CITY COUNCIL STAFF REPORT

Subject: Update to Voter Participation Areas
Author: Casey Arnold
Department: Executive
Meeting Date: December 16, 2025

Background

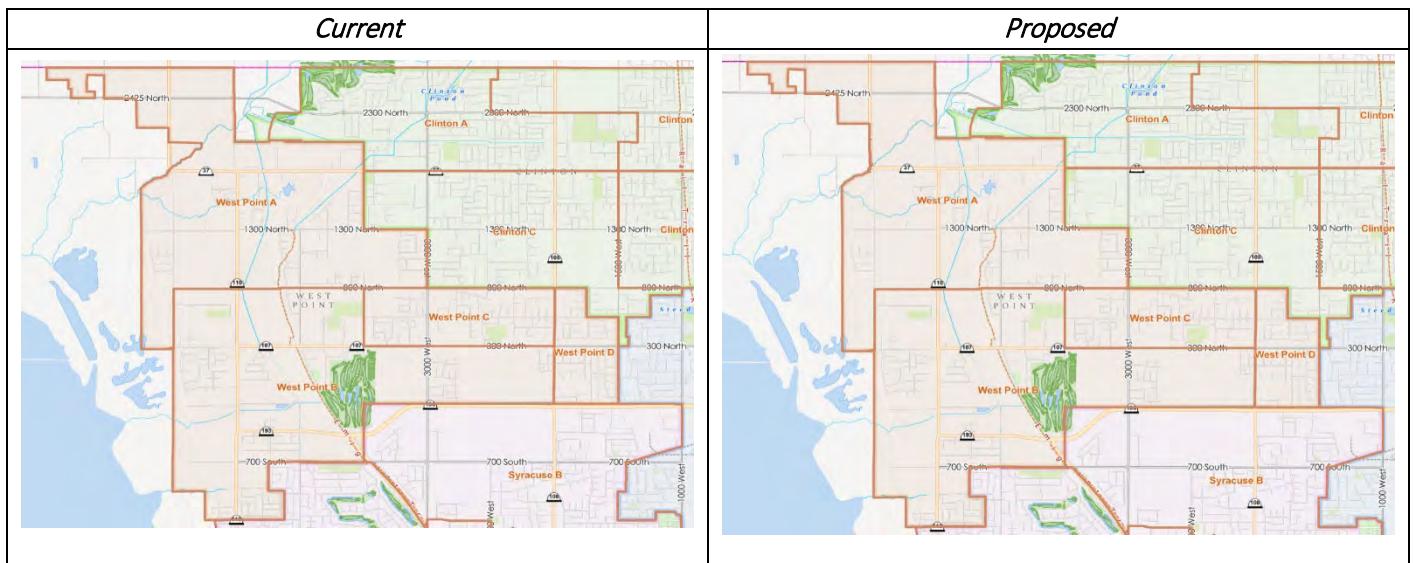

State Law requires that every ten years, cities with a population of over 10,000 be divided into “four contiguous and compact voter participation areas of substantially equal population” (UCA § 20A-7-401.3) using the most recent U.S. Census Bureau data. When the 2020 Census was completed, West Point had exceeded that population threshold, and so these four “Voter Participation Areas” (VPA’s) were established and approved by the City Council in January 2022.

VPA’s are used to qualify voter signature percentages for ballot initiatives and referendums to ensure that a broad range of residents are represented as opposed to a small geographical area (for example, the signatures of at least 11.5% of the number of active voters in at least 75% of a city’s voter participation areas are needed in order for an initiative to be submitted). State Code also requires that each county must also establish VPA’s, and as a second-class county, Davis County is required to be divided into eight areas of substantially equal population.

The VPA’s were again updated and approved by the Council on February 4, 2024, due to the annexation of roughly 265 acres in the northwest area of the city in late 2023. With the recent annexation of just over 21 acres in the area of 1800 N and 5000 W, the VPA’s need to again be updated. The Davis County Clerk’s Office has provided the updated VPA’s for approval.

Analysis

The recently annexed area, located around 1800 N 5000 W, will be added to Voter Participation Area “A”. The current and proposed VPA’s are below:

Recommendation

Staff recommends approval of the Resolution Adopting Updated West Point City Voter Participation Areas.

Significant Impacts

The Voter Participation Areas established are intended to ensure that signatures gathered in support of placing a referenda and/or initiative on a ballot represent a broad range of West Point residents as opposed to a small geographical area.

RESOLUTION NO. 12-16-2025A

**A RESOLUTION ESTABLISHING UPDATED
VOTER PARTICIPATION AREAS
FOR WEST POINT CITY**

WHEREAS, West Point City, a Municipal Corporation, hereafter referred to as the “City,” is a public body of the State of Utah; and

WHEREAS, the City is governed by a Mayor and City Council duly elected according to law; and

WHEREAS, Utah Code Annotated §20A-7-401.3 requires cities with a population exceeding 10,000 to create four contiguous and compact Voter Participation Areas (VPA’s) of substantially equal population; and

WHEREAS, as statutorily required, the current VPA’s for the City were approved by the City Council on January 18, 2022 based upon data from the 2020 U.S. Census data and subsequently updated on February 4, 2025 due to the annexation of unincorporated area into the City; and

WHEREAS, the Lieutenant Governor approved the “Allen Subdivision & Adjoining Properties Annexation” Petition and issued a Certificate of Annexation on August 25, 2025, thereby further annexing 21.275 acres (consisting of 3 separate parcels) of unincorporated Davis County into the boundaries of West Point City; and

WHEREAS, this annexation modified the boundaries of West Point City and therefore the current VPA’s need to be updated to reflect these changes; and

WHEREAS, the Davis County Clerk/Auditor Office, which contracts with the City to conduct City elections, has proposed four (4) updated VPA’s for the City; and

WHEREAS, the City Council has reviewed the proposed updated VPA’s and finds that they are contiguous and compact and of substantially equal population.

NOW, THEREFORE, BE IT RESOLVED AND ORDERED by the West Point City Council as follows:

SECTION ONE. ADOPTION OF UPDATED VOTER PARTICIPATION AREAS.

The West Point City Council does hereby adopt the four (4) updated Voter Participation Areas as depicted on the map which is attached hereto and incorporated by this reference as “Exhibit A”.

SECTION TWO. EFFECTIVE DATE.

This Resolution shall take effect immediately upon passage.

CITY COUNCIL STAFF REPORT

Subject: Rezone – 5000 W. 1800 N.
Author: Bryn MacDonald
Department: Community Development
Date: December 16, 2025

Background

The Holland Group has submitted a request to rezone property located near 5000 West and 1800 North from A-5 Agricultural to R-1 Residential with a PRUD Overlay. The proposed subdivision, known as Sky Meadows, is planned to be a single-family residential development. The PRUD overlay provides flexibility for lot sizes in exchange for community benefits such as enhanced architecture, landscaping, street trees, trails, or parks. The PRUD also requires that a site plan be approved as part of the rezone request.

Process

Rezone requests, including application of a PRUD overlay, are legislative decisions. Unlike administrative approvals where the City must grant an application that meets objective standards, legislative matters give the Planning Commission and City Council broad discretion.

The Planning Commission discussed this proposal during its September 25 and October 9, 2025, meetings. They held a public hearing on October 23, 2025, and recommended approval of the rezone to R-1 with a PRUD overlay. The recommendation included the condition that all of the relevant engineering concerns be addressed, including that the proposed trail will be safe. The PC also recommended an asphalt trail be considered along 5000 West, instead of the typical sidewalk.

The City Council held a public hearing on December 2, 2025. They received two comments regarding the amount of open space and who would be responsible to maintain it.

Analysis

The applicant is requesting a rezone from A-5 (5 units/acre) Agricultural to R-1 PRUD for approximately 19.92 acres. The proposed R-1 zoning is consistent with the City's General Plan Map, which was adopted in August 2025 and designates this area as R-1 Residential. The site plan submitted by the applicant proposes 45 single-family lots at a calculated density of 2.41 units per acre. The density does not include 1.28 acres of property within the slough that is considered unbuildable. This unbuildable property does not count towards the density calculation, but can be included in the open space dedication. The request falls within the parameters of the PRUD (Planned Residential Unit Development) overlay, which allows for:

- *Flexibility* – available when a project includes the required PRUD base improvements (perimeter fencing, enhanced architectural materials, and street trees).
- *Bonus Density* – available for sites greater than 10 acres when additional amenities are provided. Under WPCC 17.60.160(F), the Planning Commission may recommend, and the City Council may approve, up to a 10 percent density increase if the proposed amenities are found to warrant it.

The applicant's requested density of 2.41 units/acre, compared with the base R-1 density of 2.2 units/acre, represents approximately a 9.1% bonus density, which is within the range that may be authorized under the PRUD code if the Council determines the amenities justify it.

Standard	R-1 Base Zone	PRUD Proposed
Density for R-1 Residential (<i>units per acre</i>)	2.2	2.41 (<i>max potential of 2.42</i>)
Maximum number of lots (<i>on 18.64 buildable acres</i>)	41	45 (<i>max potential of 45</i>)
Minimum lot size (<i>square feet</i>)	12,000	*10,000
Average lot size (<i>square feet</i>)	N/A	*12,279
Minimum lot frontage	85' (<i>average of 100'</i>)	*90'
Minimum lot depth	100'	*100'
8' Landscape dedicated landscape strip required (<i>along 5000 West</i>)	Yes	Yes

**There is no minimum requirement in the PRUD Overlay*

Bonus Density Request and Amenities

Under WPCC 17.60.160(F), the PRUD overlay allows the Planning Commission to recommend, and the City Council to approve, up to a 10 percent increase in overall project density for developments over 10 acres when additional amenities are provided that produce a measurable community benefit. The applicant's proposal for 45 lots on 18.64 buildable acres equates to a 9.1 percent density increase. Two amenities are identified to support this request:

1. Trail Dedication (1.80 acres): A corridor along the west and south boundaries that aligns with the City's adopted Master Trails Plan. This amenity corresponds directly with WPCC 17.60.160(F)(4)(c)(v) - "Dedication of land to the City for the development of a regional trail system." The applicant proposes to dedicate the corridor, including 20 feet of flat property at the top of the slough, as required by the code. The City would construct the trail in the future.
2. Open Space (0.36 acres): A small open space located near 1800 N and 5000 W. Because it is not identified as a regional park and would ultimately be improved by the City, it qualifies under WPCC 17.60.160(F)(4)(f) as an "Other Amenity."

Together, these areas account for 2.16 acres (11%) of the total site. The PC determined that these amenities fulfill the purpose of the PRUD overlay and justify the requested 9.1 percent density bonus.

Recommendation

This item is on for discussion and consideration. The Council can approve, deny, modify, or table the request.

The Planning Commission recommended approval of the rezone from A-5 Agricultural to R-1 Residential with a PRUD Overlay to allow for flexibility in lot sizes and a 9.1 percent density bonus based on the dedication of a trail corridor and open space as shown on the proposed site plan.

CITY COUNCIL STAFF REPORT

Subject: General Plan Amendment – 39 S 2000 W
(Shaw Property)
Author: Bryn MacDonald
Department: Community Development
Date: December 16, 2025

Background

Donald Mendenhall, representing the property owner Clint Shaw, has submitted a request for a General Plan Amendment for property located at 39 South 2000 West (Parcel 12-023-0046). The subject property contains approximately one acre. The property is currently designated R-3 Residential on the City's General Plan Map. The applicant is requesting that the General Plan Map be changed to C-C (Community Commercial).

In accordance with West Point City Code 17.00.090, property owners or their representatives may petition the City for General Plan amendments during the months of March and September. This application was received during the September submittal window.

Process

General Plan amendment requests are legislative decisions. In legislative matters, the Planning Commission and City Council have broad discretion, provided that it can be demonstrated that their action will promote or protect the community's overall welfare. Changes to the General Plan require a public hearing and recommendation from the Planning Commission before a final decision can be made by the City Council.

The Planning Commission held a public hearing on October 23, 2025. They received no public comments on the request. The PC recommended approval of the general plan amendment to C-C (Community Commercial). The City Council held a public hearing on December 2, 2025. There were no public comments received at the hearing. The Council can now approve, deny, or modify the request.

Analysis

The subject property is located along 2000 West, a major arterial corridor with a mix of residential and commercial uses. The applicant's request is to change the designation to C-C (Community Commercial) to be "consistent with the properties to the north."

The adjacent parcel immediately north of the property is currently zoned L-C (Limited Commercial) for the Big O Tires. The parcels to the south and east are designated on the general plan as R-3 Residential. The proposal would extend the existing Community Commercial designation shown on the General Plan Map one parcel to the south, creating a continuous commercial frontage along 2000 West.

The C-C zone supports a wide range of commercial uses such as retail shops, restaurants, offices, financial institutions, daycares, and small-scale services. The excerpt from WPCC 17.60.050(B)) shown in the table below lists the allowed uses in the C-C zone.

CITY COUNCIL STAFF REPORT

Subject: 2026 City Council Meeting Schedule
Author: Casey Arnold
Department: Executive
Meeting Date: December 16, 2025

Background

Per City ordinance, the West Point City Council meets on the 1st and 3rd Tuesdays of each month to consider and deliberate matters of the City. As required by State Law, municipalities must provide advance notice to the public of the date, time, and location for the holding of their regular meetings.

Analysis

Utah State Code §10-3-502(a) states that by ordinance, a municipality must approve their annual meeting schedule, complete with dates, times, and locations listed. To comply with State Statute and provide adequate notice of regular meetings to the public, the West Point City Council Meeting Schedule must now be adopted for the upcoming year of 2026. The ordinance and proposed 2026 Meeting Schedule are attached hereto and will be reviewed with the Council at the meeting.

Recommendation

Staff recommends the adoption of the attached ordinance approving the 2026 Meeting Schedule for the West Point City Council.

Significant Impacts

The Council will continue to meet regularly on the 1st and 3rd Tuesdays of each month throughout 2026, unless otherwise noticed.

CITY COUNCIL STAFF REPORT

Subject: FY2026 Amended Budget
Author: Ryan Harvey
Department: Administrative Services
Meeting Date: December 16, 2025

Background

The City Council adopted the Final Budget for Fiscal Year 2026 in July, 2025. To make changes to that Budget, the City Council needs to adopt an Amended Budget by Resolution. This report summarizes the items that need to be amended in the current year budget.

Analysis

During the Visioning Sessions in February and March of 2025, Staff discussed the desire to start three new programs in the Recreation Department. Those three new programs are Archery, Hockey and Flag Football. However, during the budget process, those three line-items were not added to the budget. With the Recreation Department wanting to start Hockey and Archery in the next couple of months, we need to add these line-items to the current-year budget.

The proposed Amended Budget has the following changes:

New line-items under Recreation in the General Fund:

Hockey	\$15,000
Flag Football	\$18,000
Archery	\$4,000

Other Changes:

Transfer to Capital Projects Fund	-\$37,000
-----------------------------------	-----------

Recommendation

Staff recommends that the Council adopt the Fiscal Year 2026 Amended Budget.

Significant Impacts

As outlined in the report.

Fiscal Year 2026 Amended Budget

RESOLUTION NO. 12-16-2025B

**A RESOLUTION ADOPTING A REVISED BUDGET FOR WEST POINT CITY
FOR FISCAL YEAR 2026**

WHEREAS, the City Council of West Point City, County of Davis, State of Utah (hereinafter referred to as the “City”) is required by law to adopt any amendments to the budget for the 2026 Fiscal Year in accordance with the provisions of the “Uniform Fiscal Procedures Act for Utah Cities,” § 10-6-101 through § 10-6-160, UCA, 1953, as amended; and,

WHEREAS, the West Point City Manager has heretofore caused to be prepared and submitted to the City Council amendments to the Budget for the City for the 2026 Fiscal Year; and,

WHEREAS, said Budget appears to be in proper form, subject to minor modifications, and appears correctly to set forth the anticipated disbursements and anticipated receipts of the City for the 2026 Fiscal Year; and,

WHEREAS, a Public Hearing on said Amended Budget was duly advertised and held according to law,

NOW, THEREFORE, BE IT RESOLVED, FOUND AND ORDERED, by the City Council of West Point City as follows:

SECTION 1 - REVISED BUDGET FOR FY 2026.

The hereto attached Revised Budget for Fiscal Year 2026 is hereby adopted.

PASSED AND ADOPTED this 16th day of December, 2025

WEST POINT CITY,
A Municipal Corporation

CITY COUNCIL STAFF REPORT

Subject: North Davis Fire District
Author: Kyle Laws
Department: Executive
Meeting Date: December 16, 2025

Background

West Point city recently completed an annexation on the north side of the city. This change in our city boundaries has created a need for the North Davis Fire District (NDFD) to adjust their service area boundary to match our city boundary. The North Davis Fire District Board of Trustees approved a resolution declaring their intent to perform a boundary adjustment for the areas recently annexed into West Point. The NDFD's attorney, Mr. Mark Anderson, has asked that we follow the process below:

1. Boundary Adjustment: The District Board will adopt the Intent Resolution – Completed *Resolution 2025R-013; approved by NDFD Board of Trustees 8/21/2025*
2. The City Council will also need to adopt a resolution indicating the City's willingness to consent to adjust the boundary of the District to include more of the City. The respective legislative bodies will be required to hold a public hearing not sooner than 60 days after the adoption of their respective Resolutions. Once each legislative body decides on a date and time for its public hearing, a Notice of Public Hearing will be prepared that meets statutory requirements.
3. After the public hearing, which will be held in December, both agencies will adopt another resolution finalizing the decision to expand the NDFD's service area boundary.

Analysis

As explained above, the City Council is being asked to adopt the attached resolution to expand the service area of the NDFD. The 60-day waiting period has now concluded and we are now required to hold a public hearing. The timing is critical so that the area annexed can be included in the property tax rolls and calculations for next year.

Recommendation

Staff recommends approval of this Resolution, consenting to the expansion of the NDFD Service Area.

**JOINT RESOLUTION
OF
NORTH DAVIS FIRE DISTRICT (Resolution No. 2025R19
AND
WEST POINT CITY (Resolution No. _____)
APPROVING AN ADJUSTMENT TO THE BOUNDARIES OF THE DISTRICT
WITHIN THE CITY**

WHEREAS, the North Davis Fire District (“District”) provides fire protection, paramedic and emergency services within its service area, including within West Point City’s boundaries;

WHEREAS, as a result of municipal annexations, West Point City (“City”) now includes formerly unincorporated areas that have not been annexed into District, which areas are described below (the “Affected Area”);

WHEREAS, District and City desire to adjust District’s boundaries to include the Affected Area, so the Affected Area will receive fire protection, paramedic and emergency services from the District the same as other portions of the City;

WHEREAS, the boundary adjustment is intended to promote efficient fire protection, emergency medical response, and administrative service delivery within the Affected Area;

WHEREAS, the Affected Area is described in attached Exhibit A, which is incorporated herein by reference;

WHEREAS, the Affected Area, is located within the boundaries of the City and is directly adjacent to the boundaries of the District;

WHEREAS, Utah Code Ann. §§ 17B-1-503(1) and 17B-1-417 provide a procedure whereby the boundary of the District may be adjusted to include the Affected Area (a “boundary adjustment”);

WHEREAS, the District Board of Trustees and the City Council each adopted a Resolution declaring an intent to adjust the District’s boundaries to include the Affected Area, after which Public Notices were issued and posted as required by law and the Board of Trustees and the City Council each held a public hearing regarding the boundary adjustment;

WHEREAS, written protests were not filed with either the Board of Trustees of the District or the City Council by owners of private real property within the Affected Area or registered voters residing within the Affected Area meeting the protest threshold stated in Utah Code Ann. § 17B-1-417(3)(b)(vi);

WHEREAS, all statutory requirements preparatory to the adoption of this Joint Resolution have been satisfied; and

WHEREAS, the Board of Trustees of the District and the City Council, after having considered the reasons for the proposed boundary adjustment, deem it to be in the best interests of the District and the City and their respective constituents and the owners of land in the Affected Area, for the District's boundary to be adjusted to include the Affected Area and receive fire protection, paramedic and emergency services from the District.

NOW, THEREFORE, BE IT RESOLVED and enacted by the Board of Trustees of the North Davis Fire District and the City Council of West Point City as follows:

1. That this Resolution is adopted by the respective legislative bodies for the purpose of fulfilling and complying with the requirements of Utah Code Ann. §§ 17B-1-503(1) and 17B-1-417(4) relating to adjusting the boundary of the District to include the Affected Area.

2. That the District Board of Trustees and the City Council have determined and hereby do determine the proposed boundary adjustment to be equitable and necessary under the circumstances.

3. That the proposed boundary adjustment, which will include the Affected Area as part of the District as described in attached Exhibit "A" which is incorporated by reference as part of this Joint Resolution, is hereby approved, with the boundary adjustment to be effective upon the Lieutenant Governor's issuance of a Certificate of Boundary Adjustment under Utah Code Ann. §§ 17B-1-417(7) and 67-1a-6.5.

4. That, from and after the effective date of this boundary adjustment, the Affected Area shall be part of the District.

5. That the Chairman of the District Board of Trustees, acting for the said Board, shall be and hereby is authorized and instructed to issue a written notice of the boundary adjustment (the "notice of impending boundary action") for delivery to the Lieutenant Governor, including a certification by the Board of Trustees that all requirements for the boundary adjustment have been complied with.

6. That the Mayor of the City, acting for the City Council, shall be and hereby is authorized and instructed to issue a written notice of the boundary adjustment, which may be a joint notice with the District, for delivery to the Lieutenant Governor, including a certification by the City Council that all requirements for the boundary adjustment have been complied with.

7. That the Fire Chief of the District is instructed, within thirty days after the adoption of this Joint Resolution by the later of the legislative bodies to adopt the Resolution, to file with the Lieutenant Governor a copy of the notice of impending boundary action and a copy of an approved final local entity plat.

8. That, after the Lieutenant Governor has issued a Certificate of Boundary Adjustment, the District's Fire Chief or his designee is instructed to submit to the Davis County Recorder for recordation the following documents: the original notice of impending boundary action; the Certificate of Boundary Adjustment issued by the Lieutenant Governor; an approved final local entity plat; and a certified copy of this Joint Resolution. After those documents have been recorded, the District may levy and collect a property tax on the Affected Area and may otherwise proceed as allowed by Utah Code Ann. §§ 17B-1-417(7) and 59-2-305.5.

9. That this Joint Resolution has been placed on the agenda of meetings of the District Board of Trustees and the City Council and this action is taken in compliance with the Utah Open and Public Meetings Act.

10. That this Joint Resolution shall take effect upon its approval and adoption by the later of the legislative bodies to act on this Resolution, but the annexation shall not be complete until the Lieutenant Governor issues a Certificate of Boundary Adjustment as provided in paragraph 3 above and the District may not assess a property tax against the Affected Area until the recordings referenced in paragraph 8 above have been completed.

Adopted, approved and passed by the Board of Trustees of the North Davis Fire District and by the City Council of West Point City on the dates set forth below.

CITY COUNCIL STAFF REPORT

Subject: Amendments to Commercial, Manufacturing and Professional Office Landscaping Standards
Author: Bryn MacDonald
Department: Community Development
Date: December 16, 2025

Background

On August 19, 2025, the City Council adopted landscaping amendments for residential development to comply with Weber Basin Water Conservancy District's water-efficiency requirements. Weber Basin requires cities to reduce turf and incorporate water-efficient irrigation standards into their development codes in order to become eligible for conservation programs. These requirements include limiting turf coverage, eliminating turf in narrow or nonfunctional landscape areas, and requiring the use of drip irrigation.

While the residential standards were updated to comply with these requirements, the commercial landscaping section was inadvertently overlooked. A redlined update to the code has been prepared and is attached for City Council consideration.

Process

Amendments to Title 17 Land Use and Development Code are legislative actions. In legislative matters, the Planning Commission and City Council have broad discretion, provided it can be demonstrated that their action will promote or protect the overall welfare of the community. Any amendments to the code require a public hearing and recommendation from the Planning Commission, before a final decision is adopted by the City Council. The Planning Commission held a public hearing on November 13, 2025, and recommended approval of the commercial landscaping amendments. There were no citizen comments made during the public hearing.

The City Council must now have a public hearing and can approve, deny, or modify the text amendment.

Analysis

Two sections of the West Point City Code require updates so that commercial and professional office developments follow the same turf-limitation standards that were recently applied to residential landscaping. These amendments ensure consistency throughout the development code and bring the remaining commercial sections into compliance with Weber Basin Water Conservancy District's water-efficiency requirements.

Section 17.60.140(C)(5), titled "Landscaping Standards," is part of the commercial regulations chapter of the code and applies to the Limited Commercial (L-C), Neighborhood Commercial (N-C), Community Commercial (C-C), and Regional Commercial (R-C) zoning districts. Subsection (a) contains the landscaping standards for commercial and manufacturing developments.

The current code states:

“The developer shall landscape not less than 15 percent of the site including all required front, side and rear yards. Reuse and conversion of existing dwellings shall require that existing front yard landscaping be maintained, and all parking occurs to the rear or side of the home. The developer must provide an acceptable method of watering all plant materials, in accordance with an approved landscape plan. Such landscaping shall use plant materials appropriate for this area and emphasize trees and other larger ornamental plants.”

The proposed amendment adds the following sentence to the end of the paragraph:

“A maximum of fifteen percent (15%) of the landscaped area for a new commercial or manufacturing development may be in turf grass, except additional turf grass may be used if placed in areas intended for active outdoor recreation.”

A similar change is also proposed for the Professional Office (P-O) zone. Section 17.60.130(C)(6) currently states:

“All areas of lots in the P-O zone not approved for parking, building, or other hard surface shall be landscaped and properly maintained with grass, deciduous and evergreen trees, and other plant material in conjunction with a site plan or plat for the development. A minimum of one tree per 400 square feet, or part thereof, of required landscaped yard area is required in the P-O zone in addition to other trees required in this section.”

The following sentence will be added to the end of that paragraph:

“A maximum of fifteen percent (15%) of the landscaped area for a new development may be in turf grass, except additional turf grass may be used if placed in areas intended for active outdoor recreation.”

This change establishes a turf limitation within commercial developments and clarifies that turf is only allowed when part of a functional recreation area. The intent of the amendment is to bring commercial landscaping requirements into alignment with the Weber Basin Water Conservancy District’s water-efficiency standards and with the residential landscaping changes adopted on August 19, 2025.

Recommendation

This item is on for public hearing and decision. The Council can approve, deny, or modify the request.

The Planning Commission recommend approval of the proposed amendments to West Point City Code Sections 17.60.140(C)(5)(a) and 17.60.130(C)(6), which apply turf-limitation standards to commercial, manufacturing and professional office developments

ORDINANCE NO. 12-16-2025D

**AN ORDINANCE AMENDING WEST POINT CITY CODE
SECTIONS 17.60.130 AND 17.60.140 REGARDING
COMMERCIAL AND OFFICE LANDSCAPING
REQUIREMENTS**

WHEREAS, the West Point City Council for and on behalf of West Point City, State of Utah (hereinafter referred to as the “City”) desires to amend section 17.60 regarding Commercial and Office Landscaping Standards; and

WHEREAS, a public hearing was duly held and the interested parties were given an opportunity to be heard; and

WHEREAS, the City Council has duly considered said amendments; and,

WHEREAS, the City Council, after due consideration of said amendments, has concluded that it is in the best interest of the City and the inhabitants thereof that said amendments be adopted;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF WEST POINT CITY, UTAH as follows:

SECTION ONE: ADOPTION OF NEW PROVISIONS

Section 17.60.140 Limited Commercial (L-C), Neighborhood Commercial (N-C), Community Commercial (C-C), and Regional Commercial (R-C) Landscaping Requirements and Section 17.60.130 Professional Office (P-O) landscaping requirements of the West Point City Code are adopted to read as contained in Exhibit A, attached hereto and incorporated by this reference.

SECTION TWO: ORDINANCES TO CONFORM WITH AMENDMENTS

The West Point City Director of Community Development is hereby authorized and directed to make all necessary changes to the West Point City Code to bring the text into conformity with the changes adopted by this Ordinance.

SECTION THREE: SEVERABILITY

In the event that any provision of this Ordinance is declared invalid for any reason, the remaining provisions shall remain in effect.

SECTION FOUR: EFFECTIVE DATE

This Ordinance shall take effect immediately upon passage and adoption and publication of a summary as required by law.

CITY COUNCIL STAFF REPORT

Subject: Dahlia Estates Easement – West Davis Highway
Author: Boyd Davis
Department: Engineering
Meeting Date: December 16, 2025

Background

As part of the West Davis Highway (WDH) project, UDOT will be relocating the Hooper Irrigation Canal moving it to the west into Cold Springs Road. UDOT has been purchasing easements for the new location of the canal and one of the easements crosses the landscape buffer along Cold Springs Road within the Dahlia Estates Subdivision. The landscape buffer is owned by the Dahlia Estates Home Owner's Association and they have granted the easement. The City must also grant approval because the landscape buffer is a requirement of our code and the City has zoning authority over the property. Although the City is not granting the easement, UDOT is asking that the City approve and sign a "Notice of Approval of Local Government" acknowledging the City's consent for the HOA to grant the easement.

Analysis

The relocation of the Hooper Irrigation Canal will cross two separate landscape buffers and one remainder parcel that is also owned by the HOA. These are designated as Parcel's C, E, & F on the plat of the Dahlia Estates Subdivision as shown below.

As stated above, the parcels are owned by the Home Owner's Association (HOA) that will be granting the easement, but the City must also give consent because the City has a zoning code that requires these parcels to be used solely for a landscape buffer that meets the standards established by the City. Parcel E will also require the City's consent because it was designated as open space owned by the HOA.

Parcels C & F are landscaped and have established trees. Parcel is a remainder parcel and has not been improved. After the installation of the irrigation pipeline, the landscape improvements will be restored, with exception of any trees that are located directly above the pipeline. The landscape buffers will continue to be maintained by the HOA as required in the code.

Recommendation

Staff recommends the Council approve the “Notices of Approval of Local Government” by resolution.

RESOLUTION NO. 12-16-2025D

**A RESOLUTION APPROVING A
NOTICE OF APPROVAL OF LOCAL GOVERNMENT FOR
TWO EASEMENTS FOR THE RELOCATION OF THE
HOOPER IRRIGATION CANAL**

WHEREAS, the Utah Department of Transportation (UDOT) is preparing to construct the West Davis Highway which runs through West Point City (City); and

WHEREAS, UDOT will relocate the Hooper Irrigation Canal Pipeline as part of the highway project; and

WHEREAS, the Hooper Irrigation Canal pipeline will cross three parcels along Cold Springs Road that are owned by the Dahlia Estates Home Owner's Association (HOA) and said HOA is willing to grant an easement for the pipeline; and

WHEREAS, the City has established rules and regulations for the use of said parcels and must give consent for the grant of the easements; and

WHEREAS, a Notice of Approval of Local Government document has been prepared for each parcel and must be signed and accepted by the City.

NOW, THEREFORE, BE IT RESOLVED, FOUND AND ORDERED, by the City Council of West Point City as follows:

1. The City Council hereby approves the Notice of Approval of Local Government for parcel C, which is attached hereto and incorporated by this reference.
2. The City Council hereby approves the Notice of Approval of Local Government for parcel E, which is attached hereto and incorporated by this reference.
3. The City Council hereby approves the Notice of Approval of Local Government for parcel F, which is attached hereto and incorporated by this reference.
4. The Mayor is hereby authorized to sign and execute said documents.

PASSED AND ADOPTED this 16th Day of December, 2025.

CITY COUNCIL STAFF REPORT

Subject: BOR Agreement – West Davis Highway
Author: Boyd Davis
Department: Engineering
Meeting Date: December 16, 2025

Background

As part of the West Davis Highway (WDH) project, UDOT will be relocating portions of the Emigrant Trail and installing other improvements within property owned by the U.S. Bureau of Reclamation (BOR). Some of those improvements will be owned and maintained by the City. A license agreement is required to install the improvements within the BOR property, which has been prepared and is ready for review by the City Council.

Analysis

The attached document shows the location of the property and a list of improvements that will be installed. If approved, this agreement will allow the City to use the property for the stated purposes and grants access to the property for maintenance activities.

UDOT will pay for the installation of the improvements and will then turn them over to the City for ongoing maintenance.

Recommendation

Staff recommends the Council approve the License Agreement by resolution.

UNITED STATES
DEPARTMENT OF THE INTERIOR
BUREAU OF RECLAMATION
WEBER BASIN PROJECT
LAYTON CANAL

LICENSE AGREEMENT
BETWEEN THE
UNITED STATES OF AMERICA
AND
WEST POINT CITY

THIS LICENSE AGREEMENT, made effective upon date of signature by the Authorized Officer of the Bureau of Reclamation (the “Effective Date”), in pursuance of the Act of Congress of June 17, 1902 (32 Stat. 388), and acts amendatory thereof or supplementary thereto, particularly the Reclamation Project Act of 1939 (53 Stat. 1187), between the UNITED STATES OF AMERICA, acting by and through the Bureau of Reclamation, Department of the Interior, hereinafter referred to as the “United States,” represented by the officer executing this agreement, hereinafter referred to as the Contracting Officer, and the WEST POINT CITY, hereinafter referred to as the “Licensee,”

WITNESSETH THAT:

WHEREAS, the Licensee proposes to utilize, at its sole cost and expense, a portion of United States lands acquired for the Layton Canal as part of the Weber Basin Project, that portion hereinafter referred to as Project lands. For work that will facilitate the construction of the West Davis Corridor, also known as Phase 2 of HWY SR-177; and

WHEREAS, the granting of a License Agreement to utilize a portion of Project lands in the manner and at the location hereinafter described will not be incompatible with Project purposes; and

WHEREAS, this request is directly related to the Utah Department of Transportation (UDOT) West Davis Corridor (WDC) project, UDOT S-R199(381). Said project is to provide improved access to western Davis County and to alleviate traffic congestion along the Wasatch front within Davis County; and

NOW, THEREFORE, in consideration of the mutual agreements and covenants herein contained, the United States, to the extent of its interest in the Project Land, hereby grants to the Licensee, upon the terms hereinafter provided, a license for the following purposes and in the location described below:

1. PROJECT DETAILS:

- A. PURPOSE: Licensee to construct, operate, and maintain an irrigation pipeline, drainage ditch(s), a catch basin, storm drain piping, relocation of the Emigrant Trail, and a yield sign, along the West Davis Corridor (SR-193 to 1800 N). These highway appurtenances to be installed within USA Bureau of Reclamation property owned in fee-title to contain the Layton Canal.

Drawings show the encroachment of the 54-inch HDPE Layton Canal at approximate pipeline Station 0+00 to 15+00, near 625 South 3525 West in West Point, Utah. (See Exhibit "B"). The encroachments approximate to the referenced station are as follows:

- UDOT_SR177PH2_01.01- 1.5" PVC irrigation mainline (104') pipe to be placed within a 4" PVC sleeve/conduit under trail.
- UDOT_SR177PH2_01.02- Emigrant Trail relocation (2,640 sq-ft)
- UDOT_SR177PH2_01.03- Ditch (100')
- UDOT_SR177PH2_01.04- Catch basin.
- UDOT_SR177PH2_01.05- 30-ft of 24-inch RCP drainage pipe (30')
- UDOT_SR177PH2_01.06- SR-193 trail connector (6,000 sq-ft) (Connector to SR-193)
- UDOT_SR177PH2_01.07- 23-ft of 12" RCP conduit (23') and (2) end sections
- UDOT_SR177PH2_01.08- Ditch (175')
- UDOT_SR177PH2_01.09- Yield Sign. (Spike Tubular Socket Base)

Clearance for all encroachments shown in drawings as more than 48-inches. If conditions change, the minimum clearance will be no less than 18-inches.

- B. TERM: 50 years from the date hereof, and may be renewable for an additional 50 years.

- C. location: The pipeline is protected by being in fee title property acquired for the Layton Canal and is described by Tract 145:TQ (UDOT) and Tract LC-72 (Fisher), also know as Davis County Parcel 12-039-0062, the location of which is in the NE 1/4 of the SW 1/4 of Section 5, Township 4 North, Range 2 West, Salt Lake Base and Meridian.

- D. Plans, Drawings, and Maps: (Attached hereto and made a part hereof):
EXHIBITS A and B.

- E. Land Status: Fee Title.

2. The federal agency is the Department of Interior, Bureau of Reclamation, represented by the officer executing this Agreement, his duly appointed successor, or his duly authorized representative

3. The United States guidelines for agreeing to such encroachment upon the Project Lands and Easement of the United States are:

- a. The Licensee or their contractor must notify the Weber Basin Water Conservancy District

(the “District”) no less than 48-hours in advance of the above-mentioned work so a District inspector may be present to monitor activities.

- b. Any operation and maintenance work done by the Licensee or its assignees pertaining to this crossing inside the property must be approved by the District in advance to coordinate necessary protection measures of the Layton Canal.
- c. The allowable period of construction to be at the sole discretion of the District. In no case, shall the duration of construction be permitted to hinder or impede operation or maintenance of the facility to be encroached.
- d. The District will extend professional courtesy to protect in place these encroachments. However, these licensed encroachments shall not increase the District’s cost to operate and maintain the encroached Bureau of Reclamation (BOR) facilities. It shall also be understood that if the District, within reason, needs to remove any of the improvements herein licensed in order to effectively operate or maintain (including repairing or replacing) any of the encroached BOR facilities, the District will only be responsible for replacement and repair of the subgrade materials. The Licensee will be responsible for replacing their licensed encroachments at no cost to the District.
- e. The Licensee, of their contractor must meet Reclamation’s Standard Protection Criteria and follow Bureau of Reclamation’s “Engineering and O&M Guidelines for Crossings”, a copy of which will be provided upon request or maybe acquired from Reclamation’s Web site at:
<https://www.usbr.gov/pn/snakeriver/landuse/authorized/crossings.pdfShoring>

4. WORK SATISFACTORY. The Licensee shall perform all work under this License Agreement in accordance with the plans, drawings, and maps attached hereto and in a manner satisfactory to the United States and the District.

5. RIGHTS RESERVED. This License Agreement and all rights hereunder shall be held by the Licensee at all times subject to the rights of the United States. United States jurisdiction and supervision over the concerned lands are not surrendered or subordinated by issuance of this License Agreement. The United States reserves the right to issue additional licenses, rights-of-way, or permits for compatible uses of the lands involved in this License Agreement; provided, however, any such license, right-of-way, or permit shall be conditioned on such licensee, grantee, or permittee paying the Licensee’s expenses to relocate its facilities as may be required for such compatible use. There is also reserved the right of the United States, its officers, agents, employees, licensees, and permittees, at all proper times and places to have free ingress to, passage over, and egress from all of said lands for the purpose of exercising, enforcing, and protecting the rights reserved herein

6. HOLD HARMLESS.
a. In consideration of the United States agreeing to encroachment upon the Land Interests of the United States by the Licensee, the Licensee hereby agrees to indemnify and

hold the United States and WBWCD, their officers, agents, employees, and assigns harmless from any and all claims whatsoever for personal injuries or damages to property when such injuries or damages directly or indirectly arise out of the Licensee's work concerning the construction, maintenance, repair, use or the presence of the Project upon the Land Interests of the United States; provided, however, that nothing in this Project Agreement will be construed as releasing the United States from responsibility for its own negligence. Nothing herein will be deemed to increase the liability of the United States beyond the provisions of the Federal Tort Claims Act, Act of June 25, 1948, 62 Stat. 989 (28 U.S.C. §1346(b), 2671 et seq.) or other applicable law. Nothing in this Project Agreement will be construed as a waiver by the Licensee of the provisions of the Governmental Immunity Act of Utah (Utah Code Ann. §§ 63G-7-101 et seq.). The Licensee's obligation to indemnify will be limited to the negligence claims allowed by the Federal Tort Claims Act. The indemnification in this subparagraph will survive the expiration or termination of this Agreement.

b. In consideration of the United States agreeing to the Licensee encroaching upon the Land Interests of the United States, the Licensee agrees that the United States and WBWCD will not be responsible for any damage caused to the Project or related facilities of the Licensee, unless such damage is caused by the negligence of the United States or by its contractors, officers, agents, employees or assigns as determined under the provisions of the Federal Tort Claims Act. The Licensee hereby releases the United States and WBWCD, their officers, employees, agents, and assigns from liability for any and all loss or damage of every description or kind whatsoever which may result to the Licensee from the construction, operation, and maintenance of the Project upon Land Interests of the United States; provided that nothing in this Project Agreement will be construed as releasing the United States from liability for its own negligence as determined under the provisions of the Federal Tort Claims Act. The indemnification in this subparagraph will survive the expiration or termination of this Agreement.

7. RELEASE FROM LIABILITY. The Licensee hereby releases the United States, the District, and their officers, employees, agents, or assigns, from liability for any and all loss or damage of every description or kind whatsoever, which may result to the Licensee from the construction, operation, and maintenance of Project works upon said lands, provided that nothing in this License Agreement shall be construed as releasing the United States and the District from liability for their own negligence. Nothing herein shall be deemed to increase the liability of the United States beyond the provisions of the Federal Tort Claims Act, Act of June 25, 1948, 62 Stat. 989 (28U.S.C. § 1346 (b), 2671 et seq.) or other applicable law.

8. INTERFERENCE PROHIBITED. The Licensee shall use, occupy, and maintain said facilities with due care to avoid damage to Project Land or works or any interference in any way with the operation and maintenance of the same.

9. ASSIGNMENT OR TRANSFER. This License Agreement shall not be assigned or transferred by the Licensee without the prior written consent of the United States.

10. TERMINATION OF AGREEMENT: REVOCATION/TERMINATION: This Agreement may be revoked by the United States upon thirty (30) days written notice to the Licensee: (a) For nonuse of the project lands by Licensee for a period of two (2) continuous years;

or, (b) The United States determines that the Licensee's use of the land is no longer compatible with project purpose; or, (c) After failure of the Licensee to observe any of the conditions of this Agreement and on the tenth day following service of written notification on the Licensee of the termination because of failure to observe such conditions; or, (d) At the sole discretion of the United States.

11. SUCCESSORS IN INTEREST OBLIGATED. This License Agreement shall inure to the benefit of and be binding upon the successors and assigns of the parties hereto.

12. NO WARRANTY. The United States makes no warranty, expressed or implied, as to the extent or validity of the grant contained herein.

13. OFFICIALS NOT TO BENEFIT. No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this License Agreement or to any benefit that may arise here from, but this restriction shall not be construed to extend to this License Agreement if made with a corporation or company for its general benefit.

14. ENVIRONMENTAL COMPLIANCE. The Licensees agree to abide by all applicable Federal, State, and local laws and regulations pertaining to pollution control and environmental protection.

15. LANDSCAPE PRESERVATION AND NATURAL BEAUTY.

a. The Licensee shall exercise care to preserve the natural landscape and shall conduct its construction operations so as to prevent any unnecessary destruction, scarring, or defacing of the natural surroundings in the vicinity of the work. Except where clearing is required for permanent works, all trees, native shrubbery, and vegetation shall be preserved and shall be protected from damage which may be caused by the Licensee's construction operations and equipment. Movement of crews and equipment within the area described in Article 1.d hereof and over routes provided for access to the work shall be performed in a manner to prevent damage to grazing land, crops, or property.

b. Upon completion of the work, the construction site shall be smoothed and graded in a manner to conform to the natural topography of the landscape and shall be repaired, replanted, reseeded, or otherwise restored as directed by the Contracting Officer at the Licensee's expense.

16. EXTRAORDINARY MAINTENANCE OR REPAIR COSTS. The Licensee agrees that if the construction, reconstruction, maintenance, or repair of any or all Project structures and facilities located on such lands should be made more expensive by reason of the existence of improvements or works of the Licensee thereon, the Licensee will pay to the United States, the District, or their agents or assigns responsible for Project operation and maintenance, the full amount of such additional expense within 90 days of receipt of an itemized bill therefore.

17. SPECIAL PROVISIONS

a. The Licensee will coordinate all future construction, operation and maintenance activities with the United States and its agents and assigns before

work begins so that an Inspector may be present to coordinate protection measures for the Canal.

b. These licensed encroachments shall not increase the United States' and its agents and assigns cost to operate and maintain Project lands or facilities therein.

c. If the United States for itself and its agents and assigns need to remove any of the improvements herein licensed in order to effectively operate or maintain (including repairing or replacing) any of the encroached Project facilities, the Licensee will be responsible for replacing its licensed encroachments at the Licensee's own cost.

d. While within the Project lands the Licensee or their contractor shall follow the Reclamation's "Engineering and O&M Guidelines for Crossings".

Standard Special Provisions

e. Prior to the expiration of the term of this License Agreement, and upon application in writing by the Licensee and approval by the United States and the District, this License Agreement may be renewed for such period as the parties hereto may agree upon. If so renewed, the consideration to be paid for renewal will be determined by reappraisal by the United States. Furthermore, the renewed License Agreement will be subject to the regulations existing at the time of renewal and such other terms and conditions as may be deemed necessary by the United States and the District to protect the public interest or its projects.

f. The installation of the crossings shall take place as agreed upon in this agreement. The Licensee shall notify the United States at (801) 379-1000 and the District at (801) 771-1677 five (5) days in advance of its intent to commence any construction operations associated with rights herein granted.

g. Existing gravity drainage of the rights-of-way of the United States must be maintained. No new concentration of surface or subsurface drainage may be directed onto or under the United States rights-of-way without adequate provision for removal of drainage water or adequate protection of the United States rights-of-way.

h. During construction, operation, and maintenance, the Licensee shall be particularly alert to take all reasonable and necessary precautions to protect and preserve historic or prehistoric ruins and artifacts on or adjacent to the lands herein described. Should sites, ruins, or artifacts be discovered during these operations, the Licensee will immediately suspend work involving the area in question and advise the United States of suspected values. The Licensee shall promptly have the area inspected to determine significance of values and to consult with the United States on appropriate actions to follow (recovery, etc., and resumption of work). Cost of any recovery work shall be borne by the Licensee. The Licensee shall provide the United States with a copy of any cultural resources survey reports concerning sites located on the lands described herein and shall develop a mitigation plan acceptable to the Utah State Historic Preservation Officer (SHPO)

for those significant sites subject to an adverse impact. All objects of antiquity recovered from public lands are the property of the United States and shall be turned over to the Bureau of Reclamation. The Licensee is responsible for obtaining required Utah SHPO clearance for any additional survey and report completed.

i. Prior to construction of any structure that encroaches within the rights-of-way of the United States, an excavation must be made to determine the location of existing United States facilities. The excavation must be made by or in the presence of the District or the United States.

j. Any contractor or individual constructing improvements in, on, or along the rights-of-way of the United States must limit his construction to the encroachment structure previously approved and construct the improvements strictly in accordance with approved plans or specifications.

k. All United States land areas where soils and surface materials are disturbed through actions incident to construction, operation and maintenance shall be restored to their natural state insofar as practical by water barring, scarifying, leveling and reseeded, or by other practices as prescribed by the United States and to its satisfaction.

l. The Licensee shall restore any damaged or disturbed improvements such as fences, roads, watering facilities, etc., encountered during construction, maintenance, and operation. Functional use of these improvements must be maintained at all times.

m. Within sixty (60) days after conclusion of construction operations, all construction materials and related litter and debris, including vegetative cover accumulated through land clearing, shall be disposed of in an appropriate manner (State of Utah approved sanitary landfill).

n. The owner of newly constructed facilities that encroach on the rights-of-way of the United States shall notify the United States upon completion of construction and shall provide the United States with two copies of as-built drawings of actual improvements in, on, or along the rights-of-way.

o. Except in case of ordinary maintenance and emergency repairs, an owner of encroaching facilities shall give the District at least 10 days notice in writing before entering upon the rights-of-way of the United States for the purpose of reconstructing, repairing, or removing the encroaching pipeline or performing any work on or in connection with the operation of the encroaching pipeline.

p. If unusual conditions are proposed for the encroaching pipeline or unusual field conditions within the rights-of-way of the United States are encountered, the United States reserves the right to impose more stringent criteria than those prescribed herein.

q. All backfill material within the rights-of-way of the United States shall be compacted to 95 percent of maximum density unless otherwise shown.

Mechanical compaction shall not be allowed within 6 inches of Project works whenever possible. In no case will mechanical compaction using heavy equipment be allowed over Project works or within 18 inches horizontally of Project works.

r. The backfilling of any excavation or around any structure within the rights-of-way of the United States shall be compacted in layers not exceeding 6 inches thick to the following requirements: (1) cohesive soils to 90 percent maximum density specified by ASTM Part 19, D-698, method A; (2) noncohesive soils to 70 percent relative density specified by ANSI/ASTM Part 19, d-2049, par. 7.1.2, wet method.

s. Any nonmetallic encroaching pipeline below ground level shall be accompanied with warning tape with a metallic strip. Metal pipe shall also be accompanied with warning tape. All tape shall be located 12 inches above the pipeline and extend throughout all right-of-way.

t. No use of United States land or right-of-way shall be permitted that involves the storage of hazardous material.

u. Utility pipe crossing of Reclamation pipelines must be approved on an individual basis. Metal pipes which do not have a dielectric coating will require a polyethylene plastic wrap for corrosion protection of Reclamation pipeline by induced current from utility crossings.

IN WITNESS WHEREOF, the parties hereto have caused this License Agreement to be executed the day and year first above written.

CITY COUNCIL STAFF REPORT

Subject: Warranty – Harvest Fields Phases 8
Author: Boyd Davis
Department: Engineering
Meeting Date: December 16, 2025

Background

The Harvest Fields Subdivision is located at 1200 S 4500 W. Phase 8 was placed on warranty on November 19, 2024 and has completed the required one-year warranty period. The developer is requesting that it be removed from warranty.

Analysis

An inspection of the improvements in the subdivision was done in anticipation of the end of the warranty period. A punch list of items that needed to be repaired/replaced before the end of the warranty period was given to the developer. All the items listed on the punch list have been completed.

Recommendation

Staff recommends that the Harvest Fields Phase 8 be removed from warranty

CITY COUNCIL STAFF REPORT

Subject: Warranty – Craythorn Homestead 6
Author: Boyd Davis
Department: Engineering
Meeting Date: December 16, 2025

Background

The Craythorn Homestead Subdivision Phase 6 is located at 4250 W SR-193. The developer has completed all the required improvements, with exception of the sidewalk and slurry seal, and is now asking that the subdivision be placed on a one-year warranty.

Analysis

The subdivision has been inspected to ensure all the required improvements have been completed and are in good condition prior to beginning the warranty period. The subdivision will be placed on a one-year warranty as required by the State Code. The required guarantee amount will be retained in escrow for the duration of the warranty period.

Recommendation

It is recommended that the City Council place the Craythorn Homestead Subdivision Phase 6 on a one-year warranty.

1. Quarterly Financial Report – Mr. Ryan Harvey

Mr. Harvey presented the Fourth Quarter Financial Report for FY25. He stated that overall revenues exceeded projections and expenditures remained below budget across nearly all City funds. He displayed updated graphs illustrating these trends and explained that, as of June 30, the fiscal year was 100% complete, making this a full-year snapshot of both revenue and spending patterns. He noted that departments within the General Fund had all come in under budget and that no audit findings were anticipated relating to budget compliance. Some enterprise funds, such as Storm Water and Water, appeared significantly below expenditure projections; however, this was attributed primarily to the timing of capital projects rather than reduced operational activity. Mr. Harvey concluded that the numbers were unaudited but stable and that staff was beginning formal audit preparations.

The Council expressed appreciation for the report and asked no further questions.

2. Discussion Regarding the Joint Use Agreement for the Horizon Jr. High Recreation Facilities – Mr. Kyle Laws

Mr. Laws provided an overview of the Interlocal Agreement with the Davis School District for shared use of recreation facilities at the newly opened Horizon Junior High. He explained that the school began classes the previous day, although the recreation areas, including the gym and office space, were not yet complete due to construction resources being redirected to prepare academic spaces for the start of school.

Mr. Laws described the agreement as the product of over a year of detailed negotiations, during which both the City and the District made compromises. He stated he felt comfortable with the final version and believed the City obtained nearly all provisions it sought. He outlined the major components of the agreement, including shared use of the gymnasium, interior courts, elevated running track, fitness area, and dance studio, as well as six outdoor pickleball courts and two outdoor basketball courts. The City will have exclusive use of office space and certain storage spaces within the building.

Scheduling was a significant component of the agreement. During school days, the District will hold priority use from 7:00 AM to 5:00 PM, and the City will assume control from 5:30 PM to midnight. Weekends and non-school days will be City-use periods, with summers designated primarily for City programs. Mr. Laws addressed questions regarding early morning access for public use of the indoor track. He explained that the agreement does not currently guarantee public access prior to school hours and that the District anticipates some of its own early-morning use for athletics or cheer practices. Additional operational decisions will need to be coordinated later with the principal and District personnel.

Council Member Swenson, speaking from her experience in education, noted that junior high schools often use their gyms as early as 6:00 AM. Council members also asked about responsibility for damage, camera coverage, snow removal on holidays, rentals to outside users, and lighting on the outdoor courts. Mr. Laws clarified that if damage occurs during a party's scheduled use, that party is responsible, and unclear damage would be cost-shared. He also explained that the City would likely hire school custodians directly to perform custodial work during City hours, similar to current practice at West Point Junior High. He reiterated that the outdoor courts fall under the same scheduling arrangement and that certain issues, such as early morning access and activation timers for court lighting, would require further coordination. No concerns were raised regarding moving the agreement forward for approval during the General Session.

3. Discussion Regarding UDOT Agreements for the West Davis Highway – Mr. Boyd Davis

Mr. Davis introduced UDOT representatives Corey Nelson and Jenny Goff, who provided an update on the West Davis Highway project. UDOT reported that design work was approximately ninety percent complete and that the project was scheduled for advertisement in December, with construction beginning in the spring. Substantial completion is anticipated in late 2027, though prior public projections referenced 2028.

They reviewed the planned interchange at SR-193, including landscaping enhancements and the new West Point monument sign approved by the Council. Visual renderings were shown, and the City expressed support. The UDOT team also described the new Park & Ride planned for 1800 North and the trail extensions, including two pedestrian bridges—one over 193 and another near 200 South—that will connect to City facilities and future parks.

Mr. Davis then summarized the six separate agreements the Council will be asked to approve. These include agreements for the Park & Ride, the highway-side trail system, utility adjustments, lighting responsibilities beneath the new overpasses, drainage and stormwater connections, and landscaping within UDOT right-of-way. He explained that the City will assume long-term maintenance responsibilities for the Park & Ride, the new trail segments, and the pedestrian bridges. The lighting agreement requires the City to maintain and pay for power to the lighting under the overpasses at 193, 300 North, 800 North, and 1300 North. Drainage provisions allow UDOT to discharge stormwater into the City's system only at locations where sufficient capacity exists, specifically at 300 North and 1300 North. The City's master landscaping agreement with UDOT continues to apply, making the City responsible for landscaping installed in UDOT right-of-way.

Council Members asked questions regarding snow removal on the pedestrian bridges, ADA pathway requirements, access timing for Park & Ride connections, the possibility of lighting the monument sign, and responsibility for future maintenance. UDOT representatives responded to each question, and Mr. Davis noted that additional details regarding drainage would be brought back at the next meeting. He stated the intent was to return with a single resolution adopting all six agreements. No objections were raised to proceeding under that plan.

4. Discussion Regarding the Appraisal for Property for the 300 N Road Project – Mr. Boyd Davis

Mr. Davis reviewed the property appraisal results associated with the reconstruction of 300 North from Smith's to 4000 West. Traffic analysis recommended adding westbound right-turn lanes at both 2300 West and 4000 West, requiring the purchase of narrow frontage segments from four parcels at the 2300 West intersection. All four property owners are agreeable to selling. Two of the appraisals exceed the City Manager's purchasing authority and require Council approval.

The first parcel discussed was the Nixon property on the southeast corner. The total appraised value for the required acquisition is \$37,800. Mr. Davis explained that only about \$12,000 of this amount reflects the land being purchased; the remainder is classified as proximity damages due to the reduced side yard, which will become legally nonconforming under City setback standards. Mr. Davis confirmed that a separate agreement addressing the nonconformity would be required.

He then reviewed the appraisal for the Stoddard property, which totals \$39,600. The land value is approximately \$2,000, while the majority of the amount reflects replacement value of the brick wall that will be disturbed by the project. Mr. Davis noted that the owners may choose whether to rebuild the wall; the appraisal simply assigns compensation for its value.

The other two parcels involved in this phase are under \$5,000 and do not require Council action. All compensation will be funded through the project's grant allocation. Mr. Davis relayed the advice of the acquisition consultant, who encouraged purchasing all feasible properties immediately rather than delaying, as costs increase over time and funding is currently available. Council members asked questions regarding setbacks, the process for negotiation, and how the appraisals were calculated. Mr. Davis confirmed that any negotiations must comply with federal acquisition standards, which allow little deviation from appraised values. The resolutions authorizing purchase would be considered later in the General Session.

5. Discussion Regarding Amendments to Winter Parking Date Restrictions – Mrs. Bryn MacDonald

Mrs. MacDonald presented a proposed amendment to the City's winter parking dates. She explained that current code prohibits on-street parking from November 1 through the last day of February. Staff recommends moving the start date to November 15 to reflect actual snow patterns and to align with numerous requests from residents. She emphasized that the end date would remain unchanged.

Several council members acknowledged that early November snowfall is rare and expressed support for the proposed change. Mrs. MacDonald stated the ordinance amendment would return for formal consideration at the next meeting.

6. Other Items

No other items were discussed.

The Administrative Session adjourned.

Council Member Chatterton – None

Mayor Vincent – Echoed Council Member Judd’s comments, extending thoughts and prayers to the families and officers involved. He noted that the tragedy hit close to home due to his family ties in Box Elder County and expressed appreciation for the community’s compassion

5. **Communications from Staff**

Mr. Laws reported that he had spoken that day with the Tremonton City Manager, who conveyed gratitude for the regional outreach in response to the tragic shooting of two officers in their city and described the public support as “miraculous and powerful.”

Mr. Laws then announced that the City’s **9/11 Day of Service** would be held on September 6 at 8:00 AM at Loy Blake Park, where larger trees would be planted this year; residents were asked to bring shovels and gloves. He also introduced plans for a new Fall Festival on October 11, which will replace the traditional Halloween Carnival at the junior high. The expanded event will include carnival games, a car show functioning as a trunk-or-treat, vendor booths coordinated by the Farmers Market organizers, and an Arts Council edible “spooky house” competition. Final event times were still being coordinated and will be publicized soon.

6. Citizen Comment

Davis County Commissioner John Crofts thanked the City for the invitation and expressed appreciation for West Point’s partnership with the County. He announced the grand opening events for the Western Sports Park in Farmington, with a ribbon cutting on September 16 and a public opening on September 17. He encouraged residents to visit DiscoverDavis.com for County event information.

7. Presentation By JustServe Designating West Point City as a “JustServe City”

Representatives from JustServe presented a plaque recognizing West Point City as the newest “JustServe City.” The presenters thanked the Council and staff for their collaboration and expressed enthusiasm for ongoing service partnerships. The Mayor returned appreciation for their organization’s support of volunteer engagement and accessibility of service opportunities.

8. Recognition of the 2025 Party at the Point Art Contest Winners – Mayor Vincent

Mayor Vincent introduced the winners of the 2025 Party at the Point Art Contest. He congratulated Bobby Mattcare, winner of the Elementary Division, noting his painting and inviting him forward for recognition. He also presented the Junior High Division winner, Gracie Still (not present), and displayed her work titled Freedom’s Glow. The High School/Adult Division winner, Paul Twitchell, was recognized for his piece titled Better Times. The Mayor explained that the winning artwork would be displayed near the main entrance of City Hall.

9. Swearing-In of the 2025-2026 West Point City Youth Council – Mayor Vincent

Mayor Vincent conducted the swearing-in ceremony for the new Youth Council, praising their dedication and the service they contribute to the community. Advisors Jim Spangler and Shari Byers were recognized for their leadership.

10. Presentation by Davis & Weber Counties Canal Company RE: Proposed Rate Increase – Rick Smith, DWCC

DWCC General Manager Rick Smith and consultant Fred Philpot with Lewis young (joining electronically) presented information regarding a proposed 5–10% water rate increase for certain lot sizes within the DWCC service area. They reviewed the history of rate analysis completed in 2022, changes in capital project costs, updated demand variables, and the effects of additional grant funding.

They explained that the increase affects primarily lots between ¼ acre and 1.25 acres, representing about 30% of West Point connections, with other lot categories seeing no change. They also reviewed requirements under HB 242 mandating secondary water metering by December 31, 2029, and upcoming state-mandated tiered water rates beginning in 2030. The presenters demonstrated the customer portal now being beta-tested, which will allow residents to monitor hourly water usage.

Council Members asked questions regarding the elimination of Layton City from the DWCC service area, the distribution of overhead costs, projected long-term impacts to West Point ratepayers, and the visibility of metered usage. The presenters provided clarifications on each point. No action was required from the Council at this time. A resolution and updated fee schedule will be presented to the Council for approval in a future meeting.

11. Consideration of Approval of the Minutes from the June 3rd, 2025 City Council Meeting

Council Member Chatterton requested a correction to clarify that the referenced rezone location in the draft minutes lies north of SR-193. With that amendment, the Council approved the minutes.

Council Member Chatterton motioned to approve the minutes

Council Member Lee seconded the motion

In Favor: All

Opposed: None

The Council unanimously agreed

12. Consideration Approval of Resolution No. 08-19-2025A, Approving an Interlocal Agreement with the Davis School District for Joint Use of Horizon Jr. High Recreation Facilities – Mr. Kyle Laws

Mr. Laws summarized the proposed agreements, as discussed earlier in tonight's Administrative Session. Highlights from the agreement include shared-use schedules, facility access, maintenance responsibilities, and the four-to-six-week delay in completion of the recreation office space. He also highlighted clarifying provisions in the agreement regarding early-morning use of indoor areas and shared pickleball court scheduling.

The Council discussed the proposed agreement and had no further concerns. They expressed appreciation to the Davis School District and look forward to being able to utilize the gym for recreation programs.

Council Member Lee motioned to approve Resolution No. 08-19-2025A

Council Member Judd seconded the motion

In Favor: All

Opposed: None

The Council unanimously agreed

13. Consideration of Approval of a Contract with Gardner Engineering for the Design of the 4000 W Storm Drain Line – Mr. Boyd Davis

Mr. Davis Described the opportunity to partner with UDOT to expedite construction of a major storm drain line along the West Davis Highway corridor. UDOT committed to contributing \$500,000 and providing needed right-of-way. He reviewed the service area of the proposed line, its connection to the Clinton Drain, and the availability of storm drain impact fee funds to complete the project. Gardner Engineering has submitted a bid of \$68,500 to design the project.

Staff recommended approval of the design contract. The Council had no further discussion.

Council Member Chatterton motioned to approve the contract with Gardner Engineering for \$68,500

Council Member Swenson seconded the motion

In Favor: All

Opposed: None

The Council unanimously agreed

14. Consideration of Resolution No. 08-19-2025B, Accepting Property Appraisals for the 300 N Road Project – Mr. Boyd Davis

Mr. Davis reviewed the appraisals for parcels at 2300 West and 300 North needed for the addition of a westbound right-turn lane. He summarized the appraised values:

- Parcel 6 (Nixon): \$37,800
- Parcel 9 (Stockard): \$39,600

These appraisals reflect both land value and proximity damages. The resolution authorizes staff to extend purchase offers at the appraised amounts and for the Mayor to approve the contracts.

The Council has discussed this item in previous meetings and had no significant concerns.

Council Member Judd motioned to approve Resolution No. 08-19-2025B

Council Member Chatterton seconded the motion

In Favor: All

Opposed: None

The Council unanimously agreed

15. Consideration of Ordinance No. 08-19-2025A, Approving the “Allen Subdivision & Adjoining Properties” Annexation Petition – Mr. Kyle Laws

Mr. Laws provided a summary of the annexation petition for approximately 19 acres known as “Pig Corner” in the area of 1800 N and 5000 W. He reviewed statutory compliance with the annexation process, and that the petition had been certified by the City Recorder and no protest were filed during the 30-day protest period. certification, the protest period (during which no protests were filed), and the zoning designation (A-5) under which the property would be zoned upon annexation. Two of the three property owners (representing 16.895 acres) have signed the Petition in favor of the annexation.

The applicant’s representative, Hunter Murray, explained that although the third property owner did not originally sign the petition when it was submitted, is now under contract with the developer and supportive of including their property in future subdivision plans.

Mayor Vincent opened the item for public hearing.

16. Consideration of Ordinance No. 08-19-2025B, Amending WPCC Section 17.70.040 Regarding Landscaping Requirements – Mrs. Bryn MacDonald

Mrs. MacDonald reviewed the proposed amendments to the City's landscaping ordinance, explaining that the changes were driven primarily by new requirements and conservation standards requested by Weber Basin Water Conservancy District, including their direction that cities reduce turf in residential front and side yards. She summarized the ordinance updates, stating that new single-family homes would be limited to 35% turf grass coverage in the front and side yard areas. She reminded the Council that these changes had been discussed at length in prior meetings and work sessions and had already received a recommendation of approval from the Planning Commission. She also demonstrated examples of what a 35% turf allowance looks like and outlined the existing code requirements for the remaining non-turf landscape areas, which still must contain living plant material such as shrubs and trees rather than simply rock or bare areas. She further noted that new landscape areas less than eight feet in width—including most park strips—must use drip irrigation only, with no overhead spray permitted.

Following the presentation, the Mayor asked whether there were any questions or comments before opening the public hearing. No Council questions were raised at that moment, and the Mayor proceeded to open the hearing.

Mayor Vincent opened the item for public hearing.

b. Action

During the Council's discussion, Council Member Jerry Chatterton voiced concern about the impacts and the pressure the City is being put under to adopt these new standards. He stated that he *"felt like we're having this shoved down our throats from Weber Basin"* and expressed discomfort with what he viewed as an externally imposed restriction on homeowners. He explained that if he were moving into a new home, he would not appreciate being told that only 35% of his front and side yards could be grass, emphasizing that the requirement *"rubbed [him] wrong."* His comments reflected concern about maintaining homeowner choice and about adopting changes that may feel heavy-handed or overly prescriptive to residents. No other Council Members voiced opposition, although some briefly acknowledged Weber Basin's growing influence on municipal landscaping standards, and the discussion concluded.
