

MINUTES OF THE
REGULAR MEETING
OF THE BOARD OF TRUSTEES OF
MAGNA WATER DISTRICT

A regular meeting of the Board of Trustees of the Magna Water District was held Thursday, November 13, 2025, at 10:00 am at the Magna Water District General Office, Kim Bailey Board Room, located at 8885 West 3500 South, Magna, UT.

Call to Order: Mick Sudbury called the meeting to order at 10:56 am.

Trustees Present:

Mick Sudbury, Chairman
Jeff White
Dan Stewart, excused

Management Team Present/Excused:

Clint Dilley, General Manager, present
LeIsle Fitzgerald, District Controller, present
Trevor Andra, District Engineer, present
Dallas Henline, Wastewater Operations Manager, present
Andrew Sumsion, HR Manager, present
Steve Clark, Water Operations Manager, present

Also Present:

Nathan Bracken, Smith, Hartvigsen PLLC
Don Olsen, Epic Engineering
Clint Rogers, Stantec Engineering
Todd Richards, Magna Resident
Josh Bean, Bowen Collins and Associates
Doyle Jenkins, Magna Resident
Stockton Denos, AE2S Engineering
David R Brickey, Magna City

Pledge of Allegiance: Chairman lead those in attendance in the Pledge of Allegiance.

Welcome the Public and Guests: Chairman welcomed those in attendance.

Public Comment: None.

Chairman asked if any of the staff or board members had a conflict of interest with anything on this agenda. There were no conflict of interest.

Approval of Common Consent Items:

Minutes of the regular board meeting held October 9, 2025

Minutes of the special board meeting held October 16, 2025

Expenses for September 29 to November 1, 2025:

General Expenses: \$1,958,239.44

Zions Bank Bond Payment: \$83,530.83

A motion was made by Jeff White, seconded by Mick Sudbury, to approve the minutes of the regular board meeting held October 9, 2025, the minutes of the special board meeting held October 16, 2025, the general expenses from September 29 to November 1, 2025, and the Zions Bank Bond payment in the amount of \$1,958,239.44 and \$83,530.83; respectively. The motion was approved as follows: Mick Sudbury, yea, and Jeff White, yea.

DEPARTMENT REPORTS

General Manager Report: Clint highlighted the following:

Staffing: As of Monday, the District will be fully staffed. Staff Engineer is starting Monday.

Operations – Water: Secondary water shut down went well, staff drained and filed the pond several times to clean it. The depths of the sediment was measured, at the inlet the depth was approximately 17” for just a very small area. The middle of the pond measured 6” and at the far end there was almost no sediment. Finding these measurements, staff recommends that the pond not be dredged.

Four of the eight stacks at the EDR has now been replaced.

Operations – Wastewater: Staff has been evaluating hauling needs for the sludge from the plant.

Trevor and Dallas has completed the Risk Management Plan update. Quarter 4 Bio monitoring has been completed.

Operations – Office: Working together with the meter crew to reduce the number of no consumption meters, and better the work flow with the crew. The delinquent accounts increased during the summer months which is to be expected. October is back down. The District is still getting effective results with the process. There has been an uptick of safety concerns with the public, dealing with threats with the public. The local police have been very helpful in resolving the issues. Need to continue to be proactive with our employees safety.

Communication & Morale: Participated at the trunk-or-treat in the community. Continue to look for ways to continue building the relationships. Coordinating with the MSD with transportation master plan. The safety committee regularly complete facility walk through's and identify any safety issues. Clint expressed his thanks and wanted to highlight the committee.

No action was taken, for full discussion please go to the board meeting recording beginning at position 2:09 to 16:50. Please also see the general manager's report inserted in the board meeting packet.

Engineering Report: Trevor reported on ongoing projects. No action was taken, for full discussion, please go to the board meeting recording beginning at position 16:51 to 22:35. Please also see the engineering insert in the board meeting packet.

Water Operations Report (including water production and call out report): Steve reported the culinary water production for the month of October was 128.49 million gallons or 394.35-acre feet, a 13.96% decrease from 2024. YTD production for October was 1,705.32 million gallons or 5,233.81 acre feet, a 16.46% increase from 2024. We have purchased YTD 671.12-acre feet of water from Jordan Valley Water. The secondary water production for the month of October was 35.15 million gallons or 107.89 acre feet, a 3.25% increase from 2024. YTD as was 483.91 million gallons or 1,485.18 acre feet, a 10.64% increase from 2024. Steve reported the total number of call outs for water and wastewater departments for October was 16, and total hours paid was 60. No action was taken, for full discussion please go to the board meeting recording beginning at position 22:36 to 25:43. Please also see the water production report inserted in the board meeting packet.

Wastewater Operations Report:

Magna Water Reclamation Facility Operations Report: Dallas reported the plant flows have increased slightly, from an average of 2.8 – 2.9 mgd, to about 3.0 mgd in October. Finished October with 28.54 mg of reuse water pumped to the secondary water system, including the water used to flush the secondary pond and system. During the winter months, the reuse equipment will continue to run, all the plant flow will go through the equipment and get pumped to the final outfall rather than pumped up to the secondary water system. All reuse equipment was maintained per manufacture specifications and operation and maintenance manuals. The equipment was inspected, all looked good. The 4th quarter bio monitoring tests were completed and passed. The plant is in good standing with regards to regulatory compliance and expected to remain in good standing through the end of the year. The collection crew is progressing through the annual maintenance and repairs with contractors, expecting that to be completed by the end of November. There is ongoing coordination with Google Fiber from 8000 W 2100 S to 2700 S. Anticipate that going for several more weeks. No action was taken, for full discussion, please go to board meeting recording beginning at position 25:44 to 28:49. Please also see the wastewater report insert in the board meeting packet.

Controller Report/Clerk Report:

Compliance Requirements Report: LeIsle reported the District is compliance with legal requirements and internal policies.

3rd Quarter Budget to Actual Financial Report – September 30, 2025: LeIsle presented the board with the actual revenue and expenditures compared to budgeted revenue and expenditures for the period ending September 30, 2025. Revenues are approximately 4.79% over budget and expenditures are approximately 20.34% under budget. Impact fees are approximately 53.10% under budget. The reserve balances have decreased by approximately 38% since October 2024. No action was taken, for full discussion, please go to board meeting recording beginning at position 28:50 to 35:42. Please also see the controller/clerk insert in the board meeting packet.

HR Manager Report:

Andrew reported to the Board the following:

- Shirts came in for the operators
- Month's safety topic is cold weather preparedness

No action was taken, for full discussion please go to the board meeting recording beginning at position 35:43 to 36:56.

WATER AND SEWER AVAILABILITY

Discussion and possible motion to approve the following developments:

Moody Subdivision Lot 8 located at 6778 W 2100 S (SR-201 North Frontage Rd): A motion was made by Jeff White, seconded by Mick Sudbury, to approve water and sewer services to Moody Subdivision Lot 8 located at 6778 W 2100 S (SR-201 North Frontage Rd). The motion was approved as follows: Mick Sudbury, yea, and Jeff White, yea. For full discussion, please go to board meeting recording beginning at position 36:57 to 39:04.

Moody Subdivision Lot 9 located at 6778 W 2100 S (SR-201 North Frontage Rd): A motion was made by Jeff White, seconded by Mick Sudbury, to approve water and sewer services to Moody Subdivision Lot 9 located at 6778 W 2100 S (SR-201 North Frontage Rd). The motion was approved as

follows: Mick Sudbury, yea, and Jeff White, yea. For full discussion, please go to board meeting recording beginning at position 39:05 to 40:13.

Iron Workers Warehouse located at 7022 W SR-201 North Frontage Rd: A motion was made by Jeff White, seconded by Mick Sudbury, to approve water and sewer services to Iron Workers Warehouse located at 7022 W SR-201 North Frontage Rd. The motion was approved as follows: Mick Sudbury, yea, and Jeff White, yea. For full discussion, please go to board meeting recording beginning at position 40:14 to 42:58.

PROJECT AWARDS & AGREEMENTS

Discussion and possible motion to approve the following project awards and agreements:

Change order to Stantec design task order for Westside Collection Project 1B to include the subsurface investigation, survey, and design of the UDOT fiber optic cable relocation in the amount not to exceed \$108,995: A motion was made by Jeff White, seconded by Mick Sudbury, to approve the change order to Stantec design task order for Westside Collection Project 1B to include the subsurface investigation, survey, and design of the UDOT fiber optic cable relocation in the amount not to exceed \$108,995. The motion was approved as follows: Mick Sudbury, yea and Jeff White, yea. For full discussion please go to board meeting recording beginning at position 42:59 to 51:16.

Consider changing janitorial services to Anago for a monthly expense total of \$1,645: A motion was made by Jeff White, seconded by Mick Sudbury, to approve changing from Vanguard Janitorial Services to Anago Janitorial Services for a monthly expense total of \$1,645. The motion was approved as follows: Mick Sudbury, yea and Jeff White, yea. For full discussion, please go to board meeting recording beginning at position 51:20 to 54:49.

ADMINISTRATIVE

Discussion and possible motion to approve the following administrative items:

Annual Safety Report: Andrew reported to the board the annual safety report: See board meeting packet insert Annual Safety Report. No actions were taken, for full discussion please go to board meeting recording beginning at position 54:50 to 1:06:00.

Amendment to VanTrust Extension Agreement to include storm drain piping for surface water and Haynes well field surface discharge: Magna Water District has a standard extension agreement for all developments. Trevor informed the board the VanTrust development extension agreement needs to be amended from the District's standard extension agreement to allow for storm water (drainage) from the District's Haynes well field. Currently when water falls on the site, or when we start up a pump, we discharge to the surface and it drains naturally in to the Ritter Canal. What they are intending to do with the development of this site, is run a pipe along their property line to the Ritter canal, which is where the well field naturally drains. It's the District's water from the Haynes well field, it's from the well pumps, in order to maintain that drainage, it will be piped, and it will become our utility and responsibility to maintain when the development is completed. VanTrust will be responsible for the cost and installing of the pipe. A motion was made by Jeff White, seconded by Mick Sudbury, to approve the amendment to VanTrust Extension Agreement to include storm drain piping for surface water and Haynes well field surface discharge. The motion was approved as follows: Mick Sudbury, yea and Jeff White, yea. For full discussion please go to board meeting recording beginning at position 1:06:01 to 1:11:11.

Approval to surplus 66 Sensus IPearl meters: A motion was made by Jeff White, seconded by Mick Sudbury, to approve the surplus of 66 Sensus IPearl meters. The motion was approved as follows: Mick Sudbury, yea, and Jeff White, yea. For full discussion please go to board meeting recording beginning at position 1:11:12 to 1:13:26.

Annual Employee Recognition – Employee Gift Cards: A motion was made by Jeff White, seconded by Mick Sudbury, to approve the employee gift cards of \$100 each to employee. The motion was approved as follows: Mick Sudbury, yea and Jeff White, yea. For full discussion please go to board meeting recording beginning at position 1:13:27 to 1:14:37.

For information and discussion only – no action items:

Next board meeting – December 11, 2025, at 10:00 am

District’s Employee Recognition Dinner – December 12, 2025

Motion to take a brief recess and immediately following, meet in a closed meeting to discuss (1) the character, professional competence, or physical or mental health of an individual, (2) the purchase, exchange, or lease of real property, including any form of a water right or water shares, and (3) collective bargaining purposes pursuant to Utah Code Ann. §§ 52-4-204 through 205: Jeff White made a motion to take a brief recess and immediately following, meet in a closed meeting to discuss (1) the character, professional competence, or physical or mental health of an individual, (2) the purchase, exchange, or lease of real property, including any form of a water right or water shares, (3) collective bargaining purposes pursuant to Utah Code Ann. §§52-4-204 through 205. The motion was seconded by Mick Sudbury, and approved as follows: Mick Sudbury, yea, and Jeff White, yea at 12:14 pm.

Motion to close the closed session and to reopen the open session of the Board Meeting: Jeff White made a motion to close the closed session and reconvene the open session at 1:07 pm. The motion was seconded by Mick Sudbury and approved as follows: Mick Sudbury, yea, and Jeff White, yea.

Motion to immediately meet in a closed meeting to discuss the character, professional competence, or physical or mental health of an individual: A motion was made by Jeff White, seconded by Mick Sudbury, to meet in closed meeting to discuss the character, professional competence, or physical or mental health of an individual at 1:07 pm. The motion was approved as follows: Mick Sudbury, yea, and Jeff White, yea.

Motion to close the closed session and to reopen the open session of the Board Meeting: Jeff White made a motion to close the closed session and reconvene the open session at 2:31 pm. The motion was seconded by Mick Sudbury and approved as follows: Mick Sudbury, yea, and Jeff White, yea.

Consider action on any noticed agenda item discussed in closed meeting: None

Other Business: None

Approved 12/11/2025

Meeting Minutes
November 13, 2025

Adjourn: Having no further business to discuss, a motion was made by Jeff White, seconded by Mick Sudbury, to adjourn the meeting at 2:31 pm. The motion was approved as follows: Mick Sudbury, yea, and Jeff White, yea.

REGULAR BOARD MEETING AGENDA
MAGNA WATER DISTRICT

MEETING DATE: November 13, 2025, Immediately following the 2026 Budget hearing
LOCATION: 8885 W 3500 S, MAGNA, UT, GENERAL OFFICE BUILDING

A. Call to Order

B. Public, Board and Staff join in the Pledge of Allegiance

C. Welcome the Public and Guests

D. Public Comment

Written requests that are received – Please do not take over three minutes due to time restraints for other individuals and the Board.

E. Inquire of any conflicts of interests that need to be disclosed to the Board

F. Approval of common consent items

1. Minutes of the regular board meeting held October 9, 2025
2. Minutes of the special board meeting held October 16, 2025
3. Expenses for September 29 to November 1, 2025
 - General Expenses: \$1,958,239.44
 - Zions Bank Bond Payment: \$83,530.83

G. Department Reports:

1. General Manager Report
2. Engineering Report
3. Water Operations Report (water production and call out report)
4. Wastewater Operations Report
 - Magna Water Reclamation Facility Operations Report

5. Controller/Clerk Report
 - Compliance Requirements Report
 - 3rd Quarter Budget to Actual Financial Report – September 30, 2025
6. HR Manager Report

H. Water & Sewer Availability

Discussion and possible motion to approve the following developments:

1. (Trevor) Moody Subdivision Lot 8 located at 6778 W 2100 S. (SR-201 North Frontage Rd)
2. (Trevor) Moody Subdivision Lot 9 located at 6778 W 2100 S. (SR-201 North Frontage Rd)
3. (Trevor) Iron Workers Warehouse located at 7022 W SR-201 North Frontage Rd.

I. Project Awards & Agreements

Discussion and possible motion to approve the following project awards and agreements:

1. (Trevor) Change order to Stantec design task order for Westside Collection Project 1B to include the subsurface investigation, survey, and design of the UDOT fiber optic cable relocation in the amount not to exceed \$108,995.
2. (Steve) Consider changing janitorial services to Anago for a monthly expense total of \$1,645.

J. Administrative

Discussion and possible motion to approve the following administrative items:

1. (Andrew) Annual Safety Report.
2. (Trevor) Amendment to VanTrust Extension Agreement to include storm drain piping for surface water and Haynes well field surface discharge.
3. (LeIsle) Approval to surplus 66 – Sensus IPearl Meters.
4. (Andrew) Annual Employee Recognition - Employee Gift Cards

For information and discussion only – no action items:

5. Next month's board meeting – December 11, 2025, at 10:00 am
6. District's Employee Recognition Dinner – December 12, 2025

- K. Motion to take a brief recess and immediately following, meet in a closed meeting to discuss (1) the character, professional competence, or physical or mental health of an individual, (2) the purchase, exchange, or lease of real property, including any form of a water right or water shares, and (3) collective bargaining purposes pursuant to Utah Code Ann. §§ 52-4-204 through 205.**
- L. Motion to close the closed meeting and re-open the public board meeting.**

- O. Adjourn**

MEETING MINUTES

**MINUTES OF THE
REGULAR MEETING
OF THE BOARD OF TRUSTEES OF
MAGNA WATER DISTRICT**

A regular meeting of the Board of Trustees of the Magna Water District was held Thursday, October 9, 2025, at 10:00 am at the Magna Water District General Office, Kim Bailey Board Room, located at 8885 West 3500 South, Magna, UT.

Call to Order: Mick Sudbury called the meeting to order at 10:00 am.

Trustees Present:

Mick Sudbury, Chairman
Jeff White
Dan Stewart

Management Team Present/Excused:

Clint Dilley, General Manager, present
LeIsle Fitzgerald, District Controller, present
Trevor Andra, District Engineer, present
Dallas Henline, Wastewater Operations Manager, present
Andrew Sumsion, HR Manager, present
Steve Clark, Water Operations Manager, present

Also Present:

Nathan Bracken, Smith, Hartvigsen PLLC
Don Olsen, Epic Engineering
Clint Rogers, Stantec Engineering
Dan Peay, Magna Resident
Nate Rogers, Bowen Collins and Associates
Joel Workman, AQS Consultants
Sam Fankhauser, A32S Engineering

Pledge of Allegiance: Chairman lead those in attendance in the Pledge of Allegiance.

Welcome the Public and Guests: Chairman welcomed those in attendance.

Public Comment: None.

Chairman asked if any of the staff or board members had a conflict of interest with anything on this agenda. There were no conflict of interest.

Approval of Common Consent Items:

Minutes of the regular board meeting held September 11, 2025

Expenses for September 1 to September 28, 2025:

General Expenses: \$1,239,162.37

Zions Bank Bond Payment: \$83,530.83

A motion was made by Dan Stewart, seconded by Jeff White, to approve the minutes of the regular board meeting held September 11, 2025, the general expenses from September 1 to September 28, 2025, and the Zions Bank Bond payment in the amount of \$1,239,162.37 and \$83,530.83; respectively. The motion was approved as follows: Dan Stewart, yea, Mick Sudbury, yea, and Jeff White, yea.

Employee Recognition

Gavin Henshaw – Water Distribution Grade II
Dawson Stewart – Water Distribution Grade I
Mark Manzanares – Wastewater Collections Grade II
Quin Gorrige – Wastewater Collections Grade I

Andrew commended the employees for working hard on their certifications. No action was taken, for full discussion please go to the board meeting recording beginning at position 1:55 to 3:02.

New Employee Introduction

Gavin Ferguson – Andrew introduced Gavin. Joined the collections wastewater crew on Monday. Came with a little bit of collection experience, is familiar with some of the equipment. No action was taken, for full discussion please go to board meeting recording beginning at position 3:03 to 4:24.

DEPARTMENT REPORTS

General Manager Report: Clint highlighted the following:

Staffing: Wastewater collections crew is fully staffed. Staff Engineering position was posted, there are candidates scheduled for interviews. Chairman asked if the District was in the position where the hiring of the staff engineer could wait. Clint and Trevor indicated there was plenty of work to be done by the staff engineer and felt like the position would be busy.

Operations – Water: Preparing for the secondary water shut down by October 15, 2025 to start the flushing and additional maintenance and cleaning. Staff feels like dredging the reservoir could be delayed. Additional cleaning, flushing and investigation will determine if the dredging needs to be done this year or be delayed. Customers will be reminded to shut their systems off before the flushing and cleaning the system.

Operations – Wastewater: Staff flushed and cleaned the brine pipeline successfully. Finalizing the preliminary design for the change house and will meet with board when that is complete for their input.

Operations – Office: HR has been looking at options for the safety glass for the door into the front office. Controller looked into customer payment assistance options. ARPA funds are gone.

Communication & Morale: Reuse open house was successful. Appreciate the consultants assistance with the open house. Clint has reached out to Brockbank and Lakeridge schools to set up class tours of the reuse facility, being STEM schools, they were responsive, but he hasn't heard back from them. Clint indicated he and LeIsle attended the AWWA Intermountain Conference, there was a lot of talk about the District using AI and needing a policy to govern the use of AI. He also indicated there was information on ADU's and the increase in water usage.

No action was taken, for full discussion please go to the board meeting recording beginning at position 4:36 to 30:53. Please also see the general manager's report inserted in the board meeting packet.

Engineering Report: Trevor reported on ongoing projects. No action was taken, for full discussion, please go to the board meeting recording beginning at position 30:54 to 33:27. Please also see the engineering insert in the board meeting packet.

Water Operations Report (including water production and call out report): Steve reported the culinary water production for the month of September was 204.17 million gallons or 626.63-acre feet, a 4.98% increase from 2024. YTD production for September was 1,576.85 million gallons or 4,839.54-acre feet, a 9.65% increase from 2024. We have purchased YTD 600.51-acre feet of water from Jordan Valley Water. The secondary water production for the month of September was 66.43 million gallons or 203.88-acre feet, a 8.78% increase from 2024. YTD as was 448.75 million gallons or 1,377.29-acre feet, a 11.22% increase from 2024. Steve reported the total number of call outs for water and wastewater departments for September was 18, and total hours paid was 59. No action was taken, for full discussion please go to the board meeting recording beginning at position 33:28 to 40:21. Please also see the water production report inserted in the board meeting packet.

Wastewater Operations Report:

Magna Water Reclamation Facility Operations Report: Dallas reported reuse supply for the month of September and on the performance of the wastewater treatment facility. Dallas indicated the annual root control maintenance is scheduled will be done mid-October. No actions were taken, for full discussion, please go to board meeting recording beginning at position 40:22 to 46:35. Please also see the wastewater report insert in the board meeting packet.

Controller Report/Clerk Report:

Compliance Requirements Report: LeIsle reported the District is compliance with legal requirements and internal policies. No actions were taken, for full discussion, please go to board meeting recording beginning at position 46:36 to 48:52. Please also see the controller/clerk insert in the board meeting packet.

HR Manager Report:

Andrew reported to the Board the following:

- Injury prevention is the safety focus for the month
- Wrapping up 2025 goals, will be prepared for the board by November board meeting.
- Steve and Matt will be attending backflow training
- Steve will be completing the traffic control supervisor course
- Shirts have been ordered for the water crew uniform and inspectors
- Wrapped up 90 days with all new employees

No action was taken, for full discussion please go to the board meeting recording beginning at position 48:53 to 51:04.

WATER AND SEWER AVAILABILITY

Discussion and possible motion to approve the following developments:

PacifiCorp Lake Park Substation Landscaping: A motion was made by Jeff White, seconded by Dan Stewart, to approve water and sewer services to PacifiCorp Lake Park Substation Landscaping located in West Valley City, UT 84128. The motion was approved as follows: Mick Sudbury, yea, Dan Stewart, yea, and Jeff White, yea. For full discussion, please go to board meeting recording beginning at position 51:05 to 53:50.

PROJECT AWARDS & AGREEMENTS

Discussion and possible motion to approve the following project awards and agreements:

AE2S Task Order for the Finish and Feed Tank Redundancy Project in the amount of \$307,559: A motion was made by Jeff White, seconded by Dan Stewart to approve the AE2S Task Order for the Finish and Feed Tank Redundancy Project in the amount of \$307,559. The motion was approved as follows: Jeff White, yea, Dan Stewart, yea and Mick Sudbury, yea. For full discussion please go to board meeting recording beginning at position 53:51 to 56:30.

AE2S Task Order for On-Call SCADA Instrumentation & Control Support Services: A motion was made by Jeff White, seconded by Dan Stewart, to approve AE2S task order for on-call SCADA instrumentation & Control Support Services, in the amount not to exceed budgeted amount for SCADA on-call services. The motion was approved as follows: Mick Sudbury, yea, Jeff White, yea and Dan Stewart, yea. For full discussion please go to board meeting recording beginning at position 56:31 to 59:33.

Award janitorial services for facilities: Proposing to move to a new janitorial service. A motion was made by Jeff White, seconded by Dan Stewart, to table a decision on this agenda item. The motion was approved as follows: Mick Sudbury, yea, Dan Stewart, yea and Jeff White, yea. For full discussion please go to board meeting recording beginning at position 59:34 to 1:06:26.

ADMINISTRATIVE

Discussion and possible motion to approve the following administrative items:

Approval to surplus SCADA equipment pulled out of our old system and two additional used fire hydrants: A motion was made by Jeff White, seconded by Dan Stewart, to approve the surplus of the old SCADA equipment pulled out of the old system with a minimum bid of \$100, and two additional used fire hydrants. The motion was approved as follows: Dan Stewart, yea, Jeff White, yea, and Mick Sudbury, yea. For full discussion, please go to board meeting recording beginning 1:06:27 to 1:09:27.

WRF Wastewater Master Plan Update 2025: Clint Rogers presented the 2025 wastewater master plan update. A motion was made by Jeff White, seconded by Dan Stewart, to approve the WRF Wastewater Master Plan Update 2025. The motion was approved as follows: Mick Sudbury, yea, Dan Stewart, yea, and Jeff White, yea. For full presentation and discussion, please go to board meeting recording beginning at position 1:09:28 to 2:10:41. Please also see board meeting packet insert.

Resolution 2025-08 Adoption of the District's Tentative 2026 Budget: LeIsle presented the tentative 2026 budget, which showed the projects needing to be done in 2026 and that funding is not sufficient to do all projects. Because of this, the Board asked Staff to go through the projects and cut what is not possible to do in 2026. A motion was made by Jeff White, seconded by Dan Stewart, to table this discussion until October 16, 2025 at 10:00 pm and to hold a special board meeting for that date and time. The motion was approved as follows: Mick Sudbury, yea, Jeff White, yea, and Dan Stewart, yea. For full discussion, please go to board meeting recording beginning at position 2:10:42 to 2:26:05.

For information and discussion only – no action items:

Next board meeting – October 16, 2025 at 10:00 am – Special Board Meeting

Next month’s board meeting – November 13, 2025 at 10:00 am

Motion to take a brief recess and immediately following, meet in a closed meeting to discuss (1) the character, professional competence, or physical or mental health of an individual, (2) the purchase, exchange, or lease of real property, including any form of a water right or water shares, and (3) collective bargaining purposes pursuant to Utah Code Ann. §§ 52-4-204 through 205: Jeff White made a motion to take a brief recess and immediately following, meet in a closed meeting to discuss (1) the character, professional competence, or physical or mental health of an individual, (2) the purchase, exchange, or lease of real property, including any form of a water right or water shares, (3) collective bargaining purposes pursuant to Utah Code Ann. §§52-4-204 through 205. The motion was seconded by Dan Stewart, and approved as follows: Dan Stewart, yea, Mick Sudbury, yea, and Jeff White, yea at 12:25 pm.

Motion to close the closed session and to reopen the open session of the Board Meeting: Jeff White made a motion to close the closed session and reconvene the open session at 2:21 pm. The motion was seconded by Dan Stewart and approved as follows: Dan Stewart, yea, Mick Sudbury, yea, and Jeff White, yea.

Consider action on any noticed agenda item discussed in closed meeting:

Other Business: None

Adjourn: Having no further business to discuss, a motion was made by Dan Stewart, seconded by Jeff White, to adjourn the meeting at 2:21 pm. The motion was approved as follows: Dan Stewart, yea, Mick Sudbury, yea, and Jeff White, yea.

LeIsle Fitzgerald, District Controller, present
Trevor Andra, District Engineer, present
Dallas Henline, Wastewater Operations Manager, present
Andrew Sumsion, HR Manager, present
Steve Clark, Water Operations Manager, excused
Chris Thompson Water Operations Leadman, present

Also Present:

Dan Peay, Magna Resident

Pledge of Allegiance: Chairman lead those in attendance in the Pledge of Allegiance.

Welcome the Public and Guests: Chairman welcomed those in attendance.

Public Comment: None.

Chairman asked if any of the staff or board members had a conflict of interest with anything on this agenda. There were no conflict of interest.

Discussion on District's 2026 Tentative Budget: Clint Dilley prefaced the discussion with the following comments:

“The District has had quite a challenge with the number of projects that we feel need to be completed in the district with the available resources. This situation was identified in the 2021 master plan. One of the suggestions at that time was for the District to plan on bonding to be able to complete some of the bigger projects. We've been able to get by without bonding so far, but it continues to get more and more challenging the further off we go with the amount of significant projects that we have to do. This budget doesn't reflect any bonding in next year. The earliest we're saying that the district would consider bonding would be in the following year if the board is open to it at that time. We've been able to work this budget without any bond in it. The downside to that is if, as you know, in years past, we've had quite a bit of impact fees that have been coming in from all of the development, and we were able to build up

our financial reserves pretty significantly over that time period and still accomplish several of the projects. We have collected fewer impact fees the past two years, so, impact fee revenue is less available than it was in years past. We have dipped into reserves quite a bit the past couple years. And so one of the assumptions in this budget before we get going is that we would continue to take some money from reserves, but we would not go below the restricted minimum. That's one of the things we have to talk about.”

Staff presented the tentative budget to the Board. LeIsle reviewed the Capital Sources and Outlays Summary.

CAPITAL FUND SOURCES				
ESTIMATED NET INCOME 2026				
			\$	2,984,131
GRANT REVENUE/LOAN PROCEEDS				
CONSERVATION GARDEN GRANT/JVWCD			\$	40,000
DIVISION OF DRINKING WATER - LEAD & COPPER			\$	4,000,000
EPA COMMUNITY BLOCK GRANT - HAYNES #8			\$	1,300,000
IMPACT FEES FOR RELATED PROJECTS			\$	6,480,110
TAKE FROM RESERVES			\$	11,107,776
TOTAL CAPITAL FUND SOURCES				
			\$	25,912,017
CAPITAL FUND USES				
CARRYOVER PROJECTS AT 08/31/2025				
			\$	12,013,310
PROPOSED NEW PROJECTS FOR 2026				
			\$	13,898,708
TOTAL CAPITAL FUND USES				
			\$	(25,912,018)

Chairman expressed his concern with spending the District's reserves. The District's reserves helps with our bond rating. Spending the reserves does show good faith to our customers that we aren't just raising rates to keep cash on hand. The District is spending down its reserves to a minimum level.

Total income budgeted is a decrease of 25.15% from 2025's budget. Total expenses budgeted is a decrease of 2.20% from 2025's budget, and total bond and loans and banking fees budgeted is increasing by 4.26% from 2025's budget. Staff is doing what they can to reduce the expenses of the budget. A small rate increase is projected for 2026, that a hearing was held and adopted in 2021. Currently, a master plan, impact fee facility plan for the next 10 years, and impact fee analysis is being conducted for the District. The proposed projects were reviewed.

Resolution 2025-08 adopting the 2026 Tentative Budget and to hold the 2026 Budget Hearing on November 13, 2025, at 10:00 am.: A motion was made by Jeff White, seconded Dan Stewart, to approve Resolution 2025-08 adopting the 2026 Tentative Budget and to hold the 2026 Budget Hearing on November 13, 2025, at 10:00 am, and to have the Tentative Budget for public inspection for seven days prior to the Budget Hearing. The motion was approved as follows: Mick Sudbury, yea, Dan Stewart, yea and Jeff White, yea.

For full discussion please go to board meeting recording beginning at position 2:03 to 1:30:54.

Motion to take a brief recess and immediately following, meet in a closed meeting to discuss (1) the character, professional competence, or physical or mental health of an individual, and (2) collective

bargaining purposes pursuant to Utah Code Ann. §§ 52-4-204 through 205: Jeff White made a motion to take a brief recess and immediately following, meet in a closed meeting to discuss (1) the character, professional competence, or physical or mental health of an individual, and (2) collective bargaining purposes pursuant to Utah Code Ann. §§52-4-204 through 205. The motion was seconded by Dan Stewart, and approved as follows: Dan Stewart, yea, Mick Sudbury, yea, and Jeff White, yea at 11:30 am.

Motion to close the closed session and to reopen the open session of the Board Meeting: Jeff White made a motion to close the closed session and reconvene the open session at 12:29 pm. The motion was seconded by Dan Stewart and approved as follows: Dan Stewart, yea, Mick Sudbury, yea, and Jeff White, yea.

Consider action on any noticed agenda item discussed in closed meeting: None.

Other Business: None

Adjourn: Having no further business to discuss, a motion was made by Jeff White, seconded by Dan Stewart, to adjourn the meeting at 12:29 pm. The motion was approved as follows: Dan Stewart, yea, Mick Sudbury, yea, and Jeff White, yea.

GENERAL MANAGERS REPORT

MEMO

TO: MWD Board of Directors
FROM: Clint Dilley, P.E., General Manager
DATE: 11/04/25 (November 13th Board Meeting)
RE: Report and Discussion from General Manager

PURPOSE OF MEMO

The purpose of this memo is to provide the Magna Water District (MWD) Board of Directors a general report from the General Manager and associated discussion with input from rest of management team to keep the board abreast of general matters in the District. The format of the memo will primarily be a list of bullet points to assist guiding the discussion in the board meeting.

REPORT FROM GENERAL MANAGER

After discussions with the board and management team we have focused our efforts on three main areas including 1) Staffing 2) Operations and 3) Communication as outlined in the following sections.

STAFFING

- Engineering
 - Staff Engineer candidate has accepted offer and will start on 11/17/25

OPERATIONS

- Water Operations
 - Secondary water shutdown complete. Crews are flushing and draining secondary water reservoir and piping
 - Secondary pond sediment levels have been measured and team evaluating need for removal
 - EDR team has replaced 2 of 8 new replacement stacks at EDR WTP
- WWTP Operations
 - Successfully completed Q4 biomonitoring testing on WWTP effluent
 - WW OM evaluating hauling needs and options when ET Technologies moves to location further away from WWTP
 - WW OM & DE completed risk management plan update for WWTP
- Office
 - Controller working with Water OM & EDR/Customer Service Leadman to reduce no consumptions & workflow
 - Controller updating 2026 budget for November board meeting

- Delinquent accounts
 - September 2025
 - Accounts that are delinquent: 610
 - Total of all delinquent accounts: \$236,252.33
 - Average delinquent account balance: \$387.30
 - Pink notices sent out = 348
 - Pink notices were 64% effective
 - Red notices were 92% effective as of 9/25/25
 - August 2025
 - Accounts that are delinquent: 743
 - Total of all delinquent accounts: \$268,059.50
 - Average delinquent account balance: \$360.78
 - Pink notices sent out = 312
 - Pink notices were 65% effective
 - Red notices were 92% effective as of 8/28/25
 - July 2025
 - Accounts that are delinquent: 499
 - Total of all delinquent accounts: \$178,402.56
 - Average delinquent account balance: \$357.52
 - Pink notices sent out = 384
 - Pink notices were 71% effective
 - Red notices were 95% effective as of 7/30/25

COMMUNICATION & MORALE

- Continue working toward improving communication w/ board members & community partners
 - MWD Employees participated in trunk or treat
 - Meeting with Kennecott and stakeholders on 4100 South road on 11/12/25
 - Will coordinate with MSD on transportation master plan
- Work to improve communication & morale with employees
 - Goals and performance reviews completed for 2025 and submitted to board for review
 - Safety committee completed facility walkthroughs
- Work to improve communication with customers
 - Thorough and prompt response to customer concerns and complaints
 - None

ENGINEERING REPORT

Engineering Report (Updated 11/05/25)

Capital and General Engineering Projects

- **8800 West Water line Project**
 - Postponed till later date
- **7200 W and 3100 S Secondary Water Project**
 - Completed potholes needed to finish design
- **Influent Pump Station**
 - Processing submittals and RFI's
 - **Grit Building working on mechanical and electrical.**
 - **Pump Station: concrete pour for screw channels.**
 - **Continuing site piping, manholes and conduit runs.**
- **WWTP Facility Plan Update**
 - Approved
- **Haynes Well #8 Replacement**
 - Well drilling and casing design complete
 - Pump house design complete
 - Working on paperwork and agreement for \$1.31 million grant
 - Submitted work plan and cost estimate to EPA for review
 - Resubmitted work plan and CatEx for final approval
 - **EPA furloughed due to government shut down. Review on hold**
- **Haynes Well #7 Rehabilitation**
 - **Work completed. Water chemical analysis pending, then back in service**
- **West Side Collection Phase 1B Project**
 - Have start location for relocation of fiber. Working on drawings and with UDOT to find an approved contractor.
- **Westside Collection Project 1B**
 - SR-201 bore on hold until fiber is relocated
- **West Side Collection Phase 2 Project**
 - **90% design complete**
- **Solids Handling Building Expansion**
 - Plan review in progress
- **Change House**
 - **30% design complete**
- **Zone 3 Secondary Water Reservoir**
 - **Reviewing submittals**
 - **Construction November with completion before the 2026 irrigation season**
- **Lead and Copper Service Line Replacement**
 - **Finalizing loan with State**
- **Railroad Parcel**
 - Hold property

WATER OPERATIONS REPORT

Water Production Report & Callout Report

October 2025

Water Production Summary

The culinary water production for the month of October was 128.49 million gallons or 394.35-acre feet, a 13.96% decrease from 2024. YTD production for October was 1,705.32 million gallons or 5,233.81 acre feet, a 16.46% increase from 2024.

We have purchased YTD 671.12-acre feet of water from Jordan Valley Water.

The secondary water production for the month of October was 35.15 million gallons or 107.89 acre feet, a 3.25% increase from 2024. YTD as was 483.91 million gallons or 1,485.18 acre feet, a 10.64% increase from 2024.

WASTEWATER OPERATIONS REPORT

Magna WRF Operations Report: October 2025

Overview:

- Average daily plant flows increased slightly to 3.00 MGD, consistent with wet-weather conditions experienced throughout the month.
- Reuse deliveries totaled 28.54 MG for October, including end-of-season system flushing and maintenance activities.
- With the irrigation season complete, the reuse filters remain online to treat all plant flows, with effluent now directed through the return line pumps to maintain treatment performance and regulatory compliance.

Improved Water Quality for Reuse:

- 2025 was a strong operational year for the new Reuse Facility. As we look ahead to 2026, our focus will shift toward further improving process efficiency and optimizing chemical dosing. These efforts aim to enhance performance while reducing overall chemical costs by year-end.

PARAMETER	Permit Limit	Aug-2025	Sep-2025	Oct-2025
Influent BOD (mg/L)	N/A	167	222	160
Effluent BOD (mg/L)	25	5.0	5.0	5.0
BOD Removal Percent (%)	85	97	98	97
Influent TSS (mg/L)	N/A	144	258	182
Effluent TSS (mg/L)	25	4	4	4
TSS Removal Percent (%)	85	97	98	98
Additional Plant Parameters				
Wasting Rate (MGD)	N/A	.130	.151	.153
Daily Average Plant Flow (MGD)	N/A	2.950	2.859	3.002
Monthly Total Reuse Flow (MG)	N/A	53.4	36.2	28.54

**These measures are key indicators of how well the treatment process is working.*

*BOD (Biochemical Oxygen Demand) is a measure of the amount of dissolved oxygen that microorganisms need to break down organic matter in wastewater under aerobic conditions.

*TSS (Total Suspended Solids) is a measure of the number of solid particles suspended in wastewater or effluent that can be trapped by a filter.

Monthly Highlights :

- Crews completed all manufacturer-recommended maintenance on the cloth disk filters during the transition from irrigation flow to effluent return line operation.
- Fourth -quarter biomonitoring results passed, fulfilling all required toxicity testing for the year.

Subject: Moody Subdivision Lot 8– Water & Sewer Availability

We have completed our preliminary review of the proposed **Lot 8 of the Moody Subdivision**, 6778 W 2100 S. (SR-201 North Frontage Rd.). Our determination of water and sewer availability is as follows:

EXISTING FACILITIES

WATER	Water service is available near the development. There is an existing 8” water line in Moody Circle and an existing 3/4-inch service lateral and meter box located at the south/east corner of the property.
SEWER	Sewer service is available near the development. There is an existing 8” sewer line in Moody Circle and an existing 6-inch sewer lateral located at the center of the property.
SEC WATER	Secondary water service is available near the development. There is an existing 4” water line in Moody Circle and an existing 1-inch service lateral and meter box located at the south/east corner of the property.

RECOMMENDATIONS

WATER	Connect to the existing 3/4-inch water service lateral.
SEWER	Connect to the existing 6-inch sanitary sewer lateral.
SEC WATER	Connect to the existing 1-inch secondary water lateral.

Plans showing the water and sewer lines will need to be furnished to the District by the Developer’s engineer. These Plans will need to show the location of all lines, line sizes, profile of sewer, fittings, and water service connection sizes, locations, and type.

It is my recommendation that the Magna Water District Board approve providing water and sewer services to this Development. If you have any questions or concerns, please contact me at 801-250-2118.

Sincerely,

A handwritten signature in blue ink, appearing to read "Trevor Andra". The signature is fluid and cursive, with the first name "Trevor" and last name "Andra" clearly distinguishable.

Subject: Moody Subdivision Lot 9 – Water & Sewer Availability

We have completed our preliminary review of the proposed **Lot 9 of the Moody Subdivision**, 6778 W 2100 S. (SR-201 North Frontage Rd.). Our determination of water and sewer availability is as follows:

EXISTING FACILITIES

WATER	Water service is available near the development. There is an existing 8" water line in Moody Circle and an existing 3/4-inch service lateral and meter box located at the south/west corner of the property.
SEWER	Sewer service is available near the development. There is an existing 8" sewer line in Moody Circle and an existing 6-inch sewer lateral located at the center of the property.
SEC WATER	Secondary water service is available near the development. There is an existing 4" water line in Moody Circle and an existing 1-inch service lateral and meter box located at the south/west corner of the property.

RECOMMENDATIONS

WATER	Connect to the existing 3/4-inch water service lateral.
SEWER	Connect to the existing 6-inch sanitary sewer lateral.
SEC WATER	Connect to the existing 1-inch secondary water lateral.

Plans showing the water and sewer lines will need to be furnished to the District by the Developer's engineer. These Plans will need to show the location of all lines, line sizes, profile of sewer, fittings, and water service connection sizes, locations, and type.

It is my recommendation that the Magna Water District Board approve providing water and sewer services to this Development. If you have any questions or concerns, please contact me at 801-250-2118.

Subject: Iron Workers Warehouse – Water & Sewer Availability

We have completed our preliminary review of the proposed **Iron Workers Warehouse**, 7022 West SR-201 North Frontage Rd. Our determination of water and sewer availability is as follows:

EXISTING FACILITIES

WATER	Water service is available near the development. There is an existing 12" water line in SR-201 North Frontage Rd south of the property.
SEWER	Sewer service is available near the development. There is an existing 21" sewer line in SR-201 North Frontage Rd south of the property.
SEC WATER	Secondary water service is not currently available near the development. There is an existing "dry" 8-inch secondary water line in SR-201 North Frontage Rd West of the development and an existing "dry" 8-inch secondary water line in SR-201 North Frontage Rd East of the development.

RECOMMENDATIONS

WATER	Connect to the existing 12-inch water line in SR-201 North Frontage Rd and extend required service to property.
SEWER	Connect to the existing 21-inch sanitary sewer line in SR-201 North Frontage Rd and extend required service to property.
SEC WATER	Magna Water District has implemented a secondary water dry-line policy for all new developments approved after April 10, 2001. All new developments involving the development of outdoor watering area are required to install a secondary dry-line. This development will be required to extend a "dry" secondary service from SR-201 North Frontage Rd to the site off of the existing "dry" main for future connection.

Plans showing the water and sewer lines will need to be furnished to the District by the Developer's engineer. These Plans will need to show the location of all lines, line sizes, profile of sewer, fittings, and water service connection sizes, locations, and type.

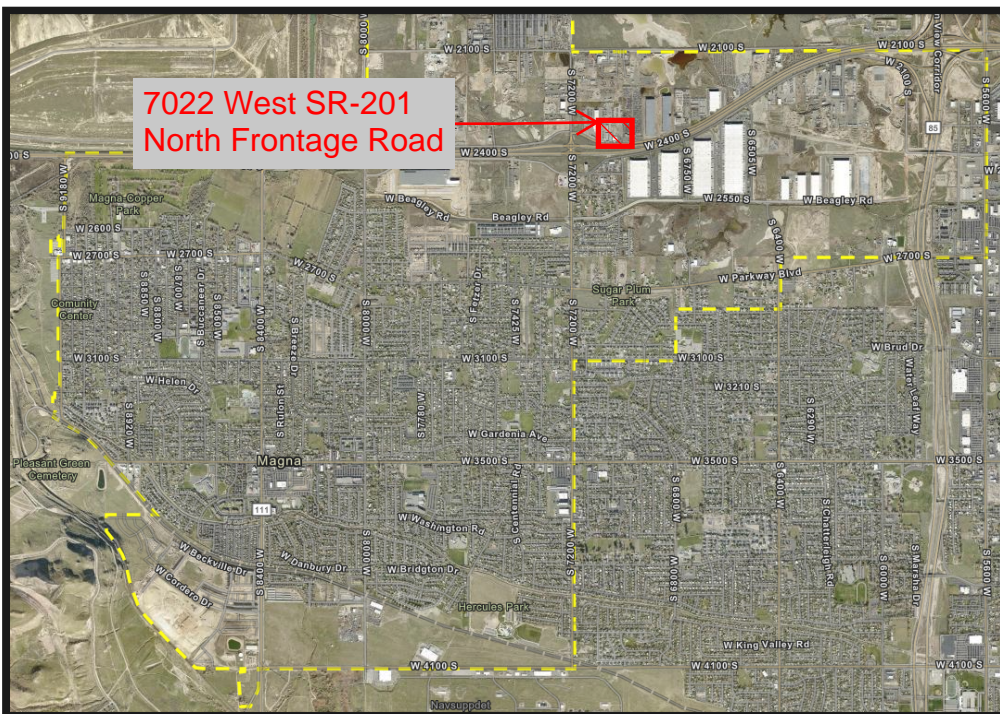

It is my recommendation that the Magna Water District Board approve providing water and sewer services to this Development. If you have any questions or concerns, please contact me at 801-250-2118.

Mr. Trevor Andra, PE
District Engineer
Magna Water District
8885 West 3500 South
Magna, UT 84044

Dear Mr. Andra,

Reference: Proposed Contract Amendment for Project 1B – UDOT Fiber Optic Relocation

Project Background

During the construction of the Westside Collection System Improvements Project 1B, a utility conflict was discovered between the proposed trenchless boring alignment and an existing fiber optic line owned by Utah Department of Transportation (UDOT). The fiber optic line is deeper than shown on the construction plans despite coordination and design reviews with UDOT. As a result, a stop work order for the trenchless portion of Project 1B was issued on April 21, 2025.

In a meeting on May 8, 2025, UDOT granted permission for Magna Water District (MWD) to relocate the existing conduit from its current elevation to a shallower depth to allow the boring to proceed. UDOT also disclosed that another stakeholder, Syringa Networks (Syringa), has a fiber optic line contained within the existing conduit. Following coordination with Syringa, Stantec received their approval on this approach as well. The fiber optic conduits need to be relocated to a shallower depth. UDOT is suggested 5-6 feet below existing grade, between an existing box just west of the 8000 West intersection, and a new box to be installed at location between 8000 and 7200 West intersections where the fiber line starts to go deeper. Both stakeholders agree that reusing the existing fiber optic cable in the new conduit is an acceptable approach. It is assumed that no new fiber optic cable will need to be purchased as part of the relocation. UDOT requested that the contractor be responsible for pulling and splicing their cable. Syringa will provide their own crew to pull and splice the fiber through the newly bored conduit.

The purpose of this amendment is to request supplemental engineering fees to cover the investigative work completed by Stantec to date and to cover the additional survey, subsurface utility engineering, and preparation of design drawings needed for the fiber optic conduit relocation. Upon approval, Stantec will complete the fiber relocation design work and submit the drawings to BD Bush Excavation (BD Bush), the general contractor for Project 1B, and request they price an amendment to their existing construction contract with MWD to complete this work. The contractor will need to complete the fiber relocation work before the bore and related trenchless work for Project 1B can proceed.

Reference: Proposed Contract Amendment for Project 1B – UDOT Fiber Optic Relocation

Design Amendment

The following tasks will be included in the proposed Design Amendment.

1. UDOT Issue Resolution

This task is for all work completed by Stantec through October 24, 2025 for resolution of the UDOT utility conflict. Work included coordination with MWD, UDOT and Syringa and is detailed above in the Project Background section.

Cost of work completed through 10/24/2025: \$14,821.50

2. Subsurface Utility Engineering

Stantec, through a vetted and approved subcontractor, will provide Subsurface Utility Engineering (SUE) services to investigate horizontal locations and elevations of existing utilities crossing the fiber optic line. This is recommended in order to provide reasonable assurance as to the locations of subsurface utilities to avoid conflicts in the fiber optic relocation. SUE services will include the following:

1. Permitting
2. Traffic Control
3. Blue Stakes Coordination
4. Potholing and Air Vac of 15 locations as noted in Appendix A
 - a. Potholing is assumed to go to a maximum depth of 8-feet below ground surface
5. Backfill and Restoration
6. Data Processing
7. Coordination with Survey Subcontractor

Stantec notes the following in regards to the potholing plan:

1. The MWD utility lines noted in Exhibit A will not be potholed under the assumption that their locations are reasonably known to MWD or are abandoned and can be bored through.
2. After multiple communications with Rocky Mountain Power, Stantec could find no conclusive or convincing evidence that ALL five conduits are within a ductbank. As such, we recommend each conduit be potholed to confirm their elevations.

Costs for SUE are Not to Exceed: \$36,705.39

3. Survey

Stantec through a vetted and approved subcontractor will provide Surveying services to generate surface information along the alignment traversed by the UDOT fiber optic relocation. Survey services will include the following:

Reference: Proposed Contract Amendment for Project 1B – UDOT Fiber Optic Relocation

1. Permitting
2. Traffic Control
3. Survey
4. Data Processing
5. Coordination with SUE Subcontractor

Cost for Survey are Not to Exceed: \$20,123.50

4. Engineering Design Services

Stantec anticipates design engineering design services will be needed to prepare the following construction drawings:

- Two (2) Plan and Profile Drawings
- Three (3) General & Standard Detail sheets
- Additional project management and construction support time for the longer contract duration includes:
 - Project administration
 - Design coordination
 - Three (3) site inspections
 - Two (2) design meetings with MWD to coordinate the engineering design

Assumptions:

1. UDOT and Syringa approval remains in place for proposed fiber line relocation in accordance with meetings held earlier this year. We do not anticipate changes when they see updated drawings. If changes are requested additional scope and fee will be provided.
2. Fees assume that no other utilities are found in conflict with the proposed shallower routing for fiber relocation.
3. Task includes up to three (3) inspections (8 hours each) performed by Stantec construction inspector
4. Task includes up to two (2) design meetings held via Microsoft Teams with up to four (4) Stantec staff. Stantec to prepare agenda and meeting minutes.
5. No additional construction support budget is needed for trenchless work, Stantec has preserved that part of the budget.

Costs for Engineering Design Services are Not to Exceed: \$28,886.61

5. Construction Support

Stantec anticipates the need for up to two (2) coordination meetings with the 1B General Contractor, BD Bush Excavation, to facilitate the following items:

Reference: Proposed Contract Amendment for Project 1B – UDOT Fiber Optic Relocation

- Kickoff meeting for fiber relocation with BD Bush and UDOT approved directional drilling firm
- Kickoff meeting for restarting the trenchless portion of Project 1B with BD Bush and Nix
- Three (3) monthly meetings
- Three (3) site visits

Assumptions:

1. Meetings will be one-hour held via Microsoft Teams and attended by up to four (4) Stantec staff members.
2. Site visits will be 4 hours and attended by Stantec's construction inspector.
3. BD Bush will require a change order to add the fiber relocation to the current construction contract.
4. Per the schedule below, the trenchless portion of Project 1B will not be able to resume until summer of 2026. As such, BD Bush and or their subcontractor may seek an amendment for cost escalation.

Costs for Construction Support are Not to Exceed: \$8,458.00

Schedule

A tentative schedule is outlined below. Upon Notice to Proceed, an updated schedule of the project will be developed.

Date	Task
November 2025	Stantec design amendment to MWD Board for approval
	Notice to proceed
	Award subcontracts for SUE and Survey
December 2025	SUE and Survey complete
	Start Engineering Design
January 2026	Design complete and submitted to MWD and BD Bush for review no later than January 22nd
February 2026	Proposed construction contract amendment from BD Bush submitted to MWD and Stantec for review no later than Feb 18th
March 2026	Construction amendment from BD Bush to MWD Board for fiber relocation
	Notice to Proceed to BD Bush for fiber relocation
June 2026	Trenchless work resumes
August/September 2026	Project commissioning and closeout.

Reference: Proposed Contract Amendment for Project 1B – UDOT Fiber Optic Relocation

Fee

The table below summarizes the tasks and estimated fees included in this scope. Detailed fee breakdown is provided in the attached Stantec Fee Estimate.

Task No.	Description	Not-to-Exceed Amount
Design Amendment		
1	UDOT Issue Resolution	\$14,821.50
2	Subsurface Utility Engineering (SUE)	\$36,705.39
3	Survey	\$20,123.50
4	Engineering Design Services	\$28,886.61
5	Construction Support	\$8,458.00
	Total	\$108,995.00

Payments shall be made in accordance with the original agreement terms. All other items and conditions of the original Agreement shall remain in full force and effect.

Please let us know if you have any questions.

Respectfully,

Stantec Consulting Services Inc.

Clint Rogers PE
Vice President, Regional Business Leader
US Mountain, Water

Attention: Raphael Pinna

Re: Design Topographic Survey at SR-201 and 8000 West in Salt Lake County, Utah
(see last sheet for location).

Subject: Proposal to Provide Professional Surveying Services

Pursuant to your request that Meridian Engineering, Inc. (Meridian) provide Surveying Services on the above referenced project, we respectfully offer the attached Scope of Work Services with associated fees.

Meridian appreciates this opportunity to provide this proposal. If you need any additional information or clarification per this scope of work, please don't hesitate to contact me.

Respectfully,

Michael Nadeau, PLS, CFedS
President and Survey Department Manager

Meridian Engineering, Inc.

Ph: (801)569-1315

Fax: (801) 569-1319

cc: file

SCOPE OF WORK

TASK 1: DESIGN TOPOGRAPHIC SURVEY - Task items include:

- a. Meridian will use HDR (High-dynamic-range imaging) LiDAR scans to maximize the capture of the existing site and keep the survey team out of the travelled roadway for safety.
- b. The control network will be established outside of the project area and will be based on GPS observations. Meridian will establish project control using copper plugs in existing concrete or #5 x 24-inch rebar with "control point" caps to aid in the survey base mapping and for the use by the Contractor after design. Differential level loops will be run through the established for accurate elevations.
- c. Meridian surveyors will extract survey data in cross section patterns in order to create a smooth 3D Digital Terrain Model (DTM). Survey intervals will be extracted at 50-foot intervals along SR-201 (and 8000 West).
- d. The following surface features will be surveyed based on pre-established control inside the project limits: Curb, gutter and sidewalks, driveways and misc. concrete pads, edge of pavements, visible pavement crowns, signage, structural and landscape walls, fences and barriers, grade changes, breaks, toe and top of slopes, open ditches, drainage areas and other grade transitions, striping on cross section intervals and at the beginning or ending locations of stripe types, visible surface utilities including sewer manholes, sewer clean-outs, storm drain manholes along with the invert sketches of the utilities inside the scoped project limits, water meters, water valves, fire hydrants, gas valves, gas meters, communications manholes, telephone boxes, transformers, utility poles (with overhead line sag elevations when crossing the route with the current temperature and time added as a note), irrigation boxes, weirs, culverts, visible piping, sprinkler control boxes, signal boxes, other surface utilities, etc.
- e. The surveyed area will extend a minimum of ten (10) feet beyond the site boundaries shown on the last page of this document.
- f. Meridian will locate and survey up to 15 testholes vacuumed by others.
- g. Mapping of wetlands is not included as a part of this proposal.
- h. Mapping of environmental borings are not included unless these are completed before the topographic survey.
- i. A survey control sheet is not a part of this Scope of Work. Meridian will provide control values to Stantec for implementation in the design plans.
- j. Meridian will provide a current AutoCAD drawing of the above survey information for the site development of the subject parcel.

PROJECT FEE

Meridian proposes to provide the above defined scope of work services for a lump sum price shown below. The breakdown of our costs is as follows:

TASK	FEE SCHEDULE
1) Topographic Survey	
(a) Field Survey	
- <i>Topo and Utility Survey</i>	\$ 11,250
(b) Field Survey (separate mob)	
- <i>15 Testholes</i>	\$ 2,130
(c) Drafting, topographic labeling & QC	
- <i>AutoCAD Civil3D Deliverable</i>	\$ 4,850
Task 1 Total	<hr/> \$ 18,230

PROJECT SCHEDULE

Upon notice to proceed (NTP), Meridian will immediately schedule the field work for this project. Meridian's current workload have our field crews 3-4 weeks before a crew can be onsite. Meridian will deliver the final Topographic Survey within 15 business days from completion of the field work.

PROJECT LOCATION

Red: Area indicates limits of the Design Topographic Survey. Location approximate.

October 20, 2025

Stantec
2890 East Cottonwood Parkway, Suite 300
Salt Lake City, UT 84121

Stantec Authorized Representative: Raphael Pinna

Subject: Magna SR-201 UDOT Fiber Boring TH's ("Project")
KCI Proposal Number:

KCI Technologies, Inc. ("KCI") is pleased to submit this professional services proposal (the "Proposal") to Stantec ("Client") for the services (the "Services") described in the Scope of Services section of this Proposal. The Proposal shall be valid for a period of six (6) months from the date above. Acceptance and execution thereafter shall be conditioned on KCI's reaffirmation of the Proposal.

SCOPE OF SERVICES

This Proposal is limited exclusively to the Services as described below and anything not expressly described shall be considered expressly excluded from the Services. Any modifications to the Services made after execution of this Proposal will be Additional Services unless otherwise agreed to in writing by both parties.

KCI's understanding of the Magna SR-201 UDOT Fiber Boring TH's Project is to perform up to seventeen (15) Test Holes to assist in determining elevations of existing utilities in the bore path. The approximate test hole locations are shown on the attached Exhibit A.

KCI proposes to perform the following services.

- Produce and obtain necessary encroachment permits from local jurisdiction(s) to perform the Work within right-of-way.
- Coordinate with a local traffic control provider to produce traffic control plans and secure approved traffic control permits from local jurisdiction(s).
- Coordinate the set-up and breakdown of traffic control devices at test hole locations.

- Layout test hole locations in the field using various pieces of geophysical locating equipment and processes, i.e., electromagnetic, ground penetrating radar, as-built plans, etc.
- Notify and mark-out Blue Stake of Utah, Call-Before-You-Dig service 48 hours before any excavation.
- Removal of pavement and concrete surfaces will be accomplished by use of a 10" diameter core drilling process.
- Use air vacuum excavation methods to excavate and expose targeted utility.
- Record utility data: type, depth, approximate size and material as readily obtainable. If the utility is a duct bank or encased, KCI will attempt to record top, bottom, width and configuration.
- Backfill test holes located in natural ground with native material excavated from the hole and compacted pneumatically in one-foot lifts.
- Backfill test holes located in the roadway (asphalt or concrete) with CLSM (typically 60 PSI AWA / UDOT Mix Flowable Fill) as required by permitting agency.
- Restoration of test holes within pavement/concrete core drilled surfaces will be accomplished based on the UDOT permit or other agency permit requirements using Utilicor Technologies; Utilibond™ bonding agent.
- Coordinate with Client's project surveyor as needed for collection test hole reference points.

DELIVERABLES

Provide a Test hole Data Report in a Portable Document Format (.pdf) for each completed location. Such Report shall include the following information.

- Test hole number and date of completion.
- Approximate plan and profile view (not to scale) of utility and test hole location in relationship to the existing roadway and ground surface.
- Collected utility data: type, depth, size and material as readily obtainable.
- Provide utility photos where obtainable at exposed locations.
- Test Hole Matrix (.xlsx) with the combined data noted above will also be provided.

SCHEDULE

Field services will commence within a mutually agreed upon time and upon receiving the following: signed agreement, notice to proceed from Client, receipt of any applicable encroachment and traffic control permits, and available utility records and maps from Client. KCI will notify Consultant and UDOT of any delays due to Client or permitting office. KCI will provide an updated schedule should delays beyond its control significantly disrupt the originally agreed upon schedule.

ASSUMPTIONS, EXCLUSIONS, AND CAVEATS

- All work within public right of way will be permitted thru the appropriate jurisdiction.
- Access to private properties will be coordinated by Client when necessary.
- Work will be completed during regular business hours. It is likely that UDOT will require this work to be completed at night. Costs to complete this work at night have been included.
- Measurement of utility size will be completed by hand measurements and will be recorded as Nominal Pipe Size (NPS). The nominal size may not match the outside dimension of the utility but will be within the nominal size standardized dimensions.
- Test hole reference points will be surveyed to project control by others.
- Client will provide all available utility records/maps.
- Client will provide existing topo base map (dwg or dgn format) if available.
- Client will coordinate clear access to work area and utility manholes/vaults.
- Current standards, requirements and available information apply to this proposal.
- Standard permitting process and times to obtain are in effect.
- If select test hole backfill material other than described above is required by local jurisdiction(s), KCI will notify Consultant and UDOT prior to any services being performed and obtain approval for additional costs.
- If pavement/concrete restoration other than the coring process previously described is required by local jurisdiction(s), KCI will notify Consultant and UDOT prior to any services being performed and obtain approval for additional costs. UDOT generally requires that coring within concrete panels take place away from any joints or concrete panels will need to be replaced.
- Test hole size measurements and centerline of utility and structures over 24" are difficult to obtain due to the small size of the test hole excavation. The nominal pipe size of these larger diameter pipes/structures are considered approximate unless an additional test hole is performed, which can be done as Additional Work.

- Due to the small size of the test hole excavation, it is difficult to obtain measurement on more than one utility per test hole. KCI will obtain information on multiple utilities when possible.
- No guarantee can be made that locating the top, bottom, width and configuration of duct bank utilities or slurry/concrete encased utilities can be achieved, due to limited visual ability within standard test hole size and existing ground conditions for visual verification.
- No guarantee can be made that all utilities will be discovered and located, due to the many variables such as materials, depth, signal interference, lack of utility record information and environmental factors.
- Nonmetallic utilities such as PVC, asbestos cement, terracotta, and plastic pipes are considered nonconductive and cannot be traced with electromagnetic designating instrumentation.
- Ground penetrating radar (GPR) equipment will be used in an attempt to discover and locate nonmetallic/nonconductive utilities.
- Various factors can affect GPR results, such as pipe size, depth, and most importantly environmental factors such as soil conditions and subsurface ground water. No guarantee can be made that all nonmetallic utilities will be discovered and located.
- Use of this service does not relieve others of their responsibility to notify Blue Stakes of Utah, Call-Before-You-Dig prior to any excavation.
- The Service Agreement (Proposal) does not include prevailing wage rates or special project labor agreements rate (PLA).

FEES AND PAYMENTS

The following fees are for the performance of the Services listed in the Scope of Services above. The fees listed in this section do not cover any Additional Services, or any other services that are not specifically described as part of the Services.

Based upon currently available information, KCI estimates that the cost of the Services will be approximately \$34,022.28. The following list subdivides this cost estimate into individual cost estimates for each component of the Services.

Vac Truck and Crew	50	@	\$310.00 per hour	\$15,500.00
Additional Core	2	@	\$140.00 per hole	\$280.00
Additional Footage +7.00 feet	10	@	\$95.00 per foot	\$950.00
Project Professional Engineer	5	@	\$248.54 per hour	\$1,242.70
Project Manager	8	@	\$198.86 per hour	\$1,590.88
Field Technician	10	@	\$121.87 per hour	\$1,218.70
Permit - UDOT	1	@	Reimbursable at actual cost	\$0.00
Traffic Control Plans	3	@	Reimbursable at actual cost	\$240.00
Traffic Control Set-ups	5	@	Reimbursable at actual cost	\$3,750.00
Import Backfill - Flowable Fill per load	3	@	Reimbursable at actual cost	\$2,250.00
Traffic Control Set-ups-Nightwork	2	@	Reimbursable at actual cost	\$3,000.00
Import Backfill - Flowable Fill per load-Nightwork	2	@	Reimbursable at actual cost	\$4,000.00
TOTAL				\$34,022.28

KCI will submit monthly invoices for the Services and Additional Services rendered and the Direct Expenses and Charges incurred.

Records of KCI's direct labor costs pertinent to KCI's compensation will be kept in accordance with generally accepted accounting practices. Copies will be made available to Client at cost on request prior to final payment for KCI's Services.

Changed conditions or additional requirements may result in an adjustment to estimated fees and/or schedules. Any estimate made by KCI to Client of the anticipated fees or completion schedule for its Services is understood to be informational only. KCI does not guarantee the accuracy of fee estimates, shall not be bound by the fee estimates as limits on the amount to be expended and charged in completion of the Services or any component thereof, and shall bill and be paid for fees that exceed these fee estimates as a result of the changed conditions or additional requirements.

FEES AND PAYMENTS FOR ADDITIONAL SERVICES

Fees and payments for Additional Services shall be in addition to any fees and payments for the Services and shall be billed and paid on the same fee and payment terms described for the Services or as mutually agreed upon in writing when the Additional Services are ordered by the Client.

CONCLUSION

KCI welcomes the opportunity to collaborate with Stantec on the Magna SR-201 UDOT Fiber Boring TH's Project. The KCI point of contact ("POC") if you have questions about the Proposal, the General Provisions, or any other attachment is Elisha Ritchie, Senior Project Manager / Utah Practice Leader, who may be contacted at either 801.910.1933 or elisha.ritchie@kci.com.

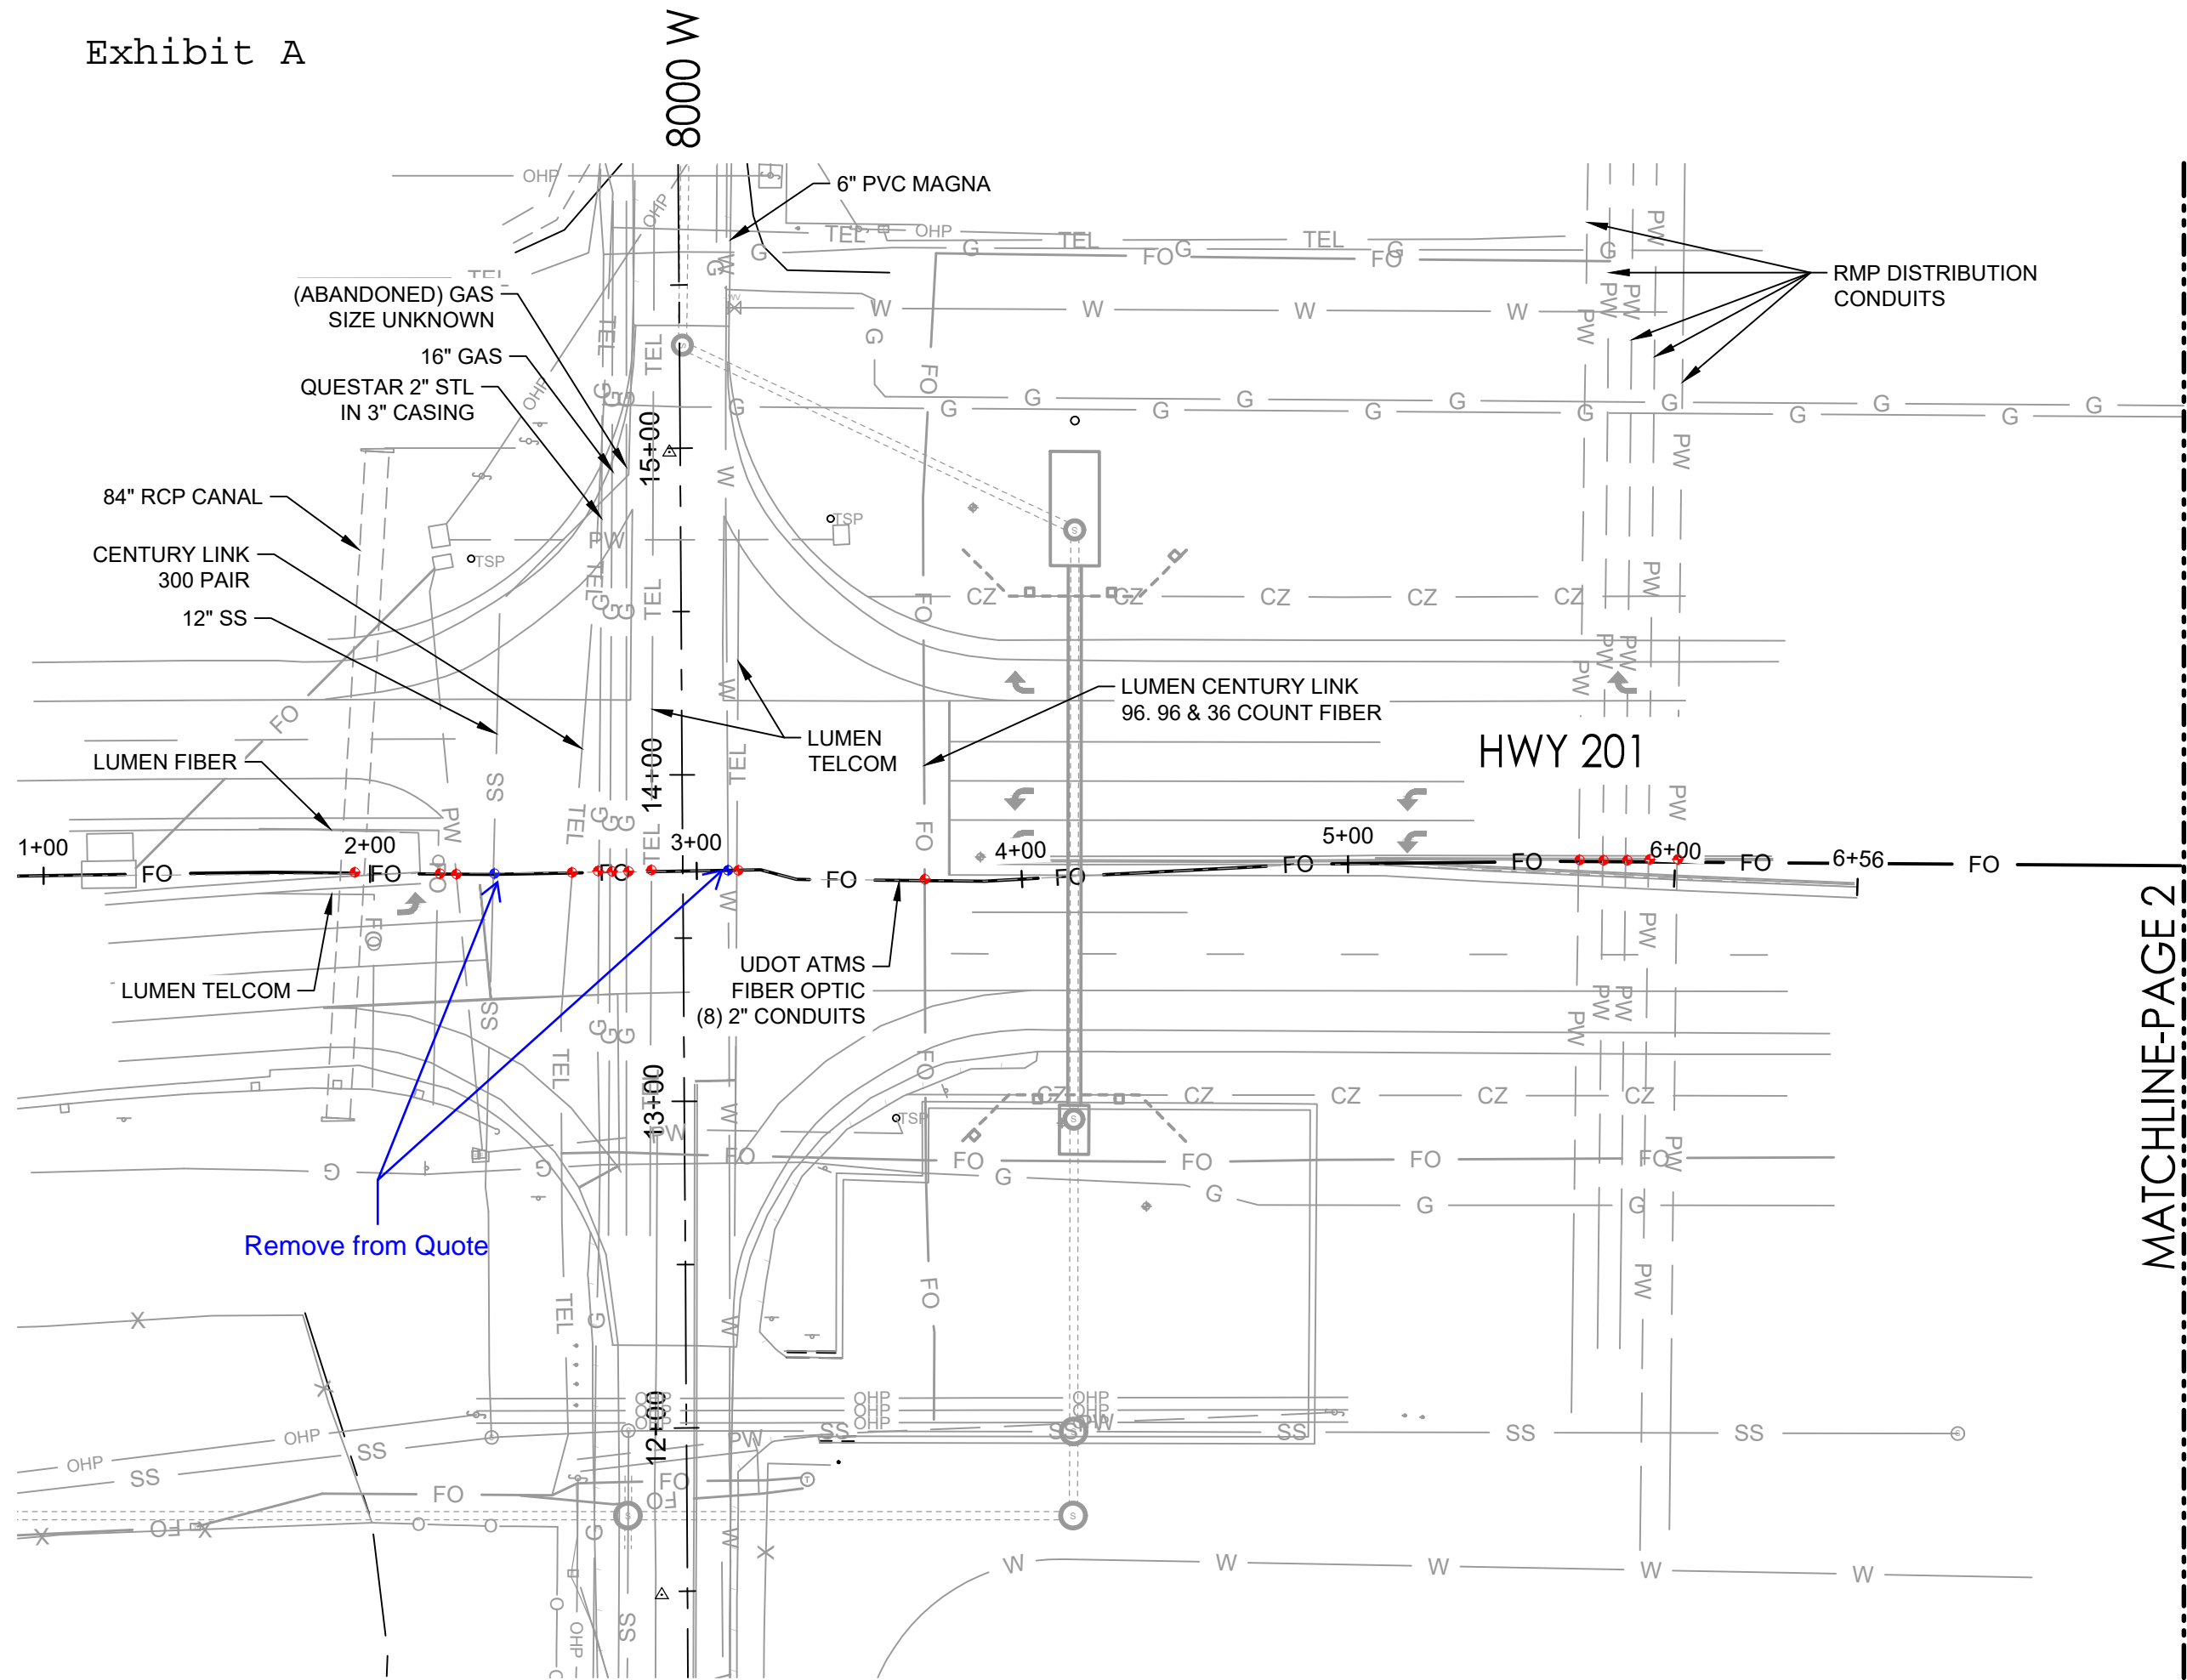

Respectfully,

Elisha Ritchie
Utah Practice Leader
