4. Other Business:

A. Garfield County Sheriffs Officer Tiffany Twitchell Smith: Present to discuss concerns with city easements. There are cars blocking stop signs near the rodeo grounds. Cars are causing issues with snow removal and causing visibility issues. Most easements are around 10 feet and do not allow parking near stop sign within 30 feet. The city does not have an easement ordinance. The city should currently have a six-foot easement on the paved roads. Need to work on an ordinance.

Utah requires 90 days to transfer car registration; sheriff's office may give notice to residents in January to register vehicles in Utah. Then they will begin ticketing for violations in March.

Deputy Smith open to any suggestions from the city– speeding is always an issue and still an issue during the winter. Deputy Smith will be off for January/February, and we may not have coverage during those months.

B. Shuttle Building Enhancement Design Project: Landscapers dropped rocks all over the pavement and then driving over the rocks. Asphalt damaged. Tushar will work on fixing the asphalt next year. Concrete company was careless with sprinkler system, however the landscapers were able to fix it all. Sprinkler wire buried, had to put a battery powered valve in. However, the work is complete. Will leave blankets on concrete for another week. Tom with Jones & DeMille reached out to engineer and confirmed the rebar was not needed in the concrete. Sod may have to be raised to meet level with concrete. They did taper the elevation.

C. Town Park Project: Waiting to hear back from Tom on pricing.

D. New Basketballs for the Wellness Center Gym: Basketballs are worn out, still waiting on quote, but last year they costed \$105.99 each. Will need to order 8 boy and 6 girl basketballs. Motion made by Mike not to exceed \$3,000.00, 2nd by Gary, Kam yes, Bryce stepped out for a call

E. New Bike for the Wellness Center Weight Room: Tanner received estimate from Upper Limit, for a new stationary bike. Cost is \$5,139.50 with a LED touch screen and \$3,055.75 without touch screen. Stationary bike is always busy. Maybe move out one rowing machine and replace with the stationary bike. Tanner mentioned a bike on Amazon for \$500.00. Upper limit has commercial grade

equipment and quick with service. Motion to approve the touch screen bike purchase, \$5,139.50 made by Gary, 2nd by Mike, Kam yes, Bryce yes

5. Department Reports:

Mayor Syrett: Most winter decorations are up. Tanner working with Freeborn on GFI's, will be out tomorrow to work on a fix. Will install snowflakes tomorrow. KUTV News posted the lights and snow. Have garlands left over from last year, Tanner took them to light poles near Ebenezers. They will be lit up once plugs installed.

Mayor finished the certificate for Martel's Plot. The city has an official certificate if someone needs it. The whole cemetery is plotted now and updated within GIS. May get a bill from the capstone company. Need to move orange cones from side of roads.

Tanner reported the cemetery tree got trimmed and looks good – tree is healthy and good.
