2. May 06, 2025 Board Meeting

DAC Members
Board Members

Aretta Begay motioned to approve the May 06, 2025 DAC Meeting Minutes as presented. Rebecca Benally seconded the motion and all DAC members voted in favor of the motion, none opposed. Vote: 5-0-0.

Evan Curtis motioned to approve the May 06, 2025 meeting minutes as presented. Van Christensen seconded the motion and all members voted in favor of the motion, none opposed. Vote: 3-0-0.

C. NEW BUSINESS

1. Navajo Young Men Program Initiative, USU-Blanding – Bayley Hedglin \$45,000

Bailey Hedglin and Collin Warner from USU-Blanding program presented their "Empowering the Next Generation of Navajo Leaders" program, seeking \$45,000 in seed money. This program's primary objective is to empower Navajo young men, ages 15-28 through a cohort-based, culturally-grounded program combining education, workforce development and entrepreneurship, beginning in high school and culminating in sustainable careers or self-employment. They are requesting \$45,000 to be used as match funding to recruit additional partners and funding to implement the program. The committee members asked a number of questions and the committee recommended to defer the request until an assessment could be made. The committee recommended that Dorothy Phillips, Education Specialist, should study the program and make a recommendation of the request to the DAC and BOT.

Rebecca Benally motioned to defer the request of \$45,000 for the USU-Blanding Navajo Young Men Initiative until an assessment could be made. Anna Mae Jim seconded the motioned and all DAC members voted in favor of the motion, none opposed. Vote: 5-0-0

2. Aneth Chapter Three Small Houses Chapter Projects \$134,847.90

The Aneth Chapter requests \$134,847.90 from their Chapter Projects allocation to build three small houses for Garold Burke, Jerry Lansing, and Herbert C. Claw. The Chapter has conducted an Invitation for Bids and has awarded the contract to Ed Yazzie Construction of Rock Point, AZ. The Navajo Revitalization Fund approved the match funding at the same amounts.

Client Name	Size of House	NRF Amount	UNTF Amount	Total
Garold Burke	18 x 32	\$ 39,760.60	\$ 39,760.60	\$ 79,521.20
Jerry H. Lansing	18 x 32	\$ 39,760.60	\$ 39,760.60	\$ 79,521.20
Herbert C. Claw	24 x 36	\$ 55,326.70	\$ 55,326.70	\$ 110,653.40
Totals		\$ 134,847.90	\$ 134,847.90	\$ 269,695.80

The proposal included detailed financial breakdowns, scope of work, RFP documents, contractor bids, contract, and all the necessary Homesite and Archaeological clearances. The project was recommended for approval by UNTF Staff.

Stanley Nez motioned to recommend approval of the Aneth projects for \$134,847.90 as presented. Rebecca Benally seconded the motion and all DAC members voted in favor of the motion, none opposed. Vote: 5-0-0.

Evan Curtis motioned to approve the Aneth projects for \$134,847.90 as presented. Van Christensen seconded the motion and all members voted in favor of the motion, none opposed. Vote: 3-0-0.

3. Mexican Water Chapter 24x40 House Melvin and Janelia Redhorse Chapter Projects \$60,400.00

The Mexican Water Chapter is requesting \$60,400 from the Chapter Projects allocation to build a 24x40 new house for Melvin Redhorse and Janelia to be built by the UNTF work crews. NRF approved \$50,000 in 2021, but a new homesite lease had to be processed which took about 4 years to complete with technical assistance from UNTF. Now that the HSL is resolved, this project can request for match funding from UNTF. All documentation is in order now and the UNTF staff recommend approval.

Anna Mae Jim motioned to recommend approval for \$60,400 for the construction of a 24x40 new house for Melvin Redhorse and Janelia Benally as presented. Rebecca Benally seconded the motion and all DAC members voted in favor of the motion, none opposed. Vote: 5-0-0.

Van Christensen motioned to approve \$60,400 for the construction of a 24x40 new house for Melvin Redhorse and Janelia Benally. Evan Curtis seconded the motion and all board members voted in favor, none opposed. Vote: 3-0-0.

4. Nav Mtn 20x24 House Micah DeJolie Chapter Projects \$32,500.00

The Navajo Mountain Chapter is requesting \$32,500 from their Chapter Projects allocation to construct a small 16x24 house for Micah DeJolie. The Navajo Revitalization Fund will also provide match funding in the amount of \$32,500. All documentation is in order and the UNTF staff recommends approval.

Note: Jamie Harvey arrived at 6:13 pm and the DAC quorum is now six members.

Jamie Harvey motioned to recommend approval of business items 4-7 (all the Navajo Mountain projects) as presented. Anna Mae Jim seconded the motioned and all DAC members voted in favor of the motion, none opposed. Vote: 6-0-0

Evan Curtis motioned to approve items 4-(all the Navajo Mountain projects) as presented. Van Christensen seconded the motion and all board members voted in favor, none opposed, Vote: 3-0-0.

5. Nav Mtn Security Gate to Protect Watershed (Supplemental) Chapter Projects \$2,425.25

The Navajo Mountain Chapter is requesting an additional \$2,425.25 from their Chapter Projects allocation to complete a third gate to protect a watershed area by preventing unauthorized people from driving on the base of the mountain. UNTF and NRF approved previous grants in the amount of \$5,000 each to construct the other gates. The NRF approved \$2,425.25 in their meeting for this project. All documentation is in order and the UNTF staff recommends approval.

6. Nav Mtn Senior Citizen's Center Septic Tank Cleaning/Repairs Chapter Projects \$1,000.00

The Navajo Mountain Chapter is requesting \$1,000.00 from their Chapter Projects allocation to pay for septic tank cleaning service and for repairs of the grease trap at the Senior Citizen's Center. NRF will be requested to approve \$1,000 match funding as well. All documentation is in order and the UNTF staff recommends approval

7. Nav Mtn New Copy Machine for Chapter Office Chapter Projects \$5,625.00

The Navajo Mountain Chapter is requesting \$5,625.00 to purchase a new Xerox copier machine for the chapter office. The original request was for \$7,500.00; however, because UNTF policies only allow 75% of the request to be approved for copiers. NRF approved \$7,500 match funding for this machine. All documentation is in order and the UNTF staff recommends approval.

8. Oljato	New 16x35 DBU House: Christine (Cly) Yazzie	Chapter Projects	\$27,200.00
-----------	---	------------------	-------------

The Oljato Chapter requests \$27,200 to a 560 sq. ft. new house for Christine Cly Yazzie to be built by Design Build Utah (DBU). DBU is a University of Utah Architectural Program. NRF will be requested to provide match funding in the amount of \$27,200 at their next board meeting. The project is a small house with one bedroom that is being constructed by architectural graduate students with the help of a full-time mentor and builder. The house is expected to be completed by December of 2025. Despite initial discrepancies in paperwork regarding the client's last name of Cly or Yazzie, the surname of Yazzie was used since that appeared on all the pertinent documents. UNTF recommends approval for this project.

Anna Mae Jim motioned to recommend approval of \$27,200.00 from Chapter Projects for Christine Cly Yazzie as presented. Stanley Nez seconded the motioned and all DAC members voted in favor of the motion, none opposed. Vote: 6-0-0

Van Christensen motioned to approve \$27,200.00 for Christine Cly Yazzie as presented. Evan Curtis seconded the motion and all board members voted in favor, none opposed. Vote: 3-0-0.

9. UNTF Policy Revision: Design Build Utah Match Funding Program	Tony Dayish
--	-------------

The UNTF Administration is proposing to create a \$27,000 set-aside amount in the UNTF Annual Budget for one Design Build Utah (DBU) project per year. The proposal was deferred at the request of the committee until an amount could be identified. In the previous meeting, the wording that the UNTF Administration used was "50% of the total cost necessary". The total cost has been \$54,000 for the past three years that DBU has worked on and having a percent amount would allow for any increases in the future. The committee indicated they would rather entertain a dollar amount than a percentage. UNTF has a Veterans Housing setaside that is identified in the budget and this DBU would work in the same way that would allow each Chapter to supplement its budget with the DBU setaside. The committee members raised a question about whether new policies should be incorporated into an administrative rule or a policy manual and whether the committee can engage in rule- or policy-making. Tony Dayish explained that while some rules are required by statute, not everything needs to be an administrative rule, and policies can supplement the rule and statute. Mr. Dayish explained that the hierarchy of rules and policies is that federal legislation is the highest level, next is state statute, then rules, then policies, then procedures and lastly protocol and practices. It was noted that policies are much more nimble and easier to adjust, while the State's rule-making process is a four-to-six-month process with specific language requirements. Realizing this, the Committee members expressed concern about the process of introducing policy changes during regular meetings, suggesting that such amendments typically occur during a retreat where more discussion and consensus-building can take place. Tony Dayish clarified that policy and rule changes can be entertained at any time. UNTF is still attempting to hold a policy review meeting during 2025; however, we have not held a meeting yet due to scheduling conflicts and availability of the committee's time. It was recommended to proceed with the \$27,000 DBU match funding setaside and to ask counsel to review if it could be adopted as policy rather than an administrative rule.

Rebecca Benally motioned to recommend approval of a \$27,000 Design Build Utah project match funding setaside each year in the Annual Budget and to determine if the revision could be a policy addition or a rule amendment. Anna Mae Jim seconded the motioned and all DAC members voted in favor of the motion, none opposed. Vote: 6-0-0

Evan Curtis motioned to approve a \$27,000 Design Build Utah project match funding setaside each year in the Annual Budget and request general counsel to clarify the policy or rule amendment requirements. Van Christensen seconded the motion and all board members voted in favor, none opposed, Vote: 3-0-0.

10. UNTF Policy Revision: Bar Exam Fees (Revise R661-23 GED Fees)	Tony Dayish
---	-------------

Tony Dayish reported that there have been requests to revise the UNTF Rules & Policies that would enable UNTF to pay bar exam fees for those students that are graduating from law school. He proposed that this could be added to the existing R661-23 Payment of GED Fees Rule since it is a similar payment for completion of a program. A preliminary approval to proceed is being requested at this time. After that, the process would involve a draft and coordinating with general counsel, board members, and chapters to negotiate for input and feedback. Following that process would be the State of Utah's formal Rules Amendment process, which would place the Rule in front of the committee and the board for other approvals required by the process. Rebecca recommended deferring this item to a specific policy-revision strategic planning retreat meeting that would include a training session on policy-making, revisions, the difference between rules and policies, and entertaining revision of the policies.

Rebecca Benally motioned to table the Bar Exam Fees revision as presented until the Revision Process could be further discussed in a strategic planning meeting. Anna Mae Jim seconded the motioned and all DAC members voted in favor of the motion, none opposed. Vote: 6-0-0

No Board action was taken.

11. UNTF – USU Endowment Agreement

Robert Steed

Board Chair and Treasurer Marlo Oaks requested that the DAC and board to table the discussion regarding the Endowment Fund Agreement until he could review the investment modifications language again for new changes.

Jamie Harvey motioned to table the Endowment Fund Agreement at the request of Treasurer Oaks. Rebecca Benally seconded the motioned and all DAC members voted in favor of the motion, none opposed. Vote: 6-0-0

No Board vote was needed

12. Trade Land or Purchase 1 Acre Next to Blanding GSB

Tony Dayish

UNTF Administration proposed to trade an approximate a one-acre section of land with a neighboring landowner, Phil Lyman, to acquire a more square and usable section of land that would be adjacent to the Trust Fund's building. The current land that UNTF owns has a skinny and long panhandle section that extends to the east. The guess was that this was probably for a road to connect to Highway 191, but now there are plans to extend 500 North to Highway 191 on the south side of the UNTF-owned land. This trade would result in an acre-for-acre swap, ensuring no loss or gain of land or value for either party. UNTF recommends moving forward with this plan and having the land surveyed to ensure the acre-for-acre land exchange and authorizing the Board Chair to sign the necessary real estate documents.

Jamie Harvey motioned to proceed with the land exchange and authorizing the Board Chair sign the documents. Aretta Begay seconded the motioned and five DAC members voted in favor of the motion with one member opposed. Vote: 5-1-0, motion carried.

Evan Curtis motioned to proceed with the land exchange and authorizing the Board Chair to sign the documents. Van Christensen seconded the motion and all board members voted in favor, none opposed, Vote: 3-0-0.

13. UNHS Request to Cross UNTF Property for Road to 40 Acre Housing Development

Tony Dayish

Tony Dayish reported that UNHS made a request to cross UNTF property (the east part of the North Housing Sub-division) for a road leading to a 40-acre housing development. UNHS has purchased the land from SITLA and plans to build a housing development for their staff. The proposed road would cross a small section of UNTF land to avoid a sharp 180-degree turn on UNHS property. This road would provide a permanent ingress and egress to UNHS' housing development for its residents. UNTF Administration indicated they preferred a "license" to cross rather than an easement for this access, which would allow UNTF to maintain control of the land. Rebecca Benally provided her support because of the long-term positive outcome of providing housing for doctors and nurses that provide beneficial services to the community. While recognizing concerns about land control and utility corridors, Rebecca believed the community benefit would outweigh any concessions or disadvantages that UNTF would experience, prompting further review. Tony Dayish emphasized that UNTF would need to receive value in return when giving up land rights, even if it is a small parcel and potential easements. The committee suggested a site visit to understand the site conditions would be in order.

The committee recommended to table this request until the group could execute a site visit to get a better understanding of the land layout before making a final decision.

14. Notice to Chapter of UNTF's Intent to Dispose of Utah Navajo Fair Equipment

Tony Dayish

Tony Dayish proposed to inform the Utah Chapters of UNTF's plans to dispose of the Utah Navajo Fair equipment, which has been stored at the sewing plant yard for several years. The current plan is to dispose of the equipment, giving Utah Chapters the first priority to claim ownership and use the equipment. The second priority would be to Utah Navajo groups that host events like rodeos, song & dance, and field games in the Utah Navajo area and last priority would be to sell the equipment to individuals. The equipment includes stockyard fences, rodeo arena fences, chutes, bleachers, an announcer's stand, and an old fair office single wide trailer.

Tony Dayish clarified that the fairground equipment was funded by a combination of sources, including the Trust Fund, NRF, San Juan County, for-profit contributors, and individual donors. The committee recommended that the equipment should be granted to chapters and event groups without a price and if to individuals, the equipment would be sold for a price. The committee recommended the equipment should be offered to Utah Navajo Chapters for six months, then three months to Utah Navajo event groups, and then individual sales after that.

E. DAC MEMBER ISSUES, CONCERNS, & RECOMMENDATIONS

UNTF BOARD MEMBERS ISSUES, CONCERNS, & RECOMMENDATIONS

DAC Members
Board Members

Rebecca Benally suggested a training session with the Red Mesa Chapter staff regarding UNTF and NRF funding procedures specifically with the Big Projects budget, the NRF Non-Chapter budgets, and how to get on the agenda of these meetings.

Ana Mae Jim mentioned that a Navajo Mountain client was concerned about materials, specifically trusses, that were delivered, but not yet installed on her house and the effect the weather had on the materials. John Nakai explained that if the trusses were still banded together that they will be okay in the weather and that it is the homeowner's responsibility to keep materials covered.

Melvin Capitan Jr. reported on his meetings with the West Water septic tank & leach field engineers and the progress being made. He also attended the Utah Tribal Leaders meetings sponsored by the Utah Division of Indian Affairs in Page Arizona and discussed issues with other tribes and the State's involvement. Finally, he talked about the new museum being built at the state capitol building and that there will be a Native American section that will showcase the eight Utah tribes.

Jamie Harvey highlighted his intention to invite Utah State University to present before the San Juan County Commission. This presentation would assess USU's investment in the community, the county's economic development goals, and their commitment to Navajo students, especially in terms of critical advising and success. Jamie Harvey plans to keep DAC members and UNTF updated on USU's response and the university's plans to meet with local companies to discuss training needs for various economic organizations.

EXECUTIVE SUMMARY

HIT Homes, LLC and Randy Yellow

Problem Statement

The Oljato Chapter struggles with their registered voters' inefficient home-building management, leading to delay in paperwork, and documentations, and increased operational costs. There is a growing demand for homes to be built in the Oljato Chapter Utah Registered Voters. The market lacks options that are both effective and affordable.

Key Proposition

HIT Homes, LLC and Randy Yellow propose a management system that tracks and forecasts the process of building the homes, tailored for the Utah residents/registered voters in the Oljato Chapter.

Market Analysis

Research indicates a high demand for eco-conscious home-building solutions in the Oljato Chapter for Utah residents, with a significant gap in cost-effective options.

Key Features and Benefits

- Affordable pricing, targeting families with established Homesite Lease.
- High-quality, energy-efficient building materials, ensuring lower utility costs and a smaller environmental impact.
- A management system offering real-time inventory tracking, predictive building materials and progress, and an intuitive interface, reducing inventory errors.

Financial Summary

- Estimated project cost per home: one hundred and fifty thousand dollars.
- Funding secured from Utah Navajo Trust Fund and Utah Revitalization Fund.

Next Steps

- Finalize construction permits and approvals by January 2026.
- Begin construction when approvals are finalized, with a projected completion per home within five weeks.
- Launch a marketing campaign targeting eco-conscious families, elderly, and veterans, followed by applicant feedback integration for further enhancements.

Tony Dayish
Administrator
Utah Navajo Trust Fund (UNTF)
151 East 500 North
Blanding, Utah 84511

Mr. Dayish,

The Utah Dine Bikeyah (UDB) is a nonprofit organization that advocates and works with various organizations and individuals to protect the natural cultural resources of Native American lands. UDB is governed by an all Native ten-member board with a staff who implements the program goals.

The UDB is interested in leasing a space to be used only for an office space in the vacated building previously used as the Utah Navajo Health Service clinic located in Montezuma Creek, Utah. UDB wishes to present the intent to lease the building to the UNTF Advisory Committee on November 21, 2025. The nature of the lease will be further discussed with the Committee and all questions will be answered.

I appreciate your time and consideration of UDB's request. Please share with me the Committee's agenda for November 21, 2025. UDB will plan to attend the meeting.

8. Scope of Work (attach a description answering the following or attach documents):

- a. **Brief description of project including consulting with neighbors to ensure that there are no Land Disputes.** There is no land dispute where Mr. Leonard & Mary King's homesite lease area. These individuals approached the chapter in March 2025 in requesting for homesite lease they are requesting for.
- b. **Plan to Execute Project (describe how this project will be completed: contractor built, chapter crew, self-help).** Mr. Leonard and Mary King have existing home which they would like to establish a homesite lease for the home. The chapter crew is not needed and the clients have gone to Tuba City to retrieve their homesite lease documents.
- c. **Status of Homesite Lease, Legal Survey, and Archaeological Clearance.**
- d. **Location of Homesite lease (attach location map).** An existing homesite lease requires archaeological clearance, as well as the potential completion of an additional necessary clearance.
- e. **Listing of eligible Utah families that will benefit from this project.** Mr. Leonard and Mary King have been qualified residents of Utah for several years. They reside 8 miles northeast of the Navajo mountain chapter near west of the canyon edge of the Paiute Canyon.
- f. **Utility Arrangements: How will project be provided with utilities (type, distance, cost, schedule).** Mr. Leonard and Mary King already have existing electricity for their existing home since 1992.
- g. **If joint project, identify other organizations or agencies involved in with this project.** The Naatsis'Aan Chapter is requesting the Utah Navajo Trust Fund and the Navajo Revitalization Fund Board to assist the clients with 50% each for the archeological survey and other clearance to complete their homesite lease.

Note: Their current HSL has two houses. They would like to Re-survey and amend the HSL to make sure there is only one house on each HSL so that each house can receive services. One house belongs to Leonard & Mary King and the other one is their daughter.

8. Scope of Work (attach a description of answering the following or attach documents)

- a. Brief description of project.** The Naatsis'Aan Chapter has identified four (4) eligible community members who are in dire need of a new complete home. Each individual is a single elder without an existing residence.
- b. Plan to Execute Project (describe how this project will be completed: contractor built, chapter crew, self-help).** The Naatsis'Aan Chapter will have Public Employment Crew on board beginning October 2025 and end in March 2026. Depending on the availability of the chapter funds, the Public Employment may proceed with the housing projects. Although, the chapter may depend on the Utah Navajo Trust Fund housing crew to oversee the housing projects.
- c. Status of Homesite Lease, Legal Survey, and Archaeological Clearance.** Please find attached homesite lease documents for each of the individuals. The one person who may not provide a homesite lease is Mr. Kenneth Miles as he will be utilizing his sister Ida Mae King's homesite lease. Kenneth Miles is cared for by Ida Mae King because he is confined to a wheelchair and requires close monitoring. He is a veteran and will be utilizing the UNTF Veterans Housing Funds. The resolution states \$60,000.00, but as he is under new home construction, the amount may increase to \$65,000.00 or more. He will need a handicap home.
- d. Floorplan with measurements of building and rooms.** The floor plan designated for eligible individuals will measure 24 feet by 16 feet, totaling 384 square feet. The chapter contains a floor plan along with one of the client's housing request documents; this floor plan will be used for all clients. Although Mr. Kenneth Miles housing request will need to be handicap (ADA) compliant, and his floorplan is 26' X 19' with 494 square feet. He will need outdoor ramp. Mr. Lewis Greymountain resides at Navajo Housing Authority house #07 and requires a walk-in/roll-in shower due to wheelchair use; transferring from the wheelchair to the existing bathtub presents difficulties for his family. He will need an ADA compliant walk-in shower.
- e. Listing of eligible Utah Navajo families that will benefit from this project.**

	NAMES:	CONSTRUCTION	UNTF:	NRFB:	TOTAL:
1	CHEE, ELOUISE	New 1 bedroom	\$32,500	\$32,500	\$65,000

- f. Utility Arrangements: how will project be provided with utilities (type, distance, cost, schedule).** Heavy equipment, generators, power tools, and other machinery may be required since these homes will be new constructions. At present, the chapter's heavy equipment is not operational due to required repairs.
- g. If joint project, identify other organizations or agencies involved with this project.** The Naatsis'Aan Chapter is requesting the Utah Navajo Trust Fund and the Navajo Revitalization Fund Board to match fund \$32500.00 each for each eligible clients that are listed in the letter "e." # 1 to 4. In addition, \$1000.00 each for Mr. Lewis Greymountain's family requests a walk-in shower. All these clients are living in the State of Utah (San Juan County), in Navajo Mountain, Utah.

14. REPORT OR SUMMARY (Attach additional pages if necessary)		
<p>a. Description of Undertaking: Nellie Graymountain is requesting archaeological clearance for her one-acre homesite lease so she may complete her homesite lease package and have all paperwork necessary to apply for needed assistance. Any surface and/or subsurface disturbances will occur within the 1.0 acres/0.4 hectares area of effect.</p> <p>b. Existing Data Review: A check of NNHHPD records indicated that one (1) cultural resource project (HPD-94-667) was conducted within 100-meters, and no sites recorded. A review of NNHHPD-Traditional Cultural Program (TCP) files revealed that no known Traditional Cultural Properties (TCPs) occur within 1 mile of the project area. After consulting with the Traditional Cultural Program, it was concluded that the project will have no affect on any TCP's (See Attachment A).</p> <p>c. Area of Environmental & Cultural Setting: The project area is located 3.9 miles northeast of the Navajo Mountain Chapter House and south of Piute Creek Road. See Figure 1 for specific location. Elevation at the project area is 5,492 feet. Topography of the project area is characterized as sloping down to the southeast. The project area is located within the Great Basin Conifer Woodland biotic community. Vegetation at the project area consists of juniper (<i>Juniperus</i>), snakeweed (<i>Gutierrezia</i>), Mormon tea (<i>Ephedra</i>), rabbitbrush (<i>Chrysothamnus</i>), sage (<i>Artemisia</i>), prickly pear cactus (<i>Opuntia</i>), and bunch grasses. Soils at the project area are described as brown eolian and alluvial soil with outcrops of sandstone eroding out of Begay loamy fine sand. Drainage at the project area is towards Jackrabbit Canyon located 2 miles to the southeast. Disturbances at the project area include livestock grazing and natural erosion.</p> <p>d. Field Methods: A Class III pedestrian inventory was conducted by Mathilda Burke, Archaeologist, using parallel pedestrian transects spaced no more than 7.5 meters apart. A cultural survey was conducted on the project area making the area of effect 1.0 ac/0.4 ha. A 200-foot radius was also surveyed around the project area making the total area surveyed 2.88 ac/1.16 ha. This method provided 100% coverage of the project area. A <i>Garmin GPSMAP 65</i> (GPS Unit, NAD 83) was used to obtain the homesite center UTM points for the project area. An ethnographic interview was conducted with Nellie Graymountain, concerning burials, sacred places, and plant/herb gathering areas in order to determine if there were any potential TCP's in or near the project area. She stated she had no knowledge of any known TCP's occurring in or near the project area.</p>		

15. CULTURAL RESOURCES FINDINGS (Attach additional pages if necessary)

a. Location/Identification of each resource: No cultural resources were encountered during the time of survey.

b. Evaluation of Significance of each resource: No cultural resources were encountered during the time of survey.

16. MANAGEMENT SUMMARY/RECOMMENDATIONS (Attach additional pages if necessary)

A determination of "no historic properties affected" is recommended for the proposed undertaking. We recommend that the client be allowed to proceed with construction as planned. In the event that buried cultural resources are encountered during construction, construction activities should stop and the Navajo Nation Heritage & Historic Preservation Department be contacted immediately (928) 871-7198.

8. Scope of Work (attach a description answering the following or attach documents).

- a. Brief description of Heavy Equipment purchase and/or repairs with Justification for need of new equipment and/or repairs.** The Naatsis'Aan Chapter has three (3) heavy equipment that needs to be repaired or services. Since the last Chapter Administrator left in 2021, the three (3) heavy equipment were never repaired or serviced. These equipment's were used during the inclement weather throughout the year. During the summer months, due to dry weather, the roads get washed board which causes wear and tear on personal vehicles. In the winter months, snow drifts can accumulate on the roads, making it challenging for individuals to travel safely. A recent rainstorm caused significant road damage from flooding. The Bureau of Indian Roads Department and Navajo Nation Department of Transportation only required to maintain the main roads in Naatsis'Aan community with Navajo Route numbers and not the residential routes.
- b. Description of Heavy Equipment type, model number, serial number, of hours of operation.**
 1. 2020 CAT-Caterpillar Model #: 150; Serial #: SYE36316; # Hours:
 2. 1984 7 Galion Model #: 850C; Serial #: U.03783; # Hours:
 3. 2007 Backhoe Volvo Model #: BL70; Serial #: #Hours:
- c. Obtain and attach at least two (2) quotes (attach copies of quotes and/or contract).** Quotations for all equipment requiring maintenance are attached. All equipment may require only parts and the chapter has at least three (3) individuals who may be able to replace parts. 1. Freeman Jackson, 2. Thomas Atene, 3. Wayne Smallcanyon. The chapter might be able to get a vendor who does replacement of the parts such as RDO from Flagstaff, Arizona who are willing to come out to work on the heavy equipment.
- d. Provide specifications or attach product literature information with pictures of Heavy Equipment and warranty info.** Attached is the information regarding the equipment that requires repair of parts and maintenance.
- e. Provide Heavy Equipment routine maintenance and schedule plan.** If RDO of Flagstaff, Arizona is willing to make routine maintenance, the chapter can initiate the plan and implement a schedule. The chapter plans to hire a heavy equipment operator, allowing repair and maintenance to be managed internally rather than relying on RDO for routine services.
- f. Provide plan to identify specific users and training necessary to operate new equipment.** As mentioned, the chapter is planning on hiring a heavy equipment operator in the new fiscal year 2026. The chapter has the new fiscal year budget that will include a heavy equipment operator and that will be approved by the

community members in September 2025 Regular Meeting. The chapter will begin working with these funds hopefully beginning October 2025.

- g. **If new equipment is being purchased, list existing similar equipment, and how existing equipment will be used.** No new equipment will need to be purchased. The chapter hopes to repair this equipment by identifying needed parts and determining if they function after replacement. The chapter currently has a new 2020 Caterpillar grader, which is too large to perform road work in the Paiute Canyon area; however, the old Galion grader may be able to handle the road grading once it is operational again.
- h. **If joint project, identify other organizations or agencies involved with this project.** The Naatsis'Aan Chapter is requesting for match funding sources from the Utah Navajo Trust Fund and Navajo Revitalization Funding Board which will be a joint effort. The chapter can earmark funds for repair and maintenance for each heavy equipment once when they are running again under Fund 20 – County Funds which is at \$11,372.54 which has been carryover from previous fiscal year. Part of this is earmarked for Heavy Equipment Operator, diesel fuel and repair/maintenance.

FY-2026 UNTF Royalties

■ Series1

Utah Navajo Trust Fund - Royalties Per Year

CONSTRUCTION PROJECTS BY U.N.T.F. CREWS

Nov. 21, 2025

- 1 99% Stanley Sam New House Project
This is a self-help project with some help from the UNTF work crews on the plumbing & other specialty work. The most recent work completed by the homeowners is the interior doors, casing, baseboard, and closet shelving. Next is the countertop for cabinets and a concrete pad for the front & back porch.
- 2 98% Johnson Skow (Mexican Water) 18x32 1-Bedroom
The house itself is completed and a wood deck is needed to complete the project.
- 3 88% Roy Hathale (Dennehotsos Comb Ridge BKRR Project)
The 16x20 Addition was completed with an ADA bathroom and bedroom. Next is to request additional funding to renovate the existing kitchen.
- 4 82% Frank Warren (Red Mesa) 28x44 New House
The interior painting and flooring are done. Next is interior doors, case & base, cabinets, closet shelving, finish plumbing, and the front door deck.
- 5 70% Glenn & Irene Seweingyawma (Red Mesa) 28x44 New House Veterans
The taping & texturing is completed and the interior painting will be next.
- 6 68% Winifred Atene (Oljato) 28x44 New House.
The Ramon Roberts work group from Utah County completed the house shell and now the UNTF work crews have installed the sheetrock and the current work is the taping & texture.
- 7 60% Danny Atene (Dennehotsos Comb Ridge BKRR Project)
Addition to the east is done and the kitchen door was moved to the east. The bathroom and kitchen needs to be finished out, add WH, and minor renovation on house.
- 8 58% Joan Tsosie (Dennehotsos Comb Ridge BKRR Project)

UNTF Administrator's Report

To: the UNTF Dine' Advisory Committee (DAC)

Date: November 21, 2025 DAC Meeting

1 Westwater (WW) Waterline Project

- a. This waterline project was completed in March of 2025. A celebration gathering was conducted April 25, 2025 at the USU-Blanding campus where a number of VIP's were in attendance including Pres. Buu Nygren, Lt. Gov. Deidre Henderson, and others.
- b. One of the last tasks is to build a 14x24 bathroom addition for Albert & Gladys Cly, an elderly couple. There is an old trailer that is attached to their current house. The plan is to dismantle this old trailer, haul it to the land fill, and to build the addition in its place. UNTF is currently waiting for the Cly family to finish taking all belongings out of this trailer.

2 Aneth Chapter House & Senior Citizens Center (SCC) Building Repairs & Renovation

- a. The Navajo Nation Dept of Health conducted a sanitation report and found numerous deficiencies with both the Chapter House and the SCC. The Chapter conducted an RFP but contractors did not bid on the project.
- b. The Chapter requested for UNTF and DFCM's help. DFCM sent an Environmental Specialist to conduct a Hazardous, Toxic, and Dangerous materials study on Sep. 17, 2025 and the Project Manager and Architect will conduct a site visit to develop a Scope of Work and Cost Estimate later on.

3 Montezuma Creek Community Center (Multi-Purpose Bldg)

- a. The new Chapter Officials of the Aneth Chapters are getting familiar with this project and determining the next steps that should be taken. One of the tasks still needed is to have a Project Manager assisgned by CPMD.

4 Mont Creek 5-Acre Sale to UNHS for Grocery Store

- a. A lease agreement was reviewed by UNTF and Robert Steed, General Counsel. UNHS has completed their land survey and is continuing to work with their architect to complete the preliminary plans for the grocery store development. There's been no new information on the status of the lease agreement or the grocery store project.

5 Naatsis'Aan Chapter House Renovation Project

- a. There was one bid for this project and the NN-CPMD awarded the contract to Loren A. Miller (LAM) Corporation but the project is at a standstill now probably due to a large amount of work that is placed on the NN-CPMD and not enough staff to get all the projects done.

6 Red Mesa Administration Building Project

- a. The architect has completed the Programming Phase but the project is at a standstill now probably due to a large amount of work that is placed on the NN-CPMD and not enough staff to get all the projects done. CPMD is saying that the A&E contract has expired and needs to be re-bid.

7 Montezuma Creek Post Office Project

- a. The architectural work has been completed and the next step is for the Navajo Utah Commission to obtain construction funding. The plan is for NUC to build the shell of the building, USPS would provide their own inside-the-building rooms and equipment, and there would be 1,200 sq.ft. left over that could be leased to other interested tenants.

8 Mexican Water Renovation of Multi-Purpose Building #1 and #2

- a. The Chapter requested help from UNTF for a site assessment and cost estimate for roof repairs and replacement of the HVAC units. DFCM and an architect were commissioned to help and they performed these tasks. The cost estimate for both buildings was \$528,836. Later on, the Chapter said they might obtain funding from the Navajo Nation and wanted to separate the cost for just MPB#1, which was \$250,422. UNTF is awaiting the Chapter's decision to proceed with both buildings or just MPB#1.

9 New Chapter Officials/New CSC Orientation

- a. Several Utah Navajo Chapters have newly-elected Chapter officials or have hired a CSC or a Chapter Manager and UNTF has been providing orientation sessions on an individual basis. A group orientation session is being planned by the Navajo Utah Commission.

10 Wood Hauling Activities

- a. UNTF has been part of the Wood for Life group and has been recognized as a Wood Hub, meaning a place where the wood being harvested from Colorado can be delivered to the old Dineh Lumber yard for cutting & splitting. UNTF is also making connections with wood clearing activities in the Utah area and we are doing more and more wood hauling activities, so much that it would be time to establish a formal wood hauling program and provide a budget for these activities.
- b. The UNTF board of trustees and some members of the NRF program participated in a wood gathering event with UNTF staff on September 25, 2025 on the north side of Blue Mountain.
- c. UNTF workers traveled to an area east of Cahone and Dove Creek, Colorado for firewood gathering on October 2025. This was part of the partnership with the U.S. Forest Service and Wood for Life Program and the wood harvesting projects in Colorado.

11 Land Trade Proposal

- a. UNTF is proposing an acre-for-acre land trade with a neighboring landowner, Phil Lyman, to make the shape of the adjacent land more conducive to future development for UNTF. UNTF is working on the re-survey of the property

12 UNHS Purchase of 40 Acres in Montezuma Creek

- a. UNHS has purchased 40 acres from SITLA in Montezuma Creek and plans to use to develop housing for UNHS employees. UNTF is not involved in this project other than informing UNHS that this property was available.

13 Economic Development Feasibility Study in Mont. Creek area by the Navajo Utah Commission

- a. NUC conducted an RFP for this project and awarded the contract to Southwest Business Development Consultants, LLC (SWBDC) of the Indian Pueblo Cultural Center in Albuquerque, NM. A kick-off meeting was held and certain documents on previous studies and utility maps were provided to SWDBC. They will continue their research and additional progress meetings will be held in the future.

14 House Burn-outs and Tornados in Aneth and Montezuma Creek & Emergency Response Requests

- a. There have been several incidents that have happened in which the Chapters are expecting an emergency response. The most recent was several tornados touching down in Aneth and Montezuma Creek and causing major damage to two houses and a single wide trailer. Some houses have burned partially or all the way down. In these cases, the Chapters have been wanting NRF and UNTF to provide emergency funding. We had to tell the Chapters that UNTF is not set up for emergency response because we have to carefully vet the clients that are assisted to make sure they meet the UNTF Residency requirements and to make sure it is documented that the Chapter is the one that is making the approval. We ask the Chapters to go into emergency mode and gather all the necessary documents, have the housing assistance application documents properly filled, document the incident and damages, and have the planning and regular chapter meetings as soon as they can arrange it, and submit a funding proposal to UNTF and/or NRF with a Chapter Resolution. Then NRF and UNTF can set up a meeting or entertain the proposal at the next meeting.

15 Red Mesa and Ojato Housing Plans and NUC Olene Walker HLF Houses

- a. The Red Mesa Chapter is planning on building 16 new houses, Ojato is planning on 10 new houses, and NUC has obtained funding from the Olene Walker HLF to building 7 houses. These Chapters and UNTF have requested UNTF to build these houses. UNTF Administration is working with these Chapters to identify all of their funding sources and develop a Funding Plan. With this many houses to build, UNTF is requesting the help of the State of Utah's Purchasing Department to run an Invitation for Bids to hire contractor to do most of this work.
