

**We would like the library board to vote on the following updated language to Standard #1.**

The library operates with a Library Board of Directors or a Library Advisory Council composed of 5-9 volunteer representatives from the library's jurisdiction. Only one member of the city governing body may be, at any one time, a member of the library board.

**For comparison, this is what the standard currently says:**

"In accordance with UCA §9-7-402 and 9-7-502, the Library's Board of Directors has five to nine current members."
