8.A. ALL-ABILITIES PLAYGROUND DISCUSSION, DUSTIN GLINES

Discussion about progression in the all-abilities playground, and the direction we would like to go. We have lots of community partners for this project and a committee formed with these community partners. We have met multiple times to discuss directions, wants, needs of what this all-abilities playground should have or look like, and how our community partners donating to this playground would be recognized. We also have some renderings and drawings of what this playground should look like with input from both the committee and community families that have loved ones with special needs.
