**237**

In Person Election Day – Voters cast their vote utilizing a ballot issued at a voting center on election day

**17**

Provisional – Voters cast their vote utilizing a provisional ballot issued at an early voting location or voting center

# PRE-ELECTION TEST AND AUDIT

## *What, Where, and When*

As required by Utah Code 20A-4-104 Before beginning to count ballots using automatic tabulating equipment, the election officer shall test the automatic tabulating equipment to ensure that it will accurately count the votes cast for all offices and all measures. Additionally a firmware validation must be completed, this verifies the firmware versions used on tabulating equipment matches the official certified firmware versions approved for use in the State of Utah.

A test deck is created which contains ballots from each precinct and each contest involved in the election. Votes are marked for each candidate or question. Under votes (blank ballots) and over voter are also included in the test deck. The test deck is processed through each type of tabulation equipment which will be utilized in the election. The results tabulated from the automatic tabulating equipment is then compared to the pre-determined results.

**October 10,  
2025**

## *Testing Team*

This test is conducted by personnel of the Davis County Clerks Office. It was publicly noticed and was open to the public, candidates and their representatives for viewing. The test was conducted on October 10, 2025 beginning at 10:00am at 61 South Main Street, Farmington, Utah 84025.

## *Results*

All contests were included in the test, all equipment accurately detected over votes and under votes. The results of the test accurately matched the expected results. The firmware in use was confirmed as the approved version on all tabulating equipment. Following this page you will find the Pre Election Test and Audit Report.

# REGISTER OF REPORTS

1. Canvass Certification of Election Officer and Board of Canvass. This document certifies the results as the official results prepared by the Election Officer and approved by the Board of Canvass.

2. Summary of Ballots Not Counted. This report documents the total number of ballot which not were received, but not counted. It identifies the ballot by type and the reason why the ballot was not counted. If applicable, voters were contacted and given an opportunity to resolve issues with their ballot prior to the canvass

3. Ballot Reconciliation. This report documents each ballot reconciliation during the election process. Election Officers are required to reconcile ballots each time ballots are tabulated.

4. Canvass Statistics – This report provides standard statistics for the election as required by the State of Utah.

5. Summary Results Report – One of three election results reports. This report provides a summary of the election results and is considered the official results of the election.

6. Statement of Votes Cast – Second of three election results reports. This report provides a detailed report of ballots cast by type for each voting precinct as well as a breakdown of votes for each candidate or issue by precinct. This report is usually formatted in a digital spreadsheet and is available in a separate electronic file.

7. Cast Vote Record Report – Third of three election results reports. This report provides a detailed report of each ballot cast in the election and an indication of each vote within each race or ballot question. Service District Races are not included in this report. This report is usually formatted in a digital spreadsheet and is available in a separate electronic file.

# POST ELECTION AUDIT

## *What, Where, and When*

A Post election audit consists of four requirements. First is a comparison of the Cast Vote Record to the Election Summary Report. The second is an audit of the tabulating equipment as required by 20A-4-104(1)(f). This audit ensures the automatic tabulation equipment accurately counted the ballots by hand counting select batches of ballots and comparing the hand counted with the results recorded in the tabulation system. It consists of 1 percent of all ballots up to 1,000 ballots. The ballots are selected randomly by the Lt. Governors Office.

The third is an audit of the signature comparisons made between signatures on envelopes and voter signatures maintained by the election officer as required by 20A-3a-402.5. This audit is performed on 1% of all ballot envelopes prior to envelopes being opened and separated from the ballot.

**November 14,  
2025**

The fourth is a final reconciliation of ballots cast to vote history recorded in the voter registration system as required by 20A-4-304 (2)(h). This is documented on the Ballot Reconciliation Report.

Procedures for these audits are set by administrative rules and policy set by the Lt. Governor.

## *Audit Team*

Auditors consisted of Davis County Citizens, and Officials from outside of the Davis County Clerk's Office. It was publicly noticed and was open to the public, candidates and their representatives for viewing. The test was conducted on November 14, 2025 beginning at 10:00am at 61 South Main Street, Farmington, Utah 84025.

## *Results*

The results of the audit accurately matched the tabulated results. No discrepancies were found in the signature comparisons. Following this page you will find the Canvass Audit Certification Report and the Post Election Auditor Certification Report.
