4. Academics

4.1 Beginning of Year Data 13 - 37

Point of Contact: Dr. Cody Reutzel, Executive Director of Teaching and Learning

Dr. Cody Reutzel, Executive Director of Teaching and Learning, and Andy Peterson, Director of Assessment and Research, presented the Fall 2025 benchmark data from Acadience and RISE assessments to the Board. The presentation highlighted student proficiency levels in literacy and mathematics across grade levels, with a focus on early

learning outcomes.

Acadience assessments, administered in grades K–3, showed varied proficiency levels in both literacy and math. For example, in first-grade literacy, 71% of students scored at or above benchmark, while in math, only 61% met that threshold. RISE assessments, administered in grades 4–10, revealed that a majority of students scored below proficient in both ELA informational text and math, with proficiency rates ranging from 2% to 13% depending on grade level.

Dr. Reutzel outlined specific achievement goals for the 2025–2026 school year, including:

- **Early Literacy Goal #1**: Increase the percentage of first-grade students scoring “at or above benchmark” from 53% to 68%.
- **Early Literacy Goal #2**: Increase the percentage of kindergarten students scoring “at or above benchmark” from 43% to 68%.
- **Early Math Goal #1**: Advance 59% of second-grade students who were “below benchmark” at the beginning of the year to “at or above benchmark” by year-end.
- **Early Math Goal #2**: Increase third-grade students' scoring “at or above benchmark” from 42% to 57%.

To support these goals, the district will implement the **Into Math** curriculum and launch targeted intervention plans beginning next month.

The benchmark data will continue to inform instructional planning, curriculum development, and support systems across the district.

Point of Contact: Lark Reynolds, Business Administrator

Mr. Lark Reynolds, Business Administrator, presented a proposal for improvements to the Stansbury High School baseball facility. The presentation included the scope of work, safety enhancements, and alignment with District Policy 5006. Formal Board approval was requested to initiate fundraising efforts under the Capital Projects Fund.

During the discussion, Board members emphasized the importance of transparency with donors. Member Thompson requested that the fundraising procedure clearly state that if sufficient funds are not raised within five years, the collected donations will be redirected to other district programs. This condition should be communicated to donors upfront to ensure understanding and agreement.

Point of Contact: Tiffany Miner, Building Scheduling Coordinator

Tiffany Miner, Building Scheduling Coordinator, presented proposed revisions to Policy 9001 for a first reading. The updates reflect recent organizational changes within the district, specifically the transfer of responsibilities from the Assistant Superintendent to the newly established role of Building Scheduling Coordinator. Additionally, the revised policy incorporates references to applicable state code regarding insurance requirements, ensuring alignment with current legal standards and district safety protocols.

During the discussion, Member Thompson expressed concerns regarding the waiver of fees, noting the importance of maintaining fairness and consistency when waiving fees, and suggested that the Operations Director be consulted when fees are waived.

7. Information, Discussion, or Calendar Items

7.1 Business Administrator Report 2455 - 2528

Lark Reynolds, Business Administrator, presented the financial statements for the fiscal year ending June 30, 2025. The reports, which included the Annual Financial Report and Annual Program Report, were submitted to the State through UPEFS and made publicly available on the District's website. Mr. Reynolds reviewed fund balances, noting a net decrease of $42.9 million primarily due to one-time construction expenditures. He also reported that nearly all bond proceeds from the 2020 election and MBA bonds for Stansbury Junior High School had been spent.

In addition to the financial review, Mr. Reynolds initiated a high-level discussion on the District's Capital Projects Fund

and capital reserves to support strategic planning and future decision-making.

7.3 Board of Education Committee Reports 2771 - 2772

Board of Education Committee Reports for October:

- **Audit and Budget Update**
  Vice President Gowans reported that all audits previously requested by the Board have been completed. He informed members that a survey will be distributed in the near future to gather input on future audit priorities. Board members will be asked to identify their top three areas of interest for upcoming audits.
- **Delegate Assembly Report**
  Member Syphus provided an overview of the purpose of the Delegate Assembly, which is to establish joint

legislative priorities for the Utah School Boards Association (USBA). She referenced the USBA website for a full list of priorities and highlighted several key initiatives, including:

- Establishing an education working group
- Providing a 2% increase above guaranteed inflation and growth in the Weighted Pupil Unit (WPU)
- Fulfilling prior commitments to increase funding for at-risk students
- Supporting student attendance through targeted resources
- Developing a plan for the Economic Stabilization Account to allocate 85% of available funds directly to LEAs for school safety capital needs, small school building funds, and educator-directed hours
- Collaborating with the Joint Legislative Committee (JLC) on a long-term educational funding framework

Member Smith also shared insights from the Pre-Delegate Assembly, noting the topics that participants found most important and relevant to current district needs.

FALL BENCHMARKS

TCSD ACADEMIC REPORT, OCTOBER 2025

OUTLINE

1. Benchmarks we administer
2. Why we administer benchmarks
3. Fall Acadience benchmark data
4. Fall RISE benchmark data
5. Achievement goals

BENCHMARKS

ACADIENCE

- Grades K-3
- Math
- Literacy
- Beginning of year (BOY), middle of year (MOY), end of year (EOY)
- *State required*

RISE

- Grades 4-8 (*9-10)
- Math
- Literacy
- *Not state required*

Why Benchmarks?

Benchmark assessments are an educational industry standard as part of a well-rounded assessment framework. Benchmarks are a critical tool for monitoring student progress and informing classroom instruction. Benchmarks do not replace teacher-created common formative assessments. In TCSD, benchmarks serve three primary functions:

• To assess students' progress toward mastery of high-leverage grade-level standards.

• To identify students' strengths and weaknesses related to high-leverage grade-level domains and standards.

• To inform teachers' instructional plans, district curriculum guides, and other school and district support systems.

BENEFITS

Students:

*calibrate understanding

*performance opportunity

Teachers:

*real-time measuring stick

*preparation for summative

*feedback mechanism

Schools/District:

*real-time measuring stick

*longitudinal data

What are TCSD Benchmarks?

TCSD benchmarks are assessments, closely aligned to the format and rigor of summative assessments, administered throughout the school year in English Language Arts (ELA) and Mathematics, grades 4-10.

- ELA benchmarks focus on reading informational text; benchmarks are administered three times throughout the school year to monitor growth, equaling three ELA assessments each year.
- Math benchmarks, in grades 4 – 8, are administered at the beginning of the year and mid-year using RISE Interim tests. RISE Interim tests will be used to show growth from the beginning of the year to the end of the year. Grades 3 – 8 will have two Math Interim benchmarks each year. Grades 9 – 10 will continue with the same schedule as previously identified.

4. Academics

Dr. Cody Reutzel, Executive Director of Teaching and Learning, presented the September academic report to the Board, outlining the Tooele County School District's strategic efforts to improve student achievement. The presentation focused on the implementation of Annual High Leverage Practices (AHLPs), which are foundational, process-based goals applied across all grade levels to support consistent instructional improvement. Excellence Plans were also introduced, targeting specific grades with

content-focused strategies and outcome-based goals. Dr. Reutzel emphasized the district's Theory of Change, which centers on the pivotal role of principals and school leadership in driving sustainable academic growth. A key component of the report was the Guaranteed and Viable Curriculum (GVC), a structured curriculum mapping process designed to ensure every student is taught every standard within the available instructional time. This approach is supported by research identifying GVC as the most influential school-level factor in student achievement. The report concluded with next steps, including the implementation of Common Formative Assessments (CFAs) and the development of systems of support to reinforce instructional practices and ensure fidelity across the district.

Point of Contact: Terry Christensen, Director of Policy, Property, and Legal Affairs

Terry Christensen, Director of Policy, Property, and Legal Affairs, presented proposed revisions to Policy 2002. The primary change clarifies that the District may appoint more than one Assistant Superintendent.

Board Member Smith noted the Board is in a "catch-22" situation, as the audit recommended the change, but it may have fiscal implications.

DISCUSSION TO MOTION: Board Member Syphus expressed similar concerns about cost but stated that, following further review and discussions she has been part of she felt confident the change could be implemented with minimal fiscal impact.

Point of Contact: Marissa Lowry, Director of Special

Education

Marissa Lowry, Special Education Director, presented the first reading of the revised Policy 5047 – Safe Schools: Emergency Safety Interventions. The policy outlines the appropriate use of emergency safety interventions (ESI), including physical restraint and seclusionary time out, to be used only when a student presents an immediate danger to self or others. It prohibits corporal punishment, chemical and mechanical restraints (except as legally permitted), and the use of ESI for disciplinary purposes. The policy also details training requirements for staff, parental notification procedures, documentation protocols, and the role of the ESI Committee in oversight and compliance.

future. The report emphasized continued growth in student achievement, operational efficiency, and staff empowerment.

Key accomplishments included the adoption of a new math curriculum, improved kindergarten proficiency rates, and strengthened formative assessment practices. The district launched internal communication tools to streamline messaging and introduced the Emergent 3 platform for emergency coordination. Strategic systems integration enhanced data flow and cybersecurity across departments.

Looking ahead, the district will implement a unified communication platform for families, a districtwide timekeeping system, and school-based threat assessment teams. The strategic plan for 2025–26 focuses on empowering staff, improving instructional alignment, and fostering safe, inclusive learning environments.

Dr. Ernst also shared progress toward long-term goals: achieving 75% proficiency in K–3 literacy and math, a 90% graduation rate, and eliminating schools with groups in turnaround. The district has completed several audit recommendations and will participate in the accreditation process during the 2026–27 school year.

Board of Education Work Session - Sep 23 2025 Minutes

Tuesday, September 23, 2025, at 6:00 PM

Tooele County School District 92 Lodestone Way Tooele, Utah 84074

THESE MINUTES WERE APPROVED AT THE OCTOBER 14, 2025 BOARD OF EDUCATION MEETING

Board members present: Scott Bryan, Robert Gowans, Melissa Rich, Emily Syphus, Todd Thompson, ValaRee Shields, Elizabeth Smith

Administration Present: Superintendent Ernst, Lark Reynolds, Dr. Jeff Hamm, Dr Cody Reutzel, Brad Hranicky, Dr. Sarah Jarnagin, Angie Gillette, Dustin Nelson, Jackie Gallegos, Heather Castagno, Ian Silva, Robert Curfew

1. Work Session 6 pm (A work session is intended to provide opportunities for board members to study issues in depth, gather and analyze information, and clarify situations and potential solutions. The Board will not make decision or take any action during a work session. While open to the public, these sessions are more informal than the regular board meeting.)

1.1 Welcome and Roll Call
President Rich called the meeting to order at 6:00 pm.

1.2 10 Year Operations Report
Ian Silva, Operations Director, presented the 10-Year Needs Report to the Board of Education, outlining Tooele County School District's long-term facility priorities and strategic planning efforts. His presentation was based on a comprehensive evaluation of the district's buildings and infrastructure, incorporating data from the Facility Condition

Index (FCI), RSMeans cost estimates, and state safety and security requirements. Mr. Silva addressed compliance with recent legislative mandates, including HB 84 (2024) and HB 40 (2025), which require upgrades to emergency communication systems, ballistic-rated glazing, and secure entryways. He emphasized that while these safety improvements are essential, they remain largely unfunded, presenting a significant financial challenge for the district.

Mr. Silva discussed the limitations of the current capital improvement budget, noting that although prioritization has improved, funding has not kept pace with facility needs. He introduced a list of future projects for consideration, including athletic field upgrades, teen centers, solar energy systems, and classroom modernization. He stressed the importance of continued investment to support safe, functional, and future-ready learning environments. Mr. Silva also explained a shift in approach from distributing resources equally across all schools to a more strategic, needs-based prioritization model, distinguishing between wants and needs.

Board members engaged in a detailed discussion following the presentation. Member Syphus expressed concern that delaying projects could lead to increased costs due to inflation. Member Bryan asked whether security-related items were included in the proposed projects, and Mr. Silva confirmed that many were, though funding remains a concern. President Rich inquired about the district's capacity to execute these projects, and Mr. Silva clarified that most large-scale items would be contracted out. Member Bryan also questioned the difference between priority levels 1 and 2 on page 8 of the report, and Mr. Silva explained that the district is now carefully vetting projects to ensure alignment with actual needs.

Member Thompson emphasized the importance of scrutinizing each project, understanding the associated costs, and maintaining transparency. He requested that future presentations be delivered in a standardized report format. Mr. Silva reminded the board that systems such as HVAC units have defined useful lifespans and must be replaced accordingly. President Rich raised the possibility of using

reserve funds to address urgent facility needs. Vice President Gowans asked Mr. Silva to elaborate on the district's preventative maintenance strategy, and Member Thompson requested data from the three pilot schools before expanding initiatives district-wide.

The board also discussed the potential for a future bond initiative, concluding that success is unlikely within the next three years. Vice President Gowans recommended that staff develop a concrete list of priorities and accurate financials, including adjustments for the $40 million allocated to repay the MBA Bond. Member Bryan suggested that closing certain schools could reduce maintenance burdens, and President Rich proposed exploring the idea of moving the 6th grade into junior high schools.

In closing, Superintendent Mark Ernst recapped the board's requests and confirmed that he will work closely with his executive team to gather the necessary information and develop a refined plan. Board members requested that any materials or recommendations be provided at least two weeks prior to the board meeting in which they will be discussed, to allow sufficient time for review and analysis. Member Thompson specifically asked for detailed breakdowns, including what was spent, what could have been spent, the rationale behind decisions, and how those choices may result in future savings. The board also expressed interest in reviewing Priority 1 items and identifying any Priority 2 items that may need to be elevated. Cost estimates for recommended actions and a final accounting of reserve funds will be included. The team will begin work immediately and aim to bring the information back to the board as soon as possible, targeting a December or January timeframe

1.3 Safety and Compliance Director Report

Bob Curfew, Safety and Security Director, presented an overview of Tooele County School District's strategic initiatives and compliance efforts aimed at enhancing safety and security across all schools. He emphasized a multi-

faceted approach that integrates legislative compliance, evidence-based threat assessment protocols, infrastructure upgrades, and personnel training. A central focus of the presentation was the implementation of the Comprehensive School Threat Assessment Guidelines (CSTAG), developed by Dr. Dewey Cornell, which the district has identified as a strategic priority to improve early identification and response to potential threats.

Mr. Curfew also addressed the district's compliance with House Bill 84, highlighting six key safety requirements: armed presence on campuses, wearable panic buttons for staff, first aid and bleed control kits in every classroom, interior door locks for all classrooms, window security film on ground-level windows, and comprehensive camera coverage at all school entrances. These measures are being prioritized to meet state mandates and improve overall school safety.

The district is also moving forward with the installation of the Raptor Visitor Management System in all schools by October 2025. This system allows visitors to check in either by scanning a government-issued ID or using a mobile app. Questions were raised about the app's ability to stay current and updated, which will be reviewed as part of the implementation process.

Mr. Curfew provided an update on the Armed Guardian Program, noting that approximately 20% of applicants are not recommended as fit to carry. Those who pass the initial screening undergo extensive training with the Sheriff's Office, including two full days of firearms training on the range and four hours of active assailant scenario training. He acknowledged challenges in recruiting participants and discussed the need for financial incentives to support and expand the program. Guardians are required to requalify annually to maintain their certification.

In closing, Mr. Curfew recommended that the Board consider financing the initiative with a focus on meeting the 2030 deadline first, as legislative requirements for initiatives with later deadlines may be subject to change before those dates arrive.
