STAFF REPORT

SUBJECT: Wildland Urban Interface (WUI) Building Standards Ordinance
AUTHOR: Cameron West
DEPARTMENT: Fire
DATE: December 2, 2025

SUMMARY

City Staff is recommending that the Mayor and City Council adopt the Wildland Urban Interface (WUI) building standards to stay compliant.

BACKGROUND

The 2025 Utah Legislature passed a new law requiring cities to adopt special wildfire safety building standards in areas near wildland vegetation. Weber County will manage property risk evaluations and fees, but South Ogden must adopt the building standards to stay in compliance and maintain eligibility for State wildfire cost coverage.

ANALYSIS

1. The new state law requires South Ogden to adopt wildfire safety building standards for areas near wildland vegetation.
2. These rules help protect homes and ensure the City remains eligible for State help paying wildfire suppression costs.
3. Only homes in certain mapped areas are affected, mostly when building new homes or doing major remodels.
4. Weber County -not the City- will charge any required wildfire risk fees starting in 2026.
5. Adopting these standards protects the City financially and reduces wildfire risk community-wide.

RECOMMENDATION

1. Review and approve the ordinance before January 1, 2026.
2. Allow staff to coordinate with Weber County and the State to ensure full compliance.

ORDINANCE 25-12

AN ORDINANCE OF SOUTH OGDEN CITY, UTAH, ADOPTING TITLE 9, CHAPTER 11 OF THE SOUTH OGDEN CITY CODE ENTITLED “WILDLAND URBAN INTERFACE BUILDING CODE”

SECTION 1 - RECITALS:

WHEREAS, SOUTH OGDEN CITY (City) is a municipal corporation duly organized and existing under the laws of the State of Utah; and

WHEREAS, Utah Code Ann. §§10-8-84 and 10-8-60 authorize municipalities to exercise powers necessary to protect the safety, health, and well-being of residents; and

WHEREAS, the City Council finds that during the 2025 General Session, the Utah Legislature enacted House Bill 48 – Wildland Urban Interface Modifications, requiring counties and municipalities to adopt Wildland-Urban Interface (WUI) building standards and designate WUI areas to reduce wildfire risk; and

WHEREAS, the City Council finds that HB 48 requires municipalities to adopt the Utah Wildland Urban Interface Code as adopted in the State Construction Code under Utah Code §15A-2-103; and

WHEREAS, the City Council finds that HB 48 makes adoption and enforcement of the WUI code a condition of receiving State wildfire suppression cost coverage; and

WHEREAS, the City Council finds WUI areas contain increased wildfire vulnerability and adoption of this ordinance is necessary to protect life, property, and public welfare;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF SOUTH OGDEN CITY:

SECTION II – ADDED CHAPTER:

That upon adoption of this Ordinance, Chapter 11, as set out in **Attachment "A"**, shall be added to Title 9 of the South Ogden City Code and by this reference, fully incorporated herein.

SECTION III - REPEALER OF CONFLICTING ENACTMENTS:

All orders, ordinances and resolutions regarding the changes enacted and adopted which have been adopted by the City, or parts which conflict with this Ordinance, are, for such conflict, repealed, except this repeal shall not be construed to revive any act, order or resolution, or part, repealed.

SECTION IV - PRIOR ORDINANCES AND RESOLUTIONS:

The body and substance of any prior Ordinances and Resolutions, with their specific provisions, where not otherwise in conflict with this Ordinance, are reaffirmed and readopted.

SECTION V - SAVINGS CLAUSE:

If any provision of this Ordinance shall be held or deemed or shall be invalid, inoperative or unenforceable such reason shall not render any other provision or provisions invalid, inoperative or unenforceable to any extent whatever, this Ordinance being deemed the separate independent and severable act of the City Council of South Ogden City.

SECTION VI - DATE OF EFFECT:

This Ordinance shall be effective on the 16th day of December, 2025, and after publication or posting as required by law.

DATED this 16th day of December, 2025.

STAFF REPORT

SUBJECT: FY 2026 Budget Amendment
AUTHOR: Peter Anjewierden
DEPARTMENT: Finance
DATE: December 16, 2025

RECOMMENDATION

Staff recommends the City Council review & consider Resolution ... for approval

BACKGROUND

City Council can approve budget amendments at any time throughout the fiscal year to modify the adopted budget to incorporate necessary changes with proper noticing which has taken place.

ANALYSIS

General Salary and benefit compensation adjustments were made to the budget in order balance these line items by accounting for additional benefit expenses commencing in Calendar Year 2026. These expenses were previously just estimated. Other increases include equipment needs that could not reasonably wait until the next budget cycle, and a separation payout that impacts only the reserve funds earmarked in the General Fund.

SIGNIFICANT IMPACTS

Expenses have been updated from the General Fund by \$232,100 including transfers. Of this amount \$99,800 includes a separation expenses and liquidation of leave balance that is accounted for as an existing liability in the general fund. These amendments are made periodically after the funds are liquidated, but were not explicitly foreseen in the initial budget.

ATTACHMENTS

Water Fees

The water and sewer rates include a fixed base charge, plus an additional amount based on actual water usage. The base fee will be charged monthly regardless of whether any usage takes place.

Resolution No. 25-35

**A RESOLUTION OF SOUTH OGDEN CITY, UTAH, AMENDING THE
CITY'S FISCAL YEAR 2025-2026 BUDGET BY MAKING CERTAIN
CHANGES TO SEVERAL OF THE CITY'S FUNDS**

WHEREAS, the City of SOUTH OGDEN City ("City") is a municipal corporation duly organized and existing under the laws of Utah; and,

WHEREAS, the City Council finds that in conformance with Utah Code (UC") §10-3-717, the governing body of the city may exercise all administrative powers by resolution; and,

WHEREAS, the City Council finds that in conformance with UC §10-3-702, the governing body of the city may pass any ordinance to regulate, require, prohibit, govern, control or supervise any activity, business, conduct or condition authorized by State law or any other provision of law; and,

WHEREAS, the City Council finds that certain exigencies of city governmental operations require amendments be made to the current city budget and related documents, including the Consolidated Fee Schedule; and,

WHEREAS, the City Council finds that UC §10-6-119 provides authority for amending the City's budget as necessary;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF SOUTH OGDEN THAT THE SOUTH OGDEN CITY BUDGET FOR FISCAL YEAR 2025-2026 BE, AND THE SAME HEREBY IS, AMENDED AS FOLLOWS:

SECTION 2 - CHANGES TO BUDGET

The changes set out in **Attachment "A"**, Attached Hereto, And Incorporated As If Fully Set Out, Shall Amend The Previously Authorized Fiscal Year 2025-2026 Budget. Amendments to the Consolidated Fee Schedule are also Authorized for the Changes to Utility Rates, Which Shall Become Effective on January 1, 2026.

The foregoing recitals are fully incorporated herein.

SECTION 3 - PRIOR ORDINANCES AND RESOLUTIONS

The body and substance of all prior Ordinances and Resolutions, together with their provisions, where not otherwise in conflict with this Ordinance, are reaffirmed and readopted.

SECTION 4 - REPEALER OF CONFLICTING ENACTMENTS

All orders, ordinances and resolutions regarding the changes herein enacted and adopted which have heretofore been adopted by the City, or parts thereof, which conflict with any of this Ordinance Amendment, are, to the extent of such conflict, repealed, except this repeal shall not be construed to revive any act, order or resolution, or part thereof, heretofore repealed.

SECTION 5 - SAVINGS CLAUSE

If any provision of this Ordinance shall be held or deemed to be or shall be invalid, inoperative or unenforceable for any reason, such reason shall not have the effect of rendering any other invalid, inoperative or unenforceable to any extent whatever, this Ordinance being deemed to be the separate independent and severable act of the City Council of South Ogden City.

SECTION VI - DATE OF EFFECT

This Resolution shall be effective on 16th day of December, 2025, and after publication or posting as required by law.

DATED this 16th day of December, 2025.

ATTACHMENT A

Standard Terms and Conditions

1. Employment of CONSULTANT.

The WFRC hereby agrees to engage CONSULTANT, and CONSULTANT hereby agrees to perform the services identified in Attachment B based on the budget in Attachment C.

2. Scope of Services by CONSULTANT.

Consultant shall perform these services at the direction of WFRC in accordance with commonly accepted professional standards and to WFRC's satisfaction without increase or decrease in cost or fee payable to Consultant. WFRC reserves the right to refine or amend these work tasks, as necessary.

3. Contract Changes.

Changes to this Contract may be made at any time with the written approval of both parties. In the event that a proposed change in scope proposed by either party will result in an increase or decrease in the agreed contract price, Consultant will notify WFRC before performing or amending such work. The parties will negotiate an appropriate price adjustment and will execute a modification to this contract before commencing or amending such work.

4. Project Oversight.

WFRC will be responsible for supervisory project management, including approval of schedules and schedule changes, approval of Consultant work, payment of invoices, and coordination with other Project participants. The WFRC Project Manager assigned to this Project is Tim Watkins, tim@wfrc.utah.gov.

5. Personnel.

Consultant represents that it has, or will obtain at its own expense, all personnel required to perform the services under this Agreement and all personnel engaged in the work shall be fully qualified and shall be authorized under State and local laws to perform such services.

6. Subcontractors.

Consultant shall not employ additional subcontractors in performance of this work unless approved in the agreed upon scope of work or in writing by the WFRC. Subcontractors are subject to the same compensation for meals and incidentals referenced in section 8. Compensation.

7. Time Performance.

The services of Consultant are to commence immediately after the execution of this Agreement and shall be completed by the date of this Agreement unless this date is extended by contract amendment. In the event Consultant's services are suspended, delayed, or interrupted for the convenience of the WFRC, no additional cost shall accrue and no additional compensation shall be made as a result of such suspension, delay or interruption.

8. Compensation.

It is hereby understood and agreed that CONSULTANT will complete the scope of work in Attachment B for a lump sum of \$120,000. For purposes of consultant travel, compensation for meals and incidentals will be in accordance with GSA guidelines. All consultant travel must be authorized in writing by the WFRC project manager prior to expenses being incurred, and must be for the purpose of visiting the project site and/or client.

9. Method of Payment.

Consultant shall submit an electronic copy of the monthly invoice to WFRC project manager Tim Watkins, tim.watkins@wfrc.utah.gov. For all services and materials pertinent hereto, CONSULTANT shall bill WFRC monthly for the completed percentage of the tasks outlined in the scope of work within 30 days of the last day of the work period. All invoices must be numbered, and must be submitted with a monthly progress report outlining the deliverables and tasks completed to the invoice. Invoices must identify costs by key project milestones and the portion of each milestone completed. Labor hours shall be directly traceable and supported by monthly time sheets, and such documentation shall be made available to the WFRC upon request. Copies of itemized receipts, bills, sub consultant invoices, or other documentation supporting direct charges shall be made available to the WFRC upon request. To avoid imposing undue hardship on CONSULTANT, the WFRC shall pay CONSULTANT for all undisputed accounts, shown on the invoice, within 60 days after receiving the invoice subject to the timeliness of LOCAL GOVERNMENT approval. All invoices for work through the end of the WFRC fiscal year are due to WFRC by the second week in July; this includes the work of all subconsultants, and any expenses.

10. Records.

CONSULTANT shall maintain complete and accurate records with respect to costs incurred under this Agreement. All such records shall be maintained on a generally accepted accounting basis and shall be clearly identified and readily accessible. CONSULTANT shall provide free access to such pertinent portions of books and records to the representatives of the WFRC at all proper times. The WFRC shall have the right to examine and audit the same, and to make transcripts therefrom as necessary and to allow inspection of all work data, documents, proceedings, sub consultant transactions, and activities related to this Agreement for a period of three (3) years from the date of final payment under this Agreement. All accounting records shall readily provide a breakdown of costs charged to this Agreement. Such records, together with supporting documents, shall be kept separate from other documents and records and shall be maintained for a period of three (3) years after receipt of final payment.

11. Products.

This contract is for such time and materials as may be necessary to complete the tasks identified in Attachment B. All final products and project presentations to stakeholders should acknowledge the funding source, the Transportation and Land Use Connection Program. Final products must include the program logo.

12. Disputes.

It is WFRC's desire and intent to resolve any issues arising during the Project through informal means rather than through a formal process. If CONSULTANT and the WFRC Project Manager are unable to satisfactorily resolve an issue, it shall be referred to the WFRC Executive Director for resolution prior to commencing any formal disputes resolution.

The federal Contract Disputes Act of 1978, as amended (41 U.S.C. 7101-7109) will govern all formal disputes. Formal disputes or claims will be submitted in writing to the WFRC Executive Director. All disputes will be adjudicated by WFRC. After exhausting these steps, CONSULTANT may proceed with litigation.

13. Termination of Agreement.

The WFRC shall have the right to terminate this Agreement by giving written notice to CONSULTANT of such termination and specifying the effective date thereof. In the event of termination or upon completion of contractual obligation, all finished documents, data, studies, surveys, drawings, maps, photographs, and records prepared by CONSULTANT shall become the WFRC's property, and CONSULTANT shall be entitled to receive just and equitable compensation for any work completed to WFRC's satisfaction on such documents and other materials. Said payment to CONSULTANT or reimbursement to the WFRC (whichever the case may be) shall be based upon the time and expense records required to be kept by CONSULTANT in accordance with paragraph 10 of this Agreement.

14. Law Abiding.

CONSULTANT shall observe and comply with all federal, state and local laws, ordinances, and regulations affecting their employees, or those engaged by CONSULTANT on the project, and for any claims arising out of any acts of CONSULTANT occurring during this agency relationship. CONSULTANT will procure all necessary licenses and permits for the materials or equipment used or for the conduct of the work.

15. Trust.

CONSULTANT represents that it has not employed or retained any company or person and that it has not paid, or agreed to pay, any company or person any fee, commission, percentage, brokerage fee, gifts, or any other consideration contingent upon or resulting from award or making of this Agreement. For breach or violation of this warranty, the WFRC shall have the right to annul this Agreement without liability.

16. Certification Regarding Debarment, Eligibility, Indictments, Convictions or Civil Judgments.

CONSULTANT represents that it or any person associated therewith in the capacity of director, officer, principal investigator, project director, manager, auditor, or any position involving the administration of Federal Funds, except as may be noted, is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by any Federal agency, nor has been in the last three years.

17. Certification Regarding Restrictions on Lobbying.

CONSULTANT represents that no appropriated federal funds will be used for activities precluded by Title 31 U.S.C, Section 1352. CONSULTANT hereby certifies compliance with this provision under this Project.

18. Interest of Members of WFRC and Others.

No officer, member or employee of the WFRC and no member of its governing body, and no other public official of the governing body of the locality or localities in which the Project is situated or being carried out who exercised any functions or responsibilities in the review or approval of the undertaking or carrying out of this Project, shall participate in any decision relating to this Agreement which affects his personal interest or have any personal or pecuniary interest, direct or indirect, in this Agreement or the proceeds thereof.

19. Findings Confidential.

No reports, information, data, or other Project materials given to, prepared, or assembled by CONSULTANT shall be made available to any individual or organization by CONSULTANT without the prior written approval of the WFRC, except as required by law or subpoena.

20. Publication, Reproduction and Use of Material.

No reports, maps or other documents produced under this Agreement shall be subject of an application for copyright by or on behalf of CONSULTANT. The WFRC shall have the authority to publish, disclose, distribute and otherwise use, in whole or in part, any reports, data, or other materials prepared under this Agreement for this project or for program communications purposes. Original documents and related source files, methodological explanations, drawings, designs, and reports generated by this Agreement shall belong to and be the property of WFRC. All files associated with the completion of the scope must be provided to WFRC upon completion of the scope prior to the payment of the final invoice.

21. Limitation of Rights.

The services to be performed by CONSULTANT are intended solely for the benefit of the WFRC. Nothing contained herein shall confer any rights upon, or create any duties on, the part of CONSULTANT toward any person or persons not a party to this Agreement, including, but not limited to, any contractor, subcontractor, supplier, or the agents, officers, employees, insurers, or sureties of any of them.

22. Hold Harmless.

CONSULTANT shall indemnify and save harmless the WFRC, and its officers and employees, from and against damages to property or injuries to or death of any person or persons, including property and employees of the WFRC, for claims, demands, suits, actions, or proceedings, including workers' compensation claims, to the extent they result from or arise out of the negligent acts, errors, or omissions of CONSULTANT, its officers, employees or others for whom the CONSULTANT is legally liable.

The WFRC shall indemnify and save harmless CONSULTANT, and its officers and employees, from and against damages to property or injuries to or death of any person or persons, including property and employees of CONSULTANT, for claims, demands, suits, actions, or proceedings, including workers' compensation claims, to the extent they result from or arise out of the negligent acts, errors, or omissions of the WFRC officers or employees.

23. Insurance.

CONSULTANT maintains, at its own expense, workers compensation, commercial general liability (professional liability @ \$500,000 per occurrence), and automobile liability insurance policies with limits at or above that which is reasonably required in the industry for comparable planning studies and will, upon request, furnish certificates of insurance to the WFRC.

24. Independent Contractor.

CONSULTANT shall be an independent contractor in the performance of services herein.

25. Representative of WFRC.

The WFRC's representative in the performance, implementation, and administration of this Contract shall be the member of the WFRC staff designated to act on his behalf of the Executive Director as Project Manager for this Project as identified in paragraph 4 (Project Oversight) above. All direction and official communication regarding scope, budget, and contract with the CONSULTANT from WFRC shall be from such single source.

26. Title VI Provisions

Where Title VI APPENDICES A in the remainder of this section use contractor, substitute CONSULTANT. Where the Title VI APPENDICES A in the remainder of this section uses the recipient, substitute WFRC.

APPENDIX A: During the performance of this contract, for itself, its assignees and successors in interest (hereinafter in referred to as the "contractor") agrees as follows:

- A. Compliance with Regulations: The contractor (hereinafter includes consultants) will comply with the Acts and the Regulations relative to Non-discrimination in Federally assisted programs of the U.S. Department of Transportation, Federal Highway Administration (FHWA), Federal Transit Administration (FTA), or Federal Aviation Administration (FAA) as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.
- B. Nondiscrimination: The contractor, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor will not participate directly or indirectly in the discrimination prohibited by the Acts and the Regulations, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.
- C. Solicitations for Subcontractors, Including Procurements of Materials and Equipment: In all solicitations, either by competitive bidding, or negotiation made by the contractor for work to be

performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the contractor of the contractor's obligations under this contract and the Acts and the Regulations relative to Nondiscrimination on the grounds of race, color, or national origin.

- D. Information and Reports: The contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Recipient or the FHWA, FTA, or FAA to be pertinent to ascertain compliance with such Acts, Regulations, and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the contractor will so certify to the Recipient or the FHWA, FTA, or FAA, as appropriate, and will set forth what efforts it has made to obtain the information.
- E. Sanctions for Noncompliance: In the event of a contractor's noncompliance with the Nondiscrimination provisions of this contract, the Recipient will impose such contract sanctions as it or the FHWA, FTA, or FAA may determine to be appropriate, including, but not limited to:
 - a. withholding payments to the contractor under the contract until the contractor complies; and/or
 - b. canceling, terminating, or suspending a contract, in whole or in part.
- F. Incorporation of Provisions: The contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The contractor will take action with respect to any subcontract or procurement as the Recipient or the FHWA, FTA, or FAA may direct as a means of enforcing such provisions including sanctions for A non-compliance. Provided that if the contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the contractor may request the Recipient to enter into any litigation to protect the interests of the Recipient. In addition, the contractor may request the United States to enter into the litigation to protect the interests of the United States.

27. Disadvantaged Business Enterprise (DBE).

The contractor shall take the following measures to facilitate participation by disadvantaged business enterprises (DBE) in the Project.

- A. The contractor agrees to comply with section 1101(b) of SAFETEA-LU, 23 USC § 101 note, and USDOT regulations, "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs," 49 CFR Part 26; and
- B. The contractor agrees that it shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any third-party contract, or sub agreement supported with Federal assistance derived from the USDOT or in the administration of its DBE program or the requirements of 49 CFR Part 26. The contractor agrees to take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of all

**TRANSPORTATION
AND
LAND USE CONNECTION**

third-party contracts and sub-agreements supported with Federal assistance derived from the USDOT.

- C. If the contractor issues a purchase order or subcontracts any portion of this contract, the contractor agrees to follow the procurement procedures in the UDOT Public Transit Team Procurement Guide, located on the UDOT Public Transit website; and, FTA Circular 4220.1F, which sets forth the requirements a contractor must adhere to in the solicitation, award and administration of third-party contracts using FTA grant funding.
- D. This CONTRACT is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs. A separate contract goal for DBE participation has not been established for this procurement.
- E. The contractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of this DOT-assisted Agreement. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as Department deems appropriate. Each subcontract the contractor signs with a subcontractor must include the assurance in this paragraph (see 49 CFR 26.13(b)).

ATTACHMENT B. Scope of Work and Services

Purpose:

The Downtown Redevelopment Services team will assist South Ogden City in creating a small area plan for a city center as an element of the City's existing general plan. This plan is first on the list of catalytic projects within the general plan that was updated in 2023, and it contributes to the Wasatch Choice Vision land use layer as a regionally significant land use.

The city center small area plan will establish a vision and policy guidance for property owners and potential developers to achieve the highest and best land use of this property, and provide a framework for potential mixed-use redevelopment of the area to become the "Heart of the City." The City Center Plan will identify opportunities for more housing, functional and inviting commercial space, a transportation hub, pedestrian friendly design, active transportation, and a vibrant shared open space for residents and visitors to use (See Exhibit 1). The planning process will also identify any potential amendments to the City's 2016 form-based code for mixed-use zones in the North and South portions of the city.

Objectives:

- Establish a process to collaborate and engage primarily with elected officials and local stakeholders, and provide opportunities for public awareness and engagement.
- Evaluate neighborhood and community values, core attributes, and character areas.
- Establish a baseline of current conditions
- Use information gathered from Placer.ai to guide placemaking
- Understand current issues, concerns, and needs of the community
- Incorporate current market studies
- Explore alternative potential scenarios for the City's future based on planning efforts and the City's vision as established in the general plan and the Active Transportation Plan
- Consider the area East of Washington Boulevard as the "old town" feel
- Create a streetscape standard that includes sidewalks, pedestrian crossings, bicycle infrastructure, street furniture, street trees, lighting, and any other standard that may benefit the center
- Provide traffic calming methods to help pedestrians cross Washington safely
- Create gathering areas for residents and visitors to enjoy
- Incorporate green space within the city center area and look at the feasibility of a park west of Washington Boulevard
- Help tie in proposed trails and bike infrastructure within the City Center that will connect with other proposed trails and bike infrastructure within the city
- Include a mobility hub where residents can access bikes, e-scooters, and information on public transit and trails

- Identify desired outcomes that together create a vision for growth and development in the city
- Provide graphics of images, charts, maps, etc., to facilitate understanding of concepts and alternatives, and capture the attention of all participating entities

Scope of Work:

Phase 1. Existing Conditions Analysis

- a. Task 1 – Research Existing Conditions - This phase establishes a baseline understanding of the South Ogden City Center, documenting physical, regulatory, market, and contextual conditions to guide scenario planning. This will include:
 - i. Review the study area to determine 1) the primary focus area(s) with the most likely redevelopment potential, 2) secondary areas with some redevelopment potential, and 3) contextual land use areas that may be less likely to redevelop in the foreseeable future.
 - ii. Analyze the current operations of all the established businesses.
- b. Task 1.1 - Site Investigation and Field Review - Visit the site to confirm conditions, documenting access, circulation, businesses, structures, land uses, utilities, and parking (using the Parking Modernization Guide). Drone and ground photography will supplement GIS data.
- c. Task 1.2 - Zoning, Entitlements, and Density - Review the form-based code and overlays to identify allowances, density, and entitlement processes, noting amendments to enhance redevelopment flexibility.
- d. Task 1.3 - Infrastructure, Circulation, and Access - Analyze roadway, transit, pedestrian, and utility networks (based on city engineer available data), assessing traffic flow, multimodal connectivity, and opportunities to bridge the east and west portions of the City Center. This will also include:
 - i. Utilize the Parking Modernization Guide, assess parking availability and demand.
 - ii. Analyze flow of traffic, transit access, and pedestrian access/infrastructure.
 - iii. Evaluate the existing infrastructure and provide recommendations for any additional needs.
- e. Task 1.4 - Contextual and Architectural Analysis - Evaluate surrounding land uses, community assets, and architectural elements, mapping civic anchors, corridors, cultural institutions, and open space. This will include:
 - i. Review the existing architectural elements, especially those that have been part of the city for a long time, and consider them when designing future buildings.
- f. Task 1.5 - Market, Operations, and Precedents - Assess business operations, review market studies, and compile precedents from comparable suburban downtowns. This will include:

- i. Evaluate the area's capacity to determine an adequate density.
- ii. Assess market conditions and the viability of uses.

Deliverable: Concise, graphic-rich Existing Conditions Summary (PDF) for the City Council workshop.

Phase 2. Stakeholder and Public Engagement - Public engagement is crucial for aligning with decision-makers and the broader community. This phase engages the South Ogden City Council, Planning Commission, stakeholders, property owners, and the public to establish objectives, priorities, and guiding principles.

- a. Task 2.1 - Stakeholder Engagement - Conduct interviews with property owners and stakeholders to identify their strengths, challenges, and desired outcomes, and maintain ongoing communication to ensure effective engagement. This will include:
 - i. Meet individually with local property owners and interested stakeholders to determine interests in the proposed area and gather information about future property goals
- b. Task 2.2 - Public Engagement & Outreach - Organize open houses, surveys, and digital outreach. Launch a project website with information, documents, and interactive tools (mapping, idea boards, Q&A). Utilize social media and virtual meeting inclusion to expand participation for out-of-state participants. To facilitate this, our team will host a series of three (3) public engagement events, specifically:
 - i. Community Visioning
 - ii. Community Conceptualization
 - iii. Preferred Scenario Reveal

Additionally, a series of two (2) surveys will be prepared, specifically one at visioning and one at preferred scenarios. Additionally, a series of outreach formats will be employed (social media, short videos, etc.) to gather feedback and responses from the project area and adjacent property owners.

Note: The hourly rates include the consultant team providing cookies or similar dessert trays and water (or similar non-alcoholic beverages) at the three public engagement events (see budget table under Attachment C).

- c. Task 2.3 - Visual Communication - Provide accessible visuals, including:
 - i. Maps
 - ii. Renderings
 - iii. Charts
 - iv. Infographics
 - v. Other materials for meetings, open houses, and online use.
- d. Task 2.3 - Targeted Developer Stakeholder Meetings - Our team will prepare for and facilitate a series of targeted developer stakeholder meetings. This will include meetings at the following intervals:

- i. Initial concepts
 - ii. Concept refinement
 - iii. Preferred scenario
- e. Task 2.4 - Planning Commission & Council Involvement - Our team will host and facilitate a series of five (5) meetings with PC/CC. This will include providing regular updates and offering assistance through the adoption process. Milestones of this effort are anticipated to be:
 - i. Conceptual or Ideation Meeting
 - ii. Scenario Refinement
 - iii. Preferred Scenarios
 - iv. PC Hearing
 - v. CC Hearing
- f. Task 2.5 - Project Team Meetings - We will, at the kick-off meeting, set a series of project update meetings starting once a month, and increasing in intensity as needed near the end of the project.

Deliverables: Recommend strategies for involving officials at milestones through project team meetings, workshops, sessions, and presentations. Prepare briefing materials and an engagement calendar. This will include meeting with the Planning Commission and Council throughout the project to collect input and report on project findings.

Phase 3. Market Analysis - This phase evaluates development potential by assessing demand, absorption, and land values. The goal is to capture a focused snapshot that informs scenario planning, guiding City staff toward achievable outcomes.

- a. Task 3.1 - Residential Market Analysis - Assess demand for housing and mixed-use options based on demographics, needs, absorption, pricing, and comparable rental and for-sale projects.
- b. Task 3.2 - Commercial and Employment Analysis - Evaluate retail, office, hospitality, and flex uses through vacancy, lease rates, tenant mix, and unmet demand.
- c. Task 3.3 - Market Viability and Impact Analysis - Integrate land value benchmarking, opportunity/constraint review, and impact modeling. Estimate feasible land values, identify risks and gaps, and measure job, tax, and spending impacts.

Deliverable: Concise Market Snapshot Memo, Location quotient analysis of market conditions, leakage category details, and a stand-alone format market conditions report that can be used with developers.

Phase 4. Conceptual Scenario Planning - This phase develops three distinct land use concepts that reflect site conditions, market potential, and City Council priorities. The goal is to explore multiple development directions, evaluating feasibility, mix, and placemaking potential.

The process will be visual and iterative, allowing for the communication of trade-offs and supporting informed decision-making.

- a. Task 4.1 - Scenario Framework Development - We will define parameters using findings from Phases 1–3 and the City Council workshop. This includes principles, objectives, and a framework for parcel layout, circulation, and use categories, confirmed with City staff in a 60-minute session. During this phase, our team will:
 - i. Explore trends in land use, demographics, transportation, parking, and economics.
 - ii. Look at existing demographics.
 - iii. Analyze potential land uses, architecture, and densities.
- b. Task 4.2 - Scenario Development Workshop Using GIS Urban - An interactive work session will utilize GIS Urban and our “tile game” to test configurations in real-time. Participants will evaluate land use, circulation, and feasibility, supported by market data. Three preliminary concepts—residential-focused, mixed-use, and employment-heavy—will result. During this task, our team will:
 - i. Evaluate impactful commercial sites and potential uses.
 - ii. Provide perspectives and impacts for developers, the city, and residents.
 - iii. Prepare graphics that both reflect the interests of stakeholders and inform property owners, as well as nearby residents, with a primary focus on community and stakeholder engagement. Graphics showing potential infill and redevelopment are anticipated to focus primarily on the ~10-acre catalytic redevelopment site shown below.

- c. Task 4.3 - Preparation of Scenario - Refinement of three scenarios, containing the following:
- i. Conduct a concept-level financial analysis as the basis for each development scenarios. Scenarios represent feasible development options based on localized
 - ii. real estate market demand and typical development costs for various building/construction types.
 - iii. Explore a hypothetical 'public/private partnership' scenario to see what additional land use intensity and place-making amenities could be delivered above a 'market-rate' scenario, and what the eventual public return on investment might be.
 - iv. Illustrative site layouts with conceptual public realm and pedestrian spaces with goals for accommodating micromobility (bikes, scooters).
 - v. Precedent imagery of development character
 - vi. Narrative of priorities and assumptions
 - vii. Evaluate existing traffic conditions and give suggestions for traffic calming that are UDOT-approved.
 - viii. Provide visualization graphics to articulate differences in scenario elements, such as building and parking types, building height and intensity transitions, public space qualities, street character, land use intensity, and other relevant factors.
 - ix. Prepare a series of no less than three and no more than five scenarios that illustrate massing and overall design elements at a conceptual level similar to the graphics. This task will include:
 1. Using GIS parcel and building footprint data, a 3D existing conditions model will be created to provide context and reflect the desired properties of potential change versus areas of desired stability, based on stakeholder interviews and engagement efforts.
 2. Preliminary concepts of the three alternatives will be presented in a 2D plan view and a conceptual 3D view within the existing conditions model. Concept graphics of each alternative will be based on 3D massing models that show basic architectural elements and function, such as an active ground floor, plaza space, trees, parking areas, and implied building articulation for visual interest (similar to examples of massing models below).

- d. Task 4.4 - Review and Revisions - City staff will review the draft scenarios in a 60– to 90–minute meeting. One revision round will produce a Concept Scenario Packet with plans, visuals, narratives, and summary tables to guide Phase 5.

Deliverable: Concept Scenario Packet (PDF) with labeled site plans, visuals, narrative, and land use summary tables.

Phase 5. Preferred Scenario Plan - This phase refines the conceptual work into a single preferred scenario based on feedback from the City Council and staff, aligning with citywide goals and preparing a clear vision to guide development.

- a. Task 5.1 – Presentation of Concepts to City Council - Present conceptual scenarios in a 60-minute work session, highlighting differences and market rationale to build consensus.
- b. Task 5.2 – Scenario Refinement and Preferred Plan Development - Refine the preferred plan using Council and RD feedback, integrating favored elements and addressing concerns. This will include the following tasks:
 - i. A preferred development alternative will be established and further developed in a 2D plan view.
 - ii. Similarly, a detailed 3D rendering to show more visual details depicting architectural elements (windows, entrances, parking, active ground floor, site amenities, street scape, textures and colors, etc), similar to the examples shown below.

- c. Task 5.3 – Preferred Scenario Documentation - Deliver a visually rich PDF plan with site plan, narrative, precedent imagery, and land use matrix.

Deliverable: Preferred Scenario Plan Document.

Phase 6. Visualization Plan & Master Plan Drafting- Effective visuals communicate the preferred scenario and build support among stakeholders, partners, and the public. This phase translates the preferred land use scenario into high-quality materials addressing form-based code updates, phasing, and multimodal strategies.

- a. Task 6.1 - Visual Rendering Preparation - Prepare an illustrative plan view and 2–3 renderings/perspectives of key areas. Views, coordinated with RD staff, will highlight placemaking, circulation, and character. Renderings will incorporate plazas, traffic calming measures, and building guidelines.
- b. Task 6.2 - Conceptual Master Plan Graphics - Prepare a color-coded master plan showing land use, circulation, open space, parking, and building footprints. Annotate program elements, design guidelines, signage, multimodal connectivity, and phased redevelopment strategies with cost estimates.
- c. Task 6.3 - Graphic Summary Sheet: Develop a one-page summary graphic that combines the master plan, key rendering, and narrative highlights. Summarize

economic assessment, housing study, and engagement outcomes.

- d. Task 6.4 - Draft Master Plan - Develop a draft master plan that will address the following items:
 - i. Provide suggestions for amendments to the existing form-based code.
 1. Written suggestions for amendments to the existing form-based code
 - ii. Guide the redevelopment and revitalization of the city center area - Phase portions of the plan implementation led by South Ogden, including Project phasing, timelines, and cost estimates.
 - iii. Include conceptualization drawings that show the plaza design and various perspectives. Not to exceed:
 1. Three photo-realistic perspective renderings
 2. One detailed plan view rendering
 - iv. Include traffic calming concepts and strategies, as well as any potential connectivity enhancements.
 1. Not to exceed three maps or graphics that visualize the text format recommendations.
 - v. Overview of potential multi-modal transportation options, including transit, walk/bike, micro mobility, car share, etc.
 1. Including up to three (3) maps and/or cross sections
 - vi. Specify parking standards and recommendations, including shared parking opportunities.
 1. Including mapping and preparation of up to three (3) graphics
 - vii. Propose signage concepts and design guidelines.
 1. Sample imagery-based guidance and suggestions for district-specific signage
 - viii. Suggest design guidelines for building forms and material palette standards.
 1. Text and sample imagery guidance for what to implement and how to implement the guidelines
 - ix. Plan for commercial redevelopment /revitalization
 1. Including a phased and programmed implementation framework
 - x. Include results from all of the public engagement that was done for this plan.
 1. Summary of results provided in the document and detailed results in in the appendix
 - xi. Include significant studies and reports, such as a housing study and economic assessment.

Deliverables: Draft Plan, Visualization Package in high-resolution PDF and image formats, with two rounds of client feedback.

Phase 7. Implementation Plan - A vision is only valuable if executed. This phase delivers tools to advance the preferred scenario from concept to adoption, focusing on next steps, phasing, and actions to catalyze progress.

- a. Task 7.1 – Final Plan & Implementation Framework: Prepare a framework that identifies action steps, including zoning adjustments, infrastructure, and incentives. Each action will specify responsible parties, timeframes, and dependencies. *This will also include recommendations for any necessary code or form-based code amendments required to implement transportation or built form elements from the master plan.*
- b. Task 7.2 – Phasing Strategy: Prepare a phasing overview that guides short-, mid-, and long-term implementation, informed by infrastructure readiness, market conditions, and site logistics. A sequencing diagram will accompany recommendations.
- c. Task 7.3 – Funding and Partnership Considerations - Outline funding sources, grants, and public-private partnerships, identifying key partners.
- d. Task 7.4 – Plan Adoption - Coordinate with City staff to provide draft and final documents. Attend two Planning Commission and two Council meetings, prepare presentations, incorporate revisions, and finalize the plan. Upon approval, all deliverables, including editable reports, maps, graphics, shapefiles, and print copies, will be transmitted with full ownership transferred to the City.
- e. Task 7.5 - Final adoption and transmission - Upon completion of a draft plan, provide Planning Staff, Planning Commission, and the City Council with the opportunity to review the draft and provide feedback.
 - i. Provide documents and presentations for all necessary public meetings until the plan is adopted. The consultant will be responsible for making any changes required to ensure the small area plan is complete and prepared for final public review and implementation.
 - ii. Upon approval by the City Council, provide the approved document in print and electronic versions.
 1. Five (5) printed copies to be provided.
 2. Electronic document provided in PDF format
 - iii. All materials produced during the plan preparation process shall be made available to the City, including shapefiles of any map elements.
 1. All files created or used for transfer via the Google Drive retrieval portal.

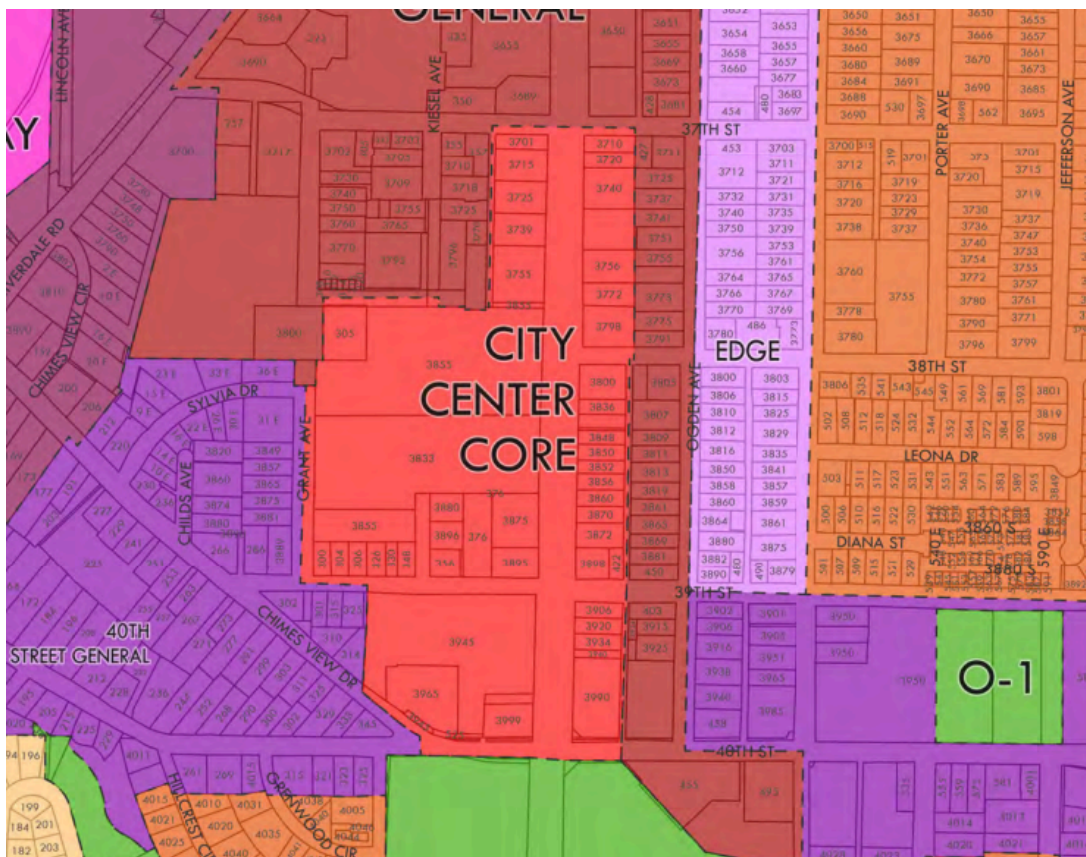

Deliverables: Final Plan, Final Graphic Layout, Implementation Strategy Memo; Phasing Diagram; Funding/Partnership Report; Adoption-Ready Final Plan (editable formats).

Timeline:

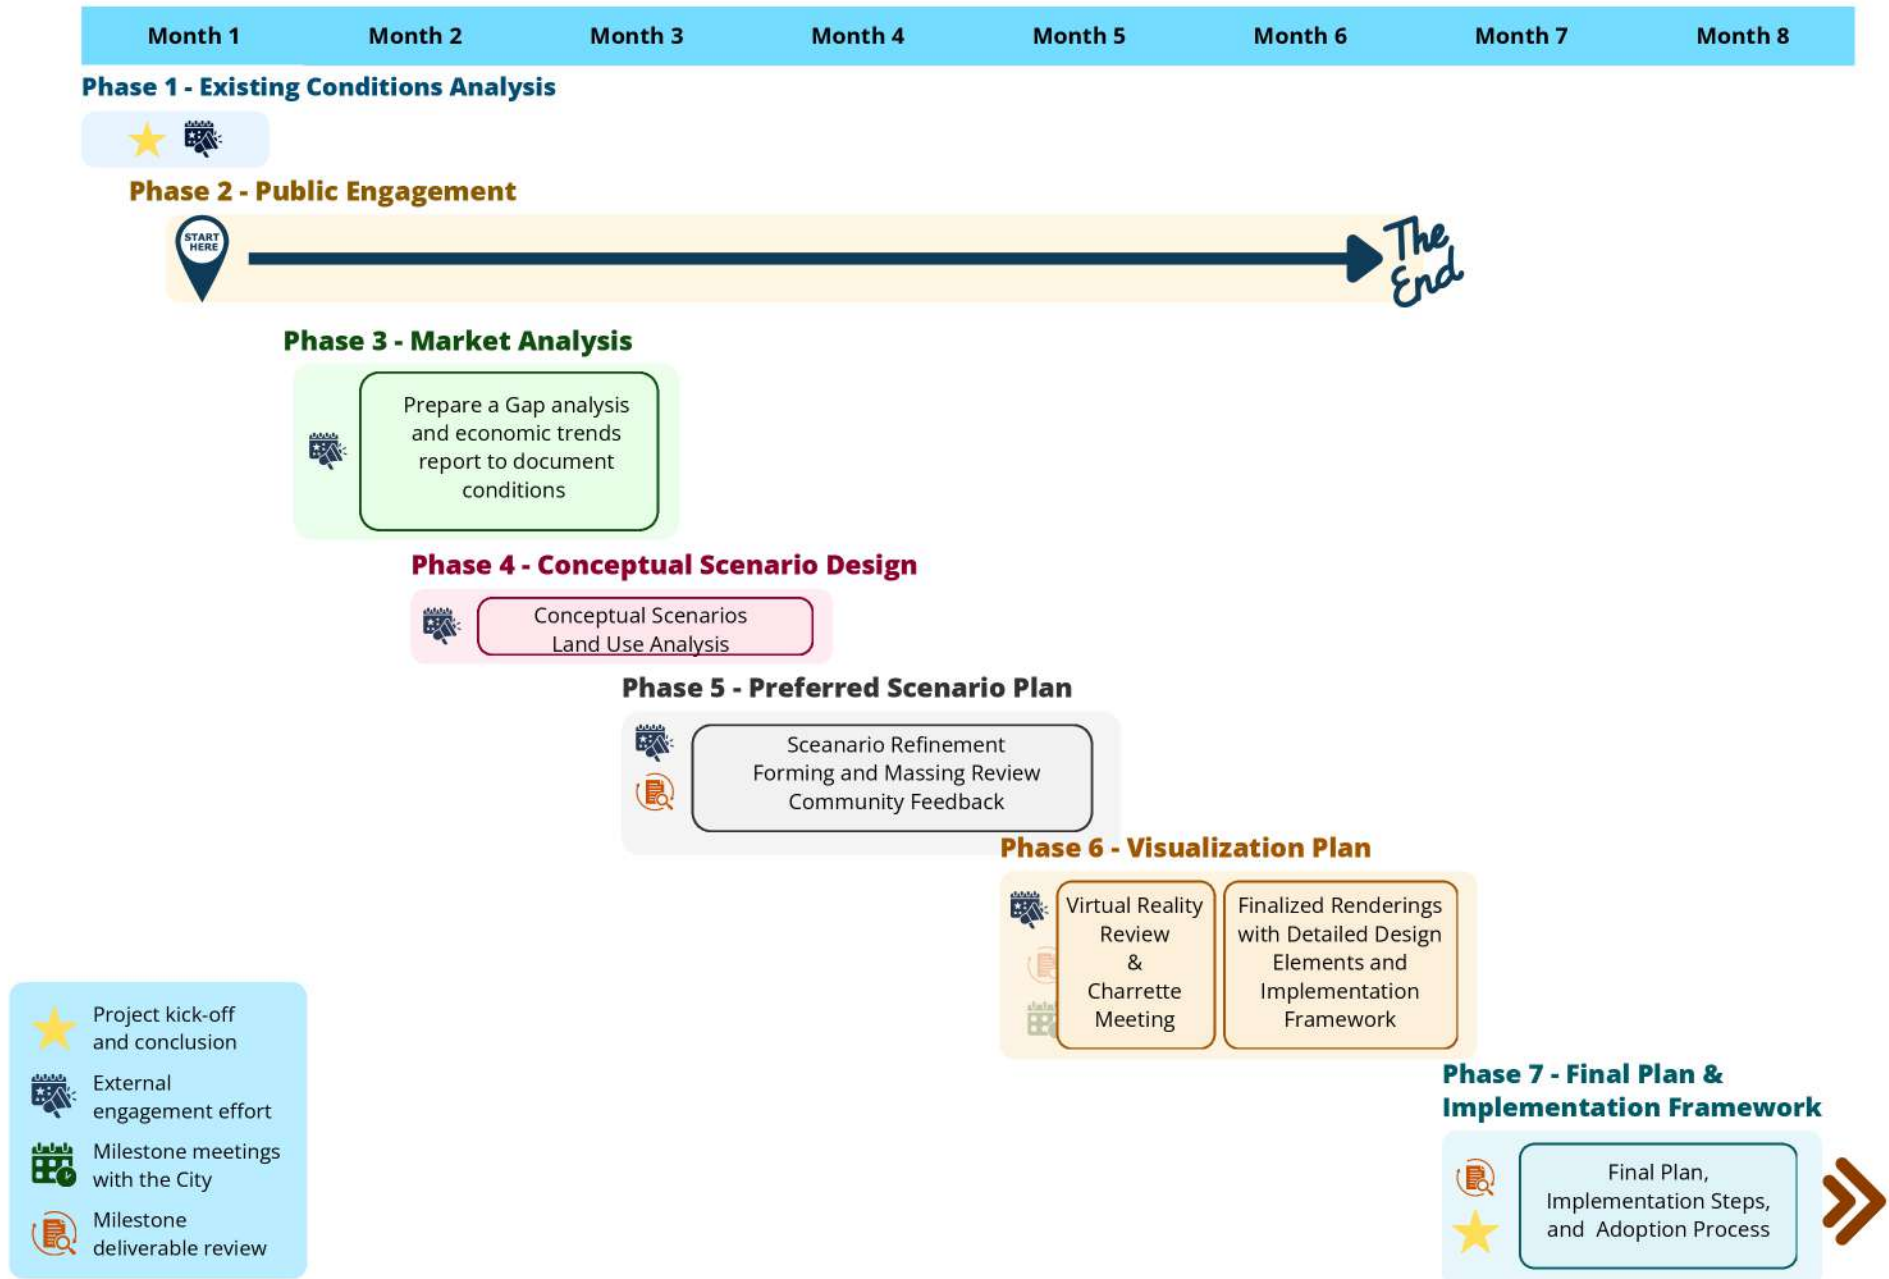

The project timeframe is estimated to be approximately 9 months from the project kickoff (see Exhibit 2. Schedule).

Exhibit 1. Map Images of South Ogden City Center Area

The below table demonstrates our ideas for an eight (8) month schedule for the South Ogden City Center Master Plan. The schedule can be adjusted as needed to meet the City's or WFRC's needs.

Budget and Responsibilities

Budget

Fees for the above services are a lump sum of **\$120,000**.

The contributions for the project to the CONSULTANT are as follows, but funds will be distributed through WFRC:

Transportation and Land Use Connection Program: **\$110,000**.

Combined Local Governments: **\$10,000**.

- (1) Completion: All work shall begin within seven (7) days of the notice to proceed and shall be completed by 10/31/2026.
- (2) Project / Contract Period: The project / contract will terminate on 01/31/2027 unless otherwise extended or canceled in accordance with the terms and conditions of this contract. If additional time is required beyond the project completion date, the WASATCH FRONT REGIONAL COUNCIL will prepare a "Contract Modification" at their reasonable discretion that will include remaining schedule and deliverables to completion for approval by the CONSULTANT.
- (3) Should additional services be required beyond this scope, CONSULTANT will provide them on a time and materials basis as approved and funded by the requesting local government. This will all be requested and agreed to outside the scope of this contract.

Responsibilities

- (1) Certification of Insurance: The CONSULTANT must file a current Certification of Insurance to WFRC prior to beginning work.

BUDGET

The following table outlines the breakdown of budget by phase and staff member. The assignment of tasks is noted below the chart. We are proposing the fees in a fully loaded hours structure. This will ensure that rates provided are inclusive of the necessary materials, expenses or other items. Hourly rates include:

Resolution No. 25-37

**RESOLUTION OF SOUTH OGDEN CITY DECLARING CERTAIN
REAL PROPERTY AS SURPLUS TO THE CITY'S CURRENT NEEDS
AND APPROVING LEASE OF CITY PROPERTY TO ADJOINING
PROPERTY OWNER**

WHEREAS, the City Council finds that the City of South Ogden ("City") is a municipal corporation duly organized and existing under the laws of Utah; and,

WHEREAS, the City Council finds that in conformance with Utah Code ("UC")§ 10-3-717 the governing body of the city may exercise all administrative powers by resolution including, but not limited to regulating the use and operation of municipal property and programs; and,

WHEREAS, UCA 10-8-2 provides, among other things, that a city council may purchase, receive, hold, sell, lease, convey, and dispose of real and personal property for the benefit of the municipality, if the action is in the public interest and complies with other law; and,

WHEREAS, the City finds that public convenience and necessity no longer requires that the City continue to maintain certain real property owned by the City and that said property, as described below, should be leased to the adjoining property owner during such time as said land is not needed for current City needs; and,

WHEREAS, the City Council finds that the adjoining property owner has agreed to abide by the requirements set forth in the attached Lease Agreement;

**NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE
CITY OF SOUTH OGDEN UTAH THAT:**

SECTION 1: PROPERTY DECLARED SURPLUS AND ACTION AUTHORIZED

The following described real property is hereby declared to be surplus to current City needs:

LEASE AREA BOUNDARY DESCRIPTION

A PART OF THE NORTHEAST QUARTER OF SECTION 16, TOWNSHIP 5
NORTH, RANGE 1 WEST, OF THE SALT LAKE BASE & MERIDIAN.
MORE PARTICULARLY DESCRIBED AS FOLLOWS.

Resolution No. 25-37

Resolution Of South Ogden City Declaring Certain Real Property As Surplus
To The City's Current Needs And Approving Lease Of City Property To
Adjoining Property Owner

16 Dec 25

LEASE OF CITY PROPERTY TO ADJOINING PROPERTY OWNER

This Lease is made on the 16th day of December, 2025, between **South Ogden City**, a municipal corporation of the State of Utah, (hereinafter sometimes referred to as "City"), of 3950 S Adams Ave, South Ogden, Utah 84403, and _____, hereinafter sometimes referred to as "Lessee"), and owner of Lot 10, Burch Creek Cove Subdivision, City of South Ogden, State of Utah. Lessee's mailing address for purposes of providing notice is 5111 S 950 E, South Ogden, Utah, 84403.

1. The City agrees to lease to the Lessee and the Lessee agrees to lease from the City the following property:

See "Lease Area" on attached survey map.
2. The term of this lease will be from December 16, 2025, until December 15, 2035 or until earlier rescinded as provided herein, below. If the Lessee continues to occupy the property, with the consent of the City, after the expiration of the original term of this lease, the lease payments will continue on a month-to-month basis pro-rated from the annual amount set out herein with all of the other terms of this lease continuing unchanged.
3. The lease payments will be in the amount of \$1.00 per year and will be payable by the Lessee to the City on the 17th day of December for each subsequent year beginning with the first year payment which shall be due on the 17th day of December, 2025. If any lease payment is not paid within 5 days of its due date, the Lessee agrees to pay an additional late charge of 5% of the rental due.
4. The Lessee agrees to use the property only for purposes consistent with normal use as a landscaped and contiguous part of the normal residential use of Lessee's adjoining residence. Further, Lessee agrees to otherwise maintain the property in a good, safe, and sanitary condition as if the property belonged to the Lessee, which ownership Lessee hereby specifically disclaims. Lessee additionally agrees that a) no live trees or brush shall be removed from the property leased without City's consent; and b) that an illustrated plan and/or a written description of the work proposed to be done on the property shall be submitted by the Lessee for approval to the City's Public Works Department.
5. The Lessee has NOT paid the City a security deposit for this lease. In lieu thereof, Lessee agrees to landscape and otherwise maintain the leased property.
6. Lessee agrees to maintain the property in a clean and sanitary manner and not to make any alterations to the property without the City's written consent. Said consent to be granted by the Public Works Director.
7. At the termination of this lease, the Lessee agrees to leave the leased property in the same or better condition than when it was received, except for normal wear and tear and subject to proper authorization for any improvements installed by Lessee. Notwithstanding the foregoing, as a part of this section, the parties agree that the Lessee shall be required to landscape and maintain the leased property and the City shall be entitled to rely on Lessee improving the leased property as set out herein.

8. The City will supply no utilities to the property for the benefit of Lessee.
9. The Lessee agrees to obtain and pay for any and all utilities needed and/ or desired but not otherwise provided to the property under the terms of paragraph 8, above, but only to the extent that the installation of such utilities shall first be approved in writing by the City.
10. Lessee agrees not to sub-let the property or assign this lease without the City's written consent which consent shall be withheld in City's discretion. Lessee agrees to allow the City reasonable access to the property for inspection and repair. City agrees to only enter the property after notifying the Lessee in advance, except in an emergency. Notwithstanding the foregoing, the Lessee shall have the right to transfer the benefits of this lease, during the balance of its term, to a subsequent purchaser of Lessee's adjacent residential property.
11. The Lessee has inspected the property and has found it satisfactory.
12. If the Lessee fails to pay the lease payment on time or violates any other terms of this lease, the City will have the right to terminate this lease immediately in accordance with state law. The City will also have the right to re-enter and take possession of it and to take advantage of any other legal remedies available.
13. Lessee acknowledges that inasmuch as Lessor is a unit of local government, there may develop presently unforeseen and unforeseeable circumstances whereby the City would legitimately have need for the property covered by this lease to effectively discharge the City's public duty. Should such circumstances develop, City agrees to give Lessee not less than 90 days notice, which notice Lessee hereby acknowledges as sufficient, following which the City shall be allowed to terminate this lease without further notice or action and Lessee agrees hereby not to contest such termination. Both parties agree that this termination provision shall only be exercised in good faith.
14. The Lessee hereby agrees to be and accepts responsibility for the repair and upkeep of the leased property. The City agrees that the Lessee may install the following equipment and fixtures for the purpose of facilitating Lessee's use of the property: normal and routine landscaping but not to include permanent structures. Notwithstanding the provisions of this section, Lessee shall not be responsible for any damage or loss to City installed creek bed improvements, unless Lessee shall have caused said damage, otherwise, City shall bear the risk of loss or damage to said creek bed improvements.
15. The Lessee agrees to indemnify and hold the City harmless from any liability caused by Lessee's operations or use of the property covered by this lease. In addition, the Lessee agrees to carry liability insurance covering Lessee's operations and use of the property in an amount not less than \$100,000 with the City named as a co-insured. Lessee agrees to furnish City copies of the insurance policies and to not cancel the policies without notifying the City in advance.
16. The parties agree that this lease is the entire agreement between them. This Lease binds and benefits both the City and Lessee and any successors.

17. The parties agree that no presumption shall be attached to this Agreement because it may have been prepared by one of the parties or by one party's attorney.
18. The parties agree that the failure of either party to enforce any of the provisions hereof shall not be construed as a general relinquishment or waiver of that or any other provision.
19. The parties agree that all notices required herein, shall be in writing, given only by prepaid telegram or mail, addressed to the other party the address on the face hereof, and shall be deemed given on the date of dispatch or posting in the U.S. Mail.
20. The parties agree that this Lease shall be governed by the laws of the State of Utah.
21. The parties agree that if any provision in this lease is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions will nevertheless continue in full force without being impaired or invalidated in any way.
