Payson City Forebay Committee

Payson City, Utah

Dear Payson City Forebay Committee Members,

We, the Nebo Composite Mountain Bike Team, support Payson City's vision for the Forebay Conservation Easement in Payson City, Utah.

The Nebo Composite Mountain Bike Team annually includes 300+ student riders from five high school regions geographically from Springville to Santaquin in Southern Utah Valley. Our goal as a team is to help riders develop strength of character, mind, and body through the lifelong sport of cycling. As they participate in practices and races, the riders will make friends, build confidence, gain strength, and have adventures that they will remember for a lifetime!

The Nebo Composite Mountain Bike Team frequently utilizes Forebay during our weekly team practices. The Forebay multi-use trails assist our riders of all ability levels to develop essential bike and trail handling skill sets to improve their safety and enjoyment of all mountain bike trails.

Approval of the Forebay Conservation Easement will preserve this regional cornerstone for the mountain bike community and will continue to be enjoyed by generations to come.

Sincerely,

Matt Barton
