4. Discussion Items (No Vote)

- A. WFRC (Wasatch Front Regional Council) presentation by Tim Watkins
 - i) Tim Watkins shared thoughts on the following topics
 - 1) Land Use Intensity in community
 - (a) Tim provided detailed land-use visualization tools and conceptual models illustrating how mixed-use (MU) zones can transition from low-density residential into higher-intensity residential, flexible-use, and commercial centers. Flexible ground floor uses
 - (b) Personal work from home office space, flexible accessory office space, live/work, retail.
 - 2) He emphasized that a successful MU zone must include:
 - (a) A connected street framework
 - (b) Walkable block patterns
 - (c) On-street and shared rear-lot parking
 - (d) Architectural flexibility, including both pitched-roof "rural character" options and more traditional flat-roof main-street options

- 3) Mixed-use center
- 4) City center design
- 5) Live/workplace
- 6) Commission appreciated the helpful presentation.

5. Action/Business Items

- A. Site Plan Approval 1605 Saddleback Blvd - EV charging Station **(32:00 recording)**
 - i) Jamie Olson presented the Site Plan report and answered any questions from the Commission.
 - ii) Motion-Rickey to recommend this site plan (1605 Saddleback Blvd) to the City Council for approval as presented. Lillian 2nd
 - 1) Roll Call Vote - Gino Garcia Absent, Lori Chigbrow Yea, Rickey Lloyd Yea, Bryan Coulter Yea, Marylinn Sharp Yea
 - 2) Motion passed unanimously
- B. Public Hearing - Commission recommendation to the Council for adopting Wildland Urban Interface (WUI) Fire Risk code and Risk Map and changing code referencing LUDMA om Utah Code **(39:41 recording)**
 - i) Motion-Lillian to open the public hearing. Bryan Coulter 2nd
 - 1) Motion passed unanimously
 - ii) Kathleen gave the Commission the overview of the need to adopt the WUI code specifically to be in compliance with HB 48.
 - iii) Lake Point previously adopted Title 15A in 2022, which includes the 2006 WUI code, but legal review indicates the safer approach is explicit adoption of the WUI code and a matching WUI risk map to avoid ambiguity.
 - iv) Designation of the Wildland Urban Interface Risk Map
 - 1) It was updated this year
 - v) North Tooele Fire District already operates under this risk map and WUI code.
 - vi) Failure to adopt risks loss of state wildfire suppression cost-sharing
 - vii) Buck Peck (North Tooele Fire Marshal)
 - viii) A separate State-run program beginning in 2026 will evaluate statewide "high-risk" areas for existing homes and may assess an annual fee (\$20–\$100), but that process is not part of tonight's adoption.
 - ix) Buck emphasized that Lake Point is already enforcing WUI standards for new construction; tonight's action formalizes compliance and protects the city financially Threat assessment worksheet is used by the Fire Marshal, he then enforces building code according to the risk assessed
 - x) A separate and future item under HB 48 the state is looking at adopting a High-Risk Zone.
 - xi) If the WUI code and map is not officially adopted, the state could not help financial fund wildfire mitigation.
 - xii) Jonathan Garrard- Public Hearing Comment
 - 1) Jonathan asked about a specific map he found online and showed it to Buck, he had concerns with how and what the State of Utah might adopt for their risk map.
 - 2) Jonathan pointed out that this Bill passed unanimously and if there are concerns than people need to bring it up to the Legislature.
 - 3) He felt this was a hidden tax
 - 4) He felt there were broken parts to the government process.
 - xiii) Square footage of structures was discussed and details are unknown until the state adopts their map.
 - xiv) Motion - Bryan to close public comment. Lillian 2nd
 - 1) Motion passed unanimously
 - xv) Motion – Lillian to forward a positive recommendation to the City Council to adopt the Utah Wildland Urban Interface Code and the associated WUI Risk Map, and to update city code references to correctly cite LUDMA. Bryan 2nd
