

LAST CHANCE TO OPT OUT!

The deadline to opt out of Provo City's household curbside recycling program has been extended to September 9, 2011. To opt out, call 801-852-6000 today!

But why opt out? There are many reasons to recycle:

- ✧ It's convenient.
- ✧ It's affordable.
- ✧ It saves the city money.
- ✧ It's good for the environment.

If you do not opt out, Allied Waste will deliver a blue recycling can to your home in October, and service and charges will begin in November.

The cost is \$4.75 per month. Those enrolled in either the household curbside recycling program (*blue can*) or yard waste recycling program (*green can*) will pay \$2 less for regular garbage service.

For more information about the recycling program, including cost, schedule, and what to recycle, visit www.provo.org.
