withheld at the district level to provide salaries for additional instructional coaches throughout the district's elementary schools. We have benefited from this as we now have an instructional coach at least 80% of the week, who will coach, train, and support our teachers.

Budget amount: $0 as the money has already been withheld.

#8 Hiring support for Kindergarten

Plan: We will employ two aides to support the instruction and learning in the full day kindergarten classes. (TSSA will cover 1 1/5 of the pay and Trustlands will make up the rest).

Budget amount: $20,000.00 (Approx. 32.50/hr + 8.75% for Social Security)

#9 Supplement expenses approved by the School Land Trust Community Council as part of the annual plan

Plan: We will also use the TSSA money to help supplement any shortage in the Land Trust plan.

Budget amount: $97.68

Any remaining or additional money will be used to purchase materials, supplies, technology, professional development, or additional salaries to support the goals of our TSSA and School Land Trust plans and to improve student outcomes.

- A visible staff presence in the school (PBIS)(School Safety)
- Using TSSA Money to pay for Wellness Center Staff/Check In/Out
- Stipend for Staff covering extra duties before school and after school
- Before and After school Tutoring
- Afterschool Clubs and Activities
- Offsetting field trip expenses
- Supporting the School Land Trust Plan and our PBIS school plan
- Providing Educational support to teachers and students
- Technolgy support for communication and school safety

To be filled out by the Building Principal. Goals that will be addressed using TSSA funds must align with the TCSD District Framework. Application due to area directors by 9/12/25.

Principal's Name: Jeffery Wyatt
School: Tooele High School
Date of Application:9-28-25

Written Plan of how you will use the funds to meet the framework above:

#1 Completed by the district.

#2 Professional Development Plan: We will provide the staff with the opportunity to take a Canvas Course (8 hours) which is centered around the Instructional Framework. They can take this when they choose. We will receive a report when it is completed. This will help us to align with the district plan and goals tied to instruction. We will utilize the other hours by dividing the hours into eight sessions of two hours each. Each of those will have a set focus related to the needs of the school. We will have sessions for example with training with the QPR model to help our staff to be more sensitive to students mental health needs, we feel that this suicide prevention training could be invaluable. Another example will be sessions geared toward training to help students that are classified as MEL, along with MTSS and RTI training.

#3 School Tutoring Extra Hours/Extended Program Plan: Utilize up to 5 teachers to provide ongoing learning programs or beyond the school day.

#4 We will utilize our TSSA money to hire an MTSS Intervention Specialist/Academic Support Coordinator to support with developing and implementing our MTSS Tier I, II & III plans. We also plan to pay teachers to help cover lunch duty to help keep the lunch times orderly and on time.

#7 Additional Technology and Student Supplies Plan: Purchase additional technology equipment for classrooms, other areas of the school. and general student supplies.

Written Plan Continued (if needed)

Written Plan of how you will use the funds to meet the framework above

#10 Expenses Geared Towards Improving Student Outcomes Plan:

We will hire two AP Test Coordinators to coordinate the large number of AP tests that our students take annually. We will hire two ACT Test Cordinators to schedule the ACT testing. We plan to purchase Pre. AP Curriculum and classroom sets of reading books for our ELA classes for example. We will allocate funds for our Latinos in Action group for materials that they may need along with CPR certification for staff that are not certified, and purchase attendance tecchnology that will help students that are struggling with tardies to get to class on time which will help with teaching and learning time.

We will hire a part time Registrar Student Outcome evaluator which will help ensure that students have the credit that they need or could utilize to help with graduation requirements and help increase the graduation rate.

We will also look into hiring a Refocus/ Check and Connect Mentor to help with students staying focused on their Academic needs and goals and attending class.

Teacher and Student Success Act (TSSA) Framework

The Tooele County School District recognizes that the work of the classroom teacher is the most important school-level factor in determining student learning and growth. With that understanding, the Board of Education has determined that funds provided through the Teacher Student Success Act (TSSA) will be used to enhance teacher salaries, promote teacher development and improvement, as well as, provide additional resources to improve student achievement. The school-based application of these funds will be proposed annually for the Board's approval as part of each school's School Improvement Plan. The following framework for the 2025-2026 school year will apply:

1) Salary Enhancement
By statute, 25% of the TSSA funds allocated to the District will be used to enhance teacher compensation on the certified salary schedule.

2)Student tutoring and/or before/after school programs
Funds may also be used to implement or support other academic programs that enhance student learning and align with the School Improvement Plan and District Strategic Plan, such as: before/after school programs, tutoring programs and summer/extended school year programs.

2) Hiring of aides to cover duties
Two aides at each elementary school may be hired for 25 hours each to **reduce** the amount of teacher supervisory duties during the school day. Aides may be assigned other tasks during the school day in addition to duties.

3) Hiring of new Instructional Coaches
Area math and/or language arts coaches may be hired in secondary schools. Positions may be shared between several schools. Coaches would be under the direction of the curriculum department.

4) Additional School Mental Health Support. (Matching funds for HB School Mental Health Funding Amendments)
Hiring Psychologists, counselors, or social workers at schools.

5) Additional Technology as needed
Funds may be used to increase technology access for students to advance goal of Tooele County School District Digital Teaching and Learning initiative.

6) Hiring support for Kindergarten
Funds may be used to support kindergarten with the legislative changes to the program.

9) Supplement expenses approved by the School LAND Trust Community Council as part of the annual plan

10) Expenses geared toward improving student outcomes.

2) Professional Development
Each school will add three (3) paid professional development days to teachers' work schedules during the calendar year of July 1 to June 30. These days will be optional for teachers and will focus on providing structured professional learning opportunities related to the school's student achievement goals. Teachers will be paid their contracted daily rate for attendance on these days. The calendar, plan, and structure for these days will be determined by the Building Principal with input from his or her Building Leadership Team and Community Council. 2) Professional Development: Books will be purchased and provided to all teachers to build team morale and support building culture. This will take place with a book study and periodic check-ins, discussions, and reviews in group settings.

4) Hiring of aides to cover duties: We have one lunchroom aide and two recess aides to cover our playground. This allows teachers to rejuvenate during lunch, so they are ready to fully engage with students academically in the afternoon. We have hired an attendance aide to help with keeping track of and sending out attendance letters to students who have chronic absenteeism. We are also paying teachers to monitor our playground and pick-and-drop-off areas before and after school. This creates consistency and safety for our students as they come and leave the school grounds.

8) Hiring support for kindergarten: We currently have two kindergarten aides for two classrooms. Both classrooms now have additional support.

Front Office Secretary. Deseret Peak only has one full-time secretary to run the entire duties of the front desk, and administration assignments. This secretary will carry the load of answering calls, the front door, parking, media posts, student aides, parent concerns, etc.

Lunch Duties. DPHS needs more abled bodies to help supervise the 500 plus students who are at lunch.

Teachers on Prep: DPHS found a large need in for more seats in Biology and Earth Systems. When we estimated FTE for the school, we did so with 950 students in mind. We are currently at 1030, so these classes are necessary.

SPED Secretary/Checkout Specialist. This is for one aide to take on the work of helping our SPED teachers organize the paperwork for IEPs and to set up IEP appointments. As they are working on these tasks, they'll also help troubleshoot the little tech problems that come from student chromebooks. Having someone take care of the chromebooks will allow our librarian fullfill the library needs.

Club Stipends: Many advisors are working after hours to provide clubs and activities for students. This stipend will help compensate their time.

Guiding Coalition Stipend: We added more individuals to be part of the guiding coalition then the District allowed. We'll need money to pay for their participation.

Tracker: Another individual to help track students who are on trackers, need pbis, need graduation prep support, and mental wellness support.

Benefits: Money to pay for the benefits of the full-time employees who are earning more money.

Written Plan Continued (if needed)

Travel $20,000.

Professional Development. Administration wants to send themselves and teachers to conferences, within the state and out of state. Conferences will focus on the teachers content area or in the areas that will improve their instruction.

Supplies $74,785.

LIA Supplies. We have started a new program called Latinos in Action. They want uniforms for when they visit OES to read to students and help with assignments. They also want funds to go visit colleges with additional LIA schools from around the state.

Uniforms: We have brand new sport programs and we need to be able to clothe them with uniforms. These afterschool programs need a lot of support, so these funds will allow us to participate in the programs.

Clubs and Programs: We have a lot of new clubs that need start up money to run. Clubs like Art Club, Theater, D&D, Esports, and LIA need supplies to reach their goals with students.

Property including Equipment, $10,000

Furniture/Equipment. With the new building being put together, we are still finding needs for furniture. Things like shelves, book carts, classroom supplies, filing cabinets, etc. We'd also like to use the funds for technology. Things like chromebook chargers, charging stations, and an Ipad for the departments to film lessons.

TSSA Application/Budget Form

To be filled out by the Building Principal. Goals that will be addressed using TSSA funds must align with the TCSD District Framework. Application due to area directors by 9/12/25

Principal's Name: Krista Sparks
School: Stansbury Jr High

Date of Application: 9/12/25

Written Plan of how you will use the funds to meet the framework above:

A portion of our TSSA budget will be allocated to enhancing teacher salaries in the following ways:

- Pay teachers for lunch and bus duty
- Pay Math and Science teachers for after school tutoring hours
- Pay advisors for after school extensions

School professional learning will be supplemented with assistance from the UEPC, we will send a group of teachers to Ron Clark Academy to improve instruction and see the House System in action.

Several of our teachers and/or administrators like to attend professional learning conferences to help improve their practice. We will keep fund available for those learning opportunities that may arise.

We will budget for travel for said learning opportunities.

We will pay for a guest speaker to motivate and inspire our staff and students to promote school culture and climate.

We will use funds for supplies as needed to supplement the curriculum and after school extensions. This is especially needful with a new building.

STANSBURY HIGH SCHOOL

TSSA Plan SY2025-2026

Principal's Name: Ethan Wilford
Date of Application: September 12, 2025
Budget: $345,072.72

Framework Goal Category 2: Teacher Development (materials and/or consultants)

These days will focus on providing structured professional learning opportunities related to the school's student achievement goals. Funds may also be used for materials and visiting consultants or presenters, needed to provide quality professional development.

SHS Goal #1: Ongoing & relevant professional development opportunities that support SHS School Improvement Plan and School LAND Trust Plan.

TCSD Strategic Framework Alignment	SHS Mission Model Alignment
1a, 2a, 2b, 2c, 2d, 4a, 4b, 4c, 5a	HLL, RC, EE, SO

a. Action Steps:
   a. Teachers will have the opportunity to participate in professional development aligned with Stansbury High School's Mission Model Vision categories: High Levels of Learning, Relationships & Culture, Extracurricular Excellence, Safe and Orderly Environment.

Budget amount: $60,000.00

Framework Goal Category 3: Student tutoring and/or before/after school programs

SHS Goal #2: Provide students with both academic and social/emotional support options in the form of tutoring and after school programs.

TCSD Strategic Framework Alignment	SHS Mission Model Alignment
1a, 1b, 1c, 2d, 3b, 3c, 5b	HLL, RC, EE

b. Action steps
   a. Identify the academic, social, and emotional needs of our students.
   b. Identify qualified personnel to provide tutoring and support services.
   c. Establish a schedule for after school tutoring.
   d. Provide resources and supplies needed to effectively run programs.

Budget amount: $50,000.00

***SHS Goal #3*: Continue to provide opportunities for students to be involved in supervised extracurricular activities in the form of clubs, activities, athletics, social gatherings, etc.**

TCSD Strategic Framework Alignment	SHS Mission Model Alignment
3a, 3b, 3c, 4a, 4b, 4c, 4d, 5b, 5c, 5d	RC, EE, SO

Action Steps:

e. Continue to provide students opportunities to be involved in extracurricular activities by compensating employees who supervise both academic and non-academic events. This supports SHS's Relationships & Culture, Extracurricular Excellence, and Safe and Orderly Environment vision goals.

Budget amount: $50,000.00

Framework Goal Category 9: Supplement expenses approved by the School LAND Trust Community Council as part of the annual plan.

TCSD Strategic Framework Alignment	SHS Mission Model Alignment
1c, 3c, 5b	HLL, RC

***SHS Goal #4*:** *By May 2026, Stansbury High School Freshman and Sophomore students will increase their Utah Aspire Plus Student Growth Percentile (SGP) in Math, Science, and Language Arts by 2%. Juniors will increase their average ACT Composite Score by .2%. Graduating senior's successful completion (passing course or completing at least one CTE Pathway) of college and career readiness coursework will improve in the following areas: Advanced Placement 2%, Concurrent Enrollment 3%, Career and Technical Education Pathways 2%. 2025 AP Test participation was 311 tests taken by 239 students. With the reduction in enrollment, we would like to have at least 225 AP tests taken in 2026. This will happen from TSSA funds covering 3/5 of the cost of the AP exam for SHS students. To help with test coordination, an AP test coordinator will be given a stipend as well.*

Action Plan

1. Ensure the appropriate personnel support and resource support are available for ALL students, including an emphasis on support for our special population groups and at-risk students. This would include but is not limited to poor attendance support, behavioral concerns support, academic tutoring programs, and college and career preparedness.

2. Provide staff with targeted professional learning opportunities that support our identified school improvement goals.

3. Ensure both students and staff have essential and adequate supplies, equipment, and resources.

4. Provide and maintain appropriate and adequate technology for both students and teachers.

5. Monitor enrollment numbers and class sizes to identify the need for additional FTE for both certified and classified employees.

Budget amount: **$140,072.72**

Framework Goal Category 4: Hiring Aides to Cover Duties

*Hire two part-time receptionists for the main office to help manage and balance daily operations and organization in the front office by providing ongoing support. This will help with the overall building function, while offering more personable community support impacting building and school culture in a positive way. The additional support will benefit students, staff, and the community as a whole adding to the success of SHS.

a. Action Steps:
    a. One receptionist will work the mornings assisting with subs and beginning of the day functions. They will assist the attendance office for two hours per day with immunizations and attendance calls also.
    b. One receptionist will work the mid-morning until afternoon hours to provide afternoon assistance and end of the day support.

Budget amount: **$45,000.00**

Total: $345,072.72

SUMMARY

The Stansbury High School baseball program is pursuing a capital improvement project to improve the safety of our facility and enhance the student-athlete and spectator experience. The major improvements of the project include a new backstop with netting, larger dugout areas, and additional seating areas for spectators.

The SHS baseball program will partner with Tooele Education Foundation (TEF) to manage business donations for the project. All proceeds (business/individual donations) will be deposited into an account designated for the facility improvement project and separate from the normal operating baseball account.

Construction will be contracted through the district operations department to ensure local building codes and federal/state procurement rules are followed.

These improvements and plans may be adjusted if fundraising efforts are higher or lower than projected. Consequently, some of the project plans and schedule may change to add or reduce the overall scope of the project.

SCOPE OF WORK

The scope of work is projected to include the following items:

- Demolition and removal of the existing backstop
- Installation of structural poles with new backstop netting
- Construction of a backstop wall with protective padding
- Electrical service to the 1st base dugout and batting cages
- Expanded concrete area to increase spectator seating capacity
- Concrete and turf upgrades for the dugout area
- Concrete installation for the softball batting cage
- Dugout safety railings with protective netting
- Replacement of existing bleachers with new seating
- Brick pathway featuring in-ground, engraved donor recognition bricks

SAFETY IMPROVEMENTS

The proposed facility upgrades will significantly improve safety for student-athletes, coaches, and spectators. Planned improvements include:

- Relocating the backstop closer to the playing field
- Installing dugout railings with protective netting
- Replacing existing bleachers
- Adding permanent power to the 1st base dugout and batting cages

The new backstop will reduce foul balls entering neighboring private property, the school parking lot, and the adjacent tennis courts. Currently, SHS players must scale two fences along the first base side to retrieve foul balls in the private property—creating a clear liability and safety risk. In addition, foul balls frequently disrupt tennis practices and matches.

Dugouts will be extended while maintaining safe clearance from the field. New railings with protective netting will provide enhanced protection for athletes and coaches against foul balls and errant throws.

New bleachers will replace the current broken set, which has led to multiple slips and falls in recent years. This upgrade will improve spectator safety while reducing district liability.

Permanent electrical service to the home dugout and batting cages will eliminate the current use of 200+ feet of extension cords. This will support safe operation of the scoreboard controller, pitching machines, and heaters during cold spring games.

TOOELE COUNTY SCHOOL DISTRICT FUNDRAISING POLICY 5006

Per District Policy 5006, "All fundraising projects for construction, maintenance, facilities renovation or improvement, and other capital equipment purchases must be approved in writing by the business administrator, the superintendent, and the school board. Prior to the initiation of a large capital drive or specific fundraising drive, the following will be provided to the business administrator for evaluation and recommendation to the superintendent:"

a. Prospective construction, maintenance or renovation plans and estimated costs

Item	Estimate*	Contractor Bid Range**
Demo & Removal of Existing Backstop	$8,700	$6,460-$29,500
Structural Poles for Backstop Netting	$35,000	$5,300-$69,405
Backstop Netting & Dugout Railing Netting	$3,000	
Backstop Wall	$13,100	$13,100-$64,452
Backstop Padding	$5,000	
Electrical Line to Dugout/Cages	$8,000	$8,000-$13,000
Brick Pathway	$12,500	$12,350-$15,000
Concrete for Bleacher Area	$16,000	$13,750-$20,265
Concrete for Dugout Area	$8,500	$7,150-$12,450
Concrete for Softball Batting Cage	$12,000	$10,600-$17,019
Subtotal	**$121,800**	
Additional 15% for cost overrun	$18,200	
Total Fundraising Amount	**$140,000**	

*Donated labor from local licensed contractors is not included in this estimate but may help reduce the total fundraising amount.
**See contractor proposals on pages 14-17

b. Proposed naming opportunities
No naming rights are currently planned. If opportunities arise, appropriate district approvals will be obtained.

c. Proposed fundraising timeline

- Fundraising will begin once district approval is received and will continue until full funding is secured.
- Construction will begin after 115% of estimated costs are raised and district operations approval is granted.
- Smaller projects (e.g., softball batting cage concrete/baseball dugouts) may be completed separately if funding and approvals are in place.
- Maximum project timeline: five years. If funds are not secured within that time, donations will be returned to the SHS baseball program account and used for operations or alternative facility improvements.

d. Loans or financing agreements
No loans or financing agreements are planned. If needed, all district approvals will be obtained before proceeding.

e. Maintenance or upkeep requirements and costs
Most improvements are permanent with limited ongoing maintenance. Anticipated future costs include:

- Backstop netting replacement: ~$3,000 every 7 years. This is compared to chain-link backstop replacement: ~$15,000 every 25 years
- Turf replacement: ~$2,500 every 7 years

To offset some of these costs, these facility improvements will also eliminate natural grass areas which will reduce water use and routine irrigation/grass maintenance.

f. Assurances of compliance with Title IX (e.g., available for use by both male and female students and/or for several purposes or activities)
To ensure Title IX compliance, the following softball facility improvements will be pursued in parallel with this project:

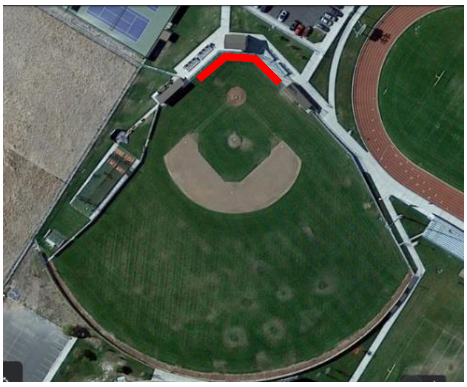
- Installation of turf bullpen area (school capital outlay)
- Concrete in the softball batting cage (this project)
- Fundraising for a new scoreboard (in parallel)

Prior to construction, a full Title IX compliance analysis will be conducted to ensure SHS baseball and softball programs have equitable facilities. All improvements will be approved by school and district administration.

The SHS baseball and softball fields are available to all students regardless of gender. Community youth teams may also access facilities with proper insurance and scheduling approval from coaches and/or administration.

DETAILED PROJECT SCOPE

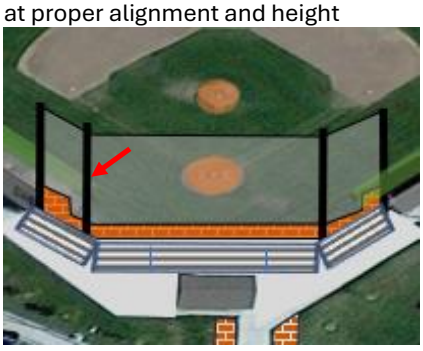
1) Demolition and Removal of Existing Backstop



2) Structural Poles for Backstop Netting

a. Quantity (4)
b. 10.75 O.D. steel poles, .25" wall thickness, with welded cap
c. 30' above ground level, 7.5" depth (installer to adjust footing depth based on local soil conditions and codes)

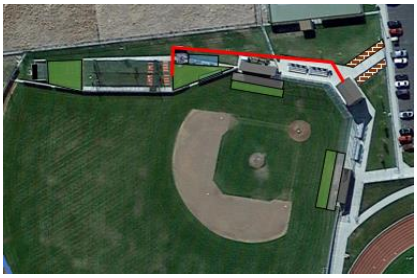
Includes labor and materials: site prep, excavation, and installation of poles in concrete footing at proper alignment and height



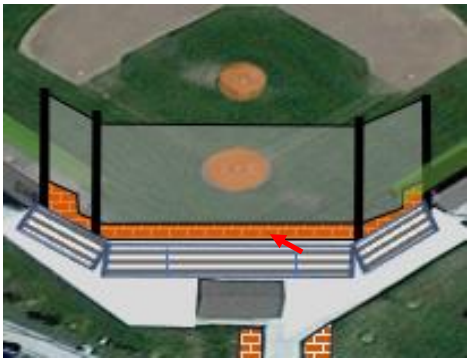
3) Electrical Line

a. (2) outlets in 1st base dugout
b. (2) outlets by cages
c. 230' of wire connection from the booth to the dugout and batting cage

Includes labor and materials: Trenching, conduit installation, wire pulling, connection and compliance with electrical codes.



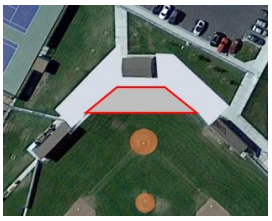
4) **Backstop Wall**
   a. 3' H x 130' L. Three sections 30', 30', 70' = 130' total
   b. Two sections of 10' L x 6' H
   c. Material – concrete or brick with flat concrete cap



5) **Concrete**
   a. New bleacher area. 1500 square feet.
   b. 1st base dugout 8' x 50' and 3rd base dugout 8' x 50'. Total 800 square feet.
   c. Batting cage pad 15' x 70'. Total 1125 square feet.
   d. Conex Pad 10' x 40'. Total 400 square feet

Includes labor and materials for: Site prep, excavation, sod removal, road base, formwork and reinforcement, concrete installation and pumping, and clean up.

New bleacher area



1st Base Dugout

3rd Base Dugout

Batting Cage Pad

6) **Brick Pathway**
   a. 100' x 5' brick pathway

Includes labor and materials for: Site prep, excavation, sod removal, proper base, brick installation, finishing and sealing, and cleanup.

RE: Baseball Facility Improvement Project

Mr. Jones,

It our pleasure to provide you with a quote for the facility improvements at the Stansbury HS Baseball field. This proposal is based upon the RFP dated 1/20/2025 and subsequent site visits. The proposal is broken down into a base bid and options for the various concrete pads around the site. Please let me know if you have questions or need any additional clarifications.

Base Bid: $149,580
Demo/removal of existing backstop fence system, new structural pole/netting backstop system (6" pole diameter at 30' high w/ Dyneema 1-3/4" square netting), back stop wall including excavation and concrete as described in RFP (if thin brick veneer and concrete cap are required please **add $47,604.00** to this proposal), new electrical line for outlets at the 1st base dugout (2ea) and cages (2ea), new brick pathway from parking lot.

Batter's Eye Fencing: $27,160
New 20' x 60' galvanized chain-link fencing at center field. It is assumed posts will be set in landscaped area (no concrete cutting/coring is included).

Bleacher Area Pad: $20,265

TCSD Policy for Capital Fundraising/Large Fundraising Projects [Policy 5006(H)]

1. **All** fundraising projects for construction, maintenance, facilities renovation or improvement, and other capital equipment purchases must be approved in writing by the business administrator, the superintendent, and the school board. Prior to the initiation of a large capital drive or specific fundraising drive, the following will be provided to the business administrator for evaluation and recommendation to the superintendent:
    a. Prospective construction, maintenance or renovation plans and estimated costs
    b. Proposed naming opportunities
    c. Proposed fundraising timeline
    d. Loans or financing agreements
    e. Maintenance or upkeep requirements and costs
    f. Assurances of compliance with Title IX (e.g., available for use by both male and female students and/or for several purposes or activities)
2. The superintendent will make a recommendation to the school board. The board reserves the right to tentatively approve plans, pending fundraising, donations, equity, or other conditions.

TCSD Procedures for Fundraising

1. Fundraiser Procedures
    a. What Type
        i. If asking for donations from the business community this must be handled through the District's Foundation (TEF)
        ii. Student led fundraisers must be separate from other fundraisers, and the funds must be accounted for according to section b. (Such as door to door fundraisers, email campaigns, etc.)
    b. How to Account for the proceeds
        i. Must follow the district's cash receipts policy [3035]
        ii. All proceeds will be deposited into an account in fund 71 designated for the approved project (must be separate from schools' activity program).
    c. Advertising
        i. Advertising must include language that the completion of the project will not happen until the appropriate funds are raised.
        ii. Advertisements must not imply a guarantee that the project will be completed. (No guarantees)

iii. It must include language that all donations/proceeds become property of the Tooele Education Foundation and are non-refundable.
iv. If sufficient funds are not raised in a timely manner, then TEF may reassign the proceeds to another district needs.

d. Construction
    i. Construction does not begin until we have raised 115% of the construction costs.
    ii. Construction cost must not include donated labor, it will be defined as the total cost of materials and labor to contract out the work to a qualified contractor.
    iii. The construction will be contracted out by the Districts Operations Department and must meet the standards of educational facilities.
    iv. Ongoing maintenance will be evaluated and may increase the price above 115% if it is determined that the maintenance costs reduces the useful life of our current facilities.

~~This policy governs the use of emergency safety interventions, which are used to address situations where a student presents an immediate danger (to self or others) but which are not used for disciplinary purposes.~~

A. This policy, titled "Emergency Safety Interventions (ESI) and Prohibition of Corporal Punishment," describes the instances when Tooele County School District (TCSD) school employees may use reasonable and necessary physical restraints. It also prohibits the infliction of corporal punishment and outlines specific conditions and procedures for the use of seclusionary timeout. The primary goal of this policy is to ensure student safety by using ESI only as a last resort when a student presents an immediate danger to themselves or others.

B. Definitions—

1. Chemical Restraint: The use of medication for the sole purpose of involuntarily limiting a student's freedom of movement. Chemical restraints are prohibited by Utah State law.
2. Comprehensive Emergency Safety Intervention Training: Training required for key identified school personnel with components that include disengagement strategies, appropriate use of ESI, and documentation procedures.
3. Corporal Punishment: The intentional infliction of physical pain upon the body of a student as a disciplinary measure. This is prohibited.
4. Emergency ~~s~~Safety ~~i~~Intervention ~~or~~ (~~"~~ESI~~"~~): ~~means~~ ~~t~~The use of seclusionary time out or physical restraint when a student presents an immediate danger to self or others, ~~and the intervention~~ESI is not to be used for disciplinary purposes.
5. Emergency Safety Intervention Committee (ESI Committee): A committee that includes an administrator, a licensed education professional with behavior support training, and a parent/guardian of a student within the LEA. The committee reviews ESI incidents and develops policies.
6. Foundational Behavior Support Training: Training required for all school employees who supervise students or may be asked to assist in managing a student's behavior. The training includes de-escalation strategies.
7. Functional Behavior Assessment (FBA): A systematic process used to understand the function and purpose of a student's behavior for developing effective positive behavioral interventions.
8. Immediate Danger: The imminent risk of physical violence toward self or others, or other behaviors which are likely to cause substantial or serious bodily injury.
9. Mechanical Restraint: The use of any device or equipment to restrict a student's freedom of movement. Mechanical restraints are prohibited except for specific protective and stabilizing restraints, legal requirements like seatbelts, or those used by law enforcement.
10. Physical Escort: A temporary, non-restrictive touching or holding of a student for the purpose of guiding them to another location.
11. Physical Restraint: A personal restriction that immobilizes or significantly reduces the ability of a student to move their arms, legs, body, or head freely.

12. School Employee: Someone employed by TCSD or the Utah Schools for the Deaf and the Blind, including licensed educators and non-licensed support staff who have significant unsupervised access to students.
13. Seclusionary ~~t~~Time ~~o~~Out ~~means that a student~~ is: a student is
    a. Placed in a safe enclosed area ~~by school personnel (the area must meet applicable health department and fire marshal regulations);~~
    b. ~~Purposefully~~ isolated from adults and peers~~;~~ and
    c. ~~Is~~ prevented from leaving (or reasonably believes ~~that the student will be~~they are prevented from leaving) ~~the enclosed area~~.
14. ~~Physical restraint –~~
    a. ~~The personal restriction that immobilizes or reduces the ability of an individual to move the individual's arms, legs, body, or head freely.~~
15. ~~Immediate danger –~~
    a. ~~The imminent danger of physical violence/aggression towards self or others is likely to cause serious physical harm.~~
    ~~Utah Admin. Rules R277-609-2(4), (8), (11), (21), (August 12, 2020)~~
    ~~Utah Code 53G-8-301(3) (2018)~~

C. Procedures for the Use of ESI
1. School employees may use reasonable and necessary physical restraint in self-defense or when otherwise appropriate to:
    a. Obtain possession of a weapon or dangerous object.
    b. Protect a student or another individual from physical injury.
    c. Remove a violent student from a situation.
    d. Protect Property from being damaged when physical safety is at risk.
2. A school employee should always use the least intrusive means to address a situation. A physical escort should be attempted before a physical restraint.
3. The following practices are prohibited by this policy and Utah State law (R277-608-5):
    a. Using seclusionary timeout on students in kindergarten.
    b. Prone (face down) or supine (face up) physical restraint.
    c. Any physical restraint that obstructs the student's airway or adversely affects their primary mode of communication.
    d. Mechanical restraint, except as permitted by law.
    e. Chemical restraint.
    f. Corporal punishment.
    g. Using ESI as a means of discipline or punishment.
    h. Seclusionary time-out except when a student presents an immediate danger of serious physical harm to self or others.

D. ~~Emergency Safety Intervention –~~ESI for Students with a Disability

~~An emergency safety intervention is using seclusionary time-out or physical restraint when a student presents an immediate danger to self or others (not for disciplinary purposes). The District shall implement policies and procedures for the use of emergency safety interventions for all students which are consistent with evidence-based practices.~~

~~Physical restraint as part of an emergency safety intervention may not be used with a student except within the guidelines stated below under Physical Restraint. Mechanical restraint may not be used as part of an emergency safety intervention, except those which are protective, stabilizing or required by law, or any device used by a law enforcement officer in carrying out law enforcement duties, including seatbelts or any other safety equipment when used to secure students during transportation. Chemical restraint may not be used as part of an emergency safety intervention, except as prescribed by a licensed physician, or other qualified health professional acting under the scope of the professional's authority under State law, for the standard treatment of a student's medical or psychiatric condition; and administered as prescribed by the licensed physician or other qualified health professional acting under the scope of the professional's authority under state law.~~

~~Seclusionary time-out as part of an emergency safety intervention may not be used with a student except when a student presents an immediate danger of serious physical harm to self or others and within the guidelines stated below under Seclusionary Time-Out.~~

1. ~~For a~~ESI may be used on a student with a disability only if all of the following conditions are met:~~,~~
~~emergency safety interventions may not be written into a student's individualized education program as a planned intervention unless school personnel, the family, and the IEP team agree less restrictive means have been attempted to address the qualifying circumstances (that is circumstances where the student presents an imminent danger of physical violence or aggression towards self or others which is likely to cause serious physical harm), functional behavior analysis has been conducted, and a positive behavior intervention plan based on data analysis has been written into the plan and implemented~~.
    a. ESI is written into their Behavior Intervention Plan (BIP) and/or Safety Plan.

b. School personnel, the family, and the IEP team agree that less restrictive means have been attempted.
c. An FBA has been completed.
d. A positive behavior intervention, based on data observations, has been written and implemented in the student's plan.

~~Utah Admin Rules R277-609-5 (August 12, 2020~~

C. ~~Physical Restraint –~~
~~Physical restraint may only be used when a student presents a danger of serious physical harm to self or others. It may not be used as a means of discipline or punishment. The student may not be placed in a prone (face-down) or supine (face-up) position in physical restraint. No restraint may be used which obstructs the airway of a student or which adversely affects a student's primary mode of communication.~~

~~All physical restraint must be immediately terminated when the student either (a) is no longer an immediate danger to self or others, or (b) is in severe distress. The restraint must be for the minimum time necessary to ensure safety and the District's release criteria must be implemented. However, before stopping, releasing, and reassessing, a student may not be physically restrained for more than the shortest of 30 minutes; the time described in the District's emergency intervention training program; or when law enforcement arrives.~~

~~Utah Admin. Rules R277-609(5), (7) (August 12, 2020)~~

D. ~~Seclusionary Time-Out –~~
~~A seclusionary time-out may only be used for purposes of maintaining safety and may not be used as a means of discipline or punishment. Seclusionary time-out shall be used for the minimum time necessary to ensure safety and shall end according to the District's release criteria. However, a student may not be placed in seclusionary time-out for more than 30 minutes. In using seclusionary time-out, any door must remain unlocked and the student must be maintained within line of sight of the employee using the seclusionary time-out and the employee must confirm that the area meets applicable fire and public safety regulations.~~

~~Utah Admin. Rules R277-609-4 (3)(k)(Vii) (2018)~~

E. ~~Parental Notice –~~
~~When an ESI (Physical restraint or seclusionary time-out) is used to protect the student or others from harm, a school shall notify the student's parent as soon as reasonably possible and in any event before the student leaves the school. The school shall also notify the administration and provide documentation of the ESI to the ESI committee. If an ESI is used for more than 15 minutes, the school shall provide a second notice to the student's parent and to the administration.~~

~~The notice provided shall be documented in the student information system records.~~

~~The school shall, upon his or her request, provide to the student's parent or guardian a copy of any notes or additional documentation taken during ESI. Within 24 hours of ESI, the school shall notify the student's parent or guardian that such a request may be made. A student's parent or guardian may request a time to meet with the school staff and administration to discuss the use of an ESI.~~

~~Utah Admin. Rules R277-609-10(3), (4) (August 12, 2020)~~

E. Training Requirements
1. Foundational Behavior Support Training: All school employees who supervise students are required to complete this training. It must be completed within two months of employment, or within 30 days if working directly with a student with a disability. It must be completed biannually thereafter.
2. Comprehensive ESI Training: This training is required for key identified school employees. It must be completed before a school employee is authorized to use an ESI and annually thereafter.

F. Seclusionary Time-Out Rooms
1. Seculusion rooms must have prior approval from the TCSD Board of Education.
2. Safety Requirements:
   a. The room must be safe, free of hazards, and have a window for continual monitoring. If a window is not available, a trained school employee must remain in the room.
   b. The door must always remain unlocked, consistent with fire and public safety requirements.
   c. The door may not be fitted with a lock unless it is a self-releasing latch.
3. Parent Notification: Parents must be provided with prior written notification before an area is designated as an ESI space. A parent/guardian may request to see the room by contacting the TCSD Special Education Director.

G. Post-Incident Procedures

1. A trained school employee must continually observe the student for the entire time they are in seclusion or restraint. ESI must be terminated once the student is no longer an immediate danger, is in severe distress, is struggling or cannot breathe, or if the 30-minute maximum time has been met.
2. A school employee must notify building administration and the parent(s)/guardian(s) immediately if ESI is used for 15 minutes or longer.
3. A school employee must notify parent(s)/guardian(s) of the student by the end of the school day in all other cases.
4. All ESI incidents must be documented on the proper TCSD forms, which are then submitted into the TCSD Student Information System (SIS) and other record-keeping systems. Documentation, including a description of the location, ~~-~~the type of restraint used, must be provided to parents/guardians.
5. All school employees involved in an ESI must hold a debriefing within 24 hours of the incident and complete the TCSD debrief form.
6. ESI incidents will be reported to the Utah State Board of Education annually. The TCSD ESI Committee will also ensure documentation is submitted to the Superintendent for annual review.

H. Emergency Safety Intervention (ESI) Committee~~—~~
1. The TCSD ESI Committee, consisting of at least one administrator, one licensed professional with behavior support training, and one parent/guardian, shall:
    a. Determine and recommend professional learning needs.
    b. Develop policies for processes to resolve concerns regarding the use of ESI.
    c. Ensure that each ESI incident is documented and reported to the Superintendent.

~~The District shall establish an Emergency Safety Intervention (ESI) Committee with members appointed by the Superintendent and consisting of two or more administrators, at least one parent or guardian of a student enrolled in the District and at least two certified educational professionals with behavior training and knowledge of state rules and District discipline policies.~~

~~The ESI Committee shall meet often enough to monitor the use of emergency safety intervention in the District, shall determine and recommend professional development needs relating to emergency safety intervention, and shall develop policies for local dispute resolution processes to address concerns regarding disciplinary actions, and shall ensure that each emergency incident where a school employee uses and ESI is documented in the Districts student information system and is reported to the State Superintendent through UTREx.~~

~~The District shall collect, maintain, and periodically review documentation and other records of the use of emergency safety interventions at schools within the District, according to procedures defined by the State Superintendent of Public Instruction. Such documentation and records shall be provided annually by June 30 to the State Superintendent. In addition, the District shall submit all required UTREx discipline data and incident or infraction data elements as part of the District's daily UTREx submission.~~

Section	09000 Building Use
Title	Use of Tooele County School District Facilities
Code	9001
Status	First Reading
Last Revised	May 18, 2010

The Tooele County Board of Education, in accordance with the laws of the State of Utah, authorizes the use of ~~school~~ Tooele County School District facilities for purposes other than public education on condition that the provisions of this policy are adhered to and followed.

A. Definitions

1. Educational Use: Any use or activity ~~sponsored or approved by the Tooele County Board of Education or~~ sponsored by ~~the local school,~~ Tooele County School District, with approval of the~~, Principal or Superintendent~~ Building Administrator, and Building Scheduling Coordinator. Subject to the following conditions, ~~certificated~~ employees of the Tooele County School District will be allowed to use Tooele County School District facilities under the "Educational Use" category when they sponsor programs/activities that benefit school-age children:
    a. No additional paid supervision is required.
    b. The employee assumes responsibility for the security, care, and cleanliness of the facility.
    c. The program/activity does not conflict with a school program/activity.
    d. The building ~~principal~~administrator approves the program/activity.
2. ~~Non-curriculum Student Use: Any voluntary student-initiated non-curriculum activity which is not sponsored by the school, its agents, or employees.~~
3. ~~Non-school Use: Any use or activity which is not sponsored by the Tooele County School District, the local schools, or non-curriculum student groups.~~
4. Non-profit Use: Any non-school or non-student use which is not conducted for profit, and may include civic organizations, public groups, clubs, community agencies, or other similar groups not conducting fundraising activities.
5. Youth Organizations: A Tooele County-based youth organization or a Tooele County-based individual that serves the Tooele County School District students. This Tooele County organization is primarily focused on youth development, often engaging young people in activities, sports, and programs to promote their personal growth, social skills, and community involvement.
5. ~~Business Use~~For Profit: ~~-~~ Any use by an organization that holds a business license or intends to use the facility for profit. Included in this use are fundraising activities of any political, civic, or business group, dance and music recitals, and private lessons of any description.
6. Political/Non MOU: Any building use that is politically motivated but comes from an individual or organization not covered by a prior formal agreement (MOU) with the Tooele County School District.
7. Community School Program: A community school program that focuses on integrating school and community resources to support student success and well-being. These programs aim to address the needs of the student by providing access to various services, such as health care, social services, and enrichment activities, alongside academic instruction. The goal is to create a supportive environment where students can thrive both inside and outside the classroom.

B. Administrative Guidelines

The Central Office and District Administrators may develop administrative guidelines to administer the Board's Building Use Policy and to ensure proper supervision and protection of the District's buildings and equipment.

C. Non-school Use -- When Authorized~~,~~/~~-~~When Prohibited

1. Authorized Use: When permitted by the policies specified in this Section, District facilities and property may be used for non-school uses, provided the District does not assume any additional expense, said use does not

interfere with any educational use, and the user agrees to comply with all applicable provisions of this policy. All non-school uses of the District facilities or property shall be approved by the ~~Principal or Assistant Superintendent of Schools~~ Building Administrator, and Building Scheduling Coordinator.

2. Unauthorized Prohibited Use: No ~~school~~Tooele County School District facilities or property shall be used by individuals, school employees, or the public, except as outlined in these policies. District employees who use District facilities or property for a personal or non-school use without authorization or authorize a use contrary to these policies shall be subject to disciplinary proceedings. ~~Principals and Assistant Superintendent may, on occasion, waive deposit fees, user fees, and employee wages (provided work is performed by an employee on a voluntary basis) for civic organizations, public or community groups, and provided the district receives some direct or indirect benefit from such use. All fee waivers under this policy shall be regularly reported in writing to the superintendent and Board of Education.~~
3. Fees associated with reservations:
    a. Waiving of fees: the building administrator or building scheduling coordinator may, on occasion, waive user fees and employee wages (provided work is performed by an employee on a voluntary basis) for civic organizations, public or community groups, and provided the district receives some direct or indirect benefit from such use.
    b. Payment of fees: All fees associated with each reservation must be paid in full before the reservation comes to an end.

D. Non-school Use Lease Agreement

Persons or groups who wish to use ~~school~~ Tooele County School District facilities for non-school use shall, prior to said use, execute a lease agreement which shall include the following provisions:

1. The user agrees to be responsible for and make restitution to the District for any damage to District property (other than normal wear) and for missing property which resulted from said use. An exit inspection will be conducted by the supervisor who oversaw the event to clear the renter of any damage or missing items.
2. The user agrees to pay the established rental agreement rate for all district employees who are assigned by the ~~b~~Building ~~a~~Administrator ~~or assistant superintendent~~ and Building Scheduling Coordinator to perform the additional work or provide supervision for the non-school activity. If technicians are requested by the user, their compensation shall be the established rental agreement rate for students and ~~a~~the negotiated ~~fee~~rate for teachers. (These costs shall be specified and paid for prior to use.)
3. ~~The user pays the required deposit fee. The said fee is returnable after an exit inspection has been conducted by the supervisor, and the user has been cleared of any damage or missing items~~.
4. That the user pays the specified user fee as provided herein.
5. Individuals or groups using the building must provide an indemnity agreement from the individual or group to the Tooele County School District through the building rental platform. ~~-~~This indemnity agreement must provide that the user of the building will defend Tooele County School District and indemnify it (pay) for all damages, claims, and lawsuits arising out of or in any way connected with the use of the facilities except such that result from the sole negligence of the school district. ~~[An indemnity agreement says that if an individual or group is going to use the Tooele County School District Facilities, they will pay if something happens that is a result of that use that gets us sued. The only exception is where there is no fault of the user at all.] All current agreements of rent/lease of school use must be reevaluated by January 1, 2009, and fulfill the need for an insurance amount of $1,000,000 and an indemnity agreement.~~
6. A certificate of insurance in the amount of at least $1,000,000 per occurrence and $3,000,000 per aggregate is also needed, which shows that a user of facilities can honor the indemnity agreement. Insurance is important for private users because they may not have the assets to back up an indemnity agreement. It is the indemnity agreement that makes the user take responsibility when claims are made against the school district arising out of the user's use.

E. Non-school Use of District Equipment

1. The use of sound and/or projection equipment, music equipment, athletic equipment, or other educational equipment that is not a fixed part of the space being leased is not permitted except by permission of the building ~~principal~~administrator. Technicians to operate any school equipment must be approved by the building ~~principa~~ ladministrator and paid for prior to use, pursuant to Section D herein.

F. Non-school Use Restrictions

1. Non-compliance with Policy: The ~~Tooele County Board of Education, through the Superintendent~~ Building Administrator, and Building Scheduling Coordinator, reserves the right to deny subsequent non-school use of District facilities to any person or group based on previous non-compliance with Board Policy or Administrative Guidelines.
2. Holiday and Sunday Use: The ~~Tooele County Board of Education, through the Superintendent,~~ Building Administrator, and Building Scheduling Coordinator, reserves the right to restrict the Sunday non-~~school~~Tooele County School District use of its facilities, ~~unless approved by the Board,~~ and to limit the non-school use of said facilities on State or Federal holidays to activities approved in advance by the ~~Assistant Superintendent~~Building Administrator and Building Scheduling Coordinator in charge of buildings and grounds.
3. Prohibited Activities: The following activities or requests for non-school use are prohibited in the Tooele County School District.

a. Merchandising, i.e., the buying, selling, or exchange of commodities.
b. Any activity prohibited by law, including bingo, raffles, games of chance, or other gambling practices.

G. Priority for Tooele County Non-school Use of Facilities
1. Persons or organizations that are taxpayers of Tooele County shall be given priority over non-Tooele County users. The ~~Board~~Building Administrator and Building Scheduling Coordinator reserves the right, through the Superintendent, to restrict the use of the school facilities to users who are taxpayers of Tooele County.

H. Use in Connection with Community Schools
1. Non-profit and non-curriculum student use of the District is authorized at no cost to said users on evenings when facilities are open for Community School Programs (PATA, PTSA). These users shall use the areas of the buildings that are normally open~~ed~~ for Community Schools and during normal Community School hours. The scheduling for said use~~s~~ must be made through the building ~~principal~~rental platform. If meetings such as, but not limited to, PTA, PTSA, etc., are being held in the building, the building administrator MUST put those events into the building rental platform to avoid fees being charged to the person holding said meeting.

I. Non-curriculum Student Use
1. Non-curriculum student use of Tooele County School District facilities is authorized in the Secondary Schools, subject to the approval of the ~~b~~Building ~~Principal~~Administrator and Building Scheduling Coordinator ~~and the Superintendent~~, ~~and~~ provided that said use does not interfere with the orderly conduct of educational activities. Said use shall not require the expense of District funds beyond the incidental costs of providing space for ~~student initiated meetings~~ school-sponsored clubs.

J. ~~Equal Access for Non-curriculum Student Use~~
1. ~~No student or student group shall be denied equal access or a fair opportunity of access to school facilities or be discriminated against because of the religious, political, philosophical, or other content of speech during said use.~~

K. ~~Regulation of Non-curriculum Student Use~~
1. ~~Employees or agents of the School may be present during a religious non-curriculum student meeting held in a secondary school facility, only if they are present in a non-participatory capacity.~~
2. ~~Non-school persons may not direct, conduct, control, or regularly attend activities of non-curriculum student groups.~~
3. ~~No non-curriculum student activity shall be permitted that is otherwise prohibited by law.~~

TITLE OF POLICY

Use of School Facilities (0900 Building Use)

Background	**Please let us know if this is a new or revised policy. If it is a a new policy, please give a brief summary of what the policy is about. If it is a revised policy, please give a brief summary of what the revisions include.** This policy has been revised to transfer responsibilities from the Assistant Superintendent to the Building Scheduling Coordinator. Fifteen years ago, when the policy was last updated, the Building Scheduling department did not exist. Now, with a coordinator overseeing the department, this role will ensure that policies are implemented effectively.
Is this revision or new policy driven by State Code, Board Rule or District need.	**Is this new or revised policy driven by State Code, Board Rule or District need?** The policy includes references to state code regarding insurance. These policies are essential for ensuring the safety and protection of everyone in the district.
Impacts for Implementarion	**What are the impacts of implementation?** Much has changed in the past 15 years since the policy was last updated. To adapt to our fast-changing world, we have identified necessary updates. The revised policies will align with the current needs observed in our communities.
Training	**Will this new or revised policy require staff, students or patrons to be trained? If so, please include what training is required, the training timeline and who will be responsible for that training.** I believe the ongoing communication I provide as the Building Scheduling Coordinator serves as sufficient training. It is essential for everyone to understand that these are not new concepts to learn but established protocols that need to be followed.
Procedures	**Does this new or revised policy require procedures to go with it, if so, are they ready for implementation?** We have developed an updated fee schedule that we would like to implement; however, we believe that now is not the appropriate time for its introduction. We want to ensure that all stakeholders are fully prepared for the changes before moving forward.
Proposed Motion	**What is the proposed motion? Is it ready for implementation or another read?** This it ready for another read.

CONTRACEPTION
& STD PREVENTION

INTRODUCTION

- People may have different religious or personal beliefs and values regarding the use of birth control.
- Today we'll be discussing the facts.

METHODS OVERVIEW

METHODS

- ABSTINENCE
  - NO SEX OF ANY KIND, INCLUDING VAGINAL, ANAL, OR ORAL
- BARRIER
  - BLOCKS SPERM FROM ENTERING THE UTERUS
  - REMOVABLE
  - NO HORMONES-OPTIONS FOR THOSE WHO CANNOT USE HORMONAL METHODS
- HORMONAL
  - USES HORMONES TO REGULATE OR STOP OVULATION
  - NEEDS DOCTOR PRESCRIPTION

METHODS

- Intrauterine (IUD) methods
  - Small t-shaped device
  - copper and hormonal IUD's available
    - Both provide different types of protection
  - Must be inserted by health care provider
- Natural family planning
  - Methods to prevent pregnancy without using medications or medical devices
  - Includes fertility awareness

METHODS

- STERILIZATION
  - PREVENTS SPERM FROM BEING RELEASED INTO THE VAS DEFERANS OR EGG FROM BEING RELEEASED INTO FALLOPIAN TUBES
  - PERMANENT
- EMERGENCY CONTRACEPTION
  - CAN BE USED IN CASES OF UNPROTECTED OR UNWANTED SEXUAL INTERCOURSE, INCLUDING SEXUAL ASSAULT, TO AVOID UNPLANNED PREGNANCIES
  - PREGNANCY CAN OCCUR IF PILLS ARE TAKEN AFTER OVULATION
  - AVAILABLE WITHOUT A PRESCRIPTION

THE **ONLY** 100% SURE WAY TO AVOID STDS AND PREGNANCY

BARRIER METHODS

CONDOMS

EXTERNAL

- THIN LATEX OR POLYURETHANE SHEATH
- SINGLE USE ONLY
- WHEN USED CORRECTLY AND CONSISTENTLY, THEY CAN BE AN EFFECTIVE PROTECTION FROM PREGNANCY AND STDS.

PREGNANCY PROTECTION

82-98% EFFECTIVE

STD PROTECTION

79-97% EFFECTIVE

CONDOMS

INTERNAL

- FLEXIBLE POLYURETHANE
- BLOCKS SPERM FROM ENTERING THE UTERUS
- SINGLE USE
- WHEN USED CORRECTLY AND CONSISTENTLY, IT CAN BE AN EFFECTIVE PROTECTION FROM PREGNANCY AND STDS.

PREGNANCY PROTECTION

79-95% EFFECTIVE

STD PROTECTION

CONDOMS

- To be effective, condoms **must:**
  - be used correctly according to package directions.
  - be used with **each** sexual encounter & each partner.
- Latex condoms can cause irritation in people who are allergic to latex. Polyurethane condoms can be used in these cases.
- Animal or lambskin condoms provide some protection against pregnancy but **Do Not** protect against STDs.
- Available over the counter in any grocery or convenience store.

DIAPHRAGM

- A soft silicone cup
- covers the cervix and Acts as a barrier
- requires a visit to a health care provider to be fitted correctly.
- Works best when used with spermicide.

PREGNANCY PROTECTION

88-94% Effective

STD PROTECTION

0% effective

SPERMICIDE

- Contains chemicals that stop sperm from reaching an egg.
- Comes in many forms, including creams, gels, sponges, foams, inserts, or films.
- Can be purchased at any drug or convenience store.
- May cause irritation of the penis or vagina.

PREGNANCY PROTECTION

72-82% Effective

STD PROTECTION

*May raise the risk of HIV

HORMONAL METHODS

BIRTH CONTROL PILLS

- THE HORMONES FOUND IN ORAL CONTRACEPTIVES KEEP OVARIES FROM RELEASING EGGS (OVULATION), AND/OR THICKEN CERVICAL MUCUS TO BLOCK SPERM FROM GETTING INTO THE UTERUS.
- CONTAIN DIFFERENT COMBINATIONS OF THE SYNTHETIC ESTROGENS AND PROGESTIN THAT INTERFERE WITH OVULATION.

PREGNANCY PROTECTION

91-99% EFFECTIVE

STD PROTECTION

BIRTH CONTROL PILLS

- Requires a visit to a health care provider and a prescription if under 18. Pharmacists can prescribe if over 18.
- Sometimes birth control pills are also used to treat acne or menstrual irregularities.
- Some people experience side effects while using birth control pills. These can include:
  - Nausea
  - Weight gain
  - Headaches
  - Bleeding between periods
  - Mood swings
  - Breast tenderness
  - Other Serious Side Effects

CONTRACEPTIVE PATCH

- THIN PLASTIC RELEASES HORMONES THROUGH THE SKIN INTO THE BLOODSTREAM.
- HORMONES ON THE PATCH STOP THE OVARIES FROM RELEASING EGGS AND PREVENT SPERM FROM TRAVELING INTO THE UTERUS BY THICKENING THE CERVICAL MUCUS.

PREGNANCY PROTECTION

91-99% EFFECTIVE

STD PROTECTION

CONTRACEPTIVE PATCH

- REQUIRES A VISIT TO A HEALTH CARE PROVIDER AND A PRESCRIPTION.
- SOME PEOPLE EXPERIENCE SIDE EFFECTS WHILE USING THE PATCH. THESE CAN INCLUDE:
  - SKIN IRRITATION AT THE APPLICATION SITE
  - BREAST TENDERNESS
  - HEADACHE
  - NAUSEA
  - BLEEDING BETWEEN PERIODS
  - OTHER SIDE EFFECTS

INJECTABLE BIRTH CONTROL

- An injection of progestin.
- Keeps ovaries from releasing eggs and thickens cervical mucus to block sperm from getting into the uterus.
- Shot protects against pregnancy for 3 months and must be administered by a health care provider every 12 weeks.

Pregnancy protection

INJECTABLE BIRTH CONTROL

- Has been shown to lower bone density
- Some people experience side effects while using the shot. These can include:
  - Nausea & vomiting
  - Appetite changes & Weight gain
  - Headaches
  - Bleeding between periods or no period
  - Mood swings or depression
  - Breast tenderness
  - May delay ability to become pregnant after stopping the shot

VAGINAL RING

- THIN FLEXIBLE RING ABOUT 2 INCHES IN DIAMETER. IT DELIVERS A COMBINATION OF SYNTHETIC ESTROGEN AND PROGESTIN.

PREGNANCY PROTECTION

91-99% EFFECTIVE

STD PROTECTION

VAGINAL RING

- Requires a visit to a health care provider and a prescription.
- Some people experience side effects while using the ring. These can include:
  - Vaginal discharge
  - Headaches
  - Bleeding between periods
  - Breast tenderness
  - Other Side Effects

IMPLANTABLE RODS

- MATCHSTICK-SIZED, FLEXIBLE, PLASTIC IMPLANT.
- A HEALTH CARE PROVIDER INSERTS THE ROD.
- THE ROD RELEASES PROGESTIN AND CAN REMAIN IMPLANTED FOR 3-4 YEARS.
- OVARIES WILL STOP RELEASING EGGS; THICK CERVICAL MUCUS FORMS AND BLOCKS THE OPENING OF THE UTERUS; THE LINING OF THE UTERUS THINS, WHICH KEEPS A FERTILIZED EGG FROM ATTACHING.

COPPER IUD

- Some people experience side effects while using the implant. These can include:
  - Pain when the IUD is inserted
  - Cramping or backaches
  - Irregular bleeding or periods
  - Heavier periods or worsening menstrual cramps
  - Other Serious Side Effects

HORMONAL IUD

- A SMALL PLASTIC T-SHAPED DEVICE CONTAINING HORMONES THAT IS INSERTED BY A HEALTH CARE PROVIDER.
- CONTINUOUSLY RELEASES PROGESTERONE INTO THE UTERUS, CAUSING THICKENING OF THE CERVICAL MUCUS. THIS INHIBITS SPERM FROM REACHING AND FERTILIZING AN EGG. ALSO THINS UTERINE LINING AND PREVENTS OVARIES FROM RELEASING EGGS.
- CAN REMAIN IN THE BODY FOR 3-7 YEARS, DEPENDING ON THE TYPE.

NATURAL FAMILY PLANNING

- METHODS OF PREVENTING PREGNANCY FOR THOSE WHO DO NOT WISH TO USE MEDICATIONS OR DEVICES.
- REQUIRES FERTILITY AWARENESS.
- AVOID SEX OR USE CONDOMS DURING FERTILE DAYS
- LACTATIONAL AMENORRHEA METHOD (LAM) FOR BREASTFEEDING MOTHERS

NATURAL FAMILY PLANNING

- DOES NOT WORK WELL FOR THOSE WITH IRREGULAR MENSTRUAL CYCLES.
- REQUIRES CONSISTENCY TO TRACK AND REMEMBER.

PREGNANCY PROTECTION

76-95% EFFECTIVE

STD PROTECTION

STD PROTECTION

0% EFFECTIVE

EMERGENCY CONTRACEPTION (EC)

- HORMONAL PILLS INTENDED FOR USE IN THE EVENT OF UNPROTECTED OR UNWANTED SEXUAL INTERCOURSE, INCLUDING SEXUAL ASSAULT.
- PILLS CAN DELAY OR INHIBIT OVULATION FOR AT LEAST 5 DAYS TO ALLOW SPERM TO BECOME INACTIVE. ALSO CAUSES THICKENING OF THE CERVICAL MUCUS TO INTERFERE WITH SPERM FUNCTION.
- SHOULD NOT BE USED AS A REGULAR CONTRACEPTIVE METHOD.
- WILL NOT TERMINATE AN ALREADY EXISTING PREGNANCY.

PREGNANCY PROTECTION

54-94% EFFECTIVE

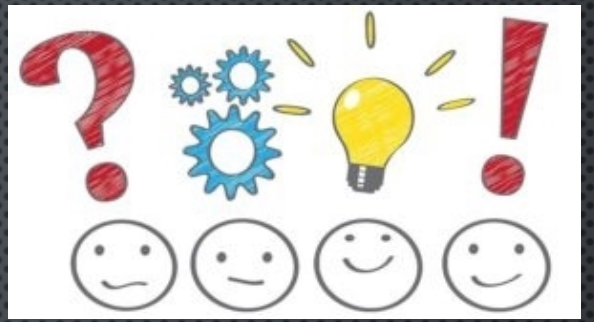
STD PROTECTION

0% EFFECTIVE

EMERGENCY CONTRACEPTION (EC)

- Some people experience side effects while using emergency contraception. These can include:
  - Stomach upset or Nausea
  - Headaches
  - Irregular bleeding
  - Breast tenderness
  - Dizziness
  - Fatigue

BIRTH CONTROL DISCUSSION



- COMMUNICATION & BOUNDARIES:
  - IT'S IMPORTANT THAT PARTNERS DISCUSS AND AGREE ON BIRTH CONTROL OR CONDOM USE **PRIOR** TO ENGAGING IN SEXUAL ACTIVITIES.
  - IT'S OK TO WALK AWAY FROM A RELATIONSHIP IF A PARTNER DOES NOT WANT TO USE BIRTH CONTROL OR A CONDOM.
- HOW DOES A PERSON DECIDE WHETHER TO USE BIRTH CONTROL AND WHICH METHOD TO USE?
  - TALK TO A PARENT, HEALTH CARE PROFESSIONAL, COUNSELOR, & PARTNER
  - ASK:
    - WHAT ARE MY OPTIONS?
    - AM I READY FOR PARENTHOOD?
    - DO I WANT TO DEAL WITH A POTENTIAL PREGNANCY OR STD?
    - WHAT OPTIONS FIT WITH MY LIFESTYLE, HEALTH NEEDS, AND PERSONAL VALUES?

RESOURCES

- Who can I talk to if I (or someone I know) might be pregnant or have an STD?
  - Trusted adult
  - Counselor
  - School nurse
  - Health care professional
- Where can I (or someone I know) go for testing or help?
  - Tooele County health department (151 N Main Street, Tooele, UT). The testing is confidential and available by appointment. Call 435-277-2310.

Riley has been dating Mateo for several months. One day, Riley told Mateo to meet her by the girls' bathroom between classes. She pulled him into the bathroom and into a stall. She started kissing him and rubbing her hands all over his body. Mateo asked her to stop. He told her he could get detention if he was caught in the girls' bathroom, and he needs to be home after school to take care of his siblings. Riley told Mateo to stop being a baby. She told him if he wanted to be with her, they needed to take their relationship to the next level. Riley proceeded to kiss him and move her hands around on his body. Mateo was extremely anxious.

Mr. Reynolds is a popular English teacher at Maya's school. He often tells students how mature Maya is for her age and praises her writing in front of the class. One afternoon, Mr. Reynolds emails Maya saying he was thinking about her short story and that she has "such a deep understanding of emotions for someone so young." Over the next few weeks, Mr. Reynolds begins sending her messages in the school's online portal after school hours. He compliments her often, saying things like, "You're not like the other kids—I can actually talk to you." One evening, he messages, "I hope you don't mind me saying this, but you have such a calming energy. It's rare to find that in someone your age." Maya starts feeling uncomfortable, but worries she'll seem rude if she doesn't respond. When she waits too long to reply, Mr. Reynolds writes, "Did I say something wrong? I just really enjoy our talks."

Taylor and Carmen are interested in each other. Before spring break they were going everywhere together and texting constantly. During spring break, they each went to different places with their families. While on vacation, Carmen texted Taylor, “I miss you. Send me a pic.” Taylor sent Carmen a picture of her on the beach, petting her dog. Carmen texted back, “I don’t mean that kind of pic ;).” Taylor replied that she did not feel okay about sending an explicit photo. Carmen texted, “Haha, what’s the big deal? It’s not like I’m going to show it to anyone.” When Taylor again refused, Carmen texted, “Come on, please? I hate that I can’t talk to anybody about us.” Taylor started to worry that Carmen might tell someone about their relationship, so she sent a more revealing picture of herself to Carmen than she wanted to.

Ana and Marcus have been flirting a lot in class. One day after class, Marcus invited Ana to his place. Ana was excited and agreed to walk with Marcus. When they got there, Marcus asked Ana if he could kiss her. Although she felt embarrassed, she wanted Marcus to kiss her, so she said yes. They began kissing, but then Marcus put his hands under Ana's shirt. She pushed his hands away and said she didn't want him to do that. She said she liked kissing him but didn't want to do anything else. Marcus stopped trying to put his hand under Ana's shirt.

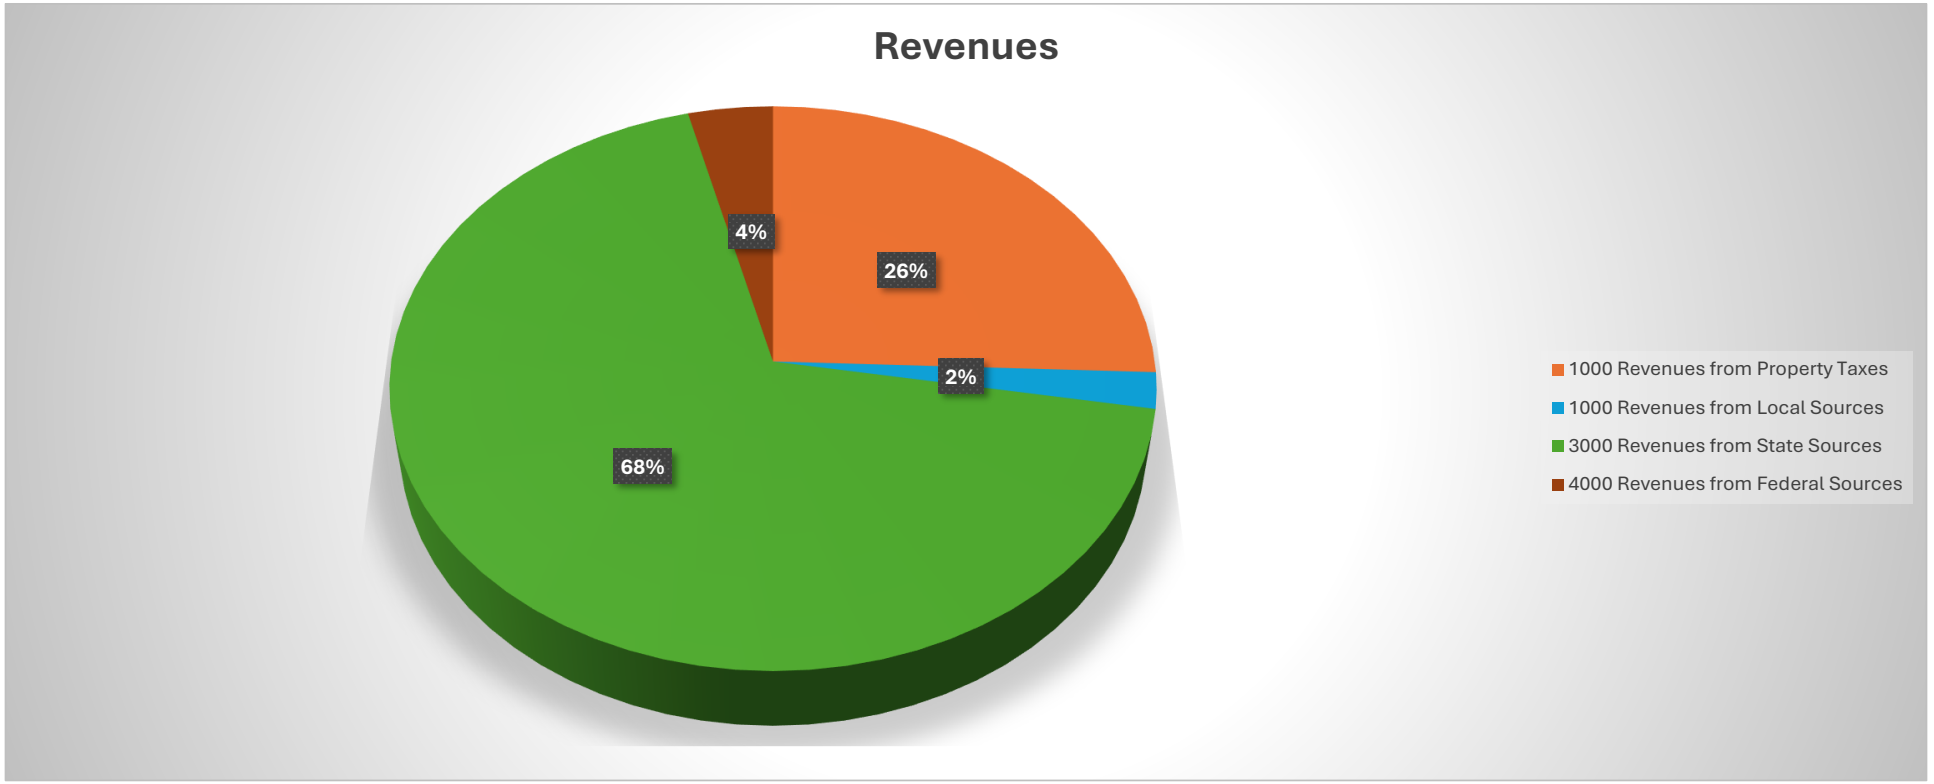
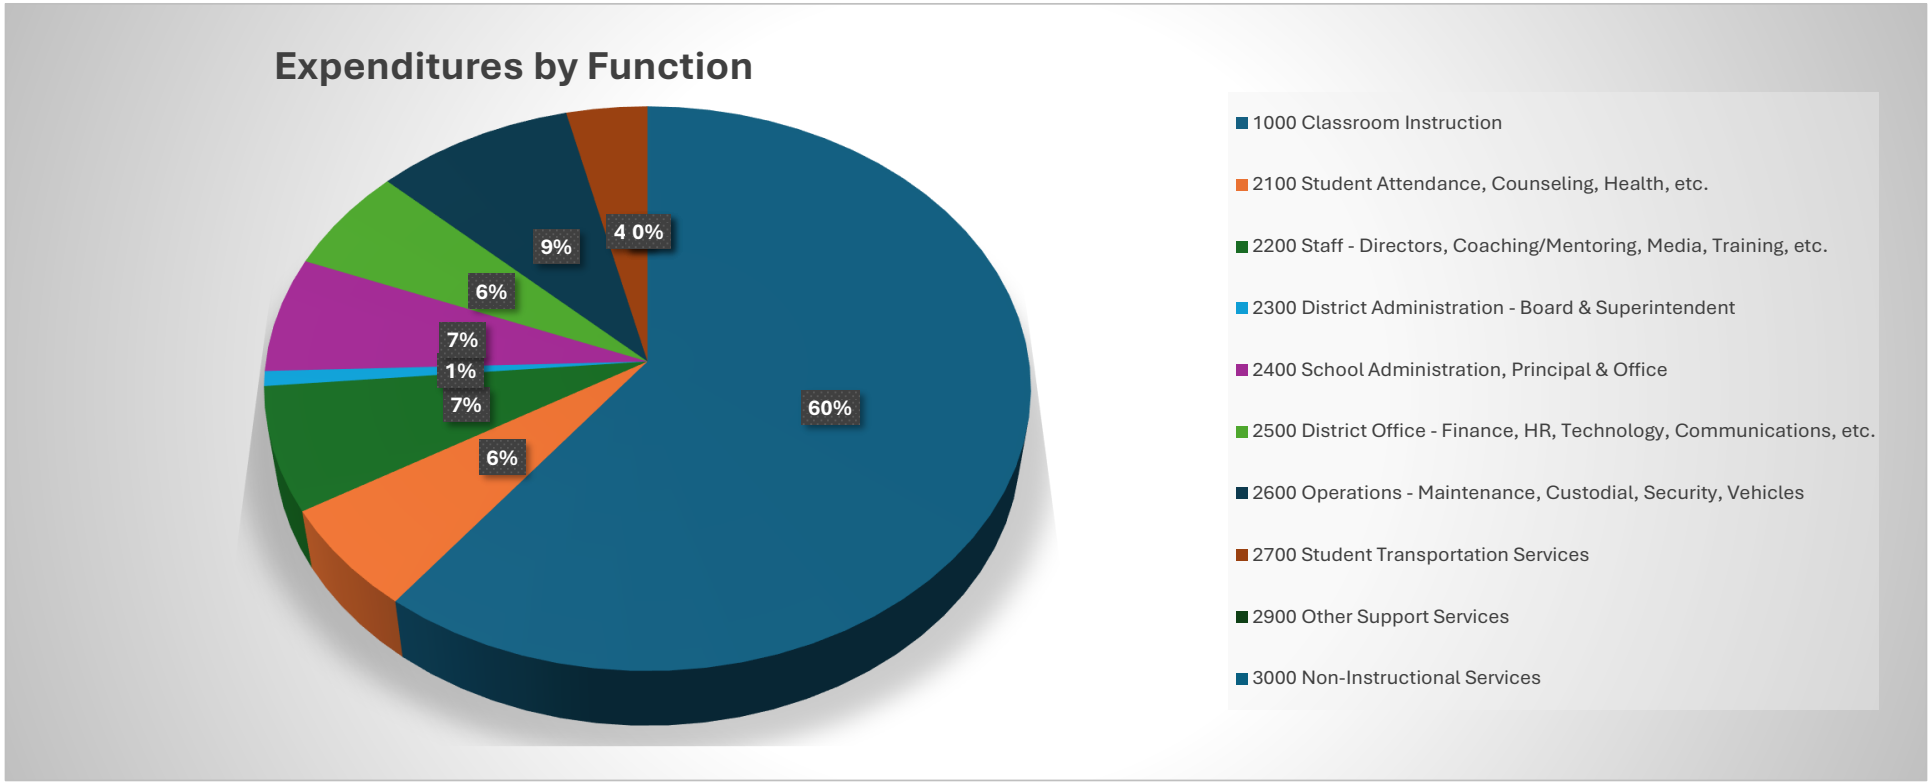
  - Tax Increment and Debt Service funds were break even
- The deficits were mainly due to construction projects (one-time)

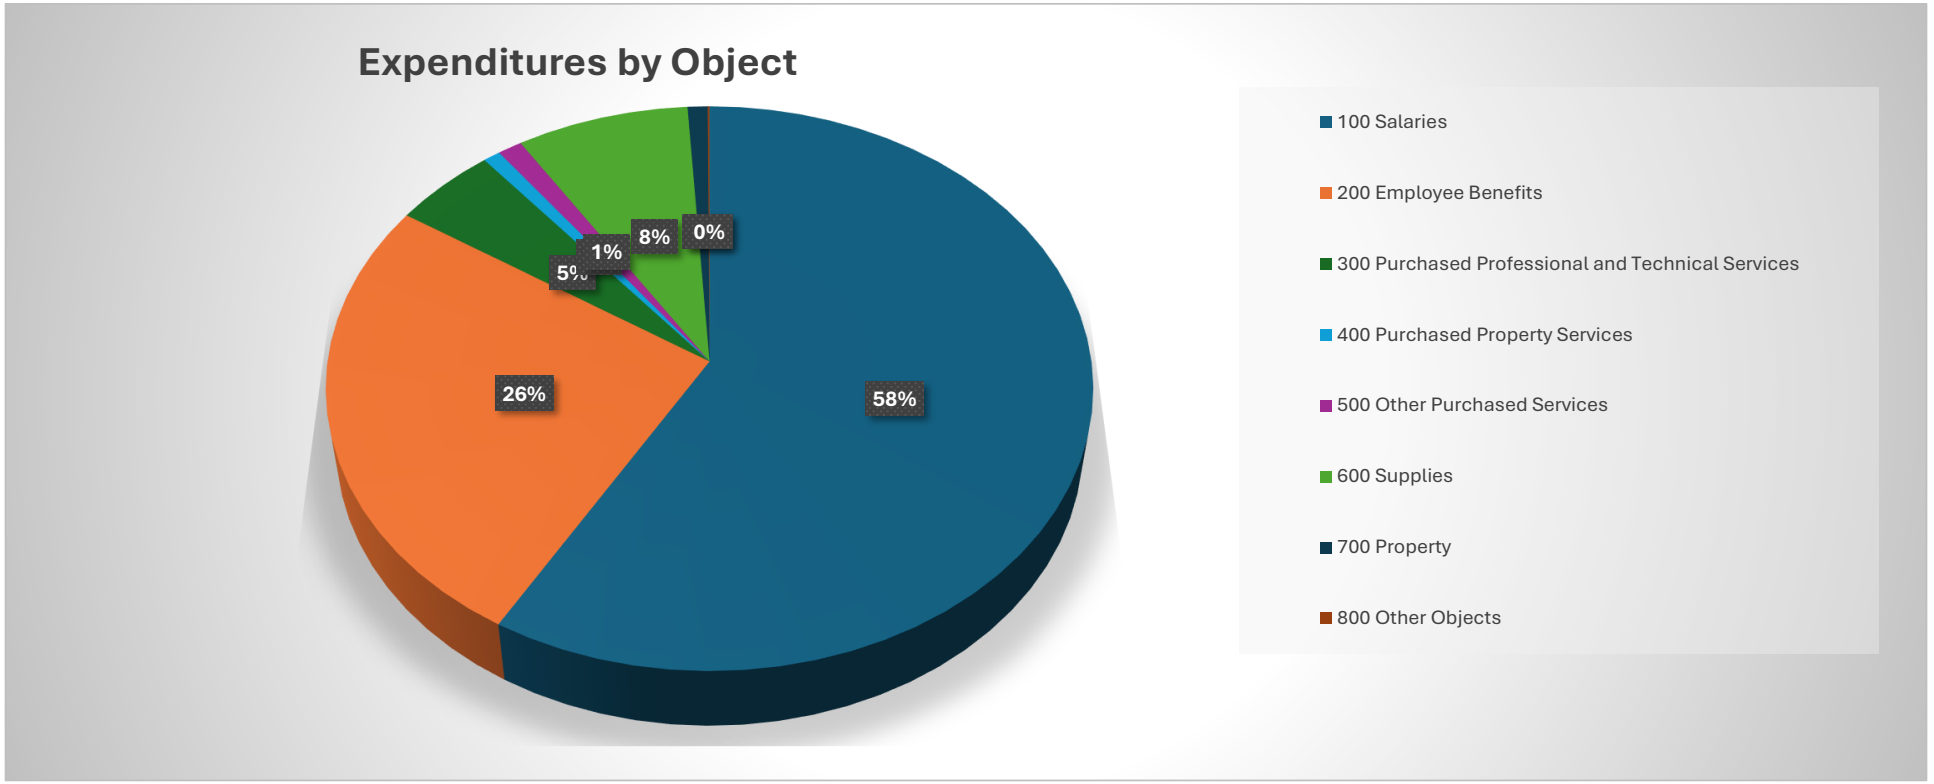
General Fund Revenues



General Fund Expenses by Function



General Fund Expenses by Object



Bond Proceeds Spent as of June 30, 2025

- As of June 30, 2025, we had spent:
  - All but $731,123.17 of the $170M Authorization from the 2020 election
  - All of the $50 MBA Bonds for SJHS
  - These are the numbers we gave the auditors
- As of 10/9/25 we have spent an additional $9.5M on the projects
  - That’s cash basis, not accrual so we will have more expenditures
  - Everything is now coming out of fund balances that we have accumulated

Capital Projects Fund Analysis

- Lark emailed this out to the Board
- Let’s walk through it together

Fall Semester

plans

Anna Smith and Ibapah 2025-2026 Semester Plan

Principal: Gina Ruiz

Team Members: Gina Ruiz, Ana Escobedo, Francine Roland, Ken Castagno, Erika Kampman, Miranda Ramirez, Jobana Dorado

Campus Priority 1: Attendance

Annual Goal: For the 2025-26 school year, we will increase students' daily attendance by 2% in comparison with last year's 93% by educating and clearly communicating with families and students.

Semester Goal: Improve school-wide attendance including decreasing tardies.

Objective: Continue to implement our school-wide attendance challenge with any adjustments made from last year.

Prioritized Key Components: Daily, weekly, and semesterly positive reinforcements for students that are present and on time each day.

TCSD Strategic Model Area(s) and AHLP: Communication, Culture, Relationships

Metrics: Skyward Attendance Reports, Daily attendance spread sheet.

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Share last year's attendance data with the staff.	Gina Ruiz	Skyward Data	Aug 12	Data has been shared and discussed with the faculty
Share District Attendance policy, ASE/IES's attendance challenge, and our attendance data.	Gina Ruiz	Back to School Letter Back to School Night District and school webpages Social Media	Aug 14	Clear communication of data, policy, and attendance challenge
Monthly Communication with guardians	Gina Ruiz Araceli Aranda DeAnne Bateman	District updated attendance letters Skyward Social Media Class Dojo (Until Parent Square is implemented)	End of each month.	Communication to guardians through on elf the stated resources, about the importance of daily attendance.

Schedule and meet with guardians of chronically absent students to implement an improvement plan.	Gina Ruiz Araceli Aranda DeAnne Bateman	District Attendance Letters Phone calls Emails	Oct. 1	Guardians understand the impact and importance of daily attendance.

End of Semester Review:

Campus Priority 2: Academic Growth and Achievement

Annual Goal: For the 2025-26 school year, we will improve the academic test scores on EOY (RISE, Benchmarks, Acadience) testing by properly creating, implementing, and evaluating Common Formative Assessments (CFA's).

Semester Goal: Use CFAs as a standard practice to help drive tier 1 and tier 2 instruction using the Four Critical PLC Questions;

1. What do we want students to learn?

2. How will we know if they have learned it?

3. What will we do if they don't learn it?

4. How will we respond to extend the learning of those that already know it?

Objective: To properly implement TCSD's CFA Cycle using the Data Protocol sheet. Using the data from the protocol sheet, teachers will plan interventions accordingly.

Prioritized Key Components: Bear Data Day schedule for monthly data meetings, participating in PL.

TCSD Strategic Model Area(s) and AHLP: Curriculum, Instruction, Assessment

Metrics: BEAR Data Meetings and PLCs- discuss how they are using their CFA data to guide their instruction.

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Present SIP to faculty, staff and parents explaining the "why" of each goal.	Gina (parents) Guiding Coalition (staff)	Copies of Goals Power Point	Principal's Day and Back-to-School Night.	Presentations go smoothly with all questions answered.
Professional Learning on CFA's and the CFA Cycle	Gina Guiding Coalition	Data Protocol sheet CFA PowerPoint	Sept. 16	Teachers can successfully make CFA's and use the data protocol sheet correctly.
Creating individual class CFA	Teachers	GVC spreadsheets	Dec. 1 April 1	Teachers understand and have correctly implemented a CFA Cycle.
Develop a monthly Data Review PLC schedule for	Gina Francine Roland	Grade level specific BEAR Data Day schedule, Acadience data	Sept. 15	Collaboratively review the implementation of

each grade-level (BEAR Data Day)		analysis spreadsheet, progress monitoring/benchmark data, feedback data on specific students and teaching strategies used for tier 1 and 2 instruction, interventions, and enrichments. Progress Monitoring		data analysis protocol at the end of each quarter and adjust it based on teacher and para feedback. A steady increase individual student BOY baseline scores.

Mid Semester Check-in:

End of Semester Review:

Campus Priority 3: Math

Annual Goal: Implement our new math curriculum, Into Math

Semester Goal: Familiarize, train, and start implementation of Into Math

Objective: Successful implementation of Into Math

TCSD Strategic Model Area(s) and AHLP: Curriculum, Assessment, Instruction

Metrics: Teacher observations watching for Into Math implementation.

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Training for all teachers	Gina Chantel Cowan (scheduling)	Into Math Curriculum	Aug 31	All teachers attend and engage in their grade-level Into Math training.
Math PLCs- Once a month at PLCs, the focus will be math. Teachers will share what is or isn't working and work collaboratively to resolve any issues	Gina Guiding Coalition	PLC schedule Math curriculum	Monthly	Teachers will understand and implement Into Math. Teachers will be open to sharing and constructive feedback.

Long Term Outcomes

Long term outcomes should be focused on students (e.g., RISE, ASPIRE+, ACT, Attendance, Behavior, etc.). When determining these outcomes conduct a data review of the past few years (see your data dashboard in OneDrive) and identify reasonable trajectories.

School Vision:

Semester Planning Tool

Aligned with the TCSD's Strategic Model

7 Reasons Why Creating a Semester Plan can help your school improve:

1) Articulates a shared vision, mission, and values.
2) Effectively organizes schools and their staff.
3) Defines how success is measured.
4) Aids the school board with governance decisions and provides direction for the future.
5) Increases communication and engagement.
6) Keeps everyone in a school – from teachers to administrators – connected.
7) The best reason of all for semester planning comes back to every great school's number one priority: students.

Process:

Needs Assessment Section

Definition: A needs assessment is a systematic process for determining and addressing needs, or "gaps" between current conditions and desired conditions or "wants".

Needs Assessment Questions

These questions **do not all need to be answered** in your plan. They are here so you can reflect and make a plan in the areas you and your building leadership team deem necessary. They are also not all-inclusive - meaning you should focus on your school's needs and those needs could be outside of the questions below.

Strategic Model Area 1: Teachers, Leaders, Support Staff

This is the staff capacity building element of the strategic model. How are you building your staff's capacity and are you hiring and supporting the best people possible? Are you holding people accountable and expecting them to be responsible for performing at high levels? How do you track it? What do you do when they aren't performing?

Are you distributing resources (material needs, human support, etc) in such a way that teachers have all they need to be their best? Consider your building's budget. What percent is spent on academics and in what ways? Do departments/teams get equitable resources? How do you know?

Are you providing professional development that is relevant, timely, and targeting individual teacher needs rather than relying solely on whole-group professional development? How do you know it's relevant to all and at their level? How do you measure this?

Review new teacher feedback for your building. Did they feel supported, what suggestions did they make?

Look at teacher data, what areas of growth are needed to support them? What professional development do they need and how will you facilitate it in a differentiated way?

Think about your hiring practices. Are they timely? Are you able to attract staff that you need and of high quality? If not, what can you do differently?

How do you onboard new teachers to your school in areas such as: PLCs, systems, etc?

Additional Resources to consider:

reproducible2.2level2longformleadingindicatorsurveyforadministrators.pdf (soltreemrls3.s3-us-west-2.amazonaws.com)

Strategic Model Area 2: Curriculum, Instruction, Assessment

Does every classroom provide daily lessons following a coherent instructional format including the components of the Instructional Framework? What components of the framework are strengths and weaknesses?

Does every classroom have a scope and sequence creating a guaranteed and viable curriculum that reflects grade level standards? Are these documents shared among teacher teams and administrators? Have the essential skills within the units been identified?

Does every classroom have and utilize common formative assessments (CFA) to determine the learning progress of each student? Do current CFA's produce the feedback students and teachers need? Are there any units that still need CFA's to be created?

Are procedures established to regularly review student learning progress and respond in a timely manner? Do PLC's have norms and processes to support this work? Do teachers have systems to support reteaching? Does the school have systems to deliver interventions on the highest leverage skills?

This is also where you can put your specific smart goals for growth in academic areas and how you plan to address them and monitor them. Don't forget to include special populations, intervention, and extension.

How are you engaging with your school's data? How are teachers using data? How often are you meeting with teachers to review data and support them in a plan of action*?*

**A clear and precise plan of action for meeting with staff and troubleshooting with them in small groups or individually on a regular basis should be well described in this section.*

Strategic Model Area 3: Communication, Culture, Relationships

How frequently and effectively do you communicate with parents on a school-wide basis? What is your expectation of staff/parent communication? How do you check it? How frequently are teachers expected to update grades? How often do you check?

What does the entryway of your school look like? Is it inviting? Is it clean? Does your office staff smile and greet everyone who enters in a similar way? How are you measuring things you're targeting in this goal area?

What is your parent engagement plan? How will you target all groups in your school? How will you accommodate for spanish-speaking families?

What do you have in place to consider staff morale? Do you consider the ups and downs of the year and how to target those known dips? How will teachers feel supported? How will you know?

Strategic Model Area 4: Safe and Orderly Environment

This is where you can evaluate the number of office referrals you have and make behavior goals. What is your school-wide behavior/student culture approach? How will you measure its success?

Think about the beautification of your building. Is it inviting? Is student work what people see or old photos and canned posters?

How will you ensure your school always looks clean and orderly? Has your building struggled with vandalism? What are strategies you plan to incorporate to discourage it, respond when it happens, etc.

Consider student arrival and dismissal as well as areas that are less supervised and cause problems. How will you address those?

Strategic Model Area 5: Systems of Operations

What school-wide processes do you need to put in place? Consider areas like attendance, tardies, etc.

Are duty schedules effective and covering all areas needed. What are the expectations when on duty, are they followed? How do you know or track it?

Consider all systems in your building and choose at least one to target for improvement.

2025-2026 Semester Plan Template

Principal:

Campus Priority 1: Attendance

Annual Goal: Semester Goal: Improve attendance school wide with an emphasis on Secondary

Objective: Have rewards and activities for positive attendance

Prioritized Key Components: The state requires us to improve attendance as a NESS school on a 4-day week. Using rewards and PBIS we would like to encourage the students to have less than 20% absences per term and no more than 4 tardies per class. There will be weekly small rewards (pride tickets) and large Term schoolwide activities. We will use CHAMPS and STOIC to help in the classroom to create a more intentional and positive classroom setting.

TCSD Strategic Model Area(s): Area 5: Systems of Operations (attendance) And Area 1 (PD).

Metrics: We will use attendance data to determine the effectiveness of the rewards as well as student input. We will also look at previous years to compare how the school as a whole is doing.

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Improve attendance through rewards and activities	Term 1: Andrus Term 2: Johnson	Funding (TSSA) for activity and treats, transportation, weekly rewards.	Weekly for small rewards, Term for activity	We will compare the attendance data to the previous year's attendance. We would like to have ALL students with less than 20% absences per term and no more than 4 tardies per class.
Use PBIS and SBO's to help support the attendance goal by being an active participant in setup and execution of the activities.	Christensen	Allow SBO's to meet monthly with teacher to plan activity and items needed to be purchased. TSSA funds to be used with SBO's and other student activities.	Monthly within a term	The students will attend their planning meetings. Data will be reviewed if that was a good time.
Implementation of CHAMPS and STOIC	Westhora, Knight, Marsh, Bullock	Text for all staff	Monthly Faculty meeting (1st Thursday)	The teachers will be observed on the items covered in the text for that month.

Campus Priority 2: Academic

Annual Goal: For the 2025-2026 school year we will improve the academic test scores (see below) on CFA's and end of year tests by correctly creating, implementing, reviewing, informing, and evaluating the CFA's 2 times before the end of May 2026.

Semester Goal: Improve academic scores (Rise, Aspire+, ACT, Acadience, benchmarks, and CFAs)

Objective: We would like to increase the student test scores (formal and informal) and be able to answer the following two questions with data to back it up:

How will I know if my students have learned the materials? What will I do if they have not?

After a CFA, teachers will fill out the data protocol sheet. Answer the above two questions and look over questions that are low. Reteach and use intervention as needed.

Prioritized Key Components: Complete 2 CFA Cycles by May 2026.

TCSD Strategic Model Area(s) and AHLP: TCSD Strategic Model Area(s): Area 2 Curriculum, Instruction, Assessment & Area 1 (PD)

Metrics:: Meet with teachers during PLC time to go over the data protocol sheets and what they are doing in response to the results of the assessment. Gauge how well the students do on the ACT after having access to the pre-ACT and other test prep materials.

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Answer the 2 PLC questions after CFA.	All teachers	Data protocol sheet	After each CFA at least one per Semester.	Meet with admin to discuss low areas and what was done to show the students understood the materials before moving on
Practice state testing with online samples. We will do the pre-ACT for the juniors. With testing strategies.	Franzi Elementary Teachers Ernst	Monthly faculty meeting breakouts	Monthly look at different parts (tools, resources, access)	Students will be more familiar with the system.
PD on CFA's and the CFA cycle.	All teachers	GVC implementation and creation	Before Dec 31 and May 20	Teachers will present their results as they accomplish them

Campus Priority 3: Communication

Annual Goal: For the 2025-2026 school year we will improve parent communication and gradebook updates as well as enforcing the new cell phone policy and remain constant as a staff to help students and parents understand what's happening in the school.

Semester Goal: Keep parents informed, enforce the cell phone policy, keep teachers informed on schedules that remove students from the school day.

Objective: There are 4 items that Dugway teachers are expected to do regularly. These items are to:
1) Respond to parent communication within 24 hours.
2) Update the grade book weekly
3) Take attendance
4) Follow the IEP or 504 for each student.

Communicate and enforce cell phone policy. Provide an activity schedule to not interrupt the classroom schedules at the last minute.

Prioritized Key Components: Communicate to parents and enforce the cell phone policy.

TCSD Strategic Model Area(s) and AHLP: Area 3 Communication

Metrics: This is measured by observations of the principal and through regular faculty checks in meetings and individual conversations. The principal will send out the weekly updates, timestamped in emails.

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Teachers will do the four items listed above. Focus on communication and updating grades.	Each Teacher	Skyward	Weekly/ and as needed with email	Less complaints from parents. Survey parents how they feel about communication.
Be on the same page concerning cell phones. Post expectations, communicate plan to parents, enforce it. Repair poster machine.	Each Teacher	Laptop, poster printer	Weekly/Monthly	Email/Skyward
During school activity schedule provided to teachers at the beginning of the year	Johnson, Andrus, Tiafala, Sagers, Elton, Ernst, Christensen	Email	August 18	Teachers can plan their GVC without major interruptions

End of Semester Review:

Long Term Outcomes

Long term outcomes should be focused on students (e.g., RISE, ASPIRE+, ACT, Attendance, Behavior, etc.). When determining these outcomes conduct a data review of the past few years (see your data dashboard in OneDrive) and identify reasonable trajectories.

School Vision:				
Indicator(s)	Data Source	Baseline Data (23-24)	Y1 Results (24-25)	Y2 Target (25-26)
Outcome 1:				
Rise data	Rise	35% proficient	Math 87% not proficient	30% Proficient
Aspire +	Aspire +	Math 79% not proficient	Math 21% proficient	30% Proficient
Outcome 2:				
Acadience K-6		ELA 50% Proficient	70% proficient across the board	75% proficient across the board
Rise			Not available	
Aspire +			Not available	
Outcome 3 -				
Aspire +		Sci 48% proficient	54% proficient across the board	65% proficient across the board

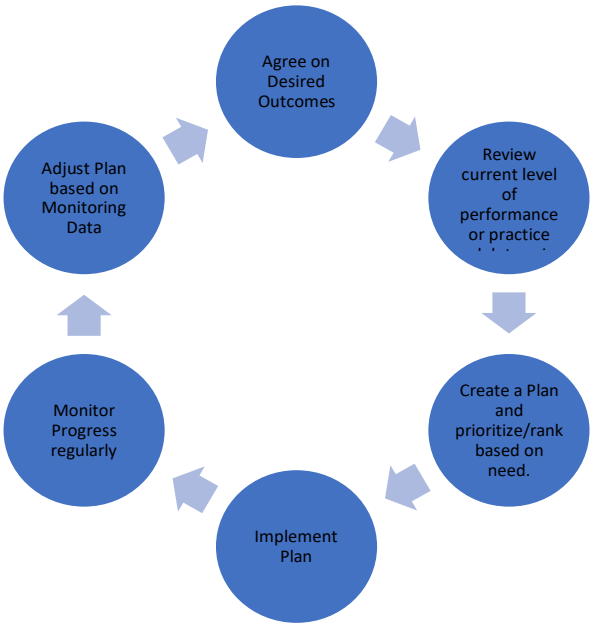
Semester Planning Tool

Aligned with the TCSD's Strategic Model

7 Reasons Why Creating a Semester Plan can help your school improve:

1) Articulates a shared vision, mission, and values.
2) Effectively organizes schools and their staff.
3) Defines how success is measured.
4) Aids the school board with governance decisions and provides direction for the future.
5) Increases communication and engagement.
6) Keeps everyone in a school – from teachers to administrators – connected.
7) The best reason of all for semester planning comes back to every great school's number one priority: students.

Process:



Needs Assessment Section

Definition: A needs assessment is a systematic process for determining and addressing needs, or "gaps" between current conditions and desired conditions or "wants".

Needs Assessment Questions

These questions **do not all need to be answered** in your plan. They are here so you can reflect and make a plan in the areas you and your building leadership team deem necessary. They are also not all-inclusive - meaning you should focus on your school's needs and those needs could be outside of the questions below.

Strategic Model Area 1: Teachers, Leaders, Support Staff

This is the staff capacity building element of the strategic model. How are you building your staff's capacity and are you hiring and supporting the best people possible? Are you holding people accountable and expecting them to be responsible for performing at high levels? How do you track it? What do you do when they aren't performing?

Are you distributing resources (material needs, human support, etc) in such a way that teachers have all they need to be their best? Consider your building's budget. What percent is spent on academics and in what ways? Do departments/teams get equitable resources? How do you know?

Are you providing professional development that is relevant, timely, and targeting individual teacher needs rather than relying solely on whole-group professional development? How do you know it's relevant to all and at their level? How do you measure this?

Review new teacher feedback for your building. Did they feel supported, what suggestions did they make?

Look at teacher data, what areas of growth are needed to support them? What professional development do they need and how will you facilitate it in a differentiated way?

Think about your hiring practices. Are they timely? Are you able to attract staff that you need and of high quality? If not, what can you do differently?

How do you onboard new teachers to your school in areas such as: PLCs, systems, etc?

Strategic Model Area 2: Curriculum, Instruction, Assessment

Does every classroom provide daily lessons following a coherent instructional format including the components of the Instructional Framework? What components of the framework are strengths and weaknesses?

Does every classroom have a scope and sequence creating a guaranteed and viable curriculum that reflects grade level standards? Are these documents shared among teacher teams and administrators? Have the essential skills within the units been identified?

Does every classroom have and utilize common formative assessments (CFA) to determine the learning progress of each student? Do current CFA's produce the feedback students and teachers need? Are there any units that still need CFA's to be created?

Are procedures established to regularly review student learning progress and respond in a timely manner? Do PLC's have norms and processes to support this work? Do teachers have systems to support reteaching? Does the school have systems to deliver interventions on the highest leverage skills?

This is also where you can put your specific smart goals for growth in academic areas and how you plan to address them and monitor them. Don't forget to include special populations, intervention, and extension.

How are you engaging with your school's data? How are teachers using data? How often are you meeting with teachers to review data and support them in a plan of action?

**A clear and precise plan of action for meeting with staff and troubleshooting with them in small groups or individually on a regular basis should be well described in this section.*

Strategic Model Area 3: Communication, Culture, Relationships

How frequently and effectively do you communicate with parents on a school-wide basis? What is your expectation of staff/parent communication? How do you check it? How frequently are teachers expected to update grades? How often do you check?

What does the entryway of your school look like? Is it inviting? Is it clean? Does your office staff smile and greet everyone who enters in a similar way? How are you measuring things you're targeting in this goal area?

What is your parent engagement plan? How will you target all groups in your school? How will you accommodate for spanish-speaking families?

What do you have in place to consider staff morale? Do you consider the ups and downs of the year and how to target those known dips? How will teachers feel supported? How will you know?

Strategic Model Area 4: Safe and Orderly Environment

This is where you can evaluate the number of office referrals you have and make behavior goals. What is your school-wide behavior/student culture approach? How will you measure its success?

Think about the beautification of your building. Is it inviting? Is student work what people see or old photos and canned posters?

How will you ensure your school always looks clean and orderly? Has your building struggled with vandalism? What are strategies you plan to incorporate to discourage it, respond when it happens, etc.

Consider student arrival and dismissal as well as areas that are less supervised and cause problems. How will you address those?

School Safety Site Assessments - National School Safety Center

Strategic Model Area 5: Systems of Operations

What school-wide processes do you need to put in place? Consider areas like attendance, tardies, etc.

Are duty schedules effective and covering all areas needed. What are the expectations when on duty, are they followed? How do you know or track it?

Consider all systems in your building and choose at least one to target for improvement.

Grantsville Elementary School Improvement Plan

Math Strategy 1	Math Strategy 2	ELA Strategy 1	ELA Strategy 2	Professional Development Plan

Progress Monitoring of Plan

- Components of the plan will be reviewed with Team Leads during meetings and then the faculty during staff meetings.
- The components being reviewed will align with the action step details and implementation timeline to ensure implementation and monitoring of progress toward goals.
- Discussions will determine if adjustments to the plan need to be made; if so what types of adjustments. If not, how will monitoring be continued?
- Progress monitoring will be reviewed with WestED partner during multiple times of the year in both site visits and virtual check ins.

Communication Plan

- Plan will be communicated, reviewed and monitored for implementation progress with Team Leaders and staff during faculty meetings.
- The plan will be communicated with parents through the Parent Site Team during their monthly meetings.

Math Goal

Problem Statement: RISE math proficiency scores have been inconsistent and remain low for identified subgroups (Multilingual, Hispanic and Economically Disadvantaged) compared to the schoolwide average (26.5%). Multilingual: <20% Hispanic: 19.4% Economically Disadvantaged: 19.5%
Contributing Factors: Need for Scaffolded Instruction and a need to students to be academically engaged in their learning at high levels of complexity
Root Cause: There is inconsistent Tier I instruction.
Smart Goal: By June of 2028, Grantsville Elementary School will maintain RISE math proficiency by 10%. All subpopulations (specifically ML, Hispanic, & ED) will improve their proficiency rates to within 5% of the schools' average with an incremental increase of 3-4% each of the three years.
Math: Strategy #1 Implementing Effective Tier I Math Instruction
Strategy 1: Implementing Effective Tier I Math Instruction **Action Step #1** **Objective:** Staff will complete Book Study on Engagement Strategies and implement selected strategies Details: Book Study on *Total Participation Techniques: Making All Students an Active Learner* (Instructional Practices that engage students in academic learning) Whole teaching staff will participate in book study

- Admin will share the book and model the process for staff, share the possible strategies to be utilized with staff, create calendar of selection
- Grade Level PLCs will select a strategy from the book to implement within their classrooms
- PLC/Teachers will practice the strategy (Focus on how the strategies will support the targeted populations)
- PLC will reflect, debrief and adjust the use of the strategy
- PLC will share out at the practice at staff meeting (model with staff practicing the use of it)
- Admin will look for use of the strategies during observations

Implementation Timeline (When will this step be implemented and how will it need to be broken up to be implemented?)	**Evidence of Progress** (What evidence will you evaluate to determine progress toward action step?)	**Assessing and Monitoring Progress** (When and how will you evaluate the progress of the action step?)	**Budget Allocation** Amount, Funding Source
August: Share book with staff, explain process	Sign up document with grade level selection of strategies	Implementation will be monitored monthly through drop in observations and support.	Add Amount TSSA funds
October then monthly PLCs will begin sharing strategies Admin will give feedback Coach supports where needed	Drop in observation data reflects staff implementing shared strategy		
May Reflect and Wrap Up on Book Study	Gallery walk debrief		

Math: Strategy #1 Implementing Effective Tier I Math Instruction

Strategy 1 : Implementing Effective Tier I Math Instruction
Action Step #2
Objective: Teachers will plan and deliver effective Tier I instruction using the *Into Math* resource with integrity.
Details

- Teachers who attended optional trainings related to resource will share key information with teammates
- Familiarize themselves with the materials and resources included in the program
- Following Scope and Sequence of program as well as the GVC
- Collaboration with teammates utilizing resources (only supplementing of materials when *Into Math* resources have been fully exhausted)
- Use of manipulatives and engagement strategies to reinforce guided core instruction
- Teams will make adjustments to the math GVC when needed

Implementation Timeline (When will this step be implemented and how will it need to be broken up to be implemented?)	**Evidence of Progress** (What evidence will you evaluate to determine progress toward action step?)	**Assessing and Monitoring Progress** (When and how will you evaluate the progress of the action step?)	**Budget Allocation** Amount, Funding Source

August: Collaboration, familiarization and planning	Added to PLC minutes	Admin will review and monitor minutes of PLCs	District funded
Ongoing: Following Scope and Sequence for Year 1	PLCs will make notes on adjustments needed for year 2 of implementation and prioritization of standards	Admin will review notes and adjustments made to the GVC	
Ongoing: Evaluating and adjusting the GVC for math			
Ongoing: Walk through observations of implementation of math instruction	Walk through data from observations	Admin will evaluate walk-through data monthly to determine effectiveness of implementation and next steps for support.	

Math: Strategy #1 Implementing Effective Tier I Math Instruction

Strategy 1 : Implementing Effective Tier I Math Instruction
Action Step #3
Objective: Teachers will attend professional development and implement highly effective instructional practices provided by WestED. Administration will use appropriate coaching formats and messages to support teachers in their effective implementation of Tier I instruction.
Details:

- Administration and coaches will receive professional development from WestED on coaching and providing feedback to teachers.
- Administration and coaches will practice and receive feedback from WestED coach on inter-rater reliability of their observations and indicators of instruction
- Teachers will be selected to attend WestED instructional professional development with at least 1 teacher from each grade level.
- Teachers will plan for implementation of the instructional focus for that session.
- Administration and WestEd coach will conduct observations in the following day to provide feedback on implementation
- Teachers who attend the PD sessions will share their new learning and best practices with the teachers on their grade level team.

Implementation Timeline (When will this step be implemented and how will it need to be broken up to be implemented?)	**Evidence of Progress** (What evidence will you evaluate to determine progress toward action step?)	**Assessing and Monitoring Progress** (When and how will you evaluate the progress of the action step?)	**Budget Allocation** Amount, Funding Source
July; West ED Coaching training for administration and coach	Administration and coaches will utilize selected walk-through protocol to gather evidence of implementation of instructional practices. Math: Strategy #1 Implementing Effective Tier I Math Instruction

Strategy 1: Implementing Effective Tier I Math Instruction
Action Step #4
Objective: Teachers will use effective PLC Practices to collaborate around instructional planning and student data.
Details:

- Review PLC 4 Questions and Establish PLC expectations (minutes)
- Establishing Norms/Roles
- Teachers will collaborate weekly about Tier I instruction (PLC Question 1 and 2)
- Teachers will develop their CFAs using the district designed processes
- Teachers will collaborate on GVC (Guaranteed & Viable Curriculum) /DAO (Daily Academic Outcome) progression

Implementation Timeline (When will this step be implemented and how will it need to be broken up to be implemented?)	**Evidence of Progress** (What evidence will you evaluate to determine progress toward action step?)	**Assessing and Monitoring Progress** (When and how will you evaluate the progress of the action step?)	**Budget Allocation** Amount, Funding Source
August: Review PLC Practices and Establish Expectations, Establish Norms/Roles	Implementation will be evident through PLC minutes	Through attendance at grade level PLCs admin will assess PLCs adherence to norms and roles	NA
January: Introducing DAO progressions and CFA process	Completion of their DAO progressions for the unit and completion of CFA	Admin will review for completion and attend PLCs with grade levels during reflection discussions	

Math: Strategy #2: Effective Implementation of Intervention Support

Strategy 2: Effective Implementation of Intervention Supports
Action Step #1
Objective: Teachers will plan and deliver effective Tier II instruction using the *Into Math* resource with integrity.
Details

- Embedded time into the schedule for Tier II
- Instructional Aids scheduled to support grade levels during the embedded time

- Using skill-based curriculum (*Into Math* Intervention Resources)
- Student need is based on grade level teams' data discussions (During PLC Meetings)
- Data collection during interventions used to track progress and through progress monitoring (Acadience Math)
- Flexible grouping of students based on data
- Groups adjusted on a cycle of data review

Implementation Timeline (When will this step be implemented and how will it need to be broken up to be implemented?)	**Evidence of Progress** (What evidence will you evaluate to determine progress toward action step?)	**Assessing and Monitoring Progress** (When and how will you evaluate the progress of the action step?)	**Budget Allocation** Amount, Funding Source
August/Early Sept: Complete BOY Acadience Testing	Acadience Progress Monitoring	Review of BOY, MOY and EOY data with staff Attendance at PLC data meetings will allow admin to ensure adherence to Tier II expectations and will address as needed with PLCs	Acadience Math K-3: District Funded Acadience Math 4-6 licenses: TSSA (about $1.50 per kid $475) Instructional Aide Elevate Grant (about $15,000)
September: Begin Identification of Tier II groups. Assign groups to staff. Repeated monthly after first cycle	PLC notes and data tracking documents		
Sept/Oct: Tier II instruction with reassessment then regrouping Repeated monthly after first cycle			

Math: Strategy #2: Effective Implementation of Intervention Supports

Strategy 2: Effective Implementation of Intervention Supports
Action Step #2
Objective: Teachers will use effective PLC Practices to collaborate around instructional planning and student data.
Details
- Teachers will collaborate around Data Discussion for TIer II Instruction (PLC Questions 3 and 4)
- Teachers will use the GVC documents to determine the skills to focus on for their Tier II instruction
- Teachers will share data and discuss Grouping and Regrouping of students (Set expectation for boundary for regrouping cycle)

Implementation Timeline (When will this step be implemented and how will it need to be broken up to be implemented?)	Evidence of Progress (What evidence will you evaluate to determine progress toward action step?)	Assessing and Monitoring Progress (When and how will you evaluate the progress of the action step?) Sept/Oct: Tier III instruction with reassessment then regrouping Repeated monthly after first cycle			

Math: Strategy #2: Effective Implementation of Intervention Supports

Strategy 2: Effective Implementation of Intervention Supports
Action Step #4 Effective Implementation of Intervention Supports
Objective: There will be an established RTI system (STAT) to provide a process for the campus to support struggling students.
Details:

- Review of STAT Process and components of STAT team (consultation and SPED referral); who should be considered
- Support with proper progress monitoring and data collection with selected interventions
- WestED support for RTI and MTSS data processes
- STAT team meets weekly with scheduled teachers for the week to discuss teachers concerns for student
- Teacher shares data collected and student work samples. Team discusses and possible Interventions are recommended.
- Teacher implements recommend interventions; team schedules for teacher to discuss progress

Implementation Timeline (When will this step be implemented and how will it need to be broken up to be implemented?)	**Evidence of Progress** (What evidence will you evaluate to determine progress toward action step?)	**Assessing and Monitoring Progress** (When and how will you evaluate the progress of the action step?)	**Budget Allocation** Amount, Funding Source
September: Review of STAT Process and expectations	Teachers recommendations of students to STAT	Review of Data from STAT to show effectiveness of the process and progress of students responding to interventions	STAT Team Stipend; Funded by District
Fall: Work with WestEd to support RTI and MTSS Data Processes	Implementation of processes to support tiered interventions for students		

Ongoing: STAT team weekly meetings with discussions of interventions and referrals to special ed testing and teachers follow up meetings to debrief interventions	Teachers requesting STAT consults and SPED referrals. Continuation of interventions

ELA: Strategy #1 Implementing Effective Tier I ELA Instruction

Strategy 1: Implementing Effective Tier I ELA Instruction
Action Step 2: Ensuring the integrity of ELA instruction is followed and maintained
Objective: Teachers will plan and deliver effective Tier I instruction using the board-adopted resources with integrity.
Details

- Ensuring teachers have a 60 minute uninterrupted block for ELA instruction
- Use the LETRS General Phonics lesson plan formats (phonics, writing, vocabulary) and the LETRS reading daily routine
- Implement research based instructional routines within the lesson plan formats support
- Literacy coach will support implementation and application of lesson plans formats, instructional routines, and student engagement strategies
- Following Scope and Sequence of Wonders or Study Sync program as well as the GVC
- Collaboration with teammates utilizing district approved resources (UFLI, Wonders, Lexia, Achieve 3000, study sync)
- Use of routines and engagement strategies to reinforce guided core instruction
- Teams will make adjustments to the ELA GVC when needed

Strategy 1: Implementing Effective Tier I ELA Instruction
Action Step 4
Objectives: Teachers will use effective PLC Practices to collaborate around instructional planning and student data.
Details:

- Review PLC 4 Questions and Establish PLC expectations (minutes)
- Establishing Norms/Roles
- Teachers will collaborate weekly about Tier I instruction (PLC Question 1 and 2)
- Teachers will develop their CFAs using the district designed processes
- Teachers will collaborate on GVC (Guaranteed & Viable Curriculum) /DAO (Daily Academic Outcome) progression

Implementation Timeline (When will this step be implemented and how will it need to be broken up to be implemented?)	**Evidence of Progress** (What evidence will you evaluate to determine progress toward action step?)	**Assessing and Monitoring Progress** (When and how will you evaluate the progress of the action step?)	**Budget Allocation** Amount, Funding Source
August: Review PLC Practices and Establish Expectations, Establish Norms/Roles	Implementation will be evident through PLC minutes	Through attendance at grade level PLCs admin will assess PLCs adherence to norms and roles	NA
August: Introducing DAO progressions and CFA process	Completion of their DAO progressions for the unit and completion of CFA	Admin will review for completion and attend PLCs with grade levels during reflection discussions	

Strategy 2: Effective Implementation of Intervention Supports

Strategy 2: Effective Implementation of Intervention Supports
Action Step 1: Effective TIer II Instruction
Objectives: Teachers will plan and deliver effective Tier II instruction using the board-approved resources with integrity.
Details:

- Embedded time into the schedule for Tier II

- Instructional Aides scheduled to support grade levels during the embedded time
- Using skill based curriculum (*Wonders, UFLI* Intervention Resources)
- Student need is based on grade level teams data discussions (During PLC Meetings)
- Data collection during interventions used to track progress and through progress monitoring (Acadience)
- Flexible grouping of students based on data
- Groups adjusted on a cycle of data review

Implementation Timeline (When will this step be implemented and how will it need to be broken up to be implemented?)	**Evidence of Progress** (What evidence will you evaluate to determine progress toward action step?)	**Assessing and Monitoring Progress** (When and how will you evaluate the progress of the action step?)	**Budget Allocation** Amount, Funding Source
August/Early Sept: Complete BOY Acadience Testing, Core Phonics or Wonders screener	Acadience Progress Monitoring	Review of BOY, MOY and EOY data. Data shared with staff	NA
September: Begin Identification of Tier II groups. Repeated monthly after first cycle	Individual data collection PLC collaboration about instructional supports for Tier II students	Attendance at PLC data meetings will allow admin to ensure adherence to Tier II expectations and will address as needed with PLCs STAT referrals	

Strategy 2: Effective Implementation of Intervention Supports

Strategy 2: Effective Implementation of Intervention Supports
Action Step 2: Effective PLC Practices for Tier II Instruction
Objective: Teachers will use effective PLC Practices to collaborate around instructional planning and student data.
Details
- Teachers will collaborate around Data Discussion for TIer II Instruction (PLC Questions 3 and 4)
- Teachers will use the GVC documents to determine the skills to focus on for their Tier II instruction
- Teachers will share data and discuss Grouping and Regrouping of students (Set expectation for boundary for regrouping cycle)

Implementation Timeline (When will this step be implemented and how will it need to be broken up to be implemented?)	**Evidence of Progress** (What evidence will you evaluate to determine progress toward action step?)	**Assessing and Monitoring Progress** (When and how will you evaluate the progress of the action step?)	**Budget Allocation** Amount, Funding Source
August/Early Sept: Complete BOY Acadience Testing, CORE Phonics, Wonders Phonics, and DRA	Acadience Progress Monitoring	Review of BOY, MOY and EOY data with staff.	Elevate Grant WestEd Services 1 day @ $4375

		Attendance at PLC data meetings will allow admin to ensure adherence to Tier II expectations and will address as needed with PLCs	
September: Begin Identification of Tier II groups. Assign groups to staff. Repeated monthly after first cycle	PLC notes and data tracking documents		
Sept/Oct: Tier II instruction with reassessment then regrouping Repeated monthly after first cycle			

Strategy 2: Effective Implementation of Intervention Supports

Strategy 2: Effective Implementation of Intervention Supports
Action Step #3
Objective: Teachers will plan and deliver effective Tier III instruction using the board-approved resources with integrity.
Details

- Embedded time in the master schedule for Tier III supports and Special Education Services
- Students received targeted explicit instruction on foundational skills based on Acadience
- Instructional Aids scheduled to support grade levels during the embedded time
- Using skill based curriculum (*Wonders, UFLI* Intervention Resources)
- Data collection during interventions used to track progress and through progress monitoring (Acadience)
- Flexible grouping of students within the classroom based on data
- Groups adjusted on a cycle of data review
- Teachers referrals to STAT when students are not making progress

Implementation Timeline (When will this step be implemented and how will it need to be broken up to be implemented?)	**Evidence of Progress** (What evidence will you evaluate to determine progress toward action step?)	**Assessing and Monitoring Progress** (When and how will you evaluate the progress of the action step?)	**Budget Allocation** Amount, Funding Source

September: Begin Identification of Tier III groups. Repeated monthly after first cycle	Individual data collection PLC collaboration about instructional supports for Tier III students	Attendance at PLC data meetings will allow admin to ensure adherence to Tier II expectations and will address as needed with PLCs	

Sept/Oct: Tier III instruction with reassessment then regrouping Repeated monthly after first cycle		STAT referrals	

Strategy 2: Effective Implementation of Intervention Supports

Strategy 2: Effective Implementation of Intervention Supports
Action Step #4 Effective Implementation of Intervention Supports
Objective: There will be an established RTI system (STAT) to provide a process for the campus to support struggling students.
Details:

- Review of STAT Process and components of STAT team (consultation and SPED referral); who should be considered
- Support with proper progress monitoring and data collection with selected interventions
- WestED support for RTI and MTSS data processes
- STAT team meets weekly with scheduled teachers for the week to discuss teachers concerns for student
- Teacher shares data collected and student work samples. Team discusses and possible Interventions are recommended.
- Teacher implements recommend interventions; team schedules for teacher to discuss progress

Implementation Timeline (When will this step be implemented and how will it need to be broken up to be implemented?)	**Evidence of Progress** (What evidence will you evaluate to determine progress toward action step?)	**Assessing and Monitoring Progress** (When and how will you evaluate the progress of the action step?)	**Budget Allocation** Amount, Funding Source
September: Review of STAT Process and expectations	Teachers recommendations of students to STAT	Review of Data from STAT to show effectiveness of the process and progress of students responding to interventions	STAT Team Stipend; Funded by District Elevate Grant WestEd Services 1 day @ $4375
Fall: Work with WestEd to support RTI and MTSS Data Processes	Implementation of processes to support tiered interventions for students		
Ongoing: STAT team weekly meetings with discussions of interventions and referrals to special ed testing and teachers follow up meetings to debrief interventions	Teachers requesting STAT consults and SPED referrals. Continuation of interventions		

2025-2026 First Semester Plan

Principal: Jeff Zaleski, Justin Rasmussen
Team Members: Aimee Stewart, Dalton Drake, Nathanael Gardner, Natalie Critchlow, Melodi Liddiard

Campus Priority 1: Common Formative Assessment Cycle

Annual Goal: Every grade level will complete two common formative assessment cycles, one with math and the other with ELA.

Semester Goal: Each grade level team will learn the common formative assessment cycle and implement one in math or English Language Arts.

Objective: Learn and implement Common formative assessment cycles

Prioritized Key Components: Guranteed and Viable Curriculum Guides; Agreed upon Desired Academic Outcomes; Functioning Professional Learning Communities; Teacher Learning Half-Days

TCSD Strategic Model Area(s) and AHLP: Curriculum, Instruction, Assessment

Metrics: Data analysis form completed for at least one common formative assessment from every grade level

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Teachers learn the TCSD common formative assessment cycle	Teaching: Jeff Zaleski and Justin Rasmussen Learning: Teachers	TCSD Common formative assessment cycle guide and supplement	Sept.16, Oct. 20, Nov. 18 workdays; Monthly Faculty and Common PLC Meetings	Teachers will be able to understand and implement the CFA cycle together as a PLC Team.
Teachers will implement at least one common formative assessment in math or ELA, following every step of the cycle.	Lead Teachers will lead the effort; guiding coalition will assist as needed.	TCSD Common formative assessment cycle guide and supplement; DAO Progression; Math and ELA curriculum	By NLT December 19 for the completed cycle	Completion of data analysis form and plan for how to improve the cycle for next time
Grade level teams will use the data from their common formative assessment to respond to their own teaching and to student scores to improve their teaching.	Lead Teachers will lead each grade's efforts; guiding coalition will assist as needed.	TCSD Common formative assessment cycle guide and supplement; DAO Progression; Math and ELA curriculum; Time to collaborate	By NLT December 19 for the completed cycle	Completion of data analysis form and plan for how to improve the cycle for next time

Mid Semester Check-in: Teacher workday on October 20

End of Semester Review: December 19

Campus Priority 2: To systematize explicit instruction through coaching

Annual Goal: Every teacher will participate in at least two coaching cycles and submit at least two coaching forms.

Semester Goal: **Every teacher will participate in at least one coaching cycle with a coach as shown through submission of the TCSD Coaching Form.**

Objective: Learn and implement coaching cycles

Prioritized Key Components: TCSD Coaching Cycles; Goal-Setting through UETS; Administrators, Literacy Coach, Tech Coaches, and Grade Level Teams

TCSD Strategic Model Area(s) and AHLP: Teachers, Leaders, Support Staff

Metrics: Data analysis from turned in coaching cycle forms

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Coaching will come from the instructional coach, administrators, and/or campus digital teaching educators and documented by that coach.	Principal, instructional coach, tech coach, grade level coach	Shonie Guymon, Garrett Bryant, Teaching and Learning, Coaching Cycle Form	Throughout the first semester	All teachers have turned in a coaching cycle form that includes reflection on what will improve learning in their classroom.
Teachers will have the opportunity to participate in reciprocal coaching through observations and collaboration, with a collaboration page, while an instructional aide teaches their class.	Schedule: Jeff Zaleski Substitute Teaching: Danielle Mason Coaching Cycle: Partner Teachers	Mrs. Mason; GVC; Teacher Expertise	Throughout the first semester	One hour of each week will be spent in collaboration and coaching
Coaches will collaborate on successes and next steps to help students in the classroom to learn.	Jeff Zaleski, Justin Rasmussen, Aimee Stewart, Nathanael Gardner, Nicole Ortiz	Coaching Cycle Form, TCSD Observation Forms, UETS	Throughout the first semester	Coaching cycles will be ongoing throughout the school, leading to improved teaching practices

Mid Semester Check-in: October 20 Teacher Workday

End of Semester Review: December 19 Teacher Workday

Campus Priority 3: Faculty meeting teams will collaborate twice monthly about the most important academic and culture needs of their teams, emphasizing assessments, RTI, CFAC, ML Students, and attendance.

Annual Goal: 70% of students will make typical or better growth as shown on Acadience math and reading assessments and RISE Assessments

Semester Goal: 70% of students will make typical or better growth as shown on Acadience math and reading assessments and benchmark assessments

Objective: Teacher teams collaborate to improve reading and math scores

Prioritized Key Components: ML Students, Acadience and benchmark data; attendance

TCSD Strategic Model Area(s) and AHLP: Curriculum, Instruction, Assessment

Metrics: Acadience Reading and Math; RISE Benchmarks; Attendance Data

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Academics: Teachers will use data to make decisions. They will work to build a sense of pride in individual, grade level, and school level achievement; discuss multilingual learners, math, ELA, and science teaching and achievement	Jeff Zaleski, Justin Rasmussen, All Teachers	Acadience and RISE Assessments;	Begin on August 12 and then meet on the following dates: 9/4, 9/16, 9/24, 10/2, 10/15, 10/20, 11/6, 11/18, 11/19, 12/4, & 12/19	MOY assessments will result in 70% of students making typical or better growth.
ML Students: Identify multilingual learners and focus on their academic growth throughout the school year.	Jeff Zaleski, ML Specialist, Danielle Mason, and Teachers with ML Students	ML Specialist; Software and dedicated time to help ML students	Begin on August 12 and then meet on the following dates: 9/4, 9/16, 9/24, 10/2, 10/15, 10/20, 11/6, 11/18, 11/19, 12/4, & 12/19	70% of ML students will make typical or better growth on MOY assessments
Attendance: Discuss rewarding students with excellent attendance and how to address those who are chronically/near chronically absent.	Data: Jolynn Peterson; Rewards: Justin Rasmussen, Savannah Malcom	Attendance Data and Reward Systems;	Begin on August 12 and meet on: 9/4, 9/16, 9/24, 10/2, 10/15, 10/20, 11/6, 11/18, 11/19, 12/4, & 12/19	Less than 20% of students will be chronically absent

Mid Semester Check-in: October 20 Teacher Workday

End of Semester Review: December 19 Teacher Workday

Long Term Outcomes

Long term outcomes should be focused on students (e.g., RISE, ASPIRE+, ACT, Attendance, Behavior, etc.). When determining these outcomes conduct a data review of the past few years (see your data dashboard in OneDrive) and identify reasonable trajectories.

School Vision:				
Indicator(s)	Data Source	Baseline Data (23-24)	Y1 Results (24-25)	Y2 Target (25-26)
Outcome 1:				
RISE Data	RISE	Science 40%	Science 38% Proficient	43% Proficient
RISE Data	RISE	Math 32% Proficient	Math 31% Proficient	36% Proficient
Outcome 2:				
Acadience Reading POP Scores	Acadience	69% At or Above Typical Growth	65.5% At or Above Typical Growth	70% At or Above Typical Growth
Outcome 3 -				
Acadience Math POP Scores	Acadience Math	Not Available	71% At or Above Typical Growth	73% At or Above Typical Growth

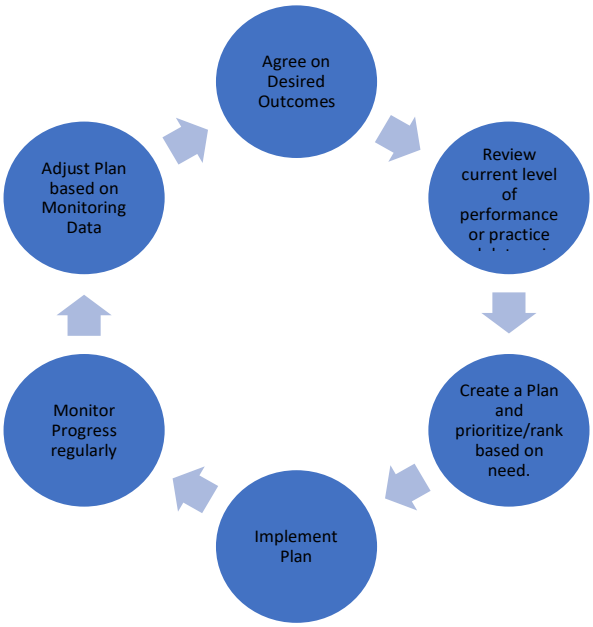
Semester Planning Tool

Aligned with the TCSD's Strategic Model

7 Reasons Why Creating a Semester Plan can help your school improve:

1) Articulates a shared vision, mission, and values.
2) Effectively organizes schools and their staff.
3) Defines how success is measured.
4) Aids the school board with governance decisions and provides direction for the future.
5) Increases communication and engagement.
6) Keeps everyone in a school – from teachers to administrators – connected.
7) The best reason of all for semester planning comes back to every great school's number one priority: students.

Process:



Needs Assessment Section

Definition: A needs assessment is a systematic process for determining and addressing needs, or "gaps" between current conditions and desired conditions or "wants".

Needs Assessment Questions

These questions **do not all need to be answered** in your plan. They are here so you can reflect and make a plan in the areas you and your building leadership team deem necessary. They are also not all-inclusive - meaning you should focus on your school's needs and those needs could be outside of the questions below.

Strategic Model Area 1: Teachers, Leaders, Support Staff

This is the staff capacity building element of the strategic model. How are you building your staff's capacity and are you hiring and supporting the best people possible? Are you holding people accountable and expecting them to be responsible for performing at high levels? How do you track it? What do you do when they aren't performing?

Are you distributing resources (material needs, human support, etc) in such a way that teachers have all they need to be their best? Consider your building's budget. What percent is spent on academics and in what ways? Do departments/teams get equitable resources? How do you know?

Are you providing professional development that is relevant, timely, and targeting individual teacher needs rather than relying solely on whole-group professional development? How do you know it's relevant to all and at their level? How do you measure this?

Review new teacher feedback for your building. Did they feel supported, what suggestions did they make?

Look at teacher data, what areas of growth are needed to support them? What professional development do they need and how will you facilitate it in a differentiated way?

Think about your hiring practices. Are they timely? Are you able to attract staff that you need and of high quality? If not, what can you do differently?

How do you onboard new teachers to your school in areas such as: PLCs, systems, etc?

Additional Resources to consider:

reproducible2.2level2longformleadingindicatorsurveyforadministrators.pdf (soltreemrls3.s3-us-west-2.amazonaws.com)

Strategic Model Area 2: Curriculum, Instruction, Assessment

Does every classroom provide daily lessons following a coherent instructional format including the components of the Instructional Framework? What components of the framework are strengths and weaknesses?

Does every classroom have a scope and sequence creating a guaranteed and viable curriculum that reflects grade level standards? Are these documents shared among teacher teams and administrators? Have the essential skills within the units been identified?

Does every classroom have and utilize common formative assessments (CFA) to determine the learning progress of each student? Do current CFA's produce the feedback students and teachers need? Are there any units that still need CFA's to be created?

Are procedures established to regularly review student learning progress and respond in a timely manner? Do PLC's have norms and processes to support this work? Do teachers have systems to support reteaching? Does the school have systems to deliver interventions on the highest leverage skills?

This is also where you can put your specific smart goals for growth in academic areas and how you plan to address them and monitor them. Don't forget to include special populations, intervention, and extension.

How are you engaging with your school's data? How are teachers using data? How often are you meeting with teachers to review data and support them in a plan of action?

**A clear and precise plan of action for meeting with staff and troubleshooting with them in small groups or individually on a regular basis should be well described in this section.*

Strategic Model Area 3: Communication, Culture, Relationships

How frequently and effectively do you communicate with parents on a school-wide basis? What is your expectation of staff/parent communication? How do you check it? How frequently are teachers expected to update grades? How often do you check?

What does the entryway of your school look like? Is it inviting? Is it clean? Does your office staff smile and greet everyone who enters in a similar way? How are you measuring things you're targeting in this goal area?

What is your parent engagement plan? How will you target all groups in your school? How will you accommodate for spanish-speaking families?

What do you have in place to consider staff morale? Do you consider the ups and downs of the year and how to target those known dips? How will teachers feel supported? How will you know?

Strategic Model Area 4: Safe and Orderly Environment

This is where you can evaluate the number of office referrals you have and make behavior goals. What is your school-wide behavior/student culture approach? How will you measure its success?

Think about the beautification of your building. Is it inviting? Is student work what people see or old photos and canned posters?

How will you ensure your school always looks clean and orderly? Has your building struggled with vandalism? What are strategies you plan to incorporate to discourage it, respond when it happens, etc.

Consider student arrival and dismissal as well as areas that are less supervised and cause problems. How will you address those?

Strategic Model Area 5: Systems of Operations

What school-wide processes do you need to put in place? Consider areas like attendance, tardies, etc.

Are duty schedules effective and covering all areas needed. What are the expectations when on duty, are they followed? How do you know or track it?

Consider all systems in your building and choose at least one to target for improvement.

2025-2026 Semester Plan Template

Principal: Jalynn Livingston

Team Members: Abby Palmer, Mario Johnson, & Jalynn

Campus Priority 1: Curriculum, Instruction & Assessment , High Quality Instruction

Annual Goal: By May 2026, 100% of teaching staff will be providing high quality instruction by completing all GVC's for math, reading, and science, with 2 CFA's cycles either for reading or math for each grade taught; as measured by monthly meetings with our teams.

Semester Goal: By the end of the 1st semester, 100% teaching staff will have completed at least 4 GVC's and 1 CFA cycle which includes reading and math; as measured by monthly meeting with Mrs. Livingston.

Objective: Vernon Elementary teachers will provide students with high-quality instruction on daily lessons, reviews, and assessments.

Prioritized Key Components: Using the TCSD Instructional Framework teaching staff will complete 4 GVCs and 1 CFA cycle.

TCSD Strategic Model Area(s) and AHLP: Strategic Model Area 3 Curriculum, Instruction, & Assessment

Metrics: This will be measured by classroom observation, GVC Spreadsheet, CFA Cycle forms, and monthly meeting with team and admin.

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Completion of 4-6 GVC's in language arts and math	Jalynn Abby Mario	GVC Spreadsheet Teachers Manuals	August 18th – December 18th	Review GVC Spreadsheets CFA Cycle Forms
Teaching Staff will attend weekly PLC meeting covering student data.	Jalynn Abby Mario	PLC Meeting Forms Follow-up on previous week's meeting notes	August 18th – December 18th	PLC Meeting Notes GVC Spreadsheets Student Information Book
Teaching Staff will meet monthly with Admin to discuss progress of GVC's and the CFA Cycle; Along with any other concerns.	Jalynn	Observation Forms GVC Spreadsheet CFA Cycle Forms	August 18th – December 18th	Applying feedback into classroom lessons.

Mid Semester Check-in: October 18, 2025

End of Semester Review: December 18, 2025

Campus Priority 2: **Attendance**

Annual Goal: **By May 2026 Vernon Elementary's chronically absent students attendance rate will increase by 5% compared to 2024-2025 school year, by engaging students, parents, and staff through clear communication, regular monitoring and targeted supports; by being recognized weekly, bi-monthly, and monthly throughout the school year.**

Semester Goal: **By the end of the first semester, Vernon Elementary's Chronically absent students wttendance rate will increase by 5% compared to the that time last year (2024-2025) school year.**

Objective: **The objective is to improve student attendance of students who have been chronically absent in past years.**

Prioritized Key Components: **Review attendance policy with students, parents, and staff monthly.**

TCSD Strategic Model Area(s) and AHLP: **Strategic Model Area 3: Communication, Culture, Relationships**

Strategic Model Area 2: Curriculum, Instruction, Assessment

Metrics: **This will be measured by attendance reports, weekly and monthly rewards systems, staff meeting notes, and observations.**

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Attendance Reports will be run monthly; Students with perfect monthly attendance will receive an attendance incentive. At the end of each term, students who have missed 5 or fewer days of school will be invited to an Attendance Activity	Jalynn	Skyward Attendance Incentives	August 18th – December 18th	Attendance improvements and student attendance incentives
Family Engagement Night Students who have missed 5 or less day during a term will be invited to a family engagement night.	Jalynn	Skyward District attendance Report	August 18th – December 18th	Attendance improvements and student/family attendance incentives

Mid Semester Check-in: October 18, 2025

End of Semester Review: December 18, 2025

Campus Priority 3:

Annual Goal: By May 2026 Vernon Elementary's student behavior will continue to improve through Soar with the EAGLES rewards system and with the use of our Smile Journal by 5% less major behavior incidents in Educators Handbook compared to 2024-2025 school year, by engaging students, parents, and staff through clear communication, regular monitoring and targeted supports; by being recognized weekly, monthly, and at the end of each term throughout the school year.

Semester Goal: By the end of the 1st semester, Vernon Elementary students' behavior will improve through our Soaring with the Eagles rewards system by 5% less incidents in Educators Handbook compared to the 2024-2025 school year. Thus, improving school safety for students and staff.

Objective: Preparing a space where every student and staff member feels safe and welcome.

Prioritized Key Components: Systems of Operations PBIS

TCSD Strategic Model Area(s) and AHLP: Strategic Model Area 5: Systems of Operations

Metrics: This will be measured by Educators Handbook reports, weekly and monthly rewards systems, PLC meeting notes, and observations.

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Review safety procedures with students and staff monthly.	Doretta (staff) Jalynn (Students)	District Safety Procedures	August 18th – December 18th	Student and staff completion of safety drills.
Bi-monthly, students will be introduced to targeted behavior skills. Students will earn Soaring with the Eagles tickets for each skill. six weekly drawings will be held. All tickets will be eligible for 5-6 monthly drawings on the last school day of the month, each student will receive 2 monthly drawings by the end of the year.	Abby	Tough Kid Toolbox Weekly recognition awards Monthly recognition awards	August 18th – December 18th	Student participation with bi-monthly targeted behaviors earning Soar with the Eagles tickets
Each day students will fill out their own Smile Journal with goals and summary of the day.	Jalynn Abby Mario	Smile Journal Smile Stickers Smile pins	August 18th – December 18th	Students feel safe in expressing their feelings.
Classroom teachers will use Educators Handbook	Jalynn Abby Mario	Educators Handbook	August 18th- December 18th	Classroom teaches will use Educators Handbook to track student behavior

to record students' behaviors/incidents				

Mid Semester Check-in: October 18, 2025

End of Semester Review: December 18, 2025

Long Term Outcomes

Long term outcomes should be focused on students (e.g., RISE, ASPIRE+, ACT, Attendance, Behavior, etc.). When determining these outcomes conduct a data review of the past few years (see your data dashboard in OneDrive) and identify reasonable trajectories.

School Vision: Vernon Elementary will inspire students to come as they are and reach their full potential by knowing and understanding what it means to be an EAGLE.				
Indicator(s)	Data Source	Baseline Data (23-24)	Y1 Results (24-25)	Y2 Target (25-26)
Outcome 1:				
Kindergarten through 3rd grade students will meet 80% or greater Acadience Reading	Acadience Reading	70% of students at or above grade level	6/8 of students at or above grade level (75%)	80% of students at or above grade level
Outcome 2:				
1st-3rd grade students meeting 80% or greater of Acadience Math.	Acadience Math	75% of students at or above grade level	6/8 of students at or above grade level (75%)	80% of Students at or above grade level
Outcome 3 -				
4th, 5th, and 6th grade students meeting 70% or greater on RISE Testing	RISE	65% of students at or above grade level	60% of students at or grade level	65% of students at or above grade level

This is also where you can put your specific smart goals for growth in academic areas and how you plan to address them and monitor them. Don't forget to include special populations, intervention, and extension.

How are you engaging with your school's data? How are teachers using data? How often are you meeting with teachers to review data and support them in a plan of action?

**A clear and precise plan of action for meeting with staff and troubleshooting with them in small groups or individually on a regular basis should be well described in this section.*

Strategic Model Area 3: Communication, Culture, Relationships

How frequently and effectively do you communicate with parents on a school-wide basis? What is your expectation of staff/parent communication? How do you check it? How frequently are teachers expected to update grades? How often do you check?

What does the entryway of your school look like? Is it inviting? Is it clean? Does your office staff smile and greet everyone who enters in a similar way? How are you measuring things you're targeting in this goal area?

What is your parent engagement plan? How will you target all groups in your school? How will you accommodate for spanish-speaking families?

What do you have in place to consider staff morale? Do you consider the ups and downs of the year and how to target those known dips? How will teachers feel supported? How will you know?

Strategic Model Area 4: Safe and Orderly Environment

This is where you can evaluate the number of office referrals you have and make behavior goals. What is your school-wide behavior/student culture approach? How will you measure its success?

Think about the beautification of your building. Is it inviting? Is student work what people see or old photos and canned posters?

How will you ensure your school always looks clean and orderly? Has your building struggled with vandalism? What are strategies you plan to incorporate to discourage it, respond when it happens, etc.

Consider student arrival and dismissal as well as areas that are less supervised and cause problems. How will you address those?

School Safety Site Assessments - National School Safety Center

Strategic Model Area 5: Systems of Operations

What school-wide processes do you need to put in place? Consider areas like attendance, tardies, etc.

School-wide processes that Vernon Elementary needs to put into place are:

A system where bi-monthly check ins with the teachers on how their GVC's and CFA's are coming. This system will start in mid-September 2025. Principal with meet with each teacher twice a month on Thursdays and review GVC's and CFA's, what has been done and what they are working on.

A system of rewards for students weekly and monthly attendance. Students will receive small rewards weekly and at the end of the month they will receive an attendance tag if they are perfect attendance for the month. This system will start in September 2025.

A system of where students feel comfortable sharing their feeling of how their day went. Students will start their day by writing/drawing 3 goals they have for the day. At the end of the day students will review their goals and write about how their day went. This system will start August 2025

Are duty schedules effective and covering all areas needed. What are the expectations when on duty, are they followed? How do you know or track it?

Consider all systems in your building and choose at least one to target for improvement.

2025-2026 Semester Plan Template

Principal: Alison Newkirk

Team Members: Brooke Castagno, Katelyn Isaia, Janora Jara, Jenn Kinville, Julie Carter, Melissa Leary, Kammeron Murray, Shelley Willson, Natasha Landon

Campus Priority 1: High Quality Instruction

Annual Goal:

- Willow students K-3rd grade will increase in proficiency in Acadience Reading ALO from 66.5% - 70.5% (K-3) and 4th-6th grade Intensive and Strategic proficiency scores 4th-6th grade from 27.3% - 31.3% by the end of the school year. Willow students K-3rd grade will also increase proficiency in students scoring At or Above Benchmark on the Math Acadience assessment from 62% to 69% through targeted instruction, intervention, and regular progress monitoring. We will do so through targeted instruction, intervention, and regular progress monitoring. Students will be provided with multiple, meaningful opportunities to respond throughout each lesson to promote higher engagement and participation.
- To improve classroom engagement, instruction will include consistent opportunities for students to actively demonstrate understanding and contribute responses.
- Teacher Teams will complete two Common Formative Assessment Cycles for both ELA and Math.

By the end of the 2025–2026 school year, all teachers will integrate effective opportunities to respond (OTRs) into daily instruction, ensuring that:

- Simple OTRs (e.g., unison, choral, gestures, response cards) are implemented at a rate of 3 to 5 observable responses per minute,
- More complex OTRs (e.g., partner sharing, writing, math problem solving) occur at a rate of at least 1 per minute, and
- Very complex OTRs (e.g., extended writing tasks, lab experiments) are embedded at a frequency of 1 every 10–30 minutes, as measured by monthly classroom walkthrough data and instructional observation notes.

Semester Goal:

By the end of the Fall 2025 semester, 80% of teachers will consistently implement effective opportunities to respond during instruction by meeting or exceeding the following benchmarks:

- 3–5 simple responses per minute,
- 1 complex response per minute, or
- 1 very complex response every 10–30 minutes, as demonstrated in at least two formal classroom observations and one peer or instructional coach walk-through.

Objective: Teachers will improve student engagement by increasing observable opportunities to respond, tracked through classroom observations.

Prioritized Key Components: Ongoing Professional Learning, Classroom Observations, Peer to Peer Observations, PLCs to share data, book study, review and more practice! Feedback Cycles (Admin and Instructional Coach)

TCSD Strategic Model Area(s) and AHLP:

- Teachers, Leaders, Support Staff: Appropriate Knowledge and Competencies. Results-Focused Professional Learning.
- Curriculum, Instruction, Assessment: Credible and Consistently Implemented Curriculum. Embedded Use of High-Leverage Instructional Practices. Strategic Use of Assessment. Data-Informed Systems of Support.

Metrics: Instructional Framework: Teaching and Learning, Classroom Observations, rubric/feedback form, Professional Development

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like··· "how you will know" you've accomplished this component).
Peer Collaboration & Coaching -Observe peers or participate in coaching cycles focused on OTR strategies. -Reflect with instructional leader on frequency and quality of responses.	Alison Teachers	-Peer observation forms -Coaching reflection templates	August 18th- December 19th	- Complete observation/feedback forms -Coaching session documentation -Adjustments to practice based on feedback
Implementation in Classroom Instruction -Integrate 3–5 simple OTRs per minute in direct instruction. -Use at least 1 complex OTR per minute during guided practice.	Teachers Alison Kammeron	- Timer or classroom OTR tracker -Anchor charts or OTR cue cards	August 18th- December 19th	-Teacher lesson self-reflection -Observation or walkthrough data/rubric/feedback -Teacher tracking sheets or OTR frequency checklists

-Plan for 1 very complex OTR every 10–30 minutes in project-based or extended learning.				
Book Study: *Total Participation Techniques* -Participate in a staff book study on *Total Participation Techniques* by Himmele & Himmele. -Select and implement two new TPT strategies from the book into weekly lesson plans. -Share reflections and classroom applications during designated PLCs or staff meetings. Campus Priority 2

Increase student Attendance
Increase daily attendance to 95% by the end of the 25/26 School Year.
Semester Goal: Increase Average Daily Attendance to 95% by implementing proactive strategies and support systems to address absenteeism.
Objective: Help students take control over their attendance and increase the number of families feeling informed, supported, and empowered to contribute to their students' attendance.
Prioritized Key Components: Staff to Parent/Student Communication, student goal setting
TCSD Strategic Model Area(s): Communication, Culture and Relationships, Systems of Operations
Metrics: Skyward Reports and teachers writing the word ATTENDANCE- One letter for 1 day 95% attendance and 2 letters for 100% attendance

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).

Campus Priority 3:

Annual Goal: By the end of the 2025–2026 school year, all staff will consistently implement a unified protocol for managing student behavior and office referrals, with a specific focus on reducing repeat referrals for the same behaviors by the same students. The emphasis will be on proactive support, early intervention, and intentional reteaching strategies to keep students engaged in classroom learning. Among students who receive reteaching for misbehavior, we aim to maintain or exceed a 76% success rate in preventing repeated referrals for the same issue.

Semester Goal: Teachers will follow a common protocol about student behaviors and office referrals to reduce repeat office referrals for the same issue. We want to keep students in the classroom as much as possible to minimize lost learning time! To do that, we will make sure the school wide, classroom,

lunchroom, etc. rules and expectations are completely embedded in everything we do. To decrease and intervene early with Tier One/Two behaviors within all areas of the school (classrooms, lunchroom, hallways, recess, etc.)

Objective: **Think sheet, buddy classroom, timeout**

Prioritized Key Components: PBIS, Professional Development, Social/Emotional Learning

TCSD Strategic Model Area(s) and AHLP: Safe and Orderly Environment

Metrics: Educator's Handbook, Qualtrics data, School Climate Survey

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).

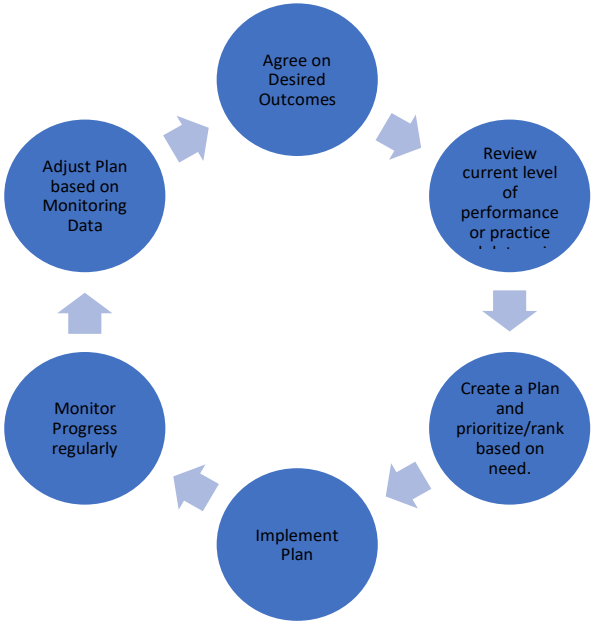
Semester Planning Tool

Aligned with the TCSD's Strategic Model

7 Reasons Why Creating a Semester Plan can help your school improve:

1) Articulates a shared vision, mission, and values.
2) Effectively organizes schools and their staff.
3) Defines how success is measured.
4) Aids the school board with governance decisions and provides direction for the future.
5) Increases communication and engagement.
6) Keeps everyone in a school – from teachers to administrators – connected.
7) The best reason of all for semester planning comes back to every great school's number one priority: students.

Process:



Needs Assessment Section

Definition: A needs assessment is a systematic process for determining and addressing needs, or "gaps" between current conditions and desired conditions or "wants".

Needs Assessment Questions

These questions **do not all need to be answered** in your plan. They are here so you can reflect and make a plan in the areas you and your building leadership team deem necessary. They are also not all-inclusive - meaning you should focus on your school's needs and those needs could be outside of the questions below.

Strategic Model Area 1: Teachers, Leaders, Support Staff

This is the staff capacity building element of the strategic model. How are you building your staff's capacity and are you hiring and supporting the best people possible? Are you holding people accountable and expecting them to be responsible for performing at high levels? How do you track it? What do you do when they aren't performing?

Are you distributing resources (material needs, human support, etc) in such a way that teachers have all they need to be their best? Consider your building's budget. What percent is spent on academics and in what ways? Do departments/teams get equitable resources? How do you know?

Are you providing professional development that is relevant, timely, and targeting individual teacher needs rather than relying solely on whole-group professional development? How do you know it's relevant to all and at their level? How do you measure this?

Review new teacher feedback for your building. Did they feel supported, what suggestions did they make?

Look at teacher data, what areas of growth are needed to support them? What professional development do they need and how will you facilitate it in a differentiated way?

Think about your hiring practices. Are they timely? Are you able to attract staff that you need and of high quality? If not, what can you do differently?

How do you onboard new teachers to your school in areas such as: PLCs, systems, etc?

Additional Resources to consider:

reproducible2.2level2longformleadingindicatorsurveyforadministrators.pdf (soltreemrls3.s3-us-west-2.amazonaws.com)

Strategic Model Area 2: Curriculum, Instruction, Assessment

Does every classroom provide daily lessons following a coherent instructional format including the components of the Instructional Framework? What components of the framework are strengths and weaknesses?

Does every classroom have a scope and sequence creating a guaranteed and viable curriculum that reflects grade level standards? Are these documents shared among teacher teams and administrators? Have the essential skills within the units been identified?

Does every classroom have and utilize common formative assessments (CFA) to determine the learning progress of each student? Do current CFA's produce the feedback students and teachers need? Are there any units that still need CFA's to be created?

Are procedures established to regularly review student learning progress and respond in a timely manner? Do PLC's have norms and processes to support this work? Do teachers have systems to support reteaching? Does the school have systems to deliver interventions on the highest leverage skills?

This is also where you can put your specific smart goals for growth in academic areas and how you plan to address them and monitor them. Don't forget to include special populations, intervention, and extension.

How are you engaging with your school's data? How are teachers using data? How often are you meeting with teachers to review data and support them in a plan of action?

**A clear and precise plan of action for meeting with staff and troubleshooting with them in small groups or individually on a regular basis should be well described in this section.*

2025-2026 GJHS Semester Plan

Principal: Amy Jaskowick

Team Members: Felicity Gotsch, Emily Powers, Tamara Crookston, Kim Rose, Hailey Hearty, Tony Cloward

Annual Goal: To decrease the number of failing grades in core classes by 10%

Semester Goal: Teach student communication skills and self-advocating skills to improve their academic success.

Campus Priority 1: Decrease the number of failing grades in our core classes by teaching students' communication and self-advocacy skills. Teachers will be more approachable and empathic when students are asking questions or asking for help.

Objective:

- Decrease the number of failing grades in core classes
- Increase the student's perception of teacher approachability
- Students will develop self-advocacy skills

Prioritized Key Components:

1. Teaching faculty how to respond to student requests and understand student needs.
2. Help students build confidence when self-advocating
3. Enhance student learning accountability.

Mid Semester Check-in: October 20, 2025

End of Semester Review: December 12, 2025

Campus Priority 2 - To improve student attendance, teachers focus on increasing student engagement through collaborative learning with small groups. Teachers will do this by incorporating a minimum of 20 minutes (per period) a week. Teachers will use a self-reporting log and share ideas within PLC time.

Annual Goal: To decrease chronic absenteeism by 10% (this is getting 22 of our students to come to school one more day a year)

Semester Goal: Teachers will increase collaborative learning with small groups.

Objective:

- Decrease chronic absenteeism
- Increase student engagement
- Enhance student learning accountability using collaborative group work

Prioritized Key Components:

1. Faculty meetings will be centered around learning different strategies to be successful in facilitating collaborative group work and maintaining classroom structure.
2. Classroom Management System – CHAMPS will be presented and encourages
3. Allow time to collaborate with colleagues.
4. Peer to peer and Admin observations and feedback

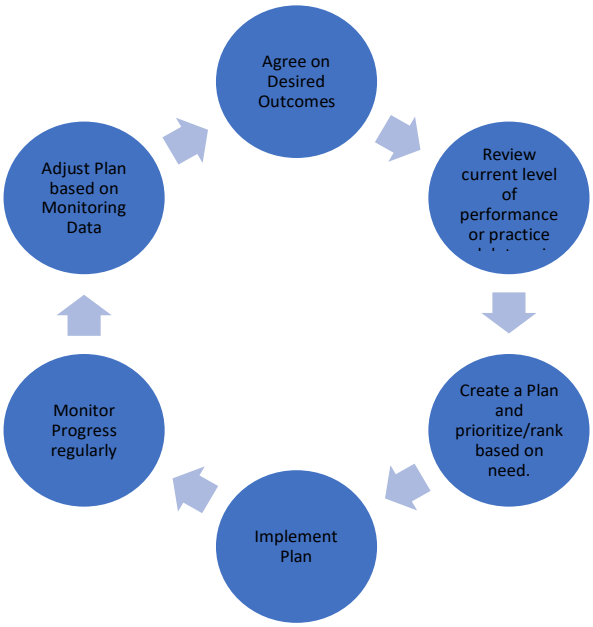
Semester Planning Tool

Aligned with the TCSD's Strategic Model

7 Reasons Why Creating a Semester Plan can help your school improve:

1) Articulates a shared vision, mission, and values.
2) Effectively organizes schools and their staff.
3) Defines how success is measured.
4) Aids the school board with governance decisions and provides direction for the future.
5) Increases communication and engagement.
6) Keeps everyone in a school – from teachers to administrators – connected.
7) The best reason of all for semester planning comes back to every great school's number one priority: students.

Process:



Needs Assessment Section

Definition: A needs assessment is a systematic process for determining and addressing needs, or "gaps" between current conditions and desired conditions or "wants".

Needs Assessment Questions

These questions **do not all need to be answered** in your plan. They are here so you can reflect and make a plan in the areas you and your building leadership team deem necessary. They are also not all-inclusive - meaning you should focus on your school's needs and those needs could be outside of the questions below.

Strategic Model Area 1: Teachers, Leaders, Support Staff

This is the staff capacity building element of the strategic model. How are you building your staff's capacity and are you hiring and supporting the best people possible? Are you holding people accountable and expecting them to be responsible for performing at high levels? How do you track it? What do you do when they aren't performing?

Are you distributing resources (material needs, human support, etc) in such a way that teachers have all they need to be their best? Consider your building's budget. What percent is spent on academics and in what ways? Do departments/teams get equitable resources? How do you know?

Are you providing professional development that is relevant, timely, and targeting individual teacher needs rather than relying solely on whole-group professional development? How do you know it's relevant to all and at their level? How do you measure this?

Review new teacher feedback for your building. Did they feel supported, what suggestions did they make?

Look at teacher data, what areas of growth are needed to support them? What professional development do they need and how will you facilitate it in a differentiated way?

Think about your hiring practices. Are they timely? Are you able to attract staff that you need and of high quality? If not, what can you do differently?

How do you onboard new teachers to your school in areas such as: PLCs, systems, etc?

Strategic Model Area 2: Curriculum, Instruction, Assessment

Does every classroom provide daily lessons following a coherent instructional format including the components of the Instructional Framework? What components of the framework are strengths and weaknesses?

Does every classroom have a scope and sequence creating a guaranteed and viable curriculum that reflects grade level standards? Are these documents shared among teacher teams and administrators? Have the essential skills within the units been identified?

Does every classroom have and utilize common formative assessments (CFA) to determine the learning progress of each student? Do current CFA's produce the feedback students and teachers need? Are there any units that still need CFA's to be created?

Are procedures established to regularly review student learning progress and respond in a timely manner? Do PLC's have norms and processes to support this work? Do teachers have systems to support reteaching? Does the school have systems to deliver interventions on the highest leverage skills?

This is also where you can put your specific smart goals for growth in academic areas and how you plan to address them and monitor them. Don't forget to include special populations, intervention, and extension.

How are you engaging with your school's data? How are teachers using data? How often are you meeting with teachers to review data and support them in a plan of action?

**A clear and precise plan of action for meeting with staff and troubleshooting with them in small groups or individually on a regular basis should be well described in this section.*

Strategic Model Area 3: Communication, Culture, Relationships

How frequently and effectively do you communicate with parents on a school-wide basis? What is your expectation of staff/parent communication? How do you check it? How frequently are teachers expected to update grades? How often do you check?

What does the entryway of your school look like? Is it inviting? Is it clean? Does your office staff smile and greet everyone who enters in a similar way? How are you measuring things you're targeting in this goal area?

What is your parent engagement plan? How will you target all groups in your school? How will you accommodate for spanish-speaking families?

What do you have in place to consider staff morale? Do you consider the ups and downs of the year and how to target those known dips? How will teachers feel supported? How will you know?

Strategic Model Area 4: Safe and Orderly Environment

This is where you can evaluate the number of office referrals you have and make behavior goals. What is your school-wide behavior/student culture approach? How will you measure its success?

Think about the beautification of your building. Is it inviting? Is student work what people see or old photos and canned posters?

How will you ensure your school always looks clean and orderly? Has your building struggled with vandalism? What are strategies you plan to incorporate to discourage it, respond when it happens, etc.

Consider student arrival and dismissal as well as areas that are less supervised and cause problems. How will you address those?

Strategic Model Area 5: Systems of Operations

What school-wide processes do you need to put in place? Consider areas like attendance, tardies, etc.

Are duty schedules effective and covering all areas needed. What are the expectations when on duty, are they followed? How do you know or track it?

Consider all systems in your building and choose at least one to target for improvement.

2025-2026 Semester Plan Template

Principal: James Woodin

Team Members: Mike Florence, Mayra Salas, Morgan Bingham, Chad Grossman, Bradley O'Brien

Campus Priority 1: Increasing student daily attendance.

Annual Goal: By May 2026 WHS will decrease the chronic absenteeism by 10% through the use of positive reinforcement, communication, and outreach.

Semester Goal: By December 2025, WHS will decrease the chronic absenteeism rate by 5% through the use of positive reinforcement, communication, and outreach.

Objective: To increase student attendance.

Prioritized Key Components: Parent/student outreach, social media usage, emails,

TCSD Strategic Model Area(s) and AHLP: Communication, culture, relationships.

Metrics: attendance dashboard, attendance aide records.

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Student tracking attendance to identify before they become chronically absent.	Angelica	Attendance dashboard Skyward	8/14/-12/20	Accountability form filled out daily.
Once identified, 3 layers of outreach will occur. 1. Letter home, brought home with signature. 2. If student stays on verge or turn chronically Angelica will reach out to parents via phone call. 3. End of Semester Review: 12/19

Campus Priority 2

Annual Goal: By May 2026, WHS staff will consistently implement 2-3 effective teaching strategies to reduce student behavior incidents reported in Educators Handbook by 5%. These strategies will be implemented in classrooms 80% of the time as observed by Administration during drop-in observations.

Semester Goal: By December 2025, WHS staff will consistently implement 2-3 effective teaching strategies to reduce student behavior incidents reported in Educators Handbook by 2%. These strategies will be implemented in classrooms 80% of the time as observed by Administration during drop-in observations.

Objective: To decrease classroom problems.

Prioritized Key Components: Effective teaching strategies, lessons planning, small group work, extension activities.

TCSD Strategic Model Area(s) and AHLP: Curriculum, Instruction, Assessment and Communication, culture, and relationships, and teachers, leaders, and support staff.

Metrics:

End of Semester Review: 12/19

Campus Priority 3:

Annual Goal: By May 2026 increasing 1% of students scoring proficient on end of year testing through the results of DLM, UA+, and RISE.

Semester Goal: By December 2025, 60% will show proficiency on one standard based on classroom CFA's and benchmarks.

Objective: To increase student proficiency.

Prioritized Key Components: classroom teaching, strategies, management, reading, writing, math, science.

TCSD Strategic Model Area(s) and AHLP: Curriculum, Teachers, Leadership, Support Staff

Metrics: DLM, UA+, RISE, Benchmarks, CFA's

Strategic Model Area 3: Communication, Culture, Relationships

How frequently and effectively do you communicate with parents on a school-wide basis? What is your expectation of staff/parent communication? How do you check it? How frequently are teachers expected to update grades? How often do you check?

What does the entryway of your school look like? Is it inviting? Is it clean? Does your office staff smile and greet everyone who enters in a similar way? How are you measuring things you're targeting in this goal area?

What is your parent engagement plan? How will you target all groups in your school? How will you accommodate for spanish-speaking families?

What do you have in place to consider staff morale? Do you consider the ups and downs of the year and how to target those known dips? How will teachers feel supported? How will you know?

Strategic Model Area 4: Safe and Orderly Environment

This is where you can evaluate the number of office referrals you have and make behavior goals. What is your school-wide behavior/student culture approach? How will you measure its success?

Think about the beautification of your building. Is it inviting? Is student work what people see or old photos and canned posters?

How will you ensure your school always looks clean and orderly? Has your building struggled with vandalism? What are strategies you plan to incorporate to discourage it, respond when it happens, etc.

Consider student arrival and dismissal as well as areas that are less supervised and cause problems. How will you address those?

School Safety Site Assessments - National School Safety Center

Strategic Model Area 5: Systems of Operations

What school-wide processes do you need to put in place? Consider areas like attendance, tardies, etc.

Are duty schedules effective and covering all areas needed. What are the expectations when on duty, are they followed? How do you know or track it?

Consider all systems in your building and choose at least one to target for improvement.

Fall 2025 Semester Plan

Principal: Amy Burge

Team Members: Alex Marquard, Chanda Tate, Michelle McKechnie, Suzie Petersen, Aubrey Jones, Anastasia Rybakova, Natalia Howard

Schools must have at least one goal in each area below. If you need another goal, you may add it, but remember, this is just for a semester. Be cautious of creating too many lofty goals that are unattainable in one semester. Also, if you want to include concepts in this plan that will help support other required documents like Title 1 plans, etc., you are welcome to add them in as you like. Below are the minimum requirements and expectations for a semester plan. You are invited to expand it to fit your school's needs.

Campus Priority 1: Data-Driven Instruction for Student Growth & Success

Goal: To elevate overall student achievement and continuously refine instructional practices across the entire school through collaborative and consistent data-informed decision-making.

Objective: By May 9th, 2026, all teaching teams (K-6) will successfully complete two full Common Formative Assessment (CFA) cycles, demonstrating clear evidence of collaborative data analysis and subsequent instructional adjustments. Specifically, for each CFA cycle, 100% of teams will submit documented PLC meeting minutes reflecting data analysis and action planning, and teams will collectively achieve an average of 75% student proficiency on the re-assessment within the targeted academic areas. This consistent application of data will directly contribute to our district's "Moon Goals" for student growth.

Prioritized Key Components:

1. **Collaborative CFA Cycles & Data Documentation:**
    - Develop/Refine CFAs: Teams will collaboratively design or refine two high-quality, standards-aligned Common Formative Assessments for key learning objectives within their curriculum.
    - Consistent Administration & Scoring: Ensure consistent administration and norm-referenced scoring of CFAs across grade levels/teams to yield reliable data.
    - Shared Data Analysis Protocol & Documentation: Utilize a common, structured protocol during PLC (Professional Learning Community) meetings for data analysis. Teams will consistently submit documented PLC meeting minutes, including evidence of identified misconceptions, root cause analysis, and planned instructional next steps for each CFA cycle.
2. **Data-Informed Instructional Response & Measurement:**
    - Targeted Interventions & Differentiation: Based on CFA data analysis, teams will collaboratively plan and implement specific, differentiated instructional strategies and interventions to address identified student needs.
    - Re-assessment & Progress Monitoring: Administer a re-assessment or comparable measure after interventions. Teams will track student proficiency, aiming for a collective average of 75% student proficiency on the re-assessment following each CFA cycle.
3. **Reflection, Celebration, & Future Planning:**
    - Team Reflection: Engage in structured team reflections after each cycle to discuss lessons learned, celebrate successes, and identify adjustments for future instruction or subsequent CFA cycles.
    - Share & Celebrate Success: Regularly share success stories and growth data from CFA cycles across the school (e.g., in staff meetings, newsletters, data dashboards) to foster a culture of collective efficacy and celebrate progress towards our "Stars" and "Moon Goals."
    - Inform Next Steps: Use insights gained from the CFA cycles to inform continuous improvement plans for the following school year.
4. **Metrics:** Two CFA Cycles

Campus Priority 2: To prioritize the academic success of all students, particularly Multilingual Learners (ML) and Students with Disabilities (SPED) on the TSI list, by equipping them with the necessary math and reading skills to make sufficient academic progress.

Goal: By May 7th, 80% of ML and SPED students on the TSI list will demonstrate improvement in both math and reading skills, as measured by a 5% increase on Acadience Math or Acadience Reading compared to their baseline scores.

Objective: To significantly improve the academic outcomes of Multilingual Learners (ML) and Students with Disabilities (SPED) on the Acadience Reading and Math Assessments by enhancing their math and reading skills.

Campus Priority 1: Writing/Written Language

Annual Goal: By the end of term 3, students will produce a finished writing project containing two writing entries, based on grade-level rubrics.

Semester Goal: By the end of term 2, students will complete one writing entry in their writing journals.

Objective: As per the grade level rubrics, teachers will get a baseline on a writing passage and students will show improvement by the end of the year.

Prioritized Key Components: Utilizing Wonders and Studysync. Collect writing samples in a writing portfolio that will be passed along grade levels. Standardized rubrics will be used consistently across grades to show growth.

TCSD Strategic Model Area(s) and AHLP: Curriculum, Instruction, Assessment, and Teachers, Leaders, Support Staff

Campus Priority 2: School Culture

Annual Goal: Increase the morale of students, teachers, staff, and parents—the key stakeholders of the school—by fostering open communication and active participation in school activities. Additionally, we will strengthen connections between Dual Language Immersion (DLI) and traditional students by creating a more integrated and supportive learning environment.

Semester Goal: Increased morale among all stakeholders, as measured by climate surveys.

Objective: Increase the morale of the students, teachers, staff, and parents who are stakeholders in the school by increasing communication, participation in school activities, and adding Employee of the Month recognitions.

Prioritized Key Components: Calendars, monthly newsletters for the school and families, and use of the social media provided by TCSD.

TCSD Strategic Model Area(s) and AHLP: Communication, Culture, Relationships

Metrics: Climate survey at the beginning of the year and end of the year, stakeholders' survey

End of Semester Review: April

Campus Priority 3: School Procedures/Operations

Annual Goal: Continue improving school safety by improving school procedures and expectations.

Semester Goal: Increased safety and school procedure expectations.

Objective: We will provide a safer environment within the school and outside the school for all stakeholders.

Prioritized Key Components: Focused safety procedures and communication with all stakeholders.

TCSD Strategic Model Area(s) and AHLP: Safe and Orderly Environment

Metrics: Tracking the number of parents who are adhering to the safety expectations set. Utilizing Educator Handbook for student incidents.

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).

End of Semester Review: May

Campus Priority 4: Increased EOY Math Scores

Annual Goal: Increase math scores, K-6, by 10% in each grade level.

Semester Goal: Increased MOY scores, including Proficiency and Pathways of Progress

Objective: Tier I instruction and interventions in math will be intentional and effective.

Prioritized Key Components: Heavy focus on math and an upward trajectory for all students

TCSD Strategic Model Area(s) and AHLP: Curriculum, Instruction, Assessment

Metrics: BOY, MOY, EOY benchmark data, along with RISE EOY data.

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).

Semester Planning Tool

Aligned with the TCSD's Strategic Model

7 Reasons Why Creating a Semester Plan can help your school improve:

1) Articulates a shared vision, mission, and values.
2) Effectively organizes schools and their staff.
3) Defines how success is measured.
4) Aids the school board with governance decisions and provides direction for the future.
5) Increases communication and engagement.
6) Keeps everyone in a school – from teachers to administrators – connected.
7) The best reason of all for semester planning comes back to every great school's number one priority: students.

Process:

Needs Assessment Section

Definition: A needs assessment is a systematic process for determining and addressing needs, or "gaps" between current conditions and desired conditions or "wants".

Needs Assessment Questions

These questions **do not all need to be answered** in your plan. They are here so you can reflect and make a plan in the areas you and your building leadership team deem necessary. They are also not all-inclusive - meaning you should focus on your school's needs and those needs could be outside of the questions below.

Strategic Model Area 1: Teachers, Leaders, Support Staff

This is the staff capacity building element of the strategic model. How are you building your staff's capacity and are you hiring and supporting the best people possible? Are you holding people accountable and expecting them to be responsible for performing at high levels? How do you track it? What do you do when they aren't performing?

Are you distributing resources (material needs, human support, etc) in such a way that teachers have all they need to be their best? Consider your building's budget. What percent is spent on academics and in what ways? Do departments/teams get equitable resources? How do you know?

Are you providing professional development that is relevant, timely, and targeting individual teacher needs rather than relying solely on whole-group professional development? How do you know it's relevant to all and at their level? How do you measure this?

Review new teacher feedback for your building. Did they feel supported, what suggestions did they make?

Look at teacher data, what areas of growth are needed to support them? What professional development do they need and how will you facilitate it in a differentiated way?

Think about your hiring practices. Are they timely? Are you able to attract staff that you need and of high quality? If not, what can you do differently?

How do you onboard new teachers to your school in areas such as: PLCs, systems, etc?

Additional Resources to consider:

reproducible2.2level2longformleadingindicatorsurveyforadministrators.pdf (soltreemrls3.s3-us-west-2.amazonaws.com)

Strategic Model Area 2: Curriculum, Instruction, Assessment

Does every classroom provide daily lessons following a coherent instructional format including the components of the Instructional Framework? What components of the framework are strengths and weaknesses?

Does every classroom have a scope and sequence creating a guaranteed and viable curriculum that reflects grade level standards? Are these documents shared among teacher teams and administrators? Have the essential skills within the units been identified?

Does every classroom have and utilize common formative assessments (CFA) to determine the learning progress of each student? Do current CFA's produce the feedback students and teachers need? Are there any units that still need CFA's to be created?

Are procedures established to regularly review student learning progress and respond in a timely manner? Do PLC's have norms and processes to support this work? Do teachers have systems to support reteaching? Does the school have systems to deliver interventions on the highest leverage skills?

This is also where you can put your specific smart goals for growth in academic areas and how you plan to address them and monitor them. Don't forget to include special populations, intervention, and extension.

How are you engaging with your school's data? How are teachers using data? How often are you meeting with teachers to review data and support them in a plan of action?

**A clear and precise plan of action for meeting with staff and troubleshooting with them in small groups or individually on a regular basis should be well described in this section.*

Strategic Model Area 3: Communication, Culture, Relationships

How frequently and effectively do you communicate with parents on a school-wide basis? What is your expectation of staff/parent communication? How do you check it? How frequently are teachers expected to update grades? How often do you check?

What does the entryway of your school look like? Is it inviting? Is it clean? Does your office staff smile and greet everyone who enters in a similar way? How are you measuring things you're targeting in this goal area?

What is your parent engagement plan? How will you target all groups in your school? How will you accommodate for spanish-speaking families?

What do you have in place to consider staff morale? Do you consider the ups and downs of the year and how to target those known dips? How will teachers feel supported? How will you know?

Strategic Model Area 4: Safe and Orderly Environment

This is where you can evaluate the number of office referrals you have and make behavior goals. What is your school-wide behavior/student culture approach? How will you measure its success?

Think about the beautification of your building. Is it inviting? Is student work what people see or old photos and canned posters?

How will you ensure your school always looks clean and orderly? Has your building struggled with vandalism? What are strategies you plan to incorporate to discourage it, respond when it happens, etc.

Consider student arrival and dismissal as well as areas that are less supervised and cause problems. How will you address those?

Strategic Model Area 5: Systems of Operations

What school-wide processes do you need to put in place? Consider areas like attendance, tardies, etc.

Are duty schedules effective and covering all areas needed. What are the expectations when on duty, are they followed? How do you know or track it?

Consider all systems in your building and choose at least one to target for improvement.

2025-2026 Semester Plan Template

Principal: Ronda Silva

Team Members: Joe Kruegger, Michelle Topham, Kylee Dalton, JoDee McNutt, Melissa Mehler, Kjerstin Shosted

Campus Priority 1:

Annual Goal: By May 2026, 85% of SPES students will know math facts in isolation and will apply within math operations.

Semester Goal: **By December 2025, 70% of SPES students will fluently know their grade level math facts.**

Objective: Improve overall math proficiency through math facts fluency, accuracy, and application within math operations.

Prioritized Key Components: The GC will present the goal and the why behind it. Parents will understand the importance of our goal. Each grade level will consistently gather BOY, MOY, and EOY data. Students will practice daily, set goals, and track their own progress. Teachers will teach strategies for learning the facts and teach students how to apply this knowledge in story problems and multistep math problems.

Mid Semester Check-in: October 15th

End of Semester Review: December 10th

Campus Priority 2

Annual Goal: By May 5th 2026, 100% of 2nd – 6th grade teachers will complete a CFA cycle on comprehension or literacy strategies. Our fall semester goal will inform and set us up to be successful.

Semester Goal: 100% of 2nd – 6th teachers at SPES will meet every 2 weeks in a PLC meeting to share/reflect on comprehension strategies. 100% of Team leaders will turn in a simple google form reflecting on how instruction and student learning were accomplished.

Objective: Strengthen Tier 1 instruction (comprehension) through effective PLC meetings.

Prioritized Key Components: Teams meet in regular PLC meetings to focus on comprehension strategies.

Mid Semester Check-in: October 15th

End of Semester Review: December 10th

Campus Priority 3: Improve Attendance

Annual Goal: By May 2026 SPES will reduce the number of chronically absent and on the verge of chronically absent by 10% from 56% to 46%. We will reach this through targeted interventions, increased community involvement, and increased monitoring and support.

Semester Goal: **By December 2026 SPES will reduce the number of chronically absent and on the verge of chronically absent by 10% from 56% to 46%. We will implement targeted support for those who are falling into these categories.**

Objective: Improve daily attendance and reduce the number of chronically absent students thereby improving student learning and progress.

Prioritized Key Components: Attendance, positive feelings towards school, improved learning.

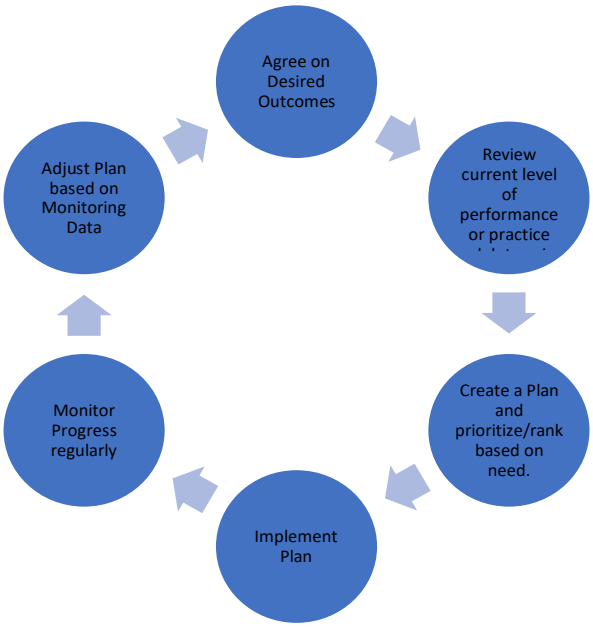
Semester Planning Tool

Aligned with the TCSD's Strategic Model

7 Reasons Why Creating a Semester Plan can help your school improve:

1) Articulates a shared vision, mission, and values.
2) Effectively organizes schools and their staff.
3) Defines how success is measured.
4) Aids the school board with governance decisions and provides direction for the future.
5) Increases communication and engagement.
6) Keeps everyone in a school – from teachers to administrators – connected.
7) The best reason of all for semester planning comes back to every great school's number one priority: students.

Process:



Needs Assessment Section

Definition: A needs assessment is a systematic process for determining and addressing needs, or "gaps" between current conditions and desired conditions or "wants".

Needs Assessment Questions

These questions **do not all need to be answered** in your plan. They are here so you can reflect and make a plan in the areas you and your building leadership team deem necessary. They are also not all-inclusive - meaning you should focus on your school's needs and those needs could be outside of the questions below.

Strategic Model Area 1: Teachers, Leaders, Support Staff

This is the staff capacity building element of the strategic model. How are you building your staff's capacity and are you hiring and supporting the best people possible? Are you holding people accountable and expecting them to be responsible for performing at high levels? How do you track it? What do you do when they aren't performing?

Are you distributing resources (material needs, human support, etc) in such a way that teachers have all they need to be their best? Consider your building's budget. What percent is spent on academics and in what ways? Do departments/teams get equitable resources? How do you know?

Are you providing professional development that is relevant, timely, and targeting individual teacher needs rather than relying solely on whole-group professional development? How do you know it's relevant to all and at their level? How do you measure this?

Review new teacher feedback for your building. Did they feel supported, what suggestions did they make?

Look at teacher data, what areas of growth are needed to support them? What professional development do they need and how will you facilitate it in a differentiated way?

Think about your hiring practices. Are they timely? Are you able to attract staff that you need and of high quality? If not, what can you do differently?

How do you onboard new teachers to your school in areas such as: PLCs, systems, etc?

Additional Resources to consider:

reproducible2.2level2longformleadingindicatorsurveyforadministrators.pdf (soltreemrls3.s3-us-west-2.amazonaws.com)

Strategic Model Area 2: Curriculum, Instruction, Assessment

Does every classroom provide daily lessons following a coherent instructional format including the components of the Instructional Framework? What components of the framework are strengths and weaknesses?

Does every classroom have a scope and sequence creating a guaranteed and viable curriculum that reflects grade level standards? Are these documents shared among teacher teams and administrators? Have the essential skills within the units been identified?

Does every classroom have and utilize common formative assessments (CFA) to determine the learning progress of each student? Do current CFA's produce the feedback students and teachers need? Are there any units that still need CFA's to be created?

Are procedures established to regularly review student learning progress and respond in a timely manner? Do PLC's have norms and processes to support this work? Do teachers have systems to support reteaching? Does the school have systems to deliver interventions on the highest leverage skills?

This is also where you can put your specific smart goals for growth in academic areas and how you plan to address them and monitor them. Don't forget to include special populations, intervention, and extension.

How are you engaging with your school's data? How are teachers using data? How often are you meeting with teachers to review data and support them in a plan of action?

**A clear and precise plan of action for meeting with staff and troubleshooting with them in small groups or individually on a regular basis should be well described in this section.*

First Semester Plan, 2025-2026 [FIRST DRAFT]

Principal: Shalon Jones-Miller

Team Members: Huxford, Krueger, Powell, Nelson, Willson, Gangwer, Whittle, Snyder, Squire, Rose

Campus Priority 1: Increase collective ownership, coherence across roles, and shared accountability for Tier 1 instruction, interventions, and student support for Students with Disabilities (S.W.D.) and Multilingual Learners (M.L.s)

Annual Goal(s):

1. Increase Math Proficiency for Students with Disabilities by 20% (6.7% annually) by June of 2028

2. Increase ELA Proficiency for Students with Disabilities by 20% (6.7% annually) by June 2028

3. Increase ELA Proficiency for Multilingual Learners by 24% (8% annually) by June 2028

Semester Goal: By December 2025, 100% of teachers will complete professional learning on two specific high-leverage Tier 1 strategies and implement those strategies into their daily classroom practices as observed through walk-throughs and peer observations.

Objective: Improve Tier 1 instruction

Prioritized Key Components: Professional learning, admin walk-throughs, peer observations

TCSD Strategic Model Area(s) and AHLP: Curriculum, Instruction, Assessment

Metrics: Walk-through data, peer observation data

Specific Actions	Person(s) Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Monthly Professional Learning Focus on Tier 1 Instruction	Shalon, Donna, Joe, UEPC	UEPC and specialists, Ellevation	September and November	PLC and faculty meeting agendas
Regular administrative walkthrough observations	Shalon, Donna, Joe	Walkthrough feedback form	End of term 1 and end of term 2	Walkthrough data
Aug. Faculty Meeting for Ellevation	Admin & MEL Specialist	Ellevation scavenger hunt (spreadsheet) Submit MEL questions ahead of time	July & August	Completed spreadsheet WIDA/MEL quick reference guide

Teachers complete two Peer observations - one for each strategy	Teachers	Observation form and class coverage	End of term 1 and end of term 2	Teachers fill out peer observation reflection - one for each observation/strategy
Meet with G.C. two times during the semester to review observation data.	Donna (calendar)	Data from observation forms and data from admin walk-through	End of term 1 and end of term 2	Meeting agenda
Share data/reflections during bi-monthly faculty meetings	Shalon, Donna	Walkthrough and peer observation feedback data	Beginning of 2nd term and beginning of 3rd term	Data shared with faculty

Mid-Semester Check-in: October 20 - Teacher Work Day, 2 pm

End-of-Semester Review: December 19 - Teacher Work Day, 2 pm

Campus Priority 2: Improve Tier 1 PBIS routines to reduce disruptions and increase learning time

Annual Goal: 1. Increase Math Proficiency for Students with Disabilities by 20% (6.7% annually) by June of 2028

2. Increase ELA Proficiency for Students with Disabilities by 20% (6.7% annually) by June 2028

3. Increase ELA Proficiency for Multilingual Learners by 24% (8% annually) by June 2028

Semester Goal: By December 2025, 100% of teachers will teach and reteach PBIS routines and behavior expectations as measured by an increase in student understanding and as reported through pre- and post assessments each term..

Objective: Increase learning time by decreasing disruptions

Prioritized Key Components: Clear and consistently enforced expectations, PBIS currency and rewards system, school-wide communication

TCSD Strategic Model Area(s) and AHLP: Communication, Culture, Relationships

Metrics: Educator's Handbook Data, PBIS currency data

Specific Actions	Person(s) Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).

All teachers teach schoolwide behavior expectations every day for the first two weeks	All hands on deck	Canvas quiz	July/August	Pre- and post-assessments with prizes once 100% is reached (CLIMB)
All teachers intentionally reteach schoolwide behavior expectations before and after breaks	All hands on deck	Posters	Before and after breaks	Survey to teachers and post-assessments in CLIMB
DocumImprove the process of documenting student behavior and consistency in adult responses	Admin	Educator's Handbook / Smartpass	First term	Flowchart guide
Review of schoolwide procedures for Educator's Handbook, SmartPass, and Citizenship	All hands on deck Shalon, Donna	Faculty meeting / PLC	August	Quick reference guide
PBIS Currency and Store	Admin, Natalie Snyder, Blaire	Wristbands, prizes, rewards Wristbands express SWAG	June - August	Wristbands, prizes
Updating posters and videos pertaining to student behavior, including translation into Spanish	Admin and Blaire	Canva and MEL translators	July/August	New posters and additional posters in Spanish
Share Educator's Handbook data at the end of each Term	Admin	Faculty meeting	End of each term	Faculty meeting presentation

Mid-Semester Check-in: October 20 - teacher workday, 2 pm

End-of-Semester Review: December 19 - teacher workday, 2 pm

Campus Priority 3: Leverage Advisory (hereafter known as CLIMB) periods for ELA, math, and advocacy

Annual Goal(s): 1. Increase Math Proficiency for Students with Disabilities by 20% (6.7% annually) by June of 2028

2. Increase ELA Proficiency for Students with Disabilities by 20% (6.7% annually) by June 2028

3. Increase ELA Proficiency for Multilingual Learners by 24% (8% annually) by June 2028

Semester Goal: By December of 2025, a Canvas course for the CLIMB course will be created, including modules that will contain lessons and activities to increase student understanding of personal growth, learner support, social and emotional learning modules, and core RISE skills.

Objective: Provide intentional academic, social-emotional, and behavior support within the school day

Prioritized Key Components: CLIMB class committee, Google Drive & Canvas course materials, Second Step,

TCSD Strategic Model Area(s) and AHLP: Safe and Orderly Environment

Metrics:

Strategic Model Area 4: Safe and Orderly Environment

This is where you can evaluate the number of office referrals you have and make behavior goals. What is your school-wide behavior/student culture approach? How will you measure its success?

Think about the beautification of your building. Is it inviting? Is student work what people see or old photos and canned posters?

How will you ensure your school always looks clean and orderly? Has your building struggled with vandalism? What are strategies you plan to incorporate to discourage it, respond when it happens, etc.

Consider student arrival and dismissal as well as areas that are less supervised and cause problems. How will you address those?

What school-wide processes do you need to put in place? Consider areas like attendance, tardies, etc.

Are duty schedules effective and covering all areas needed. What are the expectations when on duty, are they followed? How do you know or track it?

Consider all systems in your building and choose at least one to target for improvement.

2025-2026 Semester Plan DPHS

Principal: Parker

Team Members: Guiding Coalition

Campus Priority 1: Reduce the amount of tardies in the school year.

Annual Goal: 1% decrease in tardies by the end of the school year. (We don't have baseline data. We've only recorded one week of tardies.)

Semester Goal: Teachers will implement daily effective bell ringers. Teachers will bell ringer time to build relationships with students.

Objective: Students are on time for class.

Prioritized Key Components: Use the instructional framework, bell ringer, and building relationships to motivate students to get to class on time.

TCSD Strategic Model Area(s) and AHLP: Credible and Consistently Implemented Curriculum. High Leverage Instructional Practices. Instructional Framework.

Metrics:

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).

Campus Priority 2

Annual Goal: By the end of the year, teachers will have completed a GVC with their PLC. Teachers are providing a CFA Cycle in each unit of study.

Semester Goal: In every unit, teachers will fill out the DAO Progression and implement a CFA Cycle within the unit.

Objective: Getting new teachers on board with the CFA Cycle and PIE Time

Prioritized Key Components: Get teacher on the same page with GVC creation. Identify DAO progression for each unit. Implement the CFA Cycle for each unit. Within the CFA Cycle, teachers Prevent, Intervene, or Enrich students.

TCSD Strategic Model Area(s) and AHLP: Credible and Consistently Implemented Curriculum. High Leverage Instructional Practices. Strategic use of assessment. Data-informed systems of support.

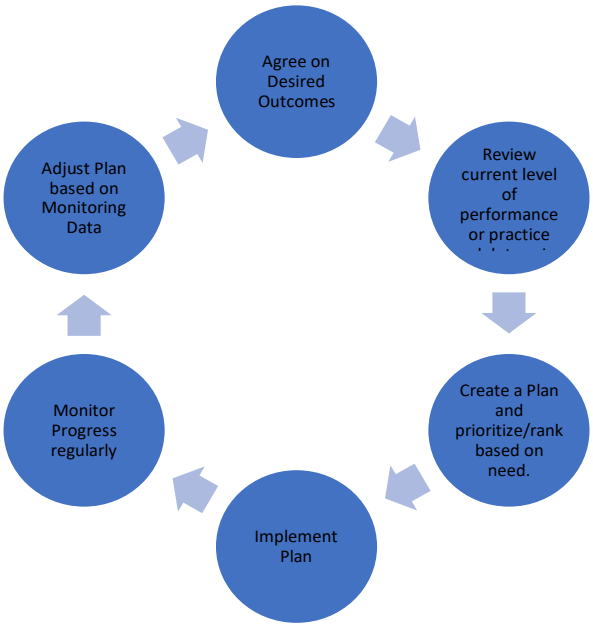
Semester Planning Tool

Aligned with the TCSD's Strategic Model

7 Reasons Why Creating a Semester Plan can help your school improve:

1) Articulates a shared vision, mission, and values.
2) Effectively organizes schools and their staff.
3) Defines how success is measured.
4) Aids the school board with governance decisions and provides direction for the future.
5) Increases communication and engagement.
6) Keeps everyone in a school – from teachers to administrators – connected.
7) The best reason of all for semester planning comes back to every great school's number one priority: students.

Process:



Needs Assessment Section

Definition: A needs assessment is a systematic process for determining and addressing needs, or "gaps" between current conditions and desired conditions or "wants".

Needs Assessment Questions

These questions **do not all need to be answered** in your plan. They are here so you can reflect and make a plan in the areas you and your building leadership team deem necessary. They are also not all-inclusive - meaning you should focus on your school's needs and those needs could be outside of the questions below.

Strategic Model Area 1: Teachers, Leaders, Support Staff

This is the staff capacity building element of the strategic model. How are you building your staff's capacity and are you hiring and supporting the best people possible? Are you holding people accountable and expecting them to be responsible for performing at high levels? How do you track it? What do you do when they aren't performing?

Are you distributing resources (material needs, human support, etc) in such a way that teachers have all they need to be their best? Consider your building's budget. What percent is spent on academics and in what ways? Do departments/teams get equitable resources? How do you know?

Are you providing professional development that is relevant, timely, and targeting individual teacher needs rather than relying solely on whole-group professional development? How do you know it's relevant to all and at their level? How do you measure this?

Review new teacher feedback for your building. Did they feel supported, what suggestions did they make?

Look at teacher data, what areas of growth are needed to support them? What professional development do they need and how will you facilitate it in a differentiated way?

Think about your hiring practices. Are they timely? Are you able to attract staff that you need and of high quality? If not, what can you do differently?

How do you onboard new teachers to your school in areas such as: PLCs, systems, etc?

Additional Resources to consider:

Strategic Model Area 2: Curriculum, Instruction, Assessment

Does every classroom provide daily lessons following a coherent instructional format including the components of the Instructional Framework? What components of the framework are strengths and weaknesses?

Does every classroom have a scope and sequence creating a guaranteed and viable curriculum that reflects grade level standards? Are these documents shared among teacher teams and administrators? Have the essential skills within the units been identified?

Does every classroom have and utilize common formative assessments (CFA) to determine the learning progress of each student? Do current CFA's produce the feedback students and teachers need? Are there any units that still need CFA's to be created?

Are procedures established to regularly review student learning progress and respond in a timely manner? Do PLC's have norms and processes to support this work? Do teachers have systems to support reteaching? Does the school have systems to deliver interventions on the highest leverage skills?

This is also where you can put your specific smart goals for growth in academic areas and how you plan to address them and monitor them. Don't forget to include special populations, intervention, and extension.

How are you engaging with your school's data? How are teachers using data? How often are you meeting with teachers to review data and support them in a plan of action?

**A clear and precise plan of action for meeting with staff and troubleshooting with them in small groups or individually on a regular basis should be well described in this section.*

Strategic Model Area 3: Communication, Culture, Relationships

How frequently and effectively do you communicate with parents on a school-wide basis? What is your expectation of staff/parent communication? How do you check it? How frequently are teachers expected to update grades? How often do you check?

What does the entryway of your school look like? Is it inviting? Is it clean? Does your office staff smile and greet everyone who enters in a similar way? How are you measuring things you're targeting in this goal area?

What is your parent engagement plan? How will you target all groups in your school? How will you accommodate for spanish-speaking families?

What do you have in place to consider staff morale? Do you consider the ups and downs of the year and how to target those known dips? How will teachers feel supported? How will you know?

Principal: Krista Sparks

Team Members: Kayden Calder, Likelli Bender, Kelsey Shumway, Bria Elfors, Natalee Wexels

Campus Priority 1: Customer Satisfaction

Annual Goal: By May 2026, SJHS will have a 90% satisfaction rate according to stakeholder survey relating to culture and climate

Semester Goal: By December 19, 2025, SJHS staff will establish collective commitments to reach the vision and mission of the school.

Objective: To create a school culture that fosters an atmosphere of belonging and excitement for learning with high levels of rigor.

Prioritized Key Components: Vision, mission and collective commitments will be known by all stakeholders. House system implemented to promote belonging and track success.

Campus Priority 3: Improve Tier II instruction

Annual Goal: By May 2026, SJHS students identified as needing special education, will show growth on their end of year testing.

Semester Goal: By December 18, 2025, 100% of faculty will participate in professional development provided by the school (Admin/Sped) on implementation of accommodations, and 100% of the teachers will try one new accommodation practice 4 times/month as reported in PLCs and classroom observations.

Objective: Provide accommodation and support to all students, with specific emphasis on our special education population.

Prioritized Key Components: Professional development for teachers to understand what accommodation should look like in the classroom. Help them with strategies to make accommodating efficient and effective.

2025-2026 Semester Plan

Principal: Kimberly Reutzel

Team Members: Natalie Davies, James Black, Bobbi Van Tassell, Lindsey Williams

Campus Priority 1:

Annual Goal: By the end of the academic year, 100% of classroom teachers will sustain daily implementation of 60 minutes of uninterrupted Tier 1 instruction using the General Phonics Lesson Plan, Instructional Framework, and grade-level GVC with demonstrated fidelity. Fidelity will be measured through ongoing weekly classroom observations, biweekly progress monitoring, teacher self-monitoring logs, and analysis of Acadience benchmark and progress monitoring data. Student outcomes will reflect growth in ELA, with at least 65% of students meeting or exceeding grade-level benchmarks on end-of-year Acadience assessments.

Semester Goal: By the end of December, 100% of classroom teachers will implement 60 minutes of uninterrupted Tier 1 instruction daily using the General Phonics Lesson Plan, Instructional Framework, and grade-level GVC. Implementation fidelity will be monitored through weekly classroom observations, biweekly progress monitoring data, self-monitoring logs, and Acadience benchmark assessments.

Objective: To improve early literacy outcomes by strengthening Tier 1 instruction through consistent use of research-based phonics practices, aligned curriculum, and structured instructional routines—leading to increased student proficiency in ELA, as measured by progress monitoring and Acadience benchmarks.

Prioritized Key Components: Acadience, LETRS, Wonders, WIDA, Instructional Framework, GVC's, ML strategies

Campus Priority 2

Annual Goal: By June 2026, all teachers will deliver daily Tier 1 Math instruction aligned to the GVC and curriculum with fidelity, incorporating student discourse and problem-solving. Instruction will be guided by CFAs and benchmark data. Success will be measured through observations, teacher logs, and student outcomes, with 55% meeting or exceeding grade-level expectations on Acadience Math Assessments.

Semester Goal: By the end of December 2025, 100% of teachers will provide daily Math Tier 1 instruction that follows the grade-level GVC and uses the district-adopted curriculum as intended. Lessons will follow the Instructional Framework and will give students regular opportunities to solve problems, explain their thinking, and talk about math. Teachers will use common formative assessments (CFAs) to check for understanding and adjust instruction as needed. Improvement will be measured through administrative weekly observations, teacher planning and reflection logs (PLC forms and GVC spreadsheet), and student progress on progress monitoring, CFAs, and benchmark assessments.

Objective: To strengthen Tier 1 math instruction so that all students receive daily, effective lessons that build their understanding of math concepts, improve their computation skills, and develop fluency, ultimately leading to improved student performance on classroom assessments and state benchmarks.

Prioritized Key Components: Math Tier 1 Block, Math assessments and reflection (CFA's, Unit Assess, RISE Benchmarks, etc.), Acadience Math data

TCSD Strategic Model Area(s) and AHLP: Curriculum, Instruction, Assessment

Metrics:

Campus Priority 3: PBIS and Behavior Systems

Annual Goal:

1. Throughout the 25 - 26 school year, all staff will continue to teach and model school-wide behavior expectations

2. All teachers and aides will maintain and implement a classroom management plan aligned to the STOIC framework, consistently using CHAMPS and related strategies throughout the school year

Semester Goal:

1. School Wide: Within the first six weeks of school, 100% of teachers will explicitly teach and model school-wide behavior expectations (hallway, cafeteria, recess, classroom) at least once per week, as verified through administrative walkthroughs, observations, students' responses, and PLC notes.
2. Classrooms: Within the first six weeks of school, all teachers and aides will develop or update a classroom management plan aligned to the STOIC framework and will actively implement CHAMPS and other strategies. Implementation will be monitored through administrative walkthroughs, checklists, and weekly teacher/team reflections.

Objective: To establish a consistent, school-wide culture of positive behavior by ensuring all staff explicitly teach, model, and reinforce shared behavior expectations in all settings — both common areas and classrooms — using proactive strategies like CHAMPS and tiered responses, within the first six weeks of school.

Prioritized Key Components: Tier One Classroom Procedures, School-Wide Expectations and Procedures, CHAMPS, Tough Kids Toolbox

TCSD Strategic Model Area(s) and AHLP: Communication, Culture, and Relationships

Metrics: Observations/Feedback forms, Team and/or individual reflection forms

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).

Semester Planning Tool

Aligned with the TCSD's Strategic Model

7 Reasons Why Creating a Semester Plan can help your school improve:

1) Articulates a shared vision, mission, and values.
2) Effectively organizes schools and their staff.
3) Defines how success is measured.
4) Aids the school board with governance decisions and provides direction for the future.
5) Increases communication and engagement.
6) Keeps everyone in a school – from teachers to administrators – connected.
7) The best reason of all for semester planning comes back to every great school's number one priority: students.

Process:

Needs Assessment Section

Definition: A needs assessment is a systematic process for determining and addressing needs, or "gaps" between current conditions and desired conditions or "wants".

Needs Assessment Questions

These questions **do not all need to be answered** in your plan. They are here so you can reflect and make a plan in the areas you and your building leadership team deem necessary. They are also not all-inclusive - meaning you should focus on your school's needs and those needs could be outside of the questions below.

Strategic Model Area 1: Teachers, Leaders, Support Staff

This is the staff capacity building element of the strategic model. How are you building your staff's capacity and are you hiring and supporting the best people possible? Are you holding people accountable and expecting them to be responsible for performing at high levels? How do you track it? What do you do when they aren't performing?

Are you distributing resources (material needs, human support, etc) in such a way that teachers have all they need to be their best? Consider your building's budget. What percent is spent on academics and in what ways? Do departments/teams get equitable resources? How do you know?

Are you providing professional development that is relevant, timely, and targeting individual teacher needs rather than relying solely on whole-group professional development? How do you know it's relevant to all and at their level? How do you measure this?

Review new teacher feedback for your building. Did they feel supported, what suggestions did they make?

Look at teacher data, what areas of growth are needed to support them? What professional development do they need and how will you facilitate it in a differentiated way?

Think about your hiring practices. Are they timely? Are you able to attract staff that you need and of high quality? If not, what can you do differently?

How do you onboard new teachers to your school in areas such as: PLCs, systems, etc?

Additional Resources to consider:

reproducible2.2level2longformleadingindicatorsurveyforadministrators.pdf (soltreemrls3.s3-us-west-2.amazonaws.com)

Strategic Model Area 2: Curriculum, Instruction, Assessment

Does every classroom provide daily lessons following a coherent instructional format including the components of the Instructional Framework? What components of the framework are strengths and weaknesses?

Does every classroom have a scope and sequence creating a guaranteed and viable curriculum that reflects grade level standards? Are these documents shared among teacher teams and administrators? Have the essential skills within the units been identified?

Does every classroom have and utilize common formative assessments (CFA) to determine the learning progress of each student? Do current CFA's produce the feedback students and teachers need? Are there any units that still need CFA's to be created?

Are procedures established to regularly review student learning progress and respond in a timely manner? Do PLC's have norms and processes to support this work? Do teachers have systems to support reteaching? Does the school have systems to deliver interventions on the highest leverage skills?

This is also where you can put your specific smart goals for growth in academic areas and how you plan to address them and monitor them. Don't forget to include special populations, intervention, and extension.

How are you engaging with your school's data? How are teachers using data? How often are you meeting with teachers to review data and support them in a plan of action?

**A clear and precise plan of action for meeting with staff and troubleshooting with them in small groups or individually on a regular basis should be well described in this section.*

Strategic Model Area 3: Communication, Culture, Relationships

How frequently and effectively do you communicate with parents on a school-wide basis? What is your expectation of staff/parent communication? How do you check it? How frequently are teachers expected to update grades? How often do you check?

What does the entryway of your school look like? Is it inviting? Is it clean? Does your office staff smile and greet everyone who enters in a similar way? How are you measuring things you're targeting in this goal area?

What is your parent engagement plan? How will you target all groups in your school? How will you accommodate for spanish-speaking families?

What do you have in place to consider staff morale? Do you consider the ups and downs of the year and how to target those known dips? How will teachers feel supported? How will you know?

Strategic Model Area 4: Safe and Orderly Environment

This is where you can evaluate the number of office referrals you have and make behavior goals. What is your school-wide behavior/student culture approach? How will you measure its success?

Think about the beautification of your building. Is it inviting? Is student work what people see or old photos and canned posters?

How will you ensure your school always looks clean and orderly? Has your building struggled with vandalism? What are strategies you plan to incorporate to discourage it, respond when it happens, etc.

Consider student arrival and dismissal as well as areas that are less supervised and cause problems. How will you address those?

Strategic Model Area 5: Systems of Operations

What school-wide processes do you need to put in place? Consider areas like attendance, tardies, etc.

Are duty schedules effective and covering all areas needed. What are the expectations when on duty, are they followed? How do you know or track it?

Consider all systems in your building and choose at least one to target for improvement.

2025-2026 Semester Plan Template

Principal: Camille Hanson

Team Members: Hannah Philpot, Stacey Norman, Amber Healey, Amy Christen, Susan Allen, McKenzi Peterson, Jaiden Jensen, Tiffany Hogan, Brinna Coleman

Campus Priority 1: Chronic Absenteeism

Annual Goal: By May 2026, we will decrease the number of chronically absent students to equal no more than 20% of our total population by implementing our action items.

Semester Goal: By the end of the first semester, we will decrease the number of chronically absent students to no more than 20% of our total population by implementing our action items

Objective: Decrease school-wide absenteeism. Realize that this is a student-by-student effort.

Prioritized Key Components: Specific and broad community outreach, tracking absences and sending out red, yellow, green forms, parental outreach who are absent, teacher support for parental contact, counselor support for CA's (chronic absentees)

Campus Priority 2: Reading Goals

Annual Goal: By May 21st of 2026, SCES will increase the percentage of students reading at or above grade level in grades K-6 by 10% from BOY to EOY using district-approved assessments and progress monitoring tools.

Semester Goal: Each grade level (K–6) will have at least 65% of students demonstrate typical or above typical growth on the Acadience Pathways of Progress by MOY, as measured by Acadience Reading Benchmark Assessment.

Objective: Improve reading proficiency as a schoolwide academic priority aligns with district goals and supports long-term student success across all content areas.

Prioritized Key Components: Teachers will provide high-quality Tier I instruction and implement targeted small group instruction, data-driven interventions, and consistent progress monitoring with support from instructional coaches and the admin team.

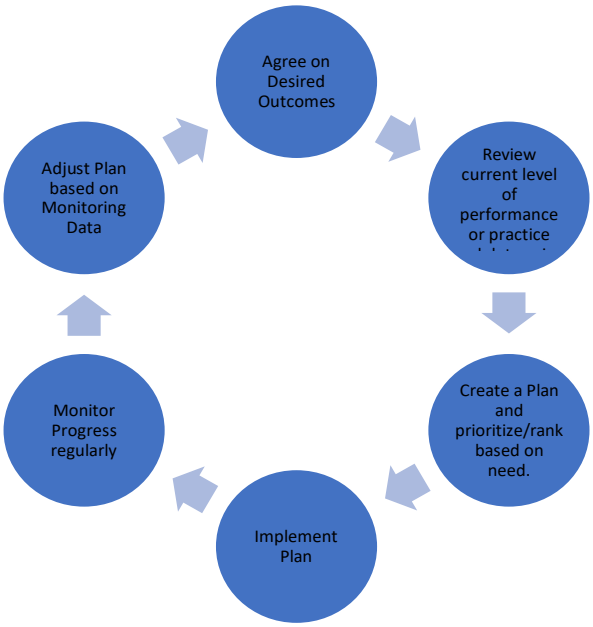
Semester Planning Tool

Aligned with the TCSD's Strategic Model

7 Reasons Why Creating a Semester Plan can help your school improve:

1) Articulates a shared vision, mission, and values.
2) Effectively organizes schools and their staff.
3) Defines how success is measured.
4) Aids the school board with governance decisions and provides direction for the future.
5) Increases communication and engagement.
6) Keeps everyone in a school – from teachers to administrators – connected.
7) The best reason of all for semester planning comes back to every great school's number one priority: students.

Process:



Needs Assessment Section

Definition: A needs assessment is a systematic process for determining and addressing needs, or "gaps" between current conditions and desired conditions or "wants".

Needs Assessment Questions

These questions **do not all need to be answered** in your plan. They are here so you can reflect and make a plan in the areas you and your building leadership team deem necessary. They are also not all-inclusive - meaning you should focus on your school's needs and those needs could be outside of the questions below.

Strategic Model Area 1: Teachers, Leaders, Support Staff

This is the staff capacity building element of the strategic model. How are you building your staff's capacity and are you hiring and supporting the best people possible? Are you holding people accountable and expecting them to be responsible for performing at high levels? How do you track it? What do you do when they aren't performing?

Are you distributing resources (material needs, human support, etc) in such a way that teachers have all they need to be their best? Consider your building's budget. What percent is spent on academics and in what ways? Do departments/teams get equitable resources? How do you know?

Are you providing professional development that is relevant, timely, and targeting individual teacher needs rather than relying solely on whole-group professional development? How do you know it's relevant to all and at their level? How do you measure this?

Review new teacher feedback for your building. Did they feel supported, what suggestions did they make?

Look at teacher data, what areas of growth are needed to support them? What professional development do they need and how will you facilitate it in a differentiated way?

Think about your hiring practices. Are they timely? Are you able to attract staff that you need and of high quality? If not, what can you do differently?

How do you onboard new teachers to your school in areas such as: PLCs, systems, etc?

Additional Resources to consider:

Strategic Model Area 2: Curriculum, Instruction, Assessment

Does every classroom provide daily lessons following a coherent instructional format including the components of the Instructional Framework? What components of the framework are strengths and weaknesses?

Does every classroom have a scope and sequence creating a guaranteed and viable curriculum that reflects grade level standards? Are these documents shared among teacher teams and administrators? Have the essential skills within the units been identified?

Does every classroom have and utilize common formative assessments (CFA) to determine the learning progress of each student? Do current CFA's produce the feedback students and teachers need? Are there any units that still need CFA's to be created?

Are procedures established to regularly review student learning progress and respond in a timely manner? Do PLC's have norms and processes to support this work? Do teachers have systems to support reteaching? Does the school have systems to deliver interventions on the highest leverage skills?

This is also where you can put your specific smart goals for growth in academic areas and how you plan to address them and monitor them. Don't forget to include special populations, intervention, and extension.

How are you engaging with your school's data? How are teachers using data? How often are you meeting with teachers to review data and support them in a plan of action?

**A clear and precise plan of action for meeting with staff and troubleshooting with them in small groups or individually on a regular basis should be well described in this section.*

Strategic Model Area 3: Communication, Culture, Relationships

How frequently and effectively do you communicate with parents on a school-wide basis? What is your expectation of staff/parent communication? How do you check it? How frequently are teachers expected to update grades? How often do you check?

What does the entryway of your school look like? Is it inviting? Is it clean? Does your office staff smile and greet everyone who enters in a similar way? How are you measuring things you're targeting in this goal area?

What is your parent engagement plan? How will you target all groups in your school? How will you accommodate for spanish-speaking families?

What do you have in place to consider staff morale? Do you consider the ups and downs of the year and how to target those known dips? How will teachers feel supported? How will you know?

Strategic Model Area 4: Safe and Orderly Environment

This is where you can evaluate the number of office referrals you have and make behavior goals. What is your school-wide behavior/student culture approach? How will you measure its success?

Think about the beautification of your building. Is it inviting? Is student work what people see or old photos and canned posters?

How will you ensure your school always looks clean and orderly? Has your building struggled with vandalism? What are strategies you plan to incorporate to discourage it, respond when it happens, etc.

Consider student arrival and dismissal as well as areas that are less supervised and cause problems. How will you address those?

Strategic Model Area 5: Systems of Operations

What school-wide processes do you need to put in place? Consider areas like attendance, tardies, etc.

Are duty schedules effective and covering all areas needed. What are the expectations when on duty, are they followed? How do you know or track it?

Consider all systems in your building and choose at least one to target for improvement.

Sterling 2025-2026 Semester Plan

Principal: Kenna Aagard

Team Members: Michelle Fausett, Sharma Hensler, Laura Sparks, Maggie Perez, Madi Wallace, Laurie Paige

Campus Priority 1: Schoolwide PLC Implementation for the 2025-2026 school year

Annual Goal: During the 2025-2026 school year, 100% of teachers will attend 100% of grade level PLC's and complete as a team the weekly PLC agenda. The administration will review 100% of all completed PLC agendas and will respond to grade level comments within one week of the agenda's completion.

Semester Goal: **During the 2025-2026 school year, 100 % of teachers will attend 100% of grade level PLC's and complete as a team the weekly PLC agenda. The administration will review 100% of all completed PLC agendas and will respond to grade level comments within one week of the agenda's completion.**

Objective: PLC's are consistent and uniform across all grade levels at Sterling Elementary.

Prioritized Key Components: PLC norms, agenda, and procedures

TCSD Strategic Model Area(s) and AHLP: Communication, Culture, Relationships

Metrics: Measured using weekly PLC agenda checks by admin (Kenna and Michelle). Referenced during PLC admin attendance and individual teacher conferences.

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Agenda, Norms, and Roles establishment	Admin	Slides created with examples	Shared at back to school principal day. Teams will self create their norms.	Teams will present PLC agendas with established grade level norms and roles in their PLC grade level folder.
PLC implementation beginning with grade-level PLC meetings on August 20th.	Grade Level Teams	PLC Agendas Established at principals day.	August 20th	Teams will present PLC agendas with established grade level norms and roles that will be assigned in their PLC grade level folder by the end of August 20th.

				Feedback from Admin presented by 4:00 pm on August 27th.
PLC implementation with norms and roles continues through every Wednesday of the first semester. Roles change among team members weekly or monthly as established by team norms.	Grade Level Teams	PLC Agendas Established at principals day.	Weekly	Teams will upload new PLC agendas into their grade level PLC drive weekly. Feedback from Admin present by 8:00 am on the following Wednesday.

Mid Semester Check-in: Admin will review agenda's weekly and conference with teams/individual members for accountability to the goal as needed.

End of Semester Review: We will know that we have succeeded when all grade levels are efficiently holding PLC meetings and completing PLC agendas weekly together; receiving timely weekly feedback from admin.

Campus Priority 2: Clarifying expectations and lessening the ratio of office referrals through training on district behavior levels and proper procedures for entering incidents in Educators Handbook.

Annual Goal:

For the 2025 - 2026 school year we will reduce the ratio of office referrals in Educators Handbook by 20% by EOY. By improving student to teacher positive relationships following training on how Educators Handbook incidents are entered, by Julie Spindler, and district leveled behavior expectations. If we are successful we will have evidence of a reduction in the office referrals ratio tied to minor incidents defined as defiance, disrespect, insubordination, and non compliance and refusal to follow direction. At the end of the year 2024 - 2025 school year, STES had 1,098 office referrals. The categories of Defiance, disrespect, insubordination, and non compliance: 241 referrals, and Refusal to follow direction: 126 referrals, representing 62% of the office referral entries.

Semester Goal: **For the 2025 - 2026 school year we will reduce the ratio of office referrals by 10%. By improving student to teacher positive relationships following training on how Educators Handbook incidents are entered, by Julie Spindler, and district leveled behavior expectations. If we are successful we will have evidence of a reduction in the office referrals ratio tied to minor incidents defined as defiance, disrespect, insubordination, and non compliance and refusal to follow direction.**

Objective: Lowering the amount of office referrals for the categories of defiance/disrespect/insubordination/non-compliance, and refusal to follow directions/procedures.

Prioritized Key Components:

TCSD Strategic Model Area(s) and AHLP: Safe and orderly environment.

Metrics:

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Teacher training during Principal Day at the beginning of the 2025-26 school year.	Julie Spindler	Educators Handbook Level Incidents as outlined by TCSD	Principals day at back to school.	Presentation completed and presented.
Repeated and continual check in with teachers/staff throughout the year of how we are doing as a school with documentation from Educators Handbook.	Kenna Aagard, Michelle Fausett, Madi Wallace, Kara Riddle, Aubrey Smith, Betta Jenks	Educators Handbook Data	Whole group PLC	Consistent meetings with notes to report connected.

Whole group PLC Educators Handbook action snapshot.	Kenna Aagard, Michelle Fausett, Aubrey Smith, Betta Jenks	Educators Handbook and Agenda for Whole Group PLC	At each Whole Group PLC	Educators Handbook Data will reflect the reduction in ratio of incidents being marked as office referrals.

Mid Semester Check-in: If we are successful we will have evidence of a 10% reduction in office referrals tied to minor incidents that are defined as defiance/disrespect/insubordination/non-compliance and refusal to follow directions/procedures When compared with last year's referral ratio..

End of Semester Review: If we are successful we will have evidence of a 20 % reduction in office referrals tied to minor incidents defined as defiance/disrespect/insubordination/non-compliance and refusal to follow directions/procedures when compared with last year's referral ratio.

Campus Priority 3:

Annual Goal: During the 2025 - 2026 school year, K - 6 teachers will implement biweekly tracking of math fact fluency for all students. Student data will be collected for addition and subtraction mastery in K - 2 and multiplication and division in 3 - 6. Fluency data will be monitored quarterly by administration. By the end of the 2025 - 2026 school year students in grades K - 2 will experience a 5% growth in math composite scores when compared to 2024 - 2025 EOY composite scores. By the end of the 2025 - 2026 75% of students in 3 - 6 will have mastery and recall of multiplication facts up to 10X10 with 90% accuracy on available questions.

Semester Goal: **During the 2025 - 2026 school year, K - 6 teachers will implement biweekly tracking of math fact fluency for all students. Student data will be collected for addition and subtraction mastery in K - 2 and multiplication and division in 3 - 6. Fluency data will be monitored quarterly by administration. Strategic Model Area 5: Systems of Operations

What school-wide processes do you need to put in place? Consider areas like attendance, tardies, etc.

Are duty schedules effective and covering all areas needed. What are the expectations when on duty, are they followed? How do you know or track it?

Consider all systems in your building and choose at least one to target for improvement.

West Elementary School

Fall 2026 Semester Plan

Principal: Thomas Trotter

Team Members: Aly Larsen, Kellie Thomas, Emilee Liddiard, Sydney Whatcott, Thomas Trotter

Campus Priority 1:

Annual Goal: By the end of May 2026, West Elementary will increase our Math Acadience (k-6) scores by 20% by using research-based Tier 1 instruction daily, tracking progress monitoring data weekly, and participating in professional development monthly.

Semester Goal: By the Middle of Year Acadience benchmark, West Elementary will increase our Math Acadience (k-6) scores from the beginning of the year benchmark to the middle of the year benchmark by 10% by using research-based Tier 1 instruction daily, progress monitoring data regularly, and participating in professional development monthly.

Objective: To increase the number of students proficient in all math concepts.

Prioritized Key Components: Tier 1 math instruction, CFAs and the CFA Cycle, math interventions

TCSD Strategic Model Area(s) and AHLP: Curriculum, Instruction, Assessment – Strategic Use of Assessment, Data-Informed Systems of Support

Metrics: Acadience Math benchmarks and progress monitoring, CFAs, unit assessments, intervention data

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion
Through the creation of at least one CFA focused on math, teachers will be trained on the effective use of data to improve tier 1 instruction.	Aly Larsen	PLC time, CFA resources and training, Early release time.	September 3, 16, October 1, 15, 20, November 5, 18, 18, December 3, 17, 19	Each teacher will create at least one math CFA and will successfully complete the CFA cycle, using data appropriately throughout.
GVCs created last year will guide our math instruction and will be updated at least monthly.	Emilee Liddiard	GVC spreadsheet, Time during PLCs	September 4, October 2, November 6, December 4	The GVC spreadsheet will be a living document, will be referenced and updated regularly, and will ensure appropriate math instruction.
Teachers will be given time to learn the Into Math program collaboratively to understand the resources available and make plans to use them.	Kellie Thomas	Into Math books and online access, time during PLCs	September 10	Teachers will use the appropriate resources of the Into Math program successfully during tier 1 and 2 instruction time in the classroom, data will show growth through math learning.
Schoolwide collaboration time will be used to create DAO progressions for math units as part of the CFA cycle.	Sydney Whatcott	PLC time, CFA/DAO resources and training, Early release time.	September 3, 16, October 1, 15, 20, November 5, 18, 18, December 3, 17, 19	Each teacher will create at least one math DAO progression and will successfully complete the CFA cycle.
Math intervention time will be dedicated for 30 minutes daily through the	Thomas Trotter	Master Schedule, 30 minutes daily of instruction time	September 2, daily following	Math scores will improve, and skill gaps will decrease as recorded through CFAs,

creation of the master schedule and will be utilized in each classroom.				unit assessments, and intervention data.

Mid Semester Check-in: October 15, 2025

End of Semester Review: December 17, 2025

Campus Priority 2

Annual Goal: Teachers will fully understand and implement core PLC practices guided by data and lead by the four PLC questions.

Semester Goal: All teacher teams will be trained on effective PLC (Professional Learning Community) meetings, weekly PLC meetings will be held, and at least 80% of PLC agendas and data will be submitted to the school principal.

Root Cause: Teachers struggle to collaborate effectively and to incorporate data in PLC meetings or have not fully been trained in the practice.

Objective: Collaborate with their teams, improve tier 1 instruction, be guided by data, and provide interventions and extensions as appropriate.

Prioritized Key Components: Weekly data informed PLC meetings, Productive intervention groups, Collaboration

TCSD Strategic Model Area(s) and AHLP: Communication, Culture, Relationships – Clear, Accurate, and Timely Communication, and Curriculum, Instruction, Assessment – Strategic Use of Assessment, Data-Informed Systems of Support

Metrics: PLC agendas, Data from data meetings, Organized and intentional intervention groups

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion
A teacher from each grade level team will attend the Solution Tree PLC conference to be effectively trained in effective PLCs.	Thomas Trotter	TSSA Money to pay for the conference, substitutes for classes when teachers are at the training.	September 30 – October 2	Six teachers will have attended all three days of the conference, will have notes from each session, and will be prepared to train their teams.
Norms and responsibilities will be established and agreed upon for grade level PLC meetings.	Sydney Whatcott	PLC Agendas	September 10	Each team will have agreed upon norms on their agendas and through observations during PLC meetings, norms and responsibilities will be referenced.
Following the PLC conference, the PLC agenda will be intentionally updated, structured around the four PLC questions.	Kellie Thomas	PLC Agendas	October 16	All grade levels will have updated PLC agendas guided by the four essential questions.
Through the creation of CFAs, teachers will be trained in the effective use of data in PLC meetings.	Aly Larsen	PLC time, CFA resources and training, Early release time.	September 3, 16, October 1, 15, 20, November 5, 18, 18, December 3, 17, 19	Each teacher will create at least one CFA and will successfully complete the CFA cycle, using data appropriately throughout.

Teachers will be trained in the appropriate use of the new PLC agenda.	Emilee Liddiard	PLC time for training	October 23	All teachers will be in attendance for training, and practices learned will be observed during grade level PLC meetings weekly.

Mid Semester Check-in: October 15, 2025

End of Semester Review: December 17, 2025

Campus Priority 3:

Annual Goal: By February's PTC, Students will conduct student led conferences, taking accountability of their data by presenting their data and progress to their parents, as recorded in their data folders.

Semester Goal: All kindergarten through sixth grade students will create goals and track monthly progress through data folders regarding academics and other areas as needed.

Objective: Increase student accountability and engagement in their learning, improve student test scores.

Prioritized Key Components: Data folders, Goal Creation and Monitoring, Feedback and Coaching

TCSD Strategic Model Area(s) and AHLP: Curriculum, Instruction, Assessment – Data Informed Systems of Supports, and Communication, Culture, and Relationships – Clear, Accurate, and Timely Communication

Metrics: Data Folders, Tracking Sheets, RISE, and Acadience Testing Data

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion
All students will create academic (and other areas as needed) goals in their data folders.	Sydney Whatcott	Data folders, class time for creation and tracking.	September 12	Goals will be recorded, and graphs will monitor the progress of each goal created. Students will be able to explain their goals and progress.
All teachers will use the CHAMPS classroom management strategies to ensure structure to provide the best setting for learning and data collection.	Aly Larsen	CHAMPS training during faculty meetings and observation time.	September 4, October 2, November 6, December 4	Observations will show the CHAMPS strategies references and students will behave appropriately. Adequate instruction and practice time will take place daily.
All teachers will meet with each student at least monthly to record data and provide feedback and coaching on goals and progress.	Emilee Liddiard	Class time for meetings	September 26, October 31, November 28, December 18	Students will graph their own progress, will have direction from their teachers, and progress on goals will be documented.
Additional data folders will be purchased as needed.	Thomas Trotter	Money for folders	September 2	All students will have their own folder to use for data collection and tracking.
Teachers will share the goals and graphs of two students quarterly with other teachers, one student who is progressing and one where collaboration from others is needed.	Sydney Whatcott	Data, Graphs, PLC time to share	October 2, December 4	Data will be monitored at least monthly, and collaboration will take place quarterly to intervene where necessary. Teachers will obtain new strategies and interventions to use with their students.
Student buddies will be assigned to each other,	Kellie Thomas	Buddy assignments need to be made, time	Every other week at times agreed upon	Buddies will be met with regularly and academic

will meet every other week, and will focus on skills to improve data outcomes.		given to meet with every other week	by the classroom teachers starting September 8.	improvement will be measured as tracked through data folders.
Teachers will train and students will present their data to their assigned buddies to practice presenting for parent teacher conferences.	Kellie Thomas	Time given in class for training by the teachers and time for students to practice with their buddies, up to date data folders.	During the month of December, as agreed upon by the classroom teachers.	Students will feel confident in presenting their data to their parents during parent teacher conferences.

Mid Semester Check-in: October 15, 2025

End of Semester Review: December 17, 2025

Long Term Outcomes

Long term outcomes should be focused on students (e.g., RISE, ASPIRE+, ACT, Attendance, Behavior, etc.). When determining these outcomes conduct a data review of the past few years (see your data dashboard in OneDrive) and identify reasonable trajectories.

School Vision: At West Elementary, we have the core values that every student can and will learn. We understand each student's learning needs and uniquely meet those needs. Our primary goal as a school is continual improvement for both students and staff members. We expect our instructional leaders to communicate effectively and to provide constructive feedback regularly. We expect our teachers to be prepared and engaging in each lesson and to teach using the best teaching practices. We expect our students to show responsibility by making learning a priority. At West Elementary, we are shaping the future to make the world a better place.				
Indicator(s)	Data Source	Baseline Data (24-25)	Y1 Results (25-26)	Y2 Target (26-27)

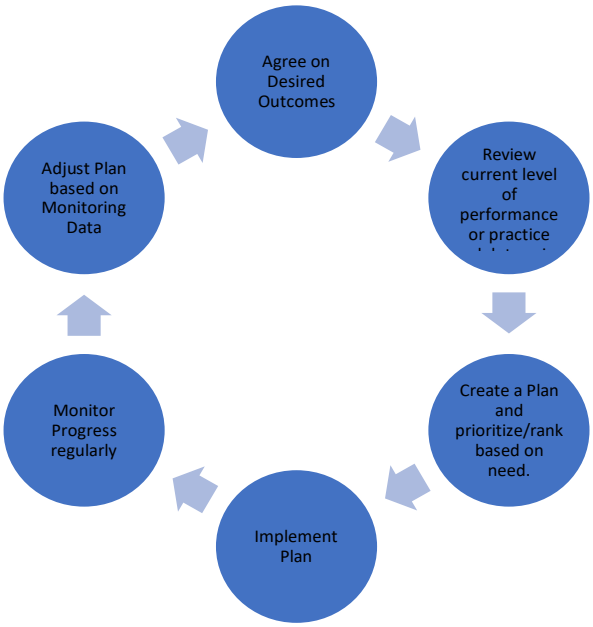
Semester Planning Tool

Aligned with the TCSD's Strategic Model

7 Reasons Why Creating a Semester Plan can help your school improve:

1) Articulates a shared vision, mission, and values.
2) Effectively organizes schools and their staff.
3) Defines how success is measured.
4) Aids the school board with governance decisions and provides direction for the future.
5) Increases communication and engagement.
6) Keeps everyone in a school – from teachers to administrators – connected.
7) The best reason of all for semester planning comes back to every great school's number one priority: students.

Process:



Needs Assessment Section

Definition: A needs assessment is a systematic process for determining and addressing needs, or "gaps" between current conditions and desired conditions or "wants".

Needs Assessment Questions

These questions **do not all need to be answered** in your plan. They are here so you can reflect and plan in the areas you and your building leadership team deem necessary. They are also not all-inclusive - meaning you should focus on your school's needs and those needs could be outside of the questions below.

Strategic Model Area 1: Teachers, Leaders, Support Staff

This is the staff capacity building element of the strategic model. How are you building your staff's capacity and are you hiring and supporting the best people possible? Are you holding people accountable and expecting them to be responsible for performing at high levels? How do you track it? What do you do when they are not performing?

Are you distributing resources (material needs, human support, etc.) in such a way that teachers have all they need to be their best? Consider your building's budget. What percentage is spent on academics and in what ways? Do departments/teams get equitable resources? How do you know?

Are you providing professional development that is relevant, timely, and targeting individual teacher needs rather than relying solely on whole-group professional development? How do you know it is relevant to all and at their level? How do you measure this?

Review new teacher feedback for your building. Did they feel supported, what suggestions did they make?

Look at teacher data, what areas of growth are needed to support them? What professional development do they need and how will you facilitate it in a differentiated way?

Think about your hiring practices. Are they timely? Are you able to attract staff that you need and of high quality? If not, what can you do differently?

How do you onboard new teachers to your school in areas such as: PLCs, systems, etc.?

Additional Resources to consider:

reproducible2.2level2longformleadingindicatorsurveyforadministrators.pdf (soltreemrls3.s3-us-west-2.amazonaws.com)

Strategic Model Area 2: Curriculum, Instruction, Assessment

Does every classroom provide daily lessons following a coherent instructional format including the components of the Instructional Framework? What components of the framework are strengths and weaknesses?

Does every classroom have a scope and sequence creating a guaranteed and viable curriculum that reflects grade level standards? Are these documents shared among teacher teams and administrators? Have the essential skills within the units been identified?

Does every classroom have and utilize common formative assessments (CFA) to determine the learning progress of each student? Do current CFA's produce the feedback students and teachers need? Are there any units that still need CFA's to be created?

Are procedures established to regularly review student learning progress and respond in a timely manner? Do PLC's have norms and processes to support this work? Do teachers have systems to support reteaching? Does the school have systems to deliver interventions on the highest leverage skills?

This is also where you can put your specific smart goals for growth in academic areas and how you plan to address them and monitor them. Do not forget to include special populations, intervention, and extension.

How are you engaging with your school's data? How are teachers using data? How often do you meet with teachers to review data and support them in a plan of action?

**A clear and precise plan of action for meeting with staff and troubleshooting with them in small groups or individually on a regular basis should be well described in this section.*

Strategic Model Area 3: Communication, Culture, Relationships

How frequently and effectively do you communicate with parents on a school-wide basis? What is your expectation of staff/parent communication? How do you check it? How frequently are teachers expected to update grades? How often do you check?

What does the entryway of your school look like? Is it inviting? Is it clean? Does your office staff smile and greet everyone who enters in a similar way? How are you measuring things you are targeting in this goal area?

What is your parent engagement plan? How will you target all groups in your school? How will you accommodate for Spanish-speaking families?

What do you have in place to consider staff morale? Do you consider the ups and downs of the year and how to target those known dips? How will teachers feel supported? How will you know?

Strategic Model Area 4: Safe and Orderly Environment

This is where you can evaluate the number of office referrals you have and make behavior goals. What is your school-wide behavior/student culture approach? How will you measure its success?

Think about the beautification of your building. Is it inviting? Is student work what people see or old photos and canned posters?

How will you ensure your school always looks clean and orderly? Has your building struggled with vandalism? What are strategies you plan to incorporate to discourage it, respond when it happens, etc.

Consider student arrival and dismissal as well as areas that are less supervised and cause problems. How will you address those?

Strategic Model Area 5: Systems of Operations

Campus Priority 2: GVC's

Annual Goal: To see students improve their understanding and achievement of the curriculum taught at the CLC

Semester Goal: Teachers will learn and develop Common Formative Assessments (CFA) and plan 2 CFA Cycles

Objective: Two CFA Cycles will be created and used in the 2025-2026 school year

Prioritized Key Components: GVCs, DAOs, CFA, and CFA Cycle plans.

TCSD Strategic Model Area(s) and AHLP: Curriculum, Instruction, Assessment. Strategic Use of Assessment

Metrics: Creation of two CFA cycles showing growth of student learning and Achievement.

Campus Priority 3: Attendance

Annual Goal: Increase individual attendance rate for Blue Peak students

Semester Goal: To have 85% of Blue Peak students attend 70% or more

Objective: Decrease the number of students with a 65% or lower attendance rate

Prioritized Key Components: Rewards Cart, Panther Cards, Post top attendance/promptness by grade level, teacher engagement, mentoring, goal setting meetings

TCSD Strategic Model Area(s) and AHLP: Safe and Orderly Environment

Metrics: Decrease the number of students with a low attendance rate by 10%

Long Term Outcomes

Long-term outcomes should be focused on students (e.g., RISE, ASPIRE+, ACT, Attendance, Behavior, etc.). When determining these outcomes, conduct a data review of the past few years (see your data dashboard in OneDrive) and identify reasonable trajectories.

School Vision: To help students attend, learn, earn credit, and graduate in preparation for a career or college.

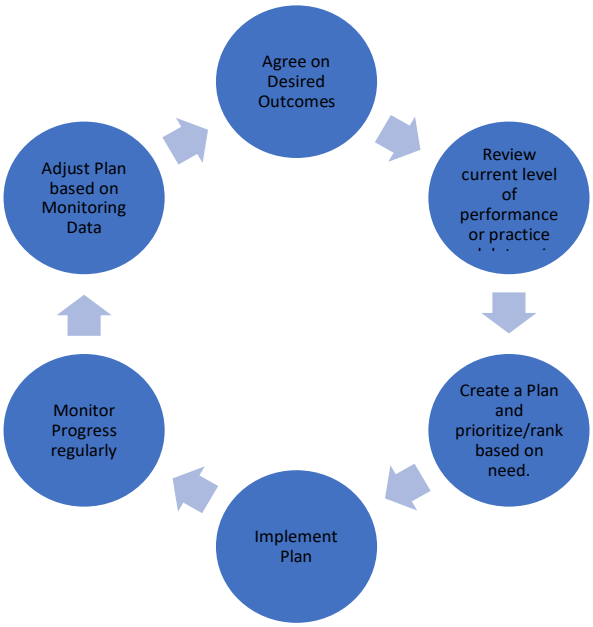
Semester Planning Tool

Aligned with the TCSD's Strategic Model

7 Reasons Why Creating a Semester Plan can help your school improve:

1) Articulates a shared vision, mission, and values.
2) Effectively organizes schools and their staff.
3) Defines how success is measured.
4) Aids the school board with governance decisions and provides direction for the future.
5) Increases communication and engagement.
6) Keeps everyone in a school – from teachers to administrators – connected.
7) The best reason of all for semester planning comes back to every great school's number one priority: students.

Process:



Needs Assessment Section

Definition: A needs assessment is a systematic process for determining and addressing needs, or "gaps" between current conditions and desired conditions or "wants".

Needs Assessment Questions

These questions **do not all need to be answered** in your plan. They are here so you can reflect and make a plan in the areas you and your building leadership team deem necessary. They are also not all-inclusive - meaning you should focus on your school's needs and those needs could be outside of the questions below.

Strategic Model Area 1: Teachers, Leaders, Support Staff

This is the staff capacity building element of the strategic model. How are you building your staff's capacity and are you hiring and supporting the best people possible? Are you holding people accountable and expecting them to be responsible for performing at high levels? How do you track it? What do you do when they aren't performing?

Are you distributing resources (material needs, human support, etc) in such a way that teachers have all they need to be their best? Consider your building's budget. What percent is spent on academics and in what ways? Do departments/teams get equitable resources? How do you know?

Are you providing professional development that is relevant, timely, and targeting individual teacher needs rather than relying solely on whole-group professional development? How do you know it's relevant to all and at their level? How do you measure this?

Review new teacher feedback for your building. Did they feel supported, what suggestions did they make?

Look at teacher data, what areas of growth are needed to support them? What professional development do they need and how will you facilitate it in a differentiated way?

Think about your hiring practices. Are they timely? Are you able to attract staff that you need and of high quality? If not, what can you do differently?

How do you onboard new teachers to your school in areas such as: PLCs, systems, etc?

Strategic Model Area 2: Curriculum, Instruction, Assessment

Does every classroom provide daily lessons following a coherent instructional format including the components of the Instructional Framework? What components of the framework are strengths and weaknesses?

Does every classroom have a scope and sequence creating a guaranteed and viable curriculum that reflects grade level standards? Are these documents shared among teacher teams and administrators? Have the essential skills within the units been identified?

Does every classroom have and utilize common formative assessments (CFA) to determine the learning progress of each student? Do current CFA's produce the feedback students and teachers need? Are there any units that still need CFA's to be created?

Are procedures established to regularly review student learning progress and respond in a timely manner? Do PLC's have norms and processes to support this work? Do teachers have systems to support reteaching? Does the school have systems to deliver interventions on the highest leverage skills?

This is also where you can put your specific smart goals for growth in academic areas and how you plan to address them and monitor them. Don't forget to include special populations, intervention, and extension.

How are you engaging with your school's data? How are teachers using data? How often are you meeting with teachers to review data and support them in a plan of action?

**A clear and precise plan of action for meeting with staff and troubleshooting with them in small groups or individually on a regular basis should be well described in this section.*

Strategic Model Area 3: Communication, Culture, Relationships

How frequently and effectively do you communicate with parents on a school-wide basis? What is your expectation of staff/parent communication? How do you check it? How frequently are teachers expected to update grades? How often do you check?

What does the entryway of your school look like? Is it inviting? Is it clean? Does your office staff smile and greet everyone who enters in a similar way? How are you measuring things you're targeting in this goal area?

What is your parent engagement plan? How will you target all groups in your school? How will you accommodate for spanish-speaking families?

What do you have in place to consider staff morale? Do you consider the ups and downs of the year and how to target those known dips? How will teachers feel supported? How will you know?

Strategic Model Area 4: Safe and Orderly Environment

This is where you can evaluate the number of office referrals you have and make behavior goals. What is your school-wide behavior/student culture approach? How will you measure its success?

Think about the beautification of your building. Is it inviting? Is student work what people see or old photos and canned posters?

How will you ensure your school always looks clean and orderly? Has your building struggled with vandalism? What are strategies you plan to incorporate to discourage it, respond when it happens, etc.

Consider student arrival and dismissal as well as areas that are less supervised and cause problems. How will you address those?

Strategic Model Area 5: Systems of Operations

What school-wide processes do you need to put in place? Consider areas like attendance, tardies, etc.

Are duty schedules effective and covering all areas needed. What are the expectations when on duty, are they followed? How do you know or track it?

Consider all systems in your building and choose at least one to target for improvement.

2025-2026 Semester Plan

Principal: Jeff Wyatt

Team Members: Jared Small, Rick Spence, Kaycee Roberts, Rebecca Bates, Heather Staten, Stephen Duggan, Shelly Timothy, Donna Howsden, Ruth Nichols, BJ Hunter, Holly Courtney, Chris Wilcox, Carol Beckstead, James Walter, Michelle Smith, Heidi Johansen

Annual Goal: By May 2026, the average number of tardies per student will be reduced by 5% from the previous school year as reported by Skyward attendance data accurately recorded by teachers.

Semester Goal: By December 2025, the average number of tardies per student will be reduced by 2.5% from the previous school year as reported Skyward

Objective: To reduce the number of tardies, reduce interruptions in the classroom, and increase quality instruction time

Prioritized Key Components: clear expectations outlined for students and teachers, attendance completion data, student attendance and tardy data

TCSD Strategic Model Area(s) and AHLP: Safe and Orderly Environment

Metrics: term 1 2024 data, term 2 2024 data, term 3 2025 data, term 4 2025 data, yearly total from 2024-2025 (15.75 tardies per student) midterm, end of term tardy data for 2025-2026

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Teachers in the hallway for the first 5 minutes of prep period	Jared Small	Train teachers on expectations of behaviors during the 5 minutes, the rewards, and consequences	July 30th - Teachers placed in teams for patrolling the hallway July 1st – Admin assigned to specific hallways for each prep August 1st - extrinsic reward system set up for teachers August 1st – Accountabilities for teachers set up	Teachers will be in the hallway Track the number of extrinsic rewards given out Track the number of reminder emails sent to teachers – this number should decrease
Teachers at their doors during passing periods	Jeff Wyatt	Train teachers on expectations of being at their doors	August 12, 2025	Teachers will be at their doors greeting students during passing periods

		Provide teachers with examples of how to help student get to class		
Ensure that teachers are entering attendance data correctly	Kaycee Roberts	Reports from Skyward Notify teachers with personal email from admin after 5 missed class periods	Begin the first week of school	Fewer emails being sent to teacher – there will be spread sheet to track teachers taking attendance
Create an incentive program to get students to class	Jared Small	**Communication Plan:** To inform students, parents, and staff about the program details, rules, and incentives. **Budget:** A clearly defined budget to cover the costs of incentives, and promotional materials **Teacher/Parent Feedback:** To gather insights on challenges and potential solutions. **Research on Effective Incentive Programs:** Examples from other schools or educational institution	August 12th – so it can be introduced to faculty at principal's day and implemented beginning the first day of school	Fewer students in the hallway during instructional time. Reduction in the number of student's tardy to class
Student Government giving encouraging messages and the importance of being on time.	Kaycee Roberts	Clear expectations on what should be communicated by the student government students **Faculty Advisor/Mentor:** A teacher or staff member with experience in media, film, or marketing who can guide the student government, provide	August 18th – to show students at the beginning of the school year	Videos will be created and shown to the student body on several different occasions to encourage positive behavioral changes.

		technical advice, and ensure school policies are followed. **Technical Support:** Someone from the school's IT department or media specialist to troubleshoot equipment issues, assist with software, or provide access to school resources. **Distribution Plan:** how will the information be disseminated to all stake holders		

Mid Semester Check-in: October 21, 2025

End of Semester Review: December 19, 2025

Campus Priority 2: Implementation of CFA's

Annual Goal: By the end of the school year, 100% of teachers would have created at least 2 CFA's in their content teams and completed 2 CFA cycles

Semester Goal: By the end of the first semester 100% of teachers will have completed the DAO progression for one content area and written one CFA

Objective: To implement strategic and systemic assessments that will allow teachers to make data informed decisions on instruction

Prioritized Key Components: GVCs, DAO progression, CFAs, CFA feedback processes

TCSD Strategic Model Area(s) and AHLP: Curriculum, Instruction and Assessment - Strategic use of assessment

Metrics: GVC data, CFA completion data, Individual CFA analysis data, Team CFA analysis data

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Introduction to the CFA process	Kaycee Roberts	A guide for Unit Design in TCSD Slide show to accompany the guide for unit design Time for teachers (especially in professional learning communities - PLCs) to collaborate on designing common formative assessments, aligning them with curriculum, and developing rubrics/scoring guides	Principal's Day August 12, 2025	Teachers will attend the introductory training an leave with a better understanding of the what and why of CFAs.
Begin CFA creation	Kaycee Roberts	**Workshops and Training:** Professional development specifically focused on effective formative assessment practices, including design, implementation, data analysis, and feedback. Completed GVC written last school year Time to work in content area teams to begin working	September 16	Teachers will be able to confidently begin working on the creation of the first of two CFA's
Completion of the 1st CFA by teachers	Kaycee Roberts	Training on the DAO progression and writing a CFA Completed GVC written last school year	November 18	Teachers will have completed the DAO progression in one content area and finished writing the first CFA

		Time to work in content area teams to begin working **Coaching and Mentoring:** Opportunities for teachers to receive individualized coaching or be mentored by experienced colleagues on formative assessment.		

Mid Semester Check-in: October 21, 2025

End of Semester Review: December 19, 2025

Campus Priority 3: Communication

Annual Goal:

Semester Goal: We will establish a clear, reliable, and frequent internal communication plan for all stakeholders of THS. This includes creating a weekly newsletter from the administration, a monthly newsletter emailed to parent/guardians, and three teacher contacts per week to provide updates, share key information, and answer questions. The success of this initiative will be measured by a 50% reduction in staff and stakeholder complaints regarding lack of communication, as tracked through a quarterly staff feedback survey and yearly stakeholder surveys. We will launch the new communication plan by the first week of the new school year and measure initial progress at the end of the first quarter

Objective: To improve communication administration to staff, staff to parents and administration to parents. We believe that Improving communication is critical for boosting staff morale, ensuring everyone is aligned on school goals and policies, and creating a more transparent and supportive work environment, which directly impacts student success.

Prioritized Key Components: Canva, Parent Square, KDS, School and district calendars

TCSD Strategic Model Area(s) and AHLP: Communication, Culture, relationships

Metrics: Weekly Newsletter archives, Monthly newsletter archives, teacher and stakeholder satisfaction surveys

Specific Actions	Person Responsible	Resources	Timeline for Implementation	Evidence of Successful Completion (what a successful outcome looks like… "how you will know" you've accomplished this component).
Weekly newsletter sent out to staff members with upcoming events, staff highlights and information from the KDS, and teaching tips	Kaycee Roberts	Canva, staff email lists, weekly KDS, school and district calendars	Template for newsletter will be completed by July 13 First Newsletter sent out by August 22 Newsletter sent out the Friday of each week	Weekly newsletter will be sent out and teachers will feel better informed about what is happening in the school
Monthly newsletter sent home to parents	Jared Small	Canva, parent email list, Parent Square or Skyward, district and school calendars,	Template for newsletter will be completed by August 12th Newsletter updated and sent out to stakeholders by the 30th of each month	Parents and other stakeholders will feel better informed and school satisfaction survey results will improve
Teachers will do three communications home per week	Jeff Wyatt	Parent Square, Skyward, parent contact log	Inform teachers of the new expectation on principal's day August 12 Teacher self report survey created by Sept 5.	Staff will report on their progress and data will be taken from this. Parents will feel better informed and school satisfaction survey results will improve

			First teacher survey sent out by September 30

Long Term Outcomes

Long term outcomes should be focused on students (e.g., RISE, ASPIRE+, ACT, Attendance, Behavior, etc.). When determining these outcomes conduct a data review of the past few years (see your data dashboard in OneDrive) and identify reasonable trajectories.

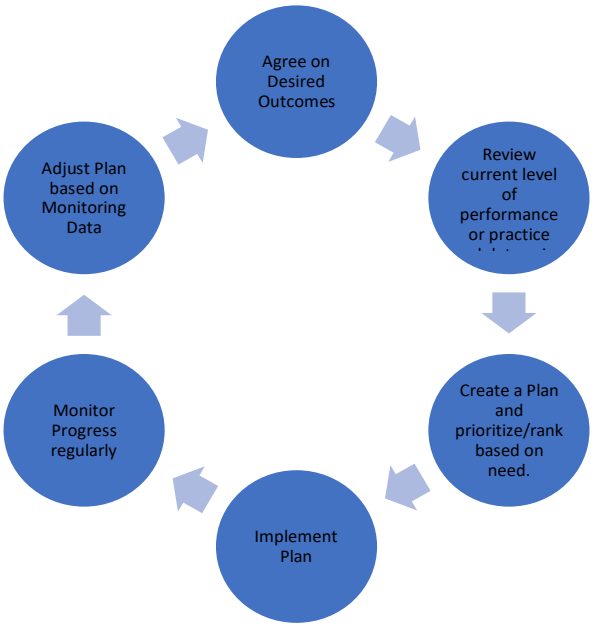
Semester Planning Tool

Aligned with the TCSD's Strategic Model

7 Reasons Why Creating a Semester Plan can help your school improve:

1) Articulates a shared vision, mission, and values.
2) Effectively organizes schools and their staff.
3) Defines how success is measured.
4) Aids the school board with governance decisions and provides direction for the future.
5) Increases communication and engagement.
6) Keeps everyone in a school – from teachers to administrators – connected.
7) The best reason of all for semester planning comes back to every great school's number one priority: students.

Process:



Needs Assessment Section

Definition: A needs assessment is a systematic process for determining and addressing needs, or "gaps" between current conditions and desired conditions or "wants".

Needs Assessment Questions

These questions **do not all need to be answered** in your plan. They are here so you can reflect and make a plan in the areas you and your building leadership team deem necessary. They are also not all-inclusive - meaning you should focus on your school's needs and those needs could be outside of the questions below.

Strategic Model Area 1: Teachers, Leaders, Support Staff

This is the staff capacity building element of the strategic model. How are you building your staff's capacity and are you hiring and supporting the best people possible? Are you holding people accountable and expecting them to be responsible for performing at high levels? How do you track it? What do you do when they aren't performing?

Are you distributing resources (material needs, human support, etc) in such a way that teachers have all they need to be their best? Consider your building's budget. What percent is spent on academics and in what ways? Do departments/teams get equitable resources? How do you know?

Are you providing professional development that is relevant, timely, and targeting individual teacher needs rather than relying solely on whole-group professional development? How do you know it's relevant to all and at their level? How do you measure this?

Review new teacher feedback for your building. Did they feel supported, what suggestions did they make?

Look at teacher data, what areas of growth are needed to support them? What professional development do they need and how will you facilitate it in a differentiated way?

Think about your hiring practices. Are they timely? Are you able to attract staff that you need and of high quality? If not, what can you do differently?

How do you onboard new teachers to your school in areas such as: PLCs, systems, etc?

Strategic Model Area 2: Curriculum, Instruction, Assessment

Does every classroom provide daily lessons following a coherent instructional format including the components of the Instructional Framework? What components of the framework are strengths and weaknesses?

Does every classroom have a scope and sequence creating a guaranteed and viable curriculum that reflects grade level standards? Are these documents shared among teacher teams and administrators? Have the essential skills within the units been identified?

Does every classroom have and utilize common formative assessments (CFA) to determine the learning progress of each student? Do current CFA's produce the feedback students and teachers need? Are there any units that still need CFA's to be created?

Are procedures established to regularly review student learning progress and respond in a timely manner? Do PLC's have norms and processes to support this work? Do teachers have systems to support reteaching? Does the school have systems to deliver interventions on the highest leverage skills?

This is also where you can put your specific smart goals for growth in academic areas and how you plan to address them and monitor them. Don't forget to include special populations, intervention, and extension.

How are you engaging with your school's data? How are teachers using data? How often are you meeting with teachers to review data and support them in a plan of action?

**A clear and precise plan of action for meeting with staff and troubleshooting with them in small groups or individually on a regular basis should be well described in this section.*

Strategic Model Area 3: Communication, Culture, Relationships

How frequently and effectively do you communicate with parents on a school-wide basis? What is your expectation of staff/parent communication? How do you check it? How frequently are teachers expected to update grades? How often do you check?

What does the entryway of your school look like? Is it inviting? Is it clean? Does your office staff smile and greet everyone who enters in a similar way? How are you measuring things you're targeting in this goal area?

What is your parent engagement plan? How will you target all groups in your school? How will you accommodate for spanish-speaking families?

What do you have in place to consider staff morale? Do you consider the ups and downs of the year and how to target those known dips? How will teachers feel supported? How will you know?

Strategic Model Area 4: Safe and Orderly Environment

This is where you can evaluate the number of office referrals you have and make behavior goals. What is your school-wide behavior/student culture approach? How will you measure its success?

Think about the beautification of your building. Is it inviting? Is student work what people see or old photos and canned posters?

How will you ensure your school always looks clean and orderly? Has your building struggled with vandalism? What are strategies you plan to incorporate to discourage it, respond when it happens, etc.

Consider student arrival and dismissal as well as areas that are less supervised and cause problems. How will you address those?

Strategic Model Area 5: Systems of Operations

What school-wide processes do you need to put in place? Consider areas like attendance, tardies, etc.

Are duty schedules effective and covering all areas needed. What are the expectations when on duty, are they followed? How do you know or track it?

Consider all systems in your building and choose at least one to target for improvement.
