3264	Advanced Language & Literature - Strong Roots for AP [®] , College, and Beyond 2E	Bedford, Freeman & Worth Publishing Group LLC	Recommended Primary	Challenging and cohesive text that integrates literary and rhetorical study. Highly aligned to standards with consistent organization and diverse, global texts. Assessment rubrics are less detailed but instruction and engagement are excellent.	Language Arts 10	21585	Advanced Language & Literature - Strong Roots for AP [®] , College, and Beyond 2E	1319244289	9.78E+12	Print Student Edition - we also offer standalone digital access or as an add-on to the purchase of the print SE. The ancillaries include a new test bank and our Achieve digital platform which is replacing our old Launchpad platform.	Print Student Edition - 112.98

3147	Alba y Gael 1-3	Klett World Languages, Inc.	Recommended Primary	This curriculum offers a comprehensive and well-structured collection of materials that are thoughtfully designed for elementary students. The layout is intuitive and easy to navigate, with all links functioning properly and resources clearly labeled. The content is engaging, developmentally appropriate, and visually appealing, incorporating family-oriented themes that foster student connection and participation. Assessments are ready to use, primarily in PDF format, and are supported by additional activities that can be easily adapted to meet diverse classroom needs. While the materials remain simple and accessible even at higher levels, they may appear too elementary for middle school learners. The curriculum follows a traditional language-textbook format rather than a Dual Language Immersion (DLI) approach, yet it effectively supports early language acquisition through clear structure and consistent practice test	Grade 3 Spanish D.I.; Grade 4 Spanish D.I.; Grade 5 Spanish D.I.; Grade 6 Spanish D.I.	20616	Alba y Gael (Level 1 - Student Edition)	8417710040	9.79E+12	Alba y Gael 1 - Student Textbook; classroom set: 20 textbooks.	Alba y Gael 1- Stude - 44.95

Recommen ded Primary	After a thorough review, the proposed primary program demonstrates strong alignment with educational best practices and state requirements. The program effectively balances rigor and accessibility, providing challenging content while supporting diverse learners. Its focus and coherence ensure that instructional goals are clearly connected across lessons, promoting meaningful learning. Students have consistent access to the standards through well-structured activities, and the program incorporates a variety of assessments“formative, summative, and performance-based“to measure understanding and guide instruction. Additionally, the program meets all state law requirements, ensuring compliance with curriculum and instructional mandates. This program is recommended for a primary program & resource in the primary grades, as it supports academic excellence, equitable	Mathemat ics Grade 5	21426	Amplify Desmos Math Grade 5 Assessme nt Resources		9.80E+12		35.84

3129	APprenons 2nd Edition	Wayside Publishing	Recommended Teacher Resource	APprenons, 2nd Edition, is more traditional - even "old school" - than other AP materials currently on the market. It needs another edition update to fit modern standards for both aesthetics and layout as well as teaching practices, terminology, and assessments. This resource did include a good review unit at the beginning, had a lot about different Francophone cultures (although France was featured most), had vocabulary reinforced at the end of each lesson, and had links to different quizzes. Concerning the links, the audio and video were confusing to find or figure out how they integrated, specifically the FlexText versus the Explorer Content. For the online component, there are other publishers that make it more clear and seamless. However, for older, AP learners, there is still a lot to like in this resource as long as activities are updated to better fit diverse learners and current teaching methodology. The resource should be updated as well. there were images and	French - High school fourth year; French Fourth Year Honors; A.P. 3237	Azulejo 2nd Edition	Wayside Publishing	Reviewed, Not Recommended	While Azulejos technically covers the required readings, it feels too basic for an AP-level course and lacks meaningful teacher or student supports. The student manual is very plain. The structure of the text and the directions for use can be confusing, which may frustrate both teachers and students. Heritage speakers might navigate it more easily, but Spanish learners could struggle with the nonstandard sentence structures and the limited scaffolding provided. Overall, the book compiles texts rather than being a textbook, offering mostly questions instead of interactive activities. Most “extras” link to third-party sites. Azulejos serves as a reference book, but it requires strong supplemental materials to effectively prepare students for the AP exam. Great resource not a textbook. 3335	Big Ideas Learning Mathematics Grade 8 (Math and You!)	Big Ideas Learning	Recommended Primary	This curriculum is well organized around the Major Work, using a clear Investigate ? Key Concept ? Application ? Practice routine to connect reasoning and representations to purposeful practice and authentic applications (including Performance Tasks). Rigor is balanced across conceptual understanding, procedural skill, and application, with ongoing quick checks and end-of-chapter assessments that clearly measure standard mastery; application evidence appears in real?life problems and tasks with rubrics. Built?in differentiation (Levels 1â€“3), consistent lesson components, and Spanish-language access with ELL notes support a broad range of learners, though supports beyond Spanish are less specific. Diversity is represented in career videos; class norms and SEL prompts reinforce traits such as perseverance, respect, and responsibility. 3239	Chiarissimo Uno	Wayside Publishing	Recommended Teacher Resource	The platform is difficult to navigate. Because content is divided between FlexText and Explorer, users must constantly move between the two, and numerous embedded links either malfunction, lead to incorrect pages, or result in “page not found” errors. This lack of cohesion creates confusion for both teachers and students, especially at the outset, when it is not immediately clear that two separate platforms are involved. The system would benefit from clearer organization, streamlined navigation, and a more logical instructional progression. Although the program offers multimedia resources, well-structured grammar explanations, and generally strong activities, it is not highly interactive or immersive. Students may struggle to engage with the material independently. Issues are especially evident in the audio sections, where many “Related Items” links direct users to irrelevant or repetitive content, diminishing their	Italian - 1A junior high; Italian - 1B junior high; Italian - First year; Italian first year-Honors	17086	Chiarissimo Uno, Print and Digital		9.78E+12	Print and digital bundle includes text plus online subscription that consists of digital text (FlexText) and online platform (LearningSite). 3127	ClearMath 1e K-5	Carnegie Learning, Inc.	Recommen ded Student Resource	ClearMath 1e K-5 is age-appropriate, engaging, and free from discriminatory content, advertising, e-commerce, or political interests. The program primarily focuses on the Major Work of each grade, embedding supporting standards to strengthen foundational skills without introducing unrelated content. It follows a clear grade-to-grade progression aligned with State Standards, with no interference from previous or future grade-level content. While grades 1, 2, 4, and 5 offer a limited number of lessons on some Major Work standards, most of the program's time is devoted to these standards overall. The materials explicitly support conceptual understanding alongside procedural fluency, helping students grasp both how to perform operations and why they work while addressing grade-level standards. Fluency is integrated through hands-on, visual, and contextual tasks rather than isolated drills, with repetition focused on the Major Work reinforcing grade-level	Mathemat ics Grade 3; Mathemat ics Grade 4; Mathemat ics Grade 5	20566	ClearMath Grade K Complete - 5 Year Bundle		9.80E+12	5 Year License; print consumable student book, refilled for term	Complete Bundle - 5 - 171.2

The program primarily focuses on the Major Work of each grade, embedding supporting standards to strengthen foundational skills without introducing unrelated content. It follows a clear grade-to-grade progression aligned with State Standards, with no interference from previous or future grade-level content. While grades 1, 2, 4, and 5 offer a limited number of lessons on some Major Work standards, most of the program's time is devoted to these standards overall. The materials explicitly support conceptual understanding alongside procedural fluency, helping students grasp both how to perform operations and why they work while addressing grade-level standards. Fluency is integrated through hands-on, visual, and contextual tasks rather than isolated drills, with repetition focused on the Major Work reinforcing grade-level	Mathemat ics Grade 3; Mathemat ics Grade 4; Mathemat ics Grade 5	20785	ClearMath 1e Grade K Complete - 1 Year Bundle		9.80E+12	1 Year License	Complete Bundle - 1 - 46.1

3140	College Prep Math	Pearson Education , Inc.	Recommen- ded Primary	This traditional mathematics textbook covers most grade-level content, though it DOES NOT include the statistics module. It is well-organized, with clear structure, multiple worked examples, extensive practice problems, videos, and guided notes that support skill development and alignment with major standards. The text effectively builds foundational knowledge for success in college algebra and provides multiple representations through examples, graphs, and visuals. However, lessons follow a conventional direct-instruction model with limited strategies for addressing student misconceptions and few opportunities for inquiry or concept exploration. Overall, the textbook is strong in practice, structure, and content coverage, but less effective in fostering student-led discovery. 3355	Core Connections 2nd Edition	CPM Educational Program	Recommended Primary	CPM Core Connections 2nd Edition is a comprehensive, research-based mathematics program designed to develop deep conceptual understanding, procedural fluency, and problem-solving skills for grades 6–8. Lessons are structured around problem-based learning, collaborative study teams, and guided inquiry, using multiple representations and real-world contexts to engage all learners. The program integrates the Standards for Mathematical Practice throughout, promoting reasoning, modeling, argumentation, and precision, while providing scaffolding, differentiation, and supports for English Language Learners and other special populations. Assessments are varied and embedded, including reflective practice, team challenges, individual tests, chapter closure assessments, and student self-assessment, allowing teachers to monitor understanding and guide instruction. Although its spiral design revisits prior-grade content, the materials emphasize the Major Work of each	Mathematics - Grade 6; Algebra 2 (9-12); Statistics Elective CE (Math 1040); Math. Electives- Alg or higher CE (1060); 7th Grade Mathematics; 8th Grade Mathematics; Secondary Mathematics I; Secondary Mathematics II; Secondary Mathematics III	10068	Core Connections, Course 1 (6th grade)		9.78E+12	Note: Toolkit is consumable, good for one year only. Ebook license included is for 8 years and transferable.	Student hardbound book - 90

3151	Das Reporterteam 1-2	Klett World Languages, Inc.	Recommended Primary	This instructional material was visually appealing, well-organized, and intuitive to navigate, with clear instructions and fully functional interactive features. Reviewers noted that the design was user-friendly and engaging, with up-to-date visuals, audio components that worked seamlessly, and cultural connections embedded throughout. The content represented diverse countries and perspectives, providing students with authentic opportunities to engage globally and compare cultures. The materials provided were concise, clearly structured, and easy for both teachers and students to use. The inclusion of “can” statements, standards alignment, and mini projects strengthened its instructional value. However, the material would benefit from additional scaffolding and differentiation to better meet the needs of learners across proficiency levels. 3369	Ellevation Platform	Curriculum Associates	Recommended Teacher Resource	ELlevation is a valuable platform for supporting Multilingual Learners because it brings together clear, accessible data and research-based instructional tools. Its dashboards help educators quickly interpret language proficiency levels and growth, allowing teams to make informed decisions and monitor progress efficiently. By integrating directly with district and state data, it streamlines workflows and ensures educators spend less time collecting information and more time planning instruction. In addition to data, ELlevation provides practical, classroom-ready strategies that help teachers embed language development within content learning. The platform also strengthens collaboration by giving ML specialists, teachers, and coaches shared tools for planning and communication. Overall, ELlevation enhances instructional coherence and supports more equitable, targeted instruction for ML students	Eng. Lang. Dev. I (9-12); Eng. Lang. Dev. II (9-12); Eng. Lang. Dev. 3258	Encuentros- Comunicaci 3n y cultura, Levels 1-4	Vista Higher Learning, Inc.	Recommen ded Primary	Encuentros has a lot to offerâ€”videos, audio, and virtual activities that make it engaging and interactive. Itâ€™s easy to navigate and includes cultural content from many Spanish-speaking countries showing different accents, foods, and traditions. It can feel overwhelming for new teachers or students at lower levels. The content aligns with the Utah World Languages Core Standards, provides opportunities to practice the four modes of communication (ILS, IL, IR, PW) and includes can-do statements. Each unit is divided into three sections that include products, practices and perspectives. The material feels similar to an AP book, although it does not prepare for the AP test. Overall, itâ€™s a strong, language- and culture-rich program that works best with experienced teachers. Something that was appreciated was the advanced material in the book, specifically the use of focusing on reading. There was a lot of diversity of the text and they were aligned with the standards	Spanish - First year; Spanish - Second year; Spanish - High school third year; Spanish - High school fourth year	24419	Encuentros L1 SSPlus (6Y)		9.78E+12	Detailed Program Walkthrough: https://learn.vistahigherlearning.com/encuentros/features.html Detailed list of Student and Teacher Digital Components: https://learn.vistahigherlearning.com/encuentros/digital-experience.html	126.95

3258	Encuentros- Comunicaci 3n y cultura, Levels 1-4	Vista Higher Learning, Inc.	Recommen ded Primary	Encuentros has a lot to offerâ€”videos, audio, and virtual activities that make it engaging and interactive. Itâ€™s easy to navigate and includes cultural content from many Spanish-speaking countries showing different accents, foods, and traditions. It can feel overwhelming for new teachers or students at lower levels. The content aligns with the Utah World Languages Core Standards, provides opportunities to practice the four modes of communication (ILS, IL, IR, PW) and includes can-do statements. Each unit is divided into three sections that include products, practices and perspectives. The material feels similar to an AP book, although it does not prepare for the AP test. Overall, itâ€™s a strong, language- and culture-rich program that works best with experienced teachers. Something that was appreciated was the advanced material in the book, specifically the use of focusing on reading. There was a lot of diversity of the text and they were aligned with the standards	Spanish - First year; Spanish - Second year; Spanish - High school third year; Spanish - High school fourth year	24426	Encuentros L1A PRIME (6Y)		9.78E+12	Detailed Program Walkthrough: https://learn.vistahigherlearning.com/encuentros/features.html Detailed list of Student and Teacher Digital Components: https://learn.vistahigherlearning.com/encuentros/digital-experience.html	189.95

Overall, itâ€™s a strong, language- and culture-rich program that works best with experienced teachers. Something that was appreciated was the advanced material in the book, specifically the use of focusing on reading. There was a lot of diversity of the text and they were aligned with the standards	Spanish - First year; Spanish - Second year; Spanish - High school third year; Spanish - High school fourth year	24479	Encuentro s L4 Student Edition + PRIME (6Y)		9.78E+12	Detailed Program Walkthrough: https://learn.vistahigherlearning.com/encuentros/features.html Detailed list of Student and Teacher Digital Components: https://learn.vistahigherlearning.com/encuentros/digital-experience.html	209.95

3258	Encuentros- Comunicaci 3n y cultura, Levels 1-4	Vista Higher Learning, Inc.	Recommen ded Primary	Encuentros has a lot to offerâ€”videos, audio, and virtual activities that make it engaging and interactive. Itâ€™s easy to navigate and includes cultural content from many Spanish-speaking countries showing different accents, foods, and traditions. It can feel overwhelming for new teachers or students at lower levels. The content aligns with the Utah World Languages Core Standards, provides opportunities to practice the four modes of communication (ILS, IL, IR, PW) and includes can-do statements. Each unit is divided into three sections that include products, practices and perspectives. The material feels similar to an AP book, although it does not prepare for the AP test. Overall, itâ€™s a strong, language- and culture-rich program that works best with experienced teachers. Something that was appreciated was the advanced material in the book, specifically the use of focusing on reading. There was a lot of diversity of the text and they were aligned with the standards	Spanish - First year; Spanish - Second year; Spanish - High school third year; Spanish - High school fourth year	24480	Encuentro s L4 Teacher Resource Box		9.78E+12	Detailed Program Walkthrough: https://learn.vistahigherlearning.com/encuentros/features.html Detailed list of Student and Teacher Digital Components: https://learn.vistahigherlearning.com/encuentros/digital-experience.html	408.95

3128	EntreCulturas 2nd Edition 1 ©2026	Wayside Publishing	Recommended Teacher Resource	The navigation was manageable overall, but it could be improved. While the book includes good notes and helpful content, it was sometimes difficult to locate specific information. I often had to switch back and forth between the FlexText and the Content Explorer, which made the experience less efficient and a bit confusing at times. The Level 1 Spanish book is appropriately structured for beginner learners and aligns well with the Utah World Language Core Standards, particularly in the areas of interpretive and interpersonal communication. The content scaffolds vocabulary, grammar, and cultural understanding effectively, helping students build foundational proficiency in the target language book works well for beginner students. Still, the additional book reader seems too simple and not suitable for secondary-level learners. The additional book could be used at the teacher's discretion. 3225	EntreCulturas 2nd Edition 2026	Wayside Publishing	Recommended Teacher Resource	This book includes some activities written in English, which require students to read, understand, and respond in English and also in Spanish. While this can be beneficial for language development, it is important to note that not all students in a bilingual program have the same level of English proficiency. Teachers must take into account that bilingual materials are not always fully in Spanish, and this could create barriers for students who are still building foundational language skills. As a result, the effectiveness and accessibility of the material may vary significantly depending on the students' language abilities and the level of instructional support provided. Careful consideration is needed to ensure that all students can engage with the content equitably and successfully, without experiencing frustration or academic disadvantage due to language limitations. Each chapter had difference sections based on what you wanted to focus on (different activities were visible or not visible depending on what you wanted). You have the ability to choose, or adapt the learning to the needs of your class such as adding cc to the videos or even printing out the script, another example, you can choose if accents would be important or not when grading. There speakers from different countries in the videos, giving students the opportunity to hear different accents which can help with listening comprehension. The text offers a variety of cultural aspects. Each chapter includes a culture real connections. It is geared appropriately towards teens using adolescents to create vlogs that the students listen to as	French - Second year; French Second Year-Honors	21036	EntreCultures 2nd Edition - French 2; Copyright 2026, Basic Digital License		9.78E+12	Digital license per student	Digital Access - 1y - 44.95; Digital Access - 5y - 119.95

3227	EntreCultures 2nd Edition Level 3 Â©2026	Wayside Publishing	Recommended Primary	This textbook is an excellent resource for intermediate French learners. It would fit Intermediate low to mid proficiency targets. The textbook is divided into units, and each unit a specific focus, and all are aligned with AP themes and subthemes and ACTFL proficiency guidelines. Each unit also focuses on a different part of the French speaking world, exposing students to various parts of the francophone world. The book is built on the concept of meeting French speakers from around the globe through vlogs. At the end of each section within a unit, there are formative assessments, and one complete summative assessment at the end of each unit. These complete assessments will evaluate students' reading and listening comprehension and writing, and speaking skills. The scope and sequence is reasonable, the vocabulary is based on high frequency words. The teacher has flexibility in which sections to teach and adapt these sections to student	French - High school third year; French Third Year-Honors	20811	EntreCultures 2nd Edition - French 3; Copyright 2026, Print and Digital		9.78E+12	Print textbook plus digital license per student	Print and 1-Year Digital - 139.95; Print and 5-Year Digital - 194.95

3326	¿Por qué una vez? Level 2: A Spanish Comprehension-Based Readers Program 1e ©2026	Wayside Publishing	Reviewed, Not Recommended	This book includes several inappropriate elements for classroom instruction. It presents violent and graphic content through bullfighting scenes that normalize animal cruelty and show the death of a character in detail. The story also portrays manipulative and aggressive behavior between characters, including a stepmother who mistreats the protagonist, which can be emotionally disturbing for young readers. The text and illustrations glorify bullfighting, a practice that involves animal suffering, without offering any cultural or ethical reflection. Additionally, another story within the same resource includes violent language such as 'kill the piñata' and 'how to kill a zombie,' accompanied by aggressive imagery and references to commercial brands like Coca-Cola, which is inappropriate in an educational context. Overall, the book lacks cultural sensitivity, diversity, and positive moral values. While it may help with basic language learning	Spanish - Second year; Spanish Second year-Honors; Spanish CE 3118 Literature and Film; Spanish/Spanish - Second year	23599	Mata la piñata, Spanish, Student Edition, Softcover Print Book 5 pack		9.78E+12	Set of 5 student softcover print books	Set of 5 softcover p - 36

3327	¿Por qué una vez? Level 3: A Spanish Comprehension-Based Readers Program 1e ©2026	Wayside Publishing	Reviewed, Not Recommended	The material was reviewed and deemed not recommended due to inappropriate content. The stories, centered on American students traveling to Spain, include inaccurate and culturally insensitive portrayals, such as the depiction of Romani people living in caves, which is factually incorrect and contrary to Spanish cultural norms. Additionally, some characterizations express negative judgments about certain groups, which may violate state regulations regarding respectful representation. The navigation of the material was initially challenging but became manageable with familiarity. The activities presented a lack of diversity, often repeating similar formats throughout. While the book provides a foundational introduction to the language, it does not offer progressive or advanced content. Comprehensive language learning relies heavily on supplementary books and stories beyond this material. 3327	¿Por qué una vez? Level 3: A Spanish Comprehension-Based Readers Program 1e ©2026	Wayside Publishing	Reviewed, Not Recommended	The material was reviewed and deemed not recommended due to inappropriate content. The stories, centered on American students traveling to Spain, include inaccurate and culturally insensitive portrayals, such as the depiction of Romani people living in caves, which is factually incorrect and contrary to Spanish cultural norms. Additionally, some characterizations express negative judgments about certain groups, which may violate state regulations regarding respectful representation. The navigation of the material was initially challenging but became manageable with familiarity. The activities presented a lack of diversity, often repeating similar formats throughout. While the book provides a foundational introduction to the language, it does not offer progressive or advanced content. 3274	Explore and Learn	Teacher Created Materials	Recommended Primary	Explore and Learn is a research-based comprehensive curriculum for early childhood programs. It can be adapted and used in full-day and half-day preschool. Explore and Learn provides high-quality instructional materials that provide students a holistic balance of play, hands-on experiences, direct instruction, and technology. The lessons provide teachers with detailed instruction as well as scaffolding to accommodate different learners. The program also includes a variety of assessments with all the instructions and materials the teacher will need to complete these assessments.	Early Childhood (Pre-K)	24320	Explore and Learn		9.80E+12	Authors are: Ashley Chu, M.Ed.Janet Eckart, M.Ed.Kris Hinrichsen, M.A.T.Carol Huey-Gatewood, M.A.Ed.Heather Keller, M.Ed.Sarah Massie, M.Ed.Kristin C. G. MiyamotoWhitney Oâ€™Connell, M.Ed.Jennifer Prior, Ph.D.,Lauren Ryan, M.Ed.Vicki Shaughnessy, M.Ed.	

3314	Financial Algebra: Advanced Algebra with Financial Applications	Cengage Learning	Recommended Primary	The material is a thorough exploration of how algebraic concepts can be applied to a variety of financial situations that students will find themselves dealing with in the future. The examples are well written and provide a logical progression; that being said, the examples in each section are limited in number and in scope of methods to solve. The material provides a variety of assessment question banks that can be pulled from to customize assessments to monitor student progress as well as providing a variety of project options that can be used to introduce students to various tools and further strengthen the connection between concepts in the classroom and tasks outside of the classroom. While aligned with the standards for Mathematics of Personal Finance, there are portions of the material that are more advanced than the standards require and may pose a struggle for students that have found themselves struggling with algebra in earlier courses.	Mathematics of Personal Finance	23169	Financial Algebra: Advanced Algebra with Financial Applications, Print Student Edition		9.80E+12		Print Student Editio - 139

The examples are well written and provide a logical progression; that being said, the examples in each section are limited in number and in scope of methods to solve. The material provides a variety of assessment question banks that can be pulled from to customize assessments to monitor student progress as well as providing a variety of project options that can be used to introduce students to various tools and further strengthen the connection between concepts in the classroom and tasks outside of the classroom. While aligned with the standards for Mathematics of Personal Finance, there are portions of the material that are more advanced than the standards require and may pose a struggle for students that have found themselves struggling with algebra in earlier courses.	Mathematics of Personal Finance	23177	Financial Algebra: Advanced Algebra with Financial Applications, MindTap (1 year access)		9.80E+12		MindTap (1 year access) - 50

3314	Financial Algebra: Advanced Algebra with Financial Applications	Cengage Learning	Recommended Primary	The material is a thorough exploration of how algebraic concepts can be applied to a variety of financial situations that students will find themselves dealing with in the future. The examples are well written and provide a logical progression; that being said, the examples in each section are limited in number and in scope of methods to solve. The material provides a variety of assessment question banks that can be pulled from to customize assessments to monitor student progress as well as providing a variety of project options that can be used to introduce students to various tools and further strengthen the connection between concepts in the classroom and tasks outside of the classroom. 3354	Focused Instruction: Mathematics Intervention	Teacher Created Materials	Recommended Limited	The program is an intervention/supplemental program focused on remediation and filling gaps, primarily supporting number and operational standards (Major Works). It is organized by mathematical content strands rather than grade-level progressions, and it selectively aligns with grade-level standards, focusing on key concepts for struggling learners without content interference from previous or future grades. Notably, it does not address measurement, data, or geometry at all. Furthermore, the content focuses on a single standard at a time, and when supporting standards are the focus, Major Works standards are not addressed simultaneously.	Mathematics Grade 3; Mathematics Grade 4; Mathematics Grade 5	24653	Focused Instruction: Mathematics Intervention			Inside Every Kit includes 1-year free access to the TCM Learning Platform. Pricing information can be found in Section VI of our submittal.	
3265	Foundations of Language and Literature 2E	Bedford, Freeman & Worth Publishing Group LLC	Recommended Primary	Strongly aligned to Utah ELA standards with clear scaffolding of foundational reading, writing, and speaking skills. Diverse texts and accessible design promote inclusion. Frequent formative checks support growth, though summative assessments are less detailed.	Language Arts 9	21604	Foundations of Language and Literature 2E	1319409261	9.78E+12	Print Student Edition - we also offer standalone digital access or as an add-on to the purchase of the print SE.	Print Student Edition - 108.98

3183	GATE+	Read Naturally, Inc.	Reviewed, Not Recommended	Gate + is an intervention program and does not meet the criteria set forth in SB 127. The program had a score of 58% in phonological awareness, a score of 73% in phonics, and a score of 55% in fluency. The program has a total of 2 red flags. You can find clarification and additional information in the comments across the checklist and in the "Red Flags" section. You can see the completed checklist and score by visiting the link provided: https://drive.google.com/file/d/1ZcfhyB7TrD7zICw5LoP7SblquLhBHKV9/view?usp=drive_link and https://drive.google.com/file/d/1HMi oiS9K5Oasox2MXku4N1L5ssg1AKx4/view?usp=drive_link	Basic Reading Skills; Elementary Reading	20726	GATE+ (Intervention)			GATE+ is available in three different levels; 0.8, 1.3, and 1.8. Each level includes a Teacher's Flipbook, Teacher's Manual, and digital downloads for \$175 per level.	Per Level - 175

3174	HMH Into Math Version 2 Grades 6-8	HMH Education Company	Recommended Primary	HMH Into Math Version 2 (Grades 6–8) is a well-structured, traditional mathematics program that effectively supports skill development, practice, and procedural fluency. Lessons include scaffolded tasks, multiple representations, and embedded routines such as Spark Your Learning and Three Reads to support comprehension and access for all learners, including ELLs and students needing additional support. While the program is comprehensive and thoughtfully designed, it follows a more conventional approach to instruction and does not fully reflect the state’s current emphasis on conceptual understanding through rich mathematical tasks. The program is recommended for teachers seeking a structured, sequential approach to mathematics instruction that builds foundational skills, with some support for differentiation and engagement.	7th Grade Mathematics	20674	Utah Into Math Version 2 Essential Student Resource Package 5-Year Print/5-Year Digital Grade 6		9.80E+12	Student Resource Pkg includes: Digital Student License 5Yr Gr6-8 & Student Edition Collection 5Yr Print Gr6	UT Into Math V2 ESS - 147.5

Lessons include scaffolded tasks, multiple representations, and embedded routines such as Spark Your Learning and Three Reads to support comprehension and access for all learners, including ELLs and students needing additional support. While the program is comprehensive and thoughtfully designed, it follows a more conventional approach to instruction and does not fully reflect the state’s current emphasis on conceptual understanding through rich mathematical tasks. The program is recommended for teachers seeking a structured, sequential approach to mathematics instruction that builds foundational skills, with some support for differentiation and engagement.	7th Grade Mathematics	20676	Utah Into Math Version 2 Essential Student Resource Package 5-Year Print/5-Year Digital Grade 8		9.80E+12	Student Resource Pkg includes: Digital Student License 5Yr Gr6-8 & Student Edition Collection 5Yr Print Gr8	UT Into Math V2 ESS - 147.5

3174	HMH Into Math Version 2 Grades 6-8	HMH Education Company	Recommended Primary	HMH Into Math Version 2 (Grades 6–8) is a well-structured, traditional mathematics program that effectively supports skill development, practice, and procedural fluency. Lessons include scaffolded tasks, multiple representations, and embedded routines such as Spark Your Learning and Three Reads to support comprehension and access for all learners, including ELLs and students needing additional support. While the program is comprehensive and thoughtfully designed, it follows a more conventional approach to instruction and does not fully reflect the state’s current emphasis on conceptual understanding through rich mathematical tasks. With the online component, students can work on their own individual needs to progress through their work. The one downfall noted is the amount of time it would take teachers to find the correct material needed for their lessons as the material was not organized by grade level and standards often overlapped. Instead of following a normal progression through a grade level for each standard needing to be	Mathemat ics Grade 3	20995	Utah Math 180 Teacher Resource Package with 5- Year Digital Grades 3 & 4		9.80E+12	Teacher Rsc Pkg incl: Tchr Digital Subscription 5Yr; Addition, Subtraction, and Place Value (ASP) TE; ASP mSpace Annotated Edition; Multiplication & Division TE, Mult & Div mSpace Annotated Edition; Classroom Posters; ASP Games Box; Mult & Div Games Box	UT M180 TRP 5Y G3- 4 - 954

3381	i-Ready Classroom Mathematics (c)2024	Curriculum Associates	Recommended Primary	Overall, raters agree that i-Ready Classroom Mathematics provides a strong connection to the State Mathematics Standards and that the mathematics is presented in a way that supports developing the Mathematical Practice Standards. As with all products, the quality of the product relies upon teachers' effective implementation. Where raters disagreed was in relation to the cognitive demand and level of mathematical reasoning demanded of students. Some raters felt that the product was sufficient in providing such rigor, while others felt that tasks as presented often provided too much scaffolding and mimicking-based exercises and tasks. The embedded assessments within the program are a strength, particularly the benchmark options. However, assessment tasks may better demonstrate procedural fluency and be less well-designed to demonstrate student conceptual understanding or authentic mathematical reasoning. 3381	i-Ready Classroom Mathematics (c)2024	Curriculum Associates	Recommended Primary	Overall, raters agree that i-Ready Classroom Mathematics provides a strong connection to the State Mathematics Standards and that the mathematics is presented in a way that supports developing the Mathematical Practice Standards. As with all products, the quality of the product relies upon teachers' effective implementation. Where raters disagreed was in relation to the cognitive demand and level of mathematical reasoning demanded of students. Some raters felt that the product was sufficient in providing such rigor, while others felt that tasks as presented often provided too much scaffolding and mimicking-based exercises and tasks. The embedded assessments within the program are a strength, particularly the benchmark options. However, assessment tasks may better demonstrate procedural fluency and be less well-designed to demonstrate student conceptual understanding or authentic mathematical reasoning. 3381	i-Ready Classroom Mathematics (c)2024	Curriculum Associates	Recommended Primary	Overall, raters agree that i-Ready Classroom Mathematics provides a strong connection to the State Mathematics Standards and that the mathematics is presented in a way that supports developing the Mathematical Practice Standards. As with all products, the quality of the product relies upon teachers' effective implementation. Where raters disagreed was in relation to the cognitive demand and level of mathematical reasoning demanded of students. Some raters felt that the product was sufficient in providing such rigor, while others felt that tasks as presented often provided too much scaffolding and mimicking-based exercises and tasks. The embedded assessments within the program are a strength, particularly the benchmark options. However, assessment tasks may better demonstrate procedural fluency and be less well-designed to demonstrate student conceptual understanding or authentic mathematical reasoning. 3381	i-Ready Classroom Mathematics (c)2024	Curriculum Associates	Recommended Primary	Overall, raters agree that i-Ready Classroom Mathematics provides a strong connection to the State Mathematics Standards and that the mathematics is presented in a way that supports developing the Mathematical Practice Standards. As with all products, the quality of the product relies upon teachers' effective implementation. Where raters disagreed was in relation to the cognitive demand and level of mathematical reasoning demanded of students. Some raters felt that the product was sufficient in providing such rigor, while others felt that tasks as presented often provided too much scaffolding and mimicking-based exercises and tasks. The embedded assessments within the program are a strength, particularly the benchmark options. However, assessment tasks may better demonstrate procedural fluency and be less well-designed to demonstrate student conceptual understanding or authentic mathematical reasoning. 3362	i-Ready Classroom Mathematics (c)2024 Grade 2	Curriculum Associates	Recommended Primary	This curriculum excels in its strong focus on Major Works, ensuring that materials are fully aligned with grade-level standards. Supporting and additional standards are skillfully integrated to enhance the primary focus, not distract from it. The clear lesson progressions are a significant strength, providing teachers with a valuable resource for understanding the cohesive building of knowledge across a unit and connections to prior and future learning, which also aids in addressing below or above-grade content. A core strength lies in its pedagogical approach, where concept development consistently precedes procedural practice, building strong conceptual foundations before moving to skill reinforcement. Students benefit from regular procedural fluency practice through games and structured activities that build accuracy, efficiency, and flexibility, all while avoiding excessive rote drill. Problem-solving is seamlessly woven into the lesson	Mathematics Grade 3	24348	i-Ready Classroom Utah Mathematics Student Worktext with Digital Access Package Grade 2 1 Year		9.78E+12	This material provides online subscription for the student for 1 year

3363	i-Ready Classroom Mathematics (c)2024 Grade 3	Curriculum Associates	Recommended Primary	i-Ready Classroom Mathematics (c)2024 for Grade 3 is a comprehensive, standards-aligned program that effectively balances conceptual understanding, procedural fluency, and real-world application. The curriculum demonstrates strong coherence and focus on the Major Work of the Grade, emphasizing place value, multiplication, division, and fractions through sequenced lessons that build on prior knowledge and prepare students for future learning. Instructional design integrates multiple representations, discourse opportunities, and problem-solving tasks that promote reasoning and mastery of the Standards for Mathematical Practice. The program provides equitable access through differentiated supports, visual models, and language scaffolds that meet the needs of all learners, including English Language Learners and students requiring intervention. Assessments are ongoing and	Mathematics Grade 3	24354	i-Ready Classroom Mathematics Student Worktext with Digital Access Package Grade 3 1 Year		9.78E+12	This material provides online subscription for the student for 1 year

3365	i-Ready Classroom Mathematics (c)2024 Grade 5	Curriculum Associates	Recommended Primary	The Imagine Learning and i-Ready Classroom Mathematics programs demonstrate strong alignment with Utah’s educational standards and legal requirements, including R277-628, 53G-10-103, and H.B. 261. Both curricula are academically sound, age-appropriate, and free from sensitive, biased, or ideological content. Lessons focus on mathematical reasoning, conceptual understanding, and application, while embedding the Standards for Mathematical Practice throughout instruction. The materials consistently promote equity, inclusion, and neutrality”featuring diverse, non-stereotypical representations and ensuring that all students feel valued and represented. Instructional design emphasizes collaboration, discourse, and reflection, fostering persistence, logical reasoning, and positive character development within a respectful learning environment. Comprehensive formative and summative assessments support	Mathematics Grade 5	24355	i-Ready Classroom 2024 Utah Mathematics Student Worktext with Digital Access Package Grade 5 1 Year		9.78E+12	This material provides online subscription for the student for 1 year

3366	i-Ready Classroom Mathematics (c)2024 Grade 6	Curriculum Associates	Recommended Primary	i-Ready Mathematics Grade 6 is recommend as a primary resource because it centers instruction on the Major Work with clear coherence, frequent formative checks, and strong progress monitoring from pre-unit diagnostics to unit assessments. Lessons include common misconception guidance, sample responses, and teacher supports that streamline planning and intervention. Multilingual learners benefit from embedded language routines, sentence frames, and differentiated supports. While hands on conceptual depth can be strengthened and UDL supports expanded, the overall structure of concrete, representational, abstract, embedded fluency routines, labeled standards, and clear unit progressions provide a reliable, standards aligned curriculum. 3245	Imagine IM 6-8	Imagine Learning LLC	Recommended Primary	Our review of IM Imagine Grades 6-8 found that the materials align with state standards and do not present any legal concerns. The curriculum provides practice in procedural skills, applications, and reasoning, with lessons focused on the Major Work of each grade. Lessons include multiple representations, scaffolding, and support resources to help a broad range of learners. Assessments provide adequate measures of student progress. Overall, the materials are coherent, relevant, and incorporate diverse scenarios, though additional reasoning practice and assessment variety could strengthen the program. 3209	IMSE Morphology +	Orton-Gillingham	Reviewed, Not Recommended	IMSE Morphology+ is a Supplemental program for Phonics, Fluency and Vocabulary, and does not meet the criteria set forth in SB 127 (2022). The program had a score of 59% in phonics, 73% in fluency and 73% in vocabulary. The program had 1 red flag. You can find clarification and additional information in the comments across the checklist and in the ""Red Flags"" section. *Note: This program would meet in the area of phonics only if the foundational skills were removed. However, because it does not pass in the other two areas, Fluency and Vocabulary, ISME Morphology+ is still not recommended. You can see the completed checklist and score by visiting the link provided. https://drive.google.com/file/d/10fV6nYFstRUVDzZf2tQ1lj01ZYI67_v/view?usp=sharing	Elementary Reading	20779	Morphology Plus Teacher Guide Affixes Book 1		9.78E+12	Morphology Plus Teacher Guide Affixes Book 1

3348	Inspiring Connections Course 1-Course 3	CPM Educational Program	Recommended Primary	Based on the comprehensive review of the criteria, the CPM curriculum is recommended for adoption as it largely provides a coherent and Standards-aligned instructional program. Its greatest strength lies in its consistently problem-based design, which successfully drives the development of conceptual understanding and mathematical reasoning through demanding, application-focused tasks. While the curriculum's spiral review structure poses a challenge due to its high demand for consistent prerequisite mastery, this is partially addressed by dedicated Skill Builder sections and the problem's relevant Western U.S. contexts. Overall, the curriculum's commitment to application-based assessment and collaborative learning supports student proficiency and is well-aligned with the Standards for Mathematical Practice.	Mathematics - Grade 6; 7th Grade Mathematics; 8th Grade Mathematics	24314	Inspiring Connections Course 1		9.78E+12	1 year digital subscription required

3241	InterKulturel l 1 Â©2025	Wayside Publishing	Recommen ded Primary	We recommend these textbooks and would use them as teachers. There are many resources. Besides a substantial Instructional Strategies toolkit, there are many ideas for activities and assessments. The teacher addition shows various differentiation suggestions for struggling as well as thriving students. There are other cool resources like flashcards to learn vocabulary words and there is a platform called Nualang, an AI-driven digital platform for learning world languages with speaking, listening, reading, and writing activities. It is free for students but requires a paid plan for teachers. The biggest drawback is that navigation is NOT very intuitive and can be frustrating at first. You can not just click on icons within the text to pull up activities, worksheets, and listening activities; and even when you get into the explorer content, the right activities are sometimes hard to find	German - 1A junior high; German - 1B junior high; German - First year; German First year- Honors	21159	InterKultur ell - German 1; Copyright 2025, Digital License		9.78E+12	Digital license per student	Digital Access - 1 y - 70; Digital Access - 5 y - 143

3289	Kiddom IM® v.360 Utah 1st Grade	Kiddom	Recommended Primary	Reviewers found the curriculum free of bias and political influence, well-aligned with the Utah Core Standards, and focused on the major work of the grade. It effectively supports conceptual understanding through problem-based learning, clear progressions, and integration of the Mathematical Practices. While diversity components are somewhat limited, and fluency will require intentional teacher implementation, the materials provide adequate support for differentiation, assessment, and diverse learners. Overall, the curriculum is adequate and appropriate to recommend as a primary resource for mathematics instruction in Utah's 1st grade classrooms.	Mathematics Grade 3	22635	Kiddom IM® v.360 Utah 1st Grade (Digital/Print)		9.80E+12	Kiddom IM® v.360 Utah 1st Grade is available in the following formats (both 1 year and 5 year options): - Digital subscription (student/teacher) - Student Print Editions - Teacher Print Editions - Student Spanish Print - Manipulative Kits (1 per class)	Kiddom IM® v.360 Ut - 30; Kiddom IM® v.360 Ut - 93; Kiddom IM® v.360 Ut - 21; Kiddom IM Utah SE Pr - 51; Kiddom IM® v.360 Ut - 370; Kiddom IM® v.360 Ut - 489; Kiddom IM® v.360 UT - 30; Kiddom IM®

3309	Kiddom IMÂ® v.360 Utah 2nd Grade	Kiddom	Recommended Primary	Reviewers found the 2nd grade curriculum to be free of bias, discrimination, and political or commercial influence, while maintaining alignment with the Utah Core Standards. The program emphasizes the major work of the grade and supports conceptual understanding through problem-based learning, meaningful connections, and clear grade-level progressions that use prior content only for scaffolding and differentiation. Mathematical Practices are well integrated throughout lessons and assessments, promoting reasoning and conceptual understanding. The curriculum includes supports for diverse learners”such as Math Language Routines, UDL strategies, and visual aids”though their success depends on teacher implementation. While cultural representation is limited, assessments and activities effectively measure both conceptual and procedural understanding	Mathematics Grade 3	23108	Kiddom IMÂ® v.360 Utah 2nd Grade (Digital/Print)		9.80E+12	Kiddom IMÂ® v.360 Utah 2nd Grade is available in the following formats (both 1 year and 5 year options): - Digital subscription (student/teacher) - Student Print Editions - Teacher Print Editions - Student Spanish Print - Manipulative Kits (1 per clas	Kiddom IMÂ® v.360 Ut - 30; Kiddom IMÂ® v.360 Ut - 93; Kiddom IMÂ® v.360 Ut - 21; Kiddom IM Utah SE Pr - 51; Kiddom IMÂ® v.360 Ut - 264; Kiddom IMÂ® v.360 Ut - 621; Kiddom IMÂ® v.360 UT - 30; Kiddom IMÂ®

3288	Kiddom IMÂ® v.360 Utah Kindergarten	Kiddom	Recommended Primary	This curriculum is well linked to the state standards and generally enhances the major work in each grade. There are some remedial skills that would need extra supplemental material but overall we would recommend this material.	Mathematics Grade 3	22638	Kiddom IMÂ® v.360 Utah Kindergarten (Digital/Print)		9.80E+12	Kiddom IMÂ® v.360 Utah Kindergarten is available in the following formats (both 1 year and 5 year options): - Digital subscription (student/teacher) - Student Print Editions - Teacher Print Editions - Student Spanish Print - Manipulative Kits (1 per c	Kiddom IMÂ® v.360 Ut - 30; Kiddom IMÂ® v.360 Ut - 93; Kiddom IMÂ® v.360 Ut - 21; Kiddom IM Utah SE Pr - 51; Kiddom IMÂ® v.360 Ut - 396; Kiddom IMÂ® v.360 Ut - 515; Kiddom IMÂ® v.360 UT - 30; Kiddom IMÂ®

3310	Kiddom IMÂ® v.360 Utah: 3rd Grade	Kiddom	Recommended Primary	Curriculum follows progressions in the state standards. There are links to required pre-requisite standards as well as standards that current content is leading to in the next grade level.	Mathematics Grade 3	23110	Kiddom IMÂ® v.360 Utah: 3rd Grade (Digital/Print)		9.80E+12	Kiddom IMÂ® v.360 Utah: 3rd Grade is available in the following formats (both 1 year and 5 year options): - Digital subscription (student/teacher) - Student Print Editions - Teacher Print Editions - Student Spanish Print - Manipulative Kits (1 per cla	Kiddom IMÂ® v.360 Ut - 30; Kiddom IMÂ® v.360 Ut - 93; Kiddom IMÂ® v.360 Ut - 21; Kiddom IM Utah SE Pr - 51; Kiddom IMÂ® v.360 Ut - 264; Kiddom IMÂ® v.360 Ut - 555; Kiddom IMÂ® v.360 UT - 30; Kiddom IMÂ®

3311	Kiddom IMÂ® v.360 Utah: 4th Grade	Kiddom	Recommended Primary	Reviewers determined the 4th grade math program is fair and follows Utah Core Standards. It focuses on the most important math work for the grade and helps students understand ideas through problem-solving, clear steps, and connections to what they already know. Math Practices are used in lessons and tests to build reasoning and understanding. The program offers tools for all learners, like language routines, visual aids, and strategies for different needs, but teachers need to use them well. Cultural examples are few, but activities and tests check both understanding and skills. Overall, reviewers think the materials are good and recommend them.	Mathematics Grade 4	23112	Kiddom IMÂ® v.360 Utah: 4th Grade (Digital/Print)		9.80E+12	Kiddom IMÂ® v.360 Utah: 4th Grade is available in the following formats (both 1 year and 5 year options): - Digital subscription (student/teacher) - Student Print Editions - Teacher Print Editions - Student Spanish Print - Manipulative Kits (1 per class)	Kiddom IMÂ® v.360 Utah - 30; Kiddom IMÂ® v.360 Utah - 93; Kiddom IMÂ® v.360 Utah - 21; Kiddom IM Utah SE Pr - 51; Kiddom IMÂ® v.360 Utah - 304; Kiddom IMÂ® v.360 Utah - 515; Kiddom IMÂ® v.360 UT - 30; Kiddom IMÂ®

3312	Kiddom IMÂ® v.360 Utah: 5th Grade	Kiddom	Recommended Primary	The curriculum is free of bias, discrimination, and political or commercial influence, while maintaining strong alignment with Utah Core Standards. It emphasizes the major work of 5th grade and supports conceptual understanding through problem-based learning, meaningful connections, and clear progressions that build on prior content for scaffolding and differentiation. Mathematical Practices are consistently integrated into lessons and assessments, fostering reasoning and conceptual depth. Supports for diverse learners (such as Math Language Routines, UDL strategies, and visual aids) are included, though effectiveness depends on teacher implementation. Cultural representation is limited, but assessments and activities accurately measure both conceptual and procedural understanding.	Mathematics Grade 5	23113	Kiddom IMÂ® v.360 Utah: 5th Grade (Digital/Print)		9.80E+12	Kiddom IMÂ® v.360 Utah: 5th Grade is available in the following formats (both 1 year and 5 year options): - Digital subscription (student/teacher) - Student Print Editions - Teacher Print Editions - Student Spanish Print - Manipulative Kits (1 per class)	Kiddom IMÂ® v.360 Utah - 30; Kiddom IMÂ® v.360 Utah - 93; Kiddom IMÂ® v.360 Utah - 21; Kiddom IM Utah SE Pr - 51; Kiddom IMÂ® v.360 Utah - 264; Kiddom IMÂ® v.360 Utah - 370; Kiddom IMÂ® v.360 UT - 30; Kiddom IMÂ®

3329	Kiddom IMÂ® v.360 Utah: 6th Grade	Kiddom	Recommended Primary	The curriculum demonstrates strong alignment with Utah Core Standards. It prioritizes the major work of 6th grade and builds conceptual understanding through problem-based tasks, meaningful connections, and logical progressions that use prior content for support and differentiation. Mathematical Practices are woven throughout lessons and assessments, encouraging reasoning and deeper understanding. Resources for diverse learners—such as Math Language Routines, UDL strategies, and visual supports—are provided, though their impact relies on effective teacher use. Cultural representation is minimal, but assessments and activities successfully evaluate both conceptual and procedural skills.	Mathematics - Grade 6	23725	Kiddom IMÂ® v.360 Utah: 6th Grade (Digital/Print)		9.80E+12	Kiddom IMÂ® v.360 Utah: 6th Grade is available in the following formats (both 1 year and 5 year options): - Digital subscription (student/teacher) - Student Print Editions - Teacher Print Editions - Student Spanish Print - Manipulative Kits (1 per class)	Kiddom IMÂ® v.360 Utah - 105; Kiddom IMÂ® v.360 Utah - 95; Kiddom IMÂ® v.360 Utah SE Pr - 200; Kiddom IMÂ® v.360 UT - 105; Kiddom IMÂ® v.360 Utah - 74.75; Kiddom IMÂ® v.360 Utah - 30; Kiddom IMÂ® v.360 Utah - 93; Kiddom IMÂ®

3330	Kiddom IM® v.360 Utah: 7th Grade	Kiddom	Recommended Primary	This curriculum is recommended as a primary resource due to its support for both teachers and students, and its clear alignment with Utah Core Standards. The online version follows appropriate pacing by grade and has details and supports listed for each section. Each lesson includes teacher guides, lesson, presentation materials, and assessments with answers. Student materials offer a balanced structure with warm-ups, explorations, practice, and assessments, plus instructional videos and interactive tools.	7th Grade Mathematics	23744	Kiddom IM® v.360 Utah: 7th Grade (Digital/Print)		9.80E+12		Kiddom IM® v.360 Ut - 105; Kiddom IM® v.360 Ut - 95; Kiddom IM Utah SE Pr - 200; Kiddom IM® v.360 UT - 105; Kiddom IM® v.360 Ut - 74.75; Kiddom IM® v.360 Ut - 30; Kiddom IM® v.360 Ut - 93; Kiddom IM®

3332	Kiddom IMÂ® v.360 Utah: 8th Grade	Kiddom	Recommended Primary	This curriculum is recommended as a primary resource due to its support for both teachers and students, and its clear alignment with Utah Core Standards. The online version follows appropriate pacing by grade and has details and supports listed for each section. Each lesson includes teacher guides, lesson, presentation materials, and assessments with answers. Student materials offer a balanced structure with warm-ups, explorations, practice, and assessments, plus instructional videos and interactive tools.	8th Grade Mathematics	23763	Kiddom IMÂ® v.360 Utah: 8th Grade (Digital/Print)		9.80E+12	Kiddom IMÂ® v.360 Utah: 4th Grade is available in the following formats (both 1 year and 5 year options): - Digital subscription (student/teacher) - Student Print Editions - Teacher Print Editions - Student Spanish Print - Manipulative Kits (1 per class)	Kiddom IMÂ® v.360 Utah - 105; Kiddom IMÂ® v.360 Utah - 95; Kiddom IM Utah SE Pr - 200; Kiddom IMÂ® v.360 UT - 105; Kiddom IMÂ® v.360 Utah - 74.75; Kiddom IMÂ® v.360 Utah - 30; Kiddom IMÂ® v.360 Utah - 93; Kiddom IMÂ®

3345	Kiddom IMÂ® v.360 Utah: Integrated 1	Kiddom	Recommended Primary	Kidom's Integrated Math 1 v.360 Utah was developed from the Illustrative Mathematics curriculum, the program helps students make connections between algebraic and geometric concepts rather than treating them as isolated subjects. By integrating algebra and geometry, the program helps students see the relationships between different mathematical concepts hoping to build stronger problem-solving and reasoning skills. The curriculum is problem-based and uses real-world scenarios. Digital platform features: The Kiddom platform offers many useful features for teachers, including: Digital assignments that can be customized. Tools for students to show work by drawing, typing, or uploading images. Program also allows teachers the ability to assign work to individual students for differentiation. 3376	Lingco for French 1	Lingco Language Labs, Inc.	Recommended Teacher Resource	Straightforward, there's a system that goes through from 1 to 3 that made sense, everything was aligned, easy to navigate, the content was expected for Levels 1, 2, 3, there was a lot of English even though it got to Level 3 that didn't make sense. Need to work on having more language in the book instead of language, Unit themes should be in the target language (especially in Level 2 or 3), included a lot of mechanical activities, but felt that a lot of activities were basic at times, difficult of activities were not increasing very much, they tried to improve it. Doesn't accurately show French culture outside of France, did these people actually do research on this?, it got French culture in France, but not worldwide culture. "fill in the blank with English words" you don't need to know French to actually understand, typos (accent), grammatical mistakes, conjugation mistakes, be careful about linking to websites as some of the ads are inappropriate (the website's issue not the publisher). PDFs - links do	French - First year	24318	French 1		9.80E+12		1 year student digit - 31.2; 1 year student digit - 104.8; 1 year teacher digit - 180; Lingco Teacher Resou - 116

3378	Lingco for French 2	Lingco Language Labs, Inc.	Recommended Teacher Resource	The reviewed material is recommended as a Teacher Resource. It is straightforward and features a logical progression from level 1 to 3. The material is aligned, easy to navigate, and suitable for level 2. However, the content is predominantly in English. More French integration within each unit theme is suggested. The material includes many mechanical activities, but they are often basic, with little increase in difficulty. A concern was raised about the lack of representation of French culture outside of France, and the depth of research in this area was questioned. There are too many "fill in the blank with English words" activities, which are too simple for this level. Typos, grammatical errors, and conjugation mistakes were noted. The material is in PDF format, and initially, no one could use the links. Some links were live but connected to websites with potentially	French - Second year	24647	French 2 v1.5		9.80E+12		1 year student digit - 31.2; 1 year student digit - 104.8; 1 year teacher digit - 180; Lingco Teacher Resou - 116

3379	Lingco for French 3	Lingco Language Labs, Inc.	Recommended Teacher Resource	The curriculum follows a straightforward system from Levels 1 to 3, with clear alignment and easy navigation, and the content matches expectations for each level. However, there is an overuse of English, even at Level 3, which is not appropriate for language immersion. More content should be presented in French, and unit themes—especially at Levels 2 and 3—should be in the target language. While the book includes many mechanical activities, they often feel basic, with little increase in difficulty, and there is a lack of real-world tasks and effective scaffolding. The material doesn't accurately show French culture outside of France, and it is unclear if adequate research was conducted on global French cultures. Some activities, such as "fill in the blank with English words," do not require actual knowledge of French. There are also frequent typographical, grammatical, and conjugation	French - High school third year	24655	Lingco Language Labs French 3			9.80E+12		1 year student digit - 31.2; 1 year student digit - 104.8; 1 year teacher digit - 180; Lingco Teacher Resou - 116

3380	Lingco for Spanish 1	Lingco Language Labs, Inc.	Recommended Teacher Resource	This material is a recommended teacher resource. The material provided by the publisher was a PDF file instead of an e-book. The links to resources did not work, so the review team did not have access to the materials necessary to do listening and speaking activities. The activities that that were accessible were engaging and up-to-date. The book tells teachers to do extra things to make activities accessible, or it was impossible to do some of the activities without some additional support to make the material work. The teacher would have to do extra work to put things together. This material would be a great support to a teacher who is seeking more supplemental materials. 3202	Math Expressions K-6	Heinemann, A Division of Greenwood Publishing Group LLC	Recommended Primary	It is our conclusion that Math Expressions K-6 can be used as a Primary Resource. There were a few areas that we felt could use improvement, but overall, the vendor has attended to the USBE guidelines in a manner that may benefit students of the State of Utah. There is strong evidence of multiple models of learning within four specific learning phases. Phase 1 is the "Guided Introducing" with collaborative inquiry, and the teacher has time to clarify misconceptions. Phase 2 is "Learning Unfolding" which has precise elements to help students make connections with use of daily routines that can strengthen inquiry. Phase 3 is "Kneading Knowledge". This is where the students can build their fluency and problem solving, and can practice math talk and writing. The last phase, Phase 4 is "Maintaining". The math talk discussions is prevalent in this phase and give the students a chance to recall and connect. There is strong evidence of multiple models of learning within four specific learning phases. Phase 1 is the "Guided Introducing" with collaborative inquiry, and the teacher has time to clarify misconceptions. Phase 2 is "Learning Unfolding" which has precise elements to help students make connections with use of daily routines that can strengthen inquiry. Phase 3 is "Kneading Knowledge". This is where the students can build their fluency and problem solving, and can practice math talk and writing. The last phase, Phase 4 is "Maintaining". The math talk discussions is prevalent in this phase and give the students a chance to recall and connect. There is built in quick practice and spiral	Mathematics Grade 3	20741	Math Expressions Student Resource Package 5 Year Print/5 Year Digital Grade 1		9.80E+12	Teacher Resource Package includes: Teacher License Digital 5-year Grade 1 with Matific, Teacher Edition Collection Grade 1, Focused Manipulatives Kit Grade 1, Activity Center Kit Grade 1, Getting Started Manipulatives Kit Grade 1.	168

3202	Math Expressions K-6	Heinemann, A Division of Greenwood Publishing Group LLC	Recommended Primary	It is our conclusion that Math Expressions K-6 can be used as a Primary Resource. There were a few areas that we felt could use improvement, but overall, the vendor has attended to the USBE guidelines in a manner that may benefit students of the State of Utah. 3163	Math Nation Grades 6-8	Accelerat e Learning Inc.	Recommen ded Primary	Math Nation provides an interactive curriculum for grades 6-8 that combines technology and mathematical practices to strengthen students' understanding of content standards. The comprehensive materials provide beginner, intermediate, and advanced guided notes for each unit, along with home support resources that assist with differentiated instruction. The curriculum also includes scope and sequence documents showing alignment an overlap across grades 6-8, instructional videos, and materials in both English and Spanish, ensuring support for teachers and students. While there are a variety of formal and informal assessments, this curriculum does not provide a substantial amount of practice materials and may require supplementation with additional resources. 3164	Math Nation Grades 9-12	Accelerat e Learning Inc.	Recommen ded Primary	This curriculum is recommended as a primary resource because of the supports to both the teacher and the student, and because of the strong organization of math concepts aligned to the Utah core standards. The online curriculum aligns with standards and has appropriate grade-by-grade pacing. The original design of the lessons follow the traditional path of coursework (algebra, geometry, algebra 2, etc.); however, they have modified the online version to match the Utah core curriculum (Integrated Math I, II, and III). Schools have the opportunity to choose the path of coursework. Each lesson provides teacher resources, teacher presentation materials, and assessments with answers. In the student materials each lesson and unit has a balanced workflow with warm-ups and reviews, exploration activities, formative assessments, practice problems, and summative assessments. The student materials include videos with study experts to explain concepts. The lessons include a variety of representations	Algebra 2 (9-12); Secondary Mathemat ics I; Secondary Mathemat ics I- Honors; Secondary Mathemat ics II; Secondary Mathemat ics II- Honors; Secondary Mathemat ics III; Secondary Mathemat ics III- Honors	21526	Math Nation Digital Algebra 1		9.80E+12	The primary product is an online subscription with no freight charges. 3382	Mathematics of Personal Finance	Pearson Education, Inc.	Recommended Primary	Our review of Pearson's Mathematics of Personal Finance found that the materials generally align with state standards and do not appear to violate any laws. The curriculum provides sufficient practice for procedural skills and fluencies, with lessons focused on the Major Work of the grade and accessible through the online platform. However, there are gaps in coverage, particularly regarding career-focused content and task-based reasoning opportunities, and most lessons rely heavily on procedural questions with limited practice in reasoning. While the materials reference familiar brands and include diverse scenarios, a few examples may portray certain groups negatively, and assessment variety could be improved. Overall, the curriculum can serve as a useful resource, but supplemental materials would be necessary to fully support reasoning skills, diverse assessment types, and career-related content. 3279	Mosaico Fundamentos por i-Ready	Curriculum Associates	Recommended Primary	The quality of grade-level content on the platform shows noticeable variation, with the stronger and more comprehensive offerings primarily found in the higher grade levels. While the content for these upper grades is well-developed and engaging, the lower grade levels appear to have fewer robust resources, which may impact the overall learning experience for younger students. Additionally, there is a limited selection of activities specifically focused on citizenship education, which is an important area for fostering responsible and informed learners. The range of activity types available across the platform also lacks diversity, potentially limiting opportunities for students to engage with the material through different learning modalities and interactive formats. On a positive note, the platform boasts a modern and visually appealing design that enhances user experience and encourages student engagement. It provides	Spanish 2 DLI	24366	Mosaico Fundamentos Utah Student Workbook Set Grade K 1 Year		9.78E+12	This material provides online subscription for the student for 1 year

3235	Neue Blickwinkel, 2nd Edition	Wayside Publishing	Reviewed, Not Recommended	It was overwhelming with navigation and very confusing to use in terms of format. Teachers would have to do a lot of work to find materials and make it work and get used to it. There are a lot of opportunities to understand German cultural incorporation, but there is not an intentional effort to include diverse culture. It addresses "readiness" standards. It has lots of instructional strategies, but the teacher will need to decide how to use them. There are "I can" statements, but they are found in the Appendix. It is really difficult to find information and find activities. The activities were not specifically called assessments, but many could be used for assessments. It would not be a great resource to get around, but has a lot of great information. It seems they tried to "check off the boxes" of what they needed to meet, and for that reason, there is a lot of great material. There was nudity on a record cover found in one of the videos used for an AP practice activity about music. 3131	ParentABLE	ParentTeach Institute	Reviewed, Not Recommended	Though these materials are engaging, interactive, align with the Utah Health 2 Core, and are excellent for educating students about various parenting styles, they cannot be recommended because they did not pass the "Compliance with State Law" requirement in the "Free from Advertising or Political Interest" section. Video #4 in "Lesson 3: Parenthood" has a father and son eating Froot Loops cereal. The words "Froot Loops" are blurred out a little, but are still readable. The father and son playfully peek at each other from behind the box, and the father holds the box. The cereal is the center of their playfulness. This is "inadvertently promoting" a product. In "Lesson 2: ACEs and Their Impacts," the first video ends with, "for more information, please visit www.kpjrfilms.co." Upon visiting this site, the following ads/related topics were displayed: "Best Streaming Movies." "Movie	Health Education II; Health Education II (9-12) - SPED	20638	ParentABLE					This material is an online course. I have uploaded login instructions for review, but teachers who choose to implement this program at their schools will have access to a training course, a training guide and a teacher dashboard where they can review cour	

3359	Phonics for Reading Utah	Curriculum Associates	Recommended Limited	Phonics for Reading is an intervention program and had strong evidence in the areas of evidence-based strategies and alignment with the science of reading and meets the criteria set forth in SB 127. 3158	PreKindergarten	Really Great Reading	Recommended Teacher Resource	PreKindergarten Launchpad is a comprehensive, research-based early literacy curriculum designed to replace or augment a program's current literacy instruction by building strong foundational skills in phonological awareness, print knowledge, and oral language. Aligned with Utah's Early Learning Core Standards and grounded in the Science of Reading, the curriculum provides explicit, systematic instruction that is developmentally appropriate and engaging for preschool learners. Lessons incorporate multisensory, play-based activities that promote active participation and conceptual understanding while maintaining clear, teacher-directed routines that foster student independence. The program includes robust scaffolding and adaptability features to support diverse learners, including dual language students and children with disabilities. It is compliant with all state requirements, free from bias.	Early Childhood (Pre-K)	20650	Launchpad					Launchpad Classroom - 459

3276	Quechere! 3e Levels 1-4	Carnegie Learning, Inc.	Recommended Primary	This material is overall strong and well-developed, which justifies its Recommended Primary rating. The content provides a clear focus on AP test preparation, which makes it especially valuable for high-achieving students and advanced learners. However, this same focus may present challenges for different age groups. The level of rigor and pacing seem better suited for high school students than for those in junior high. In addition, while the online platform is functional and offers interactive features, the assessment experience varies depending on the format. The online version can be difficult to navigate on Chromebooks, and students may encounter technical issues. It would be beneficial if the platform did not require separate downloads or additional tools to access assessments. A smoother, more integrated technical experience would make this resource even stronger. 3276	Quechere! 3e Levels 1-4	Carnegie Learning, Inc.	Recommended Primary	This material is overall strong and well-developed, which justifies its Recommended Primary rating. The content provides a clear focus on AP test preparation, which makes it especially valuable for high-achieving students and advanced learners. However, this same focus may present challenges for different age groups. The level of rigor and pacing seem better suited for high school students than for those in junior high. In addition, while the online platform is functional and offers interactive features, the assessment experience varies depending on the format. The online version can be difficult to navigate on Chromebooks, and students may encounter technical issues. It would be beneficial if the platform did not require separate downloads or additional tools to access assessments. A smoother, more integrated technical experience would make this resource even stronger. 3219	Ready to Advance (c)2022	Benchmark Education Company LLC	Recommended Primary	Ready to Advance is a comprehensive, research-based preschool curriculum aligned with Utah’s Early Learning Core Standards. It emphasizes developmentally appropriate, evidence-based instruction through a balanced approach of teacher-led and child-directed, play-based learning. The program supports the whole child—addressing physical, cognitive, linguistic, social, and emotional domains—through engaging, multisensory lessons and differentiated scaffolds for diverse learners. Assessments are embedded to monitor progress, and materials meet ISTE and VPAT compliance standards. Free from bias, advertising, and sensitive content, Ready to Advance upholds all Utah codes while providing an inclusive, high-quality early learning experience for preschool children. 3306	Somos 1 Novice	The Comprehensive Classroom	Reviewed, Not Recommended	The reviewed curriculum demonstrates strong alignment with World Language standards and ACTFL guidelines. It provides teachers with comprehensive resources to effectively teach each unit, including detailed lesson plans, scaffolded activities, and visual supports. The inclusion of "can" statements throughout the units clearly communicates learning objectives to students and aligns instruction with proficiency-based goals. Lessons are thoughtfully chunked and scaffolded, incorporating sentence frames and visual aids to support diverse learners. Additionally, teacher notes embedded within the lessons offer valuable guidance. The curriculum also excels in promoting cultural relevance and real-world application, which helps students connect language learning to authentic contexts. However, there are notable concerns regarding the appropriateness of certain materials. Specific content related to bullfighting, a song containing	Spanish - First year; Spanish - Second year; Spanish Second year-Honors; IB Spanish ab initio SL 1; IB Spanish ab initio SL 2; Spanish/Spanish Second Year-Honors; Spanish/Spanish Internat'l Baccalaureate	24414	Somos 1 Novice		9.78E+12	Somos 1 Novice is sold as a per-teacher license rather than a per-student subscription or textbook purchase. 3304	T'es branche? 3e Levels 1-4	Carnegie Learning, Inc.	Recommen- ded Primary	Both the student and teacher editions include "I will be able to....", per lesson so the students know what to expect to learn before each lesson. There are student self evaluations, AI generated conversations, encouraged partner and group work. The teacher edition had a lot of great teaching guidance per page, digital audios, and the practice exercises for writing and speaking were good. There are quick comprehension checks throughout each lesson. Reviewers like this one a lot, found this material engaging and has a clean modern format especially in the visuals/photos. You can find "I can" statements, content is engaging, teacher could be prepared to teach their students with this book easily. The grammar and content are great, and it includes a lot of culture that could be discussed in a classroom. It was not easily adaptable to different learner types or levels. There is a "differentiation learning" section on the bottom of each page. Some have very few ideas and others are more	French - First year; French - Second year; French - High school third year; French - High school fourth year	22913	T'es branchÃ© ? 3e Level 1 5-Year Blended Student Package Premium Plus		9.80E+12	Print Textbook + 5 Year License	Blended Premium Plus - 204.54

Recommen- ded Primary	Both the student and teacher editions include "I will be able to....", per lesson so the students know what to expect to learn before each lesson. There are student self evaluations, AI generated conversations, encouraged partner and group work. The teacher edition had a lot of great teaching guidance per page, digital audios, and the practice exercises for writing and speaking were good. There are quick comprehension checks throughout each lesson. Reviewers like this one a lot, found this material engaging and has a clean modern format especially in the visuals/photos. You can find "I can" statements, content is engaging, teacher could be prepared to teach their students with this book easily. The grammar and content are great, and it includes a lot of culture that could be discussed in a classroom. It was not easily adaptable to different learner types or levels. There is a "differentiation learning" section on the bottom of each page. Some have very few ideas and others are more	French - First year; French - Second year; French - High school third year; French - High school fourth year	22989	T'es branchÃ© ? 3e Level 3 5-Year Blended Student Package Premium Plus		9.80E+12	Print Textbook + 5 Year License	204.54

3236	Tejidos	Wayside Publishing	Recommended Primary	This material includes visuals and text content that require careful consideration for grade-level alignment and accessibility. While the instructional design demonstrates an AP-level academic focus, it is not developmentally aligned with lower-grade students. The text covers a large volume of complex content, which may be cognitively overwhelming for younger learners. Although instructional supports are available in the teacher version, the student-facing materials limit access to those supports, reducing independent usability. The visual and textual references to body parts appear to be included within an academic or anatomical context; however, reviewers should ensure these visuals comply with Utah's definition of "age-appropriate" content and do not meet the criteria for "sensitive materials" under state law. Based on the available context, these visuals appear to hold educational	Spanish Fourth Year Honors; A.P. 3357	The Creative Curriculum® for Pre-K	Teaching Strategies Inc.	Recommended Primary	The Creative Curriculum for Preschool is a comprehensive, research-based program that supports whole-child development through play-based, hands-on learning. It is fully aligned with Utah’s Early Learning Core Standards and the Head Start Early Learning Outcomes Framework, emphasizing exploration, inquiry, and social-emotional growth. The curriculum is appropriate for adoption or continued use in Utah preschool programs seeking a developmentally appropriate, inclusive, and evidence-supported instructional model. The Creative Curriculum for Preschool provides a robust framework that balances teacher-guided and child-initiated learning. It integrates literacy, math, science, social-emotional, and physical development in meaningful classroom experiences. The curriculum promotes curiosity, problem-solving, and collaboration while supporting differentiation for diverse learners, including multilingual children and those with	Early Childhood (Pre-K)	24657	The Creative Curriculum® for Pre-K		9.80E+12	The listed price (\$4,110) includes: print resources, The Creative Curriculum® Cloud (2 year subscription term length), and the Professional Development Teacher Membership (2 year subscription term length). 3307	The Vamos Curriculum	The Comprehensive Classroom	Recommended Teacher Resource	The Vamos Curriculum is a Comprehensible Input based program made up of a Google Drive with folders that provide a lesson plan outline and materials for each unit. Each unit is built around a culture theme tied to a specific Spanish-speaking country. It is designed for middle school, and/or exploratory Spanish courses. It is not a traditional textbook program. It is a basic novice level program with no materials that students can use independently, except what the teacher provides. There are links to supplemental materials teachers can purchase from their website and TPT. Not all of the videos include native speakers. It is a collection of resources versus a full curriculum.	Spanish - 1A junior high; Spanish - 1B junior high; Spanish - First year; Spanish/Spanish - 1A junior high; Spanish/Spanish - 1B junior high; Spanish/Spanish - First year	23551	The Vamos Curriculum			The Vamos Curriculum is sold as a per-teacher license rather than a per-student subscription or textbook purchase. Each teacher who will use the materials purchases their own license, which grants them perpetual rights to use the curriculum in their class
