Residents on Zoom: 1-435-220-0979 unknown

M Duncan called the Meeting to order and called role at 6:00 PM.

1. Open Public Comment: None

2. Discussion and possible action: Review all Risk Assessments and Mitigation Strategies with the scales agreed upon in July. And add responsible entities.

The Committee reviewed all the Hazard Mitigation strategies and discussed at length and updated the scales. They added “less than” > and “greater than” < to the scale values. “Public support” was a much more explanatory and replaced “Political viability”. The scale definitions were added after each strategy. i. e.

#### **Scale:**

**Percentage of the Town population to benefit:** 1= <25% 2=25% 3=50% 4=75% 5=100%

**Potential Cost:** 1= less than \$600 2= up to \$5000 3= \$5000-\$20,000 4= \$20,000-\$75,000 5= over \$100,000.00 grant(s) required.

**Public Support:** 1= 100% resistance 2=25% 3=50 % 4= 75% 5= 100% support/no resistance

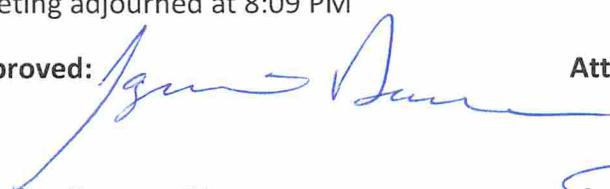

Next they went through the Hazard Probability Analyses and filled in the entities/agencies responsible boxes.

3. Discussion and possible action: Divide up 2025 Recommended Priority “Action” Projects  
The Committee briefly reviewed the Priority Projects and discussed and updated the location, timeframe and costs boxes. Priority Project #1 was narrowed down to evacuation routes only D. Honer will work on that. The Committee decided to narrow down the projects so we have a better chance to get them completed in a specific timeframe. Egmont will work on #3 and #5.  
4. Discuss timeline to get #3 works done and other Plan requirements.

Buck hoped to get these updates/ edits wrapped up by September 10th to send to Kemp to get his feedback by the next meeting at the end of September.

Meeting adjourned at 8:09 PM
