# COUNCIL AGENDA

December 9, 2025

Chief Aaron Byington

Agenda Item “b”      Emergency Medical Services Modifications -  
Provision of Ambulance Services in  
Municipalities (2025 S.B.215)

## *Factual Summation*

- Questions regarding this agenda item may be directed to Fire Chief Aaron Byington.
- Syracuse City is required by the State of Utah to renew our department’s Emergency Medical Service Licensure every four years. Our current EMS license is expiring on March 31, 2026.
- 2025’s Senate Bill 215 has modified the procedure for renewing licensure requiring municipalities to conduct a formal review of 911 service providers and interfacility transport providers; evaluating the cost, quality, and access goals for the municipality’s emergency medical services.
- The review is required to be conducted in an open and public meeting, and not more than three months prior to the day on which the current license is set to expire.
- The municipality conducting the review is required to issue a formal request for proposals for the purpose of evaluating alternative qualified emergency medical service providers and interfacility transport providers, including for-profit providers, government operated providers, and quasi-governmental providers.
- The purpose of this item is to notify council that Syracuse City will be issuing an RFP for Emergency Medical Services with further discussion including a formal review and provider selection in a future meeting.
