The ARDL program is making some changes. They're wanting to go digital. It is being fought against because of the potential complications it may bring.

The no-till drill is in need of maintenance. It currently has 2317 acres on it. It will be easiest to do the maintenance during the off season to avoid any potential conflict. Cody Staheli may do the maintenance on it.

We filled out the Fraud Risk Assessment questionnaire today. There are a couple of questions that we need to ask Tyce about.
