

Hildale / Colorado City Utility Advisory Board

Thursday, December 11, 2025 at 6:00 PM

320 East Newel Avenue, Hildale City, Utah 84784

Agenda

Notice is hereby given to the members of the Hildale/Colorado City Utility Advisory Board and the public, that the Board will hold a public meeting on **Thursday, December 11, 2025 at 6:00 p.m. (MDT)**, at 320 East Newel Avenue, Hildale City, Utah 84784.

Board members may be participating electronically by video or telephone conference. Members of the public may also watch the Utility Advisory Board through the scheduled Zoom meeting.

Join Zoom Meeting

<https://zoom.us/j/95770171318?pwd=aUVSU0hRSFFHcGQvcUIPT3ZYK0p5UT09>

Meeting ID: 957 7017 1318

Passcode: 993804

Comments during the public comment or public hearing portions of the meeting may be emailed to athenac@hildalecity.com. All comments sent before the meeting may be read during the meeting and messages or emails sent during the meeting may be read at the Board Chair's discretion.

Welcome, Introduction and Preliminary Matters: Presiding Officer

Roll Call of Board Attendees: Utility Management Assistant

Pledge of Allegiance: By Invitation of Presiding Officer

Conflict of Interest Disclosures: Board Members

Approval of Minutes of Previous Meetings: Board Members

1. Utility Board Minutes of October 23, 2025.

Public Comments: (3 minutes each - Discretion of Presiding Officer)

Financial Report:

2. Approval of Utility Financial Report and Invoice Register

Reports:

3. Utility Monthly Report
4. Utility Director Report and Updates

Unfinished Board Business:

New Board Business:

5. Consideration, discussion, and recommendation the two City Councils and two Planning Commissions approval of the Creekside Park Subdivision sketch plan with the requirement of water and sewer agreement.

Board Comments: (10 minutes total)

Board members comments of issues not previously discussed in the meeting.

6. December 2025 Utility Calendar

Executive Session: As needed

Infrastructure Improvements Advisory Committee Session: As Needed

Adjournment: Presiding Officer

The Utility Advisory Board may, by motion, recess into executive session, which is not open to the public, to receive legal advice from their attorney(s) on any agenda item, or regarding sensitive personnel issues, or concerning negotiations for the purchase, sale, or lease of real property. Board Members may attend by telephone. The Agenda may be subject to change up to 24 hours prior to the meeting. Individuals needing special accommodations should notify the City Recorder at 435 874-2323 at least three days prior to the meeting.

Hildale / Colorado City Utility Advisory Board

Thursday, October 23, 2025 at 6:00 PM

320 East Newel Avenue, Hildale City, Utah 84784

Minutes

Welcome, Introduction and Preliminary Matters: Presiding Officer

Chair Nielsen called the meeting to order at 6:05 pm.

Roll Call of Board Attendees: Utility Management Assistant

PRESENT

Chair Ezra Nielsen
 Board Member (Vice Chair) Sterling Jessop, Jr.
 Board Member Theil Cooke
 Board Member Dale Barlow, Jr.

ABSENT

Board Member Ruth Steed

Staff Present: Jerry Postema, Nathan Fischer, Athena Cawley, Lisa Timpson

Public Present: Allen Feller

Pledge of Allegiance: By Invitation of Presiding Officer

Board Member Barlow led the pledge.

Conflict of Interest Disclosures: Board Members

No conflict of interest given.

Approval of Minutes of Previous Meetings: Board Members

1. Utility Board Minutes of October 1, 2025.

The Board reviewed the previous meeting minutes and noted no corrections needed.

Motion made by Board Member Barlow, Jr., to approve the minutes of October 1, 2025. Seconded by Board Member Cooke.

Voting Yea: Chair Nielsen, Board Member (Vice Chair) Jessop, Jr., Board Member Cooke, Board Member Barlow, Jr.

Motion Carried.

Public Comments: (3 minutes each - Discretion of Presiding Officer)

No public comments

Financial Report:

2. Approval of Utility Financial Report and Invoice Register

The Board reviewed the Utility Financial Report and Invoice Register. Board members found the financial documents to be consistent with expectations for the new budget year, noting the utility was approximately 25 percent through the fiscal year.

Motion made by Board Member Cooke, to approve the Utility Financial Report and Invoice Register. Seconded by Board Member (Vice Chair) Jessop, Jr..

Voting Yea: Chair Nielsen, Board Member (Vice Chair) Jessop, Jr., Board Member Cooke, Board Member Barlow, Jr.

Motion Carried.

Reports:

3. Utility Monthly Report

Superintendent Fischer provided monthly utility operational updates. Gas and sewer work continued with routine maintenance, while water operations focused on installing eight (8) meters at well sites and connected them to the SCADA system. The Jessop Avenue fill station is now operational, and the million-gallon tank rehabilitation is progressing. Nearly all items from the recent Sanitary Survey have been resolved, and the utility continues to support regional wastewater monitoring.

4. Utility Director Report and Updates

Director Postema presented on administration and grants. The booster pump station is awaiting state attorney review. Grant work continues, with the CIB request increased to over \$4.2 million and CDBG funding for wells 25 and 26 pending release. A sewer master plan work session is being organized with public and planning and zoning participation.

Unfinished Board Business:

None

New Board Business:

5. Consideration, discussion, and recommendation to the City Councils for approval of the proposed Fellar Development review.

Director Postema introduced Allen Fellar as the developer of the proposed development.

Allen Fellar addressed the board regarding his proposed 11-acre residential development consisting of approximately 40 quarter-acre lots, beginning with the construction of four to five homes to gauge market conditions. The development will begin along Utah Avenue and expand gradually based on demand. Mr. Fellar confirmed that the project will pay water assessments rather than develop independent water sources, and that planned homes will be priced under \$400,000 with cinder block fencing and flexible lot sizing.

Board members asked questions regarding the development location and potential for future commercial development, which Mr. Fellar indicated would likely follow residential build-out.

Director Postema noted that this proposal aligns with other subdivision requests currently in planning and that development agreements will be required for all new water and sewer infrastructure.

Allen Fellar presented his sketch plan of the Fellar Development.

Motion made by Chair Nielsen, to recommend to the City Councils and Planning Zoning Committees to approve Fellar Development with a required water and sewer development agreement. Seconded by Board Member Barlow, Jr..

Voting Yea: Chair Nielsen, Board Member (Vice Chair) Jessop, Jr., Board Member Cooke, Board Member Barlow, Jr.

Motion Carried.

6. Consideration and discussion of the draft Water Conservation Plan.

Director Postema presented the draft Water Conservation Plan and stated that formal approval is not yet required. He informed the board that no feedback has been received from Colorado City or Hildale administration and encouraged Board Members to submit comments by email.

Discussion with the Board included the utility's limited 24-hour water restriction during the summer due to a pump issue, the increased system capacity provided by two new wells, and clarification of a figure on page 41 representing peak summer pumping capacity of approximately two million gallons per day.

Board Members also discussed the absence of historical usage data from 2009 to 2019 due to limitations of the previous billing system and reviewed rebate program options, including potential funding from the U.S. Bureau of Reclamation.

Director Postema recommended scheduling a work session to review the plan in detail, with the intention of presenting it to both city councils in December or January.

7. Consideration and discussion of the Utility Billing Portal and Payments.

Director Postema provided an update on the utility billing portal and payment system. He reported that issues arising from the transition to the Cassell billing program with ZIFT payment processing have been resolved. During the transition, unintended merchant fees were charged to customers, all of whom have since been reimbursed. Staff contacted more than 400 accounts and made 165 direct calls to assist customers. Three notifications were issued to inform customers of the system change, and the city is now absorbing merchant fees of approximately \$15,000 annually. Only one customer complaint has been received since the issues were resolved. Director Postema commended staff members for their extensive efforts in assisting customers throughout the transition.

Board Comments: (10 minutes total)

Board members comments of issues not previously discussed in the meeting.

Board Member Barlow commended the Utility Crew for their work on the water tank rehabilitation project, acknowledging the difficulty of concrete and sealant grinding work and the crew's willingness to work overtime to complete the project.

8. November 2025 Utility Calendar

The next Utility Advisory Board meeting is scheduled for November 20th. This meeting will serve as a work session to discuss the draft water conservation plan. Planning and zoning representatives will be invited to participate and provide input.

Executive Session: As needed

None

Infrastructure Improvements Advisory Committee Session: As Needed

None

Adjournment: Presiding Officer

Chair Nielsen adjourned the meeting at 6:52 pm.

Minutes were approved at the Utility Board Meeting _____.

Maxene Jessop, City Recorder

Shirley Zitting, Town Clerk

Pending for Review

Utilities Monthly Report October 2025

Gas Operations:

Natural Gas

The Utility Department has a Cathodic Protection System that helps prevent corrosion on our high-pressure natural gas line from Hurricane. This system uses a small electrical current to protect the metal pipe from rust and deterioration.

Recently, it was discovered that the system has stopped functioning properly, and we believe the problem is a broken wire. We are scheduling a dig permit and plan to excavate and repair the wire on November 11th and 12th. Once repairs are complete, the system will be tested and brought back into service.

The crew has temporarily paused work on the Atmospheric Corrosion Monitoring project, which involves painting the meters, to focus efforts on completing the Sanitary Survey. The project is expected to resume in November.

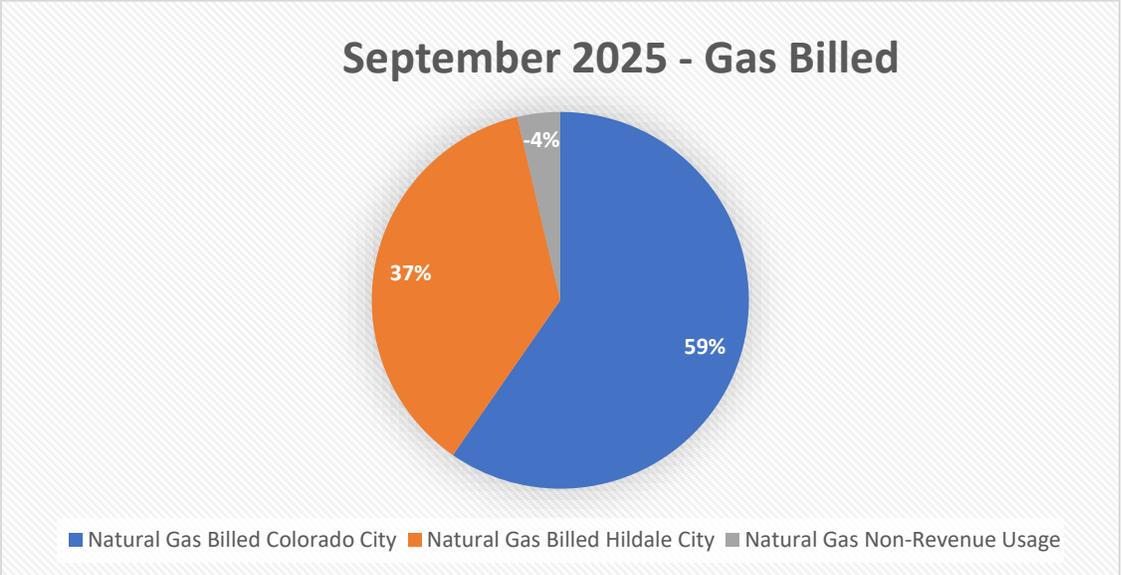

Propane Gas

Gas staff delivered and hooked up (2) propane tanks for customers. Staff delivered 4,679 gallons of propane to 70 customers in September.

Gas billed Colorado City and Hildale City customers for September 2025.

Description	Quantity Billed*	Number of Customers
Natural Gas Purchased	1,811,800	
Natural Gas Billed Colorado City	1,166,300	402
Natural Gas Billed Hildale City	717,200	320
Natural Gas Non-Revenue Usage	(71,700)	

*Numbers are in Corrected Cubic Feet (100 Corrected Cubic Feet = 1 Therm)

Item 3.

Sewer Operations:

The Utility Crew cleaned 7,058 feet of sewer main line this month.

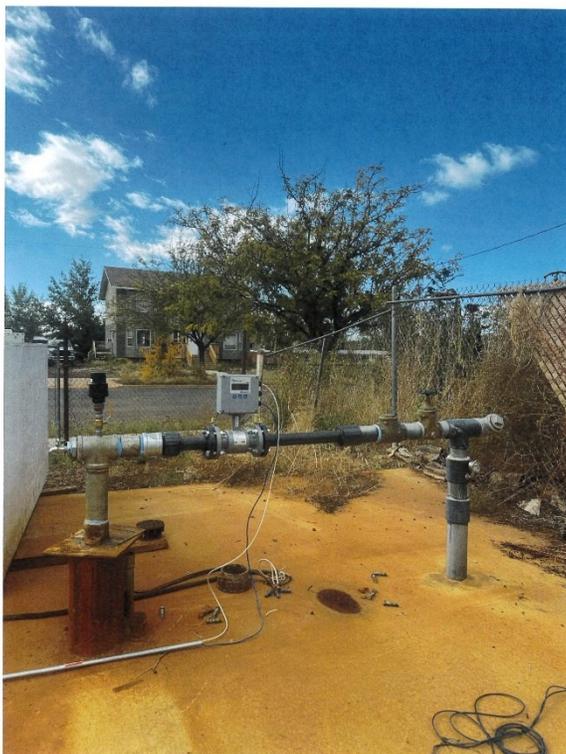

Item 3.

Water Operations:

The Utility Crew installed eight (8) new meters at the well sites and connected them to the SCADA system. This work supports compliance with the approved blending plan from the Arizona Department of Environmental Quality (ADEQ), which requires weekly reporting to the Utah Division of Drinking Water. Individual well meters are necessary for accurate reporting under the Combined Radium Blending and MCL Compliance Plan. The new meters will ensure reliable tracking of well production and improve overall water system management.

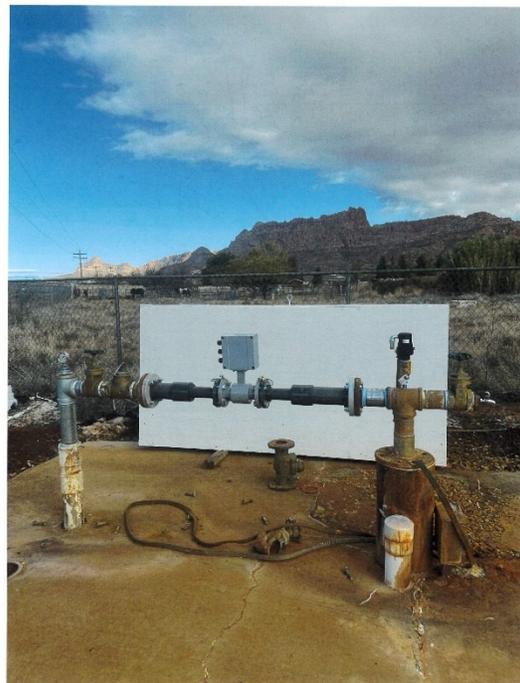

Item 3.

Sanitary Survey Update

Staff submitted the Sanitary Survey response letter, along with all required documentation, to the Utah Division of Drinking Water confirming that all listed deficiencies have been corrected, except for two (2) items currently being finalized. These potential deficiencies could have resulted in points being assessed against the City's drinking water system; however, with the corrective actions completed, those points will not be applied. The Utility Crew is actively working on the final two (2) items and expects to have them completed in November.

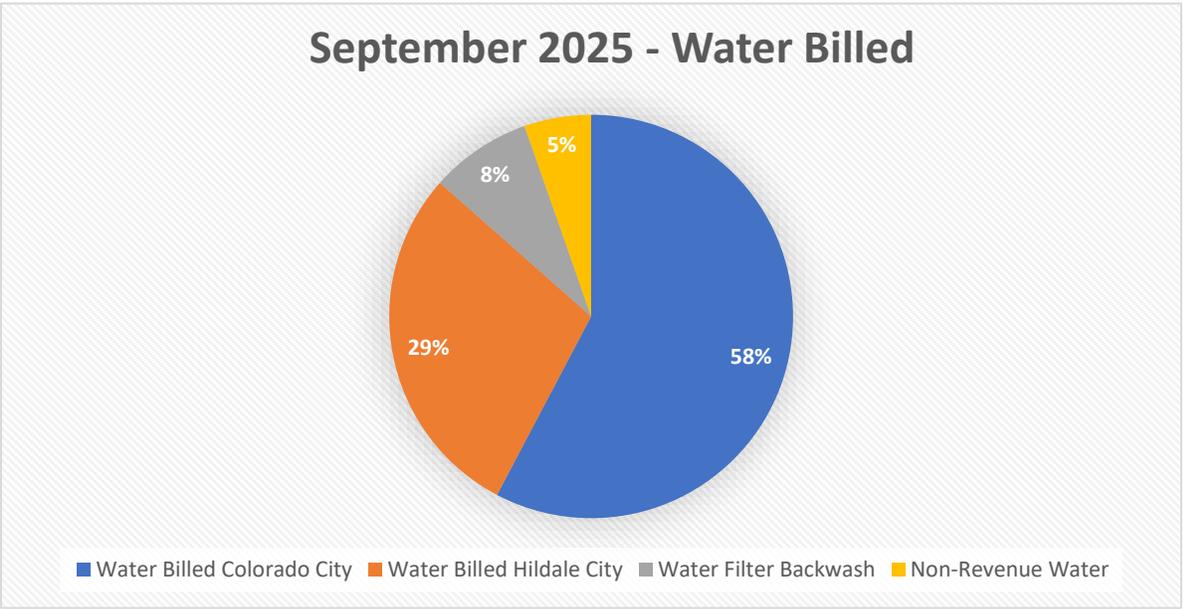

Water billed to Colorado City and Hildale City customers for September 2025.

Description	Quantity Billed*	Number of Customers
Water Produced	41,037,000	
Water Billed Colorado City	23,687,000	840
Water Billed Hildale City	11,821,000	390
Water Filter Backwash	3,330,000	
Non-Revenue Water	2,199,000	

*Numbers are in gallons

Customer Service/Billing

Utilities Activities for September

	Total
Propane Tickets	71
Service Orders	56
Shut Off Notices	200
Shut Offs	18

Utility Field Staffing:

Welcome aboard our new Utility Technician, Orson Barlow! We still have one position open. The recruitment process is underway, and interviews will be conducted in the coming weeks to fill the vacancy as soon as possible.

Administration:

Utility staff are working with JNJ and Jones DeMille on coordinating the construction phase of the Maxwell Park infrastructure. The fill stations have been installed on Jessop Avenue and have been open to the public since early September. The water, sewer, natural gas, fiber, storm water, and electric lines are being installed into Maxwell Park. The storm water portion will require the most time and protect the other underground infrastructure from being disturbed during heavy rains and floods. The stream bed will be reshaped, and the sides will have erosion control placed on the banks to stop sluffing during large water flows in the creek. These measures will protect the park, road, and all infrastructure from being damaged and having to be re-installed.

The Pressure Booster Pump Station design has been permitted by Utah DDW. We are waiting for the state attorney to review and approve the submittal proving all the water lines are in proper easements and street rights of way. Once we get the approval, the project will go out for bid.

Staff are working on three grant opportunities, a \$2.0 to \$3.0 million WIFA Grant/Loan, CIB Grant for up to \$4.7 million and assisting Colorado City for a CDBG Grant for about \$400,000.00. Most of these grants are for water system improvements, and a small portion is for wastewater improvements. The CIB funding will be used to install and upgrade two wells in the Utah service area using Hildale Water Rights. The CDBG funds will be used to equip wells #25 and #26 from last year's ARPA Grant Water Project.

The WIFA Funds will be used to replace the SCADA communication system for the Utility Department along with replacing existing, old Meters and End Points with Smart Meters and End Points. New software will allow the entire system to be read in less than one day, while allowing residents to access their water usage and set alarms for leaks, over usage, etc. and help keep the water use to what is needed and not what is wasted.

Staff from Colorado City, Centennial Park and Hildale have been working on the Sewer Master Plan with Sunrise Engineering collecting data on the number of customers, flows, growth of the community and zoning for future growth. The first portion of the study is over 60% complete. The remaining work is collecting current sewer customer data, for flows, solids loading, treatment, etc. Centennial Park is providing their customer and flows as part of the study and gathering future projected growth plans.

The Homestead Sewer Project is under design and had the 60% design completed in August and staff/engineering review on September 17, 2025. The Homestead Sewer Project is identified in the Sewer Master Plan as a critical component for growth and is 100% Impact Fee Funded. Along with the sewer improvements, we

will address the undersized water line, the gas lines and road condition. The “A” Sewer Line, which allows sewerage to flow from Centennial Park to the Sewer

Treatment Plant, Manholes are in need of repair/replacement and are being reviewed for a trenchless replacement project.

As part of the demand for new subdivisions outside of the current City limits, the Utility Department is getting proposals for developing a Natural Gas Master Plan.

Utility Staff are updating the Fiber Plans and adding more information on the existing Utility Fiber System. After mapping, an inventory of connections and controls/switches, etc. will be conducted, and a review of costs and fees will be made for presentation to the Utility Advisory Board and the Councils.

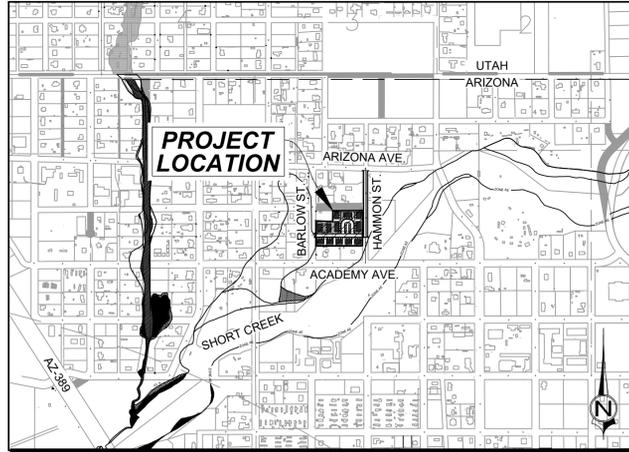

OUR MISSION Is to provide regional leadership and fiscally responsible, necessary public services so that residents can enjoy living in a healthy and safe community.
